YEAR in REVIEW

Jae A. Evans, President & Chief Executive Officer and David J. Maness, Chairman

“Efforts and courage are not enough without purpose & direction.”

~ John F. Kennedy

Stability & Independence

We are proud to report, 2017 was another solid year for Isabella Bank Corporation. We recorded earnings of \$13.2 million and earnings per common share of \$1.69. We experienced strong loan and deposit growth during the year as well as in assets managed by our Investment and Trust Services team. Cash dividends paid during the year were increased, and closed the year with a dividend yield of 3.6% based on the closing stock price of \$28.25 as of December 29, 2017.

ASSET GROWTH

Total assets ended the year over \$1.8 billion and our total assets under management were a record \$2.6 billion. Assets under management includes \$266.8 million of loans sold and serviced, and \$478.1 million of assets managed by our Investment and Trust Services team. Assets managed by the Investment and Trust Services team grew 11.8% during 2017. Our Investment and Trust Services team has worked diligently to evolve their strategy from product-based

sales to planning and advice which better aligns with the change in industry and customer expectations.

Gross loans grew by \$80.9 million or 8.0%, with commercial and agricultural loans increasing a combined total \$60.9 million. Recent initiatives to expand our retail lending line of business increased both our market presence and share, as loans to consumers, which includes residential mortgages, increased \$20.0 million during 2017.

In an environment with intense loan competition, our strategies have resulted in significant loan growth while upholding our high-level of underwriting standards. At year-end 2017, the allowance for loan losses to total loans was 0.7% which is the lowest we have recorded over the past 40 years. We continued to see improvement in overall asset quality as our level of non-performing assets to total assets was 0.2% as of year-end.

NET INTEREST INCOME

Our net interest income continues to be under pressure due to the extended period of low interest rates. Our fully taxable equivalent interest rate on net earning assets was 3.0% for 2017. Despite the rate environment, a shift on our balance sheet from investment securities to loans and the growth in assets previously mentioned resulted in our net interest income increasing \$3.1 million compared to 2016. Deposit growth of \$70.2 million in 2017 also contributed to this improvement.

It is still unknown how long before interest rates “normalize” and relieve the pressure on interest margins in the banking industry. During 2017, the Federal Reserve Bank increased short-term interest rates and projected future increases. We anticipate improvements in our net interest income through a combination of assets repricing faster than liabilities, our asset mix shifting to an increasing percentage of loans from investment securities, and strategic growth in loans and other income earning assets. Our commitment to balance sheet growth continues to be our strategy to increase net interest income during this time.

TAX CUTS & JOBS ACT OF 2017

On December 22, 2017, the Tax Cuts and Jobs Act was enacted. The new law establishes a flat corporate federal statutory income tax rate of 21%, effective January 1, 2018, and eliminates the corporate alternative minimum tax. The new tax law provides for a wide array of changes, only some of which will have a direct impact on our future federal income tax expense. Some of these changes include: limits to the deduction of net interest expense; immediate expense (for tax purposes) for certain qualified depreciable assets; elimination or reduction of certain deductions related to meals and entertainment expenses; and limits to the deductibility of deposit insurance premiums.

In accordance with accounting guidance, we were required to measure the effect of income tax law changes on our level of deferred taxes and recognize these tax effects as a component of income tax expense in the period in which the law was enacted. As a result, our federal income tax expense for the year ended December 31, 2017 included an additional \$319,000 of expense. While this was not favorable for 2017, we will begin to see the benefits of the lower tax rate beginning in 2018 which is expected to have a significant impact on net income.

Large Business Community Service Award

At the 61st Annual Mt. Pleasant Chamber of Commerce Awards Banquet, Isabella Bank was recognized with the 2017 Large Business Community Service Award. This prestigious honor recognizes one outstanding large

business that has shown support of Chamber initiatives, and involvement in the community, including dedicating resources in the form of financial support, employee volunteer hours, and leadership to improve the quality of life in Isabella County.

NET INCOME

The Corporation's net income for 2017 was \$13.2 million compared to \$13.8 million in 2016. While net interest income increased \$3.1 million in 2017 from the previous year, an increase in compensation and benefits expense of \$2.4 million largely offset that amount. This expense increase was related to new positions required for future growth within our markets, merit increases, additional

costs related to lending compliance requirements and increased service costs of our defined benefit plan. In addition, the tax expense related to the new tax law, as previously stated, also increased 2017 expenses.

DIVIDEND GROWTH

During 2017, the Corporation paid \$1.02 in cash dividends. Cash dividends paid during 2017 represented a 4.1% increase over the cash dividends paid in 2016. In early March of 2018, we announced that the Board of Directors of the Corporation declared a first quarter cash dividend of \$0.26 per common share payable on March 30, 2018 to shareholders of record as of March 28, 2018. The first quarter 2018 dividend represents a 4.0% increase over the cash dividend paid in the first quarter of 2017.

OVERVIEW

We have been pleased with our success in the Saginaw market since we increased our presence there in 2015 with the purchase of a full-service

branch. In 2017, we expanded our presence in Saginaw with the opening of a loan production office. As a result of this expansion we experienced significant loan growth of \$26.3 million in this market.

The level of commitment from our employees to the communities they serve continues to be outstanding. During 2017, employees donated over 8,200 hours to over 560 different organizations across our footprint. We hold community service as an important role in our company culture, mission, and core values.

2018 & BEYOND

Looking ahead to 2018, we are excited to roll out new products and services designed to enhance the customer experience.

We recently introduced online account opening in February of this year. Online Account Opening provides the capability for new and existing customers to open an account securely from the comfort and convenience of anywhere they choose.

In March of this year, we launched our new shareholder portal. Through this new offering, shareholders may view their account activity, update contact information, view previous statements, request the purchase or sale of ISBA stock, and opt-in for electronic Annual Reports and Proxies.

Through innovative products and services, exceptional personalized service, community commitment, and strategic growth and profitability, we will continue our core value of stability and independence.

On behalf of our Board of Directors, thank you for making an investment in Isabella Bank Corporation. We look forward to visiting with you at our annual shareholder meeting on May 8, 2018 at 5:00 p.m. at the Comfort Inn Conference Center in Mt. Pleasant.

AVERAGE BALANCES, INTEREST RATE, AND NET INTEREST INCOME

(Dollars in thousands except per share amounts)

The following table presents the daily average amount outstanding for each major category of interest earning assets, non-earning assets, interest bearing liabilities, and noninterest bearing liabilities for the last two years. These schedules also present an analysis of interest income and interest expense for the periods indicated. All interest income is reported on a fully taxable equivalent (FTE) basis using a 34% federal income tax rate for the periods presented in the table below. Beginning January 1, 2018, all interest income will be reported on a FTE basis using a 21% federal income tax rate as a result of the Tax Cuts and Jobs Act enacted on December 22, 2017. Loans in nonaccrual status, for the purpose of the following computations, are included in the average loan balances. Federal Reserve Bank and Federal Home Loan Bank restricted equity holdings are included in accrued income and other assets.

Our mission is to be an employer of choice. Our culture and our employees are Isabella Bank Corporation's greatest assets. We continually invest in our people, and their personal and professional development; we do this by providing equitable compensation, a positive work environment, and opportunities for advancement.

One way we strengthen our team is through a four-phase mentoring program. We select mentor and mentees to participate in our twelve-month plan designed around our core strategic objectives.

"Strengthen employee training and development to increase internal expertise and employee engagement."

A few tips we share with our mentor duos are: help set and achieve goals, honor your commitments, keep an open mind, be a positive role model, and be the best mentor/mentee possible. These tips are discussed openly throughout the introduction, growth, experimental, and reflection phases. We recognize by strengthening our team we will naturally increase brand enhancement, experience growth, and improve financial success and shareholder value.

76 employees participated in our Mentoring & Growth program in 2017.

PROXY STATEMENT

General Information

This Proxy Statement is furnished in connection with the solicitation of proxies, to be voted at our Annual Meeting of Shareholders (the "Annual Meeting") which is to be held on Tuesday, May 8, 2018 at 5:00 p.m. at the Comfort Inn Conference Center, 2424 S. Mission Street, Mt. Pleasant, Michigan, or at any adjournment or adjournments thereof, for the purposes set forth in the accompanying Notice of the Annual Meeting of Shareholders and in this Proxy Statement.

This Proxy Statement has been mailed on March 28, 2018 to all holders of record of common stock as of the record date. If a shareholder's shares are held in the name of a broker, bank, or other nominee, then that party should give the shareholder instructions for voting the shareholder's shares.

Voting at the Meeting

We have fixed the close of business on March 9, 2018 as the record date for the determination of shareholders entitled to notice of, and to vote at, the Annual Meeting and any adjournment thereof. We have only one class of common stock and no preferred stock. As of March 9, 2018, there were 7,861,737 shares of stock outstanding. Each outstanding share entitles the holder thereof to one vote on each separate matter presented for vote at the meeting. You may vote on matters that are properly presented at the Annual Meeting by attending the meeting and casting a vote, signing and returning the enclosed proxy, voting on the internet, or voting by phone. You may change your vote or revoke your proxy at any time before it is voted at the Annual Meeting by filing with the Corporation an instrument revoking it, filing a duly executed proxy bearing a later date (including a proxy given over the internet or by phone) or by attending the meeting and electing to vote in person. You are encouraged to vote by mail, internet, or phone.

We will hold the Annual Meeting if a majority of the shares of common stock entitled to vote are represented in person or by proxy. If you execute a proxy, those shares will be counted to determine if there is a quorum, even if you abstain or fail to vote on any of the proposals.

Your broker *may not* vote on Proposal 1 if you do not furnish instructions for such proposal. You should use the voting instruction card provided by us to instruct the broker to vote the shares, or else your shares will be considered "broker non-votes." Broker non-votes are shares held by brokers or nominees as to which voting instructions have not been received from the shares' beneficial owner or the individual entitled to vote those shares and the broker or nominee does not have discretionary voting power under rules applicable to broker-dealers. Under these rules, Proposal 1 is not an item on which brokerage firms may vote in their discretion on your behalf unless you have furnished voting instructions.

At this year's Annual Meeting, you will elect five directors to serve for a term of three years. You may vote in favor or abstain with respect to any or all nominees. Directors are elected by a plurality of the votes cast at the Annual Meeting. Abstentions and shares not voted, including broker non-votes, have no effect on the elections.

Proposal 1 - Election of Directors

The Board of Directors (the “Board”) currently consists of thirteen (13) members divided into three classes, with the directors in each class being elected for a term of three years. The Board decreased from 12 members to 11 with the retirement of Dennis P. Angner effective March 31, 2017 and increased from 11 members to 13 with the appointments of Jerome E. Schwind and Jill Bourland on August 24, 2017. At the Annual Meeting, Richard J. Barz, Jill Bourland, Jae A. Evans, W. Michael McGuire, and Jerome E. Schwind, whose terms expire at the Annual Meeting, have been nominated for election to serve through the 2021 Annual Meeting.

Except as otherwise specified, proxies will be voted for election of the five nominees. If a nominee becomes unable or unwilling to serve, proxies will be voted for such other person, if any, as shall be designated. However, we know of no reason to anticipate that this will occur. The five nominees who receive the greatest number of votes cast will be elected directors. Each of the nominees has agreed to serve as a director if elected.

Nominees and current directors, including their principal occupation for the last five or more years, age, and length of service as a director, are listed below.

We unanimously recommend that you vote FOR the election of each of the nominees.

Director Qualifications

Board members are highly qualified and represent your best interests. We select nominees who:

- Have extensive business leadership.
- Bring a diverse perspective and experience.
- Are objective and collegial.
- Have high ethical standards and have demonstrated sound business judgment.
- Are willing and able to commit the significant time and effort to effectively fulfill their responsibilities.
- Are active in and knowledgeable of their respective communities.

Each nominee and current director possesses these qualities and provides a diverse complement of specific business skills and experience.

The following describes the key qualifications each director brings to the Board, in addition to the general qualifications described above and the information included in the biographical summaries provided below.

All officers serve at the pleasure of the Board.

Corporate Governance

Director Independence

We have adopted the director independence standards as defined under of the NASDAQ listing requirements. We have determined that Dr. Jeffrey J. Barnes, Richard J. Barz, Jill Bourland, G. Charles Hubscher, Thomas L. Kleinhardt, Joseph LaFramboise, David J. Maness, W. Joseph Manifold, W. Michael McGuire, Sarah R. Opperman, and Gregory V. Varner are independent directors. Jae A. Evans is not independent as he is employed as President and CEO of Isabella Bank Corporation. Jerome E. Schwind is not independent as he is employed as President of Isabella Bank.

Board Leadership Structure and Risk Oversight

Our Governance Policy provides that only directors who are deemed to be independent as set forth by the NASDAQ listing requirements and SEC rules are eligible to hold the office of chairperson. Additionally, the chairpersons of Board established committees must also be independent directors. It is our belief that having a separate chairperson and CEO best serves the interest of the shareholders. The Board elects its chairperson at the first Board meeting following the Annual Meeting. Independent members of the Board meet without inside directors at least twice per year.

Management is responsible for our day-to-day risk management and the Board's role is to engage in informed oversight. The Board utilizes committees to oversee risks associated with compensation, and governance. The Isabella Bank Board of Directors is responsible for overseeing credit, investment, information technology, interest rate, and trust risks. The chairpersons of the respective boards or committees report on their activities on a regular basis.

Our Audit Committee is responsible for overseeing the integrity of our consolidated financial statements, the independent auditors' qualifications and independence, the performance of our internal audit function and those of independent auditors, our system of internal controls, our financial reporting and system of disclosure controls, and our compliance with legal and regulatory requirements and with our Code of Business Conduct and Ethics.

Committees of the Board of Directors and Meeting Attendance

The Board met 13 times during 2017 and all incumbent directors attended 75% or more of the meetings for which they were a member. The Board has an Audit Committee, a Nominating and Corporate Governance Committee, and a Compensation and Human Resource Committee.

Audit Committee

The Audit Committee is composed of independent directors. Information regarding the functions performed by the Audit Committee, its membership, and the number of meetings held during the year, is set forth in the "Audit Committee Report" included elsewhere in this Proxy Statement. The Audit Committee is governed by a written charter approved by the Board, which is available on the Bank's website: www.isabellabank.com.

In accordance with the provisions of the Sarbanes-Oxley Act of 2002, directors Manifold and McGuire meet the requirements of Audit Committee Financial Expert and have been so designated. The Audit Committee also consists of directors Bourland, Kleinhardt, Maness (ex-officio), and Opperman.

Nominating and Corporate Governance Committee

We have a standing Nominating and Corporate Governance Committee consisting of independent directors Barnes, Hubscher, Maness (ex-officio), and McGuire. The Nominating and Corporate Governance Committee held two meetings in 2017, with all committee members attending each meeting for which they were a member. The Board has approved a Nominating and Corporate Governance Committee Charter which is available on the Bank's website: www.isabellabank.com.

The Nominating and Corporate Governance Committee is responsible for evaluating and recommending individuals for nomination to the Board for approval. This Committee, in evaluating nominees, including incumbent directors and any nominees put forth by shareholders, considers business experience, skills, character, judgment, leadership experience, and their knowledge of the geographical markets, business segments or other criteria the Committee deems relevant and appropriate based on the current composition of the Board. This Committee considers diversity in identifying members with respect to our geographical markets served and the business experience of the nominee.

The Nominating and Corporate Governance Committee will consider, as potential nominees, persons recommended by shareholders. Recommendations should be submitted in writing to the Secretary of the Corporation, 401 N. Main St., Mt. Pleasant, Michigan 48858 and include the shareholder's name, address and number of shares of the Corporation owned by the

shareholder. The recommendation should also include the name, age, address and qualifications of the candidate. Recommendations for the 2019 Annual Meeting of Shareholders should be delivered no later than November 28, 2018. The Nominating and Corporate Governance Committee evaluates all potential director nominees in the same manner, whether the nominations are received from a shareholder, or otherwise.

Compensation and Human Resource Committee

The Compensation and Human Resource Committee is responsible for reviewing and recommending to the Board the compensation of the Chief Executive Officer and other executive officers, benefit plans, and the overall percentage increase in salaries. This Committee consists of independent directors Barnes, Barz, Bourland, Hubscher, Kleinhardt, LaFramboise, Maness, Manifold, McGuire, Opperman, and Varner. The Compensation and Human Resource Committee held two meetings during 2017. With the exception of one committee member who did not attend one meeting, all committee members attended each meeting for which they were a member. This Committee is governed by a written charter approved by the Board that is available on the Bank's website: www.isabellabank.com.

Communications with the Board

Shareholders may communicate with the Board by sending written communications to the attention of the Corporation's Secretary, Isabella Bank Corporation, 401 N. Main St., Mt. Pleasant, Michigan 48858. Communications will be forwarded to the Board or the appropriate committee, as soon as practicable.

Code of Ethics

Our Code of Business Conduct and Ethics, which is applicable to the CEO and CFO, is available on the Bank's website: www.isabellabank.com.

Audit Committee Report

The Audit Committee oversees the financial reporting process on behalf of the Board. The 2017 Audit Committee consisted of directors Bourland, Kleinhardt, Maness (ex-officio), Manifold, McGuire, and Opperman.*

The Audit Committee is responsible for pre-approving all auditing services and permitted non-audit services by our independent auditors, or any other auditing or accounting firm, if those fees are reasonably expected to exceed 5.0% of the current year agreed upon fee for independent audit services. The Audit Committee has established general guidelines for the permissible scope and nature of any permitted non-audit services in connection with its annual review of the audit plan and reviews the guidelines with the Board.

Management has the primary responsibility for the consolidated financial statements and the reporting process including the systems of internal controls. In fulfilling its oversight responsibilities, the Audit Committee reviewed the audited consolidated financial statements in the Annual Report with management including a discussion of the quality, not just the acceptability, of the accounting principles, the reasonableness of significant judgments, and the clarity of disclosures in the consolidated financial statements. The Audit Committee also reviewed with management and the independent auditors, management's assertion on the design and effectiveness of our internal control over financial reporting as of December 31, 2017.

The Audit Committee reviewed with our independent auditors, who are responsible for expressing an opinion on the conformity of those audited consolidated financial statements with accounting principles generally accepted in the United States of America, their judgments as to the quality, not just the acceptability, of our accounting principles and such other matters as are required to be discussed with the Audit Committee by the standards of the Public Company Accounting Oversight Board (United States), including those described in Auditing Standard No. 16 "Communications with Audit Committees", as may be modified or supplemented. In addition, the Audit Committee has received the written disclosures and the letter from the independent auditors required by PCAOB Rule 3526, Communication with Audit Committees Concerning Independence, as may be modified or supplemented, and has discussed with the independent auditors the independent auditors' independence.

The Audit Committee discussed with our internal and independent auditors the overall scope and plans for their respective audits. The Audit Committee meets with the internal and external independent auditors, with and without management present, to discuss the results of their examinations, their evaluations of our internal controls, and the overall quality of our financial reporting process. The Audit Committee held five meetings during 2017, and all committee members attended 75% or more of the meetings for which they were a member.

In reliance on the reviews and discussions referred to above, the Audit Committee recommended to the Board of Directors (and the Board has approved) that the audited consolidated financial statements be included in the Annual Report on Form 10-K for the year ended December 31, 2017 for filing with the Securities and Exchange Commission. The Audit Committee has appointed Rehmann Robson LLC as the independent auditors for the 2018 audit.

Respectfully submitted,

W. Joseph Manifold, Audit Committee Chairperson
Jill Bourland
Thomas L. Kleinhardt
David J. Maness (ex-officio)
W. Michael McGuire
Sarah R. Opperman

* In September 2017, as part of the Corporation's normal rotation of committee members, Ms. Bourland was appointed to the Audit Committee in place of Mr. LaFramboise. Mr. LaFramboise did not participate in the Audit Committee's review, discussion or recommendation with respect to matters covered by the Audit Committee's report in this Proxy Statement.

Compensation Discussion and Analysis

The Compensation and Human Resource Committee is responsible for reviewing and recommending to the Board the compensation and benefits for the President and CEO. This Committee also evaluates and approves our executive officer and senior management compensation plans, policies, and programs. The President and CEO is responsible for determining the compensation and benefits for the CFO and named executive officers based on their annual performance reviews and the officers' years of service along with competitive market data.

Compensation Objectives

The Compensation and Human Resource Committee considers growth in loans and in market deposits (with the safety and soundness objectives), the level of net operating expenses, and earnings per share to be the primary ratios in measuring financial performance. Our philosophy is to maximize long-term return to shareholders consistent with safe and sound banking practices, while maintaining the commitment to superior customer and community service. We believe that the performance of executive officers in managing the business should be the basis for determining overall compensation. Consideration is also given to overall economic conditions and current competitive forces in the market place. The objectives of this Committee are to effectively balance salaries and potential compensation to an officer's individual management responsibilities and encourage each of them to realize their potential for future contributions. The objectives are designed to attract and retain high performing executive officers who will provide leadership while attaining earnings and performance goals.

What the Compensation Programs are Designed to Reward

Our compensation programs are designed to reward dedicated and conscientious employment, loyalty in terms of continued employment, attainment of job related goals, and overall growth and profitability. In measuring an executive officer's contributions, the Compensation and Human Resource Committee considers numerous factors including, among other things, our growth in loans and in market deposits, management of the level of net operating expenses, and increase in earnings per share. In rewarding loyalty and long-term service, we provide competitive retirement benefits.

Review of Risks Associated with Compensation Plans

Based on an analysis conducted by management and reviewed by the Compensation and Human Resource Committee, we do not believe that compensation programs for employees are reasonably likely to have a material short or long term adverse effect on our operating results.

Use of Consultants

In 2016, the Compensation and Human Resource Committee directly engaged the services of Blanchard Consulting Group, an independent compensation consulting firm, to assist with a total compensation review for the President and CEO, CFO, Bank President, and executive officers of the Corporation. Blanchard Consulting Group does not perform any additional services for us or any members of senior management. In addition, Blanchard Consulting Group does not have any other personal or business relationships with any Board members or officers. During 2017 and 2015, the Compensation and Human Resource Committee did not employ any services of outside compensation or benefit consultants to assist it in compensation related initiatives.

Elements of Compensation

Our executive compensation program has consisted primarily of base salary and benefits, annual performance incentives, benefits and perquisites, and participation in our retirement plans.

How Elements Fit into Overall Compensation Objectives

Individual elements of our compensation objectives are structured to reward strong financial performance, continued service, and to incentivize our leaders to excel in the future. We continually review our compensation objectives to ensure that they are sufficient to attract and retain exceptional officers.

Why Each of the Elements of Compensation is Chosen and How We Determine Amounts for Each Element

Base Salaries, which include director fees for certain executive officers, are set to provide competitive levels of compensation to attract and retain officers with strong leadership skills. We also believe it is best to pay a sufficient base salary because we believe an over-reliance on equity incentive compensation could potentially skew incentives toward short-term maximization of shareholder value as opposed to building long-term shareholder value. Competitive base salary encourages management to operate in a safe and sound manner even when incentive goals may prove unattainable.

The Compensation and Human Resource Committee’s approach to determining the annual base salary of executive officers is to offer competitive salaries in comparison with other similar financial institutions. In 2016, this Committee utilized an independent compensation consultant, Blanchard Consulting Group. The independent compensation consultant established a benchmark peer group of 25 midwest financial institutions in non-urban areas with comparable average assets size (\$1.2 billion —\$3 billion), number of branch locations, return on average assets, and nonperforming assets. Specific factors used to decide where an executive officer’s salary should be within the established range include the historical financial performance, financial performance outlook, years of service, and job performance. The Compensation and Human Resource Committee targeted total compensation for the President and CEO using ranges obtained from the independent compensation consultant as well as other published surveys and resources. Compensation for the CFO and other named executive officers was based on the ranges provided by the other surveys and resources mentioned above.

Annual Performance Incentives are used to reward executive officers based on our overall financial performance. This element of the compensation program is included in the overall compensation in order to reward employees above and beyond their base salaries when our performance and profitability exceed established annual targets. The inclusion of this incentive encourages management to be diligent in managing to achieve specific financial goals without incurring inordinate risks. Annual performance incentives paid in 2017 were determined by reference to four performance measures that related to services performed in 2016. The maximum cash award that may be granted to each eligible employee equals 10% of the employee’s base salary (the “Maximum Award”).

The payment of 35% of the 10% Maximum Award (“personal performance goals”) is based on the achievement of goals set for each individual. The Compensation and Human Resource Committee is responsible for establishing personal goals and measuring the achievement of personal goals for the President and CEO. This Committee also reviews the performance of the President and CEO. The President and CEO is responsible for establishing personal goals and measuring the achievement of these goals for the CFO and other named executive officers.

The Compensation and Human Resource Committee uses the following quantitative and qualitative factors as measures of corporate performance in determining annual cash bonus amounts to be paid:

- Development and implementation of strategic initiatives;
- Results of actual annual operating performance as compared to budget;
- Community and industry involvement;
- Results of audit and regulatory exams; and
- Other strategic goals as established by the Board.

Each of the executive officers who were eligible to participate in 2016 accomplished their personal performance goals and were accordingly paid 35% of the 2016 Maximum Award in 2017.

The payment of the remaining 65% of the 10% Maximum Award (“corporate performance goals”) was conditioned on the achievement of targets in the following four categories:

- Earnings per share (weighted 40%);
- Net operating expenses to average assets (weighted 10%);
- In market deposit average balance growth (weighted 25%); and
- Loan average balance growth (weighted 25%).

The following chart provides the 2016 target for each corporate performance goal and the performance attained for each target.

<u>Target</u>	<u>2016 Targets</u>				<u>2016 Performance (1)</u>	<u>Target % Obtained</u>
	<u>25.00%</u>	<u>50.00%</u>	<u>75.00%</u>	<u>100.00%</u>

(1) Adjusted for incentive calculation measures.

We have a stock award incentive plan which is an equity-based bonus plan. Under the plan, we may award stock bonuses to the CEO, the Corporation President, and the Bank President. The plan authorizes the issuance of vested stock to eligible employees worth up to 10% of the employee’s annualized base wages, on a calendar year basis. The plan imposes several

conditions on the issuance of stock awards and transfers of shares granted under the plan are restricted. The stock bonuses awarded in 2017 were determined by reference to the same four performance measures used for the annual performance incentives that related to 2016 results and also the achievement of personal goals.

Benefits and Perquisites. Executive officers are eligible for all of the benefits made available to full-time employees (such as health insurance, group term life insurance and disability insurance) on the same basis as other full-time employees and are subject to the same paid time off and other employee policies.

We also provide our executive officers with certain additional perquisites, which we believe are appropriate in order to attract and retain the proper quality of talent for these positions and to recognize that similar executive perquisites are commonly offered by comparable financial institutions. We maintain a plan for qualified officers to provide death benefits to each participant which was amended in 2015 to modify certain participants' benefits and to update certain plan provisions. Insurance policies, designed primarily to fund death benefits, have been purchased on the life of each participant with the Bank as the sole owner and beneficiary of the policies. We believe that perquisites provided to our executive officers in 2017 represented a reasonable percentage of each executive's total compensation package and are consistent, in the aggregate, with perquisites provided to executive officers of comparable financial institutions. A description and the cost of these perquisites are included in footnote 2 to the "Summary Compensation Table," the table outlining the change in pension value, and the "Nonqualified Deferred Compensation Table" within the "Executive Officers" section.

Retirement Plans. Our retirement plans are designed to assist executives in providing themselves with a financially secure retirement. The retirement plans include a 401(k) plan, a frozen defined benefit pension plan, a frozen non-leveraged employee stock ownership plan ("ESOP"), a retirement bonus plan, a supplemental executive retirement plan, and a stock award incentive plan.

We provide a 401(k) plan, in which substantially all employees are eligible to participate. Employees may contribute up to 100% of their compensation subject to certain limits based on federal tax laws. The plan was amended in 2013 to provide a matching safe harbor contribution for all eligible employees equal to 100% of the first 5.0% of an employee's compensation contributed to the Plan during the year. Employees are 100% vested in the safe harbor matching contributions.

Our defined benefit pension plan was curtailed effective March 1, 2007 and the current participants' accrued benefits were frozen as of that date. Participation in the plan was limited to eligible employees as of December 31, 2006.

Our non-leveraged ESOP was frozen effective December 31, 2006 to new participants. Contributions to the plan are discretionary and approved by the Board. On December 21, 2016, the Board approved the termination of the ESOP effective December 31, 2016. Actual dissolution of the ESOP is anticipated to occur in mid-2018.

The retirement bonus plan is a nonqualified plan of deferred compensation benefits for eligible employees effective January 1, 2007. Benefit amounts are determined pursuant to the payment schedule adopted at the sole and exclusive discretion of the Board.

In 2015 we adopted the supplemental executive retirement plan, a nonqualified deferred compensation plan, authorizing annual and discretionary credits to a participant's plan account. Credits are pursuant to a participant's agreement which sets forth the amount and timing of any annual credits and the vesting, payment, "clawback" and other terms to which the credits are subject.

Compensation and Human Resource Committee Report

The Compensation and Human Resource Committee Report does not constitute soliciting material and should not be deemed filed or incorporated by reference into any other Corporation filing under the Securities Act of 1933 or the Exchange Act, except to the extent the Corporation specifically incorporates this Report by reference therein.

The Compensation and Human Resource Committee, which includes all of the independent directors of the Board, has reviewed and discussed the Compensation Discussion and Analysis required by Item 402(b) of SEC Regulation S-K with management, and based on such review and discussion, the Compensation and Human Resource Committee recommended to the Board that the Compensation Discussion and Analysis be included in this Proxy Statement and the Annual Report on Form 10-K.

Submitted by the Compensation and Human Resource Committee of the Board:

David J. Maness, Chairperson
Dr. Jeffrey J. Barnes
Richard J. Barz
Jill Bourland*
G. Charles Hubscher
Thomas L. Kleinhardt
Joseph LaFramboise

* Ms. Bourland was appointed to the Compensation and Human Resource Committee in September 2017. As such, Ms. Bourland did not take part in establishing the compensation of the President and CEO; however, she did attend the Compensation and Human Resource Committee in December 2017 where the President and CEO's performance was reviewed.

Executive Officers

Executive officers are compensated in accordance with their employment with the applicable entity. The following table shows information on compensation earned in each of the last three fiscal years ended December 31, 2017, for the CEO, CFO, and our three other most highly compensated executive officers.

- (1) Salary amounts are paid on a bi-weekly basis which typically consists of 26 regular pay cycles during the calendar year.
- (2) For all named executives all other compensation includes 401(k) matching contributions. For Jae A. Evans, Jerome E. Schwind, David J. Reetz, and Peggy L. Wheeler, this also includes club dues and auto allowance. For Dennis P. Angner, this also includes auto allowance.
- (3) Changes in pension value in 2016 are the result of execution of domestic relations order for former spouse.
- (4) Not a named executive officer prior to 2017. Rhonda S. Tudor served as Interim Chief Financial Officer from March 31, 2017 to January 30, 2018.
- (5) Executive officer salary includes compensation voluntarily deferred under our 401(k) plan. Director and advisory board fees are also included and are displayed in the following table for each the last three fiscal years ended December 31, 2017:

<u>Name</u>	<u>Director and advisory board fees (\$)</u>

Pay Ratio

In accordance with a mandate of the Dodd-Frank Wall Street Reform and Consumer Protection Act, the Securities and Exchange Commission has adopted a rule requiring annual disclosure of the ratio of the median employee's annual total compensation to the total annual compensation of the principal executive officer ("PEO"). The Corporation's PEO is Jae A. Evans.

PEO total annual compensation for 2017	\$	503,190
Median Employee total annual compensation for 2017	\$	34,752
Ratio of PEO to Median Employee total annual compensation for 2017		14.5: 1

We determined the median of the annual total compensation of all employees, excluding the PEO. Employees and annual total compensation were based on employment status as of December 31, 2017. We considered all employees: full-time, part-time, seasonal and temporary employees. For full-time and part-time employees not employed for the full calendar year, we elected to annualize their compensation to accurately determine the median of annual total compensation.

Total compensation was calculated consistent with calculation to determine Jae A. Evans' annual total compensation, as displayed in the Summary Compensation Table on the previous page. Total compensation is largely derived from payroll and tax records and actuarial values related to our benefit plans. We do not adjust for cost-of-living expenses or any other similar compensation adjustments.

Grants of Plan-Based Awards Table

The following table provides information on grants of plan-based awards under the stock award incentive plan during 2017:

<u>Name</u>	<u>Grant date</u>	<u>Number of shares of stock awarded</u>	<u>Grant date fair value of stock awards (1)</u>
Jae A. Evans	3/1/2017	586	\$ 16,285
Dennis P. Angner	3/1/2017	493	13,700
Jerome E. Schwind	3/1/2017	451	12,533

⁽¹⁾ The fair value of stock awards do not reflect amounts in the "Stock Awards" column in the Summary Compensation Table due to applicable payroll taxes withheld from the executive officers.

Option Exercises and Stock Vested Table

The following table provides information on vested shares pursuant to the stock award incentive plan as of December 31, 2017:

<u>Name</u>	<u>Number of shares acquired on vesting</u>	<u>Value Realized on Vesting</u>

Defined benefit pension plan. We sponsor the Isabella Bank Corporation Pension Plan, a frozen defined benefit pension plan. The curtailment, which was effective March 1, 2007, froze the current participant's accrued benefits as of that date and limited participation in the plan to eligible employees as of December 31, 2006. Due to the curtailment of the plan, the number of years of credited service was frozen. As such, the years of credited service for the plan may differ from the participant's actual years of service.

Annual contributions are made to the plan as required by accepted actuarial principles, applicable federal tax laws, and to pay expenses related to operating and maintaining the plan. The amount of contributions on behalf of any one participant cannot be separately or individually computed.

Pension plan benefits are based on years of service and the employees' five highest consecutive years of compensation out of the last ten years of service, through December 31, 2006.

A participant may earn a benefit for up to 35 years of accredited service. Earned benefits are 100% vested after five years of service. Benefit payments normally start when a participant reaches age 65. A participant with more than five years of service may elect to take early retirement benefits anytime after reaching age 55. Benefits payable under early retirement are reduced actuarially for each month prior to age 65 in which benefits begin.

David J. Reetz and Peggy L. Wheeler are eligible for early retirement under the plan. Under the provisions of the plan, participants are eligible for early retirement after reaching the age of 55 with at least 5 years of service. The early retirement benefit amount is the accrued benefit payable at normal retirement date reduced by 5/9% for each of the first 60 months and 5/18% for each of the next 60 months that the benefit commencement date precedes the normal retirement date.

Retirement bonus plan. We sponsor the Isabella Bank Corporation Retirement Bonus Plan. This nonqualified plan is intended to provide eligible employees with additional retirement benefits. To be eligible, the employee needed to be an employee on January 1, 2007, and be a participant in our frozen Executive Supplemental Income Agreement. Participants must also be an officer with at least 10 years of service as of December 31, 2006. We have sole and exclusive discretion to add new participants to the plan by authorizing such participation pursuant to action of the Board.

An initial amount was credited for each eligible employee as of January 1, 2007. Subsequent amounts have been credited on each allocation date thereafter as defined in the plan. The amount of the initial allocation and the annual allocation shall be determined pursuant to the payment schedule adopted at our sole and exclusive discretion, as set forth in the plan.

David J. Reetz and Peggy L. Wheeler are eligible for early retirement under the plan. Under the provisions of the plan, participants are eligible for early retirement upon attaining 55 years of age. There is no difference between the calculation of benefits payable upon early retirement and normal retirement.

- (1) The amounts shown in this column are the amounts deferred by the officers under the Deferred Compensation Plan for Directors (“Directors Plan”) and are included in the “Salary” column in the Summary Compensation Table above.
- (2) The amounts shown in this column are the amounts we contributed to the officers’ account under the Retirement Bonus Plan and the SERP. These amounts are not included in the Summary Compensation Table.
- (3) The amounts shown in this column are the earnings in the officers’ accounts under the Directors Plan, Retirement Bonus Plan and the SERP. These amounts are not included in the Summary Compensation Table because the earnings are not preferential.
- (4) The amounts shown in this column are the combined balance of the applicable executive officers’ accounts under the Directors Plan, Retirement Bonus Plan and the SERP.

Directors Plan. Under the Directors Plan, directors, including named executive officers who serve as directors, are required to invest at least 25% of their board fees in our common stock and may invest up to 100% of their earned fees based on their annual election. These amounts are reflected in the above table. These stock investments can be made either through deferred fees or through the purchase of shares through the Isabella Bank Corporation Stockholder Dividend Reinvestment and Employee Stock Purchase Plan (“DRIP Plan”). Deferred fees, under the Directors Plan, are converted on a quarterly basis into shares of our common stock based on the fair market value of shares at that time. Shares credited to a participant’s account are eligible for stock and cash dividends as paid. DRIP Plan shares are purchased on a monthly basis pursuant to the DRIP Plan.

Distribution of deferred fees from the Directors Plan occurs when the participant retires from the Board, attains age 70, or upon the occurrence of certain other events. Distributions must take the form of shares of our common stock. Any common stock issued from deferred fees under the Directors Plan will be considered restricted stock under the Securities Act of 1933, as amended. Common stock purchased through the DRIP Plan are not considered restricted stock under the Securities Act of 1933, as amended.

SERP. Under the SERP, we may promise deferred compensation benefits to employees who are members of a select group of management or highly compensated employees, which may include the named executive officers. The SERP authorizes us to make annual and discretionary credits to a participant’s SERP account pursuant to a participation agreement with the participant that sets forth the amount and timing of any annual credits and the vesting, payment, “clawback” and other terms to which the credits are subject.

The SERP provides default terms that may be modified by a participant’s participation agreement, including default vesting, interest and payment terms. Under the SERP’s default vesting terms, a participant is initially unvested in the participant’s SERP account and becomes 100% vested upon attaining normal retirement age, retirement, involuntary separation from service without cause, death, disability or a change in control. Special vesting rules apply to amounts that are credited after a change in control. Under the SERP’s interest rule, a participant’s account balance is credited with interest annually, the rate of which may be changed and is initially based on the average rate paid on certificates of deposit with Isabella Bank, updated annually. Under the SERP’s default payment terms, a participant’s vested and nonforfeited account balance will be paid in a single cash lump sum within 90 days after the first to occur of the participant’s separation from service (subject to a 6-month delay for a “specified employee”), death, disability, or any date specified in the participant’s participation agreement. The SERP also includes restrictive covenants that restrict a participant’s ability to compete with us and certain other activities.

Potential Payments Upon Termination or Change in Control

The estimated amounts payable to each named executive officer upon severance from employment, retirement, termination upon death or disability or termination following a change in control are described below. For all termination scenarios, the amounts assume such termination took place as of December 31, 2017.

Any Severance of Employment

Regardless of the manner in which a named executive officer's employment terminates, he or she is entitled to receive amounts earned during his or her term of employment. Such amounts include:

- Amounts accrued and vested through the Defined Benefit Pension Plan.
- Amounts accrued and vested through the Retirement Bonus Plan.
- Amounts deferred in the Directors Plan.
- Amounts vested through the Stock Award Incentive Plan.
- Unused vacation pay.

Retirement

In the event of the retirement of an executive officer, the officer would receive the benefits identified above.

Death or Disability

In the event of death or disability of an executive officer, in addition to the benefits listed above, the executive officer will also receive payments under our life insurance plan or under our disability plan as appropriate.

In addition to potential payments upon termination available to all employees, the estates for the executive officers listed below would receive the following payments upon death:

<u>Name</u>	<u>While an Active Employee</u>	<u>Subsequent to Retirement</u>
Jae A. Evans	\$ 750,000	\$ 375,000
Dennis P. Angner	—	158,623
Jerome E. Schwind	512,638	256,319
David J. Reetz	329,942	164,971
Peggy L. Wheeler	284,320	142,160
Rhonda S. Tudor	—	—

Change in Control

We currently do not have a change in control agreement with any of the executive officers; provided, however, pursuant to the Retirement Bonus Plan each participant would become 100% vested in their benefit under the plan if, following a change in control, they voluntarily terminate employment or are terminated without just cause. Similarly, under the SERP each participant would become 100% vested in their SERP account upon a change in control. Also, following a change in control, if a participant is involuntarily terminated without cause or voluntarily terminates for good reason all uncredited annual credits would be credited to his or her SERP account. If termination took place on December 31, 2017, that would have resulted in a credit to Jae Evans' SERP account of \$328,709 and Jerome Schwind's SERP account of \$22,404.

Director Compensation

The following table summarizes the compensation of each non-employee director who served on the Board during 2017.

⁽¹⁾ Directors electing to receive all fees in cash, resulting in no contributions to the Directors Plan, invest at least 25% of their board fees in our common stock under the DRIP Plan as described in our Directors Plan within the “Executive Officers” section.

We paid \$1,350 per board meeting plus a retainer of \$10,000 to each member during 2017. Members of the Audit Committee were paid \$650 per Audit Committee meeting attended. Members of the Nominating and Corporate Governance Committee were paid \$350 per meeting attended. The chairperson of the Board is paid a retainer of \$35,000, the chairperson for the Audit Committee is paid a retainer of \$6,000, and the vice chairperson for the Audit Committee is paid a retainer of \$2,000.

Under the Directors Plan, upon a participant’s attainment of age 70, retirement from the Board, or the occurrence of certain other events, the participant is eligible to receive a lump-sum, in-kind distribution of all of the stock that is then credited to the participant's account. The plan does not allow for cash settlement. Stock issued under the Directors Plan is restricted stock under the Securities Act of 1933, as amended.

We established a Rabbi Trust to supplement the Directors Plan. The Rabbi Trust is an irrevocable grantor trust to which we may contribute assets for the limited purpose of funding a nonqualified deferred compensation plan. Although we may not reach the assets of the Rabbi Trust for any purpose other than meeting its obligations under the Directors Plan, the assets of the Rabbi Trust remain subject to the claims of our creditors. We may contribute cash or common stock to the Rabbi Trust from time-to-time for the sole purpose of funding the Directors Plan. The Rabbi Trust will use any cash that we may contribute to purchase shares of our common stock on the open market.

We transferred \$419,173 to the Rabbi Trust in 2017, which held 31,769 shares of our common stock for settlement as of December 31, 2017. As of December 31, 2017, there were 195,140 shares of common stock credited to participants’ accounts, which credits are unfunded as of such date to the extent that they are in excess of the stock and cash that has been credited to the Rabbi Trust. All amounts are unsecured claims against our general assets. The net cost of this benefit was \$194,930 in 2017.

The following table displays the cumulative number of equity shares credited to the accounts of current directors pursuant to the terms of the Directors Plan as of March 9, 2018:

Compensation and Human Resource Committee Interlocks and Insider Participation

In 2017, the Compensation and Human Resource Committee members were directors Barnes, Barz, Bourland, Hubscher, Kleinhardt, LaFramboise, Maness, Manifold, McGuire, Opperman, and Varner. No executive officer of the Corporation serves on any board of directors or compensation committee of any entity that compensates any member of the Compensation and Human Resource Committee.

Indebtedness of and Transactions with Management

Certain directors and officers and members of their families were loan customers of the Bank, or have been directors or officers of corporations, members or managers of limited liability companies, or partners of partnerships which have had transactions with the Bank. In our opinion, all such transactions were made in the ordinary course of business and were substantially on the same terms, including collateral and interest rates, as those prevailing at the same time for comparable transactions with customers not related to the Bank. These transactions do not involve more than normal risk of collectability or present other unfavorable features. Total loans to these customers were approximately \$4,335,000 as of December 31, 2017. We address transactions with related parties in our Code of Business Conduct and Ethics Policy. Conflicts of interest are prohibited, except under board approved guidelines.

⁽¹⁾ Beneficial ownership is defined by rules of the SEC and includes shares that the person has or shares voting or investment power over and shares that the person has a right to acquire within 60 days from March 9, 2018. Totals for directors include shares of stock credited under the Directors Plan as of March 9, 2018 as disclosed in the “Director Compensation” section. Participants in the Directors Plan have a right to acquire shares credited to their accounts upon a distributable event. A description of the Directors Plan under which these shares of stock were issued is set forth in our Directors Plan within the “Executive Officers” section.

Independent Registered Public Accounting Firm

The Audit Committee has appointed Rehmann Robson LLC as our independent auditors for the year ending December 31, 2018.

A representative of Rehmann Robson LLC is expected to be present at the Annual Meeting to respond to appropriate questions from shareholders and to make any comments Rehmann Robson LLC believes are appropriate.

Fees for Professional Services Provided by Rehmann Robson LLC

The following table shows the aggregate fees billed by Rehmann Robson LLC for the audit and other services provided for:

	<u>2017</u>	<u>2016</u>
Audit fees	\$ 304,255	\$ 295,094
Audit related fees	20,651	28,500
Tax fees	23,382	24,410
Total	<u>\$ 348,288</u>	<u>\$ 348,004</u>

The audit fees were for performing the integrated audit of our consolidated annual financial statements and the internal control attestation report related to the Federal Deposit Insurance Corporation Improvement Act, reviews of interim quarterly financial statements included in our Forms 10-Q, and services that are normally provided by Rehmann Robson LLC in connection with statutory and regulatory filings or engagements.

The audit related fees are typically for various discussions related to the adoption and interpretation of new accounting pronouncements. During 2017, this includes fees for procedures related to nonrecurring regulatory filings. Also included are fees for auditing of our employee benefit plans.

The tax fees were for the preparation of our state and federal income tax returns and for consultation on various tax matters.

The Audit Committee has considered whether the services provided by Rehmann Robson LLC, other than the audit fees, are compatible with maintaining Rehmann Robson LLC's independence and believes that the other services provided are compatible.

Pre-Approval Policies and Procedures

All audit and non-audit services over \$5,000 to be performed by Rehmann Robson LLC must be approved in advance by the Audit Committee if those fees are reasonably expected to exceed 5.0% of the current year agreed upon fee for independent audit services. As permitted by SEC rules, the Audit Committee has authorized its chairperson to pre-approve audit, audit-related, tax and non-audit services, provided that such approved service is reported to the full Audit Committee at its next meeting.

As early as practicable in each calendar year, the independent auditor provides to the Audit Committee a schedule of the audit and other services that the independent auditor expects to provide or may provide during the next twelve months. The schedule will be specific as to the nature of the proposed services, the proposed fees, timing, and other details that the Audit Committee may request. The Audit Committee will by resolution authorize or decline the proposed services. Upon approval, this schedule will serve as the budget for fees by specific activity or service for the next twelve months.

A schedule of additional services proposed to be provided by the independent auditor, or proposed revisions to services already approved, along with associated proposed fees, may be presented to the Audit Committee for their consideration and approval at any time. The schedule will be specific as to the nature of the proposed service, the proposed fee, and other details that the Audit Committee may request. The Audit Committee will by resolution authorize or decline authorization for each proposed new service.

Applicable SEC rules and regulations permit waiver of the pre-approval requirements for services other than audit, review or attest services if certain conditions are met. Out of the services characterized above as audit-related, tax and professional services, none were billed pursuant to these provisions in 2017 and 2016 without pre-approval.

Shareholder Proposals

Any proposals which you intend to present at the next Annual Meeting must be received before November 28, 2018 to be considered for inclusion in our Proxy Statement and proxy for that meeting. Proposals should be made in accordance with Securities and Exchange Commission Rule 14a-8.

Directors' Attendance at the Annual Meeting of Shareholders

Our directors are encouraged to attend the Annual Meeting. At the 2017 Annual Meeting, all directors were in attendance.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Securities Exchange Act of 1934 requires our directors and certain officers and persons who own more than 10% of our common stock, to file with the SEC initial reports of ownership and reports of changes in ownership of our common stock. These officers, directors, and greater than 10% shareholders are required by SEC regulation to furnish us with copies of these reports.

To our knowledge, based solely on review of the copies of such reports furnished, during the year ended December 31, 2017 all Section 16(a) filing requirements were satisfied, with respect to the applicable officers, directors, and greater than 10% beneficial owners with the exception of the following: director Maness filed one late report for one reportable transaction and director and executive officer Schwind filed one late report for one reportable transaction.

Other Matters

We will bear the cost of soliciting proxies. In addition to solicitation by mail, officers and other employees may solicit proxies by telephone or in person, without compensation other than their regular compensation.

As to Other Business Which May Come Before the Meeting

We do not intend to bring any other business before the meeting for action. However, if any other business should be presented for action, it is the intention of the persons named in the enclosed form of proxy to vote in accordance with their judgment on such business.

By order of the Board of Directors
