American National Bankshares Inc. is a bank holding company with assets of \$1.3 billion. Headquartered in Danville, Va., it is the holding company of American National Bank and Trust Company (the "Bank"), a community bank serving Central and Southside Virginia and the Piedmont of North Carolina through 25 banking offices. In addition, the Bank manages \$541 million through its Trust & Investment Services division. The Bank provides a full array of financial products and services, including personal and business banking, trust and investment services and mortgage and insurance services. Electronic banking solutions range from a convenient Automated Teller Machine (ATM) network and check cards to real-time Online Banking, Online Bill Pay, Mobile Banking and Telephone Banking. Chartered in 1909, American National is entering its 105th year of operation. It has grown from a single office on Main Street in Danville to a progressive multi-state, regional financial institution. The focus on building relationships through quality financial services with exceptional customer service has remained constant. American National operates under a strong community bank philosophy as a leader in charitable and civic support. Many Bank employees serve on the boards of civic organizations throughout the Bank's market area.

## LETTER FROM THE EXECUTIVE CHAIRMAN

April 12, 2013

To Our Shareholders:

It is my belief that our 2012 financial results provide positive validation that the 2011 merger of MidCarolina Financial Corporation into American National was the "right thing" for our Company and our shareholders. Earnings per share were \$2.04 for 2012 compared to \$1.64 for 2011.

Net income available to common shareholders for 2012 was slightly over \$16.0 million, up 39.6 percent from 2011. This net income produced for 2012 a return on average assets of 1.23 percent, a return on average equity of 10.08 percent and a return on average tangible equity of 15.25 percent.

I must remind you that a significant portion of our earnings was driven by merger-related fair value accounting, primarily from the loan portfolio purchase discount. The fiscal impact was larger than we expected because, during 2012, our credit improvement efforts resulted

in favorable resolutions of several major problem loans we acquired with the MidCarolina merger. We all should understand that the favorable earnings impact of the merger and the related fair value accounting is decreasing rapidly quarter to quarter. This is normal in the context of current rules for merger accounting.

Our capital ratios remain strong and exceed all regulatory minimums for "well capitalized" banking organizations. Average equity to average assets for the entire year was 12.19 percent. Our book value per common share was \$20.80 at year end, compared to \$19.58 at the end of 2011. Furthermore, we exceeded expectations and rebuilt our tangible book value per common share to pre-merger levels in one year, rather than the anticipated three years.

We have continued successfully our CEO transition plan. During 2012, Jeff Haley served as President of the Company and President and Chief Executive Officer of the Bank. He also joined the Company's Board of Directors in January 2012. In December, the Board of Directors named him as Chief Executive Officer of the Company, effective Jan. 1, 2013. So as of that date, we have cleared the confusion: Jeff Haley is President and Chief Executive Officer of the Company and the Bank. I have been named Executive Chairman of the Company and the Bank.

Jeff has done a great job and will continue to do so. He is the right man for the job. I am confident that he will continue those things that have made our Company successful, and he will use "imagination" to implement new or modified strategies that will take us forward in the future.

Your Board has done a great job of representing the shareholders. A prime example is their selection of the new CEO; they did a wonderful job and handled it just right. I hope you are proud of them—I am.

The Board and the executive management group are mindful of the importance of your investment in our Company. We appreciate your support, your patronage and your willingness to invest in American National. It is critical to our ongoing success. We will do all in our power to manage it prudently and appropriately.

Very truly yours,

Charles H. Majors Executive Chairman

### LETTER FROM THE PRESIDENT & CEO

April 12, 2013

To Our Shareholders:

As American National enters its 105th year of community banking, I am honored to have assumed the role of Chief Executive Officer of the company this past January. It is a position I take very seriously, but at the same time realize must be met with creativity and imagination as our banking industry enters a new era. I'd like to thank an integral source of our bank's progress and imagination thus far—and someone who has set the tone for me as Chief Executive Officer—Executive Chairman Charley Majors. I pledge to continue to infuse our culture with the imagination he has set in motion in order to create a better experience for our customers and financial performance for our shareholders.

#### We Imagine Solutions

From the days of abundant teller lines when our doors opened 104 years ago to today's 21st century Online Banking, we have put our customers' needs first. For this reason, we imagine and develop service channels that speak to the ever-growing preferences of our communities.

In 2012, we launched Mobile Banking and FI (Financial Institution) Transfer for online interbank transfers. On the horizon are instant-issue debit cards, deposit-taking Automated Teller Machines (ATMs), Mobile Deposit (remote check depositing via smartphone) and Online Financial Management (a dashboard for monitoring all accounts and investments).

#### We Imagine Growth

In 2012, imagination met reality when the legacy American National offices and the former MidCarolina offices fully integrated as one bank. American National's name brand extended to Burlington, Graham, Greensboro and Mebane, N.C., adding eight banking offices for customers. All 25 banking offices in North Carolina and Virginia converted to a new core operating system, Jack Henry SilverLake, which enabled Virginia offices to upgrade to real-time banking and offered other important advantages. At the same time, we launched a new line of deposit products and a new website, amnb.com.

#### We Imagine Excellence

On a continual basis, American National imagines how to maximize efficiency and excellence. Because roughly 83 percent of our customer transactions now occur electronically, we are investing significant dollars to transform our technology, branch network and offerings in order to stay at the forefront of community banking and to accommodate the shifting needs of the customer. To assist our employees in providing the most flexible and responsive service that customers demand or require, we have established an internal support center. Plus, shareholder voting goes online for the first time this year. While working toward all of these improvements, as Charley noted in his message, we were pleased to report slightly more than \$16 million of net income available to common shareholders for 2012.

Thank you for your support in 2012, and we look forward to expanding our imagination in 2013.

Sincerely,

Jeffrey V. Haley

President & Chief Executive Officer American National Bankshares Inc.

American National Bank and Trust Company

. . . A bank focused on meeting the needs of its customers. Where doing things right matters.

. . . A bank that serves the community.

With time, expertise and resources.

... A bank with 21st century solutions.

And more than a century of experience.

... A bank that gets results.

Imagine American National.

**Today,** customers bank in ways that only a few short years ago were ... well, unimaginable. From ATMs to check cards, to Online Banking, Online Bill Pay and Mobile Banking, banking services are becoming more automated, faster and increasingly more mobile.

Including, making a deposit. Not that long ago in order to make a deposit, you brought your check and deposit slip to the bank. Now, deposits are made at ATMs, from a desktop scanner and computer and even from your smartphone. Now, customers are able to take pictures of checks with their smartphones and electronically transmit them to the bank to be deposited . . . from anywhere in the world. Unimaginable? **Reality**.

At American National, we work hard to be a leading provider of the latest in banking innovation, giving our customers access to new products and services. There is more to come in 2013 and beyond. We imagine banking in new ways, but still with great personal service.
