Interim Dividend Payable	December

Chairman's Statement

Results and Review

It is pleasing to report that the Group has continued to build on the good progress attained in the first half of the year, notwithstanding recessionary conditions in the global industrial manufacturing and heavy engineering sector which progressively deepened as the year unfolded.

For the year ended 30th April 2016, profit before taxation increased to £1.68m (2015 – £1.54m) on revenue up at £49.28m (2015 – £45.50m). Earnings per share amounted to 9.6p (2015 – 8.20p).

The balance sheet remains very strong, even after considerable investment, with net cash and short term deposits amounting to £12.76m (2015 – £17.15m) at the year end.

'Defence', as we anticipated, continued its recovery with a satisfying upward trajectory in revenue. This was most encouraging following the previous two years when we endured widespread constraints upon international defence budgets that resulted in a disappointingly subdued order intake and ensuing weaker revenues. Meanwhile our investment in products, facilities and personnel development has continued unabated and there are positive signs that we are beginning to reap the rewards of this important commitment.

'Forgings' manufactures on three continents producing a complete size-range of original equipment fork-arms for the forklift truck, construction, agricultural and quarrying equipment manufacturing industries together with after-market products. It experienced a most challenging time as many markets it serves were adversely impacted by the sheer scale of deepening recessionary conditions. As a consequence, the division's three business operations in the UK, USA and Brazil, had to contend with reduced weekly orders and revenue. Nevertheless, relentless tight control of costs and further investment in production efficiency drivers went some way towards countering the negative effects of the slowdown.

'Petrol Station Superstructures' traditional business of design, manufacture and construction of petrol station canopies, convenience stores and car-wash buildings across the UK, Eire and Eastern Europe also experienced a notable downturn in activity as many customers – the major oil companies, dealers and supermarket groups – deferred planned new build programmes. By contrast, Petrol Sign bv, acquired in June 2015, produced an exemplary performance emanating from an incredibly busy year restyling petrol station branding in mainland Western Europe. This success partially offset the effects of the slowdown on other parts of the division.

Outlook

Notwithstanding current negativity in some markets and the fact that growth is continuing to slow virtually everywhere, we have the desire, commitment and resources to maintain a positive stance and, most significantly, we have the ability to invest in the future with new products and facilities whilst reaching out to the opportunities that we perceive are accessible in areas that are new to us. In the meantime our priority is to go forward on all fronts and successfully contend with the existent tough market conditions.

'Defence' – despite the many global security fears, persisting or emerging, there is yet to be any meaningful evidence of the anticipated upturn in defence budgets by governments around the world. As is the case for many global suppliers of defence equipment and services, the fragility of this anticipated upturn remains a salient feature in our future business planning and expectations. Yet, during this prolonged period of market weakness, our response has been to continue investing in the business and that policy will be maintained, for there is little doubt that much is being achieved and we strongly believe that we are doing the right thing in order to grow the division. Our defence business already enjoys a world class reputation for both products and support services and in order to sustain and advance that status, the structure of the operation is being strengthened, new items are being added to the product portfolio and marketing has been intensified in both home and international markets.

'Forgings' – many of our global customers in the manufacture of mobile handling plant and equipment have already chronicled the negative effects of the economic downturn on their businesses. Clearly it may take some time for there to be any sign of a real recovery in these markets. Accordingly, our attention is focused on maintaining tight cost control and seeking any operational efficiencies to ensure that we maintain our highly creditable and enviable reputation as a strong, reliable and cost effective supplier. In the United States we are in the construction phase of a new manufacturing facility to replace the much smaller property nearby. In preparation for the relocation, additional state of the art plant and equipment is currently being assembled for installation in the new facility later this year.

Chairman's Statement

Continued

'Petrol Station Superstructures'- the division is seeing a good number of the new station builds that customers postponed last year now being resurrected for construction in the current year. With the summer construction period approaching full swing, there has been a significant upturn in order intake over recent weeks from our traditional markets in the UK, Eire and Eastern Europe. Following the integration of Petrol Sign into the Group, two new 'Petrol Sign' branding business operations have been established one here in the UK and the other in Germany. In addition, a forecourt superstructures operation has been opened in The Netherlands to strengthen the company's market position in mainland Western Europe. We are greatly encouraged by the positive response of the petrol station forecourt market to our business expansion programmes.

Overall, the Group now has some very positive initiatives in place and, despite the current difficult worldwide trading environment, much is being achieved and some very interesting opportunities are opening up.

All matters considered the Board recommends the payment of a maintained final dividend of 6.5p per share (2015 – 6.5p), making the total for the year of 8p (2015 – 8p). The final dividend is expected to be paid on 21st July 2016 to those shareholders on the register at the close of business on 24th June 2016

Strategic report

Business review

The Group is engaged in the design and manufacture of specialist engineering products and the provision of related services.

A review of the operations of the Company and subsidiaries and their position at 30th April, 2016 are provided in the Chairman's Statement.

Segment information for the year under review is provided in note 4 "Segment Information" to the Group financial statements.

Principal risks and uncertainties

The principal risk and uncertainties facing the Group relate to levels of customer demand for the Group's products and services. Customer demand is driven mainly by general economic conditions but also by pricing, product quality and delivery performance of MS INTERNATIONAL plc and in comparison with our competitors.

The referendum on the UK's membership of the EU increases economic and operational uncertainty.

Sterling exchange rates against other currencies can influence pricing. The principal financial risks and uncertainties in the business are set out in note 23 "Financial Instruments" to these Group financial statements.

Key performance indicators

A review of the changes in the key performance indicators is provided in the Chairman's Statement.

By order of the Board,

David Kirkup
Secretary

9th June, 2016

Statement of directors' responsibilities

The directors are responsible for preparing the Annual Report and the financial statements in accordance with applicable United Kingdom law and regulations. Company law requires the directors to prepare such financial statements for each financial year. Under that law, the directors are required to prepare Group and Parent Company financial statements under IFRSs as adopted by the European Union.

Under company law the directors must not approve the accounts unless they are satisfied that they give a true and fair view of the state of affairs of the Group and Parent Company and of the profit or loss of the Group for that period. In preparing those financial statements, the directors are required to:

- present fairly the financial position, financial performance and cash flows of the Group and Parent Company;
- select suitable accounting policies in accordance with IAS 8: Accounting policies, Changes in accounting Estimates and Errors and then apply them consistently;
- present information, including accounting policies, in a manner that provides relevant, reliable, comparable and understandable information;
- make judgements that are reasonable;
- provide additional disclosures when compliance with the specific requirements in IFRSs as adopted by the European Union is insufficient to enable users to understand the impact of particular transactions, other events and conditions on the Group and Parent Company's financial position and financial performance; and
- state whether the Group and Parent Company financial statements have been prepared in accordance with IFRSs as adopted by the European Union, subject to any material departures disclosed and explained in the financial statements.

The directors are responsible for keeping adequate accounting records that are sufficient to show and explain the Group and Parent Company's transactions and disclose with reasonable accuracy at any time the financial position of the Group and Parent Company and to enable them to ensure that the financial statements comply with the Companies Act 2006 and Article 4 of the IAS Regulation. They are also responsible for safeguarding the assets of the Group and Parent Company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

The directors are also responsible for preparing the Report of the directors, the Directors' remuneration report and the Corporate governance statement in accordance with the Companies Act 2006 and applicable regulations, including the requirements of the Listing Rules and the Disclosure and Transparency Rules.

Independent auditors' report to the members of MS INTERNATIONAL plc – Registration Number 653735

We have audited the financial statements of MS INTERNATIONAL plc for the 52 weeks ended 30th April 2016 which comprise the consolidated group income statement, the consolidated and company statement of comprehensive income, the consolidated and company statement of changes in equity, the consolidated statement of financial position, the group and company cashflow statements, and the related notes 1 to 31. The financial reporting framework that has been applied in their preparation is applicable law and International Financial Reporting Standards (IFRSs) as adopted by the European Union and, as regards the parent company financial statements, as applied in accordance with the provisions of the Companies Act 2006.

This report is made solely to the company's members, as a body, in accordance with Chapter 3 of Part 16 of the Companies Act 2006. Our audit work has been undertaken so that we might state to the company's members those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the company and the company's members as a body, for our audit work, for this report, or for the opinions we have formed.

Independent auditors' report to the members of MS INTERNATIONAL plc

Continued

Respective responsibilities of directors and auditor

As explained more fully in the Directors' Responsibilities Statement set out on page 8, the directors are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view. Our responsibility is to audit and express an opinion on the financial statements in accordance with applicable law and International Standards on Auditing (UK and Ireland). Those standards require us to comply with the Auditing Practices Board's Ethical Standards for Auditors.

Scope of the audit of the financial statements

An audit involves obtaining evidence about the amounts and disclosures in the financial statements sufficient to give reasonable assurance that the financial statements are free from material misstatement, whether caused by fraud or error. This includes an assessment of: whether the accounting policies are appropriate to the group's and the parent company's circumstances and have been consistently applied and adequately disclosed; the reasonableness of significant accounting estimates made by the directors; and the overall presentation of the financial statements. In addition, we read all the financial and non-financial information in the annual report to identify material inconsistencies with the audited financial statements and to identify any information that is apparently materially incorrect based on, or materially inconsistent with, the knowledge acquired by us in the course of performing the audit. If we become aware of any apparent material misstatements or inconsistencies we consider the implications for our report.

Opinion on financial statements

In our opinion:

- the financial statements give a true and fair view of the state of the group's and of the parent company's affairs as at 30th April, 2016 and of the group's profit for the year then ended;
- the group financial statements have been properly prepared in accordance with IFRSs as adopted by the European Union;
- the parent company financial statements have been properly prepared in accordance with IFRSs as adopted by the European Union and as applied in accordance with the provisions of the Companies Act 2006; and
- the financial statements have been prepared in accordance with the requirements of the Companies Act 2006.

Opinion on other matters prescribed by the Companies Act 2006

In our opinion the information given in the Strategic Report and the Directors' Report for the financial year for which the financial statements are prepared is consistent with the financial statements.

Matters on which we are required to report by exception

We have nothing to report in respect of the following matters where the Companies Act 2006 requires us to report to you if, in our opinion:

- adequate accounting records have not been kept by the parent company, or returns adequate for our audit have not been received from branches not visited by us; or
- the parent company financial statements are not in agreement with the accounting records and returns; or
- certain disclosures of directors' remuneration specified by law are not made; or
- we have not received all the information and explanations we require for our audit.

Notes to the financial statements

At 30th April, 2016

1 Authorisation of financial statements and statement of compliance with IFRSs

The Group's and Company's financial statements of MS INTERNATIONAL plc (the 'Company') for the year ended 30th April, 2016 were authorised for issue by the board of the directors on 9th June, 2016 and the statements of financial position were signed on the board's behalf by Michael Bell and Michael O'Connell. MS INTERNATIONAL plc is a public limited company incorporated and domiciled in England and Wales. The Company's Ordinary shares are traded on the London Stock Exchange.

The Group's and Company's financial statements have been prepared in accordance with International Financial Reporting Standards as adopted by the EU as they apply to the financial statements of the Group and Company for the year ended 30th April, 2016 applied in accordance with the provisions of the Companies Act 2006.

The Company has taken advantage of the exemption provided under section 408 of the Companies Act 2006 not to publish its individual income statement and related notes.

2 Accounting policies

Basis of preparation

The consolidated financial statements are presented in pounds sterling and all values are rounded to the nearest thousand (£000) except when otherwise indicated.

The preparation of financial statements requires management to make judgements, estimates and assumptions that affect the amounts reported for assets and liabilities as at the balance sheet date and the amounts reported for revenues and expenses during the year. However, the nature of estimation means that actual outcomes could differ from those estimates. The following judgements have had the most significant effect on amounts recognised in the financial statements:

Defined benefit pension obligations

Measurement of defined benefits obligations requires estimation of future changes in salaries and inflation, as well as mortality rates and the selection of a suitable discount rate (see note 21).

Contract sales

Assessment of the extent to which contract outcomes can be measured reliability.

Taxation

The Group establishes provisions, based on reasonable estimates, for possible consequences of audits by the tax authorities of the respective countries in which it operates. The amount of such provisions is based on various factors, such as experience with previous tax audits and differing interpretations of tax regulations by the taxable entity and the responsible tax authority.

Impairment of non-financial assets

The Group's impairment test for goodwill and intangible assets with indefinite useful lives is based either on fair value less costs to sell or a value in use calculation. The fair value less costs to sell calculation is based on available data from binding sales transactions in an arm's length transaction on similar assets or observable market prices less incremental costs for disposing of the asset. The value in use calculation is based on a discounted cash flow model.

Statement of compliance

The consolidated financial statements of MS INTERNATIONAL plc have been prepared in accordance with International Financial Reporting Standards (IFRSs) as adopted in the EU.

Basis of consolidation

The consolidated financial statements comprises the financial statements of MS INTERNATIONAL plc and its subsidiaries as at the Saturday nearest to the 30th April each period. The financial statements of the subsidiaries are prepared for the same reporting period as the parent Company, using consistent accounting policies.

All intra-group balances, transactions, income and expenses and profits and losses resulting from intra-Group transactions that are recognised in assets, are eliminated in full.

Subsidiaries are fully consolidated from the date of acquisition, being the date on which the Group obtains control, and continue to be consolidated until the date that such control ceases.

Notes to the financial statements

Continued

2 Accounting policies (continued)

Change in accounting policies

There were no changes in accounting policies during the year which impacted the group.

The Company's investments in subsidiaries

In its separate financial statements the Company's investments in subsidiaries are carried at cost less provision for impairment.

Foreign currency translation

The consolidated financial statements are presented in pounds sterling which is the Company's functional and presentation currency. Each entity in the Group determines its own functional currency and items included in the financial statements of each entity are measured using that functional currency. Transactions in foreign currencies are initially recorded at the functional currency rate ruling at the date of the transaction. Monetary assets and liabilities denominated in foreign currencies are retranslated at the functional currency rate of exchange ruling at the balance sheet date. All differences are taken to profit or loss. Non-monetary items measured at fair value in foreign currency are translated using the exchange rates at the date when the fair value was determined.

The main functional currencies of the Group's overseas subsidiaries are the US$, the Euro, the Polish Zloty and the Brazilian Real. As at the reporting date, the assets and liabilities of the overseas subsidiaries are translated into the presentation currency of the Group at the rate of exchange ruling at the balance sheet date and their income statements are translated at the weighted average exchange rates for the year. The exchange differences arising on the retranslation are taken directly to a separate component of equity. On disposal of a foreign entity, the deferred cumulative amount recognised in equity relating to that particular foreign operation is recognised in the income statement.

Property, plant and equipment

Plant and equipment is stated at cost less accumulated depreciation and accumulated impairment losses. Such cost includes costs directly attributable to making the asset capable of operating as intended. Borrowing costs attributable to assets under construction are recognised as an expense as incurred.

Land and buildings are recognised initially at cost and thereafter carried at fair value less depreciation and impairment charged subsequent to the date of the revaluation. Fair value is based on periodic valuations by an external independent valuer and is determined from market-based evidence by appraisal. Valuations are performed frequently enough to ensure that the fair value of a revalued asset does not differ materially from its carrying amount.

Any revaluation surplus is credited to the revaluation reserve in equity except to the extent that it reverses a decrease in the carrying value of the same asset previously recognised in profit or loss, in which case the increase is recognised in profit or loss. A revaluation deficit is recognised in profit or loss, except to the extent of any existing surplus in respect of that asset in the revaluation reserve.

Additionally, accumulated depreciation as at revaluation date is eliminated against the gross carrying amount of the asset and the net amount is restated to the revalued amount of the asset. Upon disposal any revaluation reserve relating to the particular asset being sold is transferred to retained earnings.

Depreciation is provided on all property, plant and equipment, other than freehold land, at rates calculated to write off the cost, less estimated residual value based on prices prevailing at the balance sheet date, of each asset evenly over its expected useful life as follows:

Property other than freehold land – over 50 years

Plant and machinery – over 3 to 8 years

The carrying values of property, plant and equipment are reviewed for impairment when events or changes in circumstances indicate the carrying value may not be recoverable.

Notes to the financial statements

Continued

2 Accounting policies (continued)

Intangible assets

Intangible assets acquired separately are measured at cost on initial recognition. Following initial recognition, intangible assets are carried at cost less any accumulated amortisation and impairment losses. Internally generated intangible assets, excluding capitalised development costs, are not capitalised and expenditure is reflected in the income statement in the year in which the expenditure is incurred. The useful lives of intangible assets are assessed to be either finite or indefinite.

Intangible assets with finite lives are amortised over the useful economic life and assessed for impairment whenever there is an indication that the intangible asset may be impaired. The amortisation period and the amortisation method are reviewed at least at each financial year end. Changes in the expected useful life or the expected pattern of consumption of future economic benefits embodied in the asset is accounted for by changing the amortisation period or method, as appropriate, and are treated as changes in accounting estimates.

The useful economic lives of each tangible asset with finite lives are as follows:-

Tradename – over10 to 20 years

Design database – over 10 years

Customer relationships – over 8 to 10 years

Software costs- over 3 to 5 years

Non-compete agreement – over 3 years

Order backlog – over 1 year

Intangible assets with indefinite useful lives are tested for impairment annually either individually or at the cash generating unit level and are not amortised. The useful life of an intangible asset with an indefinite life is reviewed annually to determine whether indefinite life assessment continues to be supportable. If not, the change in the useful life assessment from indefinite to finite is made on a prospective basis.

Gains or losses arising from derecognition of an intangible asset are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognised in the income statement when the asset is derecognised.

Derivative financial instruments and hedging

The Group uses derivative financial instruments such as forward currency contracts to hedge its risks associated with foreign currency fluctuations. Derivative financial instruments are initially recognised at fair value on the date on which a derivative contract is entered into and are subsequently remeasured at fair value. Derivatives are carried as assets when the fair value is positive and as liabilities when the fair value is negative.

The fair value of forward currency contracts is calculated by reference to current forward exchange rates for contracts with similar maturity profiles.

A hedge of the foreign currency risk of a firm commitment is accounted for as a cash flow hedge.

Any gains or losses arising from changes in the fair value of derivatives that do not qualify for hedge accounting are taken to the income statement.

Inventories

Inventories are valued at the lower of historic cost and net realisable value.

Costs incurred in bringing each product to its present location and condition is accounted for as follows:

Raw materials — purchase cost on a first-in, first-out basis.

Finished goods and work in progress — cost of direct materials and labour and a proportion of manufacturing overheads based on normal operating capacity but excluding borrowing costs.

Net realisable value is the estimated selling price in the ordinary course of business, less estimated costs necessary to make the sale.

Progress payments received and receivable are deducted from the value of raw materials and work in progress to which they relate. Any excess progress payments are included in trade and other payables.

Notes to the financial statements

Continued

2 Accounting policies (continued)

Trade and other receivables

Trade receivables, which generally have 30 days terms, are recognised and carried at original invoice amount less an allowance for any uncollectable amounts. Provision is made when there is objective evidence that the Group may not be able to collect the debts. Bad debts are written off when identified.

Treasury shares

Own shares held by the Company and Group are classified in equity and are recognised at cost. No gain or loss is recognised on the purchase, sale, issue or cancellation of the Group's own equity instruments.

Cash and cash equivalents

Cash and cash equivalents in the balance sheet comprise cash at bank, on short term deposit and in hand.

For the purpose of the consolidated cash flow statement, cash and cash equivalents consist of cash and cash equivalents as defined above.

Pension schemes

The cost of providing benefits under the defined benefit plan is determined using the projected unit credit method, which attributes entitlement to benefits to the current period (to determine current service cost) and to the current and prior periods (to determine the present value of defined benefit obligation) and is based on actuarial advice. Past service costs are recognised in profit or loss immediately. When a settlement (eliminating all obligations for benefits already accrued) or a curtailment (reducing future obligations as a result of a material reduction in the scheme membership or a reduction in future entitlement) occurs the obligation and related plan assets are remeasured using current actuarial assumptions and the resultant gain or loss recognised in the income statement during the period in which the settlement or curtailment occurs.

The interest element of the defined benefit cost represents the change in present value of scheme obligations resulting from the passage of time, and is determined by applying the discount rate to the opening present value of the benefit obligation, taking into account material changes in the obligation during the year. Remeasurement gains and losses are recognised in full in the statement of recognised income and expense in the period in which they occur. Actual gains/losses less amount included in net interest costs are included in other comprehensive income.

The defined benefit pension asset or liability in the balance sheet comprises the total for each plan of the present value of the defined benefit obligation (using a discount rate based on high quality corporate bonds) less the fair value of plan assets out of which the obligations are to be settled directly. Fair value is based on market price information and in the case of quoted securities is the published bid price. The value of a net pension benefit asset is restricted to the sum of the present value of any amount the Group expects to recover by way of refunds from the plan or reductions in the future contributions.

Contributions to defined contribution schemes are recognised in the income statement in the period in which they become payable.

Business combinations

Business combinations are accounted for using the acquisition method. The cost of an acquisition is measured as the aggregate of the consideration transferred, measured at acquisition date fair value and the amount of any non-controlling interest in the acquiree. The choice of measurement of non-controlling interest, either at fair value or at the proportionate share of the acquiree's identifiable net assets is determined on a transaction by transaction basis. Acquisition costs incurred are expensed and included in administrative expenses.

When the Group acquires a business, it assesses the financial assets and liabilities assumed for appropriate classification and designation in accordance with the contractual terms, economic circumstances and pertinent conditions as at the acquisition date. This includes the separation of embedded derivatives in host contracts by the acquiree.

Any contingent consideration to be transferred by the acquirer will be recognised at fair value at the acquisition date. Subsequent changes to the fair value of the contingent consideration which is deemed to be an asset or liability will be recognised in accordance with IAS 39 either in profit or loss or in other comprehensive income. If the contingent consideration is classified as equity, it should not be remeasured until it is finally settled within equity.

Notes to the financial statements

Continued

2 Accounting policies (continued)

Business combinations (continued)

Goodwill is initially measured at cost being the excess of the aggregate of the acquisition-date fair value of the consideration transferred and the amount recognised for the non-controlling interest (and where the business combination is achieved in stages, the acquisition-date fair value of the acquirer's previously held equity interest in the acquiree) over the net identifiable amounts of the assets acquired and the liabilities assumed in exchange for the business combination. Assets acquired and liabilities assumed in transactions separate to the business combinations, such as the settlement of pre-existing relationships or post-acquisition remuneration arrangements are accounted for separately from the business combination in accordance with their nature and applicable IFRSs. Identifiable intangible assets, meeting either the contractual-legal or separability criterion are recognised separately from goodwill. Contingent liabilities representing a present obligation are recognised if the acquisition- date fair value can be measured reliably.

If the aggregate of the acquisition-date fair value of the consideration transferred and the amount recognised for the non-controlling interest (and where the business combination is achieved in stages, the acquisition-date fair value of the acquirer's previously held equity interest in the acquiree) is lower than the fair value of the assets, liabilities and contingent liabilities and the fair value of any pre-existing interest held in the business acquired, the difference is recognised in profit and loss.

After initial recognition, goodwill is measured at cost less any accumulated impairment losses. For the purpose of impairment testing, goodwill acquired in a business combination is, from the acquisition date, allocated to each of the Group's cash-generating units (or Groups of cash generating units) that are expected to benefit from the combination, irrespective of whether other assets or liabilities of the acquiree are assigned to those units. Each unit or group of units to which goodwill is allocated shall represent the lowest level within the entity at which the goodwill is monitored for internal management purposes and not be larger than an operating segment before aggregation.

Where goodwill forms part of a cash-generating unit and part of the operation within that unit is disposed of, the goodwill associated with the operation disposed of is included in the carrying amount of the operation when determining the gain or loss on disposal of the operation. Goodwill disposed of in this circumstance is measured based on the relative values of the operation disposed of and the portion of the cash-generating unit retained.

Revenue

Revenue represents the turnover, net of discounts, derived from services provided to customers and sales of products applicable to the period.

Revenue is recognised to the extent that it is probable that the economic benefits will flow to the Group and the revenue can be reliably measured. The following specific recognition criteria must also be met before revenue is recognised.

Revenue, in respect of products, is recognised when the significant risks and rewards of ownership of the goods have passed to the buyer and the amount of revenue can be measured reliably, this is usually on despatch.

Revenue from the provision of engineering services is recognised as the work is performed.

Contract sales are recognised by reference to the stage of completion. Stage of completion is measured by reference to the value of cost completed as a percentage of the total estimated value of the costs of the contract. Where the contract outcome cannot be measured reliably revenue is recognised only to the extent of the costs recognised that are recoverable.

Government grants

Government grants are recognised where there is reasonable assurance that the grant will be received and all attaching conditions will be complied with. When the grant relates to an expense item, it is recognised as income over the period necessary to match the grant on a systematic basis to the costs that it is intended to compensate. Where the grant relates to an asset, the fair value is credited to a deferred income account and is released to the income statement over the expected useful life of the relevant asset by equal annual instalments.

Notes to the financial statements

Continued

2 Accounting policies (continued)

Taxes

Income tax is charged or credited directly to other comprehensive income or equity if it relates to items that are credited or charged to, respectively, other comprehensive income or equity. Otherwise income tax is recognised in the income statement.

Current tax

Current tax assets and liabilities for the current and prior periods are measured at the amount expected to be recovered from or paid to the taxation authorities. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted by the balance sheet date.

Deferred tax

Deferred income tax is recognised on all temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the financial statements, with the following exceptions:

- where the temporary difference arises from the initial recognition of goodwill or of an asset or liability in a transaction that is not a business combination that at the time of the transaction affects neither accounting nor taxable profit or loss;
- in respect of taxable temporary differences associated with investments in subsidiaries, associates and joint ventures, where the timing of the reversal of the temporary differences can be controlled and it is probable that the temporary differences will not reverse in the foreseeable future; and
- deferred income tax assets are recognised only to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, carried forward tax credits or tax losses can be utilised;

Deferred income tax assets and liabilities are measured on an undiscounted basis at the tax rates that are expected to apply when the related asset is realised or liability is settled, based on tax rates and laws enacted or substantively enacted at the balance sheet date.

Dividends payable

Dividends are recognised when they become legally payable. In the case of interim dividends this is when paid, in the case of final dividends this is when approved by the shareholders.

Exceptional items

The Group presents as exceptional items on the face of the income statement, those material items of income and expense which, because of the nature and unexpected infrequency of the events giving rise to them merit separate presentation to allow shareholders to understand better the elements of financial performance in the year, so as to facilitate comparison with prior periods and to assess better trends in financial performance.

Share-based payments

The Group measures the cost of equity-settled transactions with employees by reference to the fair value of the equity instruments at the date at which they are granted and is recognised as an expense over the vesting period, which ends on the date on which the relevant employees become fully entitled to the award. Judgement is required in determining the most appropriate valuation model for a grant of equity instruments, depending on the terms and conditions of the grant. Management are also required to use judgement in determining the most appropriate inputs to the valuation model including expected life of the option, volatility and dividend yield.

International Accounting Standards (IAS/IFRSs)

New standards and interpretations not applied – The IASB and IFRIC have issued the following standards, amendments and interpretations with an effective date after the date of these financial statements:

		Effective date[1]
IAS 1 Amendment	presentation of financial statements	01 January 2016
IAS 19 Amendment	employee benefits	01 July 2015
IFRS 9	Financial instruments	01 January 2018
IFRS 15	Revenue from contracts with customers	01 January 2018
IFRS 16	Leases	01 January 2016
Annual improvements 2010-2012 cycle		01 July 2015
Annual improvements 2011-2013 cycle		01 July 2015
Annual improvements 2012-2015 cycle		01 January 2016

[1] The effective dates stated above are those given in the original IASB/IFRIC standards and interpretations. As the Group prepares its financial statements in accordance with IFRS as adopted by the European Union, the application of new standards and interpretations will be subject to their having being endorsed for use in the EU via the EU endorsement mechanism. In the majority of cases, this will result in an effective date consistent with that given in the original standard or interpretation but the need for endorsements restricts the Group's discretion to early adopt standards.

The Group has adopted all applicable amendments to standards with an effective date from 1 April 2015. Adoption of these standards did not have any material impact on financial performance or position of the Group.

The group are still assessing the impact of IFRS 15 and IFRS 16 as at the date of this report.

3 Revenue

	2016	2015
	£000	£000
Sale of goods	**38,046**	31,652
Revenue under contract accounting	**10,775**	13,280
	48,821	44,932
Rendering of services	**461**	571
	49,282	45,503

No revenue was derived from exchanges of goods or services (2015 – £Nil).

4 Segment information

The following table presents revenue and profit and certain assets and liability information regarding the Group's divisions for the periods ended 30th April, 2016 and 2nd May, 2015. The reporting format is determined by the differences in manufacture and services provided by the Group. The Defence division is engaged in the design, manufacture and service of defence equipment. The Forgings division is engaged in the manufacture of forgings. The Petrol Station Superstructures division is engaged in the design, manufacture, construction, branding, maintenance and restyling of petrol station superstructures.

Management monitors the operating results of its business units separately for the purpose of making decisions about resource allocation and performance assessment. Segment performance is evaluated based on operating profit or loss which in certain respects, as explained in the table below, is measured differently from operating profit or loss in the consolidated financial statements. Group financing (including finance costs and finance revenue) and income taxes are managed on a group basis and are not allocated to operating segments.

	Defence		Forgings		Petrol Station Superstructures		Total	
	2016 £000	2015 £000	**2016 £000**	2015 £000	**2016 £000**	2015 £000	**2016 £000**	2015 £000
Revenue								
External	**21,907**	17,010	**11,922**	15,120	**15,453**	13,373	**49,282**	45,503
Total revenue	**21,907**	17,010	**11,922**	15,120	**15,453**	13,373	**49,282**	45,503
Segment result	**1,787**	(247)	**(343)**	1,250	**412**	737	**1,856**	1,740
Net finance costs							**(174)**	(199)
Profit before taxation							**1,682**	1,541
Taxation							**(98)**	(188)
Profit for the period							**1,584**	1,353
Segmental assets	**24,607**	28,460	**5,250**	6,299	**12,132**	5,209	**41,989**	39,968
Unallocated assets (see below)							**10,712**	15,485
Total assets							**52,701**	55,453
Segmental liabilities	**10,411**	14,407	**1,378**	1,609	**3,454**	2,045	**15,243**	18,061
Unallocated liabilities (see below)							**9,398**	9,093
Total liabilities							**24,641**	27,154
Capital expenditure	**214**	82	**1,443**	526	**550**	168		
Depreciation	**233**	217	**362**	424	**911**	276		

Unallocated assets includes certain fixed assets, intangible assets, current assets and deferred tax assets. Unallocated liabilities includes the defined pension benefit scheme liability and certain current liabilities.

Following the acquisition of Petrol Sign bv, management have revised the allocation of certain costs which has led to a restatement of the prior year segment result for the three divisions. The total segment result of the Group for the prior year remains unchanged.

9 (b) Factors affecting the tax charge for the year

The tax assessed for the period differs to the standard rate of corporation tax in the UK (20%) (2015 – 21%). The differences are explained below:

	2016	2015
	£000	£000
Profit before tax	**1,682**	1,541
Profit multiplied by standard rate of corporation tax of 20% (2015 – 21%)	**336**	324
Expenses not deductible for tax purposes	**(157)**	(69)
Adjustment in respect of prior periods	**(45)**	(67)
Impact of reduction in deferred tax rate to 18%	**(36)**	–
Total tax charge for the period	**98**	188

10 Earnings per share

The calculation of basic earnings per share is based on:

(a) Profit for the period attributable to equity holders of the parent of £1,584,000 (2015 – £1,353,000).

(b) 16,504,691 (2015 – 16,504,691) Ordinary shares, being the weighted average number of Ordinary shares in issue.

This represents 18,396,073 (2015 – 18,396,073) being the weighted average number of Ordinary shares in issue less 1,891,382 (2015 – less 1,891,392) being the weighted average number of shares both held within the ESOT 245,048 (2015 – 245,048) and purchased by the Company 1,646,334 (2015 – 1,646,334).

11 Dividends paid and proposed

	2016	2015
	£000	£000
Declared and paid during the year		
On Ordinary shares		
Final dividend for 2015 : 6.50p (2014 – 6.50p)	**1,073**	1,073

(c) Depreciation has not been charged on freehold land which is included at a book value of £4,413,000 (2015 – £3,877,000) Company £3,380,000 (2015 – £3,380,000) at 30th April, 2016.

(d) On 30th April, 2014 the Group's land and buildings which consist of manufacturing and office facilities in the UK and Poland, were valued by Dove Haigh Phillips (UK) and KonSolid-Nieruchomosci (Poland). Management determined that these constitute one class of asset under IFRS 13 (designated as level 3 fair value assets), based on the nature, characteristics and risks of the properties.

If land and buildings were valued using the cost method, carrying amounts would be £8,203,000 (2015 – £7,332,000) at 30th April, 2016.

The UK properties were valued on the basis of an existing use value in accordance with the Appraisal and Valuation Standards (5th Edition) published by the Royal Institution of Chartered Surveyors. The Poland property was valued based on the income approach, converting anticipated future benefits in the form of rental income into present value. For all properties, there is no difference between current use and highest and best use.

Notes to the financial statements

Continued

12 Property, plant and equipment (continued)

Significant unobservable valuation input

	UK Properties	Poland Property
Basis of measurement	Value in use	Monthly rental
Value Range	£293-315 sq./m	£4-£11 sq./m pcm

Significant increases/(deceases) in the above measurements would result in a significant higher/(lower) fair value.

The valuation has given rise to a revaluation surplus of £1,939,000.

Goodwill acquired through business combinations and licences has been allocated for impairment testing purposes to the petrol station superstructures division which is an operating segment.

Impairment testing

Goodwill considered significant in comparison to the group's total carrying amount of such assets has been allocated to cash-generating units or groups of cash-generating units as follows:

	Goodwill 2016 £000	Goodwill 2015 £000
Petrol station superstructure division	**2,700**	2,064

Group

The performance of the petrol station superstructure division is the lowest level at which goodwill is monitored for internal management purposes.

At the year end, value in use was determined by discounting the future cash flows generated from the continuing operations of the company over the next 5 years and was based on the following key assumptions:

- Detailed 5 year management forecast.
- A growth in cashflows estimated for 5 years, and a growth rate of 2% assumed thereafter.
- Cash flows were discounted at a rate of 17.97%. This is the discount rate as calculated using the Weighted Average Cost of Capital.

Based on the above assumptions, the value in use calculated for Global-MSI did not indicate the need for impairment. The growth rates used in the value in use calculation reflect management's expectations for the business based upon previous experience and taking into consideration recent sales wins.

No reasonably possible changes in the assumptions used would give rise to an impairment.

Notes to the financial statements

Continued

14 Investment in subsidiary undertakings

Principal subsidiary undertakings are set out on pages 51 and 52.

Company	2016 £000 Cost	2016 £000 Impairment	2016 £000 Net book value
At 2nd May, 2015	**13,875**	**(2,134)**	**11,741**
Impairment in investment in MSI-Forks Garfos Industriais Ltda	**–**	**(28)**	**(28)**
Cost of acquisition of Petrol Sign bv (see note 31)	**2,438**	**–**	**2,438**
Cost of investment in Petrol Sign GmbH	**19**	**–**	**19**
At 30th April, 2016	**16,332**	**(2,162)**	**14,170**

The impairment of £28,000 represents the write down of the investment in MSI-Forks Garfos Industriais Ltda to fair value. Fair value was determined by the net assets of MSI-Forks Garfos Industriais Ltda. This is subject to annual impairment testing.

Following the acquisition of Petrol Sign bv, Petrol Sign GmbH was established to transact and develop resultant business in Germany.

15 Deferred income tax

The deferred income tax included in the Group income statement is as follows:

	2016 £000	2015 £000
Taxation deferred by capital allowances	**54**	9
Other temporary differences	**(120)**	(54)
Taxation on defined benefits pension	**12**	(5)
Adjustments in respect of prior periods	**37**	(62)
Impact of reduction in deferred tax rate (20% to 18%)	**(36)**	–
	(53)	(112)

The deferred income tax asset included in the balance sheet is as follows:

20 Reserves

Share Capital

The balance classified as share capital includes the nominal value on issue of the Company's equity share capital, comprising 10p Ordinary shares.

Capital redemption reserve

The balance classified as capital redemption reserve represents the nominal value of issued share capital of the Company, repurchased.

Other reserve

This is the revaluation reserve previously arising under UK GAAP which is now part of non-distributable retained reserves.

Revaluation reserve

The asset revaluation reserve is used to record increases in the fair value of land and buildings and decreases to the extent that such decrease relates to an increase on the same assets previously recognised in equity. This also includes the impact of the change in related deferred tax due to the change in corporation tax (20% to 18%).

Special reserve

The balance classified as special reserve represents the share premium on the issue of the Company's equity share capital.

Currency translation reserve

The foreign currency translation reserve is used to record exchange differences arising from the translation of the financial statements of foreign subsidiaries. It is also used to record the effect of hedging net investments in foreign operations.

Treasury Shares

	2016	2015
	£000	£000
Employee Share Ownership Trust	**100**	100
Shares in treasury (see below)	**2,959**	2,959
	3,059	3,059

During 1991 the Company established an Employee Share Ownership Trust ("ESOT"). The trustee of the ESOT is Appleby Trust (Jersey) Ltd, an independent company registered in Jersey. The ESOT provides for the issue of options over Ordinary shares in the Company to Group employees, including executive directors, at the discretion of the Remuneration Committee.

The trust has purchased an aggregate 245,048 (2015 – 245,048) Ordinary shares, which represents 1.3% (2015 – 1.3%) of the issued share capital of the Company at an aggregate cost of £100,006. The market value of the shares at 30th April, 2016 was £448,000 (2015 – £346,000). The Company has made payments of £Nil (2015 – £Nil) into the ESOT bank accounts during the period. No options over shares (2015 – Nil) have been granted during the period. Details of the outstanding share options, for Directors are included in the Directors' remuneration report.

The assets, liabilities, income and costs of the ESOT have been incorporated into the Company's financial statements. Total ESOT costs charged to the income statement in the period amounts to £7,000 (2015 – £4,000). During the period no options on shares were exercised (2015 – Nil) and no shares were purchased (2015 – Nil).

Notes to the financial statements

Continued

20 Reserves (continued)

The Company made the following purchases of its own 10p Ordinary shares to be held in Treasury:

	£000
11th December, 2013 1,000,000 shares from the Group's pension scheme.	**1,722**
30th January, 2014 646,334 shares	**1,237**
	2,959

21 Pension liability

The Company operates an employee defined benefits scheme called the MS INTERNATIONAL plc Retirement and Death Benefits Scheme (the Scheme). IAS 19 requires disclosure of certain information about the Scheme as follows:-

- Until 5th April 1997 the Scheme provided defined benefits and these liabilities remain in respect of service prior to 6th April, 1997. From 6th April, 1997 until 31st May, 2007 the Scheme provided future service benefits on a defined contribution basis.
- The last formal valuation of the Scheme was performed at 5th April, 2014 by a professionally qualified actuary.
- The Company has paid contributions into the Scheme for life insurance premiums and other Scheme expenses. In addition from April 2013, the Company has paid £229,000 per annum of deficit reduction payments into the defined benefits section of the Scheme. With effect from April 2015, the deficit reduction payments paid into the Scheme by the Company have been increased to £300,000 per annum, increasing thereafter at 3% per annum.
- From 1st June, 2007 the Company has operated a defined contributions scheme for its UK employees which is administered by a UK pension provider.

Members contributions are paid in line with this scheme's documentation over the accounting period and the Company has no further payment obligations once the contributions have been made.

The Company's policy for recognising remeasurement gains and losses is to recognise them immediately through the statement of comprehensive income.

Assumptions

	2016	2015
Discount rate at year-end	**3.30%**	3.20%
Future salary increases	**3.30%**	3.50%
Pension increases – RPI inflation	**2.80%**	3.00%
Pension increases – CPI inflation	**1.60%**	1.80%
Life expectancy of current pensioners (from age 65)	**21.7 yrs**	21.6yrs
Life expectancy of future pensioners (from age 65)	**23.4yrs**	23.3yrs

A 0.5% reduction in the discount rate would lead to an increase in past service liabilities of around £1.8m.

Members living around 1 year longer than expected would lead to an increase in past service liabilities of around £1.0m.

In relation to the other assumptions there is no sensitivity analysis as small changes in these assumptions will not have a material impact.

The average duration of the scheme is 12/13 years.

23 Financial instruments

Management of financial risks

The major financial risks faced by the Group and Company are funding risks, interest rate risks and currency risks.

Funding risk

At the year end the Group had net cash of £12.76m – Company £11.02m (2015 Group – £17.15m – Company £16.20m). The Group and Company has available a bank multicurrency overdraft facility of £4.8m which is renewable on 1st January 2017.

Interest rate risk

The bank multicurrency overdraft facility is at a floating rate of interest, based on the base rate of each respective currency. This position is monitored constantly by the Board to ensure any risk is minimised. The Board believe that the main interest rate risk relates to maximising interest income on cash balances.

Notes to the financial statements

Continued

23 Financial instruments (continued)

The following table demonstrates the sensitivity to a reasonable possible change in interest rates, with all other variables held constant of the Group's profit before tax. There is no impact on the Group's equity.

	Increase/decrease in basis points	Effect on profit before tax
2016	**+50**	**50**
Sterling	**–50**	**(50)**
2015	+50	50
Sterling	–50	(50)

The interest rate profile of the financial assets of the Group and Company as at 30th April, 2016 was as follows:-

	Group		Company	
	Floating rate financial assets/ (liabilities) £000	Total £000	Floating rate financial assets/ (liabilities) £000	Total £000
2016				
Sterling	**9,118**	**9,118**	**9,111**	**9,111**

Euro	834	834	345	345
Other	58	58	1	1
Total	17,148	17,148	16,199	16,199

Foreign currency risk

Exposure to risk is incurred by the Group and Company through overseas sales.

This exposure is minimised by the following:

(1) invoicing in sterling where practicable.

(2) using foreign currency received for purchases where appropriate.

Notes to the financial statements

23 Financial instruments (continued)

Currency exposures

The table below shows the Group's currency exposures; i.e., those transactional exposures that give rise to the net currency gains and losses recognised in the income statement. Such exposures comprise the monetary assets and monetary liabilities of the Group that are not denominated in the operating (or "functional") currency of the operating unit involved.

As at 30th April, 2016 these currency exposures are as follows:-

	Net foreign currency monetary assets/(liabilities)			
Functional currency of Group operations	Sterling	US Dollar	Euro	Total
	£000	£000	£000	£000
2016				
Sterling	**256**	**750**	**1,773**	**2,779**
Total	**256**	**750**	**1,773**	**2,779**
2015				
Sterling	199	2,128	695	3,022
Total	199	2,128	695	3,022

	Net foreign currency monetary assets/(liabilities)			
Functional currency of Company operations	Sterling	US Dollar	Euro	Total
	£000	£000	£000	£000
2016				
Sterling	**9**	**750**	**1,182**	**1,941**
Total	**9**	**750**	**1,182**	**1,941**
2015				
Sterling	192	2,128	22	2,342
Total	192	2,128	22	2,342

No significant differences exist between the book value and the fair value of the financial assets and liabilities as at 30th April, 2016 and 2nd May, 2015.

Fair values

No significant differences exist between the book value and the fair value of the financial assets and liabilities as at 30th April, 2016 and 2nd May, 2015.

Credit risk

There are no significant concentrations of credit risk within the Group or Company. The maximum credit risk exposure relating to financial assets is represented by carrying values at the balance sheet date.

The Group and Company have established procedures to minimise the risk of default by trade debtors including credit checks undertaken before a customer is accepted and credit insurance where available and appropriate. Historically these procedures have proved effective in minimising the level of impaired and past due receivables.

24 Income statement

The profit for the financial period dealt with in the financial statements of the Company was £1,755,000 (2015 – £995,000).

In two to five years	**449**	25	**22**	25
Five years or more	**388**	–	**–**	–
	1,138	198	**33**	47

The Group has entered into commercial leases on certain properties, plant and equipment. These leases have a duration of between 1 and 10 years.

27 Contingent liabilities

The Company is contingently liable in respect of guarantees, indemnities and performance bonds given in the ordinary course of business amounting to £6,258,538 at 30th April, 2016 (2015 – £6,772,100).

28 Related party transactions

The following transactions took place, during the year, between the Company and other subsidiaries in the Group.

Purchases of goods and services £128,764 (2015 – £15,780)

Sales of goods and services £1,583,187 (2015 – £2,964,112)

The following balances between the Company and other subsidiaries in the Group are included in the Company balance sheet as at 30th April, 2016.

Amounts owed by the Company £8,228,000 (2015 – £8,107,000)

Amounts owed to the Company £1,874,000 (2015 – £924,000)

Sales and purchases between related parties are made at normal market prices. Terms and conditions for transactions with subsidiaries and the joint venture are unsecured and interest free. Balances are placed on inter-company accounts with no specified credit period.

Key management personnel (main board directors) compensation.

29 Share-based payments

Share options are granted to senior executives in two schemes; the Employee Share Option Scheme and the Enterprise Management Incentive Scheme. The exercise price of the option is no less than the market price of the shares on the date of the grant. The options vest after the executives have been in service for specified times of not less than one year from the date of grant. The contractual life of the options vary up to 10 years. There are no cash settlement alternatives.

The following table illustrates the number and weighted average exercise prices (WAEP) of and movements in, share options during the year;

	2016	**2016**	2015	2015
Enterprise management incentive scheme				
Outstanding as at 2nd May, 2015	**214,000**	**194.0p**	214,000	194.0p
Options exercised	**–**	**–**	–	–
Options lapsed	**–**	**–**	–	–
Outstanding as at 30th April, 2016	**214,000**	**194.0p**	214,000	194.0p

The expense recognised for share options during the year is £Nil (2015 – £Nil).

30 Capital management

The primary objective of the Group's capital management is to ensure that it maintains a strong credit rating and healthy capital ratios in order to support its business and maximise shareholder value.

The Group manages its capital structure and makes adjustments to it, in light of changes in economic conditions. To maintain or adjust the capital structure, the Group may adjust the dividend payment to shareholders, return capital to shareholders or issue new shares. No changes were made to the objectives, policies or processes during the years ended 30th April, 2016 and 2nd May, 2015.

Capital comprises equity attributable to the equity holders of the parent company £28,060,000 (2015 – £28,299,000).

31 Petrol Sign bv

On the 17th June, 2015 the Company acquired the entire issued share capital of Petrol Sign bv, a Company based in The Netherlands from Lambooij Holdings B.V. The consideration for the acquisition was €3,400,000 and was paid in cash on completion.

Petrol Sign bv designs, restyles, produces and installs the complete appearance of petrol station superstructures and forecourt. The acquisition will enhance and widen the ability of our Petrol Station Superstructure Division to offer a more complete package of services to customers.

Notes to the financial statements

31 Petrol Sign bv (continued)

The fair values of the identifiable assets and liabilities of Petrol Sign bv as at the date of acquisition were:

	£000
Fair value recognised on acquisition	
Customer relationships	1,332
Order backlog	178
Non-compete	43
Trade name	147
Plant and equipment	171
Inventories	973
Receivables	382
Payables	(719)
Bank Overdraft	(174)
Income tax	(58)
Deferred tax	(425)
Total identifiable net assets at fair value	**1,850**
Goodwill arising on acquisition (note 13)	588
Total purchase consideration transferred	**2,438**
Analysis of net cash acquired	
Cash purchase consideration	(2,438)
Cash and short term deposits acquired	(174)
Net cash acquired with subsidiary	**(2,612)**

The goodwill of £588,000 comprises certain intangible assets that cannot be individually separated from the acquiree due to their nature. These items include the expected value of synergies and an assembled workforce. Goodwill is allocated entirely to the petrol station superstructures unit. None of the goodwill is expected to be deductible for income tax purposes.

Transaction costs of £104,000 have been expensed and included in administration costs.

From the date of acquisition Petrol Sign bv has contributed £4,726,000 of revenue and a profit of £405,000 to the profit before tax from continuing operations of the Group. If the combination had taken place at the beginning of the year the consolidated profit of the Group would have been £1,692,000 and the revenue of the Group would have been £49,309,000

Corporate governance statement

As an AIM listed company MS INTERNATIONAL plc is not required to comply with the UK Corporate Governance Code and has not elected to voluntarily comply.

However, the Group is committed to high standards of governance appropriate to its size and structure. The main features of the Group's corporate governance arrangements are set out below.

The Board consists of three executive directors, one of whom, Michael Bell, is the Executive Chairman and three non-executive directors, Roger Lane-Smith, David Pyle and David Hansell. The Chairman has no other significant commitments. Day to day control of subsidiary and joint venture operations is vested in individual company managing directors, supported by their respective financial managers.

The Board meets at least quarterly throughout the year to direct and control the overall strategy and operating performance of the Group. To enable them to carry out these responsibilities all directors have full and timely access to all relevant information. Executive directors, except for Company business trips and holidays, meet daily and the Chairman periodically meets with the non-executive directors. Additionally subsidiary operations have monthly Board meetings which the main Board chairman chairs and the main Board financial director attends.

Procedures are in place for directors to seek independent advice at the expense of the Company and the Company has insurance in respect of legal action against the Directors. The Company Secretary is responsible to the Board for ensuring that Board procedures are complied with and for advising the Board on all governance matters.

The Audit Committee consists of two non-executive directors, Roger Lane-Smith and David Pyle. In the opinion of the Board, the non-executive directors have recent and relevant financial experience through their directorships, and extensive experience in dealing with the City. All Board members attend all meetings as appropriate. The external auditors have direct access to the Committee without the executive directors being present.

The Audit Committee evaluates the Group's risk profile and reviews the Group's half and full year financial statements. The Audit Committee is responsible for recommendations for appointment, reappointment or removal of the external auditors. The auditors provide taxation services to the Group. This arrangement has been reviewed by the Board and the audit committee and is not considered to affect the auditors objectivity and independence.

The committee recommended that the board present a resolution to the shareholders at the 2016 AGM for the reappointment of the external auditors. This followed the assessment of the quality of the service provided, the expertise and resources made available to the group, auditor independence and effectiveness of the audit process.

Arrangements by which staff can, in confidence, raise concerns about possible improprieties in financial and other matters – 'whistleblowing' procedures, with any of the Board of directors are in place.

The Audit Committee and the Board have considered whether there is a need for an internal audit function and believes that the circumstances and size of the Group make such a function unnecessary.

The role and membership of the Remuneration Committee is set out in the Directors' remuneration report.

The Board is responsible for establishing and maintaining the Group's system of internal control. Internal control systems are designed to meet the particular needs of the Company concerned bearing in mind the resources available and the risks to which it is exposed, and by their nature can provide reasonable but not absolute assurance against material misstatement or loss. The key procedures which the directors have established with a view to providing effective internal control are as follows:

The Board has overall responsibility for the Group and there is a formal schedule of matters specifically reserved for decision by the Board which covers the key areas of the Group's affairs including acquisitions and divestment policy, approval of budgets, capital expenditure, major buying and selling contracts and general treasury and risk management policies. There is a clearly decentralised structure which delegates authority, responsibility and accountability, including responsibility for internal financial control, to management of the operating companies.

Responsibility levels and delegation of authority and authorisation levels throughout the Group are set out in the corporate accounting and procedures manual.

There is a comprehensive system for reporting financial results. Monthly accounts are prepared on a timely basis. They include income statement, balance sheet, cash flow and capital expenditure reporting with comparisons to budget and forecast. The budget is prepared annually and revised forecasts are produced monthly.

There is an investment evaluation process to ensure Board approval for all major capital expenditure commitments.

Corporate governance statement

Continued

There is a contract evaluation process to ensure executive director approval for all major sales contracts.

The Board has reviewed the effectiveness of the system of internal controls and together with operational management, has identified and evaluated the critical business and financial risks of the Group. These risks are reviewed continually. Where appropriate, action is taken to manage the risks.

The directors have a reasonable expectation that the Group has adequate resources to continue in operational existence for the foreseeable future. For this reason, they continue to adopt the going concern basis in preparing the accounts.

The Board recognises the importance of communication with all shareholders and is ready, where practicable, to discuss relevant matters with all shareholders. *Inter alia*, the Board uses the Annual General Meeting to communicate with shareholders and welcomes their constructive participation. Details of the Annual General Meeting to be held on 18th, July, 2016 can be found in the Notice of Meeting on page 53.

On behalf of the Board

David Kirkup
Secretary

9th June, 2016

Report of the directors

The directors present their report and the Group financial statements for the 52 weeks ended 30th April, 2016. The directors present their corporate governance statement on pages 42 and 43 of this report.

1 Principal activities of the Group

A review of the Group's trading during the year is contained in the Chairman's Statement and Strategic Report.

2 Results and dividends

The profit after taxation for the period attributable to shareholders amounted to £1,584,000 (2015 – £1,353,000). The directors recommend a final dividend of 6.50 pence per share (2015 – 6.50 pence per share), making a total of 8.00 pence per share (2015 – 8.00 pence per share).

3 Going concern

The Group has considerable financial resources together with long term contracts with a number of customers. As a consequence, the directors believe that the Group is well placed to manage its business risk successfully despite the current uncertain economic outlook.

After making enquiries the directors have a reasonable expectation that the Company and the Group have adequate resources to continue in operational existence for the foreseeable future. Accordingly, they continue to adopt the going concern basis in preparing the annual report and accounts.

4 Directors

The names of the directors of the Company at 9th June, 2016 are shown on page 5.

All of the directors served throughout the year other.

In accordance with the Articles of Association Michael O'Connell retires by rotation and, being eligible, offers himself for re-election. In addition, Roger Lane-Smith, David Pyle and David Hansell retire from the Board at the AGM and, being eligible, offer themselves for re-election. The Chairman confirms that Michael O'Connell, Roger Lane-Smith, David Pyle and David Hansell continue to be effective and to demonstrate commitment to their roles, including the commitment of their time for the Board and Committee meetings and their other duties.

5 Substantial interests in shares

As at 30th April and as at 9th June, 2016, the directors had been advised of the following notifiable interests:

	% of share capital held
Michael Bell	29.2%
Cavendish Asset Management Limited	16.6%
David Pyle	10.7%
Michael O'Connell	9.2%
Mrs Patricia Snipe	4.9%

Apart from these, the directors have not been formally notified of any other notifiable shareholdings in excess of 3% of share capital held on 9th June 2016.

6 Employee involvement

The directors have continued their commitment to the development of employee involvement and communication throughout the Group.

Regular meetings are held with employees to provide and discuss information of concern to them as employees, including financial and economic factors affecting the performance of the Company in which they are employed.

Report of the directors

Continued

7 Employment of disabled persons

The Company and its subsidiaries have continued the policy regarding the employment of disabled persons. Full and fair consideration is given to applications for employment made by disabled persons having regard to their particular aptitudes and abilities. Appropriate training is arranged for disabled persons, including retraining for alternative work of employees who may become disabled, to promote their career development within the organisation.

8 Additional information for shareholders

The Company purchased 1,000,000 of its Ordinary shares of 10p each for a total consideration of £1,721,976 on 11th December 2013 and a further 646,334 Ordinary shares of 10p each for a total consideration of £1,237,251 on 30th January 2014.

The following provides the additional information required for shareholders as a result of the implementation of the Takeover Directive into UK Law.

At 9th June, 2016 the Company's issued share capital comprised:

	Number	£000	% of total share capital
Ordinary shares of 10p each	18,396,073	1,840	100.00
Ordinary shares of 10p each held in treasury	1,646,334	165	8.95
Ordinary shares of 10p each not held in treasury	16,749,739	1,675	91.05

The above figure (16,749,739 ordinary shares of 10p) is the number of ordinary shares to be used as a denominator for the calculation of a shareholder's interest for the determination of any notification requirement in respect of their interest(s) or change of interest(s).

The Company is not aware of any agreements between shareholders that may result in restrictions on the transfer of securities and for voting rights.

Ordinary shares

On a show of hands at a general meeting of the Company every holder of ordinary shares present in person and entitled to vote shall have one vote and on a poll, every member present in person or by proxy and entitled to vote shall have one vote for every ordinary share held. The notice of the general meeting specifies deadlines for exercising voting rights either by proxy notice or present in person or by proxy in relation to resolutions to be passed at general meeting. All proxy votes are counted and the numbers for, against or withheld in relation to each resolution are announced at the Annual General Meeting.

There are no restrictions on the transfer of ordinary shares in the Company other than:

- Certain restrictions may from time to time be imposed by laws and regulations (for example, insider trading laws and market requirements relating to close periods); and;
- Pursuant to the Listing Rules of the Financial Services Authority whereby certain employees of the Company require the approval of the Company to deal in the Company's securities.

The Company's articles of association may only be amended by a special resolution at a general meeting of the shareholders. Directors are reappointed by ordinary resolution at a general meeting of the shareholders. The Board can appoint a director but anyone so appointed must be elected by an ordinary resolution at the next general meeting.

Any director, other than the Chairman, who has held office for more than three years since their last appointment must offer themselves up for re-election at the annual general meeting.

Company share schemes

The Employee Share Ownership Trust holds 1.46% of the issued share capital of the Company (excluding treasury shares) in trust for the benefit of employees of the Group and their dependants. The voting rights in relation to these shares are exercised by the trustee.

Report of the directors

Continued

8 Additional information for shareholders (continued)

Change of control

The Company is not party to any agreements which take effect, alter or terminate upon a change of control of the Company following a takeover bid.

There are no agreements between the Company and its directors or employees providing for compensation for loss of office or employment (whether through resignation, purported redundancy or otherwise) that occurs because of a takeover bid.

9 Special business at the Annual General Meeting

Resolution 10: Authority to allot shares

Generally, the directors may only allot shares in the Company (or grant rights to subscribe for, or to convert any security into, shares in the Company) if they have been authorised to do so by shareholders in general meeting.

Resolution 10 renews a similar authority given at last year's AGM and, if passed, will authorise the directors to allot shares in the Company (and to grant such rights) up to an aggregate nominal amount of £558,324 (which represents approximately one third of the issued ordinary share capital of the Company (excluding treasury shares) as at 9th June, 2016, being the last practicable date before the publication of this document). If given, this authority will expire at the conclusion of the Company's next AGM or on 18th October, 2017 (whichever is earlier). It is the directors' intention to renew this authority each year.

As of the date of this document, 1,646,334 Ordinary shares are held by the Company in treasury representing 8.95% of the issued Ordinary share capital of the Company as at 23rd June, 2016, being the last practicable date before the publication of this document.

The directors have no current intention to exercise the authority sought under resolution 10.

Resolution 11: Disapplication of pre emption rights

Generally, if the directors wish to allot new shares or other equity securities (within the meaning of section 560 of the 2006 Act) for cash or sell shares for cash, then under the Act they must first offer such shares or securities to shareholders in proportion to their existing holdings. These statutory pre emption rights may be disapplied by shareholders.

Resolution 11, which will be proposed as a special resolution, renews a similar power given at last year's AGM and, if passed, will enable the directors to allot equity securities for cash, or sell treasury shares for cash, up to a maximum aggregate nominal amount of £167,496 without having to comply with statutory pre emption rights, but this power will be limited to allotments or sales.

(a) in connection with a rights issue, open offer or other pre emptive offer to ordinary shareholders and to holders of other equity securities (if required by the rights of those securities or the directors otherwise consider necessary), but (in accordance with normal practice) subject to such exclusions or other arrangements, such as for fractional entitlements and overseas shareholders, as the directors consider necessary;

(b) in any other case, up to an aggregate nominal amount of £167,496 (which represents approximately ten per cent of the issued ordinary share capital of the Company (excluding treasury shares) as at 23rd June, 2016 being the last practicable date before the publication of this document).

If given, this power will expire at the conclusion of the Company's next AGM or on 18th October, 2017 (whichever is the earlier). It is the directors' intention to renew this power each year.

Resolution 12: Purchase by the Company of its own shares

Resolution 12, which will be proposed as a special resolution renews a similar authority given at last year's AGM. If passed, it will allow the Company to purchase up to 1,674,973 ordinary shares in the market (which represents approximately 10 per cent of the issued ordinary share capital of the Company (excluding treasury shares) as at 23rd June, 2016, being the last practicable date before the publication of this document). The minimum and maximum prices for such a purchase are set out in the resolution. If given, this authority will expire at the conclusion of the Company's next AGM or on 18th October, 2017 (whichever is earlier). It is the directors' intention to renew this authority each year.

The directors have no current intention to exercise the authority sought under resolution 12 to make market purchases.

Report of the directors

Continued

9 Special business at the Annual General Meeting (continued)

The Company is permitted to hold shares in treasury as an alternative to cancelling them. Shares held in treasury may be subsequently cancelled, or sold for cash or used to satisfy options under the Company's share schemes. While held in treasury, the shares are not entitled to receive any dividends or dividend equivalents (apart form any issue of bonus shares) and have no voting rights. The directors believe it is appropriate for the Company to have the option to hold its own shares in treasury, if, at a future date , the directors exercise this authority in order to provide the Company with additional flexibility in the management of its capital base. The directors will have regard to institutional shareholder guidelines which may be in force at the time of such purchase, holding or re-sale of shares held in treasury. As at 9th June 2016, the Company holds 1,646,334 Ordinary shares of 10p each in treasury which represents 8.95 % of the total number of Ordinary shares of 10p each issued.

Resolution 13: Notice period for general meetings

Resolution 13 will be proposed as a special resolution to allow the Company to call general meetings (other than an AGM) on 14 clear days' notice.

Changes made to the 2006 Act by the Companies (Shareholders' Rights) Regulations 2009 increase the notice period required for general meetings of the Company to 21 days unless shareholders approve a shorter notice period, which cannot however be less than 14 clear days. AGMs will continue to be held on at least 21 clear days' notice.

Before the Regulations came into force, the Company was able to call general meetings other than an AGM on 14 clear days' notice without obtaining shareholder approval. Resolution 11 seeks such approval in order to preserve this flexibility. The shorter notice period would not however be used as a matter of routine for such meetings, but only where it is merited by the business of the meeting and is considered to be in the interests of shareholders as a whole. If given, the approval will be effective until the Company's next annual general meeting, when it is intended that a similar resolution will be proposed.

Note that the changes to the 2006 Act mean that, in order to be able to call a general meeting on less than 21 clear days' notice, the Company must make a means of electronic voting available to all shareholders for that meeting.

10 Auditors

A resolution to reappoint the auditors, Ernst & Young LLP, will be proposed at the Annual General Meeting.

11 Directors' statement as to disclosure of information to auditors

The directors who were members of the board at the time of approving the directors' report are listed on page 5. Having made enquiries of fellow directors and of the Company's auditors, each of the directors confirms that:

- to the best of each director's knowledge and belief, there is no information relevant to the preparation of their report of which the Company's auditors are unaware; and
- each director has taken all the steps a director might reasonably be expected to have taken to be aware of relevant audit information and to establish that the Company's auditors are aware of that information.

12 We confirm that to the best of our knowledge:

- the financial statements, prepared in accordance with International Financial Reporting Standards as adopted by the EU, give a true and fair view of the assets, liabilities, financial position and profit or loss of the Company and the undertakings included in the consolidation taken as a whole; and
- the business review, together with the Chairman's statement, includes a fair review of the development and performance of the business and the position of the Company and the undertakings included in the consolidation taken as a whole, together with a description of the principal risks and uncertainties that they face.

By order of the Board,

David Kirkup
Secretary

Directors' remuneration report

Information not subject to audit

Policy on remuneration of executive directors

The Remuneration Committee which, currently, comprises the non-executive directors, Roger Lane-Smith and David Pyle, aims to ensure that remuneration packages and service contracts are competitive and designed to retain, attract and motivate executive directors of the right calibre.

The salary for each director is determined by the Remuneration Committee by reference to a range of factors including experience appropriate to the Group, length of service and salary rates for similar jobs in comparative companies. In view of the size and nature of the Group and the continuing need to optimise subordinate management structures particular emphasis is given to the advantages which flow from the long term continuity of the executive directors. All aspects of the executive directors' current remuneration packages were established in June 1996 when revised contracts of service, embracing reduced notice periods, were agreed. The contracts of service are reviewed from time to time and consideration given to whether any amendment is appropriate. The Remuneration Committee has not sought any external advice during the year.

The main components of the remuneration package for the executive directors are as follows:-

1. Basic Salary

   Salaries for executive directors are reviewed annually by the Remuneration Committee.

2. Performance related annual bonus

   An annual bonus is paid depending on achievement of profitability targets. Bonus payments achieved for 2015/2016 amounted in total to 3.1% (2015 – 2.8%) of total executive basic salaries.

3. Share Options

   Directors are eligible to participate in the Employee and the Enterprise Management Incentive share option schemes. The Remuneration Committee is responsible for granting options. Options have only been granted at an exercise price of not less than the price paid by the scheme to acquire the shares. Share options are issued without performance criteria and have no vesting period.

4. Until 27th April 2013, pension contributions were calculated as a percentage of total emoluments. From 28th April, 2013, pension contributions will be calculated as a percentage of basic pay and bonus only. The executive directors have full discretion as to how they choose to invest their Pension Contributions. All pension contributions for executive directors over the age of 65 will cease from 30th April, 2016.

5. Other benefits are provided in the form of company cars, death in service benefit cover and medical and disability insurance.

Service Contracts

As from 28th April, 2013 Michael Bell and Michael O'Connell have one year rolling contracts. As from 22nd July, 2013, Nicholas Bell has a one year rolling contract. The contracts are terminable by the directors at one year's notice and by the Company at one year's notice. Directors are entitled to termination payments equivalent to the unexpired portion of the contract based on basic salary and benefits including bonus payments.

Prior to 28th April, 2013 Michael Bell had a three year rolling contract and Michael O'Connell a two year rolling contract. These notice periods were reduced without compensation in April, 2013.

Prior to June 1996 each of the executive directors had a four year rolling contract. These notice periods were reduced without compensation in June 1996.

The dates of appointments are shown below:

Michael Bell – 9th July, 1980

Michael O'Connell – 4th February, 1985

Nicholas Bell – 22nd July, 2013

Non-executive directors

The level of the non-executive directors' remuneration has been determined by the Board as an annual fee and is paid monthly. There are no formal service contracts between the Company and any of the non-executive directors.

Performance Graph

The performance graph shows the accumulated value, by 30th April, 2016, of £100 invested in MS INTERNATIONAL plc on 30th April, 2011 compared to the accumulated value of £100 invested in the FTSE Small Cap Index, over the same period. The other points plotted are the accumulated values at intervening year ends. The FTSE Small Cap Index is considered by the Board to be the most relevant index for comparison.

Notice of Annual General Meeting

Notice is given that the fifty sixth annual general meeting of MS INTERNATIONAL plc ("Company") will be held at The Holiday Inn, Warmsworth, Doncaster on 18th July, 2016 at 12 noon to consider and, if thought fit, to pass the following resolutions. Resolutions 1 to 10 will be proposed as ordinary resolutions and resolutions 11 to 13 will be proposed as special resolutions:

As ordinary business:

1. To receive the Company's annual accounts and directors' and auditors' reports for the 52 weeks ended 30th April, 2016.

2. To approve the directors' remuneration report for the 52 weeks ended 30th April, 2016.

3. To declare a final dividend for the year 52 weeks ended 30th April, 2016 of 6.5p per ordinary share of 10p each in the capital of the Company, to be paid on 21st July, 2016 to shareholders whose names appear on the registered as at close of business on 24th June, 2016.

4. To re-elect as a director of the Company, Michael O'Connell, a director retiring by rotation. Michael O'Connell is aged 66 years old and joined the Company in 1980, becoming a director in 1985.

5. To reappoint as a non-executive director of the Company, Roger Lane-Smith who was appointed as a director on 21st January, 1983. He is a non-executive director of Dolphin Capital Investors, Timpson Group plc, Lomond Capital Partners and a number of other private companies. He is also a Senior Consultant at DLA Piper UK LLP.

6. To reappoint as a non-executive director of the Company David Pyle, who was appointed as an executive director in 1980, David joined the Company in 1968 and stepped down as company secretary and executive director on 3rd May, 2014.

7. To reappoint as a non-executive director of the Company, David Hansell, who was appointed to the Board as a director on 3rd June, 2014. David joined the Company in 1962 becoming a director in 2014.

8. To reappoint Ernst & Young LLP as auditors of the Company.

9. To authorise the directors to determine the remuneration of the auditors.

As special business:

10. That, pursuant to section 551 of the Companies Act 2006 ("2006 Act"), the directors be and are generally and unconditionally authorised to exercise all powers of the Company to allot shares in the Company or to grant rights to subscribe for or to convert any security into shares in the Company up to an aggregate nominal amount of £558,324 provided that (unless previously revoked, varied or renewed) this authority shall expire at the conclusion of the next annual general meeting of the Company after the passing of this resolution or on 18th October, 2017 (whichever is the earlier), save that the Company may make an offer or agreement before this authority expires which would or might require shares to be allotted or rights to subscribe for or to convert any security into shares to be granted after this authority expires and the directors may allot shares or grant such rights pursuant to any such offer or agreement as if this authority had not expired. This authority is in substitution for all existing authorities under section 551 of the Companies Act 2006 (which, to the extent unused at the date of this resolution, are revoked with immediate effect).

11. That, subject to the passing of resolution 11 and pursuant to sections 570 and 573 of the Companies Act 2006 ("2006 Act"), the directors be and are generally empowered to allot equity securities (within the meaning of section 560 of the 2006 Act) for cash pursuant to the authority granted by resolution 11 and to sell Ordinary shares held by the Company as treasury shares for cash as if section 561(1) of the 2006 Act did not apply to any such allotment or sale, provided that this power shall be limited to the allotment of equity securities or sale of treasury shares:

    11.1 in connection with an offer of equity securities (whether by way of a rights issue, open offer or otherwise):

    11.1.1 to holders of Ordinary shares in the capital of the Company in proportion (as nearly as practicable) to the respective numbers of Ordinary shares held by them; and

    11.1.2 to holders of other equity securities in the capital of the Company, as required by the rights of those securities or, subject to such rights, as the directors otherwise consider necessary.

    but subject to such exclusions or other arrangements as the directors may deem necessary or expedient in relation to treasury shares, fractional entitlements, record dates or any legal or

Notice of Annual General Meeting

Continued

practical problems under the laws of any territory or the requirements of any regulatory body or stock exchange; and

11.2 otherwise than pursuant to paragraph 12.1 of this resolution, up to an aggregate nominal amount of £167,496.

and (unless previously revoked, varied or renewed) this power shall expire at the conclusion of the next annual general meeting of the Company after the passing of this resolution or on 18th October, 2017 (whichever is the earlier), save that the Company may make an offer or agreement before this power expires which would or might require equity securities to be allotted or treasury shares to be sold for cash after this power expires and the directors may allot equity securities or sell treasury shares for cash pursuant to any such offer or agreement as if this power had not expired. This power is in substitution for all existing powers under section 570 and 573 of the Companies Act 2006 (which, to the extent unused at the date of this resolution, are revoked with immediate effect).

12. That, pursuant to section 701 of the Companies Act 2006 ("2006 Act"), the Company be and is generally and unconditionally authorised to make market purchases (within the meaning of section 693(4) of the 2006 Act) of Ordinary shares of £0.10 each in the capital of the Company ("Shares"), provided that:

(a) the maximum aggregate number of Shares which may be purchased is 1,674,973;

(b) the minimum price (excluding expenses) which may be paid for a Share is £0.10;

(c) the maximum price (excluding expenses) which may be paid for a Share is the higher of:

(i) an amount equal to 105 per cent of the average of the middle market quotations for a Share as derived from the Daily Official List of the London Stock Exchange plc for the five business days immediately preceding the day on which the purchase is made; and

(ii) an amount equal to the higher of the price of the last independent trade of a Share and the highest current independent bid for a Share on the trading venue where the purchase is carried out,

and (unless previously revoked, varied or renewed) this authority shall expire at the conclusion of the next annual general meeting of the Company after the passing of this resolution or on 18th October, 2017 (whichever is the earlier), save that the Company may enter into a contract to purchase Shares before this authority expires under which such purchase will or may be completed or executed wholly or partly after this authority expires and may make a purchase of Shares pursuant to any such contract as if this authority had not expired.

13. That a general meeting of the Company (other than an annual general meeting) may be called on not less than 14 clear days' notice.

By Order of the Board

Notice of Annual General Meeting

Continued

Notes

Entitlement to attend and vote

1. The right to vote at the meeting is determined by reference to the register of members. Only those shareholders registered in the register of members of the Company as at close of business on 16th July, 2016 (or, if the meeting is adjourned, no later than close of business two days prior to any adjourned meeting) shall be entitled to attend and vote at the meeting in respect of the number of shares registered in their name at that time. Changes to entries in the register of members after that time shall be disregarded in determining the rights of any person to attend or vote (and the number of votes they may cast) at the meeting.

Proxies

2. A shareholder is entitled to appoint another person as his or her proxy to exercise all or any of his or her rights to attend and to speak and vote at the meeting. A proxy need not be a member of the Company.

   A shareholder may appoint more than one proxy in relation to the meeting, provided that each proxy is appointed to exercise the rights attached to a different share or shares held by that shareholder. Failure to specify the number of shares each proxy appointment relates to or specifying a number which when taken together with the numbers of shares set out in the other proxy appointments is in excess of the number of shares held by the shareholder may result in the proxy appointment being invalid.

   A proxy may only be appointed in accordance with the procedures set out in notes 3 to 4 and the notes to the proxy form.

   The appointment of a proxy will not preclude a shareholder from attending and voting in person at the meeting.

3. A form of proxy is enclosed. When appointing more than one proxy, the proxy form may be photocopied. Please indicate the proxy holder's name and the number of shares in relation to which they are authorised to act as your proxy (which, in aggregate, should not exceed the number of shares held by you). Please also indicate if the proxy instruction is one of multiple instructions being given. All forms must be signed and should be returned together in the same envelope.

   To be valid, a proxy form must be received by post or (during normal business hours only) by hand at the offices of the Company's registrar, Capita Asset Services, PXS, 34 Beckenham Road, Kent, BR3 4TU, no later than 12 noon on 16th July, 2016 (or, if the meeting is adjourned, no later than 48 hours before the time of any adjourned meeting).

4. CREST members who wish to appoint a proxy or proxies for the meeting (or any adjournment of it) through the CREST electronic proxy appointment service may do so by using the procedures described in the CREST Manual. CREST personal members or other CREST sponsored members, and those CREST members who have appointed a voting service provider(s), should refer to their CREST sponsor or voting service provider(s), who will be able to take the appropriate action on their behalf.

   In order for a proxy appointment or instruction made using the CREST service to be valid, the appropriate CREST message (a "CREST Proxy Instruction") must be properly authenticated in accordance with Euroclear UK & Ireland Limited's specifications and must contain the information required for such instructions, as described in the CREST Manual. The message, regardless of whether it constitutes the appointment of a proxy or is an amendment to the instruction given to a previously appointed proxy, must, in order to be valid, be transmitted so as to be received by Capita Registrars (ID RA10) no later than 12 noon on 16th July, 2016 (or, if the meeting is adjourned, no later than 48 hours before the time of any adjourned meeting). For this purpose, the time of receipt will be taken to be the time (as determined by the timestamp applied to the message by the CREST Applications Host) from which Capita Registrars is able to retrieve the message by enquiry to CREST in the manner prescribed by CREST. After this time, any change of instructions to proxies appointed through CREST should be communicated to the appointee through other means.

   CREST members and, where applicable, their CREST sponsors or voting service providers should note that Euroclear UK & Ireland Limited does not make available special procedures in CREST for any particular messages. Normal system timings and limitations will therefore apply in relation to the input of CREST Proxy Instructions. It is the responsibility of the CREST member concerned to take (or, if the CREST member is a CREST personal member or sponsored member or has appointed a voting service provider(s), to procure that his or her CREST sponsor or voting service provider(s) take(s)) such action as shall be necessary to ensure that a message is transmitted by means of the CREST system by any particular time. In this connection, CREST members and, where applicable, their CREST sponsors or voting service providers are

Notice of Annual General Meeting

Continued

referred, in particular, to those sections of the CREST Manual concerning practical limitations of the CREST system and timings.

The Company may treat a CREST Proxy Instruction as invalid in the circumstances set out in Regulation 35(5)(a) of the Uncertificated Securities Regulations 2001.

Corporate representatives

5. A shareholder which is a corporation may authorise one or more persons to act as its representative(s) at the meeting. Each such representative may exercise (on behalf of the corporation) the same powers as the corporation could exercise if it were an individual shareholder, provided that (where there is more than one representative and the vote is otherwise than on a show of hands) they do not do so in relation to the same shares.

Total voting rights

6. As at 23rd June, 2016 (being the last practicable date before the publication of this notice), the Company's issued share capital consists of 18,396,073 Ordinary shares of 10p each, carrying one vote each. The Company holds 1,646,334 Ordinary shares in treasury. Therefore, the total voting rights in the Company as at 23rd June, 2016 are 16,749,739.

Nominated Persons

7. Where a copy of this notice is being received by a person who has been nominated to enjoy information rights under section 146 of the Companies Act 2006 ("2006 Act") ("Nominated Person"):

   (a) the Nominated Person may have a right under an agreement between him/her and the shareholder by whom he/she was nominated, to be appointed, or to have someone else appointed, as a proxy for the meeting; or

   (b) if the Nominated Person has no such right or does not wish to exercise such right, he/she may have a right under such an agreement to give instructions to the shareholder as to the exercise of voting rights.

   The statement of the rights of shareholders in relation to the appointment of proxies in notes 2 to 4 does not apply to a Nominated Person. The rights described in such notes can only be exercised by shareholders of the Company.

Questions at the meeting

8. Shareholders have the right to ask questions at the meeting relating to the business being dealt with at the meeting in accordance with section 319A of the 2006 Act. The Company must answer any such question unless:

   (a) to do so would interfere unduly with the preparation for the meeting or would involve the disclosure of confidential information; or

   (b) it is undesirable in the interests of the Company or the good order of the meeting that the question be answered.

Documents available for inspection

9. The following documents will be available for inspection during normal business hours at the registered office of the Company from the date of this notice until the time of the meeting. They will also be available for inspection at the place of the meeting from at least 15 minutes before the meeting until it ends.

   (a) Copies of the service contracts of the executive directors; and

   (b) Particulars of transactions of directors in the shares of the Company.

Biographical details of directors

10. Biographical details of all those directors who are offering themselves for reappointment at the meeting are set out in the Notice.

Dividend Warrants

11. Dividend warrants will be posted on 20th July, 2016 to those members registered on the books of the Company on 24th June, 2016.

MSI
