Forward-Looking Statements

This Summary Annual Report may contain "forward-looking statements" within the meaning of federal securities laws that involve significant risks and uncertainties. Statements herein are based on certain assumptions and analyses by the Company and are factors it believes are appropriate in the circumstances. Actual results could differ materially from those contained in or implied by such statements for a variety of reasons including, but not limited to: changes in interest rates; changes in accounting principles, policies or guidelines; changes in the economic scenario; changes in regulatory requirements; and changes in securities markets. Consequently, all forward-looking statements made herein are qualified by these cautionary statements and the cautionary language in the Company's most recent Form 10-K report and other documents filed with the Securities and Exchange Commission. American National Bankshares Inc. does not undertake to update forward-looking statements to reflect circumstances or events that occur after the date the forward-looking statements are made.

About American National

American National Bankshares Inc. is a bank holding company with assets of \$1.3 billion. Headquartered in Danville, Va., it is the holding company of American National Bank and Trust Company (the "Bank"), a community bank serving Central and Southside Virginia and the Piedmont of North Carolina through 25 banking offices. In addition, the Bank manages \$628 million through its Trust & Investment Services division. The Bank provides a full array of financial products and services, including personal and business banking, trust and investment services and mortgage and insurance services. Electronic banking solutions range from a convenient Automated Teller Machine (ATM) network and check cards to real-time Online Banking, Online Bill Pay, Mobile Banking, Mobile Deposit and Telephone Banking. Chartered in 1909, the Bank is entering its 106th year of operation. It has grown from a single office on Main Street in Danville to a progressive multi-state, regional financial institution. The focus on building relationships through quality financial services with exceptional customer service has remained constant. The Bank operates under a strong community bank philosophy as a leader in charitable and civic support. Many Bank employees serve on the boards of civic organizations throughout the Bank's market area.

American National operates under a strong community bank philosophy as a leader in charitable and civic support.

LETTER FROM THE EXECUTIVE CHAIRMAN

April 2, 2014

To Our Shareholders:

By standard banking measurements, American National continued to be a high-performing banking company in 2013. As we all continued to emerge slowly from the "great recession," our earnings per share were \$2.00 for 2013, only slightly less than the \$2.04 we reported for 2012.

Net income available to common shareholders for 2013 was \$15.7 million compared to \$16 million for 2012. This net income produced for 2013 a return on average assets of 1.20 percent, a return on average equity of 9.52 percent and a return on average tangible assets of 13.75 percent.

Last year I reminded you that a significant portion of our earnings was driven by merger-related fair value accounting, primarily from the loan portfolio purchase discount. While we continued to benefit from this "accretion income," it was less in 2013 than the prior year. The good news is that this means our core earnings (without the fair value accretion income) were stronger this year. The favorable earnings impact of the merger and the related fair value accounting continues to decrease rapidly quarter to quarter, which is normal in the context of current rules for merger accounting.

Our capital ratios remain strong and continue to exceed all regulatory minimums for "well capitalized" banking organizations. At December 31, 2013, average shareholders' equity for the year was 12.65 percent of average assets, up from 12.19 percent at December 31, 2012. Our book value per common share was \$21.23 at year end, compared to \$20.80 at the end of 2012.

We have continued successfully our CEO transition plan. During 2012, Jeff Haley served as President of the Company as well as President and Chief Executive Officer of the Bank. On January 1, 2013, he became Chief Executive Officer of the Company. I believe the transition has been seamless and successful. Jeff has done and will continue to do a great job. I am proud to have him succeed me and to lead the Company in the future.

Your Board also does a great job of representing the shareholders by providing strategic policy leadership and management oversight. You should be proud of them. I know I am.

We have two directors who are retiring at the annual meeting of shareholders in May. Les Hudson has been a director since 1984 and will be retiring pursuant to our directors' retirement policy. While we will miss his long and valuable service as a director, he will continue as a Director Emeritus during the next year. Martha Medley, who has been a director since 2008, has chosen not to seek re-election at the annual meeting. We appreciate Martha's contributions to the board and we are pleased that she will continue to advise us as a member of the Bank's Virginia State Advisory Board.

We know the importance of your investment in our Company. We appreciate your support and your patronage. Your continued willingness to invest in American National is critical to our ongoing success. We work hard to manage it prudently and appropriately. We will continue to do so.

Very truly yours,

Charles H. Majors
Executive Chairman

American National Bankshares Inc.

hundan 1) Mr

American National Bank and Trust Company

LETTER FROM THE PRESIDENT & CEO

April 2, 2014

To Our Shareholders:

The year 2013 was an exciting and productive one for American National, as Charley Majors outlined in his message. The Company enjoyed another strong year, and it was my pleasure to serve as the Company's new Chief Executive Officer. I am happy to continue in this role alongside Charley, our Board of Directors, our management group and all of our employees—who altogether do an outstanding job leading American National.

Last year, we began to talk about American National in a new way, as ". . . just the bank you would imagine." We introduced this message in our 2012 Summary Annual Report; the Bank also launched a comprehensive branding campaign that included TV and radio. We even developed a new video titled "Pass it On" (amnb.com/investors-pass-it-on). All in all, we are proud of the following strides we have made toward fulfilling this new brand promise.

We Imagine Solutions

To enhance the customer experience, we launched several new 21st century services: Mobile Deposit for smartphone users wanting a deposit option while on the go; Rapid Deposit Automated Teller Machines (ATMs) at select locations for deposit-taking capabilities; and Instant Issue Debit Cards, available at most all of our banking offices.

In addition, American National improved internal processes to benefit our employees. We deployed a centralized electronic documentation library for our policies and procedures. We equipped banking offices with iPads to foster Online Banking enrollment. We also launched our new customer relationship management platform so that employees could more effectively see and communicate about the customer's entire relationship.

We Imagine Growth

One of our 2013 strategic priorities was to focus on organic growth. To that end, we reorganized, naming a chief banking officer and five market presidents, responsible for the leadership and growth of our six regions. We also hired a senior vice president to begin development of a new retail banking strategy that deals with the emerging retail needs of our consumers in today's technologically savvy world.

We Imagine Excellence

American National was fortunate to receive the following honors in 2013:

- Nifty 50 (Bank Director magazine)
- Top 10—2013 Performance Scorecard (Bank Director magazine)
- Raymond James Community Bankers Cup

Each of these awards recognizes American National as a high-performing community bank when compared to others around the nation.

As we continue to evolve into ". . . just the bank you would imagine," I want to thank our employees who work tirelessly to serve our customers while maintaining our community banking traditions developed over the past 105 years. Thanks also to our loyal and valued customers and to our shareholders who continue their support. It is critical to our ongoing success.

Sincerely,

Jeffrey V. Haley

President & Chief Executive Officer American National Bankshares Inc.

American National Bank and Trust Company

Why choose to do business with American National? To open a first checking account? To get a mortgage for a first home? To obtain a *loan in order to grow a business? To maintain a trust relationship?*

We believe our commitment to grow as ". . . just the bank you would imagine" is the answer.

We've offered banking services to individuals and businesses for more than a century, working with customers just like you. Every customer relationship we have and each decision we make is backed by the collective experience of everyone who has ever worked here and the wisdom gained through every customer relationship we've ever had.

contered banking services to individuals and businesses for more a century, working with customers just like you. Every customer inship we have and each decision we make is backed by the live experience of everyone who has ever worked here and the m gained through every customer relationship we've ever had. Telationship trust Telationship

We don't rest on experience alone, though. Instead, we combine our experience with the technology necessary for doing business in the 21st century, offering banking solutions that work for people today.

Summed up, "We have more than a century of experience and offer 21st century banking solutions."

Everyone is invited to find out what a difference that can make . . .

We've
offered
banking
services to
individuals
and
businesses
for more
than a
century.

Experience. Why is it important for customers—both individuals and businesses—to consider the longevity of their bank? If good times are all they ever experience, then maybe it doesn't matter as much how long their bank has been around. Experience tells us that times won't always be good. That's when people want a bank that takes a long view, one that has weathered a few storms.

American National has stood right by our customers and we have stood the test of time.

21st century banking solutions. How do

we provide the banking services people need today? By listening and responding. By learning more about how our customers want to interact with us and how they want to bank. By keeping pace with technology.

ervice experience experience SOlutionS technology

Last year, we introduced Rapid Deposit ATMs at select locations, allowing customers to make deposits with no deposit slip or envelope and have the balance totaled for them. Fast. We began offering Instant Issue **Debit Cards**, which means customers can open a new account at most of our offices and walk out with a debit card in hand that day. Convenient. After introducing Mobile Banking in 2012, we added Mobile Deposit in 2013 for smartphone users to enjoy another level of convenience. Easy.

While we will always be focused on relationships, our goal is to continue to grow as ". . . just the bank you would imagine." That's what we believe the people who have worked here over the years would want us to be. It's the legacy they passed on to us.

We've got a great story to tell . . . a long history and a bright future. Join us as we continue to

pass it on.

¹Return on average common equity is calculated by dividing net income available to common shareholders by average common equity.

²Return on average tangible common equity is calculated by dividing net income available to common shareholders plus amortization of intangibles tax effected by average common equity less average intangibles.

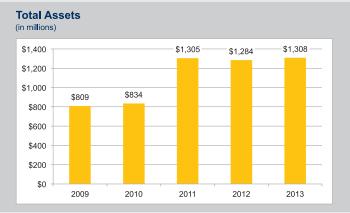

³The efficiency ratio is calculated by dividing noninterest expense excluding gains or losses on the sale of other real estate owned by net interest income including tax equivalent income on nontaxable loans and securities and excluding (a) gains or losses on securities and (b) gains or losses on sale of premises and equipment.

^{&#}x27;Tangible equity to tangible assets ratio is calculated by dividing period-end common equity less period-end intangibles by period-end assets less period-end intangibles.
