CHAIRMAN'S MESSAGE

Consistent, strong and stable leadership across the Board and executive management team, with a focus on sustained delivery of financial performance and strategic priorities, was a hallmark of the 2016 financial year.

It was another year of earnings growth, improved performance and continuing to position the company for future growth.

This robust approach to 'more of the same' ensured ongoing momentum in the business while, more broadly, solid progress on projects at each of our properties was intrinsically aligned to the vision of becoming Australia's leading integrated resort company. We are capitalising on the opportunities presented us, by nature of great locations in Sydney, Brisbane and Gold Coast for our tourism assets, and macro conditions that point to existing rates of inbound visitation, particularly from China, continuing long-term.

Turning to the financial performance for the year, statutory net profit after tax (NPAT) for the Group was \$194.4 million. This was up 14.9% on the prior year and represents a 33% compound annual growth rate over the last three years. Normalised NPAT for the 2016 financial year was \$241.3 million, up 23.4%.

Statutory earnings before interest, tax, depreciation and amortisation (EBITDA) increased 7.5% on the prior year to \$488.8 million and normalised EBITDA was up 14.1% to \$556.2 million (applying the normalised win rate of 1.35%), with margins increasing as a result of good expense management.

The Star Sydney continued to be a strong performer for the Group, with good volume growth across all lines of business continuing to validate the company's strategic priority to invest in its properties.

This included the International VIP Rebate business, which experienced a 7% increase in turnover compared with the 2015 financial year and a five-year compound average growth rate of 23.4%.

Across the Group, these results were achieved as transformational projects, either underway or planned at each of the three properties, continued to progress during the 2016 financial year.

In July 2015, the Queensland Government selected The Star Entertainment Group, along with our Destination Brisbane Consortium partners, Hong Kong-based Chow Tai Fook Enterprises Limited and Far East Consortium International Limited, to redevelop the Queen's Wharf precinct.

We were pleased to then achieve contractual close with the Queensland Government in November 2015. Detailed planning is now progressing on this landmark partnership with the Queensland Government.

Development of Queen's Wharf Brisbane is a critically important strategic step for the Group, securing our long-term position in the Brisbane market and demonstrating our commitment to Queensland and tourism, both domestically and internationally.

We are also developing further opportunities with Chow Tai Fook Enterprises Limited and Far East Consortium International Limited. Together with our partners, we are well advanced in securing additional joint venture investment opportunities to expand and improve the value proposition of our properties in Sydney and the Gold Coast.

This underlines the strength and depth of the relationship, where leveraging our respective capabilities has created a compelling corporate triumvirate.

In Sydney, new hotel and tower expansion plans were announced. The proposal, involving a further partnership investment of up to \$500 million at The Star Sydney, is in the planning and development approval stage.

This is in addition to the previously announced \$500 million of upgrades and refurbishments to be undertaken by The Star Sydney.

At the Gold Coast, a master plan for the property was announced in May 2016. The first stage is a \$400 million hotel and apartment tower, funded by The Star Entertainment Group, Chow Tai Fook Enterprises Limited and Far East Consortium International Limited, which is in the planning and development approval stage.

The magnitude of these projects is underpinned by ongoing growth in the business, long-term tourism forecasts and our desire to deliver world-class integrated resorts with authentic local spirit.

At the outset of the 2016 financial year, Matt Bekier suggested 'Tourism can be the next mining boom', referring to the economic impact advantages on offer if Australia leverages the tourism opportunity.

Having the potential to be a key driver and sustainable economic pillar for decades to come, there is also a nation-building element to tourism – investment in infrastructure, supporting growth and creating jobs. The Star Entertainment Group is proud to contribute to that outcome.

We operate in competitive markets and in a highly-competitive industry. We must offer world-class tourism and entertainment destinations with wide-ranging offerings, provide a commitment to excellence in guest service, support the communities in which we operate and involve ourselves in the events that matter to them.

There is also an imperative to continue delivering benefit to shareholders. The Board has declared a final dividend of 7.5 cents per share (fully franked), taking total dividends for the year to 13.0 cents per share (fully franked), up 18% on the 2015 financial year and

reflecting a payout ratio of 55% of statutory NPAT. The strategy of investing in our integrated resorts continues to improve shareholder returns.

To further optimise the property investments and align to our commitment to guests and shareholders, the company changed its name during the 2016 financial year – from Echo Entertainment Group Limited to The Star Entertainment Group Limited – and moved to the implementation stage of a new single brand architecture. New branding is in place at a corporate level and at The Star Sydney property. During the 2017 financial year, the reinvigorated Jupiters property will become The Star Gold Coast.

On behalf of the Board, I would like to again thank Matt Bekier, his executive team and all team members across our properties. Their hard work, drive and enthusiasm is reflected in the strength of the Group's results.

Also, I want to extend my gratitude to all our shareholders for their ongoing support. The Board and management of The Star Entertainment Group continue to be focused on maintaining momentum and efficiency in the business operations while progressing delivery of strategic priorities – including the significant pipeline of capital projects with our development partners – for the benefit of shareholders.

John O'Neill AO
CHAIRMAN

CEO'S MESSAGE

Echo Entertainment Group was renamed The Star Entertainment Group during the 2016 financial year, over which time the Group delivered a further year of solid earnings growth.

This change of corporate identity will in time lead to a rebranding of all of our properties under The Star banner and goes hand in hand with the articulation of our vision – to become Australia's leading integrated resort company. To achieve this vision, we will work tirelessly over the coming years to continue delivering shareholder value, improve our customer service, develop our properties, energise our staff and help improve our communities.

OPERATING PERFORMANCE

The 2016 financial year was a good year for the company. We grew revenue in every gaming segment of our business. Actual gross revenue across the Group grew 4.4% to \$2,358 million, with The Star Sydney growing by 7.5% and the Queensland properties declining by 2.2% for the year. The Queensland result was impacted by disruptions caused by major capital investment projects throughout the year. Normalised gross revenue grew 6.0% to \$2,431 million, with 8.6% growth at The Star Sydney and a small decline of 0.2% at our Queensland properties for the year.

Domestic gaming revenues grew 6.8% to \$1,515 million across the Group in the 2016 financial year, with a good spread across tables and electronic gaming. We attribute the continued growth to incremental improvements in our customer service, solid macro-economic conditions in our markets and continued enhancements to our loyalty program and marketing strategies. The impact of these efforts was moderated by the disruption caused to operations from construction activities at our properties in Sydney and the Gold Coast.

Non-gaming cash revenue of \$240 million was down 0.4% for the year. This result was impacted again by refurbishment activities which reduced hotel room capacity significantly during the year. The continued growth in the popularity of our loyalty program also reduced cash takings as more customers took advantage of the discounts available to members of this program.

The International VIP Rebate business recorded good growth in the 2016 financial year, with a record \$49.5 billion in turnover for the year. Actual revenue was up 1.3% to \$596 million for the year (up 7.2% to \$670 million on a normalised basis). We are pleased with the performance of our team as this growth was achieved despite challenging global market conditions and without compromising our tight credit risk management and collections processes.

Operating expenses for the 2016 financial year of \$961 million were up 4.2% on last year, driven primarily by the increase in domestic and International VIP Rebate business volumes across the year, and increased investments in loyalty and marketing. This represents a good result and allowed us to increase operating margins on last year while absorbing an increased gaming tax rate in NSW.

The Star continues to receive wide-ranging recognition for the way we run our businesses. The Star Sydney received 26 awards during the 2016 financial year spanning restaurants, bars, The Star Event Centre and hotels. David Chang's Momofuku Seiōbo was awarded Two Chef's

Hats in the coveted The Sydney Morning Herald Good Food Guide, Three Goblets in the Gourmet Traveller Restaurant awards, Three Glasses in the Gourmet Traveller Restaurant Guide 2015, and was also included in the Australian Financial Review's list of Top 100 restaurants for 2016. Even more impressively, in August 2016, Momofuku Seiōbo was crowned Australia's premier restaurant by Gourmet Traveller. Pleasingly, Sydneysiders and tourists alike are giving The Star Sydney's diverse restaurant, nightlife, five-star accommodation and entertainment venue offerings increased consideration.

The redevelopment and expansion of Jupiters Hotel & Casino continued, with the opening of Garden Kitchen & Bar, four Executive Floors and Private Gaming Salons during the 2016 financial year. Construction commenced on the Gold Coast's first six-star accommodation offering, while the refurbishment of the property's almost 600 existing hotel rooms is expected to be completed during the first half of the 2016 financial year. Further testament to Jupiters' transformation success was the receipt of several awards during the 2016 financial year. One Hat restaurant Kiyomi received the title of Australia's Best New Restaurant and Best Prestige Restaurant Queensland for its cutting-edge Japanese cuisine. Garden Kitchen & Bar was celebrated for its stylish design and announced as one of only seven venues in the Australia and Pacific region to be shortlisted for the International Restaurant & Bar Design Awards.

TEAM AND COMMUNITY

The Star Entertainment Group supports the communities in which we operate and we participate in the events that matter to the cities where our properties are located. This aligns with a business promise to deliver, through our integrated resorts, experiences with authentic local spirit. Our participation also reflects the desire of our people to

be involved in their local communities. We take pride in our responsibility to guests, and also our team members, to foster a safe, diverse and enjoyable workplace environment.

The Star Entertainment Group provides widespread support to events and organisations. In the 2016 financial year, this was demonstrated through the contribution of more than \$10 million to partnerships, charities and community groups. During the year, our partners included Sydney Festival, Sydney Chinese New Year Festival, Sydney Swans, Australian Turf Club, Gold Coast Airport Marathon, the Jupiters Pan Pacific Masters Games, Blues on Broadbeach, Brisbane Festival and the Asia Pacific Screen Awards.

Specific initiatives in Queensland included further contributions to our pledge of \$3 million over three years to Ronald McDonald House South-East Queensland; the forging of official partnerships with the Queensland Rugby League and the Maroons State of Origin team; and a significant ongoing commitment to our Official Partnership of the Gold Coast 2018 Commonwealth Games. Importantly, and proudly, we also extended our partnership with Surf Life Saving Queensland into its third decade and celebrated 14 years of consecutive support to Cerebral Palsy League Queensland.

In Sydney, an official partnership with the NSW Rugby League and the Blues State of Origin team stood alongside new three-year \$1.5 million partnerships with Barnardos Australia, Chris O'Brien Lifehouse and Taronga Conservation Society Australia.

One of our other key priorities is to develop our people, providing opportunity and pathways for our almost 9,000 team members. In support of this, we developed and launched numerous initiatives and programs throughout the 2016 financial year, including the 'Star Quality' guest service excellence program that will reach all

team members this year. The Queensland Hotel & Hospitality School (a partnership with TAFE Queensland) delivered its first tailored training program, the 'International Hospitality Service Program'. The 'Women in MBA' program, which supports female employees as they study for their Masters of Business Administration at the Macquarie Graduate School of Management was expanded in the 2016 financial year. Currently, five female team members in leadership positions are enrolled in the program.

The Star Entertainment Group is also committed to environmentally sustainable practices, including waste and energy reduction. In the 2016 financial year, The Star Entertainment Group was a finalist in the category of Excellence in Waste and Recycling, in the NSW Government's Green Globe Awards. The Star Entertainment Group was also a finalist in the Best Environmental Practices category for Metropolitan Hotels at the NSW Tourism Accommodation Australia awards.

CAPITAL EXPENDITURE AND PRIORITIES

The Star Entertainment Group incurred capital expenditure of \$306 million, related largely to investments and refurbishment at Jupiters Gold Coast and The Star Sydney. In the 2016 financial year, capital expenditure increased 35.4%, or \$80 million, on the 2015 financial year, and will increase further in the 2017 financial year to a range between \$375 million and \$425 million, excluding an expected \$120 million in capital expenditure or payments to the Queensland Government in relation to Queen's Wharf. These amounts relate to:

- Demolition and associated works expected to commence at Queen's Wharf Brisbane in the second half of the 2017 financial year
- Continued expansion and redevelopment of The Star Sydney and Jupiters Gold Coast.

We are focussed on managing the disruption from capital investment works across gaming and non-gaming businesses as works continue in Sydney and at the Gold Coast throughout the 2017 financial year.

The Star Entertainment Group has the following five priorities for the 2017 financial year:

- Continue to improve earnings across the Group
- Deliver on the capital program for the Jupiters Gold Coast property expansion and redevelopment
- Continue execution of the master plan strategy at The Star Sydney
- Work with the Queensland Government and our consortium partners to progress the Queen's Wharf Brisbane project
- Continue to evolve the brand and loyalty program.

In light of these priorities, The Star Entertainment Group has made key appointments across the business to ensure we have the capability to deliver on both operational and project delivery priorities.

I would like to extend my sincere gratitude to the Board, management team and all team members for their commitment and contributions during a productive and successful 2016 financial year. The achievements of the Group over the last year would not have been possible without their support.

Most importantly, I also want to thank the more than 20 million guests who chose to visit our properties last year. They create the reason and justification for our existence. I look forward to an exciting and challenging 2017 financial year in which we seek to further develop and improve our offerings for all customers.

GROUP PERFORMANCE

The Star Entertainment Group continued to deliver good results and enhance shareholder value while progressing on strategic priorities throughout the 2016 financial year.

THE STAR SYDNEY

The Star achieved considerable success in the 2016 financial year, continuing the momentum from the prior year. Our guests continue to show appreciation for past investments at The Star, with increased visitation and spend helping to deliver normalised earnings growth of 17.4% to \$381.8 million EBITDA.

The Star is one of Sydney's most awarded entertainment and tourism destinations and welcomes approximately 11 million guests per year. In the 2016 financial year, The Star was the recipient of 26 awards. Momofuku Seiōbo and Sokyo were again named when the Australian Financial Review published its list of Australia's Top Restaurants for 2016. The Star Event Centre received four awards throughout the year including 'Specialty Event Venue of the Year' at the prestigious Meetings and Events Australia Awards for the second consecutive year. The Star was also proud to be nominated for 15 awards in NSW at the 2016 Tourism Accommodation Australia Awards for Excellence.

The new look for The Star brand was launched in March 2016, featuring a suite of new imagery and a new logo to reflect its refreshed market positioning, attitude and personality. The Star brand is reflected under three key brand pillars: Thrilling Experiences, Accessible Luxury and Local Spirit.

In February 2016, The Star launched the newly renovated Harvest Buffet restaurant, featuring five food stations that offer a selection of international cuisines for breakfast, lunch and dinner, seven days a week. In the 2016 financial year, The Star continued to invest in sporting, event and cultural partnerships that fulfil our brand promise to provide our guests with thrilling experiences that reflect the Sydney local spirit.

The Star's operating performance for the 2016 financial year was pleasing, with both domestic and International VIP Rebate businesses contributing to actual gross revenue growth to \$1.66 billion, a 7.5% improvement on the previous year (or up 8.6% on a normalised basis). EBITDA increased 13.0% to \$302.4 million for the year (or up 17.4% on a normalised basis).

Domestic table games business revenue grew 9.1% for the year. Revenue from the slots business increased 8.3% for the year, with The Star increasing its market share.

The International VIP Rebate business delivered a record \$47.4 billion turnover during the year, a 10.2% increase on the 2015 financial year. Revenue from non-gaming businesses improved 3.2% on the prior year.

Operating expenses at The Star were up 7.4% to \$619.2 million for the 2016 financial year, driven primarily by increased domestic and International VIP Rebate business volumes at the property, as well as investments in the marketing and loyalty program.

The Group will continue its focus on investing at The Star as part of its strategic priorities for the 2017 financial year. This includes continued progress on the \$500 million capital investment to further enhance the offering at The Star, as well as seeking approvals for a proposed \$500 million hotel and residential tower in partnership with our Destination Brisbane Consortium partners, Chow Tai Fook Enterprises Limited and Far East Consortium International Limited. The Star Entertainment Group plans to work with The Ritz-Carlton in branding the hotel component of the proposed tower.

QUEENSLAND PROPERTIES

The Group's Queensland properties delivered a good performance over the 2016 financial year, with continuing growth at Treasury Brisbane balancing the disruption caused by significant investment for the transformation of Jupiters Hotel & Casino.

Our Queensland properties collectively received 24 awards in the 2016 financial year. Highlights included Treasury Brisbane's restaurants Fat Noodle, The Lab Restaurant and Bar, and Kitchen at Treasury receiving award nominations in the 2016 Restaurant & Catering Awards. Kiyomi at the Gold Coast received 'Best Prestige Restaurant' at the Queensland Hotels Association Awards for Excellence and 'Australia's Best New Restaurant' at the 2015 Savour Australia Restaurant & Catering National Awards for Excellence.

Actual gross revenue for the Queensland properties declined 2.2% to \$700.9 million compared to the 2015 financial year (a 0.2% fall on a normalised basis). Overall, EBITDA of \$186.4 million declined 0.3% on an actual basis, but was up 7.5% on a normalised basis compared to the 2015 financial year.

The table games segment of the business was the strongest performer across the domestic segments, continuing its momentum from the prior year, with revenue growth of 5.2%. The Queensland slots business experienced revenue growth of 2.4% for the 2016 financial year.

Non-gaming business declined 5.2% for the year. The primary factor impacting non-gaming performance was disruption from expansion and redevelopment works at Jupiters Hotel & Casino.

Cost management at the Queensland properties remained good, with operating expenses declining 1.2% to \$341.8 million.

The Group's Queensland properties achieved significant milestones over the course of the 2016 financial year.

In November 2015, The Star Entertainment Group (as part of the Destination Brisbane Consortium) entered into development agreements with the Queensland Government for the delivery of the Queen's Wharf Brisbane project.

Upgrades of food and beverage offerings were undertaken at both Queensland properties during the 2016 financial year.

At Treasury Brisbane, The Lab Restaurant and Bar reopened in January 2016 with a refreshed brand and vision.

At Jupiters Hotel & Casino, multiple projects were executed as part of the expansion and redevelopment program encompassing both gaming and non-gaming offerings.

The Group continued to demonstrate its substantial long-term commitment to South East Queensland during the 2016 financial year.

In February 2016, the Group announced a proposed \$500 million hotel and residential apartment tower at the Gold Coast, to be developed in partnership with its Destination Brisbane Consortium partners, Chow Tai Fook Enterprises Limited and Far East Consortium International Limited. This is a part of a master plan concept for the Gold Coast with the potential for further long-term growth.

KEY PROJECTS

JUPITERS HOTEL & CASINO GOLD COAST

A transformational redevelopment and expansion of Jupiters Hotel & Casino is well underway with an existing hotel refurbishment, construction of a new six-star all-suite hotel, and gaming, food and beverage expansions progressing.

Exterior view of Garden Kitchen & Bar which opened in January 2016. The restaurant gained world recognition winning a place on the shortlist for the prestigious International Restaurant & Bar Design Awards 2016.

The redevelopment and expansion of the Jupiters Hotel & Casino has seen the following works already delivered:

- A luxury new poolside experience
- New dining and bar experiences with the arrival of Cucina Vivo, Kiyomi and Garden Kitchen & Bar
- Refurbishment of the Penthouses, Suites and Executive Deluxe Rooms
- An exterior refresh of the existing hotel and a rejuvenated events lawn.

With these projects now fully delivered, the next phase of the redevelopment and expansion is advancing. Between now and the Gold Coast 2018 Commonwealth Games the following works are scheduled to be completed:

- The new 17 storey six-star all-suite tower
- A refreshed property arrival experience and external lighting upgrades

- Refurbishment of the existing Superior Hotel Rooms and Hotel Lobby
- Re-energising and expanding the gaming facilities
- Expansion of the food and beverage offering with additional new restaurants and bars.

As part of its commitment to the Gold Coast, The Star Entertainment Group has also unveiled a master plan concept for Jupiters Hotel & Casino to provide future potential development opportunities.

The first phase of the master plan concept includes a new proposed 200 metre, 700-room hotel and residential tower, with proposed construction to commence in 2017 subject to obtaining all necessary approvals. This opportunity has the potential to take the current \$345 million redevelopment at Jupiters to a mega-investment of up to \$850 million.

The Star Entertainment Group is currently working with the City of Gold Coast Council and the Queensland Government on necessary approvals for the proposed new tower.

The broader master plan concept includes potential options for up to five hotel and/or residential towers, a world class recreational deck with water features, tropical gardens, pools and spa facilities, and new entertainment offerings.

The Star Entertainment Group’s sustainability program made a significant advancement in late 2016 with the development of a new five-year Sustainability Strategy. ‘Our Bright Future’ is our new framework for sustainability at The Star Entertainment Group.

The Star Entertainment Group’s view of sustainability is broad and focuses on building business capacity and delivering continuous improvement in the management of environmental, social and governance issues.

Our new Sustainability Strategy groups objectives and our future targets in a four pillar framework that supports The Star Entertainment Group’s business plan. Our four sustainability strategic objectives are: we strive to be Australia’s leading integrated resort company; we build and operate world class properties; we actively support guest wellbeing; and we attract, develop and retain talented teams.

The Sustainability Strategy is underpinned by a structured materiality assessment process that was conducted over a three month period to identify potential material environmental, social and governance issues relevant to our business and industry. Through structured workshops, research, and stakeholder consultation, identified sustainability issues were then rated based on their importance to The Star Entertainment Group and its stakeholders. All material issues identified as important to The Star Entertainment Group and its stakeholders will be addressed in the Sustainability Strategy, with progress on the strategy reported to the Board’s People, Culture and Social Responsibility Committee as we pursue implementation.

The Star Entertainment Group is proud to be ranked the global leader of the casino and gaming industry in the latest annual assessment for the Dow Jones Sustainability Index. Maximum scores were achieved in the areas of “Anti-Crime Policy & Measures” and “Promoting Responsible Gaming”.

WORLD CLASS PROPERTIES

The Star Entertainment Group develops and operates world class, liveable, environmentally sustainable and resilient integrated resorts and precincts.

MANAGING OUR RESOURCES

With an active development and refurbishment project pipeline at our three integrated resort properties, The Star Entertainment Group continuously assesses resource use and undertakes projects to retrofit and improve plant and operational controls. It is foreseeable that resource consumption will increase as development plans proceed, additional floor space is utilised and more guests visit our properties. However, our 'Sustainable Design Guidelines' are applied in our development and refurbishment projects to guide energy and water efficiency and waste management outcomes and we have committed to benchmarking the impact of construction projects on our resource use.

The Star Entertainment Group reports resource consumption usage on an absolute basis and as an intensity metric of consumption per visitor. Energy audits conducted in 2015 have enabled a pipeline of projects over a three-year period to be implemented, prioritised in order of their expected return on investment and resource savings.

The Star Entertainment Group as parent company of The Star Sydney was proud to be nominated as a finalist in the NSW Green Globe Awards in the category of Excellence in Waste and Recycling. The awards recognise organisations who have demonstrated exceptional environmental and sustainability leadership in NSW.

ENERGY AND CARBON EMISSIONS

The Star Entertainment Group's total emissions in carbon dioxide equivalents (CO₂-e) from gas and electricity for the 2016 financial year were 104,829 tonnes. This footprint equates to a decrease of 0.3% from 2015. Carbon emissions have remained stable from 2014 over a three year horizon.

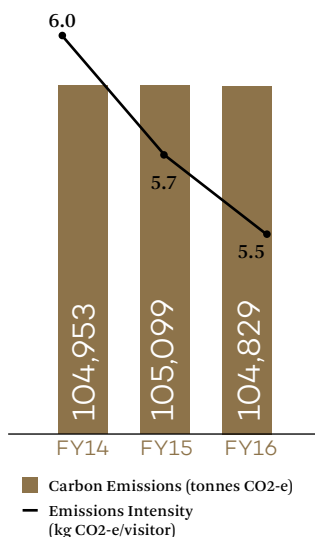

The Star Entertainment Group's total energy consumption from gas and electricity for the 2016 financial year was 612,878 gigajoules (GJ) which was a 2.2% increase from the 2015 financial year.

On an intensity basis, The Star Entertainment Group's carbon emissions and energy consumption per visitor has decreased consistently each year achieving our target of a 5% reduction in carbon emissions and energy reduction against a 2013 baseline.

In the 2015 financial year, energy audits were conducted which assessed over 90% of energy consumption sources. In the 2016 financial year, 12 energy efficiency projects have been implemented, taking the total number of projects implemented to 22 over the last two financial years. The 12 energy efficiency projects have delivered 1,690 tonnes of carbon savings and approximately \$600,000 in cost savings per annum.

The projects contributing to the highest energy saving include an upgrade to the airside plant and chiller controls (nearing completion), and the replacement of fan coil units and pumps at The Star Sydney.

WATER MANAGEMENT

In the 2016 financial year, The Star Entertainment Group's water consumption increased by 9.0% from the previous financial year and by 23.7% from 2014. The increase is attributed to increased potable water demand as a result of reduced recycled water volumes being made available for on-site use at Jupiters Hotel & Casino and an increase in visitation at all properties.

The installation of water saving devices across The Star Entertainment Group's properties resulted in savings of approximately 52,282 kL to offset increasing water usage. Commencement of the hotel room upgrade at Jupiters Hotel & Casino has led to 22,000 kL of additional water savings that has assisted in offsetting a reduction in grey water through the recycled water plant in the 2016 financial year.

Water consumption on an intensity basis has increased across a three-year horizon and remains a strong focus for the group in the 2017 financial year.

IMPROVING RECYCLING AND WASTE DIVERSION

The Star Entertainment Group has focused strongly on waste reduction and recycling programs since 2013 and the recycling rate has increased significantly over the last three years from 20% to 33%, exceeding our waste reduction target of 10% by 2016 (based on 2013 levels).

The Star Sydney has achieved a recycling rate of 41% in 2016 across all operations, up from 8% in 2013. Success is attributed to the implementation of The Star Entertainment Group's Waste Strategy which includes the following initiatives:

- The rollout of new dual recycling bins for guest use at The Star Sydney
- Dedicated Waste Strategy Groups at each property, focusing on waste minimisation and expanding recycling streams
- New signage and bin systems
- Trialing new recycling initiatives, including collecting oyster shells for OceanWatch to assist local marine projects, and supporting Fungimental which diverts coffee grounds from landfill for use in growing gourmet mushrooms in Sydney
- Recycled used soaps from hotel rooms with Soap Aid to generate over 9,900 bars of new soap for distribution to disadvantaged communities.

SUSTAINABLE PROCUREMENT

As part of its supply chain management, The Star Entertainment Group has a Sustainable Procurement Policy in place to ensure all suppliers comply with standards to reduce the demand on natural resources, reduce carbon emissions, and consider ethical, environmental, social and sustainability impacts.

The Star Entertainment Group seeks to encourage suppliers to innovate by making sustainable decisions when procuring goods and services. As a result of working closely with suppliers in 2016, we have achieved the following:

- Expanded the product range and increased the use of biodegradable and plant based packaging in food outlets across our properties by 21%
- By working closely with our cooking oil supplier, our new oil management program resulted in saving over 50,000 litres of used cooking oil annually, and delivered business savings of \$190,000 in the program's first year
- Herb gardens are being actively managed at each property by chefs, to utilise fresh produce and encourage the sourcing of local and more sustainable food options where possible.

SUSTAINABLE DESIGN IN ACTION

Jupiters Hotel & Casino refurbished penthouse designed by Steelman Partners, with the vision delivered by highly respected South-East Queensland architectural practice ML Design.

JUPITERS HOTEL & CASINO

The Star Entertainment Group is committed to future-proofing property developments to achieve more sustainable and resource efficient outcomes. To achieve these outcomes, our 'Sustainable Design Guidelines' are applied in the design and tender processes providing best practice standards and specifications under a range of categories, including energy, water, waste and materials.

Sustainable design has been applied to the refurbishment of the existing hotel offering at Jupiters Hotel & Casino as part of the \$345 million transformation being undertaken at the property. Jupiters Hotel & Casino is currently refurbishing 600 hotel and suite rooms. Prior to the

project commencing, a detailed energy audit was conducted and identified significant opportunity to improve room lighting and controls, bathroom fittings and fixtures, HVAC (heating, ventilation, air-conditioning), and shading to reduce solar gain.

Applying the 'Sustainable Design Guidelines' and findings from the energy audit has led to energy savings of approximately 1,334 MWh and 22,000 kL of water per annum. The design elements for the hotel and suite rooms include:

- 35W halogen downlights are replaced with 10W LED lights
- Upgrading room controls and in-room technology with C4 Suite control system that enables the room to go into a sleep mode to conserve energy

- Bathroom taps and shower heads are now 5 star WELS rated
- In-room lamps and mirror lighting are replaced with LED lighting
- Toilets are 4 star WELS rated, saving over 5,200 kL of water per annum.

The refurbishment of the hotel and suite rooms is estimated to generate approximately \$280,000 per year in energy and water savings as a result of the sustainable design features.

LEADING COMPANY

The Star Entertainment Group is an ethical corporate citizen that supports the communities in which it operates and has a focus on guest wellbeing.

TRUSTED COMMUNITY PARTNERS

Partnerships with charities, community groups and sporting organisations extend The Star Entertainment Group's commitment to responsible corporate citizenship beyond the provision of safe and compliant entertainment venues. Fostering local spirit, by supporting events that resonate with relevant cities and regions, is aligned to The Star Entertainment Group's objective of being an engaged and valued community participant.

During the 2016 financial year, The Star Entertainment Group continued to build on its formal partnerships and community outreach projects with a number of fresh initiatives, including new charity partnerships for The Star Sydney.

The Star Entertainment Group continues to be proud of its long-term involvement with Surf Life Saving Queensland through Jupiters Hotel & Casino (a partnership which is now into its third decade), and its relationship with Cerebral Palsy League Queensland through its Treasury Casino & Hotel property (a partnership now extending over 14 years).

Each property is also involved in hosting and supporting charities via in-kind contributions, including the provision of event space and staff.

THE STAR SYDNEY

The Star has relationships with a variety of different charities and is an active contributor to the wider community.

During the 2016 financial year, The Star announced formal partnerships with the following:

- **Barnardos Australia:** As a Principal Partner, The Star will donate \$1.5 million to Barnardos over three years, providing ongoing support for its services to disadvantaged families
- **Taronga Conservation Society Australia:** The Star has entered into a three-year partnership with Taronga Conservation Society, becoming a Principal Partner of Taronga Zoo Sydney. The partnership will see The Star donate \$1.5 million over three years to support vital wildlife conservation programs, as well as key fundraising and volunteer initiatives
- **Chris O'Brien Lifehouse:** As a Premier Partner of Chris O'Brien Lifehouse, The Star has committed \$1.5 million over three years.

The Star continued to be involved in a variety of event and sporting partnerships including:

- **Official Partner of the NSW Rugby League and the Official Home of the NSW Blues:** A highlight was the announcement of the NSW Blues State of Origin squad at The Star

- **Leadership Partner of Sydney Chinese New Year Festival:** The Star offered Asian themed dining in The Star's Fortune Mahjong Garden. Team members also participated in Dragon Boat racing, paddling to first place in the Sponsor's race
- **Major Sponsor of Christmas in Pyrmont:** An annual community event supporting local charities including Pyrmont Cares
- **Foundation Partner and Official Entertainment Partner of Australian Turf Club.**

JUPITERS HOTEL & CASINO

Jupiters encourages team members to contribute to the local community and it also maintains long-term relationships with key charity partners in Queensland.

In the last financial year, Jupiters continued its support of Surf Life Saving Queensland and donated beach shade marquees to all Gold Coast Surf Clubs.

Jupiters is also proud to continue its relationship with the Gold Coast Hospital Foundation, with its support in the 2016 financial year including funding of scholarships to local health professionals who are furthering their professional development. Jupiters also supported local wildlife through its partnership with

Jupiters team members nominated and supported close to 20 local organisations and charities through the 'Open Your Hearts' program and supported more than 75 organisations through in-kind donations totalling close to \$50,000.

Jupiters is also involved in various event and sporting partnerships including:

- First Official Partner of the Gold Coast 2018 Commonwealth Games
- Official Partner of Blues on Broadbeach, an iconic Australian blues festival
- Official Sponsor of Jupiters Pan Pacific Masters Games, which attracted more than 14,000 athletes from 20 countries

- Official Partner of the Queensland Rugby League (QRL) and Home of the Queensland Maroons, in conjunction with Treasury Casino & Hotel.

TREASURY CASINO & HOTEL
Treasury supported a range of charitable and community activities in the 2016 financial year.

Treasury was again the presenting partner for Cerebral Palsy League Queensland's 'Picnic in the Park', contributing \$50,000 towards the event.

In conjunction with Jupiters Hotel & Casino, Treasury supports Ronald McDonald House South East Queensland (RMHSEQ). Treasury was a major sponsor of the Brisbane International tennis tournament

and raised \$83,000 for RMHSEQ through the 'Aces for Hearts' initiative (for every ace served, \$100 was donated to the charity). Treasury team members also created a mini "Ekka" (Royal Queensland Show) for sick children at RMHSEQ who were unable to attend the show. The children were treated to a range of performers and tasty carnival treats.

In recognition of its community partnership and support, Treasury was awarded a prestigious Queensland Hotels Association Awards for Excellence in September 2015, taking out the coveted award for 'Most Outstanding Community Service & Achievement – 100+ Employees'.

Treasury was also involved in event and sporting partnerships including:

- Principal Partner of Brisbane Festival: As part of the Festival, Treasury's façade was transformed through a light and sound show, 'Treasury Lights'
- Presenting Partner of Brisbane Asia Pacific Film Festival (BAPFF) and Asia Pacific Screen Awards (APSA): The awards are Asia Pacific's highest accolade in film, proudly supporting the rich cultural diversity of the region
- National Trust of Queensland's Brisbane Open House: Treasury hosted a Stonework Conservation Workshop that detailed the processes used to conserve and repair the stone facades of the heritage buildings
- Official Partner of the Queensland Rugby League (QRL) and Home of the Queensland Maroons, in conjunction with Jupiters Hotel & Casino.

RESPONSIBLE GAMBLING

The provision of safe, secure and supportive gambling and entertainment environments for our team members and guests is an integral part of the day to day business operations of The Star Entertainment Group. The Star Entertainment Group's responsible gambling initiatives extend beyond the requirements of regulatory compliance and include working with community groups and involvement in research projects. Board oversight of The Star Entertainment Group's responsible gambling program is provided by the People, Culture and Social Responsibility Committee.

The majority of The Star Entertainment Group's patrons gamble for enjoyment and within their financial means. However, some patrons experience problems in controlling their gambling

habits, which has the potential to cause (or to exacerbate) such things as financial hardship, emotional distress, relationship breakdowns, or addictive behaviours.

The Star Entertainment Group has in place a responsible gambling program which is designed to:

- Identify at an early stage those patrons who may be exhibiting signs of having problems in controlling their gambling habits; and
- Support those patrons who have been identified as having gambling problems while they seek counselling or other appropriate treatment.

The objective of the responsible gambling program is to minimise the potential for harm from gambling, and to provide patrons with the means to make informed decisions about managing their gambling behaviours.

Key operational aspects of The Star Entertainment Group's responsible gambling program are:

- Providing patrons with readily accessible information about problem gambling, including symptoms and treatment options
- Working with third party support agencies to provide assistance and information for patrons experiencing problems in controlling their gambling habits
- Providing sensitive and confidential support to patrons seeking to exclude themselves from being able to attend one or more of The Star Entertainment Group's casinos
- Assisting self-excluded patrons to also self-exclude from other gambling venues
- Providing clocks throughout the casinos so that patrons are aware of time spent on gambling activities
- Encouraging patrons to take regular breaks in play
- Preventing intoxicated patrons from participating in gambling activities
- Prohibiting the cashing of cheques to fund gambling activities (other than by prior arrangement)
- Prohibiting betting on credit terms
- Conducting responsible advertising and marketing campaigns in compliance with applicable regulations and industry codes of practice.

The operational aspects of the responsible gambling program are implemented and applied by The Star Entertainment Group's Responsible Gambling Liaison Officers (RGLOs) who are available at each property to provide on-the-floor support to patrons and their relatives.

The following initiatives also support The Star Entertainment Group's commitment to responsible gambling:

- All new team members are introduced to responsible gambling practices as part of their orientation and complete a bi-annual responsible gambling refresher training session
- Our Security and Surveillance staff are trained to prevent minors and those persons who have chosen to exclude (self-ban) from gaining access to gaming areas
- Each property operates under a 'Responsible Gambling Code of Practice' which sets the standards and requirements to be followed for the responsible delivery of gambling products and services.

The Star Entertainment Group's Patron Liaison Managers are members of the National Association for Gambling Studies Inc., which is a non-profit organisation that aims to promote discussion and research into all areas of gambling activity.

In Queensland, one of The Star Entertainment Group's Patron Liaison Managers attends meetings of the Gold Coast Responsible Gambling Network. The meetings are conducted by the Gambling Help service in Queensland and are attended by industry participants and the Queensland Office of Liquor and Gaming Regulation. The Gold Coast Responsible Gambling Network provides a forum to exchange information and views about approaches to responsible gambling and solutions to improve the management of problem gambling.

A percentage of gaming taxes paid by The Star Entertainment Group is directed to community benefit funds in Queensland and New South Wales. In the 2016 financial year, The Star Entertainment Group contributed \$18.8 million to the Responsible Gambling Fund (NSW).

Funds are allocated through the relevant State government to various projects that benefit the community. This includes the provision of grants to community based organisations, the funding of research into gambling behaviours, the provision of specialist counselling services, and other initiatives designed to reduce the effects of problem gambling behaviours on communities. Through its contributions to the Responsible Gambling Fund NSW, The Star Entertainment Group has funded more than 50 gambling research projects since 1995.

The Star Entertainment Group engages BetCare, a dedicated independent counselling service to provide assistance, including crisis intervention (24/7) for distressed patrons. BetCare also assists with gambling assessments for patrons seeking revocation of self-exclusion agreements and provides specialised responsible gambling training to our Responsible Gambling Liaison Officers.

Since 2013, The Star Entertainment Group has conducted responsible gambling awareness weeks in addition to those organised by community support groups.

RESPONSIBLE SERVICE OF ALCOHOL

Each of The Star Entertainment Group's properties in Sydney, the Gold Coast and Brisbane operate in a highly regulated industry in respect of providing responsible service of alcohol (RSA).

Each property has established RSA training policies, procedures and management oversight, including a Responsible Service of Alcohol Committee which is responsible for providing leadership and direction on the issue of RSA and related matters.

At each property, all staff are required to undertake internal training in RSA policies, procedures and applicable legislative requirements before commencing employment. All team members directly involved in the service or supply of alcohol, including those supervising or managing these processes must have current RSA training certification. In both Queensland and New South Wales, additional licensing is also required for staff who work in specific areas within the casinos.

For our guests, RSA awareness is promoted through brochures which are available at the casino entrances.

In addition to strict refusal of entry policies, each property has in place processes for:

- Monitoring that patrons on the premises are not unduly affected by excess consumption of alcohol
- Mandatory reporting of all serious RSA related incidents (to be documented within the approved incident reporting databases and records).

The Star Entertainment Group's properties have also taken the following measures to support responsible service of alcohol:

- The use of toughened or tempered glass for many of the beverages served in the public areas of the Gold Coast and Brisbane casino properties (excluding restaurants)
- The use of tempered (polyware) containers after midnight and the introduction of the practise of decanting glass beer bottles from midnight in all bars at The Star Sydney.

The Star Entertainment Group's properties collectively welcome around 20 million guests per year and deliver a diverse array of offerings including food and beverage, accommodation, theatre, live entertainment and gaming.

Providing a safe and enjoyable environment for all guests and staff is of paramount importance to The Star Entertainment Group.

Subject to a far greater level of oversight and regulation than other licensed operators, The Star Entertainment Group's properties possess industry best-practice security and surveillance operations.

The Star Entertainment Group also works with police and casino regulators to ensure that its properties remain the safest licensed destinations available to local and international guests.

The Star Entertainment Group takes a zero tolerance approach to illegal, undesirable and anti-social behaviour and each of its properties follow strict refusal of entry procedures.

Each property of The Star Entertainment Group is supported by 24 hours-a-day, seven-days-a-week security and surveillance operations, and \$4.5 million has been invested to upgrade the surveillance capabilities at The Star Sydney to a digital system.

In addition, each property operates under established internal controls, standard operating procedures, risk assessments and other policies to deal with and respond to any suspected undesirable conduct.

LEARNING AND DEVELOPMENT

The Star Entertainment Group is committed to developing talent through internal promotion, structured career opportunities and employee engagement. The Star Development Pathway offers a varied program of learning and development opportunities for team members at all stages of their careers. Relevant team members were also provided with the opportunity to train in accredited programs at their property including Certificate III Hospitality, Certificate III Commercial Cookery and Certificate IV Frontline Management, as well as learning programs in management, compliance, guest excellence and role-specific skills.

As part of its learning and development program, The Star Entertainment Group has continued to invest in partnerships with the following external tertiary providers:

- The Queensland Hotel & Hospitality School (a partnership with TAFE Queensland) delivered its first tailored training program, the 'International Hospitality Service Program'. The program is designed to develop food and beverage service skills for work in luxury five and six-star properties. At the end of the three-month course, graduates receive an accredited Certificate III in Hospitality.
- The 'Queensland Tourism Industry Council's Indigenous Employee Network - North Queensland Chapter' was launched. It is part of a wider partnership with the Queensland Tourism Industry Council to create and promote Indigenous job and career opportunities via peer mentoring and relationship building across the local community. The new network, for existing and potential Indigenous employees in Queensland's tourism sector, is designed to support and retain staff in the industry and further strengthen the representation of Indigenous employees.
- The Macquarie Graduate School of Management 'Women in MBA' (Masters of Business Administration) program launched in 2015 with The Star Entertainment Group as a founding partner. Five female team members in leadership positions are enrolled in the program.

DIVERSITY AND INCLUSION

The Star Entertainment Group is committed to diversity and inclusion in the workplace and recognises the unique insights, perspectives and backgrounds of each team member. Our policies, practices and behaviours foster a safe and inclusive workplace and promote equitable and collaborative relationships and talented teams. This is underpinned by our Diversity and Inclusion Policy and is supported by our Diversity and Inclusion Strategy.

The Star Entertainment Group's internal Diversity & Inclusion Steering Committee continues to oversee the diversity and inclusion initiatives at The Star Entertainment Group, with input from four Diversity Working Groups that address four key diversity areas: gender, multicultural, age and lesbian, gay, bisexual, transgender and intersex (LGBTI).

Team members at each property have participated in the following local and global events to support diversity and inclusion:

- Gender: International Women's Day, White Ribbon Day (to raise awareness of and join the national campaign to end domestic violence against women), and internal events to foster careers for female leaders
- Multicultural: Lunar New Year, Mid-Autumn Festival, and Harmony Day (which celebrates Australia's cultural diversity)
- LGBTI: The Star Sydney was a proud partner of the Sydney Gay & Lesbian Mardi Gras Festival, and The Star's team members took part in the parade to showcase our support for the LGBTI community, International Day Against Homophobia and Transphobia (IDAHOT) and Wear it Purple Day (to support LGBTI youth)

- Age: Internal Mature Age Workers Expos at each of our properties and ongoing implementation of the outcomes of the Federal Government program, 'Corporate Champions'.

Education, awareness and training form a key part of The Star Entertainment Group's Diversity & Inclusion strategy. Our senior leaders have taken part in Unconscious Bias training, on-site training programs are offered to team members in cultural awareness for all employees, and LGBTI-specific training for managers and employees is conducted by our partner in LGBTI inclusion, 'Pride in Diversity'.

WORK HEALTH AND SAFETY

The Star Entertainment Group’s approach to workplace health and safety (WHS) is supported by a governance framework and strategy.

The Board’s People, Culture and Social Responsibility Committee monitors WHS performance and oversees the identification and mitigation of workplace risks and the implementation of programs to improve injury prevention and management opportunities within the business.

A new WHS strategy was endorsed by the Board in December 2015. The key objective of this strategy is for all our properties to be safe for our guests, team members and contractors. The new strategy promotes effective safety and risk management processes and practices, while enhancing team member productivity and wellbeing. Safety targets are incorporated in the performance plans of all senior management team members at The Star Entertainment Group.

THE FOCUS AREAS FOR THE WHS STRATEGY ARE:

LEADERSHIP:

Our leaders have received due diligence training to reinforce their legal obligations as defined in the Work Health and Safety legislation. A new safety leadership program will be designed and implemented to ensure visible and responsible safety leadership is exhibited.

SAFETY:

A focus on critical risk controls will be supported by the redesign of a contemporary and resilient safety management system. This will include the use of technology solutions to provide higher visibility of safety performance.

HEALTH AND WELLBEING:

Wellbeing activities and awareness programs support the physical, mental and overall health culture of our team members.

SAFETY PERFORMANCE:

The Star Entertainment Group experienced a workplace fatality incident in November 2015, when a contractor fell whilst undertaking work at the Gold Coast Convention & Exhibition Centre.

An investigation of the circumstances that caused the contractor to fall have identified opportunities to increase our level of critical risk controls. These improvements included isolation, engineering and administrative controls to prevent reoccurrence. In addition, changes were made to the building by the building owner to further enhance the level of critical risk controls.

We have introduced new safety assurance processes to effectively monitor our construction partners to give us confidence that they have in place safe systems of work to reduce workplace fatalities and serious injuries.

PERFORMANCE INDICATORS:

Our key WHS performance measures continued to see reductions in the lost time injury frequency rate and the total recordable injury frequency rate:

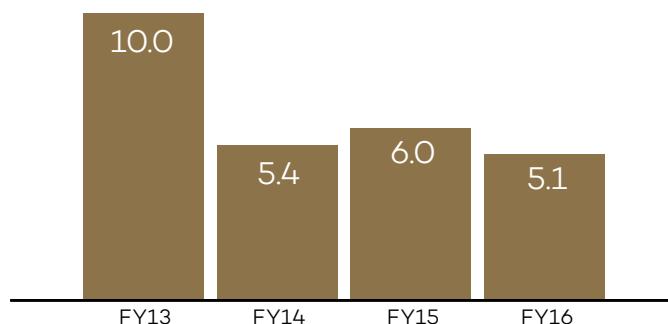

5.1

LOST TIME INJURY FREQUENCY RATE
DECREASED FROM FY15

24.4

TOTAL RECORDABLE INJURY FREQUENCY RATE
DECREASED FROM FY15

REWARD AND RECOGNITION

In April 2016, The Star Entertainment Group launched a new and consolidated Reward and Recognition program – ‘The Star Awards’. The criteria for the awards are aligned to a new set of qualifying behaviours – the ‘Star Qualities’ for our team members and ‘Values’ for leaders. Our values are City Pride, Ownership, Welcoming and True Teamwork.

DIRECTORS' REPORT

FOR THE YEAR ENDED 30 JUNE 2016

The Directors of The Star Entertainment Group Limited (the **Company**) (previously known as Echo Entertainment Group Limited) submit their report for the consolidated entity comprising the Group and its controlled entities (collectively referred to as the **Group**) in respect of the financial year ended 30 June 2016.

1. Directors

The names and titles of the Company's Directors in office during the financial year ended 30 June 2016 and until the date of this report are set out below. Directors were in office for this entire period.

Directors

John O'Neill AO	Chairman and Non-Executive Director
Matt Bekier	Managing Director and Chief Executive Officer
Gerard Bradley	Non-Executive Director
Greg Hayes	Non-Executive Director
Katie Lahey AM	Non-Executive Director
Sally Pitkin	Non-Executive Director
Richard Sheppard	Non-Executive Director

2. Operating and Financial Review

The Operating and Financial Review for the year ended 30 June 2016 has been designed to provide shareholders with a clear and concise overview of the Group's operations, financial position, business strategies and prospects. The review also discusses the impact of key transactions and events that have taken place during the reporting period and material business risks faced by the business, to allow shareholders to make an informed assessment of the results and future prospects of the Group. The review complements the Financial Report and has been prepared in accordance with the guidance set out in ASIC's Regulatory Guide 247.

2.1. Principal activities

The principal activities of the entities within the Group are gaming, entertainment and hospitality.

The Star Entertainment Group Limited owns and operates The Star Sydney (**The Star Sydney**), Treasury Casino and Hotel, Brisbane (**Treasury Brisbane**) and Jupiters Hotel and Casino, Gold Coast (**Gold Coast**). The Group also manages the Gold Coast Convention and Exhibition Centre on behalf of the Queensland Government.

2.2. Business strategies

The key strategic priorities for the Group as initially outlined in the Company's 2014 Annual Report are to:

- Create "world class casino resorts with local spirit", including the proposed expansion of the South East Queensland casinos;
- Manage planned capital expenditure programs in Queensland and Sydney to deliver value and returns for shareholders;
- Increase volume of high-value visitation from local, domestic and international markets;
- Grow domestic and International VIP Rebate business;
- Improve customer experience, including providing customers with tailored product and service offerings; and
- Maximise value from technology, including further enhancing gaming and loyalty experience and delivering integrated and new IT platforms.

The Group has continued to make good progress on all these key strategic priorities during the year, with:

- Financial performance improved across all properties;
- Balance sheet strength maintained;
- Overall guest satisfaction scores increased;
- Rebranding of the Company and The Star Sydney property, with The Star Gold Coast scheduled for FY2017;
- Staff engagement improved across all properties and business segments;
- Leadership team in place supported by strengthened functional capability;
- Capital projects (refurbishments and growth) progressing slightly slower than management's initial expectations but within budget; and
- New hotel and residential tower expansion plans announced at The Star Sydney and the Gold Coast in partnership with Queen's Wharf Brisbane project partners, Chow Tai Fook Enterprises Limited (**CTF**) and Far East Consortium International Limited (**FEC**). These are currently in the planning and development approval stage.

DIRECTORS' REPORT

FOR THE YEAR ENDED 30 JUNE 2016

Looking forward into FY2017, the focus will be on the following key strategic priorities:

- Improve earnings across the Group through continued focus on operations and efficiency;
- Deliver on the next stage of the capital program (the Queen's Wharf Brisbane development, the Gold Coast development and masterplan, and The Star Sydney development);
- Secure planning approvals and execute property development plans at the Sydney and Gold Coast properties in partnership with CTF and FEC; and
- Continue the drive to differentiate the value proposition at each of our properties, through brand, loyalty, customer service, and food and beverage.

The Directors have excluded from this report any further information on the likely developments in the operations of the Group and the expected results of those operations in future financial years, as the Directors have reasonable grounds to believe that to include such information will be likely to result in unreasonable prejudice to the Group.

2.3. Group performance

Gross revenue of \$2,357.7 million was up 4.4% on the prior comparable period (*pcp*). Good domestic gaming revenue growth offset the disruption impact of capital works on non-gaming revenue and a low win rate in the International VIP Rebate business in the first half of the year. Normalised¹ revenues grew 6.0% for the period to \$2,431.0 million, up from \$2,294.0 million in the *pcp*. Revenue growth was driven by a combination of improved marketing, loyalty program, sales activity, product offering, and stronger macro-economic conditions in each of the Group's markets. As disclosed in the results for the first half of the year, normalised EBITDA has been calculated by applying a 1.35% win rate to actual International VIP Rebate turnover in the period in line with the Group's win rate experience and consistent with the Australia and New Zealand market practice.

Effective cost control with operating costs up 4.2% on the *pcp*, including marketing and loyalty investment. There were no significant items within the period. The prior period results include \$3.7 million of significant cost items.

Earnings before interest, tax, depreciation and amortisation (*EBITDA*) of \$488.8 million was up 7.5% on the *pcp*. Normalised EBITDA (excluding significant items) of \$556.2 million was up 14.1% on the *pcp*. Normalised EBITDA margin of 22.9% is up from 21.2% in the *pcp* as a result of good expense management across the Group, offset by higher average gaming taxes at The Star Sydney.

Depreciation and Amortisation expense of \$163.8 million was flat on the *pcp*. Finance costs of \$45.8 million were down 8.2% on the *pcp*.

Net profit after tax (*NPAT*) was \$194.4 million, 14.9% up on the *pcp*. Normalised NPAT, excluding significant items, was \$241.3 million, up 23.4% on the *pcp*.

Basic and diluted earnings per share (*EPS*) was 23.6 cents, up 14.9% on the *pcp*. A final dividend of 7.5 cents fully franked was declared, totalling 13.0 cents per share for the year, up 18.2% on the *pcp* and reflecting a payout ratio of 55.2% of statutory NPAT for the year ended 30 June 2016.

2.4. Group financial position

The Group's net assets increased by 3.7% compared with the previous year.

Receivables remain well managed, with receivables past due not impaired less than one year comprising over 95% of the total. Net receivables past due not impaired greater than 30 days of \$33.2 million, up from \$16.2 million at 30 June 2015, reflected increased volumes and a high win rate in the second half of the year.

Net debt² was \$473.8 million (30 June 2015: \$400.3 million) with \$450.0 million in undrawn facilities and an average drawn debt maturity of 3.5 years. Gearing levels remain conservative at 1.0 times FY2016 net debt to actual EBITDA, positioning the Group well to execute on its growth projects. Operating cash flow before interest and tax was \$477.4 million (30 June 2015: \$506.5 million) with an EBITDA to cash conversion ratio of 98% (30 June 2015: 112%).

Trade and other payables of \$261.9 million were up 12.0% from June 2015 as a result of higher gaming activity, representing players' funds deposited and chips in circulation at 30 June 2016.

¹ Normalised results reflect the underlying performance of the business as they remove the inherent volatility of the International VIP Rebate business. Normalised results are adjusted using an average win rate of 1.35% of actual turnover.

² Net debt is shown as interest bearing liabilities, less cash and cash equivalents, less net position of derivative financial instruments. Derivative financial instruments reflect the position of currency swaps and interest rate hedges entered into for the USPP debt.

DIRECTORS' REPORT

FOR THE YEAR ENDED 30 JUNE 2016

2.5. Segment operations

The Group comprises the following three operating segments:

- The Star Sydney;
- Gold Coast; and
- Treasury Brisbane.

Refer to note A1 for more details of the financial performance of the Company's operating segments. The activities and drivers of the results for these operations are discussed below.

The Star Sydney

Gross revenue was \$1,656.8 million, up 7.5% on the pcp and EBITDA was \$302.4 million, up 13.0% on the pcp. Normalised EBITDA was \$381.8 million, up 17.4% on the pcp.

Normalised gross revenue at The Star Sydney was \$1,743.5 million, up 8.6% on the pcp. Revenue increased with good volume growth across all lines of business. Domestic gross gaming revenue was up 8.8% on the pcp with growth across both tables and slots, up 9.1% and 8.3% respectively. Electronic gaming machine market share of 9.1% for Q1-Q3 FY2016 was steady versus the pcp³. Non-gaming cash revenue was up 3.2% on the pcp despite disruption from the hotel refurbishments in the period. Taxes, levies, rebates and commissions of \$735.2 million were up 5.5% on the pcp as a result of increased volumes and higher average non-rebate gaming taxes. The Star Sydney's average non-rebate tax rate was 31.9%, up from 31.4% in the pcp (top marginal tax rate of 50.0% in both years). The higher average non-rebate tax rate had an impact of \$5.2 million in the period. Operating expenses of \$619.2 million were up 7.4% on the pcp. Normalised EBITDA margin of 21.9% was up from 20.3% on the pcp.

The Star Sydney is one of the main partners to the Sydney Festival, a Leadership Partner of City of Sydney's Chinese New Year Festival and a sponsor of the Sydney Swans and New South Wales Rugby League (NSW Blues). The Star Sydney also contributed to various charities during the period, including Barnardos Australia and Taronga Conservation Society Australia.

Queensland (Gold Coast and Treasury Brisbane)

Gross revenue was \$700.9 million down 2.2% on the pcp and EBITDA was \$186.4 million, down 0.3% on the pcp. Normalised EBITDA was \$174.4 million, up 7.5% on the pcp.

Normalised gross revenue in Queensland was \$687.5 million, down 0.2% on the pcp. Queensland experienced a small decline in revenue, as revenue growth in domestic tables and slots was offset by disruption at non-gaming facilities at the Gold Coast property, inclusion of three months of Jupiters Townsville revenues in the pcp, and lower International VIP Rebate business volumes in the second half of the year. The domestic gaming business was up 3.6% on the pcp, with growth across both tables and slots, up 5.2% and 2.4% respectively. Taxes, levies, rebates and commissions were down 6.0% on the pcp. Operating expenses of \$341.8 million across the Queensland properties was down 1.2% on the pcp. Normalised EBITDA margin of 25.4% was up from 23.6% on the pcp.

Treasury Brisbane was a sponsor of the Brisbane Festival and Queensland Rugby League (Queensland Maroons) during the year. The Queensland properties also contribute to various charities and not-for-profit organisations including Ronald McDonald House and Surf Life Saving Queensland.

International VIP Rebate business

The results of the International VIP Rebate business are included in the segment performance overviews above. The International VIP Rebate business turnover increased 7.0% on the pcp to a record of \$49.5 billion in FY2016. The actual win rate of 1.20% (0.88% in the first half, 1.50% in the second half of the year) was below both the actual win rate for the pcp of 1.27% and the normalised rate of 1.35%. Normalised International VIP Rebate business revenue was \$669.5 million, up 7.2% on the pcp, compared to actual revenue of \$596.3 million (up 1.3% on the pcp).

³ Q4 FY2016 market data not yet available.

FOR THE YEAR ENDED 30 JUNE 2016

2.6. Significant changes in the state of affairs and future developments

Other than those stated within this report, there were no significant changes in the state of affairs of the Group during the financial year. The section below discusses the impact of key transactions and events that have taken place during the reporting period.

Treasury Brisbane

In November 2015 contractual close was reached between the Queensland Government and Destination Brisbane Consortium (**DBC**) on the Queen's Wharf Brisbane development. DBC's Integrated Resort ownership structure requires capital to be contributed 50% by the Group and 25% each by CTF and FEC. The Group will act as the operator under a long dated casino management agreement.

The Group currently holds a perpetual casino licence in Queensland that is attached to the lease of the current Treasury site that expires in 2070. Upon opening of the Integrated Resort, the Group's casino licence will be surrendered and DBC will be granted a casino licence for 99 years including an exclusivity period of 25 years.

CTF and FEC will each contribute 50% of the capital to undertake the residential and related components of the broader Queen's Wharf Brisbane development. The Group is not a party to the residential development joint venture.

Gold Coast

The Group currently holds a perpetual casino licence to operate the Jupiters Hotel and Casino on the Gold Coast. The Group owns Broadbeach Island on which the casino is located. The Group has previously disclosed a major redevelopment of the property of up to \$845 million capital spend (subject to various approvals), including a \$400 million new tower with joint venture partners CTF and FEC. The scale of the property is proposed to be expanded to approximately 1,400 hotel rooms and residences with signature gaming facilities, over 20 restaurants and bars, and substantial resort facilities and attractions. The Group's share is expected to be approximately \$578 million (prior to the sale of any apartments).

Progress on the redevelopment project includes the completion of the VIP gaming salons, pool and new restaurants. Capital expenditure in the current year was \$132 million, including construction costs for the new 6 star hotel and refurbishment of the existing main gaming floor, lobby, hotel rooms and food and beverage offerings.

The Group continues to manage the Gold Coast Convention and Exhibition Centre adjacent to the casino.

The Star Sydney

The Star Sydney's casino licence continues until 2093 and includes exclusivity arrangements with the New South Wales Government that support the operation of a single casino in NSW until November 2019.

The Group has previously disclosed a proposed investment of up to \$1 billion (subject to various approvals) which includes a new tower to be developed with joint venture partners CTF and FEC. The scale of the property is proposed to be expanded to approximately 1,000 hotel rooms and residences (including Ritz Carlton hotel and luxury residences), with signature gaming experiences including new and refurbished VIP suites and gaming salons, and over 50 food and beverage offerings. The Group's share is expected to be approximately \$667 million (prior to the sale of any apartments).

Capital expenditure in the current year was \$150 million, including the completion of the Oasis Private Gaming Room expansion, The Darling VIP Salons and Harvest Buffet. The redevelopment and expansion of the Astral Tower and Residences, Astral Lobby and Porte Cochere, and Main Gaming Floor continues.

On 8 July 2014, Liquor and Gaming NSW (formerly the Independent Liquor and Gaming Authority) issued a restricted gaming licence to Crown Resorts Limited (**Crown**) to operate a restricted gaming facility at Barangaroo South, Crown Sydney Hotel Resort (**Crown Sydney**) from November 2019 onwards. On 28 June 2016, Crown announced that conditional planning approval had been received from the NSW Planning Assessment Commission, and that Crown is expecting to complete construction and open Crown Sydney in early 2021.

Shareholder Activity – applications to increase shareholding/voting power above 10%

The application made by the Genting group of companies on 27 June 2012 for approval to increase their potential voting power in the Company up to an effective maximum of 23% (which may be adjusted in certain circumstances) was approved by the New South Wales Independent Liquor and Gaming Authority and the Queensland Attorney General and Minister for Justice by 3 December 2015.

DIRECTORS' REPORT

FOR THE YEAR ENDED 30 JUNE 2016

2.7. Risk management

The Group takes a structured approach to identifying, evaluating and managing those risks which have the potential to materially affect achievement of strategic objectives. The commentary under Principle 7 of the Company's Corporate Governance Statement describes the risk management framework in place to underpin the enterprise wide approach to effective risk management. The Corporate Governance Statement can be viewed on the Company's website.

The major risks facing the Group are set out below. The Group may also face a range of other risks from time to time in conducting its business activities. While it aims to manage risks in order to avoid adverse impacts on its financial standing, some risks are outside the control of the Group.

Strategic risks

- The potential effect of increased competition in the Group's key markets of Sydney, Brisbane and the Gold Coast;
- The failure to realise expected financial benefits from key growth projects;
- Loss of key management personnel; and
- Geopolitical risks affecting the ability of foreign nationals to travel to, or bring funds to, Australia.

Operational risks

- Loss of data security;
- Business interruptions, including a failure of core IT systems or other events which limit the ability to operate from our properties; and
- Matters affecting the health, safety and security of our employees and customers.

Regulatory risks

- A failure to comply with applicable laws; and
- Changes in law affecting the operation of casinos in New South Wales or Queensland.

Financial risks

- An inability to access capital on reasonable terms.

2.8. Environmental regulation and performance

The Group is committed to leadership of energy and waste reduction in the entertainment sector and increasing its sustainability performance in the communities in which it operates. The Group's vision for sustainability is to demonstrate clear evidence of its environmental values, activities and commitments embedded throughout the organisation.

A materiality assessment was conducted during the year to identify the key material environmental impacts of energy consumption, water use, carbon emissions and waste generation from the Group's 24/7 operations. These material impacts are managed through the Group's Environment and Sustainability Strategy and through its sustainability policies and programs.

The Group's five year Environment and Sustainability Strategy is aligned to the business strategy, incorporating a range of objectives, projects and programs to ensure continuous improvement in environmental management. Management reports annually to the People, Culture and Social Responsibility Committee on the Group's delivery of its commitments under the five year Environment and Sustainability Strategy. The strategy focuses on six areas (Governance, Our Team Members, Our Stakeholders, Our Suppliers, Our Environment and Our Communities) and reports the Group's performance on the Company's website.

The Group identifies and manages sustainability risks across the organisation by focusing efforts on material impacts and has set targets to manage performance. To support the delivery of these targets, the Group audited over 90% of its total energy consumption within the year to identify opportunities for energy and water savings. The Group has implemented twenty projects to achieve cost and carbon savings and has a roadmap to implement further projects.

The Group has also implemented Sustainable Design Guidelines to achieve greener buildings through the refurbishment and development processes by specifying energy efficient technologies and best practice water and waste management.

The Company is registered under the National Greenhouse Energy Reporting System (**NGERS**) and reports all energy consumption and greenhouse gas emissions to the Federal Government every year. The Company's Environment and Sustainability Strategy, Objectives and Targets and Sustainable Design Guidelines can be found on the Company's website.

3. Earnings per share (EPS)

Basic and diluted EPS for the financial year was 23.6 cents (2015: 20.5 cents), 14.9% up on the pcp as a result of the improved operational performance across the Group. EPS is disclosed in note F3 of the Financial Report.

DIRECTORS' REPORT

FOR THE YEAR ENDED 30 JUNE 2016

4. Dividends

4.1. Dividend payout

An interim dividend of 5.5 cents per share (fully franked) was paid on 22 March 2016.

A final dividend per share of 7.5 cents fully franked was declared, totalling 13.0 cents per share for the year, up 18.2% on the pcp and reflecting a payout ratio of 55.2% of statutory NPAT for the year ended 30 June 2016.

4.2. Dividend Reinvestment Plan (DRP)

The Company's DRP is in operation for the final dividend. The last date for receipt of election notices to enable participation for the final dividend is 2 September 2016. The price at which shares are allocated under the DRP is the daily volume weighted average market price of the Company's shares sold in the ordinary course of trading on the ASX over a period of 10 trading days beginning on (and including) the fourth trading day after the Record Date (1 September 2016). Shares allocated under the DRP will rank equally with the Company's existing fully paid ordinary shares.

5. Significant events after the end of the financial year

Other than those events that have already been disclosed in this report or elsewhere in the Financial Report, there have been no other significant events occurring after 30 June 2016 and up to the date of this report that have materially affected or may materially affect the Group's operations, the results of those operations or the Group's state of affairs.

B - Maximum number of meetings available for attendance as a Committee member

(i) The Managing Director and Chief Executive Officer is not a member of any Board Committee but may attend Board Committee meetings upon invitation, however this attendance is not recorded here.

Details of the functions and memberships of the Committees of the Board and the terms of reference for each Board Committee are available from the Corporate Governance section of the Company's website.

10. Indemnification and insurance of Directors and Officers

The Directors and Officers of the Company are indemnified against liabilities pursuant to agreements with the Company. The Company has entered into insurance contracts with third party insurance providers, in accordance with normal commercial practices. Under the terms of the insurance contracts, the nature of the liabilities insured against and the amount of premiums paid are confidential.

11. Non-audit services

Ernst & Young, the external auditor to the Company and the Group, provided non-audit services to the Company during the financial year ended 30 June 2016. The Directors are satisfied that the provision of non-audit services during this period was compatible with the general standard of independence for auditors imposed by the Corporations Act 2001 (*Cth*). The nature and scope of each type of non-audit service provided did not compromise auditor independence. These statements are made in accordance with advice provided by the Audit Committee.

The Audit Committee reviews the activities of the independent external auditor and reviews the auditor's performance on an annual basis. The Chair of the Audit Committee (or authorised delegate) must approve all non-statutory audit and other work to be undertaken by the auditor. Further details relating to the Audit Committee and the engagement of auditors are available in the Corporate Governance Statement.

Ernst & Young, acting as the Company's external auditor, received or is due to receive the following amounts in relation to the provision of non-audit services to the Company:

Description of services	\$000
Other assurance related services in relation to the Company and any other entity in the consolidated group	-
Other non-audit services including taxation services	302.0
Total of all non-audit and other services	302.0

Amounts paid or payable by the Company for audit and non-audit services are disclosed in note F11 of the Financial Report.

REMUNERATION REPORT (AUDITED)

FOR THE YEAR ENDED 30 JUNE 2016

REMUNERATION REPORT (AUDITED)

FOR THE YEAR ENDED 30 JUNE 2016

Introduction from the Remuneration Committee Chair

Dear Shareholder,

On behalf of the Board, I am pleased to present the Remuneration Report for the year ended 30 June 2016 (**FY16**).

This report is prepared on a consistent basis to previous years and follows a similar format to the FY15 Remuneration Report. The FY15 Remuneration Report received positive shareholder support at the 2015 AGM, with a vote in favour of 97.53%.

The Group's Reward Strategy is designed to attract, motivate and retain the talent necessary to run the business and achieve outcomes that align with the creation of sustainable shareholder value.

The Group exceeded both financial and non-financial targets set by the Board for FY16. Normalised Net Profit after Tax (NPAT) of \$241.3m was 23.4% up on the prior comparable period (**pcp**). Total dividends paid to shareholders in FY16 were 13 cents per share, up 18.2% on the pcp. The Group also exceeded its non-financial targets in the key areas of Guest Service Excellence and Employee Engagement.

Based on these superior outcomes for FY16 and the Board's assessment of performance against the measures outlined in the Corporate Scorecard set out further on in this Report, performance payments will be made to Executives and managerial staff totalling \$16.4m (\$11.7m in FY15), with \$3.9m (\$2.1m in FY15) deferred into restricted shares which are subject to a holding lock for twelve months from the date of grant. The increase reflects increased employee participation in incentive programs and changes made to gradually align eligibility and participation levels across the Group.

Consistent with FY15, one-third of all short term incentives awarded to General Managers for FY16 will be deferred into restricted shares which are subject to a holding lock for twelve months and clawback provisions.

There was no testing of performance hurdles under the Group's long term incentive plan during the financial year as the Group changed the vesting period from three years to four years in FY13.

Following a review of remuneration for all Executives relative to comparable ASX-listed organisations and industry peers, the remuneration arrangements for the Managing Director and Chief Executive Officer and other Executives were adjusted for FY16. A review of Non-Executive Director (**NED**) fees did not result in any changes being made for FY16. The maximum aggregate fees payable to NEDs remained unchanged for the fifth consecutive year.

We welcome your feedback on our Remuneration Report.

Yours sincerely,

Sally Pitkin

Remuneration Committee Chair

REMUNERATION REPORT (AUDITED)

FOR THE YEAR ENDED 30 JUNE 2016

The Directors of The Star Entertainment Group Limited (**The Star Entertainment Group or the Company**) have approved this Remuneration Report for the consolidated entity comprising the Company and its controlled entities (collectively referred to as the **Group**) in respect of the financial year ended 30 June 2016.

This Remuneration Report outlines the remuneration arrangements for Key Management Personnel (**KMP**) who are defined as those persons having authority and responsibility for planning, directing and controlling the major activities of the Group, directly or indirectly, including any director (whether executive or otherwise) of the parent. This report has been prepared in accordance with the requirements of the *Corporations Act 2001(Cth)* (the **Corporations Act**) and its regulations. The information has been audited as required by section 308(3C) of the Corporations Act where indicated.

For purposes of this report, the term '**Executives**' includes the executive director (Managing Director and Chief Executive Officer) and senior executives (the Chief Financial Officer and the Managing Directors of The Star Sydney and Queensland properties), but excludes Non-Executive Directors (**NEDs**).

This Remuneration Report is comprised of the following sections:

REMUNERATION REPORT (AUDITED)

FOR THE YEAR ENDED 30 JUNE 2016

1. Key Management Personnel

The names and titles of the Company's KMP for the year ended 30 June 2016 are set out below. KMP were in office for the entire duration of the financial year, unless otherwise stated. There have been no changes to KMP since the end of the financial year.

Non-Executive Directors	Position
John O'Neill AO	Chairman and Non-Executive Director
Gerard Bradley	Non-Executive Director
Greg Hayes	Non-Executive Director
Katie Lahey AM	Non-Executive Director
Sally Pitkin	Non-Executive Director
Richard Sheppard	Non-Executive Director
Executives	
Matt Bekier	Managing Director and Chief Executive Officer
Chad Barton	Chief Financial Officer
Greg Hawkins	Managing Director, The Star
Geoff Hogg	Managing Director, Queensland

2. Highlights for FY16

Fixed Remuneration	In accordance with its reward strategy, the Company assesses the remuneration levels and mix for Executives to identify where adjustments are appropriate based on market benchmarking. Following the remuneration review completed in September 2015, three Executives received an increase to their fixed remuneration, with the fixed remuneration for the remaining Executive remaining unchanged.
Short term performance plan (STPP)	<p>To ensure that the STPP pool was appropriately aligned to the Group's strategic priorities, two non-financial measures were formally introduced in addition to the existing financial measures for determining the STPP pool for the year ended 30 June 2016. The measures used to determine the STPP pool for FY16 were Normalised Net Profit After Tax (NPAT) for the Group, Guest Satisfaction Scores and Employee Engagement Scores.</p> <p>The STPP pool in FY16 was larger than in FY15. The increase reflects increased employee participation in incentive programs and changes made to gradually align eligibility and participation levels across the Group.</p> <p>STPP awards that were delivered as restricted shares with a twelve month holding lock increased from \$2.1m to \$3.9m to increase equity participation of management and ensure remuneration is risk aligned.</p>
Long Term Performance Plan (LTTP)	There were no performance rights due for testing in September 2015 as the vesting period of long term incentives was changed from three years to four years in FY13. The next test date for performance rights granted in FY13 will be in September 2016.
Non-Executive Director fees	The maximum aggregate fees payable to Non-Executive Directors has remained unchanged from the \$2 million limit (including superannuation contributions) approved by shareholders at the time of the Company's demerger from Tabcorp Holdings Limited in 2011.

3. Remuneration Governance

The Remuneration Committee (the **Committee**) considers matters relating to the remuneration of KMP as well as the remuneration policies of the Group generally. The Committee is comprised of at least three members appointed by the Board.

According to the Remuneration Committee Terms of Reference, the majority of Committee members must be independent non-executive directors and the Chair of the Committee must be an independent non-executive director. Currently all members of the Remuneration Committee (including the Chair of the Committee) are independent non-executive directors.

The main responsibilities of the Committee are:

- Establishing and maintaining fair and reasonable remuneration policies and practices that apply to the Group;
- Reviewing and recommending to the Board the remuneration of Executives, taking into account comparable ASX-listed organisations with similar market capitalisation (range 70% to 160% of The Star Entertainment Group's market capitalisation) as well as appropriate industry peers;
- Reviewing and recommending to the Board the terms and conditions of reward programs for Executives, including performance-based payments;
- Reviewing and recommending to the Board the remuneration of the Chairman and NEDs, taking into account the level of fees paid to Board members of comparable ASX-listed organisations, determined based on similar market capitalisation (range 70% to 160% of The Star Entertainment Group's market capitalisation) as well as appropriate gaming and entertainment industry peers;
- Engaging a remuneration consultant on remuneration matters when required; and
- Agreeing benchmarks against which annual salary reviews are evaluated.

Use of remuneration advisors

The Committee seeks external advice from time to time to ensure it is fully informed when making remuneration decisions. Remuneration advisors are engaged by, and report directly to, the Committee.

PricewaterhouseCoopers (**PwC**) are the Group's appointed independent external remuneration consultants. No remuneration recommendations as defined by the Corporations Act were provided by PwC during FY16.

Remuneration Report approval at 2015 Annual General Meeting (AGM)

The FY15 Remuneration Report received positive shareholder support at the 2015 AGM, with a vote of 97.53% in favour.

4. Remuneration Strategy and Programs

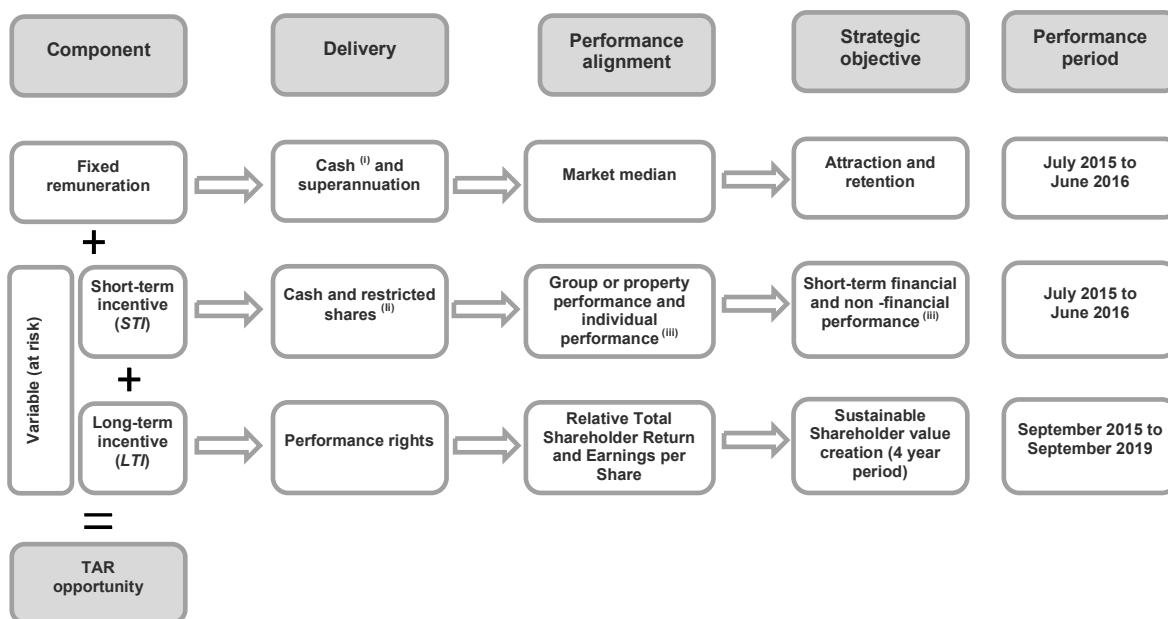

The remuneration strategy at The Star Entertainment Group is designed to support a high performance culture, achieve superior performance and as a result, sustainable value for shareholders. The reward programs are designed to promote individual accountability and entrepreneurship in employees.

To achieve these objectives, the reward principles are shaped around:

- being market competitive in order to attract and retain high performing individuals (fixed remuneration). Fixed remuneration is set taking into account the level of remuneration paid to Executives of comparable ASX-listed organisations, determined based on similar market capitalisation and appropriate industry peers. Fixed pay and total target remuneration (fixed pay plus target variable pay) are targeted at the median of the relevant market, with an opportunity to earn above median pay, up to the 75th percentile, where higher levels of performance are realised.
- paying for performance behaviours (variable – at risk pay) that drive sustainable value for shareholders. Balanced scorecards are used to focus individuals on targets that support the Group’s key operational and strategic priorities.

The figure below illustrates how components of Executives’ Total Annual Reward (TAR) opportunity are linked to strategic priorities.

Figure 1: Components of Executive TAR Opportunity

(i) Employees may voluntarily elect to salary sacrifice for additional superannuation contributions and motor vehicle novated leases (from fixed remuneration component only).
 (ii) A mandatory one-third of the Executives’ short-term incentive award is deferred into restricted shares which are subject to a holding lock for a period of twelve months from the date of the award.
 (iii) Metrics used to assess performance are included in the Group Key Performance Summary in Table 4.

REMUNERATION REPORT (AUDITED)

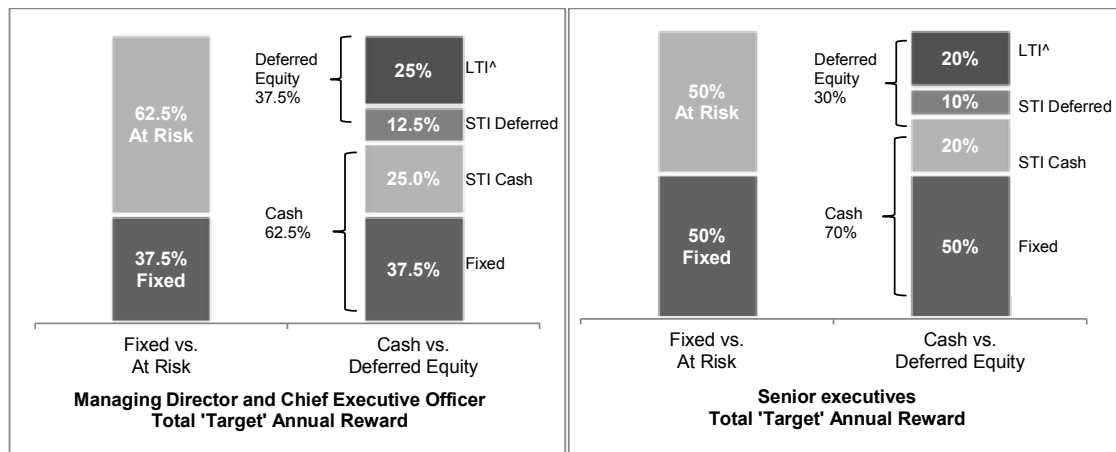

FOR THE YEAR ENDED 30 JUNE 2016

Fixed and Variable (at risk) Remuneration

The Star Entertainment Group balances the level of fixed versus variable remuneration based on the industry's market for talent, the views of shareholders and the need for effective reward mechanisms to connect short and long-term performance against the Group's strategic priorities.

The figure below illustrates the remuneration mix for the Managing Director and Chief Executive Officer and senior executives (the Chief Financial Officer and the Managing Directors of The Star Sydney and Queensland properties) respectively.

Figure 2: Remuneration mix for FY16

[^] LTI refers to the intended annual grant value.

4.1 Fixed remuneration

The fixed remuneration received by Executives may comprise base salary, superannuation and non-monetary benefits. The amount of fixed remuneration an Executive receives is based on the:

- scope and responsibilities of the role;
- reference to the level of remuneration paid to Executives of comparable ASX-listed organisations, determined based on similar market capitalisation (range 70% to 160% of The Star Entertainment Group's market capitalisation) as well as appropriate industry peers; and
- level of international and domestic gaming knowledge, skills and experience of the individual.

4.2 Variable (at risk) remuneration

The Star Entertainment Group has two variable reward programs which drive short-term earnings and long-term value creation for shareholders. They are the Short Term Performance Plan (**STPP**) and the Long Term Performance Plan (**LTTP**).

REMUNERATION REPORT (AUDITED)

FOR THE YEAR ENDED 30 JUNE 2016

4.2.1 Short Term Performance Plan

The STPP is designed to reward Executives for their contribution to the Group's financial and non-financial performance, against a weighted scorecard. For payments to be made, the Board first reviews the Group's performance against budget to determine if awards will be available. For FY16, the number of employees invited to participate in the plan was approximately 451, for FY15 this was 317.

Table 1: Key design features of the STPP

Purpose	To motivate, assess and reward Executives based on their short-term (twelve month) contribution to the Group's performance and property/team results.									
Gateway	The level of Group performance required before the gateway is opened is determined by the threshold being 95% of the budgeted Normalised ¹ NPAT of the Group as approved by the Board. This gateway applies to all Executives and participants in the plan. The Board may use its discretion to make payments to reward for significant non-financial performance.									
Pool size	The pool size is determined by the Board through an assessment of the following: <ol style="list-style-type: none"> Group performance (Normalised NPAT) property performance (Normalised EBITDA) other non-financial and strategic priorities 									
Incentive opportunity levels	Opportunities are based on the Executive's incentive target in their employment contract. The payment range available is 0%-150% of the Executive's incentive target.									
Payment calculation	<p>Individual performance is determined by using a weighted scorecard of measures (Figure 3) to arrive at a performance rating. Performance ratings link to payment ranges as follows:</p> <ul style="list-style-type: none"> Outstanding: 125 – 150% of target Exceeds: 100 – 125% of target Meets: 75 – 100% of target Meets some: 0 – 75% of target Did not meet: 0% of target <p>An Executive's individual STI award is based on the following calculation:</p> <table style="margin-left: auto; margin-right: auto; border-collapse: collapse;"> <tr> <td style="border: 1px solid black; padding: 5px; text-align: center;">Fixed Remuneration</td> <td style="padding: 0 10px;">x</td> <td style="border: 1px solid black; padding: 5px; text-align: center;">Individual Target STI %</td> <td style="padding: 0 10px;">x</td> <td style="border: 1px solid black; padding: 5px; text-align: center;">Group Performance Multiplier % (0-150%)</td> <td style="padding: 0 10px;">x</td> <td style="border: 1px solid black; padding: 5px; text-align: center;">Individual STI Performance Multiplier % (0-150%)</td> <td style="padding: 0 10px;">=</td> <td style="border: 1px solid black; padding: 5px; text-align: center;">Individual STI award (Capped at 150% x target)</td> </tr> </table> <p>Payments are capped at 150% of the Executive's STPP target. Fixed Remuneration	x	Individual Target STI %	x	Group Performance Multiplier % (0-150%)	x	Individual STI Performance Multiplier % (0-150%)	=	Individual STI award (Capped at 150% x target)		
Delivery of payments (including deferrals)	Two-thirds of payments are delivered in cash in September. One-third of all payments are held in restricted shares for a period of twelve months from the date of the award. These shares are forfeited in the event that the Executive voluntarily terminates from the Group. Executives are entitled to receive dividends and have voting rights during the restriction period, however they are unable to vote on remuneration resolutions at the AGM.									
Clawback	Incentives may be clawed back where there has been a material misrepresentation of the financial outcomes on which the payment had been assessed and/or the Executive's actions have been found to be fraudulent, dishonest or in breach of the Group's Code of Conduct (e.g. misconduct). This provision may extend up to the prior three financial years of STPP payments.									

¹ Normalised results reflect the underlying performance of the business as they remove the inherent win rate volatility of the International VIP Rebate business

4.2.2 Long Term Performance Plan

The LTPP is principally designed to reward Executives for their contributions to sustainable shareholder value creation. Equity awards are granted annually and may vest after four years (subject to performance). Performance is measured at the test date against two criteria – Relative Total Shareholder Return (**TSR**) and Earnings per Share (**EPS**). There were 9 participants in the plan for FY16 and 8 participants in FY15.

Table 2: Key design features of the LTPP

Type of equity award	Performance rights. When the performance rights vest, ordinary shares in The Star Entertainment Group are automatically registered in the participant's name and the participant will have voting and dividend rights.																				
Determination of the number of rights	<p>The number of performance rights allocated to an Executive is based on the following calculation:</p> <table style="margin-left: auto; margin-right: auto; border-collapse: collapse;"> <tr> <td style="border: 1px solid black; padding: 5px; text-align: center;">Target LTI (\$)</td> <td style="padding: 0 10px;">÷</td> <td style="border: 1px solid black; padding: 5px; text-align: center;">Moderated face value of a performance right</td> <td style="padding: 0 10px;">=</td> <td style="border: 1px solid black; padding: 5px; text-align: center;">Number of performance rights allocated</td> </tr> </table> <p>Moderated face value reflects the face value of the share at the allocation date less the value of any dividends foregone by the award holder during the vesting period, i.e. <i>Share price x Dividend Discount Factor</i>.</p>		Target LTI (\$)	÷	Moderated face value of a performance right	=	Number of performance rights allocated

These ordinary shares are free of restrictions but are still subject to The Star Entertainment Group's Securities Trading Policy.																				
Cessation of employment	All unvested performance rights lapse immediately upon cessation of employment with The Star Entertainment Group. However, the Board has discretion in special circumstances to determine the number of performance rights retained and the terms applicable. Special circumstances include events such as retirement, redundancy, death and permanent disability.																				

REMUNERATION REPORT (AUDITED)

FOR THE YEAR ENDED 30 JUNE 2016

5. Performance and Reward Outcomes under the STPP

5.1 Group performance

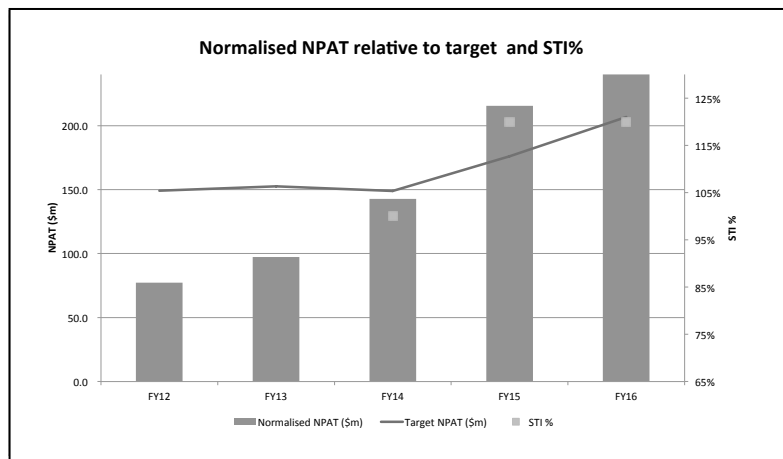

In determining whether any incentives are being paid and the size of the incentive pool, the Board considers both financial and non-financial performance against targets.

- Financial performance**

The financial performance measure driving the size of the STPP pool is Normalised NPAT of the Group.

The following chart shows The Star Entertainment Group’s reported Normalised NPAT relative to target over the last five financial years and the percentage of STIs awarded relative to the ‘on target’ amount. For FY16 the Normalised NPAT target was exceeded.

Figure 3: Normalised NPAT relative to target and percentage STI paid

No awards were made in FY12 and FY13 respectively, as targets were not achieved

- Non-financial performance**

The two non-financial measures taken into account for FY16 are Guest Service and Employee Engagement. For FY16, the Group met its Guest Service target and exceeded its Employee Engagement target.

- Outcome**

Based on the above-target financial performance and satisfactory non-financial performance, the Board approved the creation of an ‘above-target’ incentive pool at 120%. The total incentive pool amounted to approximately \$16.4m including \$3.9m to be delivered in restricted shares which are subject to a twelve month holding lock.

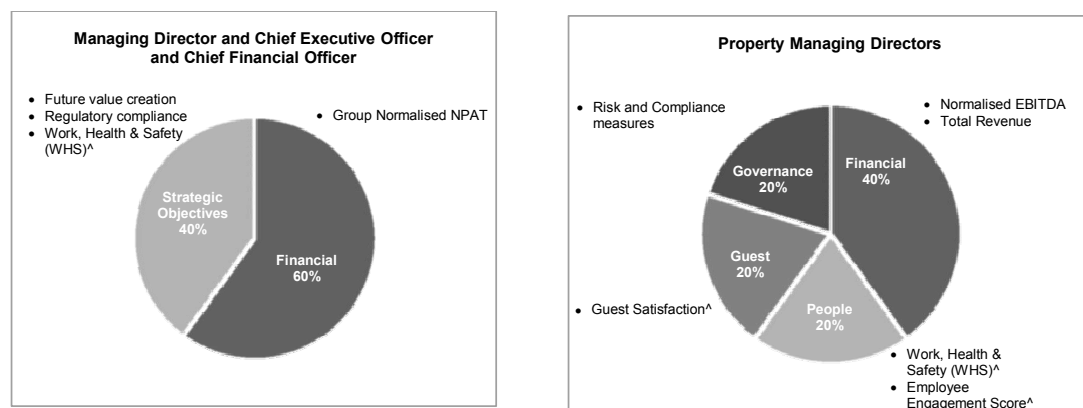

REMUNERATION REPORT (AUDITED)

FOR THE YEAR ENDED 30 JUNE 2016

5.2 Individual performance

In determining the individual STPP outcomes for Executives, their performance is assessed against their weighted balanced scorecard objectives as shown in the figure below. The objectives are based on the Group's key performance indicators (outlined in Table 4). Executives' behaviour, relative to the qualities and values of The Star Entertainment Group, is also taken into account when determining their individual performance rating and outcomes for the purposes of the STPP.

6. Performance and Reward Outcomes under the LTPP

Annual grants are made to Executives under the Group's LTPP to, predominantly, reward Executives for their contributions to sustainable shareholder value creation and to encourage retention.

6.1 Statutory performance indicators

The table below outlines the performance of the Group and shareholder returns over the last five financial years, noting the improved share price performance of the Company on the pcip and since FY12.

Table 5: Statutory key performance indicators over the last five financial years

Performance metric	FY12	FY13	FY14	FY15	FY16

(i) Comprises salary, salary sacrificed benefits (including motor vehicle novated leases) and annual leave expense.
(ii) Represents STPP award delivered as two-thirds cash award and one-third restricted shares. For accounting purposes, the charge relating to the grant of restricted shares is recognised as a share based payment expense in the income statement over the vesting period.
(iii) Comprises car parking, accommodation, airfares, travel costs, relocation expenses, living away from home benefits and taxation services where applicable. In FY15, Mr Hawkins received relocation reimbursement and benefits (flights, accommodation, initial setup costs) to support his relocation to New South Wales. Allowances ceased from FY17.
(iv) Comprises superannuation contributions per Superannuation Guarantee legislation and salary sacrificed superannuation.
(v) Represents the fair value of share based payments expensed by The Star Entertainment Group in relation to LTPP awards and includes reversal of previously recognised remuneration on cessation of employment where performance rights are forfeited.

9. NED Remuneration

Remuneration Policy

- NEDs receive a Board fee and a Committee fee for their participation as Chair or member of each Committee.
- NEDs do not receive any performance or incentive payments and are not eligible to participate in any of The Star Entertainment Group's reward programs. This policy aligns with the principle that NEDs act independently and impartially.
- Board fees are not paid to the Managing Director and Chief Executive Officer. Executives do not receive fees for directorships of any subsidiaries.

NED Fees

The aggregate fees payable to NEDs for their services as directors are limited to the maximum annual amount approved by shareholders, currently set at \$2,000,000 including superannuation contributions. Since the adoption of The Star Entertainment Group's Constitution on 6 June 2011, the Company has not sought shareholder approval to increase this limit.

Board and Committee fees effective from 1 January 2016 are shown in the table below. There was no increase in fees for FY16.

Table 11: Annual NED Fees (inclusive of superannuation)

	Board	Audit	Risk & Compliance	Remuneration	People, Culture & Social Responsibility	Investment & Capital Expenditure Review
Chair	\$475,000	\$35,000	\$30,000	\$30,000	\$30,000	\$30,000
Member	\$150,000	\$17,500	\$15,000	\$15,000	\$15,000	\$15,000

The Star Entertainment Group remunerates NEDs for the full month of fees irrespective of their commencement date. Observer fees are paid where the NED appointment is subject to regulatory approvals being obtained. Observer fees are equivalent to applicable Board and Committee fees.

10. Other information

10.1. KMP shareholdings

To align the interests of the Board and Executives with the interests of shareholders generally, the Board has approved minimum shareholding policies that apply to all KMP.

Minimum Shareholding Policy for Executives

Executives who are classified as KMP are encouraged to progressively acquire shares over a five year period from the date of their appointment (for new Executives), or within five years from the date of commencement of the policy (for existing Executives).

The Managing Director and Chief Executive Officer is encouraged to acquire and hold a minimum number of shares which is of equal value to 150% of one year's base salary at the time of his unconditional appointment.

Other Executives who are classified as KMP are encouraged to acquire and hold a minimum number of shares which is of equal value to 100% of one year's base salary at the time of their unconditional appointment.

Direct and indirect holdings in shares or performance rights will each count towards the minimum shareholding target.

Minimum Shareholding Policy for NEDs

NEDs are encouraged to hold shares of equal value to their respective annual base fees applicable at the time of their unconditional appointment.

The shares are to be acquired progressively over three years from the date of their unconditional appointment (for new directors), or within three years from the date of commencement of the policy (for existing directors).

Direct and indirect holdings will both count towards the minimum shareholding target. The tables below show the number of shares and performance rights held by KMP at the beginning and end of the financial year.

NOTES TO THE FINANCIAL STATEMENTS

FOR THE YEAR ENDED 30 JUNE 2016

A Key income statement disclosures

A1 Segment information

The Group's operating segments have been determined based on the internal management reporting structure and the nature of products and services provided by the Group. They reflect the business level at which financial information is provided to the executive decision makers, being the Managing Director and Chief Executive Officer and the Chief Financial Officer, for decision making regarding resource allocation and performance assessment.

The Group has three reportable segments:

The Star Sydney	Comprises The Star Sydney's casino operations, including hotels, apartment complex, restaurants, bars and night club.
Gold Coast	Comprises Jupiters' casino operations, including hotel, theatre, restaurants and bars.
Treasury Brisbane	Comprises Treasury's casino operations, including hotel, restaurants and bars.

NOTES TO THE FINANCIAL STATEMENTS

FOR THE YEAR ENDED 30 JUNE 2016

A2 Revenue

	2016 \$m	2015 \$m
Gaming	2,111.1	2,006.5
Non-gaming and other	246.6	251.1
Total gross revenue	2,357.7	2,257.6
Player rebates and promotional allowances	(89.6)	(117.3)
	2,268.1	2,140.3

Revenue is up \$127.8m or 6.0% on the prior comparable period (pcp) with the main revenue growth driven by the domestic gaming businesses. The International VIP Rebate business also showed growth of 1.3%.

Revenue

Revenue is measured at the fair value of the consideration received or receivable from the sale of goods and services in the ordinary course of the Group's activities. Revenue is recognised to the extent that it is probable that the economic benefits associated with a transaction will flow to the Group and the amount of revenue and associated costs incurred can be reliably measured. Revenue comprises net gaming win less player rebates and promotional allowances, as well as other non-gaming revenue from the hotels, restaurants and bars.

Customer loyalty programs

The Group operates customer loyalty programs enabling customers to accumulate award credits for gaming and on-property spend. A portion of the spend, equal to the fair value of the award credits earned and reduced for expected breakage, is treated as deferred revenue (refer to note F7). Revenue from the award credits is recognised in the income statement when the award is redeemed or expires.

A3 Expenses

Profit before income tax is stated after charging the following expenses and significant items:

Other income/(expenses)		
Net foreign exchange gain	0.8	2.3
Gain on sale of Jupiters Townsville (refer to note D6)	-	8.0
Other	-	(0.2)
	0.8	10.1
Government taxes and levies (including gaming GST):		
New South Wales	350.0	321.2
Queensland	154.6	152.3
	504.6	473.5
Government taxes and levies is up \$31.1m or 6.6% on the pcp driven by increased volumes across the domestic and International VIP Rebate business as well as a higher average gaming tax rate in The Star Sydney.		
Employment costs:		
Salaries, wages, bonuses and other benefits	551.9	532.1
Defined contribution plan expense (superannuation guarantee charges)	43.0	37.5
Share based payment expense (refer to note F10)	5.6	0.8
	600.5	570.4
Cost of inventories recognised as an expense during the year	81.8	79.5
Movement in provision for impairment of trade receivables (refer to note B2)	23.1	17.9
Operating lease charges	12.3	15.6
Significant items (refer to note A7)	-	3.7

NOTES TO THE FINANCIAL STATEMENTS

FOR THE YEAR ENDED 30 JUNE 2016

A4 Depreciation and amortisation

	2016 \$m	2015 \$m
Property, plant and equipment (refer to note B4)	135.6	140.1
Intangible assets (refer to note B5)	27.1	22.4
Other	1.1	1.2
	163.8	163.7

Depreciation is calculated using a straight line method. The useful lives over which the assets are depreciated are as follows (for further details of the useful lives of intangible assets refer to note B5):

Freehold and leasehold buildings	10 - 95 years
Leasehold improvements	4 - 75 years
Plant and equipment	5 - 20 years
Software	3 - 10 years
Licences	Until expiry

Operating equipment (which includes uniforms, casino chips, kitchen utensils, crockery, cutlery and linen) is recognised as a depreciation expense based on usage. The period of usage depends on the nature of the operating equipment and varies between 1 to 3 years.

The residual values and useful lives are reviewed annually, and adjusted if appropriate, at each financial reporting date.

A5 Net finance costs

Interest paid on borrowings	44.6	47.0
Capitalised to property, plant and equipment ^a	(1.7)	-
Borrowing costs	4.2	5.1
Finance costs	47.1	52.1
Interest income	(1.3)	(2.2)
Net finance costs recognised in the income statement	45.8	49.9

a Borrowing costs of \$1.7 million were capitalised during the year and are included in 'Additions' in note B4. The capitalisation rate was equal to the Group's weighted average cost of borrowings applicable to the Group's outstanding borrowings during the year.

Net finance costs of \$45.8 million were down 8.2% on the pcg as a result of a decrease in average debt year on year, capitalised interest and a reduction in the average interest rate on bank debt (a decrease from 7.5% to 7.4%).

A6 Dividends

	2016 Cents per share	2015 Cents per share
Dividends per share		
Interim dividend	5.5 ^b	5.0
Final dividend	7.5 ^c	6.0 ^a
Total dividend	13.0	11.0

A final dividend per share of 7.5 cents fully franked was declared, totalling 13.0 cents per share for the year, up 18.2% on the pcg and reflecting the improved performance and financial position of the Group.

Final dividend declared during the year ended 30 June 2016 ^c	61.9	49.5

- c Since the end of the financial year, the Directors have declared a final dividend of 7.5 cents per ordinary share (2015: 6 cents), fully franked. The aggregate amount is expected to be paid on 30 September 2016 out of retained earnings at 30 June 2016, but not recognised as a liability at the end of the year.

Franking credit balance

Amount of franking credits available to shareholders	79.2	19.1
--	------	------

A7 Significant items

Earnings before interest and tax (EBIT) is stated after charging the following significant items:

Queen's Wharf Brisbane bid process ^a	-	11.7
Gain on sale of Jupiters Townsville ^b	-	(8.0)
Net significant items	-	3.7

- a Costs relating to the Queen's Wharf Brisbane bid process, including master planning, architects, civil, financial, legal, consortium set up, communications, bid production and other administration costs.
- b Other income includes the gain on sale of Jupiters Townsville (refer to note D6).

Significant items are determined by management based on their nature and size. They are items of income or expense which are, either individually or in aggregate, material to the Group or to the relevant business segment and:

- not in the ordinary course of business, such as the cost of significant reorganisations or restructuring; or
- part of the ordinary activities of the business but unusual due to their size and nature, such as impairment of assets.

Other receivables

Other receivables are not past due or considered impaired. It is expected that these balances will be received as they fall due.

The chart below compares the ageing of trade receivables and amounts considered impaired as at 30 June 2016 and 30 June 2015 respectively.

Provision for impairment of trade receivables

The Group recognises a provision for impairment of trade receivables when there is objective evidence that an individual trade debt is impaired. Factors considered when determining if an impairment exists include the age of the debt, management’s experienced judgement, and other specific facts related to the debt.

NOTES TO THE FINANCIAL STATEMENTS

FOR THE YEAR ENDED 30 JUNE 2016

Intangible asset additions relate predominantly to software as the Group progresses its strategic priority to maximise value from technology, including further enhancing gaming and loyalty experience and delivering integrated and new IT platforms.

Asset useful lives and residual values

Intangible assets are amortised using the straight line method as follows:

- The Star Sydney casino licence is amortised from its date of issue until expiry in 2093.
- The Treasury Brisbane casino licence is amortised over the remaining life of the lease to which the licence is linked, which expires in 2070. The Group will continue to amortise the casino licence over its current term up until it is surrendered, following the opening of the Integrated Resort in Queen's Wharf Brisbane (**QWB**) which is expected in 2022.
- The Star Sydney casino concessions granted by the New South Wales government include effective casino exclusivity and product concessions in New South Wales which are amortised over the period of expected benefits, which is until 2019 and 2093 respectively.
- Software is amortised over useful lives of 3 to 10 years.
- Other assets include the contribution to the construction costs of the state government owned Gold Coast Convention and Exhibition Centre. The Group's Gold Coast casino is deriving future benefits from the contribution, which is being amortised over a period of 50 years.

Goodwill and impairment testing

Goodwill is assessed for impairment on an annual basis and is carried at cost less accumulated impairment losses. Refer to note B6 for the accounting policy on asset impairment and details of key assumptions included in the impairment testing calculation.

B6 Impairment testing and goodwill

Goodwill acquired through business combinations has been allocated to the applicable cash generating unit for impairment testing. Each cash generating unit represents a business operation of the Group.

Carrying amount of goodwill allocated to each cash generating unit

Cash generating unit (Reportable segment)	The Star Sydney \$m	Gold Coast \$m	Treasury Brisbane \$m	Total carrying amount \$m
2016	1,013.5	165.5	263.2	1,442.2
2015	1,013.5	165.5	263.2	1,442.2

The recoverable amount of each of the three cash generating units at year end (The Star Sydney, Gold Coast and Treasury Brisbane) is determined based on 'fair value less costs of disposal', which is calculated using the discounted cash flow approach. This approach utilises cash flow forecasts that represent a market participant's view of the future cash flows that would arise from operating and developing the Group's assets. These cash flows are principally based upon Board approved business plans for a five-year period, together with longer term projections and approved capital investment plans, extrapolated using an implied terminal growth rate of 2.5% (2015: 2.5%). These cash flows are then discounted using a relevant long term post-tax discount rate specific to each cash generating unit, ranging between 9.0% to 9.5% (2015: 9.0% to 9.4%). The pre-tax discount rates range between 12.9% to 13.6% (2015: 12.9% to 13.4%).

No impairment was recognised in any of the cash generating units at 30 June 2016 (2015: nil). The performance of the Group was driven both by the continued strong growth in the domestic gaming business (+6.8%) and record volume in the International VIP Rebate business (IRB) with revenue up 1.3%.

Key assumptions

The fair value measurement is valued using level 3 valuation techniques (refer to note E2(vi) for details of the levels). The key assumptions on which management based its cash flow projections when determining 'fair value less costs of disposal' are as follows:

i. Cash flow forecasts

The cash flow forecasts are based upon Board approved business plans for a five-year period, together with longer term projections and approved capital investment plans for each cash generating unit.

ii. Terminal value

The terminal growth rate used is in line with the forecast long term underlying growth rate in the Consumer Price Index (**CPI**).

NOTES TO THE FINANCIAL STATEMENTS

FOR THE YEAR ENDED 30 JUNE 2016

iii. Discount rates

Discount rates applied are based on the post tax weighted average cost of capital applicable to the relevant cash generating unit.

iv. Regulatory changes

Queensland

As outlined within note D5, upon opening of the Integrated Resort in 2022, the existing Treasury Brisbane casino will cease to operate and the Group will act as the operator of the QWB casino.

The Group currently holds a perpetual casino licence in Queensland that is attached to the lease of the current Treasury site that expires in 2070. Upon opening of the Integrated Resort, the Group's casino licence will be surrendered and Destination Brisbane Consortium (**DBC**) will be granted a casino licence for 99 years including an exclusivity period of 25 years.

The Group will surrender the Treasury Brisbane casino licence in exchange for the right to operate the new QWB casino. No incremental value nor impairment has been included in the fair value less cost of disposal of the Treasury Brisbane cash generating unit in relation to the right to operate the new QWB casino.

New South Wales

On 8 July 2014, Liquor and Gaming NSW (formerly the Independent Liquor and Gaming Authority) issued a restricted gaming licence to Crown Resorts Limited (**Crown**) to operate a restricted gaming facility at Barangaroo South, Crown Sydney Hotel Resort (**Crown Sydney**) from November 2019 onwards. On 28 June 2016, Crown announced that conditional planning approval had been received from the NSW Planning Assessment Commission, and that Crown is expecting to complete construction and open Crown Sydney in early 2021. The expected impact of Crown Sydney has been taken into consideration in determining the recoverable amount of The Star Sydney's cash generating unit at 30 June 2016. As further details of the final scope and timing of the proposed gaming facility become known, management will continue to consider the impact that this may have on the cash generating unit's carrying value.

v. Sensitivities

The key estimates and assumptions used to determine the 'fair value less costs of disposal' of a cash generating unit are based on management's current expectations after considering past experience, future investment plans and external information. They are considered to be reasonably achievable, however, significant changes in any of these key estimates, assumptions or regulatory environments may result in a cash generating unit's carrying value exceeding its recoverable value, requiring an impairment charge to be recognised.

For the Gold Coast, management considers that a 4 percentage point decline (2015: 2.9 percentage point decline) in the compound average growth rate is a reasonable possible change that could give rise to an impairment.

For The Star Sydney, the impact of Crown Sydney on the projected earnings and cash generating unit's carrying value has been assessed, taking into consideration the expected increase in competition as well as the expected increase in market size. A reasonably possible change in any of the assumptions used does not result in an impairment charge at 30 June 2016, however management will continue to monitor the assumptions with regards to the expected impact of Crown Sydney on The Star Sydney's carrying value.

Impairment of assets

Goodwill and indefinite life intangible assets are tested for impairment at least annually. Property, plant and equipment, other intangible assets and other financial assets are considered for impairment if there is a reason to believe that impairment may be necessary. Factors taken into consideration in reaching such a decision include the economic viability of the asset itself and where it is a component of a larger economic entity, the viability of the unit itself.

(ii) US Private Placement (USPP)

The Group's USPP borrowings have not changed during the year, and are summarised below.

2016/2015

Type	\$m USD	\$m (AUD)*	Maturity date
Series A	100.0	94.0	June 2018
Series B	360.0	336.0	June 2021
	<u>460.0</u>	<u>430.0</u>	

* The \$430.0 million USPP borrowings are stated in the table above at the AUD amount repayable under cross currency swaps at maturity. Interest is variable, linked to BBSW (Bank Bill Swap Rate), and a defined gearing ratio at the end of certain test dates. The \$460.0 million USD translates to \$617.3m AUD at 30 June 2016.

All of the above borrowings are subject to financial undertakings as to gearing interest cover.

Fair value disclosures

Details of the fair value of the Group's interest bearing liabilities are set out in note E2.

Financial Risk Management

As a result of USPP borrowings, the Group is exposed to the foreign currency risk through the movements in USD/AUD exchange rate. The Group has entered into cross currency swaps in order to hedge this exposure. As at 30 June 2016, 100% of the USPP borrowings balance of US\$460.0 million is hedged.

The Group is also exposed to the interest rate risk as a result of bank loans and USPP borrowings. To hedge against this risk, the Group has entered into interest rate swaps. As at 30 June 2016, out of the total interest bearing liabilities, 68.3% has been hedged against the interest rate risk. Further details about the Group's exposure to interest rate and foreign currency movements are provided in notes E1 and E2.

a The Group leases property (including The Star Sydney and Treasury Brisbane property leases) under operating leases expiring between 1 to 77 years. Leases generally provide the Group with a right of renewal at which time all terms are renegotiated. Lease payments comprise a base amount plus an incremental contingent rental. Contingent rentals are based on either movements in the CPI or are subject to market rate review. Operating lease commitments also include commitments in relation to the leasing of aircraft.

(ii) Other commitments ^b

	<u>278.9</u>	<u>63.8</u>

b Other commitments as at 30 June 2016 include capital construction and related costs in connection with the Gold Coast refurbishment and redevelopment at The Star Sydney.

The Group will invest approximately \$1 billion into Destination Brisbane Consortium to fund the construction of the Integrated Resort (expected to open in 2022).

Commitments include operating lease commitments for The Star Sydney and Treasury Brisbane properties, as well as capital commitments in relation to the redevelopment of the Gold Coast and The Star Sydney, both of which are well underway. Refer to note D5 for commitments in respect of investments in associates and joint ventures.

C2 Contingent liabilities

Legal challenges

There are outstanding legal actions between the Company and its controlled entities and third parties as at 30 June 2016. The Group has notified its insurance carrier of all relevant litigation and believes that any damages (other than exemplary damages) that may be awarded against the Group, in addition to its costs incurred in connection with the action, will be covered by its insurance policies where such policies are in place. Where there are no policies in place, provisions are made for known obligations where the existence of a liability is probable and can be reasonably quantified. As the outcomes of these actions remain uncertain, contingent liabilities exist for possible amounts eventually payable that are in excess of the amounts covered for by the insurance policies in place or of the amounts provided for.

Financial guarantees

Refer to note E1 for details of financial guarantees provided by the Group at the reporting date.

C3 Subsequent events

Other than those events disclosed in the Directors' Report or elsewhere in these financial statements, there have been no other significant events occurring after the balance sheet date and up to the date of this report, which may materially affect either the Group's operations or results of those operations or the Group's state of affairs.

NOTES TO THE FINANCIAL STATEMENTS

FOR THE YEAR ENDED 30 JUNE 2016

D5 Investment in associates and joint ventures

Set out below are the investments of the Group as at 30 June 2016 which, in the opinion of the Directors, are material to the Group. The entities listed below have share capital consisting solely of ordinary shares, which are held by the Group. The country of incorporation is also their principal place of business, and the proportion of ownership interest is the same as the proportion of voting rights held.

2016 Name of entity	Country of incorporation	% of ownership	Nature of ownership	Measurement method	Carrying amount \$m
Destination Brisbane Consortium Integrated Resort Holdings Pty Ltd (i)	Australia	50	Associate	Equity method	16.2
Festival Car Park Pty Ltd (ii)	Australia	50	Joint venture	Equity method	13.1
Total equity accounted investments					29.3

(i) Destination Brisbane Consortium Integrated Resort Holdings Pty Ltd

On 16 November 2015, the Company announced that Destination Brisbane Consortium (**DBC**) had entered into development agreements with the Queensland Government for the delivery of the Queen's Wharf Brisbane project. This follows the Queensland Government's selection of DBC as the preferred proponent on 20 July 2015.

The Group has partnered with Hong Kong-based organisations Chow Tai Fook Enterprises Limited (**CTF**) and Far East Consortium International Limited (**FEC**) to form DBC for the Queen's Wharf Brisbane Project. The parties have formed two vehicles (the Integrated Resort Joint Venture and the Residential Joint Venture), which together are responsible for completing the Queen's Wharf Brisbane project.

Consistent with the ownership structure, the Group will contribute 50% of the capital to the development of the Integrated Resort and act as the casino operator under a long dated casino management agreement. CTF and FEC will each contribute 25% of the capital to the development of the Integrated Resort. CTF and FEC will each contribute 50% of the capital to undertake the residential and related component of the broader Queen's Wharf Brisbane development. The Group is not a party to the Residential Joint Venture.

The Group will also retain ownership of the existing Treasury Brisbane casino and hotel buildings under a long-dated lease. When the Integrated Resort operations commence, the Treasury Brisbane casino will cease to operate in the current location and the Treasury Brisbane casino and hotel buildings will be repurposed into retail facilities and premium hotel accommodation.

The cost of the Group's equity investment for the year ended 30 June 2016 is \$16.2m. The 50% interest in DBC is accounted for using the equity method in the consolidated financial statements.

Through the shareholder agreement, the Group holds 50% of the voting rights in DBC, however significant decisions require either 75% or unanimous approval by the Board. The ownership interest does not provide the Group the unilateral ability to direct the decision making of the Board. The Group has therefore determined that it has significant influence over DBC.

Commitments and contingent liabilities

DBC will invest approximately \$2 billion to fund the construction of the Integrated Resort, which is expected to open in 2022 (subject to various approvals).

Summarised financial information

The financial statements of the associate is prepared for the same reporting period as the Group and follow the same accounting policies of the Group.

(ii) **Festival Car Park Pty Ltd**

On 31 March 2016 an interest was acquired in Festival Car Park Pty Ltd that operates the Festival Car Park on Charlotte Street in Brisbane. This is a joint venture with CTF and FEC, of which the Group owns a 50% interest.

The shareholder agreement for Festival Car Park Pty Ltd requires unanimous consent for each Board decision for the relevant activities of operating the car park. Due to the unanimous requirement for decisions, each party has joint control of the entity. The entity is designed to exist on its own and the agreement does not grant the rights to assets and liabilities directly to the Group. The investment has therefore been classified as a joint venture.

Commitments and contingent liabilities

The joint venture had capital commitments of \$0.3m as at 30 June 2016. There were no other contingent liabilities.

Summarised financial information

The financial statements of the joint venture are prepared based on financial information that is unaudited and prepared for reporting purposes. The joint venture has a financial year end date of 31 March.

D6 Completion of the sale of Jupiters Townsville

On 1 October 2014, the Group sold its Jupiters Townsville complex to Colonial Leisure Group for \$70.0 million. The transaction was for the sale of all the shares and units in Breakwater Island Limited and Breakwater Island Trust respectively. The net carrying value of the assets and liabilities sold was \$61.8 million. The gain on sale, net of transaction costs, was \$8.0 million and has been recognised within other income in the income statement and disclosed as a significant item in the prior year (refer to note A7).

The net cash inflow disclosed in the consolidated statement of cash flows of \$67.5 million is the net proceeds on sale and was used to repay debt. The segment result of Jupiters Townsville for the three month period ended 30 September 2014 has been included in the 'Gold Coast' reportable segment in note A1.

FOR THE YEAR ENDED 30 JUNE 2016

E Risk Management

E1 Financial risk management objectives and policies

The Group's principal financial instruments, other than derivatives, comprise cash, short term deposits, bank bills, Australian denominated bank loans, and foreign currency denominated notes.

The main purpose of these financial instruments is to raise debt capital for the Group's operations. The Group has various other financial assets and liabilities such as trade receivables and trade payables, which arise directly from its operations. Derivative transactions are also entered into by the Group, being interest rate swaps, cross currency swaps and forward currency contracts, the purpose being to manage interest rate and currency risks arising from the Group's operations and sources of finance.

The Group's risk management policy is carried out by the Corporate Treasury function under the Group Treasury Policy approved by the Board. Corporate Treasury reports regularly to the Board on the Group's risk management activities and policies. It is, and has been throughout the period under review, the Group's policy that no trading in financial instruments shall be undertaken.

The main risks arising from the Group's financial instruments are interest rate risk, foreign currency risk, credit risk and liquidity risk.

Details of significant accounting policies and methods adopted, including criteria for recognition, the basis of measurement and the basis on which income and expenses are recognised, in respect of each class of financial asset, financial liability and equity instrument, are disclosed in note G.

Interest rate risk

The Group has a policy of controlling exposure to interest rate fluctuations by the use of fixed and variable rate debt and by the use of interest rate swaps or caps. It has entered into interest rate swap agreements to hedge underlying debt obligations and allow floating rate borrowings to be swapped to fixed rate borrowings. Under these arrangements, the Group will pay fixed interest rates and receive the bank bill swap rate calculated on the notional principal amount of the contracts.

At 30 June 2016 after taking into account the effect of interest rate swaps, approximately 68.3% (2015: 74.1%) of the Group's borrowings are at a fixed rate of interest.

Foreign currency risk

As a result of issuing private notes denominated in US Dollars (**USD**), the Group's balance sheet can be affected by movements in the USD/AUD exchange rate. In order to manage this exposure, the Group has entered into cross currency swaps to fix the exchange rate on the notes until maturity. The Group agrees to exchange a fixed USD amount for an agreed Australian Dollar (**AUD**) amount with swap counterparties, and re-exchange this again at maturity. These swaps are designated to hedge the principal and interest obligations under the private notes.

The Group has operating leases for two aircrafts invoiced in USD. The Group has entered into foreign exchange forward contracts to hedge against the USD currency risk, by exchanging the future USD lease payments to AUD amounts.

Credit risk

Credit risk on financial assets which have been recognised on the balance sheet, is the carrying amount less any allowance for non recovery. The Group minimises credit risk via adherence to a strict credit risk management policy. Collateral is not held as security.

Credit risk in trade receivables is managed in the following ways:

- The provision of cheque cashing facilities for casino gaming patrons is subject to detailed policies and procedures designed to minimise any potential loss, including the use of a central credit agency which collates information from the major casinos around the world; and
- The provision of non gaming credit is covered by a risk assessment process for customers using the Credit Reference Association of Australia, bank opinions and trade references.

Receivable balances are monitored on an ongoing basis with the result that the Group's exposure to bad debts is carefully managed and controlled.

With respect to credit risk arising from other financial assets of the Group, which comprise cash and cash equivalents (including short term deposits and bank bills), the maximum exposure of the Group to credit risk from default of a counterparty is equal to the carrying amount of these instruments.

In relation to financial liabilities, credit risk arises from the potential failure of counterparties to meet their obligations under the contract or arrangement. The Group's maximum credit risk exposure in respect of interest rate swap contracts, cross currency swap contracts and forward currency contracts is detailed in note E2.

NOTES TO THE FINANCIAL STATEMENTS

FOR THE YEAR ENDED 30 JUNE 2016

Credit risk includes liabilities under financial guarantees. For financial guarantee contract liabilities, the fair value at initial recognition is determined using a probability weighted discounted cash flow approach. The fair value of financial guarantee contract liabilities has been assessed as nil (2015:nil), as the possibility of an outflow occurring is considered remote. Details of the financial guarantee contracts in the balance sheet are outlined below.

Fixed and floating charges

The controlled entities denoted (b) in note D1 have provided Liquor and Gaming NSW with a fixed and floating charge over all of the assets and undertakings of each company to secure payment of all monies and the performance of all obligations which they have to Liquor and Gaming NSW.

Guarantees and indemnities

The controlled entities denoted (b) in note D1 have entered into a guarantee and indemnity agreement in favour of Liquor and Gaming NSW whereby all parties to the agreement are jointly and severally liable for the performance of the obligations and liabilities of each company participating in the agreement with respect to agreements entered into and guarantees given.

The Star Entertainment Finance Limited and The Star Entertainment International No. 3 Pty Ltd are called upon to give in the ordinary course of business, guarantees and indemnities in respect of the performance of their contractual and financial obligations. The maximum amount of these guarantees and indemnities is \$117.3 million (2015: \$121.2 million).

Liquidity risk

Liquidity risk arises from the financial liabilities of the Group and the Group's subsequent ability to meet its obligations to repay its financial liabilities as and when they fall due.

The Group's objective is to maintain a balance between continuity of funding and flexibility through the use of bank loans and notes.

The Group manages liquidity risk by maintaining a forecast of expected cash flow which is monitored and reviewed on a regular basis. To help reduce liquidity risk, the Group targets a minimum level of cash and cash equivalents to be maintained, and has revolving facilities in place with sufficient undrawn funds available.

The Group's policy is that not more than 33% of debt facilities should mature in any financial year within the next four years. At 30 June 2016, the Group's debt facilities that will mature in less than one year is nil (2015: \$150 million). The next debt maturity is the working capital facility of \$150 million in January 2018. This represents 18.5% of total debt and is within the Group's policy.

Refer to notes B7 and E2 for maturity of financial liabilities.

The contractual cash flows including principal and estimated interest receipts or payments of financial assets or liabilities are as follows:

Financial instruments - sensitivity analysis

Interest rates - AUD and USD

The following sensitivity analysis is based on interest rate risk exposures in existence at year end.

At 30 June, if interest rates had moved, as illustrated in the table below, with all other variables held constant, post tax profit and other comprehensive income would have been affected as follows:

	Net profit after tax higher/(lower) \$m	Other comprehensive income higher/(lower) \$m
2016		
AUD		
+ 0.5% (50 basis points)	(0.5)	6.9
- 0.5% (50 basis points)	0.5	(7.1)
USD		
+ 0.5% (50 basis points)	-	(10.1)
- 0.25% (25 basis points)	-	5.2
2015		
AUD		
+ 0.5% (50 basis points)	(0.3)	8.3
- 0.5% (50 basis points)	0.3	(8.5)
USD		
+ 0.5% (50 basis points)	-	(11.8)
- 0.25% (25 basis points)	-	6.0

NOTES TO THE FINANCIAL STATEMENTS

FOR THE YEAR ENDED 30 JUNE 2016

The movements in profit are due to higher/lower interest costs from variable rate debt and investments. The movement in other comprehensive income is due to an increase/decrease in the fair value of financial instruments designated as cash flow hedges.

The numbers derived in the sensitivity analysis are indicative only.

Significant assumptions used in the interest rate sensitivity analysis include:

- reasonably possible movements in interest rates were determined based on the Group's current credit rating and mix of debt, relationships with financial institutions and the level of debt that is expected to be renewed, as well as a review of the last two years' historical movements and economic forecaster's expectations;
- price sensitivity of derivatives is based on a reasonably possible movement of spot rates at the balance sheet dates; and
- the net exposure at the balance sheet date is representative of what the Group was, and is expecting to be, exposed to in the next twelve months.

Foreign Exchange

The following sensitivity analysis is based on foreign currency risk exposures in existence at the balance sheet date. At 30 June, had the AUD moved, as illustrated in the table below, with all other variables held constant, post tax profit and other comprehensive income would have been affected as follows:

Judgements of reasonably possible movements:

	Net profit after tax higher/(lower)	Other comprehensive income higher/(lower)	Net profit after tax higher/(lower)	Other comprehensive income higher/(lower)
	2016	2016	2015	2015
	\$m	\$m	\$m	\$m
AUD/USD + 10 cents	-	(10.9)	-	(10.1)
AUD/USD - 10 cents	-	14.3	-	13.2

There is no movement in net profit after tax as the Group has fully hedged its foreign currency exposure to the US Private Placement (*USPP*).

The movement in other comprehensive income is due to an increase/decrease in the fair value of financial instruments designated as cash flow hedges. Management believes the balance sheet date risk exposures are representative of the risk exposure inherent in the financial instruments. The numbers derived in the sensitivity analysis are indicative only.

Significant assumptions used in the foreign currency exposure sensitivity analysis include:

- reasonably possible movements in foreign exchange rates were determined based on a review of the last two years' historical movements and economic forecaster's expectations;
- the reasonably possible movement of 10 cents was calculated by taking the USD spot rate as at balance sheet date, moving this spot rate by 10 cents and then re-converting the USD into AUD with the 'new spot-rate'. This methodology reflects the translation methodology undertaken by the Group;
- price sensitivity of derivatives is based on a reasonably possible movement of spot rates at the balance sheet dates; and
- the net exposure at the balance sheet date is representative of what the Group was, and is expecting to be, exposed to in the next 12 months.

E2 Additional financial instruments disclosure

(i) Fair values

The fair value of the Group's financial assets and financial liabilities approximates their carrying value as at the balance sheet date.

Swaps

Fair value is calculated using discounted future cash flow techniques, where estimated cash flows and estimated discount rates are based on market data at the balance sheet date.

Forward currency contracts

Fair value is calculated using forward exchange market rates at the balance sheet date.

NOTES TO THE FINANCIAL STATEMENTS

FOR THE YEAR ENDED 30 JUNE 2016

USPP

Fair value is calculated using discounted future cash flow techniques, where estimated cash flows and estimated discount rates are based on market data at the balance sheet date, in combination with restatement to current foreign exchange rates.

(ii) Interest rate risk

The Group had the following classes of financial assets and financial liabilities exposed to floating interest rate risk:

	2016	2015
	\$m	\$m
Financial assets		
Cash assets	55.7	22.6
Short term deposits	30.2	100.4
Total financial assets	85.9	123.0
Financial liabilities		
Bank loans - unsecured ^a	200.0	150.0
USPP cross currency swaps	430.0	430.0
Derivatives ^b	(430.0)	(430.0)
Total financial liabilities	200.0	150.0

a Interest on financial instruments classified as floating rate is repriced at intervals of less than one year. The floating rates represent the most recently determined rate applicable to the instrument at the balance sheet date.

b Notional principal amounts.

(iii) Financial instruments - interest rate swaps

Interest rate swaps meet the requirements to qualify for cash flow hedge accounting and are stated at fair value.

These swaps are being used to hedge the exposure to variability in cash flows attributable to movements in the reference interest rate of the designated debt or instrument and are assessed as highly effective in offsetting changes in the cash flows attributable to such movements. Hedge effectiveness is measured by comparing the change in the fair value of the hedged item and the hedging instrument respectively each quarter. Any difference represents ineffectiveness and is recorded in the income statement.

The notional principal amounts and periods of expiry of the interest rate swap contracts are as follows:

Less than one year	-	-
One to five years	94.0	94.0
More than five years	336.0	336.0
Notional Principal	430.0	430.0
Fixed interest rate range p.a.	6.0% - 7.3%	6.0% - 7.3%
Variable interest rate range p.a.	2.0%	2.2%

Net settlement receipts and payments are recognised as an adjustment to interest expense on an accruals basis over the term of the swaps, such that the overall interest expense on borrowings reflects the average cost of funds achieved by entering into the swap agreements.

(iv) Financial instruments - cross currency swaps

Cross currency swap contracts are classified as cash flow hedges and are stated at fair value.

These cross currency swaps, in conjunction with interest rate swaps are being used to hedge the exposure to the cash flow variability in the value of the USD debt under the USPP and are assessed as highly effective in offsetting changes in movements in the forward USD exchange rate. Hedge effectiveness is measured by comparing the change in the fair value of the hedged item and the hedging instrument respectively each quarter. Any difference represents ineffectiveness and is recorded in the income statement.

NOTES TO THE FINANCIAL STATEMENTS

FOR THE YEAR ENDED 30 JUNE 2016

The principal amounts and periods of expiry of the cross currency swap contracts are as follows:

	2016		2015	
	AUD \$m	USD \$m	AUD \$m	USD \$m
One to five years	94.0	100.0	94.0	100.0
More than five years	336.0	360.0	336.0	360.0
Notional principal	430.0	460.0	430.0	460.0
Fixed interest rate range p.a.		5.1% - 5.7%		5.1% - 5.7%
Variable interest rate range p.a.	4.9% - 5.2%		5.1% - 5.3%	

The terms and conditions in relation to interest rate and maturity of the cross currency swaps are similar to the terms and conditions of the underlying hedged US Private Placement borrowings as set out in note B7.

(v) Financial instruments - forward currency contracts

Forward currency contracts meet the requirements to qualify for cash flow hedge accounting and are stated at fair value.

These contracts are being used to hedge the exposure to variability in the movement USD exchange rate arising from the Group's operations and are assessed as highly effective hedges as they are matched against known and committed payments. Any gain or loss on the hedged risk is taken directly to equity.

The notional amounts and periods of expiry of the foreign currency contracts are as follows:

	2016	2015
	\$m	\$m
Buy USD / sell AUD		
Less than one year	7.7	7.7
One to five years	8.7	16.4
More than five years	-	-
Notional principal	16.4	24.1
Average exchange rate (AUD/USD)	0.92	0.92

(vi) Financial instruments - fair value hierarchy

There are various methods available in estimating the fair value of a financial instrument. The methods comprise:

- Level 1 the fair value is calculated using quoted prices in active markets.
- Level 2 the fair value is estimated using inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly (as prices) or indirectly (derived from prices).
- Level 3 the fair value is estimated using inputs for the asset or liability that are not based on observable market data.

All of the Group's derivative financial instruments are valued using the Level 2 valuation techniques, being observable inputs. There have been no transfers between levels during the year.

NOTES TO THE FINANCIAL STATEMENTS

FOR THE YEAR ENDED 30 JUNE 2016

(iii) Tax consolidation

Effective June 2011, The Star Entertainment Group Limited (the **Head Company**) and its 100% owned subsidiaries formed an income tax consolidation group. Members of the tax consolidation group entered into a tax sharing arrangement that provides for the allocation of income tax liabilities between the entities should the Head Company default on its tax payment obligations. At balance date, the possibility of default is remote.

Tax effect accounting by members of the tax consolidation group

Members of the tax consolidation group have entered into a tax funding agreement effective June 2011. Under the terms of the tax funding agreement, the Head Company and each of the members in the tax consolidation group have agreed to make a tax equivalent payment to or from the Head Company, based on the current tax liability or current tax asset of the member. Deferred taxes are recorded by members of the tax consolidation group in accordance with the principles of AASB 112 'Income Taxes'. Calculations under the tax funding agreement are undertaken for statutory reporting purposes.

The allocation of taxes under the tax funding agreement is recognised as either an increase or decrease in the subsidiaries' intercompany accounts with the Head Company. The Group has chosen to adopt the Group Allocation method as outlined in Interpretation 1052 'Tax Consolidation Accounting' as the basis to determine each members' current and deferred taxes. The Group Allocation method as adopted by the Group will not give rise to any contribution or distribution of the subsidiaries' equity accounts as there will not be any differences between the current tax amount that is allocated under the tax funding agreement and the amount that is allocated under the Group Allocation method.

(iv) Income tax payable

The balance of income tax payable is the net of current tax and tax instalments/refunds during the year. A current tax liability arises where current tax exceeds tax instalments paid and a current tax receivable arises where tax instalments paid exceed current tax.

NOTES TO THE FINANCIAL STATEMENTS

Carrying amount at end of the year	9.2	3.8

Nature and timing of provisions

Workers' compensation

The Group self insures for workers' compensation in both New South Wales and Queensland. A valuation of the estimated claims liability for workers' compensation is undertaken annually by an independent actuary. The valuations are prepared in accordance with the relevant legislative requirements of each state and 'Professional Standard 300' of the Institute of Actuaries. The estimate of claims liability includes a margin over case estimates to allow for the future development of known claims, the cost of incurred but not reported claims and claims handling expenses, which are determined using a range of assumptions. The timing of when these costs will be incurred is uncertain.

Nature and purpose of reserves

- a The hedging reserve records fair value changes on the portion of the gain or loss on a hedging instrument in a cash flow hedge that is determined to be an effective hedge.
- b The share based payments reserve is used to recognise the value of equity settled share based payment transactions provided to employees, including Key Management Personnel as part of their remuneration. Refer to note F10 for further details on these plans.

(iii) Capital management

The Group's objectives when managing capital are to ensure the Group continues as a going concern while providing optimal returns to shareholders and benefits for other stakeholders, and to maintain an optimal capital structure to reduce the cost of capital.

In order to maintain or adjust the capital structure, the Group may adjust the amount of dividends to be paid to shareholders, return capital to shareholders or issue new shares. Gearing is managed primarily through the ratio of net debt to earnings before interest, tax, depreciation, amortisation and impairment (EBITDA).

NOTES TO THE FINANCIAL STATEMENTS

FOR THE YEAR ENDED 30 JUNE 2016

Net debt comprises interest bearing liabilities, with US dollar borrowings translated at the 30 June 2016 USD/AUD spot rate of 1.3421 (2015: 1.3026), after adjusting for cash and cash equivalents and derivative financial instruments.

The Group's capital management also aims to ensure that it meets financial covenants attached to the interest bearing loans and borrowings that define capital structure requirements. There have been no breaches of the financial covenants of any interest bearing loans and borrowings in the current period. Other than the banking covenants referred to in note B7, the Group is not subject to externally imposed capital requirements.

F10 Employee share plans

During the current and prior periods, the Group issued Performance Rights under the Long Term Performance Plan to eligible employees. The share based payment expense of \$5.6 million (2015: \$0.8 million) in respect of the equity instruments granted is recognised in the income statement. The movement in the reserves of \$3.2 million is shown net of shares purchased of \$2.4 million.

The number of Performance Rights granted to employees and forfeited or lapsed during the year are set out below.

2016 Grant Date	Balance at start of year	Granted during the year	Forfeited during the year	Lapsed during the year	Vested during the year	Balance at end of year
19 September 2012	540,583	-	-	-	-	540,583

The grants of 20 September 2011 and 19 September 2012 included market-based hurdles. Grants from 1 October 2013 includes a market based hurdle and an EPS component. The Performance Rights have been independently valued. For the relative TSR component, valuation was based on assumptions underlying the Black-Scholes methodology to produce a Monte-Carlo simulation model. For the EPS component, a discounted cash flow technique was utilised. The total value does not contain any specific discount for forfeiture if the employee leaves the Group during the vesting period. This adjustment, if required, is based on the number of equity instruments expected to vest at the end of each reporting period.

- a Performance rights granted on 20 September 2011 were tested on 20 September 2014 and did not vest. The TSR percentile rank for the Company was 20.6% and TSR was -7.36%; as a result these Performance Rights lapsed and no shares were issued to participants.

The key assumptions underlying the Performance Rights valuations are set out below:

Effective grant date	Test and vesting date	Share price at date of grant \$	Expected volatility in share price %	Expected dividend yield %	Risk free interest rate %	Value per Performance Right \$
20 September 2011	20 September 2014	3.61	30.00 %	3.00 %	3.57 %	2.15

G Accounting policies and corporate information

Significant accounting policies are contained within the financial statement notes to which they relate and are not detailed in this section.

Corporate Information

The Star Entertainment Group Limited (the **Company**) is a company incorporated and domiciled in Australia. The Financial Report of the Company for the year ended 30 June 2016 comprises the Company and its controlled entities (collectively referred to as **the Group**). The Company's registered office is Level 3, 159 William Street, Brisbane QLD 4000.

The Company is of the kind specified in Australian Securities and Investments Commission (**ASIC**) Instrument 2016/191. In accordance with that Instrument, amounts in the Financial Report and the Directors' Report have been rounded to the nearest hundred thousand dollars, unless specifically stated to be otherwise. All amounts are in Australian dollars (\$). The Company is a for profit organisation.

The Financial Report was authorised for issue by the Directors on 26 August 2016.

Basis of preparation

The Financial Report is a general purpose Financial Report which has been prepared in accordance with the Corporations Act 2001, Australian Accounting Standards and other mandatory Financial Reporting requirements in Australia.

The financial statements comply with International Financial Reporting Standards (**IFRS**) as issued by the International Accounting Standards Board.

The financial statements have been prepared under the historical cost convention except as disclosed in the accounting policies below and elsewhere in this report. The policies used in preparing the financial statements are consistent with those of the previous year except as indicated under 'Changes in accounting policies and disclosures'.

Significant accounting judgements, estimates and assumptions

Preparation of the financial statements in conformity with Australian Accounting Standards and IFRS requires management to make judgements, estimates and assumptions that affect the reported amounts of assets and liabilities and the disclosure of contingent liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period.

In the process of applying the Group's accounting policies, management has made the following judgements, which have the most significant effect on the amounts recognised in the consolidated financial statements:

- Asset useful lives and residual values (refer notes A4 and B5);

- Impairment of assets (refer note B6);
- Valuation of derivatives and other financial instruments (refer note B3);
- Provision for impairment of trade receivables (refer note B2);
- Significant items (refer note A7); and
- Provisions (refer note F6).

Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of the asset or liability in future periods.

Changes in accounting policies and disclosures

The Group has adopted the following new and amended accounting standards, which became applicable from 1 July 2015:

Reference	Title
AASB 2015-3	Amendments to Australian Accounting Standards arising from the withdrawal of AASB 1031 Materiality

The adoption of these standards did not have any material effect on the financial position or performance of the Group, additional disclosures have been made where required.

Standards and amendments issued but not yet effective

The Group has not applied Australian Accounting Standards and IFRS that were issued or amended but not yet effective. These Standards are disclosed in the table below:

Reference	Title	Application date
AASB 9 *	Financial Instruments	1 January 2018
AASB 2014-4	Clarification of Acceptable Methods of Depreciation and Amortisation (Amendments to AASB 116 and AASB 138)	1 January 2016
AASB 15 *	Revenue from Contracts with Customers	1 January 2018
AASB 2015-1	Amendments to Australian Accounting Standards – Annual Improvements to Australian Accounting Standards 2012-2014 Cycle	1 January 2016
AASB 2015-2	Amendments to Australian Accounting Standards-Disclosure Initiative: Amendments to AASB 101	1 January 2016
AASB 16 *	Leases	1 January 2019

*AASB 9 will replace AASB 139 Financial Instruments: Recognition and Measurement. The Group is currently assessing the impact of the new requirements on the consolidated financial statements.

*AASB 15 specifies how and when revenue is recognised, based on the concept of recognising revenue for performance obligations as they are satisfied. AASB 15 also requires enhanced disclosures. The Group is currently assessing the impact of the new requirements on the consolidated financial statements.

*AASB 16 will replace AASB 117 Leases. It requires recognition of a right of use asset along with the associated lease liability where the Group is a lessee. Interest expense will be recognised in profit or loss using the effective interest rate method, and the right of use asset will be depreciated.

NOTES TO THE FINANCIAL STATEMENTS

FOR THE YEAR ENDED 30 JUNE 2016

The standard is effective for annual reporting periods beginning on or after 1 January 2019. The Group will first apply AASB 16 in the financial year beginning 1 July 2019. The Group is currently assessing the impact of the new requirements on the consolidated financial statements.

Basis of consolidation

Controlled entities

The Group controls an entity when the Group is exposed, or has rights, to variable returns from its involvement with the entity and has the ability to affect those returns through its power over the entity.

Controlled entities are consolidated from the date control is transferred to the Group and are no longer consolidated from the date control ceases.

Intercompany transactions, balances and unrealised gains on transactions between Group companies are eliminated.

Foreign currency

The consolidated financial statements are presented in Australian dollars (\$) which is the Group's functional and presentation currency.

Transactions and balances

Transactions denominated in foreign currencies are translated at the rate of exchange ruling on the transaction date.

Monetary items denominated in foreign currencies are translated at the rate of exchange ruling at the end of the reporting period. Gains and losses arising from the translation are credited or charged to the income statement with the exception of differences on foreign currency borrowings that are in an effective hedge relationship. These are taken directly to equity until the liability is extinguished, at which time they are recognised in the income statement.

Net finance costs

Finance income is recognised as the interest accrues, using the effective interest method. Finance costs consist of interest and other borrowing costs incurred in connection with the borrowing of funds. Finance costs directly associated with qualifying assets are capitalised, all other finance costs are expensed in the period they occur.

Taxation

Income tax

Income tax comprises current and deferred income tax. Income tax is recognised in the income statement except to the extent that it relates to items recognised directly in equity, in which case it is recognised in equity.

Current tax is the expected tax payable on the taxable income for the period, and any adjustment to tax payable in respect of previous years.

Deferred tax is provided using the balance sheet method, providing for temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the amounts used for taxation purposes. The following temporary

differences are not provided for:

- goodwill; and
- the initial recognition of an asset or liability in a transaction which is not a business combination and that affect neither accounting nor taxable profit at the time of the transaction.

The amount of deferred tax provided is based on the expected manner of realisation or settlement of the carrying amount of assets and liabilities.

A deferred tax asset is recognised only to the extent that it is probable that future taxable profits will be available against which the asset can be utilised.

Deferred tax assets and deferred tax liabilities are offset only if a legally enforceable right exists to set off current tax assets against current tax liabilities and the deferred tax assets and liabilities relate to the same taxable entity and the same taxation authority.

Deferred income tax assets and liabilities are measured at the tax rates that are expected to apply to the year when the asset is realised or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date.

Goods and Services Tax (GST)

Revenues, expenses, assets and liabilities are recognised net of the amount of GST except:

- when the GST incurred on a purchase of goods and services is not recoverable from the taxation authority, in which case the GST is recognised as part of the cost of acquisition of the asset or as part of the expense item as applicable;
- casino revenues, due to the GST being offset against government taxes; and
- receivables and payables, which are stated with the amount of GST included.

The net amount of GST recoverable from, or payable to, the taxation authority is included as part of receivables or payables in the balance sheet.

Cash flows are included in the statement of cash flows on a gross basis and the GST component of cash flows arising from investing and financing activities, which is recoverable from, or payable to, the taxation authority is classified as operating cash flows.

Cash and cash equivalents

Cash and cash equivalents are carried in the balance sheet at face value. Cash and cash equivalents include cash balances and call deposits with an original maturity of three months or less. Bank overdrafts that are repayable on demand and form an integral part of the Group's cash management are included as a component of cash for the purpose of the statement of cash flows.

NOTES TO THE FINANCIAL STATEMENTS

FOR THE YEAR ENDED 30 JUNE 2016

Trade and other receivables

Trade receivables are recognised and carried at original settlement amount less a provision for impairment, where applicable. Bad debts are written off when they are known to be uncollectible. Subsequent recoveries of amounts previously written off are credited to the income statement. Other receivables are carried at amortised cost less impairment.

Inventories

Inventories include consumable stores, food and beverage and are carried at the lower of cost and net realisable value. Inventories are costed on a weighted average basis. Net realisable value is the estimated selling price in the ordinary course of business.

Property, plant and equipment

Refer to notes A4 and B4 for further details of the accounting policy, including useful lives of property, plant and equipment.

Freehold land is included at cost and is not depreciated. All other items of property, plant and equipment are stated at historical cost net of depreciation, amortisation and impairment, and depreciated over periods deemed appropriate to reduce carrying values to estimated residual values over their useful lives. Historical cost includes expenditure that is directly attributable to the acquisition of these items.

Gains and losses on disposals are determined by comparing the proceeds with the carrying amount and are recognised in the income statement.

When the carrying amount of an asset is greater than its estimated recoverable amount, it is written down immediately to its recoverable amount.

Costs arising subsequent to the acquisition of an asset are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Group and the cost of the item can be measured reliably. All other repairs and maintenance costs are charged to the income statement during the financial year in which they are incurred.

Costs relating to development projects are recognised as an asset when it is:

- probable that any future economic benefit associated with the item will flow to the entity; and
- it can be measured reliably.

If it becomes apparent that the development will not occur, the amount is expensed to the income statement.

Intangible assets

Goodwill

Goodwill represents the excess of the consideration transferred over the fair value of the identifiable net

assets acquired and liabilities assumed. Goodwill is assessed for impairment on an annual basis and is carried at cost less accumulated impairment losses. Impairment losses on goodwill are not reversed.

Goodwill is allocated to cash generating units for the purpose of impairment testing. The allocation is made to those cash generating units or groups of cash generating units that are expected to benefit from the business combination in which the goodwill arose.

Other intangible assets

Indefinite life intangible assets are not amortised and are assessed annually for impairment. Expenditure on gaming licences acquired, casino concessions acquired, computer software and other intangibles are capitalised and amortised using the straight line method as described in note B5.

Software

Costs associated with developing or maintaining computer software programs are recognised as expenses as incurred. However, costs that are directly associated with identifiable and unique software products controlled by the Group and which have probable economic benefits exceeding the costs beyond one year are recognised as intangible assets. Direct costs include staff costs of the software development team and an appropriate portion of the relevant overheads. Expenditure meeting the definition of an asset is recognised as a capital improvement and added to the original cost of the asset. These costs are amortised over using the straight line method, as described in note B5.

Casino licences and concessions

Refer to note B5 for details and accounting policy.

Impairment of assets

Assets that have an indefinite useful life are not subject to depreciation or amortisation and are tested annually for impairment. Assets that are subject to depreciation or amortisation are reviewed for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. An impairment loss is recognised for the amount by which the asset's carrying amount exceeds its recoverable amount. The recoverable amount is the higher of an asset's fair value less costs of disposal and value in use. For the purpose of assessing impairment, assets are grouped at the lowest level for which there are separately identifiable cash flows (cash generating units). Refer to note B6 for further details of key assumptions included in the impairment calculation.

NOTES TO THE FINANCIAL STATEMENTS

FOR THE YEAR ENDED 30 JUNE 2016

Provisions

A provision is recognised in the balance sheet when the Group has a present legal or constructive obligation as a result of a past event, and it is probable that an outflow of economic benefits will be required to settle the obligation and the amount can be reliably estimated. If the effect is material, provisions are determined by discounting the expected future cash flows at a pre-tax rate that reflects current market assessments of the time value of money and, where appropriate, the risks specific to the liability.

Investment in associates and joint ventures

Associates are all entities over which the Group has significant influence but not control or joint control. Joint control is the contractually agreed sharing of the joint arrangement, which exists only when decisions about the relevant activities require unanimous consent of the parties sharing control. A joint venture is a type of arrangement whereby the parties that have joint control of the arrangement have rights to the net assets of the joint venture. The Group's investments in associates and joint ventures are accounted for using the equity method of accounting, after initially being recognised at cost. Under the equity method of accounting, the investments are initially recognised at cost and are subsequently adjusted to recognise the Group's share of the post-acquisition profits or losses of the investee in the income statement, and the Group's share of movements in other comprehensive income of the investee in other comprehensive income. Dividends received are recognised as a reduction in the carrying amount of the investment. The carrying amount of equity-accounted investments is tested for impairment in accordance with the Group's policy.

Interest bearing liabilities

Interest bearing liabilities are recognised initially at fair value and include transaction costs. Subsequent to initial recognition, interest bearing liabilities are recognised at amortised cost using the effective interest rate method. Any difference between proceeds and the redemption value is recognised in the income statement over the period of the borrowing using the effective interest rate method.

Interest bearing liabilities are classified as current liabilities unless the Group has an unconditional right to defer settlement of the liability for at least 12 months after the balance sheet date.

Leases

Leases of assets where the Group assumes substantially all the benefits and risks of ownership are classified as finance leases.

Leases of assets under which substantially all the risks and benefits of ownership are effectively retained by the lessor are classified as operating leases. Payments made under operating leases are charged to the income statement on a straight line basis over the period of the lease.

Employee benefits

Post-employment benefits

The Group's commitment to defined contribution plans is limited to making the contributions in accordance with the minimum statutory requirements. There is no legal or constructive obligation to pay further contributions if the fund does not hold sufficient assets to pay all employees relating to current and past employee services.

Superannuation guarantee charges are recognised as expenses in the income statement as the contributions become payable. A liability is recognised when the Group is required to make future payments as a result of employees' services provided.

Long service leave

The Group's net obligation in respect of long term service benefits, other than pension plans, is the amount of future benefit that employees have earned in return for their service in the current and prior periods. The obligation is calculated using the expected future increases in wage and salary rates including related on-costs and expected settlement dates, and is discounted using rates attached to bonds with sufficiently long maturities at the balance sheet date, which have maturity dates approximating to the terms of the Group's obligations.

Annual leave

Liabilities for annual leave are calculated at discounted amounts based on remuneration rates the Group expects to pay, including related on-costs when the liability is expected to be settled. Annual leave is another long term benefit and is measured using the projected credit unit method.

Share based payment transactions

The Group operates the Long Term Performance Plan (**LTPP**), which is available to employees at the most senior executive levels. Under the LTPP, employees may become entitled to Performance Rights which may potentially convert to ordinary shares in the Company. The fair value of Performance Rights is measured at grant date and is recognised as an employee expense (with a corresponding increase in the share based payment reserve) over four years from the grant date irrespective of whether the Performance Rights vest to the holder. A reversal of the expense is only recognised in the event the instruments lapse due to cessation of employment within the vesting period.

The fair value of the Performance Rights is determined by an external valuer and takes into account the terms and conditions upon which the Performance Rights were granted.

Under the Group's short term performance plan (**STPP**), eligible employees receive two thirds of their annual STPP entitlement in cash and one third in the form of restricted shares which are subject to a holding lock for a period of twelve months. These

NOTES TO THE FINANCIAL STATEMENTS

FOR THE YEAR ENDED 30 JUNE 2016

shares are forfeited in the event that the employee voluntarily terminates from the Company during the 12 month holding lock period.

The cost is recognised in employment costs, together with a corresponding increase in equity (share based payment reserve) over the service period. No expense is recognised for awards that do not ultimately vest. A liability is recognised for the fair value of cash settled transactions. The fair value is measured initially and at each reporting date up to and including the settlement date, with changes in fair value recognised in employment costs.

Derivative financial instruments

The Group uses derivative financial instruments to hedge its exposure to foreign exchange and interest rate risks arising from operational, financing and investment activities. In accordance with its Treasury Policy, the Group does not hold or issue derivative financial instruments for trading purposes. However, derivatives that do not qualify for hedge accounting are accounted for as trading instruments.

Derivative financial instruments are recognised initially at fair value at the date the derivative contract is entered into and are subsequently remeasured to fair value at the end of each reporting period. The resulting gain or loss is recognised immediately in the income statement. However, where derivatives qualify for cash flow hedge accounting, the effective portion of the gain or loss is deferred in equity while the ineffective portion is recognised in the income statement.

The fair value of interest rate swap, cross currency swap and forward currency contracts is determined by reference to market values for similar instruments. Refer to note E2 for details of fair value determination.

Derivative assets and liabilities are offset and the net amount reported in the consolidated balance sheet if, and only if:

- there is a currently enforceable legal right to offset the recognised amount; and
- there is an intention to settle on a net basis, or to realise the assets and settle the liabilities simultaneously.

Hedging

Cash flow hedge

Where a derivative financial instrument is designated as a hedge of the exposure to variability in cash flows that are attributable to a particular risk associated with a recognised asset or liability, or a highly probable forecast transaction, the effective part of any gain or loss on the derivative financial instrument is recognised directly in equity. When the forecast transaction subsequently results in the recognition of a non financial asset or liability, the associated cumulative gain or loss is removed from equity and included in the initial cost or other carrying amount of the non financial asset or liability.

If a hedge of a forecast transaction subsequently results in the recognition of a financial asset or financial liability, then the associated gains and losses that were recognised directly in equity are reclassified into the income statement in the same period or periods during which the asset acquired or liability assumed affects the income statement (i.e. when interest income or expense is recognised). For cash flow hedges, the effective part of any gain or loss on the derivative financial instrument is removed from equity and recognised in the income statement in the same period or periods during which the hedged forecast transaction affects the income statement. The ineffective part of any gain or loss is recognised immediately in the income statement.

When a hedging instrument expires or is sold, terminated or exercised, or the designation of the hedge relationship is revoked but the hedged forecast transaction is still expected to occur, the cumulative gain or loss at that point remains in equity and is recognised in accordance with the above when the transaction occurs. If the hedged transaction is no longer expected to take place, then the cumulative unrealised gain or loss recognised in equity is recognised immediately in the income statement.

Issued capital

Issued and paid up capital is recognised at the fair value of the consideration received. Issued capital comprises ordinary shares. Any transaction costs directly attributable to the issue of ordinary shares are recognised directly in equity, net of tax, as a reduction of the share proceeds received.

Operating segment

An operating segment is a component of an entity that engages in business activities from which it may earn revenues and incur expenses (including revenues and expenses relating to transactions with other components of the same entity), whose operating results are regularly reviewed by the entity's executive decision makers to allocate resources and assess its performance.

The Group aggregates two or more operating segments when they have similar economic characteristics, and the segments are similar in each of the following respects:

- nature of the products and services;
- type or class of customer for the products and services;
- methods used to distribute the products or provide the services; and
- nature of the regulatory environment.

Segment results include revenue and expenses directly attributable to a segment and exclude significant items.

Capital expenditure represents the total costs incurred during the period to acquire segment assets, including capitalised interest.

NOTES TO THE FINANCIAL STATEMENTS

FOR THE YEAR ENDED 30 JUNE 2016

Dividend distributions

Dividend distributions to the Company's shareholders are recognised as a liability in the Group's financial statements in the period in which the dividends are declared.

Basic earnings per share

Basic earnings per share is calculated by dividing the net earnings after tax for the period by the weighted average number of ordinary shares outstanding during the period.

Diluted earnings per share

Diluted earnings per share is calculated by dividing the net earnings attributable to ordinary equity holders adjusted by the after tax effect of:

- any dividends or other items related to dilutive potential ordinary shares deducted in arriving at profit or loss attributable to ordinary equity holders;
- any interest recognised in the period related to dilutive potential ordinary shares; and
- any other changes in income or expense that would result from the conversion of the dilutive potential ordinary shares;

by the weighted average number of issued ordinary shares plus the weighted average number of ordinary shares that would be issued on the conversion of all the dilutive potential ordinary shares into ordinary shares.

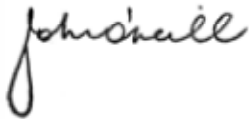

DIRECTORS' DECLARATION

In the opinion of the Directors of The Star Entertainment Group Limited (the **Company**):

- (a) the financial statements and notes of the Group are in accordance with the *Corporations Act 2001*, including:

Independent auditor's report to the members of The Star Entertainment Group Limited

Report on the financial report

We have audited the accompanying financial report of The Star Entertainment Group Limited, which comprises the consolidated statement of financial position as at 30 June 2016, the consolidated statement of comprehensive income, the consolidated statement of changes in equity and the consolidated statement of cash flows for the year then ended, notes comprising a summary of significant accounting policies and other explanatory information, and the directors' declaration of the consolidated entity comprising the company and the entities it controlled at the year's end or from time to time during the financial year.

Directors' responsibility for the financial report

The directors of the company are responsible for the preparation of the financial report that gives a true and fair view in accordance with Australian Accounting Standards and the Corporations Act 2001 and for such internal controls as the directors determine are necessary to enable the preparation of the financial report that is free from material misstatement, whether due to fraud or error. In Note G, the directors also state, in accordance with Accounting Standard AASB 101 Presentation of Financial Statements, that the financial statements comply with International Financial Reporting Standards.

Auditor's responsibility

Our responsibility is to express an opinion on the financial report based on our audit. We conducted our audit in accordance with Australian Auditing Standards. Those standards require that we comply with relevant ethical requirements relating to audit engagements and plan and perform the audit to obtain reasonable assurance about whether the financial report is free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial report. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial report, whether due to fraud or error. In making those risk assessments, the auditor considers internal controls relevant to the entity's preparation and fair presentation of the financial report in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal controls. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by the directors, as well as evaluating the overall presentation of the financial report. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Independence

In conducting our audit we have complied with the independence requirements of the Corporations Act 2001. We have given to the directors of the company a written Auditor's Independence Declaration, a copy of which is included in the directors' report.

INDEPENDENT AUDITOR'S REPORT

Opinion

In our opinion:

- a. the financial report of The Star Entertainment Group Limited is in accordance with the Corporations Act 2001, including:
 - i. giving a true and fair view of the consolidated entity's financial position as at 30 June 2016 and of its performance for the year ended on that date; and
 - ii. complying with Australian Accounting Standards and the Corporations Regulations 2001; and
- b. the financial report also complies with International Financial Reporting Standards as disclosed in Note G.

Report on the remuneration report

We have audited the Remuneration Report included in the directors' report for the year ended 30 June 2016. The directors of the company are responsible for the preparation and presentation of the Remuneration Report in accordance with section 300A of the Corporations Act 2001. Our responsibility is to express an opinion on the Remuneration Report, based on our audit conducted in accordance with Australian Auditing Standards.

Opinion

In our opinion, the Remuneration Report of The Star Entertainment Group Limited for the year ended 30 June 2016, complies with section 300A of the Corporations Act 2001.

SHAREHOLDER INFORMATION

AS AT 26 AUGUST 2016

ORDINARY SHARE CAPITAL

The Star Entertainment Group Limited has 825,672,730 fully paid ordinary shares on issue.

SHAREHOLDING RESTRICTIONS

The Star Entertainment Group's Constitution, as well as certain agreements entered into with the New South Wales Independent Liquor and Gaming Authority and the Queensland Office of Liquor and Gaming Regulation, contain certain restrictions prohibiting an individual from having a voting power of more than 10% in The Star Entertainment Group without the written consent of the New South Wales Independent Liquor and Gaming Authority and of the Queensland Minister. The Star Entertainment Group may refuse to register any transfer of shares which would contravene these shareholding restrictions or require divestiture of the shares that cause an individual to exceed the shareholding restrictions.

In July 2012, written consent was granted by the New South Wales Independent Liquor and Gaming Authority and the relevant Queensland Minister for Perpetual Investment Management Limited to increase its shareholding in The Star Entertainment Group from 10% up to a maximum of 15% of issued shares.

In May 2013, written consent was granted by the New South Wales Independent Liquor and Gaming Authority and the relevant Queensland Minister for Crown Resorts Limited to increase its potential voting power in The Star Entertainment Group from 10% up to an effective maximum of 23% (which may be adjusted in certain circumstances).

In December 2015, written consent was granted by the New South Wales Independent Liquor and Gaming Authority and the relevant Queensland Minister for Genting Hong Kong Limited and its associates to increase their aggregate potential voting power in The Star Entertainment Group from 10% up to an effective maximum of 23% (which may be adjusted in certain circumstances).

VOTING RIGHTS

All ordinary shares issued by The Star Entertainment Group Limited carry one vote per share. Performance options and performance rights do not carry any voting rights.

Gambling legislation in New South Wales and Queensland and The Star Entertainment Group's Constitution contain provisions regulating the exercise of voting rights by persons with prohibited shareholding interests, as well as the regulation of shareholding interests.

The relevant Minister has the power to request information to determine whether a person has a prohibited shareholding interest. If a person fails to furnish these details within the time specified or, in the opinion of the Minister, the information is false or misleading, then the Minister can declare the voting rights of those shares suspended.

Failure to comply with gambling legislation in New South Wales and Queensland or The Star Entertainment Group's Constitution, including the shareholder restrictions mentioned above, may result in suspension of voting rights.
