PART I

ITEM 1. BUSINESS.

Stryker Corporation (Stryker or the Company) is one of the world's leading medical technology companies and, together with its customers, is driven to make healthcare better. The Company offers innovative products and services in Orthopaedics, Medical and Surgical, and Neurotechnology and Spine that help improve patient and hospital outcomes.

Our core values guide our behaviors and actions and are fundamental to how we execute our mission.

Mission

Together with our customers,
we are driven
to make healthcare better.

Values

Stryker was incorporated in Michigan in 1946 as the successor company to a business founded in 1941 by Dr. Homer H. Stryker, a prominent orthopaedic surgeon and the inventor of several medical products. Our products are sold in over 75 countries through company-owned subsidiaries and branches, as well as third-party dealers and distributors, and include implants used in joint replacement and trauma surgeries; Mako Robotic-Arm Assisted technology; surgical equipment and surgical navigation systems; endoscopic and communications systems; patient handling, emergency medical equipment and intensive care disposable products; neurosurgical, neurovascular and spinal devices; as well as other products used in a variety of medical specialties. In the United States most of our products are marketed directly to doctors, hospitals and other healthcare facilities.

As used herein, and except where the context otherwise requires, "Stryker," "we," "us," and "our" refer to Stryker Corporation and its consolidated subsidiaries.

Business Segments and Geographic Information

We segregate our operations into three reportable business segments: Orthopaedics, MedSurg and Neurotechnology and Spine. Financial information regarding our reportable business segments and certain geographic information is included under "Consolidated Results of Operations" in Item 7 of this report and Note 14 to our Consolidated Financial Statements.

Orthopaedics

Orthopaedics products consist primarily of implants used in total joint replacements, such as hip, knee and shoulder, and trauma and extremities surgeries. We bring patients and physicians

advanced implant designs and specialized instrumentation that make orthopaedic surgery and recovery simpler, faster and more effective. We support surgeons with the technology and services they need as they develop new surgical techniques. The Mako Robotic-Arm Assisted Surgical System was designed to help surgeons provide patients with a personalized surgical experience based on their specific diagnosis and anatomy. The Mako System currently offers three applications supporting Partial Knee, Total Hip and Total Knee procedures. Mako is the only robotic-arm assisted technology enabled by 3D CT-based pre-operative planning, and with AccuStop™ haptic technology, Mako provides surgeons the ability to know more about their patients' anatomy so they can cut less in bone preparation and implant placement with intra-operative haptic guidance.

Stryker is one of four leading global competitors for joint replacement and trauma and extremities products and robotics; the other three being Zimmer Biomet Holdings, Inc. (Zimmer), DePuy Synthes (a Johnson & Johnson company) and Smith & Nephew plc (Smith & Nephew).

In 2020 we completed the acquisition of Wright Medical Group N.V. (Wright) for an aggregate purchase price of \$4.1 billion (\$5.6 billion including convertible notes). Wright develops, manufactures and markets a complementary product portfolio of surgical solutions for upper extremities (shoulder, elbow, wrist and hand), lower extremities (foot and ankle) and biologics. The Wright acquisition enhances our global market position in trauma and extremities, providing opportunities to advance innovation and reach more patients.

MedSurg

MedSurg products include surgical equipment, patient and caregiver safety technologies, and navigation systems (Instruments), endoscopic and communications systems (Endoscopy), patient handling, emergency medical equipment and intensive care disposable products (Medical), reprocessed and remanufactured medical devices (Sustainability) and other medical device products used in a variety of medical specialties.

Stryker is one of five leading global competitors in Instruments; the other four being Zimmer, Medtronic plc., Johnson & Johnson and ConMed Linvatec, Inc. (a subsidiary of CONMED Corporation). In Endoscopy we compete with Smith & Nephew, ConMed Linvatec, Arthrex, Inc., Karl Storz GmbH & Co., Olympus Optical Co. Ltd. and STERIS plc. In 2020 Stryker received Food and Drug Administration (FDA) pre-market approval (PMA) for the next generation Surpass Evolve™ Flow Diverter to treat unruptured large and giant wide-neck intracranial aneurysms. In addition, Stryker received China National Medical Products Administration (NMPA) approval for the Surpass Streamline™ Flow Diverter. These two devices further expand our commercial footprint into the global flow diversion market.

In 2020 Stryker received FDA PMA of its Neuroform Atlas™ Stent System for the treatment of wide-neck intracranial aneurysms in conjunction with embolic detachable coils in the posterior circulation of the neurovasculature. The Neuroform Atlas™ device was previously approved for the anterior circulation. Neuroform Atlas™ Stent System has also been approved and has launched in China.

Also in 2020 Stryker launched the next generation Trevo product and line extensions of numerous Access products.

Raw Materials and Inventory

Raw materials essential to our business are generally readily available from multiple sources; however, certain of our raw materials are currently sourced from single suppliers. Substantially all products we manufacture are stocked in inventory, while certain MedSurg products are assembled to order.

Patents and Trademarks

Patents and trademarks are significant to our business to the extent that a product or an attribute of a product represents a unique design or process. Patent protection of such products restricts competitors from duplicating these unique designs and features. We seek to obtain patent protection on our products whenever appropriate for protecting our competitive advantage. On December 31, 2020 we owned approximately 4,045 United

States patents and approximately 6,407 patents in other countries.

Seasonality

Our business is generally not seasonal in nature; however, the number of orthopaedic implant surgeries is typically lower in the summer months, and sales of capital equipment are generally higher in the fourth quarter. The dollar amount of customer backlog orders at any given time is not meaningful to an understanding of our business taken as a whole.

Competition

In each of our product lines we compete with local and global companies. The development of new and innovative products is important to our success in all areas of our business. Competition in research involving the development and improvement of new and existing products and processes is particularly significant. The competitive environment requires substantial investments in continuing research and maintaining sales forces.

We believe our commitment to innovation, quality and service and our reputation differentiates us in the highly competitive product categories in which we operate and enables us to compete effectively. We believe that our competitive position in the future will depend to a large degree on our ability to develop new products and make improvements to existing products.

Regulation

Our businesses are subject to varying degrees of governmental regulation in the countries in which we operate, and the general trend is toward increasingly stringent regulation.

In the United States the Medical Device Amendments of 1976 to the Federal Food, Drug and Cosmetic Act and its subsequent amendments and the regulations issued and proposed thereunder provide for regulation by the FDA of the design, manufacture and marketing of medical devices, including most of our products. Many of our new products fall into FDA classifications that require notification submitted as a 510(k) and review by the FDA before we begin marketing them. Certain of our products require extensive clinical testing, consisting of safety and efficacy studies, followed by pre-market approval (PMA) applications for specific surgical indications. Certain of our products also fall under the FDA's drug classification, as well as other FDA classifications.

The FDA's Quality System regulations set forth standards for our product design and manufacturing processes, require the maintenance of certain records and provide for inspections of our facilities by the FDA. There are also certain requirements of state, local and foreign governments that must be complied with in the manufacture and marketing of our products.

The member states of the European Union (EU) adopted the European Medical Device Directives, which form a single set of medical device regulations for all EU member countries. These regulations require companies that manufacture and distribute medical devices in EU member countries to meet certain quality system requirements and obtain CE marking for their products. We have authorization to apply the CE marking to substantially all of our products. In addition, the EU enacted the EU Medical Device Regulation (EU MDR) in May 2017 with an effective date of May 2021, which imposes stricter requirements for the marketing and sale of medical devices, including in the areas of clinical evaluation requirements, quality systems, labeling and post-market surveillance. More recently, a free trade agreement was executed between the UK and the EU that became effective January 1, 2021. A gap analysis and compliance plan is being implemented to ensure compliance and minimize business

disruption. Finally, we are required to comply with the unique regulatory requirements of each country within which we market and sell our products, including China, whose National Medical Products Administration (NMPA) has recently promulgated more stringent regulatory requirements.

Initiatives to limit the growth of general healthcare expenses and hospital costs are ongoing in the markets in which we do business. These initiatives are sponsored by government agencies, legislative bodies and the private sector and include price regulation and competitive pricing. It is not possible to predict at this time the long-term impact of such cost containment measures on our future business. In addition, business practices in the healthcare industry are scrutinized, particularly in the United States, by federal and state government agencies. The resulting investigations and prosecutions carry the risk of significant civil and criminal penalties.

Environment

We are subject to various rules and regulation in the United States and internationally related to the protection of human health and the environment. Our operations involve the use of substances regulated under environmental laws, primarily in manufacturing and sterilization processes. We believe our policies, practices and procedures are properly designed to comply, in all material respects, with applicable environmental laws and regulations. We do not expect compliance with these requirements to have a material effect on purchases of property, plant and equipment, cash flows, net earnings or our competitive position.

Employees

On December 31, 2020 we had approximately 43,000 employees globally, with approximately 24,000 employees in the United States. Our talented employees are an integral reason for our standing as one of the world's leading medical technology companies where, together with our customers, we are driven to make healthcare better. Our company values of integrity, accountability, people and performance are a key component of that mission. As one of our core values, we recognize that we must and will continue to focus on our people.

Our success is dependent on our ability to attract the best talent that reflects our diverse communities. To do so, we continue to focus on the basics of creating a great workplace. We believe in attracting the right people, maintaining and building employee engagement and developing our employees. We believe when people are able to do what they do best, they will look forward to coming to work and in turn, will deliver great business results. Stryker is made up of hardworking, results-oriented people who are driven to go above and beyond for our customers.

Our leadership team and Board of Directors receive regular updates on our people and culture strategy and provide feedback on our strategy and goals, including alignment to mission and values, peer benchmarking and stakeholder feedback.

Employee Development

Employee development at Stryker is extensive and exists at all levels of the organization, including company-wide training on our Code of Conduct, job-related technical training and management and leadership training. Our development programs include on-the-job learning, coaching and mentoring, management and leadership development courses, team building and collaboration training and immersive experiences with expert partners.

We encourage all employees to establish individual development plans, in partnership with their manager, to help employees gain the needed development experience to grow their careers.

Employee Engagement

An engaged workplace culture that drives performance and business outcomes is central to our mission. Listening to and learning from our employees forms the foundation of an engaging culture. More than 90% of our global employees participate in our annual engagement survey, which provides a valued platform for listening and allows us to take action based on the feedback collected.

We supplement our annual engagement survey with targeted pulse surveys to gather feedback on topics relevant to the current climate. Additionally, we establish forums for collecting qualitative feedback to gain insights and identify actions we can take to ensure all employees feel included, engaged and able to achieve their full potential.

We also provide tools and resources that enable managers and teams to act on the insights we gain from our surveys and to drive employee engagement and strong business outcomes.

Diversity, Equity and Inclusion (DE&I)

An essential part of our culture is respecting each individual's strengths and values. Building on this foundation, we are focused on maintaining an inclusive, engaging work environment and prioritizing DE&I in keeping with our values of integrity and people, and we continue to integrate this strategy with our efforts to attract, develop and retain a diverse workforce. Key components of our overall DE&I strategy include:

- **Strengthen the diversity of our workforce:** We are committed to recruiting and hiring top talent from all backgrounds, providing targeted development for under-represented talent and further integrating DE&I into our policies, processes and practices.
- **Advance a culture of inclusion, engagement and belonging:** We focus on establishing an equitable culture that removes barriers, engages talent from different backgrounds and inspires employees to reach their full potential. Our current efforts are focused on advancing our employee resources groups, educating our employees on DE&I and continuing our work to build inclusive leadership capabilities.
- **Maximize the power of inclusion to drive innovation and growth:** We leverage our talent to create diverse teams to solve complex problems and leverage diverse inputs to advance our mission of making healthcare better.

Attracting and Hiring

We understand that every employee drives our success. We focus on attracting, identifying and selecting strong candidates who will be successful at Stryker and ensuring that each person we hire brings the talent, expertise and passion we need to continue to be successful.

Competitive Pay and Benefits

Our compensation and benefits programs are designed to attract and retain top talent and to incentivize performance and alignment to our mission and values.

We offer market-competitive base pay and benefits to our employees in countries around the world. We regularly evaluate our compensation and benefit offerings and levels, using recognized outside consulting firms to ensure fairness and competitiveness in our offerings.

Most of our employees also have variable components to their compensation packages that reward employees based on individual, business unit and/or company-wide performance.

ITEM 1A. RISK FACTORS.

This report contains statements that are not historical facts and are considered "forward-looking statements" within the meaning of the Private Securities Litigation Reform Act of 1995. These statements are based on current projections about operations, industry conditions, financial condition and liquidity. Words that identify forward-looking statements include words such as "may," "could," "will," "should," "possible," "plan," "predict," "forecast," "potential," "anticipate," "estimate," "expect," "project," "intend," "believe," "may impact," "on track," "goal," "strategy" and words and terms of similar substance used in connection with any discussion of future operating or financial performance, an acquisition or our businesses. In addition, any statements that refer to expectations, projections or other characterizations of future events or circumstances, including any underlying assumptions, are forward-looking statements. Those statements are not guarantees and are subject to risks, uncertainties and assumptions that are difficult to predict. Therefore, actual results could differ materially and adversely from these forward-looking statements. Some important factors that could cause our actual results to differ from our expectations in any forward-looking statements include the risks discussed below.

Our operations and financial results are subject to various risks and uncertainties discussed below that could materially and adversely affect our business, cash flows, financial condition and results of operations. Additional risks and uncertainties not currently known to us or that we currently deem not to be material may also materially and adversely affect our business, cash flows, financial condition or results of operations.

COVID-19 PANDEMIC RISKS

The COVID-19 pandemic has materially adversely affected, and could continue to materially adversely affect, our operations, supply chain, manufacturing, product distribution and other business activities: The global COVID-19 pandemic has led to severe disruptions in the market and the United States and international economies that may continue for a prolonged duration and trigger a recession or a period of economic slowdown. In response, various governmental authorities and private enterprises have implemented, and may continue to implement, numerous measures to contain the pandemic, such as travel bans and restrictions, quarantines, shelter-in-place orders and shutdowns. A significant number of our global suppliers, vendors, distributors and manufacturing facilities are located in regions that have been affected by the pandemic and those operations have been, and could continue to be, materially affected by restrictive government measures implemented in response to the pandemic. As a result, some of our distributors and indirect channels have at times been unable to distribute our products or provide required services. Any delay or shortage in the supply of components or materials or delay in delivering our products may result in our inability to satisfy consumer demand for our products in a timely manner or at all, which could harm our reputation, future sales and profitability.

In addition, the pandemic could adversely impact our ability to retain key employees and the continued service and availability of skilled personnel necessary to run our complex productions, as well as our executive officers and other members of our management team, third-party suppliers, manufacturers, distributors and vendors. To the extent our management or other personnel are impacted in significant numbers by the pandemic and are not available to perform their job duties, we could experience delays in, or the suspension of, our manufacturing operations, research and product development activities, regulatory work streams, clinical development programs and other important commercial functions. Moreover, the actions we take to mitigate the effect of the pandemic on our workforce could reduce the efficiency of our operations or prove insufficient. Further, our relationships with our employees may be disrupted due to the cost-saving and other measures implemented in response to the COVID-19 pandemic, including employee furloughs, which could result in increased employment litigation and claims for severance or other benefits tied to terminations or furloughs or attempts to unionize portions of our workforce. The extent of the pandemic's effect on our business will depend on future developments, including the duration, spread and intensity of the pandemic and the successful development, distribution and acceptance of vaccines for COVID-19, all of which are uncertain and difficult to predict. We are not able at this time to estimate with certainty the effect of these and other unforeseen factors on our business, but the adverse impact on our business, cash flows, financial condition and results of operations could be material. A prolonged impact of COVID-19 also could heighten many of the other risks described in this report.

We have experienced, and may continue to experience, a significant and unpredictable need to adjust our operations as market demand for certain of our products has shifted and continues to shift or as may be mandated by

governmental authorities in response to the COVID-19 pandemic: Some of our products are particularly sensitive to reductions in elective medical procedures. Elective medical procedures were suspended, especially in the first and fourth quarters of 2020 and the first quarter of 2021, in many of the markets where our products are marketed and sold, which negatively affected our business, cash flows, financial condition and results of operations. It is not possible to predict the exact timing of a broad resumption of elective medical procedures and, to the extent individuals are required to continue to de-prioritize, delay or cancel elective procedures as a result of the COVID-19 pandemic or otherwise, our business, cash flows, financial condition and results of operations could be negatively affected.

In addition, our products in certain divisions, such as Medical, have experienced, and could continue to experience, higher demand as our customers focus on treating COVID-19 patients. Unpredictable increases in demand for certain of our products could exceed our capacity to meet such demand timely, which could adversely affect our customer relationships and result in negative publicity. In this regard, the accelerated development and production of products and services in an effort to address medical and other requirements as a result of the pandemic could increase the risk of regulatory enforcement actions, product defects or related claims.

Further, in an effort to increase the wider availability of needed medical and other supplies and products in response to the pandemic, governments may require us (such as under the United States Defense Production Act) to allocate manufacturing capacity in a way that adversely affects our regular operations, results in differential treatment of customers and/or adversely affects our reputation and customer relationships. It is also possible that certain of our operations are deemed non-essential and thus subject to suspension or other restrictions by government orders. We cannot predict how these changes in operations, if implemented, would affect our future operations and commercial activities as the impact of the pandemic begins to subside.

LEGAL AND REGULATORY RISKS

Current economic and political conditions make tax rules in jurisdictions subject to significant change: Our future results of operations could be affected by changes in the effective tax rate as a result of changes in tax laws, regulations and judicial rulings. In December 2017 the Tax Cuts and Jobs Act of 2017 was signed into law in the United States. We are continuing to evaluate the impact of tax reform as new guidance and regulations are published. In addition, further changes in the tax laws of foreign jurisdictions could arise, including as a result of the base erosion and profit shifting (BEPS) project undertaken by the Organisation for Economic Cooperation and Development (OECD). The OECD, which represents a coalition of member countries, has issued recommendations that, in some cases, would make substantial changes to numerous long-standing tax positions and principles. These contemplated changes, to the extent adopted by OECD members and/or other countries, could increase tax uncertainty and may adversely affect our provision for income taxes.

We could be negatively impacted by future changes in the allocation of income to each of the income tax jurisdictions in which we operate: We operate in multiple income tax jurisdictions both in the United States and internationally. Accordingly, our management must determine the appropriate allocation of income to each jurisdiction based on current interpretations of complex income tax regulations. Income tax

authorities regularly perform audits of our income tax filings. Income tax audits associated with the allocation of income and other complex issues, including inventory transfer pricing and cost sharing, product royalty and foreign branch arrangements, may require an extended period of time to resolve and may result in significant income tax adjustments.

The impact of United States healthcare reform legislation on our business remains uncertain: In 2010 the Patient Protection and Affordable Care Act (ACA) was enacted. While the provisions of the ACA are intended to expand access to health insurance coverage and improve the quality of healthcare over time, other provisions of the legislation, including Medicare provisions aimed at decreasing costs, comparative effectiveness research, an independent payment advisory board and pilot programs to evaluate alternative payment methodologies, are having a meaningful effect on the way healthcare is developed and delivered and could have a significant effect on our business. There have been ongoing litigation and congressional efforts to modify or repeal all or certain provisions of the ACA. We face uncertainties that might result from modification or repeal of any of the provisions of the ACA, including as a result of current and future executive orders and legislative actions. We cannot predict what other healthcare programs and regulations will ultimately be implemented at the federal or state level or the effect of any future legislation or regulation in the United States may have on our business.

We are subject to extensive governmental regulation relating to the classification, manufacturing, labeling, marketing and sale of our products: The classification, manufacturing, sterilization, labeling, marketing and sale of our products are subject to extensive and evolving regulations and rigorous regulatory enforcement by the FDA, European Union (EU), the NMPA in China, and other governmental authorities in the United States and internationally. The process of obtaining regulatory clearances and/or approvals to market and sell our products can be costly and time consuming and the clearances and/or approvals might not be granted timely. We have ongoing responsibilities under the laws and regulations applicable to the manufacturing of products within our facilities and those contracted by third parties that are subject to periodic inspections by the FDA and other governmental authorities to determine compliance with the quality system, medical device reporting regulations and other requirements. Costs to comply with regulations, including the EU Medical Device Regulation enacted by the EU in May 2017 and effective in May 2021, the free trade agreement recently executed between the UK and the EU that became effective January 1, 2021, and the regulatory laws established by the NMPA in China, and costs associated with remediation can be significant. If we fail to comply with applicable regulatory requirements, we may be subject to a range of sanctions, including substantial fines, warning letters that require corrective action, product seizures, recalls, the suspension of product manufacturing, revocation of approvals, exclusion from future participation in government healthcare programs, substantial fines and criminal prosecution.

We are subject to federal, state and foreign healthcare regulations, including anti-bribery, anti-corruption, anti-kickback and false claims laws, globally and could face substantial penalties if we fail to comply with such regulations and laws: The relationships that we, and third-parties that market and/or sell our products, have with healthcare professionals, such as physicians, hospitals, healthcare organizations and others, are subject to scrutiny under various state and federal laws often referred to collectively as healthcare

fraud and abuse laws. In addition, the United States and foreign government regulators have increased the enforcement of the Foreign Corrupt Practices Act (FCPA) and other anti-bribery and anti-kickback laws. We also must comply with a variety of other laws that impose extensive tracking and reporting related to all transfers of value provided to certain healthcare professionals and others. These laws and regulations are broad in scope and are subject to evolving interpretation and we have in the past been, and in the future could be, required to incur substantial costs to monitor compliance or to alter our practices. Violations of these laws may be punishable by criminal or civil sanctions, including substantial fines, imprisonment of current or former employees and exclusion from participation in governmental healthcare programs. In 2013 and 2018 we settled claims brought by the United States Securities and Exchange Commission (SEC) related to the FCPA. Pursuant to these settlements, we paid fines and penalties and retained an independent compliance consultant. We are working to implement recommendations that resulted from the independent compliance consultant's review of our commercial practices.

We are subject to privacy, data protection and data security regulations and laws globally, and could face substantial penalties if we fail to comply with such regulations and laws: We are subject to a variety of laws and regulations globally regarding privacy, data protection, and data security, including those related to the collection, storage, handling, use, disclosure, transfer, and security of personally identifiable healthcare information. For example, in the United States, privacy and security regulations under the Health Insurance Portability and Accountability Act of 1996, including the expanded requirements under the Health Information Technology for Economic and Clinical Health Act of 2009, establish comprehensive standards with respect to the use and disclosure of protected health information (PHI), by covered entities, in addition to setting standards to protect the confidentiality, integrity and security of PHI. Further, the EU's General Data Protection Regulation (GDPR), which became effective in May 2018, applies to all of our activities related to products and services that we offer to EU customers and employees. The GDPR established new requirements regarding the handling of personal data and includes significant penalties for non-compliance (including possible fines of up to 4% of total company revenue). Other governmental authorities around the world are considering similar types of legislative and regulatory proposals concerning data protection, which could impose significant limitations and increase our cost of providing our products and services where we process personal data. These laws and regulations are broad in scope and are subject to evolving interpretation and we have in the past been, and in the future could be, required to incur substantial costs to monitor compliance or to alter our practices.

We may be adversely affected by product liability claims, unfavorable court decisions or legal settlements: We are exposed to potential product liability risks inherent in the design, manufacture and marketing of medical devices, many of which are implanted in the human body for long periods of time or indefinitely. We may be exposed to additional potential product liability risks related to products designed, manufactured and marketed in response to the COVID-19 pandemic, including discretionary products and products permitted under the Emergency Use Authorization granted by the FDA. We are currently defendants in a number of product liability matters, including those relating to our Rejuvenate and ABGII Modular-Neck hip stems, LFIT Anatomic CoCr V40 Femoral Heads and the product liability lawsuits and claims relating to Wright legacy hip products discussed in Note 7 to our Consolidated Financial Statements. These matters are subject to many uncertainties and

outcomes are not predictable. Further, in November 2020 the European Parliament voted in favor of the European Representative Actions Directive (the Collective Redress Directive), which mandates a class action regime in each member state to facilitate domestic and cross-border class actions in a wide range of areas, including product liability claims with medical devices. The Collective Redress Directive will take effect in 2023 after a 24-month implementation period. The Collective Redress Directive, when implemented, could result in additional litigation risks and significant legal expenses for us. In addition, we may incur significant legal expenses regardless of whether we are found to be liable.

Intellectual property litigation and infringement claims could cause us to incur significant expenses or prevent us from selling certain of our products: The medical device industry is characterized by extensive intellectual property litigation and, from time to time, we are the subject of claims of infringement or misappropriation. Regardless of outcome, such claims are expensive to defend and divert management and operating personnel from other business issues. A successful claim or claims of patent or other intellectual property infringement against us could result in payment of significant monetary damages and/or royalty payments or negatively impact our ability to sell current or future products in the affected category.

Dependence on patent and other proprietary rights and failing to protect such rights or to be successful in litigation related to such rights may impact offerings in our product portfolios: Our long-term success largely depends on our ability to market technologically competitive products. If we fail to obtain or maintain adequate intellectual property protection, it could allow others to sell products that directly compete with proprietary features in our product portfolio. Also, our issued patents may be subject to claims challenging their validity and scope and raising other issues. In addition, currently pending or future patent applications may not result in issued patents.

MARKET RISKS

We have exposure to exchange rate fluctuations on cross border transactions and translation of local currency results into United States Dollars: We report our financial results in United States Dollars and approximately 30% of our net sales are denominated in foreign currencies, including the Australian Dollar, British Pound, Canadian Dollar, Euro and Japanese Yen. Cross border transactions with external parties and intercompany relationships result in increased exposure to foreign currency exchange effects. While we use derivative instruments to manage the impact of currency exchange, our hedging strategies may not be successful, and our unhedged exposures continue to be subject to currency fluctuations. In addition, the weakening or strengthening of the United States Dollar results in favorable or unfavorable translation effects when the results of our foreign locations are translated into United States Dollars.

Additional capital that we may require in the future may not be available to us or may only be available to us on unfavorable terms, which could negatively affect our liquidity: Our future capital requirements will depend on many factors, including operating requirements, current and future acquisitions and the need to refinance existing debt. Our ability to issue additional debt or enter into other financing arrangements on acceptable terms could be adversely affected by our debt levels, unfavorable changes in economic conditions or uncertainties that affect the capital markets, including disruption caused by the COVID-19 pandemic. Changes in credit ratings issued by nationally recognized credit rating agencies could also adversely affect our access to and cost of financing. Higher

borrowing costs or the inability to access capital markets could adversely affect our ability to support future growth and operating requirements. In addition, we have experienced, and could continue to experience, loss of sales and profits due to delayed payments or insolvency of healthcare professionals, hospitals and other customers and suppliers facing liquidity issues caused by the COVID-19 pandemic. As a result, we may be compelled to take additional measures to preserve our cash flow, including through the reduction of operating expenses or suspension of dividend payments, at least until the consequences of the pandemic subside.

BUSINESS AND OPERATIONAL RISKS

We are subject to cost containment measures in the United States and other countries resulting in pricing pressures: Initiatives to limit the growth of general healthcare expenses and hospital costs are ongoing in the markets in which we do business. These initiatives are sponsored by government agencies, legislative bodies and the private sector and include price regulation and competitive pricing. For example, China has implemented a volume-based procurement process designed to decrease prices for medical devices and other products. Pricing pressure has also increased due to continued consolidation among healthcare providers, trends toward managed care, the shift toward governments becoming the primary payers of healthcare expenses, reduction in reimbursement levels and medical procedure volumes and government laws and regulations relating to sales and promotion, reimbursement and pricing generally.

We operate in a highly competitive industry in which competition in the development and improvement of new and existing products is significant: The markets in which we compete are highly competitive. New products and surgical procedures are introduced on an ongoing basis and our present or future products could be rendered obsolete or uneconomical by technological advances by our competitors, who may respond more quickly to new or emerging technologies, undertake more extensive marketing campaigns, have greater financial, marketing and other resources or be more successful in attracting potential customers, employees and strategic partners.

We may be unable to maintain adequate working relationships with healthcare professionals: We seek to maintain close working relationships with respected physicians and medical personnel in healthcare organizations such as hospitals and universities who assist in product research and development. We rely on these professionals to assist us in the development and improvement of proprietary products. As a result of the COVID-19 pandemic, our access to these professionals has been limited as hospitals have restricted access for non-patients, including our research and development specialists and other employees, and governmental authorities have imposed travel restrictions, shutdowns or similar measures, which has adversely affected our ability to develop, market and sell products. If we are unable to maintain these relationships, our ability to develop, market and sell new and improved products could be further adversely affected.

We rely on indirect distribution channels and major distributors that are independent of Stryker: In many markets, we rely on indirect distribution channels to market, distribute, and sell our products. These indirect channels often are the main point of contact for the healthcare professional and healthcare organization customers who buy and use our products. Our ability to market, distribute, and sell our products through indirect channels has been adversely affected as a result of precautionary responses to the COVID-19 pandemic, including

travel restrictions, suspension and shutdown orders and other measures intended to limit person-to-person contact. Our ability to continue to market, distribute, and sell our products may be at risk if the indirect channels become insolvent, choose to sell competitive products, choose to stop selling medical technology, or are subject to new or additional government regulation, whether related to the COVID-19 pandemic or for unrelated reasons.

We are subject to additional risks associated with our extensive global operations: We develop, manufacture and distribute our products globally. Our global operations are subject to risks and potential costs, including changes in reimbursement, changes in regulatory requirements, differing local product preferences and product requirements, diminished protection of intellectual property in some countries, tariffs and other trade protection measures, international trade disputes and import or export requirements, difficulty in staffing and managing foreign operations, introduction of new internal business structures and programs, political and economic instability (such as the United Kingdom's exit from the European Union, commonly referred to as "Brexit"), and disruptions of transportation due to a global pandemic of contagious diseases like COVID-19 or otherwise, such as reduced availability of transportation, port closures, increased border controls or closures, increased transportation costs and increased security threats to our supply chain. Our business could be adversely impacted if we are unable to successfully manage these and other risks of global operations in an increasingly volatile environment.

We may be unable to capitalize on previous or future acquisitions: In addition to internally developed products, we invest in new products and technologies through acquisitions. Such investments are inherently risky, and we cannot guarantee that any acquisition will be successful or will not have a material unfavorable impact on us. The risks include the activities required and resources allocated to integrate new businesses, diversion of management time that could adversely affect management's ability to focus on other projects, the inability to realize the expected benefits, savings or synergies from the acquisition, the loss of key personnel, litigation resulting from the acquisition and exposure to unexpected liabilities of acquired companies. In addition, we cannot be certain that the businesses we acquire will become or remain profitable.

We may be unable to capitalize on the Wright acquisition: The success of the Wright acquisition will depend, in part, on our ability to successfully combine and integrate Wright into our businesses and realize the anticipated benefits, including synergies, from the transaction. If we are unable to achieve these objectives within the anticipated time frame, or at all, the anticipated benefits may not be realized fully or at all, or may take longer to realize than expected.

The integration of Wright into Stryker may result in material challenges, including: the diversion of management's attention from ongoing business concerns and performance shortfalls at one or both of the companies; blending the cultures of Stryker and Wright; maintaining employee morale and retaining key management, sales and other employees; retaining existing business and operational relationships; the possibility of faulty assumptions underlying expectations regarding the integration process; consolidating corporate and administrative infrastructures and eliminating duplicative operations; unanticipated issues in integrating information technology, communications and other systems; continuing the regular and uninterrupted cadence of product launches; and unforeseen

costs, expenses and liabilities (including litigation related liabilities) associated with the acquisition.

We could experience a failure of a key information technology system, process or site or a breach of information security, including a cybersecurity breach or failure of one or more key information technology systems, networks, processes, associated sites or service providers: We rely extensively on information technology (IT) systems to conduct business. In addition, we rely on networks and services, including internet sites, cloud and SaaS solutions, data hosting and processing facilities and tools and other hardware, software and technical applications and platforms, some of which are managed, hosted, provided and/or used by third-parties or their vendors, to assist in conducting our business. Numerous and evolving cybersecurity threats pose potential risks to the security of our IT systems, networks and product offerings, as well as the confidentiality, availability and integrity of our data. A security breach, whether of our products, of our customers' network security and systems or of third-party hosting services, could impact the use of such products and the security of information stored therein. While we have made investments seeking to address these threats, including monitoring of networks and systems, hiring of experts, employee training and security policies for employees and third-party providers, the techniques used in these attacks change frequently and may be difficult to detect for periods of time and we may face difficulties in anticipating and implementing adequate preventative measures. In addition, a greater number of our employees working remotely during the COVID-19 pandemic has exposed us, and may continue to expose us to greater risks related to cybersecurity and cyber-liability. If our IT systems are damaged or cease to function properly, the networks or service providers we rely upon fail to function properly, or we or one of our third-party providers suffer a loss or disclosure of our business or stakeholder information due to any number of causes ranging from catastrophic events or power outages to improper data handling or security breaches and our business continuity plans do not effectively address these failures on a timely basis, we may be exposed to reputational, competitive and business harm as well as litigation and regulatory action.

An inability to successfully manage the implementation of our new global enterprise resource planning (ERP) system could adversely affect our operations and operating results: We are in the process of implementing a new global ERP system. This system will replace many of our existing operating and financial systems. Such an implementation is a major undertaking, both financially and from a management and personnel perspective. Any disruptions, delays or deficiencies in the design and implementation of our new ERP system could adversely affect our ability to process orders, ship products, provide services and customer support, send invoices and track payments, fulfill contractual obligations or otherwise operate our business.

We may be unable to attract and retain key employees: Our sales, technical and other key personnel play an integral role in the development, marketing and selling of new and existing products. If we are unable to recruit, hire, develop and retain a talented, competitive work force in our highly competitive industry, we may not be able to meet our strategic business objectives. In addition, if we are unable to maintain an inclusive culture that aligns our diverse work force with our mission and values, this could adversely impact our ability to recruit, hire, develop and retain key talent.

Interruption of manufacturing operations could adversely affect our business: We and our suppliers have manufacturing sites all over the world; however, the manufacturing of certain of our product lines is concentrated in one or more plants or geographic regions. Orthopaedics has principal manufacturing and distribution facilities in the United States in Florida, Georgia, Minnesota, New Jersey, Tennessee and Virginia and outside the United States in China, France, Germany, Ireland and Switzerland. MedSurg has principal manufacturing and distribution facilities in the United States in Arizona, California, Florida, Illinois, Michigan, Puerto Rico, Texas and Washington and outside the United States in France, Germany, Ireland, Mexico, Switzerland and Turkey. Neurotechnology and Spine has principal manufacturing and distribution facilities in Illinois, Utah and Virginia and outside the United States in China, France, Ireland and Switzerland. Damage to our facilities, to our suppliers' or service providers' facilities, or to our central distribution centers in Indiana and the Netherlands as a result of natural disasters or otherwise, as well as issues in our manufacturing arising from a failure to follow specific internal protocols and procedures, compliance concerns relating to the quality systems regulation, equipment breakdown or malfunction, environmental hazard incidents or changes to environmental regulations or other factors, could adversely affect the availability of our products. In the event of an interruption in manufacturing, we may be unable to move quickly to alternate means of producing affected products to meet customer demand. In the event of a significant interruption, we may experience lengthy delays in resuming production of affected products due to the need for regulatory approvals, and we may experience loss of market share, additional expense and harm to our reputation.

We use a variety of raw materials, components, devices and third-party services in our global supply chains, production and distribution processes; significant shortages, price increases or unavailability of third-party services could increase our operating costs, require significant capital expenditures, or adversely impact the competitive position of our products: Our reliance on certain suppliers to secure raw materials, components and finished devices, and on certain third-party service providers, such as sterilization service providers, exposes us to product shortages and unanticipated increases in prices. In addition, several raw materials, components, finished devices and services are procured from a sole-source due to the quality considerations, unique intellectual property considerations or constraints associated with regulatory requirements. If sole-source suppliers or service providers are acquired or were unable or unwilling to deliver these materials or services, we may not be able to manufacture or have available one or more products during such period of unavailability and our business could suffer. In certain cases we may not be able to establish additional or replacement suppliers for such materials or service providers for such services in a timely or cost effective manner, largely as a result of FDA and other regulations that require, among other things, validation of materials, components and services prior to their use in or with our products.

Our insurance program may not be adequate to cover future losses: We maintain third-party insurance to cover our exposure to certain property and casualty losses and are self-insured for claims and expenses related to other property and casualty losses, including product liability, intellectual property infringement and enforcement, environmental, and cybersecurity and data privacy losses. We manage a portion of our exposure to self-insured losses through a wholly-owned captive insurance company. Insurance coverage limits provided by third-party

STRYKER CORPORATION 2020 FORM 10-K

insurers and/or our captive may not be sufficient to fully cover unanticipated losses.

ITEM 5. MARKET FOR THE REGISTRANT'S COMMON EQUITY, RELATED STOCKHOLDER MATTERS AND ISSUER PURCHASES OF EQUITY SECURITIES.

Our common stock is traded on the New York Stock Exchange under the symbol SYK.

Our Board of Directors considers payment of cash dividends at its quarterly meetings. On January 31, 2021 there were 2,582 shareholders of record of our common stock.

We did not repurchase any shares in the three months ended December 31, 2020 and the total dollar value of shares that could be acquired under our authorized repurchase program at December 31, 2020 was \$1,033. As previously announced we intend to maintain the suspension of our share repurchase program through 2021.

In the fourth quarter 2020 we did not issue shares of our common stock as performance incentive awards to employees. When issued, these shares are not registered under the Securities Act of 1933 based on the conclusion that the awards would not be events of sale within the meaning of Section 2(a)(3) of the Act.

The following graph compares our total returns (including reinvestments of dividends) against the Standard & Poor's (S&P) 500 Index and the S&P 500 Health Care Index. The graph assumes \$100 (not in millions) invested on December 31, 2015 in our common stock and each of the indices.

ITEM 7. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS.

About Stryker

Stryker is one of the world's leading medical technology companies and, together with our customers, we are driven to make healthcare better. We offer innovative products and services in Orthopaedics, Medical and Surgical, and Neurotechnology and Spine that help improve patient and hospital outcomes. Our goal is to achieve sales growth at the high-end of the medical technology (MedTech) industry and maintain our long-term capital allocation strategy that prioritizes: (1) Acquisitions, (2) Dividends and (3) Share repurchases.

COVID-19 Pandemic

The COVID-19 global pandemic has led to severe disruptions in the market and the global and United States economies that may continue for a prolonged duration and trigger a recession or a period of economic slowdown. In response, various governmental authorities and private enterprises have implemented numerous measures to contain the pandemic, such as travel bans and restrictions, quarantines, shelter-in-place orders and shutdowns. A significant number of our global suppliers, vendors, distributors and manufacturing facilities are located in regions that have been affected by the pandemic. Those operations have been materially adversely affected by restrictive government and private enterprise measures implemented in response to the pandemic.

Some of our products are particularly sensitive to reductions in elective medical procedures. Elective medical procedures were suspended in the first quarter of 2020 in many of the markets where our products are marketed and sold, which negatively affected our business, cash flows, financial condition and results of operations. While we saw progressive improvement in the second and third quarters, to the extent individuals are required to continue to de-prioritize or delay elective procedures as a result of the COVID-19 pandemic or otherwise, as we experienced in the fourth quarter, our business, cash flows, financial condition and results of operations could be negatively affected.

Overview of 2020

The response to the COVID-19 pandemic has included unprecedented measures to slow the spread of the virus taken by local governments and health care authorities globally, including

the postponement of elective medical procedures and social contact restrictions, which have had, and could continue to have, a significant negative impact on Stryker's operations and financial results.

In 2020 reported net sales declined 3.6%. Excluding the impact of acquisitions, sales declined 4.8% in constant currency. We reported net earnings of \$1,599 and net earnings per diluted share of \$4.20. Excluding the impact of certain items, we achieved adjusted net earnings⁽¹⁾ of \$2,827 and adjusted net earnings per diluted share⁽¹⁾ of \$7.43 representing a decline of 10.0%.

We continued our capital allocation strategy by investing \$4,222 in acquisitions and paying \$863 in dividends to our shareholders.

In 2020 we received \$3,292 from issuance of debt and had total debt repayments of \$2,297. We exercised our right under the acquisition clause of our credit and term loan facilities to increase the maximum permitted leverage to 5.0:1 effective as of December 31, 2020. Refer to Note 10 to our Consolidated Financial Statements for further information.

In 2020 we completed acquisitions for total net cash consideration of \$4,222 and \$82 in future milestone payments primarily due upon the achievement of certain regulatory and commercial milestones. In November 2020 we completed the acquisition of Wright for \$30.75 per share, or an aggregate purchase price of \$4.1 billion (\$5.6 billion including convertible notes). Wright is a global medical device company focused on extremities and biologics. Wright is part of our Trauma and Extremities business within Orthopaedics. In December 2020 we completed the acquisition of OrthoSensor, Inc. (OrthoSensor). OrthoSensor is a leader in the digital evolution of musculoskeletal care and sensor technology for total joint replacement. OrthoSensor is part of our Joint Replacement business within Orthopaedics.

In 2020 we did not repurchase any shares of our common stock under our authorized repurchase program. The total dollar value of shares of our common stock that could be acquired under our authorized repurchase program was \$1,033 as of December 31, 2020. We previously announced our intention to suspend our share repurchase program through 2021.

Non-GAAP Financial Measures

We supplement the reporting of our financial information determined under accounting principles generally accepted in the United States (GAAP) with certain non-GAAP financial measures, including percentage sales growth in constant currency; percentage organic sales growth; adjusted gross profit; adjusted selling, general and administrative expenses; adjusted research, development and engineering expenses; adjusted operating income; adjusted other income (expense), net; adjusted effective income tax rate; adjusted net earnings; adjusted net earnings per diluted share (Diluted EPS); free cash flow; and free cash flow conversion. We believe these non-GAAP financial measures provide meaningful information to assist investors and shareholders in understanding our financial results and assessing our prospects for future performance. Management believes

percentage sales growth in constant currency and the other adjusted measures described above are important indicators of our operations because they exclude items that may not be indicative of or are unrelated to our core operating results and provide a baseline for analyzing trends in our underlying businesses. Management uses these non-GAAP financial measures for reviewing the operating results of reportable business segments and analyzing potential future business trends in connection with our budget process and bases certain management incentive compensation on these non-GAAP financial measures. To measure percentage sales growth in constant currency, we remove the impact of changes in foreign currency exchange rates that affect the comparability and trend of sales. Percentage sales growth in constant currency is calculated by translating current and prior year results at the same foreign currency exchange rate. To measure percentage organic sales growth, we remove the impact of changes in foreign currency exchange rates and acquisitions, which affect the comparability and trend of sales. Percentage organic sales growth is calculated by translating current year results at prior year average foreign currency exchange rates excluding the impact of acquisitions. To measure earnings performance on a consistent and comparable basis, we exclude certain items that affect the comparability of operating results and the trend of earnings. These adjustments are irregular in timing and may not be indicative of our past and future performance. The following are examples of the types of adjustments that may be included in a period:

1. *Acquisition and integration-related costs.* Costs related to integrating recently acquired businesses and specific costs (e.g., inventory step-up and deal costs) related to the consummation of the acquisition process.
2. *Amortization of purchased intangible assets.* Periodic amortization expense related to purchased intangible assets.
3. *Restructuring-related and other charges.* Costs associated with the termination of sales relationships in certain countries, workforce reductions, elimination of product lines, certain long-lived asset impairments and associated costs and other restructuring-related activities.
4. *Medical Device Regulations.* Costs specific to updating our quality system, product labeling, asset write-offs and product remanufacturing to comply with the medical device reporting regulations and other requirements of the European Union and China regulations for medical devices.
5. *Recall-related matters.* Our best estimate of the minimum of the range of probable loss to resolve the Rejuvenate, LFIT V40 and other product recalls.
6. *Regulatory and legal matters.* Our best estimate of the minimum of the range of probable loss to resolve certain regulatory matters and other legal settlements.
7. *Tax matters.* Charges represent the impact of accounting for certain significant and discrete tax items.

To measure free cash flow, we adjust cash provided by operating activities by the amount of purchases of property, plant and equipment and proceeds from long-lived asset disposals and remove the impact of certain legal settlements and recall payments. To measure free cash flow conversion we divide free cash flow by adjusted net earnings.

Because non-GAAP financial measures are not standardized, it may not be possible to compare these financial measures with other companies' non-GAAP financial measures having the same or similar names. These adjusted financial measures should not be considered in isolation or as a substitute for reported sales growth, gross profit, selling, general and administrative expenses,

research, development and engineering expenses, operating income, other income (expense), net, effective income tax rate, net earnings and net earnings per diluted share, the most directly comparable GAAP financial measures. These non-GAAP financial measures are an additional way of viewing aspects of our operations when viewed with our GAAP results and the reconciliations to corresponding GAAP financial measures at the end of the discussion of Consolidated Results of Operations

below. We strongly encourage investors and shareholders to review our financial statements and publicly-filed reports in their entirety and not to rely on any single financial measure.

The weighted-average diluted shares outstanding used in the calculation of non-GAAP net earnings per diluted share are the same as those used in the calculation of reported net earnings per diluted share for the respective period.

We believe our financial condition continues to be of high quality, as evidenced by our ability to generate substantial cash from operations and to readily access capital markets at competitive rates despite the COVID-19 pandemic. Operating cash flow provides the primary source of cash to fund operating needs and capital expenditures. Excess operating cash is used first to fund acquisitions to complement our portfolio of businesses. Other discretionary uses include dividends and share repurchases; however, in 2019 we announced our intention to suspend our share repurchase program for 2020 and 2021. We supplement operating cash flow with debt to fund our activities as necessary. Our overall cash position reflects our business results and a global cash management strategy that takes into account liquidity management, economic factors and tax considerations.

Operating Activities

Cash provided by operating activities was \$3,277, \$2,191 and \$2,610 in 2020, 2019 and 2018. The increase from 2019 was primarily due to cash from working capital, including higher accounts receivable collections, less spending on inventory due to lower production from lower sales and an increase in our accounts payable, partially offset by decreased net earnings.

Investing Activities

Cash used in investing activities was \$4,701, \$1,455 and \$2,857 in 2020, 2019 and 2018. The increase in cash used in 2020 was primarily due to the acquisition of Wright and OrthoSensor. In 2019 we acquired Mobius and certain other businesses and related assets. In 2018 we acquired Entellus and K2M.

Financing Activities

Cash provided by (used in) financing activities was (\$11), \$3 and \$1,329 in 2020, 2019 and 2018. The change in cash was primarily driven by securing a \$400 term loan in November 2020, the issuance of \$600 of notes in November 2020 and \$2,300 of notes in June 2020, offset by total debt repayments of \$2,297 and dividend payments of \$863 in 2020. This is compared to the issuance of €2.4 billion of notes in November 2019 and repayments of \$1,342 of debt, dividend payments of \$778 and share repurchases of \$307 in 2019. Share repurchases were suspended in 2020.

We maintain debt levels that we consider appropriate after evaluating a number of factors including cash requirements for ongoing operations, investment and financing plans (including acquisitions and share repurchase activities) and overall cost of capital. Refer to Note 10 to our Consolidated Financial Statements for further information.

Liquidity

Cash, cash equivalents and marketable securities were \$3,024 and \$4,425, and our current assets exceeded current liabilities by \$4,666 and \$6,658 on December 31, 2020 and 2019. Despite the impact from the COVID-19 pandemic, we anticipate being able to

support our short-term liquidity and operating needs from a variety of sources including cash from operations, commercial paper, existing credit lines and capital expenditure and operating expense reductions. We maintain a revolving credit facility with \$1.5 billion of committed capital which expires in August 2023 and a \$1.5 billion unsecured revolving credit facility that matures in April 2021.

We raised funds in the capital markets in 2020, 2019 and 2018 and may continue to do so from time-to-time. We continue to have strong investment-grade short-term and long-term debt ratings that we believe should enable us to refinance our debt as needed.

Our cash, cash equivalents and marketable securities held in locations outside the United States was approximately 30% and 25% on December 31, 2020 and 2019. We intend to use this cash to expand operations organically and through acquisitions.

Guarantees and Other Off-Balance Sheet Arrangements

We do not have guarantees or other off-balance sheet financing arrangements, including variable interest entities, of a magnitude that we believe could have a material impact on our financial condition or liquidity.

CONTRACTUAL OBLIGATIONS AND FORWARD-LOOKING CASH REQUIREMENTS

As further described in Note 7 to our Consolidated Financial Statements, in 2020 we recorded charges to earnings related to the Rejuvenate and ABG II, LFIT Anatomic CoCr V40 Femoral Heads recall matters and recorded product liabilities relating to Wright legacy hip products claims. Recorded reserves represent the minimum of the range of probable cost remaining to resolve these matters. The final outcome of these matters is dependent on many variables that are difficult to predict. The ultimate cost to entirely resolve these matters may be materially different from the amount of the current estimates and could have a material adverse effect on our financial position, results of operations and cash flows. We are not able to reasonably estimate the future periods in which payments will be made.

As further described in Note 11 to our Consolidated Financial Statements, on December 31, 2020 we had a reserve for uncertain income tax positions of \$457. Due to uncertainties regarding the ultimate resolution of income tax audits, we are not able to reasonably estimate the future periods in which any income tax payments to settle these uncertain income tax positions will be made.

As further described in Note 12 to our Consolidated Financial Statements, on December 31, 2020 our defined benefit pension plans were underfunded by \$596, of which approximately \$588 related to plans outside the United States. Due to the rules affecting tax-deductible contributions in the jurisdictions in which the plans are offered and the impact of future plan asset performance, changes in interest rates and potential changes in legislation in the United States and other foreign jurisdictions, we are not able to reasonably estimate the amounts that may be required to fund defined benefit pension plans.

CRITICAL ACCOUNTING POLICIES AND ESTIMATES

In preparing our financial statements in accordance with generally accepted accounting principles, there are certain accounting policies, which may require substantial judgment or estimation in their application. We believe these accounting policies and the others set forth in Note 1 to our Consolidated Financial Statements are critical to understanding our results of operations and financial condition. Actual results could differ from our estimates and assumptions, and any such differences could be material to our results of operations and financial condition.

Inventory Reserves

We maintain reserves for excess and obsolete inventory resulting from the potential inability to sell certain products at prices in excess of current carrying costs. We make estimates regarding the future recoverability of the costs of these products and record provisions based on historical experience, expiration of sterilization dates and expected future trends. If actual product life cycles, product demand or acceptance of new product introductions are less favorable than projected by management, additional inventory write downs may be required, which could unfavorably affect future operating results.

Income Taxes

Our annual tax rate is determined based on our income, statutory tax rates and the tax impacts of items treated differently for tax purposes than for financial reporting purposes. Tax law requires certain items be included in the tax return at different times than the items are reflected in the financial statements. Some of these differences are permanent, such as expenses that are not deductible in our tax return, and some differences are temporary and reverse over time, such as depreciation expense. These temporary differences create deferred tax assets and liabilities.

Deferred tax assets generally represent the tax effect of items that can be used as a tax deduction or credit in future years for which we have already recorded the tax benefit in our income statement. Deferred tax liabilities generally represent tax expense recognized in our financial statements for which payment was deferred, the tax effect of expenditures for which a deduction was taken in our tax return but has not yet been recognized in our financial statements or assets recorded at fair value in business combinations for which there was no corresponding tax basis adjustment.

Inherent in determining our annual tax rate are judgments regarding business plans, tax planning opportunities and expectations about future outcomes. Realization of certain deferred tax assets is dependent upon generating sufficient taxable income in the appropriate jurisdiction prior to the expiration of the carryforward periods. Although realization is not assured, management believes it is more likely than not that our deferred tax assets, net of valuation allowances, will be realized.

We operate in multiple jurisdictions with complex tax policy and regulatory environments. In certain of these jurisdictions, we may take tax positions that management believes are supportable but are potentially subject to successful challenge by the applicable taxing authority. These differences of interpretation with the respective governmental taxing authorities can be impacted by the local economic and fiscal environment. We evaluate our tax positions and establish liabilities in accordance with the applicable accounting guidance on uncertainty in income taxes. We review these tax uncertainties in light of changing facts and circumstances, such as the progress of tax audits, and adjust them accordingly. We have a number of audits in process in various jurisdictions. Although the resolution of these tax

positions is uncertain, based on currently available information, we believe that it is more likely than not that the ultimate outcomes will not have a material adverse effect on our financial position, results of operations or cash flows.

Due to the number of estimates and assumptions inherent in calculating the various components of our tax provision, certain changes or future events, such as changes in tax legislation, geographic mix of earnings, completion of tax audits or earnings repatriation plans, could have an impact on those estimates and our effective tax rate.

Acquisitions, Goodwill and Intangibles, and Long-Lived Assets

Our financial statements include the operations of an acquired business starting from the completion of the acquisition. In addition, the assets acquired and liabilities assumed are recorded on the date of acquisition at their respective estimated fair values, with any excess of the purchase price over the estimated fair values of the net assets acquired recorded as goodwill.

Significant judgment is required in estimating the fair value of intangible assets and in assigning their respective useful lives. Accordingly, we typically obtain the assistance of third-party valuation specialists for significant items. The fair value estimates are based on available historical information and on future expectations and assumptions deemed reasonable by management but are inherently uncertain. We typically use an income method to estimate the fair value of intangible assets, which is based on forecasts of the expected future cash flows attributable to the respective assets. Significant estimates and assumptions inherent in the valuations reflect a consideration of other marketplace participants and include the amount and timing of future cash flows (including expected growth rates and profitability), the underlying product or technology life cycles, the economic barriers to entry and the discount rate applied to the cash flows. Unanticipated market or macroeconomic events and circumstances may occur that could affect the accuracy or validity of the estimates and assumptions.

Determining the useful life of an intangible asset also requires judgment. With the exception of certain trade names, the majority of our acquired intangible assets (e.g., certain trademarks or brands, customer and distributor relationships, patents and technologies) are expected to have determinable useful lives. Our assessment as to the useful lives of these intangible assets is based on a number of factors including competitive environment, market share, trademark, brand history, underlying product life cycles, operating plans and the macroeconomic environment of the countries in which the trademarked or branded products are sold. Our estimates of the useful lives of determinable-lived intangibles are primarily based on these same factors. Determinable-lived intangible assets are amortized to expense over their estimated useful life.

In some of our acquisitions, we acquire in-process research and development (IPRD) intangible assets. For acquisitions accounted for as business combinations IPRD is considered to be an indefinite-lived intangible asset until the research is completed (then it becomes a determinable-lived intangible asset) or determined to have no future use (then it is impaired). For asset acquisitions IPRD is expensed immediately unless there is an alternative future use.

The value of indefinite-lived intangible assets and goodwill is not amortized but is tested at least annually for impairment. Our impairment testing for goodwill is performed separately from our impairment testing of indefinite-lived intangibles. We perform our annual impairment test for goodwill in the fourth quarter of each

year. We consider qualitative indicators of the fair value of a reporting unit when it is unlikely that a reporting unit has impaired goodwill. In certain circumstances, we also use a discounted cash flow analysis that requires certain assumptions and estimates be made regarding market conditions and our future profitability. In those circumstances we test goodwill for impairment by reviewing the book value compared to the fair value at the reporting unit level. We test individual indefinite-lived intangibles by reviewing the individual book values compared to the fair value. We determine the fair value of our reporting units and indefinite-lived intangible assets based on the income approach. Under the income approach, we calculate the fair value of our reporting units and indefinite-lived intangible assets based on the present value of estimated future cash flows. Considerable management judgment is necessary to evaluate the impact of operating and macroeconomic changes and to estimate future cash flows to measure fair value. Assumptions used in our impairment evaluations, such as forecasted growth rates and cost of capital, are consistent with internal projections and operating plans. We believe such assumptions and estimates are also comparable to those that would be used by other marketplace participants.

Our annual impairment testing indicated that all reporting unit goodwill fair values significantly exceeded their respective recorded values. Future changes in the judgments, assumptions and estimates that are used in our impairment testing for goodwill and indefinite-lived intangible assets, including discount and tax rates and future cash flow projections, could result in significantly different estimates of the fair values. A significant reduction in the estimated fair values could result in impairment charges that could materially affect our results of operations.

We review our other long-lived assets for indicators of impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. The evaluation is performed at the lowest level of identifiable cash flows, which is at the individual asset level or the asset group level. The undiscounted cash flows expected to be generated by the related assets are estimated over their useful life based on updated projections. If the evaluation indicates that the carrying amount of the assets may not be recoverable, any potential impairment is measured based upon the fair value of the related assets or asset group as determined by an appropriate market appraisal or other valuation technique. Assets classified as held for sale, if any, are recorded at the lower of carrying amount or fair value less costs to sell.

Legal and Other Contingencies

We are involved in various ongoing proceedings, legal actions and claims arising in the normal course of business, including proceedings related to product, labor and intellectual property, and other matters that are more fully described in Note 7 to our Consolidated Financial Statements. The outcomes of these matters will generally not be known for prolonged periods of time. In certain of the legal proceedings, the claimants seek damages, as well as other compensatory and equitable relief, that could result in the payment of significant claims and settlements and/or the imposition of injunctions or other equitable relief. For legal matters for which management had sufficient information to reasonably estimate our future obligations, a liability representing management's best estimate of the probable loss, or the minimum of the range of probable losses when a best estimate within the range is not known, for the resolution of these legal matters is recorded. The estimates are based on consultation with legal counsel, previous settlement experience and settlement strategies. If actual outcomes are less favorable than

those projected by management, additional expense may be incurred, which could unfavorably affect future operating results. We are currently self-insured for certain claims and expenses. The ultimate cost to us with respect to product liability claims could be materially different than the amount of the current estimates and accruals and could have a material adverse effect on our financial position, results of operations and cash flows.

NEW ACCOUNTING PRONOUNCEMENTS

Refer to Note 1 to our Consolidated Financial Statements for further information.

ITEM 7A. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK.

We sell our products globally and, as a result, our financial results could be significantly affected by factors such as market risk exposure from weak economic conditions, exchange rate risk and the impacts of the COVID-19 pandemic on our operations and financial results. Our operating results are primarily exposed to changes in exchange rates among the United States Dollar, Australian Dollar, British Pound, Canadian Dollar, Euro and Japanese Yen. We develop and manufacture products in the United States, Canada, China, France, Germany, Ireland, Japan, Mexico, Puerto Rico, Switzerland and Turkey and incur costs in the applicable local currencies. This global deployment of facilities serves to partially mitigate the impact of currency exchange rate changes on our cost of sales. Refer to Notes 1, 4 and 5 to our Consolidated Financial Statements for information regarding our use of derivative instruments to mitigate these risks. A hypothetical 10% change in foreign currencies relative to the United States Dollar would change the December 31, 2020 fair value of these instruments by approximately \$550.

We are not able to quantify the impacts of the COVID-19 pandemic on our financial results. Qualitative disclosures about the COVID-19 pandemic are included in Part II, Item 7 "Management's Discussion and Analysis of Financial Condition and Results of Operations" and Part I, Item 1A "Risk Factors" of this Form 10-K.

ITEM 8. FINANCIAL STATEMENTS AND SUPPLEMENTARY DATA.

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Shareholders and the Board of Directors of Stryker Corporation

Opinion on the Financial Statements

We have audited the accompanying consolidated balance sheets of Stryker Corporation and subsidiaries (the Company) as of December 31, 2020 and 2019, the related consolidated statements of earnings and comprehensive income, shareholders' equity, and cash flows, for each of the three years in the period ended December 31, 2020, and the related notes and the financial statement schedule listed in the Index at Item 15(a) (collectively referred to as the "consolidated financial statements"). In our opinion, the consolidated financial statements present fairly, in all material respects, the consolidated financial position of the Company at December 31, 2020 and 2019, and the consolidated results of its operations and its cash flows for each of the three years in the period ended December 31, 2020, in conformity with U.S. generally accepted accounting principles.

We also have audited, in accordance with the standards of the Public Company Accounting Oversight Board (United States) (PCAOB), the Company's internal control over financial reporting as of December 31, 2020, based on criteria established in Internal Control-Integrated Framework issued by the Committee of Sponsoring Organizations of the Treadway Commission (2013 framework) and our report dated February 11, 2021 expressed an unqualified opinion thereon.

Basis for Opinion

These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on the Company's financial statements based on our audits. We are a public accounting firm registered with the PCAOB and are required to be independent with respect to the Company in accordance with the U.S. federal securities laws and the applicable rules and regulations of the Securities and Exchange Commission and the PCAOB.

We conducted our audits in accordance with the standards of the PCAOB. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement, whether due to error or fraud. Our audits included performing procedures to assess the risks of material misstatement of the financial statements, whether due to error or fraud, and performing procedures that respond to those risks. Such procedures included examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements. Our audits also included evaluating the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the financial statements. We believe that our audits provide a reasonable basis for our opinion.

Critical Audit Matters

The critical audit matters communicated below are matters arising from the current period audit of the financial statements that were communicated or required to be communicated to the audit committee and that: (1) relate to accounts or disclosures that are material to the financial statements and (2) involved our especially challenging, subjective, or complex judgments. The communication of critical audit matters does not alter in any way our opinion on the consolidated financial statements, taken as a whole, and we are not, by communicating the critical audit matters below, providing separate opinions on the critical audit matters or on the accounts or disclosures to which they relate.

Business Combinations

Description of the Matter As described in Note 6 to the consolidated financial statements, in 2020 the Company completed the acquisition of all the outstanding equity of Wright Medical Group N.V. (Wright) for total consideration, net of cash acquired of \$4,081 million. The acquisition was accounted for as a business combination.

The recognition, measurement and disclosure of the Company's business combination in the 2020 consolidated financial statements and related footnote is preliminary and was considered especially challenging and required significant auditor judgment due to the complex determination by management of the appropriate assumptions, such as discount rates, revenue growth rates, and profit margins for the valuation of acquired assets, including developed technologies. The Company used a discounted cash flow model to measure the developed technologies.

How We Addressed the Matter in Our Audit We tested the effectiveness of controls over the accounting for the business combination, including testing controls over the estimation process supporting the recognition and measurement of consideration transferred and developed technology. We also tested management's review of assumptions used in the valuation models.

To test the valuation of acquired assets, we performed audit procedures that included, among others, evaluating management's identification of assets acquired and liabilities assumed and assessing the fair value measurements prepared by management and their third-party valuation specialists, including the discount rates, revenue growth rates and projected profit margins as used in valuing the developed technology. We involved our valuation specialists to assist with the evaluation of methodologies used by the Company and significant assumptions included in the fair value estimates. For example, to evaluate the revenue growth rates and projected profit margins, we compared the amounts to historical results of the Company's business, as well as the acquired business' historical results, and current industry and market trends for those in which the Company operates and performed sensitivity analyses on key assumptions. We also evaluated the adequacy of the Company's disclosures included in Note 6 related to these acquisitions.

Product Liabilities

Description of the Matter As described in Note 7 to the consolidated financial statements, the Company recorded \$470 million of liabilities, including \$192 million assumed in connection with the acquisition accounting of Wright, at December 31, 2020 for product matters relating to Rejuvenate and ABG II Modular-Neck hip stems, LFIT Anatomic CoCr V40 Femoral Heads, and Wright hip product future settlements. The Company establishes liabilities for product claims to the extent probable future losses are estimable based on quantitative and qualitative information from various sources. The Company engages, when required, external specialists to perform an actuarial analysis to estimate the outstanding liabilities.

Auditing management's estimate of product liabilities was especially challenging due to the significant measurement uncertainty associated with the product liabilities estimate that involved management's significant judgment and actuarial analysis. Further, the product liability is sensitive to significant management assumptions, including average costs per claim and the number of future claims, including those resulting in revision surgery.

How We Addressed the Matter in Our Audit We obtained an understanding, evaluated management's design and tested the operating effectiveness of the controls over the Company's product liability estimation process, including management's assessment of the assumptions, and the completeness and accuracy of the data underlying the product liabilities.

To evaluate the liabilities for product claims, we performed audit procedures that included, among others, testing the completeness and accuracy of the underlying claims and average cost per claim data provided to management's actuarial specialist and obtaining legal confirmation letters to evaluate the reserves recorded. We involved our actuarial specialists in the evaluation of the methodologies applied by the Company in determining the actuarially calculated range of loss and assessment of significant assumptions, including number of future claims and revision surgeries factored into the resulting estimated product liabilities. We also evaluated the adequacy of the Company's disclosures included in Note 7 related to these liabilities.

Uncertain Tax Positions

Description of the Matter As described in Note 11 to the consolidated financial statements, the Company operates in multiple jurisdictions with complex tax policy and regulatory environments and establishes reserves for uncertain tax positions in accordance with the accounting guidance governing uncertainty in income taxes. Uncertainty in a tax position may arise because tax laws are subject to interpretation. The Company uses significant judgment to (1) determine whether, based on the technical merits, a tax position is more likely than not to be sustained and (2) measure the amount of tax benefit that qualifies for recognition. At December 31, 2020, the Company had accrued liabilities of \$457 million relating to uncertain tax positions.

Auditing management's analysis of the Company's uncertain tax positions and the related unrecognized tax benefits was especially challenging as the analysis involved significant auditor judgment due to complex interpretations of tax laws, legal rulings and determination of arm's length pricing for intercompany transactions.

How We Addressed the Matter in Our Audit We obtained an understanding, evaluated the design and tested the operating effectiveness of controls over the Company's accounting process for uncertain tax positions. For example, we tested controls over management's identification of uncertain tax positions and its application of the recognition and measurement principles, including management's review of the inputs and calculations of unrecognized income tax benefits.

Our audit procedures included, among others, evaluating the assumptions the Company used to develop its uncertain tax positions and related unrecognized income tax benefit amounts by jurisdiction. We also tested the completeness and accuracy of the underlying data used by the Company to calculate its uncertain tax positions. For example, we compared the estimated liabilities for unrecognized income tax benefits to similar positions in prior periods and assessed management's consideration of current tax controversy and litigation trends in similar positions challenged by tax authorities. We also assessed the historical accuracy of management's estimates of its unrecognized income tax benefits by comparing the estimates with the resolution of those positions. We involved our tax professionals to evaluate tax technical merits, which included, for certain intercompany transactions, assessing the Company's assumptions and pricing methodology to determine they were arm's length and complied with local jurisdictional laws and regulations. We also evaluated the adequacy of the Company's disclosures included in Note 11 related to these tax matters.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

NOTE 1 - SIGNIFICANT ACCOUNTING POLICIES

Nature of Operations: Stryker (the "Company," "we," "us," or "our") is one of the world's leading medical technology companies and, together with its customers, is driven to make healthcare better. The Company offers innovative products and services in Orthopaedics, Medical and Surgical, and Neurotechnology and Spine that improve patient and hospital outcomes. Our products include implants used in joint replacement and trauma surgeries; surgical equipment and surgical navigation systems; endoscopic and communications systems; patient handling, emergency medical equipment and intensive care disposable products; neurosurgical, neurovascular and spinal devices; as well as other products used in a variety of medical specialties.

Basis of Presentation and Consolidation: The Consolidated Financial Statements include the Company and its subsidiaries. All significant intercompany accounts and transactions are eliminated in consolidation. We have no material interests in variable interest entities and none that require consolidation. Certain prior year amounts have been reclassified to conform with current year presentation in our Consolidated Financial Statements, including immaterial reclassifications of segment results and \$302 of loaner instrumentation not intended to be sold reclassified from inventories to other noncurrent assets.

Use of Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States (GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities on the date of the financial statements and the reported amounts of net sales and expenses in the reporting period. Actual results could differ from those estimates.

Revenue Recognition: Sales are recognized as the performance obligations to deliver products or services are satisfied and are recorded based on the amount of consideration we expect to receive in exchange for satisfying the performance obligations. Our sales are recognized primarily when we transfer control to the customer, which can be on the date of shipment, the date of receipt by the customer or, for most Orthopaedics products, when we have received a purchase order and appropriate notification the product has been used or implanted. Products and services are primarily transferred to customers at a point in time, with some transfers of services taking place over time.

Sales represent the amount of consideration we expect to receive from customers in exchange for transferring products and services. Net sales exclude sales, value added and other taxes we collect from customers. Other costs to obtain and fulfill contracts are generally expensed as incurred due to the short-term nature of most of our sales. We extend terms of payment to our customers based on commercially reasonable terms for the markets of our customers, while also considering their credit quality.

A provision for estimated sales returns, discounts and rebates is recognized as a reduction of sales in the same period that the sales are recognized. Our estimate of the provision for sales returns has been established based on contract terms with our customers and historical business practices and current trends. Shipping and handling costs charged to customers are included in net sales.

Cost of Sales: Cost of sales is primarily comprised of direct materials and supplies consumed in the manufacture of product,

as well as manufacturing labor, depreciation expense and direct overhead expense necessary to acquire and convert the purchased materials and supplies into finished product. Cost of sales also includes the cost to distribute products to customers, inbound freight costs, warehousing costs and other shipping and handling activity.

Research, Development and Engineering Expenses: Research and development costs are charged to expense as incurred. Costs include research, development and engineering activities relating to the development of new products, improvement of existing products, technical support of products and compliance with governmental regulations for the protection of customers and patients. Costs primarily consist of salaries, wages, consulting and depreciation and maintenance of research facilities and equipment.

Selling, General and Administrative Expenses: Selling, general and administrative expense is primarily comprised of selling expenses, marketing expenses, administrative and other indirect overhead costs, amortization of loaner instrumentation, depreciation and amortization expense of non-manufacturing assets and other miscellaneous operating items.

Currency Translation: Financial statements of subsidiaries outside the United States generally are measured using the local currency as the functional currency. Adjustments to translate those statements into United States Dollars are recorded in other comprehensive income (OCI). Transactional exchange gains and losses are included in other income (expense), net.

Cash Equivalents: Highly liquid investments with remaining stated maturities of three months or less when purchased or other money market instruments that are redeemable upon demand are considered cash equivalents and recorded at cost.

Marketable Securities: Marketable securities consist of marketable debt securities, certificates of deposit and mutual funds. Mutual funds are acquired to offset changes in certain liabilities related to deferred compensation arrangements and are expected to be used to settle these liabilities and are recorded in other noncurrent assets. Pursuant to our investment policy, all individual marketable security investments must have a minimum credit quality of single A (Standard & Poor's and Fitch) and A2 (Moody's Corporation) at the time of acquisition, while the overall portfolio of marketable securities must maintain a minimum average credit quality of double A (Standard & Poor's and Fitch) or Aa (Moody's Corporation). In the event of a rating downgrade below the minimum credit quality subsequent to purchase, the marketable security investment is evaluated to determine the appropriate action to take to minimize the overall risk to our marketable security investment portfolio. Our marketable securities are classified as available-for-sale and trading securities. Investments in trading securities represent participant-directed investments of deferred employee compensation.

Accounts Receivable: Accounts receivable consists of trade and other miscellaneous receivables. An allowance is maintained for doubtful accounts for estimated losses in the collection of accounts receivable. Estimates are made regarding the ability of customers to make required payments based on historical credit experience, current market conditions and expected credit losses. Accounts receivable are written off when all reasonable collection efforts are exhausted.

Inventories: Inventories are stated at the lower of cost or net realizable value, with cost generally determined using the first-in, first-out (FIFO) cost method. For excess and obsolete inventory resulting from the potential inability to sell specific products at

prices in excess of current carrying costs, reserves are maintained to reduce current carrying cost to net realizable value.

Financial Instruments: Our financial instruments consist of cash, cash equivalents, marketable securities, accounts receivable, other investments, accounts payable, debt and foreign currency exchange contracts. The carrying value of our financial instruments, with the exception of our senior unsecured notes, approximates fair value on December 31, 2020 and 2019. Refer to Notes 3 and 10 for further details.

All marketable securities are recognized at fair value. Adjustments to the fair value of marketable securities that are classified as available-for-sale are recorded as increases or decreases, net of income taxes, within accumulated other comprehensive income (AOCI) in shareholders' equity and adjustments to the fair value of marketable securities that are classified as trading are recorded in earnings. The amortized cost of marketable debt securities is adjusted for amortization of premiums and discounts to maturity computed under the effective interest method. Such amortization and interest and realized gains and losses are included in other income (expense), net. The cost of securities sold is determined by the specific identification method.

We review declines in the fair value of our investments classified as available-for-sale to determine whether the decline in fair value is a result of credit loss or other factors. Impairments of available-for-sale marketable debt securities related to credit loss are included in earnings and impairments related to other factors are recognized within AOCI.

Derivatives: All derivatives are recognized at fair value and reported on a gross basis. We enter into forward currency exchange contracts to mitigate the impact of currency fluctuations on transactions denominated in nonfunctional currencies, thereby limiting our risk that would otherwise result from changes in exchange rates. The periods of the forward currency exchange contracts correspond to the periods of the exposed transactions, with realized gains and losses included in the measurement and recording of transactions denominated in the nonfunctional currencies. All forward currency exchange contracts are recorded at their fair value each period.

Forward currency exchange contracts designated as cash flow hedges are designed to hedge the variability of cash flows associated with forecasted transactions denominated in a foreign currency that will take place in the future. These nonfunctional currency exposures principally relate to forecasted intercompany sales and purchases of manufactured products and generally have maturities up to eighteen months. Changes in value of derivatives designated as cash flow hedges are recorded in AOCI on the Consolidated Balance Sheets until earnings are affected by the variability of the underlying cash flows. At that time, the applicable amount of gain or loss from the derivative instrument that is deferred in shareholders' equity is reclassified into earnings and is included in cost of goods sold in the Consolidated Statements of Earnings. Cash flows associated with these hedges are included in cash from operations in the same category as the cash flows from the items being hedged.

Forward currency exchange contracts are used to offset our exposure to the change in value of specific foreign currency denominated assets and liabilities, primarily intercompany payables and receivables. These derivatives are not designated as hedges and, therefore, changes in the value of these forward contracts are recognized in earnings, thereby offsetting the current earnings effect of the related changes in value of foreign currency denominated assets and liabilities. The estimated fair

value of our forward currency exchange contracts represents the measurement of the contracts at month-end spot rates as adjusted by current forward points.

From time to time, we designate derivative and non-derivative financial instruments as net investment hedges of our investments in certain international subsidiaries. For derivative instruments that are designated and qualify as a net investment hedge, the effective portion of the derivative's gain or loss is recognized in OCI and reported as a component of AOCI. We have elected to use the spot method to assess effectiveness for our derivatives designated as net investment hedges. Accordingly, the change in fair value attributable to changes in the spot rate is recorded in AOCI. We exclude the spot-forward difference from the assessment of hedge effectiveness and amortize this amount separately on a straight-line basis over the term of the forward contracts. This amortization is recognized in Other income (expense).

From time to time, we designate forward starting interest rate derivative instruments as cash flow hedges to manage the exposure to interest rate volatility with regard to future issuance and refinancing of debt. Changes in value of derivatives designated as cash flow hedges are recorded in AOCI on the Consolidated Balance Sheets until earnings are affected by the variability of the underlying cash flows. At that time, the applicable amount of gain or loss from the derivative instrument that is deferred in shareholders' equity is reclassified into earnings and is included in interest expense in the Consolidated Statements of Earnings.

Interest rate derivative instruments designated as fair value hedges have been used in the past to manage the exposure to interest rate movements and to reduce borrowing costs by converting fixed-rate debt into floating-rate debt. Under these agreements, we agree to exchange, at specified intervals, the difference between fixed and floating interest amounts calculated by reference to an agreed-upon notional principal amount.

Property, Plant and Equipment: Property, plant and equipment is stated at cost. Depreciation is generally computed by the straight-line method over the estimated useful lives of three to 30 years for buildings and improvements and three to 15 years for machinery and equipment.

Goodwill and Other Intangible Assets: Goodwill represents the excess of purchase price over fair value of tangible net assets of acquired businesses at the acquisition date, after amounts allocated to other identifiable intangible assets. Factors that contribute to the recognition of goodwill include synergies that are specific to our business and not available to other market participants and are expected to increase net sales and profits; acquisition of a talented workforce; cost savings opportunities; the strategic benefit of expanding our presence in core and adjacent markets; and diversifying our product portfolio.

The fair values of other identifiable intangible assets acquired in a business combination are primarily determined using the income approach. Other intangible assets include, but are not limited to, developed technology, customer and distributor relationships (which reflect expected continued customer or distributor patronage) and trademarks and patents. Intangible assets with determinable useful lives are amortized on a straight-line basis over their estimated useful lives of four to 40 years. Certain acquired trade names are considered to have indefinite lives and are not amortized, but are assessed annually for potential impairment as described below.

In some of our acquisitions, we acquire in-process research and development (IPRD) intangible assets. For acquisitions

accounted for as business combinations IPRD is considered to be an indefinite-lived intangible asset until the research is completed (then it becomes a determinable-lived intangible asset) or determined to have no future use (then it is impaired). For asset acquisitions IPRD is expensed immediately unless there is an alternative future use.

Goodwill, Intangibles and Long-Lived Asset Impairment Tests: We perform our annual impairment test for goodwill in the fourth quarter of each year. We consider qualitative indicators of the fair value of a reporting unit when it is unlikely that a reporting unit has impaired goodwill. In certain circumstances, we may also utilize a discounted cash flow analysis that requires certain assumptions and estimates be made regarding market conditions and our future profitability. Indefinite-lived intangible assets are also tested at least annually for impairment by comparing the individual carrying values to the fair value.

We review long-lived assets for indicators of impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. The evaluation is performed at the lowest level of identifiable cash flows. Undiscounted cash flows expected to be generated by the related assets are estimated over the asset's useful life based on updated projections. If the evaluation indicates that the carrying amount of the asset may not be recoverable, any potential impairment is measured based upon the fair value of the related asset or asset group as determined by an appropriate market appraisal or other valuation technique. Assets classified as held for sale are recorded at the lower of carrying amount or fair value less costs to sell.

Share-Based Compensation: Share-based compensation is in the form of stock options, restricted stock units (RSUs) and performance stock units (PSUs). Stock options are granted under long-term incentive plans to certain key employees and non-employee directors at an exercise price not less than the fair market value of the underlying common stock, which is the quoted closing price of our common stock on the day prior to the date of grant. The options are granted for periods of up to 10 years and become exercisable in varying installments.

We grant RSUs to key employees and non-employee directors and PSUs to certain key employees under our long-term incentive plans. The fair value of RSUs is determined based on the number of shares granted and the quoted closing price of our common stock on the date of grant, adjusted for the fact that RSUs do not include anticipated dividends. RSUs generally vest in one-third increments over a three-year period and are settled in stock. PSUs are earned over a three-year performance cycle and vest in March of the year following the end of that performance cycle. The number of PSUs that will ultimately be earned is based on our performance relative to pre-established goals in that three-year performance cycle. The fair value of PSUs is determined based on the quoted closing price of our common stock on the day of grant.

Compensation expense is recognized in the Consolidated Statements of Earnings based on the estimated fair value of the awards on the grant date. Compensation expense recognized reflects an estimate of the number of awards expected to vest after taking into consideration an estimate of award forfeitures based on actual experience and is recognized on a straight-line basis over the requisite service period, which is generally the period required to obtain full vesting. Management expectations related to the achievement of performance goals associated with PSU grants is assessed regularly and that assessment is used to determine whether PSU grants are expected to vest. If

performance-based milestones related to PSU grants are not met or not expected to be met, any compensation expense recognized associated with such grants will be reversed.

Income Taxes: Deferred income tax assets and liabilities are determined based on differences between financial reporting and income tax bases of assets and liabilities and are measured using the enacted income tax rates in effect for the years in which the differences are expected to reverse. Deferred income tax benefits generally represent the change in net deferred income tax assets and liabilities in the year. Other amounts result from adjustments related to acquisitions and foreign currency as appropriate.

We operate in multiple income tax jurisdictions both within the United States and internationally. Accordingly, management must determine the appropriate allocation of income to each of these jurisdictions based on current interpretations of complex income tax regulations. Income tax authorities in these jurisdictions regularly perform audits of our income tax filings. Income tax audits associated with the allocation of this income and other complex issues, including inventory transfer pricing and cost sharing, product royalty and foreign branch arrangements, may require an extended period of time to resolve and may result in significant income tax adjustments if changes to the income allocation are required between jurisdictions with different income tax rates.

New Accounting Pronouncements Not Yet Adopted

We evaluate all Accounting Standards Updates (ASUs) issued by the Financial Accounting Standards Board (FASB) for consideration of their applicability. ASUs not included in our disclosures were assessed and determined to be either not applicable or are not expected to have a material impact on our Consolidated Financial Statements.

Accounting Pronouncements Recently Adopted

On January 1, 2020 we adopted ASU 2016-13, *Financial Instruments - Credit Losses (Topic 326): Measurement of Credit Losses on Financial Instruments*. The standard replaces the incurred loss impairment methodology with a methodology that reflects expected credit losses for accounts receivables and loans. The adoption of this update did not have a material impact on our Consolidated Financial Statements.

No other new accounting pronouncements were issued or became effective in the period that had, or are expected to have, a material impact on our Consolidated Financial Statements.

NOTE 2 - REVENUE RECOGNITION

We disaggregate our net sales by product line and geographic location for each of our segments as we believe it best depicts how the nature, amount, timing and certainty of our net sales and cash flows are affected by economic factors.

Products and services are primarily transferred to customers at a point in time, with some transfers of services taking place over time. In 2020 less than 10% of our sales were recognized as services transferred over time. Refer to Note 1 for further discussion on our revenue recognition policies.

Orthopaedics

Orthopaedics products consist primarily of implants used in hip and knee joint replacements and trauma and extremity surgeries. Substantially all Orthopaedics sales are recognized when we have received a purchase order and appropriate notification the product has been used or implanted. For certain Orthopaedic products in the "other" category, we recognize sales at a point in

time, as well as over time for performance obligations that may include an obligation to complete installation, provide training and ongoing services. Performance obligations are satisfied within one year.

MedSurg

MedSurg products include surgical equipment and navigation systems (Instruments), endoscopic and communications systems (Endoscopy), patient handling, emergency medical equipment and intensive care disposable products (Medical), reprocessed and remanufactured medical devices (Sustainability) and other medical device products used in a variety of medical specialties. Substantially all MedSurg sales are recognized when a purchase order has been received and control has transferred. For certain Endoscopy, Instruments and Medical services, we may recognize sales over time as we satisfy performance obligations that may include an obligation to complete installation, provide training and perform ongoing services, generally performed within one year.

Neurotechnology and Spine

Neurotechnology and Spine products include neurosurgical, neurovascular, and spinal implant devices. Our neurotechnology offering includes products used for minimally invasive endovascular techniques; a comprehensive line of products for traditional brain and open skull based surgical procedures; orthobiologic and biosurgery products, including synthetic bone grafts and vertebral augmentation products; and minimally invasive products for the treatment of acute ischemic and hemorrhagic stroke. Our spinal implant offering includes cervical, thoracolumbar and interbody systems used in spinal injury, deformity and degenerative therapies. Substantially all Neurotechnology and Spine sales are recognized when a purchase order has been received and control has transferred.

Contract Assets and Liabilities

The nature of our products and services do not generally give rise to contract assets as we typically do not incur costs to fulfill a contract before a product or service is provided to a customer. Our costs to obtain contracts are typically in the form of sales commissions paid to employees or third-party agents. Certain sales commissions paid to employees prior to recognition of sales are recorded as contract assets. We expense sales commissions associated with obtaining a contract at the time of the sale or as incurred as the amortization period is generally less than one year. These costs have been presented within selling, general and administrative expenses. On December 31, 2020 contract assets recorded in our Consolidated Balance Sheets were not significant.

Our contract liabilities arise as a result of consideration received from customers at inception of contracts for certain businesses or where the timing of billing for services precedes satisfaction of our performance obligations. We generally satisfy performance obligations within one year from the contract inception date. Our contract liabilities were \$416 and \$313 on December 31, 2020 and December 31, 2019.

NOTE 3 - FAIR VALUE MEASUREMENTS

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Financial assets and liabilities carried at fair value are classified in their entirety based on the lowest level of input and disclosed in one of the following three categories:

STRYKER CORPORATION 2020 FORM 10-K

Level 1	Quoted market prices in active markets for identical assets or liabilities.
Level 2	Observable market-based inputs or unobservable inputs that are corroborated by market data.
Level 3	Unobservable inputs reflecting our assumptions or external inputs from active markets.

Use of observable market data, when available, is required in making fair value measurements. When inputs used fall within different levels of the hierarchy, the level within which the fair value measurement is categorized is based on the lowest level input that is significant to the fair value measurement. We determine fair value for Level 1 instruments using exchange-traded prices for identical instruments. We determine fair value of Level 2 instruments using exchange-traded prices of similar instruments, where available, or utilizing other observable inputs that take into account our credit risk and that of our counterparties. Foreign currency exchange contracts and interest rate hedges are included in Level 2 and we use inputs other than quoted prices that are observable for the asset or liability. The Level 2 derivative instruments are primarily valued using standard calculations and models that use readily observable market data as their basis. Our Level 3 liabilities are comprised of contingent consideration arising from recently completed acquisitions. We determine fair value of these Level 3 liabilities using a discounted cash flow technique. Significant unobservable inputs were used in our assessment of fair value, including assumptions regarding future business results, discount rates, discount periods and probability assessments based on the likelihood of reaching various targets. We remeasure the fair value of our assets and liabilities each reporting period. We record the changes in fair value within selling, general and administrative expense and the changes in the time value of money within other income (expense), net.

On December 31, 2020 the aggregate difference between the cost and fair value of available-for-sale marketable securities was nominal. Interest and marketable securities income was \$102, \$155 and \$119 in 2020, 2019 and 2018, which was recorded in other income (expense), net.

Our investments in available-for-sale marketable securities had a minimum credit quality rating of A2 (Moody's), A (Standard & Poor's) and A (Fitch). We do not plan to sell the investments, and it is not more likely than not that we will be required to sell the investments before recovery of their amortized cost basis, which may be maturity.

NOTE 4 - DERIVATIVE INSTRUMENTS

We use operational and economic hedges, foreign currency exchange forward contracts, net investment hedges (both derivative and non-derivative financial instruments) and interest rate derivative instruments to manage the impact of currency exchange and interest rate fluctuations on earnings, cash flow and equity. We do not enter into derivative instruments for speculative purposes. We are exposed to potential credit loss in the event of nonperformance by counterparties on our outstanding derivative instruments but do not anticipate nonperformance by any of our counterparties. Should a counterparty default, our maximum loss exposure is the asset balance of the instrument.

In December 2019 and November 2018 we designated the issuance of €2,400 and €2,250 of senior unsecured notes as net investment hedges to selectively hedge portions of our investment in certain international subsidiaries. In November 2020 a €300 debt maturity was paid off and de-designated as a net investment hedge. The currency effects of our Euro-denominated senior unsecured notes are reflected in AOCI within shareholders' equity where they offset gains and losses recorded on our net investment in international subsidiaries.

In July 2019 and November 2020 we entered into €1.0 billion and €500 in certain forward currency contracts and designated these as net investment hedges to hedge a portion of our investments in certain of our entities with functional currencies denominated in Euros.

On December 31, 2020 the total after-tax gain (loss) in AOCI related to designated net investment hedges was (\$386).

Pretax gains (losses) on derivatives designated as cash flow hedges of (\$2) and net investment hedges of \$33 recorded in AOCI are expected to be reclassified to cost of sales and other income (expense) in earnings within 12 months as of December 31, 2020. This cash flow hedge reclassification is primarily due to the sale of inventory that includes previously hedged purchases. A component of the AOCI amounts related to net investment hedges is reclassified over the life of the hedge instruments as we elected to exclude the initial value of the component related to the spot-forward difference from the effectiveness assessment.

Interest Rate Hedges

In conjunction with our offerings of senior unsecured notes in December 2019 and June 2020 we terminated certain interest rate derivative contracts with gross notional amounts of €600 and \$500 designated as cash flow hedges, the impact of which will be recognized over the life of the underlying issued debt within interest expense. Pretax gains recorded in AOCI related to closed interest rate hedges of \$6 are expected to be reclassified to other income (expense) in earnings within 12 months of December 31, 2020.

On December 31, 2020 we had forward starting interest rate swap agreements with notional amounts of \$750 designated as cash flow hedges in anticipation of future debt issuances. Pretax losses of \$53 were recorded in AOCI as of December 31, 2020. Upon the probable issuance of the debt, these amounts will be released to interest expense over the term of the debt. The cash flow effect of these hedges is recorded in cash flow from operations.

NOTE 6 - ACQUISITIONS

We acquire stock in companies and various assets that continue to support our capital deployment and product development strategies. The aggregate purchase price of our acquisitions, net of cash acquired was \$4,304 and \$1,096 in 2020 and 2019.

In November 2020 we completed the acquisition of Wright Medical Group N.V. (Wright) for \$30.75 per share, or an aggregate purchase price of \$4.1 billion (\$5.6 billion including convertible notes). Wright is a global medical device company focused on extremities and biologics. Wright is part of our Trauma and Extremities business within Orthopaedics. Goodwill attributable to the acquisition is not deductible for tax purposes.

In November and December 2020 note holders elected to redeem the 1.625% and 2.25% convertible notes assumed in the Wright acquisition for \$864 and \$576. These repayments are classified as financing activities.

In December 2020 we completed the acquisition of OrthoSensor, Inc. (OrthoSensor). OrthoSensor is a leader in the digital evolution of musculoskeletal care and sensor technology for total joint replacement. OrthoSensor is part of our Joint Replacement business within Orthopaedics. Goodwill attributable to the acquisition is not deductible for tax purposes.

In October 2019 we completed the acquisition of Mobius Imaging and Cardan Robotics for net cash consideration of \$360 and future regulatory and commercial milestone payments of up to \$130. Mobius Imaging is a leader in point-of-care imaging technology focused on integrating advanced imaging technologies into medical workflow. Cardan Robotics is working to develop innovative robotics and navigation technology systems for surgical and interventional radiology procedures. Mobius Imaging and Cardan Robotics (Mobius) are part of our Spine business within Neurotechnology and Spine. For income tax purposes the acquisition is treated as an asset purchase. Goodwill attributable to the acquisition is deductible for tax purposes.

In March 2019 we completed the acquisition of OrthoSpace, Ltd. (OrthoSpace) for net cash consideration of \$110 and future regulatory milestone payments of up to \$110. OrthoSpace is a medical device company specializing in orthopaedic biodegradable technology for the treatment of irreparable rotator cuff tears. OrthoSpace is part of our Endoscopy business within MedSurg. Goodwill attributable to the acquisition is not deductible for tax purposes.

Had the above acquisitions taken place as of the beginning of the comparable prior year, our consolidated financial results of operations in the aggregate would not have been materially different. Accordingly, we have not disclosed pro forma financial information.

Our estimates and assumptions are subject to change within the measurement period. The purchase price allocations for Mobius, OrthoSpace and other 2019 acquisitions were finalized in 2020 without material adjustments.

NOTE 7 - CONTINGENCIES AND COMMITMENTS

We are involved in various ongoing proceedings, legal actions and claims arising in the normal course of business, including proceedings related to product, labor, intellectual property and other matters, the most significant of which are more fully described below. The outcomes of these matters will generally not be known for prolonged periods of time. In certain of the legal proceedings, the claimants seek damages as well as other compensatory and equitable relief that could result in the payment of significant claims and settlements and/or the imposition of injunctions or other equitable relief. For legal matters for which management had sufficient information to reasonably estimate our future obligations, a liability representing management's best estimate of the probable loss, or the minimum of the range of probable losses when a best estimate within the range is not known, is recorded. The estimates are based on consultation with legal counsel, previous settlement experience and settlement strategies. If actual outcomes are less favorable than those estimated by management, additional expense may be incurred, which could unfavorably affect future operating results. We are self-insured for certain claims and expenses. The ultimate cost to us with respect to product liability claims could be materially different than the amount of the current estimates and accruals and could have a material adverse effect on our financial position, results of operations and cash flows.

Recall Matters

In June 2012 we voluntarily recalled our Rejuvenate and ABG II Modular-Neck hip stems and terminated global distribution of these hip products. Product liability lawsuits relating to this voluntary recall have been filed against us. In November 2014 we entered into a settlement agreement to compensate eligible United States patients who had revision surgery prior to November 3, 2014 and in December 2016 the settlement program was extended to patients who had revision surgery prior to December 19, 2016. In September 2020 we entered into a second settlement agreement to compensate eligible United States patients who had revision surgery prior to September 9, 2020. We continue to offer support for recall-related care and reimburse patients who are not eligible to enroll in the settlement program for testing and treatment services, including any necessary revision surgeries. In addition, there are remaining lawsuits that we will continue to defend against.

In August 2016 and May 2018 we voluntarily recalled certain lot-specific sizes and offsets of LFIT Anatomic CoCr V40 Femoral Heads. Product liability lawsuits and claims relating to this voluntary recall have been filed against us. In November 2018 we entered into a settlement agreement to resolve a significant number of claims and lawsuits related to the recalls. The specific terms of the settlement agreement, including the financial terms, are confidential.

With the acquisition of Wright as more fully described in Note 6, we are responsible for certain product liability claims, primarily related to certain hip products sold by Wright prior to its 2014 divestiture of the OrthoRecon business. We will continue to evaluate each claim and the possible loss we may incur.

We have incurred, and expect to incur in the future, costs associated with the defense and settlement of these matters. Based on the information that has been received, we have estimated the remaining range of probable loss related to these matters globally to be approximately \$470 to \$720. We have recorded reserves representing the remaining minimum of the range of probable loss. The final outcomes of these matters are dependent on many factors that are difficult to predict. Accordingly, the ultimate cost related to these matters may be materially different than the amount of our current estimate and accruals and could have a material adverse effect on our results of operations and cash flows.

Leases

We lease various manufacturing, warehousing and distribution facilities, administrative and sales offices as well as equipment under operating leases. We evaluate our contracts to identify leases, which is generally if there is an identified asset and we have the right to direct the use of and obtain substantially all of the economic benefit from the use of the identified asset. Certain of our lease agreements contain rent escalation clauses (including index-based escalations), rent holidays, capital improvement funding or other lease incentives. We recognize our minimum rental expense on a straight-line basis over the term of the lease beginning with the date of initial control of the asset. Right-of-use assets are recorded in Other noncurrent assets on our Consolidated Balance Sheets. Current and non-current lease liabilities are recorded in Accrued expenses and other liabilities and Other noncurrent liabilities, respectively.

We have made certain significant assumptions and judgments when recording leases. For all asset classes, we elected to not recognize a right-of-use asset and lease liability for short-term leases and not separate non-lease components from lease components to which they relate and have accounted for the combined lease and non-lease components as a single lease component. The determination of the discount rate used in a lease is our incremental borrowing rate which is based on what we would normally pay to borrow on a collateralized basis over a similar term an amount equal to the lease payments.

Operating lease expense totaled \$130, \$133, and \$138 in 2020, 2019 and 2018.

Future Obligations

We have purchase commitments for materials, supplies, services and property, plant and equipment as part of the normal course of business. In addition, we lease various manufacturing, warehousing and distribution facilities, administrative and sales offices as well as equipment under operating leases. Refer to Note 10 for more information on the debt obligations.

NOTE 9 - CAPITAL STOCK

The aggregate number of shares of all classes of stock with which we are authorized to issue is up to 1,000,500,000, divided into two classes consisting of 500,000 shares of \$1 par value preferred stock and 1,000,000,000 shares of common stock with a par value of \$0.10. No shares of preferred stock were outstanding on December 31, 2020.

We made no repurchases of shares in 2020. The manner, timing and amount of repurchases are determined by management based on an evaluation of market conditions, stock price and other factors and are subject to regulatory considerations.

Purchases are made from time-to-time in the open market, in privately negotiated transactions or otherwise. On December 31, 2020 the total dollar value of shares that could be purchased under our authorized repurchase program was \$1,033.

Shares reserved for future compensation grants of our common stock were 28 million and 31 million on December 31, 2020 and 2019.

Stock Options

We measure the cost of employee stock options based on the grant-date fair value and recognize that cost using the straight-line method over the period in which a recipient is required to provide services in exchange for the options, typically the vesting period. The weighted-average fair value per share of options is estimated on the date of grant using the Black-Scholes option pricing model.

Option Value and Assumptions

	2020	2019	2018
Weighted-average fair value per share	\$ 39.34	\$ 36.30	\$ 28.52

Expected dividend yield	1.0 %	1.1 %	1.2 %
Expected stock price volatility	18.9 %	18.3 %	16.8 %
Expected option life (years)	5.8	5.9	6.0

The risk-free interest rate for periods within the expected life of options granted is based on the United States Treasury yield curve in effect at the time of grant. Expected stock price volatility is based on the historical volatility of our stock. The expected option life, representing the period of time that options granted are expected to be outstanding, is based on historical option exercise and employee termination data.

Employee Stock Purchase Plans (ESPP)

Full- and part-time employees may participate in our ESPP provided they meet certain eligibility requirements. The purchase price for our common stock under the terms of the ESPP is defined as 95% of the closing stock price on the last trading day of a purchase period. We issued 209,837 and 166,758 shares under the ESPP in 2020 and 2019.

NOTE 10 - DEBT AND CREDIT FACILITIES

We have lines of credit issued by various financial institutions that are available to fund our day-to-day operating needs. Certain of our credit facilities require us to comply with financial and other covenants. We were in compliance with all covenants on December 31, 2020.

Our commercial paper program allows us to have a maximum of \$1,500 in commercial paper outstanding with maturities up to 397 days from the date of issuance. On December 31, 2020 there were no amounts outstanding under our commercial paper program.

Substantially all of our debt is classified within Level 2 of the fair value hierarchy.

In January 2020 we repaid \$500 of senior unsecured notes with a coupon of 4.375% that were due on January 15, 2020.

On April 30, 2020 we amended our primary credit facility. The principal change was to increase the leverage ratio financial covenant from 3.5:1 to 4.5:1 at the end of each fiscal quarter ending on or prior to June 30, 2021. We exercised our right under the acquisition clause of the agreement to increase the maximum permitted leverage to 5.0:1 effective as of December 31, 2020.

On April 30, 2020 we entered into a credit agreement that provides for up to \$1,500 of borrowings in United States Dollars pursuant to a 364-day revolving credit facility, which matures on April 29, 2021 and is available for working capital and general corporate purposes.

In June 2020 we issued \$650 of senior unsecured notes with a fixed interest rate of 1.150% due on June 15, 2025, \$1,000 of senior unsecured notes with a fixed interest rate of 1.950% due on June 15, 2030 and \$650 of senior unsecured notes with a fixed interest rate of 2.900% due on June 15, 2050.

In November 2020 we issued \$600 of senior unsecured notes with a fixed interest rate of 0.600% due on December 1, 2023.

In November 2020 we entered into a \$400 term loan agreement that matures on November 10, 2023 and bears interest at LIBOR plus 112.5 bps.

In November 2020 we repaid €300 of senior unsecured notes with a floating interest rate that were due on November 30, 2020.

In November and December 2020 we settled the convertible notes assumed in the Wright acquisition. Refer to Note 6 for further information.

Interest expense, including required fees incurred on outstanding debt and credit facilities that were included in other expense, totaled \$315, \$287, and \$264 in 2020, 2019 and 2018.

NOTE 11 - INCOME TAXES

Our effective tax rate was 18.2%, 18.7% and (50.8%) for 2020, 2019 and 2018. The effective income tax rate for 2020 reflects the continued lower effective income tax rates as a result of our European operations, the tax effect related to the transfer of intellectual property between tax jurisdictions and the tax effect of future remittances of the undistributed earnings of foreign subsidiaries. The effective income tax rate for 2019 reflects the tax effect related to the transfer of intellectual properties between tax jurisdictions and the effective income tax rates as a result of our European operations. The effective income tax rate for 2018 reflects the tax effect related to the transfer of intellectual properties between tax jurisdictions, the continued impact of complying with the Tax Cuts and Jobs Act of 2017 (the Tax Act) and continued lower effective tax rates as a result of our European operations.

In December 2017 the Tax Act was signed into law in the United States. The law includes significant changes to the United States corporate income tax system, including a federal corporate rate reduction, limitations on the deductibility of certain expenses and the transition of United States international taxation from a worldwide tax system to a territorial tax system. As part of the transition to a territorial tax system, the Tax Act required taxpayers to calculate a one-time transition tax based on undistributed earnings of foreign subsidiaries.

The Tax Act subjects a United States shareholder to tax on Global Intangible Low-Taxed Income (GILTI) earned by certain foreign subsidiaries. We have elected to account for GILTI tax in the year the tax is incurred.

Net operating loss carryforwards totaling \$1,642 with \$410 being subject to a full valuation allowance (\$1,409 and \$405 related to the Wright acquisition) on December 31, 2020 are available to reduce future taxable earnings of certain domestic and foreign subsidiaries. United States loss carryforwards of \$1,509 expire through 2045. International loss carryforwards of \$132 begin to expire in 2022; however, some have no expiration. We also have tax credit carryforwards of \$97 with \$93 being subject to a full valuation allowance. The credits with a full valuation allowance begin to expire in 2025; however, some have no expiration. We do not anticipate generating income tax in excess of the non-expiring credits in the foreseeable future.

We recorded a transition tax on undistributed foreign earnings as required by the Tax Act. No other provision was made for United States income taxes that may result from future remittances of the undistributed earnings of foreign subsidiaries that are determined to be indefinitely reinvested. We recorded deferred income tax on undistributed earnings of foreign subsidiaries not determined to be indefinitely reinvested. Determination of the total amount of unrecognized deferred income tax on undistributed earnings of foreign subsidiaries is not practicable.

Our income tax expense would have been reduced by \$456 and \$468 in 2020 and 2019 had these uncertain income tax positions been favorably resolved. It is reasonably possible that the amount of unrecognized tax benefits will significantly change due to one or more of the following events in the next 12 months: expiring statutes, audit activity, tax payments, competent authority proceedings related to transfer pricing or final decisions in matters that are the subject of controversy in various taxing jurisdictions in which we operate, including inventory transfer pricing, cost sharing, product royalty and foreign branch arrangements. We are not able to reasonably estimate the amount or the future periods in which changes in unrecognized tax benefits may be resolved. Interest and penalties incurred associated with uncertain tax positions are included in other income (expense), net.

In the normal course of business, income tax authorities in various income tax jurisdictions both within the United States and internationally conduct routine audits of our income tax returns

filed in prior years. These audits are generally designed to determine if individual income tax authorities are in agreement with our interpretations of complex income tax regulations regarding the allocation of income to the various income tax jurisdictions. Income tax years are open from 2014 through the current year for the United States federal jurisdiction. Income tax years open for our other major jurisdictions range from 2006 through the current year.

NOTE 12 - RETIREMENT PLANS

Defined Contribution Plans

We provide certain employees with defined contribution plans and other types of retirement plans. A portion of our retirement plan expense under the defined contribution plans is funded with Stryker common stock. The use of Stryker common stock represents a non-cash operating activity that is not reflected in our Consolidated Statements of Cash Flows.

Dollar amount	542	470	358
Shares (in millions)	2.2	2.2	2.3
Value as a percentage of total plan assets	11 %	12 %	12 %

Defined Benefit Plans

Certain of our subsidiaries have both funded and unfunded defined benefit pension plans covering some or all of their employees. Substantially all of the defined benefit pension plans have projected benefit obligations in excess of plan assets.

Discount Rate

The discount rates were selected using a hypothetical portfolio of high quality bonds on December 31 that would provide the necessary cash flows to match our projected benefit payments.

Expected Return on Plan Assets

The expected return on plan assets is determined by applying the target allocation in each asset category of plan investments to the anticipated return for each asset category based on historical and projected returns.

Components of Net Periodic Pension Cost

Net periodic benefit cost:	2020	2019	2018
Service cost	\$ (63)	\$ (41)	\$ (44)
Interest cost	(8)	(12)	(11)

Total recognized in other comprehensive income (loss)	\$ (105)	\$ (66)	\$ 20
Total recognized in net periodic benefit cost and OCI	\$ (175)	\$ (115)	\$ (33)

Weighted-average rates used to determine net periodic benefit cost:

Discount rate	1.0 %	1.9 %	1.8 %
Expected return on plan assets	2.9 %	3.5 %	3.3 %
Rate of compensation increase	2.9 %	2.9 %	2.8 %
Weighted-average discount rate used to determine projected benefit obligations	0.8 %	1.0 %	1.9 %

The actuarial gain (loss) for all pension plans in 2020 and 2019 was primarily related to a change in the discount rate used to measure the benefit obligations of those plans.

Investment Strategy

The investment strategy for our defined benefit pension plans is to meet the liabilities of the plans as they fall due and to maximize the return on invested assets within appropriate risk tolerances.

We measure the financial results of our reportable segments using an internal performance measure that excludes acquisition and integration-related charges, restructuring-related charges, reserves for certain product recall matters and reserves for certain legal and regulatory matters. Identifiable assets are those assets used exclusively in the operations of each business segment or allocated when used jointly. Corporate assets are principally cash and cash equivalents, marketable securities and property, plant and equipment.

The countries in which we have local revenue generating operations have been combined into the following geographic areas: the United States (including Puerto Rico); Europe, Middle East, Africa; Asia Pacific; and other foreign countries, which include Canada and countries in the Latin American region. Net sales are reported based on the geographic area of the Stryker location where the sales to the customer originated.

NOTE 15 - ASSET IMPAIRMENTS

Due to the significant negative impact the COVID-19 pandemic has had on our operations and financial results, we suspended certain in-process investments resulting in charges of \$195 to impair certain long-lived assets (primarily the portion of our investment in a new global ERP system that was in-process of being developed for future deployment) and product line and other exit costs in 2020. These charges were included in cost of sales and selling, general and administrative expenses.

ITEM 9. CHANGES IN AND DISAGREEMENTS WITH ACCOUNTANTS ON ACCOUNTING AND FINANCIAL DISCLOSURE.

Not applicable.

ITEM 9A. CONTROLS AND PROCEDURES.

Evaluation of Disclosure Controls and Procedures

The Company's management, with the participation of the Chief Executive Officer and Chief Financial Officer (the Certifying Officers), evaluated the effectiveness of the Company's disclosure controls and procedures (as defined in Rules 13a-15(e) or 15d-15(e) promulgated under the Securities Exchange Act of 1934, as amended) (Exchange Act) as of December 31, 2020. Based on that evaluation, the Certifying Officers concluded that the Company's disclosure controls and procedures were effective as of December 31, 2020.

Changes in Internal Control over Financial Reporting

There was no change to our internal control over financial reporting during the fourth quarter of 2020 that materially affected, or is reasonably likely to materially affect, our internal control over financial reporting.

MANAGEMENT'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING

The Company's management is responsible for establishing and maintaining adequate internal control over financial reporting, as such term is defined in Exchange Act Rule 13a-15(f). The Company's internal control over financial reporting was designed to provide reasonable assurance to the Company's management and Board of Directors regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles and includes those policies and procedures that: (i) pertain to the maintenance of records that in reasonable detail accurately and fairly reflect the transactions and dispositions of the assets of the Company; (ii) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorizations of management and directors of the Company; and (iii) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use or disposition of the Company's assets that could have a material effect on the financial statements.

The Company's management assessed the effectiveness of our internal control over financial reporting on December 31, 2020. In making this assessment, we used the criteria set forth by the Committee of Sponsoring Organizations of the Treadway Commission in *Internal Control-Integrated Framework (2013)*. Based on this assessment, management concluded that our internal control over financial reporting was effective as of December 31, 2020. The Company's management excluded Wright Medical Group N.V. (Wright), acquired on November 11, 2020 from its evaluation of internal control over financial reporting as of December 31, 2020. As of December 31, 2020 Wright represented approximately 2.7% of our consolidated total assets, 0.3% of our consolidated net assets, 0.9% of our consolidated net sales and 1.3% of our consolidated earnings before income taxes for 2020.

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Shareholders and the Board of Directors of Stryker Corporation

Opinion on Internal Control over Financial Reporting

We have audited Stryker Corporation and subsidiaries' internal control over financial reporting as of December 31, 2020, based on criteria established in Internal Control-Integrated Framework issued by the Committee of Sponsoring Organizations of the Treadway Commission (2013 framework) (the COSO criteria). In our opinion, Stryker Corporation and subsidiaries (the Company) maintained, in all material respects, effective internal control over financial reporting as of December 31, 2020, based on the COSO criteria.

As indicated in the accompanying Management's Report on Internal Control Over Financial Reporting, management's assessment of and conclusion on the effectiveness of internal control over financial reporting did not include the internal controls of Wright Medical Group N.V. (Wright) which are included in the December 31, 2020 consolidated financial statements of the Company and constituted 2.7% and 0.3% of total and net assets, respectively, as of December 31, 2020 and 0.9% and 1.3% of net sales and earnings before income taxes, respectively, for the year then ended. Our audit of internal control over financial reporting of the Company also did not include an evaluation of the internal control over financial reporting of Wright.

We also have audited, in accordance with the standards of the Public Company Accounting Oversight Board (United States) (PCAOB), the consolidated balance sheets of Stryker Corporation and subsidiaries as of December 31, 2020 and 2019, the related consolidated statements of earnings and comprehensive income, shareholders' equity, and cash flows, for each of the three years in the period ended December 31, 2020, and the related notes and the financial statement schedule listed in the Index at Item 15(a) of the Company and our report dated February 11, 2021 expressed an unqualified opinion thereon.

Basis for Opinion

The Company's management is responsible for maintaining effective internal control over financial reporting and for its assessment of the effectiveness of internal control over financial reporting included in the accompanying Management's Report on Internal Control Over Financial Reporting. Our responsibility is to express an opinion on the Company's internal control over financial reporting based on our audit. We are a public accounting firm registered with the PCAOB and are required to be independent with respect to the Company in accordance with the U.S. federal securities laws and the applicable rules and regulations of the Securities and Exchange Commission and the PCAOB.

We conducted our audit in accordance with the standards of the PCAOB. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether effective internal control over financial reporting was maintained in all material respects. Our audit included obtaining an understanding of internal control over financial reporting, assessing the risk that a material weakness exists, testing and evaluating the design and operating effectiveness of internal control based on the assessed risk, and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion.

Definition and Limitations of Internal Control Over Financial Reporting

A company's internal control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Because of its inherent limitations, internal control over financial reporting may not prevent or detect misstatements. Also, projections of any evaluation of effectiveness to future periods are subject to the risk that controls may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

**DESCRIPTION OF THE REGISTRANT'S SECURITIES REGISTERED PURSUANT TO SECTION 12 OF THE
SECURITIES EXCHANGE ACT OF 1934**

Description of Capital Stock

The following description is a summary of certain terms of the capital stock of Stryker Corporation ("Stryker" or the "Company"). It does not purport to be complete and is subject in all respects to the applicable provisions of the Michigan Business Corporation Act, as amended, or the MBCA, our Restated Articles of Incorporation, as amended, or our articles, and our By-laws, as amended, or our by-laws. As used in this exhibit, and except where the context otherwise requires, "we," "us," and "our" refer to Stryker Corporation.

Capital Stock

Our authorized capital stock consists of (1) 1,000,000,000 shares of common stock, \$0.10 par value per share and (2) 500,000 shares of preferred stock, \$1.00 par value per share.

Common Stock

Each share of common stock entitles the holder thereof to one vote for each share held by it of record on each matter submitted to a vote. Other than the election of directors, if an action is to be taken by vote of the shareholders, it will be authorized by a majority of the votes cast by the holders of shares entitled to vote on the action, unless a greater vote is required in our articles or by-laws. Directors are elected by a majority of the votes cast by the holders of shares entitled to vote (and for such purpose, a majority of the votes cast means that the number of shares voted "for" a nominee must exceed the number of votes cast "against" that nominee); provided, however, that if as of the record date for a meeting at which directors will be elected, there are more nominees than positions on the board of directors to be filled by election at such meeting, each director shall be elected by a plurality of the votes cast at the election.

Subject to the prior payment or provision therefor of dividends on the preferred stock, if any, holders of the common stock are entitled to receive ratably such dividends, if any, as may be declared from time to time by our Board of Directors out of funds legally available therefor. Holders of our common stock have no conversion, preemptive or other rights to subscribe for any securities of ours, and there are no redemption or sinking fund provisions with respect to such shares. In the event of any liquidation, dissolution or distribution of our assets and after satisfaction of the preferential requirements of the preferred stock, if any, holders of common stock will be entitled to share ratably in the distribution of the remaining assets of the Company available for distribution. The rights, preferences and privileges of holders of common stock are subject to applicable law and the rights of the holders of any shares of preferred stock and any additional classes of stock that we may issue in the future.

Preferred Stock

Our articles authorize our Board of Directors to issue up to 500,000 shares of preferred stock in one or more series, with such distinctive designation or title and in such number of shares as may be authorized by our Board of Directors. Our Board of Directors is authorized to

prescribe the relative rights and preferences of each series, and the limitations applicable thereto, including but not limited to the following: (1) the voting powers, full, special, or limited, or no voting powers; (2) the rate, terms and conditions on which dividends will be paid, whether such dividends will be cumulative, and what preference such dividends shall have in relation to the dividends on other series or classes of stock; (3) the rights, terms and conditions, if any, for conversion of preferred stock into shares of other series or classes of stock; (4) any right of the Company to redeem the shares of preferred stock, and the price, time and conditions of redemption, including the provisions for any sinking fund; and (5) the rights of holders of preferred stock in relation to the rights of other series and classes of stock upon the liquidation, dissolution or distribution of our assets. Unless otherwise provided by our Board of Directors, upon redemption or conversion, shares of preferred stock will revert to authorized but unissued shares and may be reissued as shares of any series of preferred stock.

Limitation of Liability

Our articles provide that, to the full extent authorized or permitted by the MBCA, directors of Stryker will not be personally liable to Stryker or its shareholders for any acts or omissions in such person's capacity as a director. Such limitation of liability does not affect the availability of equitable remedies such as injunctive relief or rescission. These provisions will not limit the liability of directors under federal securities laws.

Certain Statutory, Articles and By-law Provisions Affecting Shareholders

Certain provisions in our articles and by-laws and the MBCA may have the effect of delaying, deferring or preventing a change of control of the Company or may operate only with respect to extraordinary corporate transactions involving the Company.

Business Combination Act

We are subject to the provisions of Chapter 7A of the MBCA, which provides that business combinations between a Michigan corporation and a beneficial owner of shares entitled to 10% or more of the voting power of such corporation generally require the affirmative vote of 90% of the votes of each class of stock entitled to vote and not less than two-thirds of each class of stock entitled to vote (excluding voting shares owned by such 10% owner). Chapter 7A defines a "business combination" to encompass any merger, consolidation, share exchange, sale of assets, stock issue, liquidation, or reclassification of securities involving an interested shareholder or certain affiliates. An "interested shareholder" is generally any person who owns 10% or more of the voting shares of the corporation. An "affiliate" is a person who directly or indirectly controls, is controlled by, or is under common control with, a specified person. Such requirements do not apply if the transaction satisfies fairness standards, other specified conditions are met and the interested shareholder has been such for at least five years.

Article and By-Law Provisions

Our articles and by-laws include a number of provisions that may have the effect of encouraging persons considering unsolicited tender offers or other unilateral takeover proposals to negotiate with our Board of Directors rather than pursue non-negotiated takeover attempts. These provisions include an advance notice requirement for director nominations and actions to be taken at annual meetings of shareholders, the inability of the shareholders to call a special

meeting of the shareholders and the availability of authorized but unissued blank check preferred stock.

Advance Notice Requirement

Our by-laws set forth advance notice procedures with regard to shareholder proposals relating to the nomination of candidates for election as directors or new business to be presented at meetings of shareholders. These procedures provide that notice of such shareholder proposals must be timely given in writing to the secretary of Stryker prior to the meeting at which the action is to be taken. Generally, to be timely, notice must be received at the principal executive offices of Stryker not less than 90 days nor more than 120 days prior to the meeting. The advance notice requirement does not give the Board of Directors any power to approve or disapprove shareholder director nominations or proposals but may have the effect of precluding the consideration of certain business at a meeting if the proper notice procedures are not followed.

Special Meetings of Shareholders

Our by-laws do not grant the shareholders the right to call a special meeting of shareholders. Under our by-laws, special meetings of shareholders may be called only by the chairman of our Board of Directors, our president or by order of our Board of Directors.

Blank Check Preferred Stock

Our preferred stock could be deemed to have an anti-takeover effect in that, if a hostile takeover situation should arise, shares of preferred stock could be issued to purchasers sympathetic with our management or others in such a way as to render more difficult or to discourage a merger, tender offer, proxy contest, the assumption of control by a holder of a large block of our securities or the removal of incumbent management.

The effects of the issuance of one or more series of the preferred stock on the holders of our common stock could include:

- reduction of the amount otherwise available for payments of dividends on common stock if dividends are payable on the series of preferred stock;
 - restrictions on dividends on our common stock if dividends on the series of preferred stock are in arrears;
 - dilution of the voting power of our common stock if the series of preferred stock has voting rights, including a possible “veto” power if the series of preferred stock has class voting rights;
 - dilution of the equity interest of holders of our common stock if the series of preferred stock is convertible, and is converted, into our common stock; and
 - restrictions on the rights of holders of our common stock to share in our assets upon liquidation until satisfaction of any liquidation preference granted to the holders of the series of preferred stock.

Description of Debt Securities:**1.125% Notes due 2023****2.125% Notes due 2027****2.625% Notes due 2030**

The Company previously filed a registration statement on Form S-3 (File No. 333-209526), which was filed with the Securities and Exchange Commission on February 12, 2016 and covers the issuance of the Company's 1.125% Notes due 2023 (the "2023 notes"), the 2.125% Notes due 2027 (the "2027 notes"), and the 2.625% Notes due 2030 (the "2030 notes" and together with the 2023 notes, the 2027 notes and the 2030 notes, the "notes"). The notes are governed by a base indenture dated January 15, 2010 between the Company and U.S. Bank National Association, as trustee, as supplemented by the applicable supplemental indenture governing a particular series of notes (as so supplemented, the "Indenture"). This summary is subject to and qualified in its entirety by reference to all of the provisions of the Indenture and the notes, including definitions of certain terms used in the Indenture and the notes.

General

The 2023 notes, the 2027 notes and the 2030 notes were issued as separate series of debt securities under the Indenture. The notes are senior unsecured obligations of ours and rank equally in right of payment with our other existing and future senior unsecured indebtedness. The notes are not secured by any of our assets. Any future claims of our secured lenders with respect to assets securing their loans will be prior to any claim of the holders of the notes with respect to those assets. Holders of secured debt that we have now or may issue in the future may foreclose on the assets securing such debt, reducing the cash flow from the foreclosed property available for payment of unsecured debt, including the notes. Holders of our secured debt also would have priority over unsecured creditors in the event of our bankruptcy, liquidation or similar proceeding to the extent of the value of the collateral securing such debt. The notes are structurally subordinated to all liabilities of our subsidiaries, including trade payables. Because we conduct many of our operations through our subsidiaries, our right to participate in any distribution of the assets of a subsidiary when it winds up its business is subject to the prior claims of the creditors of that subsidiary. This means that your right to payment as a holder of our notes is also subject to the prior claims of these creditors if a subsidiary liquidates or reorganizes or otherwise winds up its business. If we are a creditor of any of our subsidiaries, our right as a creditor would be subordinated to any security interest in the assets of those subsidiaries and any indebtedness of our subsidiaries senior in right of payment to that held by us.

The Indenture does not limit the amount of notes, unsecured debentures or other evidences of indebtedness that we may issue under the Indenture and provides that notes, unsecured debentures or other evidences of indebtedness may be issued from time to time in one or more series. We may from time to time, without notice to or the consent of the holders of the notes, create and issue additional notes of any series having the same ranking and terms and conditions as the notes of the same series, except for the issue date, the public offering price and, in some cases, the first interest payment date. Any additional notes having such similar terms,

together with the notes offered of the same series, will constitute a single series of securities under the Indenture.

We issued the notes in fully registered book-entry form without coupons and in denominations of €100,000 and integral multiples of €1,000 thereafter.

Principal of and interest on the notes are payable, and the notes are transferable or exchangeable, at the office or offices or agency maintained by us for these purposes. Payment of interest on the notes may be made at our option by check mailed to the registered holders thereof.

The 2023 notes, the 2027 notes and the 2030 notes are listed on the New York Stock Exchange under the symbols “SYK23,” “SYK27,” and “SYK30,” respectively. We have no obligation to maintain such listings, and we may delist any series of the notes at any time.

U.S. Bank National Association is registrar and transfer agent for the notes. Upon notice to the trustee, we may change the registrar or transfer agent.

Fixed Rate Notes

The 2023 notes, 2027 notes and 2030 notes bear interest from the date of issuance, payable annually on November 30 of each year, beginning November 30, 2019, to the persons in whose names such notes are registered at the close of business on the business day (for this purpose, a day on which Clearstream and Euroclear are open for business) immediately preceding the relevant interest payment. Interest on the notes is computed on the basis of the actual number of days in the period for which interest is being calculated and the actual number of days from and including the last date on which interest was paid on the notes, to, but excluding, the next scheduled interest payment date. This payment convention is referred to as Actual/Actual (ICMA) as defined in the rulebook of the International Capital Market Association.

If any interest payment date would otherwise be a day that is not a business day, such interest payment date will be postponed to the next date that is a business day and no interest will accrue on the amounts payable from and after such interest payment date to the next business day. If the maturity date of any series of the notes falls on a day that is not a business day, the related payment of principal, premium, if any, and interest will be made on the next business day as if it were made on the date such payment was due, and no interest will accrue on the amounts so payable for the period from and after such date to the next business day.

Business Day

For purposes of the notes, a “business day” is any day that is not a Saturday, Sunday or other day on which banking institutions in New York City, London or another place of payment on the notes are authorized or required by law to close and on which the Trans-European Automated Real-Time Gross Settlement Express Transfer system (the TARGET2 system), or any successor thereto, is open.

Issuance in euro

All payments of interest, premium, if any, and principal, including payments made upon any redemption or repurchase of the notes, will be made in euro; provided that if the euro is unavailable to us due to the imposition of exchange controls or other circumstances beyond our control or if the euro is no longer being used by the then member states of the European Monetary Union that have adopted the euro as their currency or for the settlement of transactions by public institutions of or within the international banking community, then all payments in respect of the notes will be made in U.S. dollars until the euro is again available to us or so used. In such circumstances, the amount payable on any date in euro will be converted into U.S. dollars at the rate mandated by the Board of Governors of the Federal Reserve System as of the close of business on the second business day prior to the relevant payment date or, if the Board of Governors of the Federal Reserve System has not announced a rate of conversion, on the basis of the most recent U.S. dollar/euro exchange rate published in The Wall Street Journal on or prior to the second business day prior to the relevant payment date or, in the event The Wall Street Journal has not published such exchange rate, the rate is determined in our sole discretion on the basis of the most recently available market exchange rate for the euro. Any payment in respect of the notes so made in U.S. dollars do not constitute an Event of Default (as defined in the Indenture). Neither the trustee nor the paying agent shall have any responsibility for any calculation or conversion in connection with the foregoing.

Optional Redemption

We may redeem the notes prior to October 31, 2023 in the case of the 2023 notes, August 31, 2027 in the case of the 2027 notes and August 31, 2030 in the case of the 2030 notes, in whole, at any time, or in part, from time to time, at our option, for cash, at a redemption price equal to the greater of:

- 1) 100% of the principal amount of the applicable series of the notes to be redeemed; or
- 2) an amount determined by the Quotation Agent (as defined below) equal to the sum of the present values of the remaining scheduled payments of principal, premium, if any, and interest thereon (not including any portion of such payments of interest accrued to the date of redemption) to October 31, 2023 with respect to the 2023 notes, August 31, 2027 with respect to the 2027 notes and August 31, 2030 with respect to the 2030 notes, discounted to the date of redemption on an annual basis (Actual/Actual (ICMA) at the Comparable Government Bond Rate (as defined below), plus 25 basis points with respect to the 2023 notes, 30 basis points with respect to the 2027 notes and 35 basis points with respect to the 2030 notes, plus accrued and unpaid interest thereon to, but not including, the date of redemption.

On or after October 31, 2023 in the case of the 2023 notes, August 31, 2027, in the case of the 2027 notes and August 31, 2030, in the case of the 2030 notes, we may redeem the applicable series of the notes, in whole, at any time, or in part, from time to time, at our option, for cash, at a redemption price equal to 100% of the principal amount of such series of the notes, plus accrued and unpaid interest to, but not including, the redemption date.

The principal amount of any note remaining outstanding after a redemption in part shall be €100,000 or a higher integral multiple of €1,000. Notwithstanding the foregoing, installments of interest on any series of the notes that are due and payable on interest payment dates falling on or prior to a redemption date will be payable on the interest payment date to the registered holders as of the close of business on the relevant record date.

“Comparable *Government Bond*” means, in relation to any Comparable Government Bond Rate calculation, at the discretion of an independent investment bank selected by us (the “Quotation Agent”), a German government bund whose maturity is closest to the par call date, or if such Quotation Agent in its discretion determines that such similar bond is not in issue, such other German government bund as such Quotation Agent may, with the advice of three brokers of, and/or market makers in, German government bunds selected by us, determine to be appropriate for determining the Comparable Government Bond Rate.

“Comparable *Government Bond Rate*” means the price, expressed as a percentage (rounded to three decimal places, with 0.0005 being rounded upwards), at which the gross redemption yield on the notes to be redeemed, if they were to be purchased at such price on the third business day prior to the date fixed for redemption, would be equal to the gross redemption yield on such business day of the Comparable Government Bond on the basis of the middle market price of the Comparable Government Bond prevailing at 11:00 a.m. (London time) on such business day as determined by the Quotation Agent selected by us.

Notice of any redemption will be mailed (or, in the case of notes held in book-entry form, be transmitted electronically) at least 10 days but not more than 60 days before the redemption date to each registered holder of the applicable series of the notes to be redeemed. Unless we default in payment of the redemption price, on and after the redemption date, interest will cease to accrue on the applicable series of the notes or portions thereof called for redemption. If less than all of the applicable series of the notes are to be redeemed, the notes to be redeemed will be selected by the trustee in accordance with the standard procedures of the depository. If the notes to be redeemed are not global notes then held by Euroclear or Clearstream, the trustee will select the notes to be redeemed on a pro rata basis. If the notes are listed on the NYSE or any other national securities exchange, the trustee will select notes in compliance with the requirements of the NYSE or other principal national securities exchange on which the notes are listed.

Notwithstanding the foregoing, if less than all of a series of notes are to be redeemed, no notes of such series of a principal amount of €100,000 or less shall be redeemed in part. If money sufficient to pay the redemption price on the series of notes (or portions thereof) to be redeemed on the redemption date is deposited with the paying agent on or before the redemption date and certain other conditions are satisfied, then on and after such redemption date, interest will cease to accrue on such series of the Fixed Rate Notes (or such portion thereof) called for redemption.

Optional Redemption for Tax Reasons

The notes of any series may be redeemed at our option in whole, but not in part, on not less than 10 nor more than 60 days' prior notice, at 100% of the principal amount of such series,

together with accrued and unpaid interest, if any, to, but excluding, the redemption date if, as a result of any change in, or amendment to, the laws, regulations or rulings of the United States (or any political subdivision or taxing authority thereof or therein having power to tax), or any change in official position regarding application or interpretation of those laws, regulations or rulings (including a holding by a court of competent jurisdiction), which change, amendment, application or interpretation is announced or becomes effective on or after the original issue date with respect to the notes, we become or, based upon a written opinion of independent counsel selected by us, will become obligated to pay additional amounts as described below in “—Payment of Additional Amounts.”

Payment of Additional Amounts

All payments of principal, interest, and premium, if any, in respect of the notes will be made free and clear of, and without withholding or deduction for, any present or future taxes, assessments, duties or governmental charges of whatever nature imposed, levied or collected by the United States (or any political subdivision or taxing authority thereof or therein having power to tax), unless such withholding or deduction is required by law or the official interpretation or administration thereof.

We will, subject to the exceptions and limitations set forth below, pay as additional interest in respect of the notes such additional amounts as are necessary in order that the net payment by us of the principal of, premium, if any, and interest in respect of the notes to a holder who is not a United States person (as defined below), after withholding or deduction for any present or future tax, assessment, duties or other governmental charge imposed by the United States (or any political subdivision or taxing authority thereof or therein having power to tax), will not be less than the amount provided in the notes to be then due and payable; provided, however, that the foregoing obligation to pay additional amounts shall not apply:

- 1) to the extent any tax, assessment or other governmental charge would not have been imposed but for the holder (or the beneficial owner for whose benefit such holder holds such note), or a fiduciary, settlor, beneficiary, member or shareholder of the holder if the holder is an estate, trust, partnership or corporation, or a person holding a power over an estate or trust administered by a fiduciary holder, being considered as:
 - a) being or having been engaged in a trade or business in the United States or having or having had a permanent establishment in the United States;
 - b) having a current or former connection with the United States (other than a connection arising solely as a result of the ownership of the notes, the receipt of any payment in respect of the notes or the enforcement of any rights hereunder), including being or having been a citizen or resident of the United States;
 - c) being or having been a personal holding company, a passive foreign investment company or a controlled foreign corporation for U.S. federal income tax purposes, a foreign tax-exempt organization, or a corporation that has accumulated earnings to avoid U.S. federal income tax;
-

- d) being or having been a “10-percent shareholder” of the Company as defined in section 871(h)(3) of the United States Internal Revenue Code of 1986, as amended (the “Code”) or any successor provision; or
 - e) being a bank receiving payments on an extension of credit made pursuant to a loan agreement entered into in the ordinary course of its trade or business, as described in section 881(c)(3)(A) of the Code or any successor provision;
- 2) to any holder that is not the sole beneficial owner of the notes, or a portion of the notes, or that is a fiduciary, partnership, limited liability company or other fiscally transparent entity, but only to the extent that a beneficial owner with respect to the holder, a beneficiary or settlor with respect to the fiduciary, or a beneficial owner or member of the partnership, limited liability company or other fiscally transparent entity would not have been entitled to the payment of an additional amount had the beneficiary, settlor, beneficial owner or member received directly its beneficial or distributive share of the payment;
 - 3) to the extent any tax, assessment or other governmental charge that would not have been imposed but for the failure of the holder or any other person to comply with certification, identification or information reporting requirements concerning the nationality, residence, identity or connection with the United States of the holder or beneficial owner of the notes, if compliance is required by statute, by regulation of the United States or any taxing authority therein or by an applicable income tax treaty to which the United States is a party as a precondition to exemption from such tax, assessment or other governmental charge;
 - 4) to any tax, assessment or other governmental charge that is imposed otherwise than by withholding by us or a paying agent from the payment;
 - 5) to any tax, assessment or other governmental charge required to be withheld by any paying agent from any payment of principal of or interest on any notes, if such payment can be made without such withholding by any other paying agent;
 - 6) to any estate, inheritance, gift, sales, transfer, wealth, capital gains or personal property tax or similar tax, assessment or other governmental charge, or excise tax imposed on the transfer of notes;
 - 7) to the extent any tax, assessment or other governmental charge would not have been imposed but for the presentation by the holder of any note, where presentation is required, for payment on a date more than 30 days after the date on which payment became due and payable or the date on which payment thereof is duly provided for, whichever occurs later except to the extent that the beneficiary or holder thereof would have been entitled to the payment of additional amounts had such note been presented for payment on any day during such 30-day period;
 - 8) to any tax, assessment or other governmental charge imposed under sections 1471 through 1474 of the Code (or any amended or successor provisions), any current or future
-

regulations or official interpretations thereof, any agreement entered into pursuant to section 1471(b) of the Code or any fiscal or regulatory legislation, rules or practices adopted pursuant to any intergovernmental agreement entered into in connection with the implementation of such sections of the Code, whether currently in effect or as published and amended from time to time;

- 9) to any tax, assessment or other governmental charge that is imposed or withheld solely by reason of a change in law, regulation, or administrative or judicial interpretation that becomes effective more than 15 days after the payment becomes due or is duly provided for, whichever occurs later; or
- 10) in the case of any combination of the above numbered items.

The notes are subject in all cases to any tax, fiscal or other law or regulation or administrative or judicial interpretation applicable to the notes. Except as specifically provided under this heading “—Payment of Additional Amounts,” we are not required to make any payment for any tax, assessment or other governmental charge imposed by any government or a political subdivision or taxing authority of or in any government or political subdivision.

As used under this heading “—Payment of Additional Amounts” and under the heading “—Optional Redemption for Tax Reasons,” the term “United States” means the United States of America, its territories and possessions, the states of the United States and the District of Columbia, and the term “United States person” means (i) any individual who is a citizen or resident of the United States for U.S. federal income tax purposes, (ii) a corporation, partnership or other entity created or organized in or under the laws of the United States, any state of the United States or the District of Columbia (other than a partnership that is not treated as a United States person for United States federal income tax purposes), (iii) any estate the income of which is subject to U.S. federal income taxation regardless of its source, or (iv) any trust if a United States court can exercise primary supervision over the administration of the trust and one or more United States persons can control all substantial trust decisions, or if a valid election is in place to treat the trust as a United States person.

Repurchase at the Option of Holders Upon Change of Control Repurchase Event

If a Change of Control Repurchase Event (as defined below) occurs in respect of a series of notes, unless we have exercised our right to redeem the notes of such series as described above under “—Optional Redemption,” we will be required to make an offer (a “Change of Control Offer”) to each holder of notes of such series to repurchase all or any part (in minimum denominations of €100,000 and integral multiples of €1,000 original principal amount above that amount) of that holder’s notes at a repurchase price in cash equal to 101% of the aggregate principal amount of notes repurchased plus any accrued and unpaid interest on the notes repurchased to, but not including, the date of such repurchase. Within 30 days following any Change of Control Repurchase Event or, at our option, prior to any Change of Control (as defined below), but after the public announcement of an impending Change of Control, we will mail a notice to each holder, with a copy to the trustee, describing the transaction or transactions that constitute or may constitute the Change of Control Repurchase Event and offering to

repurchase notes on the payment date specified in the notice, which date will be no earlier than 30 days and no later than 60 days from the date such notice is mailed. The notice shall, if mailed prior to the date of consummation of the Change of Control, state that the offer to purchase is conditioned on the Change of Control Repurchase Event occurring on or prior to the payment date specified in the notice.

We will comply with the requirements of Rule 14e-1 under the Securities Exchange Act of 1934, as amended, or the Exchange Act, and any other securities laws and regulations thereunder, to the extent those laws and regulations are applicable in connection with the repurchase of the notes as a result of a Change of Control Repurchase Event. To the extent that the provisions of any securities laws or regulations conflict with the Change of Control Repurchase Event provisions of the notes, we will comply with the applicable securities laws and regulations and will not be deemed to have breached our obligations under the Change of Control Repurchase Event provisions of the notes by virtue of such conflict.

On the Change of Control Repurchase Event payment date, we will, to the extent lawful:

- accept for payment all notes or portions of notes (in minimum denominations of €100,000 and integral multiples of €1,000 original principal amount above that amount) properly tendered pursuant to our offer;
- deposit with the paying agent an amount equal to the aggregate purchase price in respect of all notes or portions of notes properly tendered; and
- deliver or cause to be delivered to the trustee for cancellation the notes properly accepted, together with an officers' certificate stating the aggregate principal amount of notes being repurchased by us.

The paying agent will promptly mail to each holder of notes properly tendered the purchase price for the notes, and the trustee will promptly authenticate and mail (or cause to be transferred by book-entry) to each holder a new note equal in principal amount to any unpurchased portion of any notes surrendered; provided, that each new note will be in minimum denominations of €100,000 and integral multiples of €1,000 original principal amount above that amount.

We will not be required to make a Change of Control Offer upon a Change of Control Repurchase Event if (i) a third party makes such an offer in the manner, at the times and otherwise in compliance with the requirements for a Change of Control Offer made by us and such third party purchases all notes properly tendered and not withdrawn under its offer or (ii) we have previously or concurrently mailed a redemption notice with respect to all of the outstanding notes as described under "Optional Redemption" above.

If holders of not less than 90% in aggregate principal amount of the outstanding notes of any series validly tender and do not withdraw such notes in a Change of Control Offer and we, or any third party making such an offer in lieu of us as described above, purchases all of the notes of such series validly tendered and not withdrawn by such holders, we or such third party will have the right, upon not less than 10 days nor more than 60 days' prior notice, provided that such

notice is given not more than 30 days following such repurchase pursuant to the Change of Control Offer described above, to redeem all notes of such series that remain outstanding following such purchase on a date specified in such notice (the “Second Change of Control Payment Date”) and at a price in cash equal to 101% of the aggregate principal amount of notes of such series repurchased plus any accrued and unpaid interest on the notes repurchased to, but not including, the Second Change of Control Payment Date.

We have no present intention to engage in a transaction involving a Change of Control, although it is possible that we would decide to do so in the future. We could, in the future, enter into certain transactions, including acquisitions, refinancings or other recapitalizations, that would not constitute a Change of Control but that could increase the amount of debt outstanding at such time or otherwise affect our capital structure or credit ratings.

Definitions

“Below Investment Grade Rating Event” means the notes of such series are rated below Investment Grade by each of the Rating Agencies on any date during the period commencing upon the first public notice of the occurrence of a Change of Control or our intention to effect a Change of Control and ending 60 days following public notice of the occurrence of the related Change of Control (which period shall be extended so long as the rating of the notes of such series is under publicly announced consideration for possible downgrade by any of the Rating Agencies, provided that no such extension shall occur if on such 60th day the notes of such series are rated Investment Grade by at least one of such Rating Agency and are not subject to review for possible downgrade by such Rating Agency); provided further that a Below Investment Grade Rating Event otherwise arising by virtue of a particular reduction in rating shall not be deemed to have occurred in respect of a particular Change of Control (and thus shall not be deemed a Below Investment Grade Rating Event for purposes of the definition of Change of Control Repurchase Event hereunder) if the Rating Agencies making the reduction in rating to which this definition would otherwise apply do not announce or publicly confirm or inform the trustee in writing at its request that the reduction was the result, in whole or in part, of any event or circumstance comprised of or arising as a result of, or in respect of, the applicable Change of Control (whether or not the applicable Change of Control shall have occurred at the time of the Below Investment Grade Rating Event).

“Change of Control” means the occurrence of any of the following:

- 1) the direct or indirect sale, transfer, conveyance or other disposition (other than by way of merger or consolidation), in one or a series of related transactions, of all or substantially all of our assets and those of our subsidiaries taken as a whole to any “person” (as that term is used in Section 13(d)(3) of the Exchange Act), other than us or one of our subsidiaries;
 - 2) the adoption of a plan relating to our liquidation or dissolution;
 - 3) the first day on which a majority of the members of our Board of Directors are not Continuing Directors; or
-

- 4) the consummation of any transaction (including, without limitation, any merger or consolidation) the result of which is that any “person” (as that term is used in Section 13(d)(3) of the Exchange Act), other than us or one or more of our subsidiaries, becomes the beneficial owner (as defined in Rule 13d-3 of the Exchange Act), directly or indirectly, of more than 50% of the then outstanding number of shares of our Voting Stock.

Notwithstanding the foregoing, a transaction will not be considered to be a Change of Control if (a) we become a direct or indirect wholly-owned subsidiary of a holding company and (b)(i) immediately following that transaction, the direct or indirect holders of the Voting Stock of the holding company are substantially the same as the holders of our Voting Stock immediately prior to that transaction or (ii) immediately following that transaction, no person is the beneficial owner, directly or indirectly, of more than 50% of the Voting Stock of such holding company.

“Change of Control Repurchase Event” means the occurrence of both a Change of Control and a Below Investment Grade Rating Event.

“Continuing Directors” means, as of any date of determination, any member of our Board of Directors who (1) was a member of such Board of Directors on the date of the issuance of the notes; or (2) was nominated for election, elected or appointed to such Board of Directors with the approval of a majority of the Continuing Directors who were members of such Board of Directors at the time of such nomination, election or appointment (either by a specific vote or by approval of our proxy statement in which such member was named as a nominee for election as a director). “Investment Grade” means a rating of Baa3 or better by Moody’s (or its equivalent under any successor rating categories of Moody’s) and a rating of BBB- or better by S&P (or its equivalent under any successor rating categories of S&P) or the equivalent investment grade credit rating from any additional Rating Agency or Rating Agencies selected by us.

“Moody’s” means Moody’s Investors Service Inc., a subsidiary of Moody’s Corporation, and its successors.

“Rating Agency” means (1) each of Moody’s and S&P; and (2) if any of Moody’s or S&P ceases to rate the notes or fails to make a rating of the notes publicly available for reasons outside of our control, a “nationally recognized statistical rating organization” within the meaning of Section 3(a)(62) under the Exchange Act, selected by us as a replacement agency for Moody’s or S&P, or both of them, as the case may be.

“S&P” means S&P Global Ratings Inc., a division of S&P Global Inc. and its successors.

“Voting Stock” of any specified person as of any date means the capital stock of such person that is at the time entitled to vote generally in the election of the board of directors of such person. The definition of “Change of Control” includes a phrase relating to the direct or indirect sale, transfer, conveyance or other disposition of “all or substantially all” of our assets and those of our subsidiaries, taken as a whole. Although there is a limited body of case law interpreting

the phrase “substantially all,” there is no precise established definition of the phrase under applicable law. Accordingly, the ability of a holder of notes to require us to repurchase the notes as a result of a sale, transfer, conveyance or other disposition of less than all of our assets and the assets of our subsidiaries, taken as a whole, to another person or group may be uncertain.

Certain Covenants

Limitation on Liens

The Indenture contains a covenant that we will not, and we will not permit any of our Restricted Subsidiaries to, issue, assume or guarantee any Indebtedness secured by any Mortgage upon any of our Principal Properties or those of any of our Restricted Subsidiaries without equally and ratably securing the notes (and, if we so determine, any other Indebtedness ranking equally with the notes) with such Indebtedness.

This covenant will not prevent us or any of our Restricted Subsidiaries from issuing, assuming or guaranteeing:

- any purchase money mortgage on such Principal Property prior to, simultaneously with or within 180 days after the later of (1) the acquisition or completion of construction or completion of substantial reconstruction, renovation, remodeling, expansion or improvement (each, a substantial improvement”) of such Principal Property or (2) the placing in operation of such property after the acquisition or completion of any such construction or substantial improvement;
 - Mortgages on a Principal Property existing at the time of acquisition, including acquisition through merger or consolidation;
 - Mortgages existing on the date of the initial issuance of the notes, Mortgages on assets of a corporation or other business entity existing on the date it becomes a Restricted Subsidiary or is merged or consolidated with us or a Restricted Subsidiary or at the time the corporation or the business entity sells, leases or otherwise disposes of its property as an entirety or substantially as an entirety to us or a Restricted Subsidiary or Mortgages on the assets of a Subsidiary that is newly designated as a Restricted Subsidiary if the Mortgage would have been permitted under the provisions of this paragraph if such Mortgage was created while the Subsidiary was a Restricted Subsidiary;
 - Mortgages in favor of us or a Restricted Subsidiary;
 - Mortgages for taxes, assessments or governmental charges or levies that are not delinquent or that are being contested in good faith;
 - Carriers’, warehousemen’s, materialmen’s, repairmen’s, mechanic’s, landlords’ and other similar Mortgages arising in ordinary course of business that are not delinquent or remain payable without penalty or that are being contested in good faith;
 - Mortgages (other than any Mortgage imposed by ERISA) consisting of pledges or deposits required in the ordinary course of business in connection with workers’ compensation, unemployment insurance and other social security legislation;
-

- Easements, rights-of-way, restrictions, encroachments, imperfections and other similar encumbrances affecting real property that, in the aggregate, are not substantial in amount and do not in any case materially detract from the value of the Principal Property subject thereto or materially interfere with the ordinary conduct of our and our Subsidiaries' business, taken as a whole;
- Mortgages arising by reason of deposits with, or the giving of any form of security to, any governmental agency or anybody created or approved by law or governmental regulation, including any zoning or similar law or right reserved to or vested in any governmental office or agency to control or regulate the use of any real property;
- Mortgages arising from filing Uniform Commercial Code financing statements relating solely to leases; and
- Mortgages to secure Indebtedness incurred to extend, renew, refinance or replace Indebtedness secured by any Mortgages referred to above, provided that the principal amount of the extended, renewed, refinanced or replaced Indebtedness does not exceed the principal amount of Indebtedness so extended, renewed, refinanced or replaced, plus transaction costs and fees, and that any such Mortgage applies only to the same property or assets subject to the prior permitted Mortgage (and, in the case of real property, improvements).

Limitations on Sale and Leaseback Transactions

The Indenture contains a covenant that we will not, and will not permit our Restricted Subsidiaries to, enter into any arrangement with any person providing for the leasing by us or any Restricted Subsidiary of any Principal Property owned or acquired thereafter that has been or is to be sold or transferred by us or such Restricted Subsidiary to such person with the intention of taking back a lease of such Principal Property, a "sale and leaseback transaction," without equally and ratably securing the notes (and, if we shall so determine, any other Indebtedness ranking equally with the notes), unless:

- within 180 days after the receipt of the proceeds of the sale or transfer, we or any Restricted Subsidiary apply an amount equal to the greater of the net proceeds of the sale or transfer or the fair value of such Principal Property at the time of such sale or transfer to any (or a combination) of (1) the prepayment or retirement (other than any mandatory prepayment or retirement) of our Senior Funded Debt or (2) the purchase, construction, development, expansion or improvement of other comparable property, subject in each case to credits for voluntary retirements of Senior Funded Debt; or
 - we or such Restricted Subsidiary would be entitled, at the effective date of the sale or transfer, to incur Indebtedness secured by a Mortgage on such Principal Property, in an amount at least equal to the Attributable Debt in respect of the sale and leaseback transaction, without equally and ratably securing the notes pursuant to "—Limitation on Liens" described above.
-

The foregoing restriction will not apply to:

- any sale and leaseback transaction for a term of not more than three years including renewals;
- any sale and leaseback transaction with respect to a Principal Property if a binding commitment with respect thereto is entered into within three years after the later of (1) the date of the issuance of the notes under the Supplemental Indenture, or (2) the date such Principal Property was acquired;
- any sale and leaseback transaction with respect to a Principal Property if a binding commitment with respect thereto is entered into within 180 days after the later of the date such property was acquired and, if applicable, the date such property was first placed in operation; or
- any sale and leaseback transaction between us and a Restricted Subsidiary or between Restricted Subsidiaries.

Exception to Limitations for Exempted Debt

Notwithstanding the limitations in the Indenture on liens and sale and leaseback transactions, we or our Restricted Subsidiaries may, in addition to amounts permitted under such restrictions and without equally and ratably securing the notes, create or assume and renew, extend or replace Mortgages, or enter into sale and leaseback transactions without any obligation to retire any Senior Funded Debt of us or any Restricted Subsidiary, provided that at the time of such creation, assumption, renewal, extension or replacement of a Mortgage or at the time of entering into such sale and leaseback transactions, and after giving effect thereto, Exempted Debt does not exceed 15% of our Consolidated Net Tangible Assets.

Definitions

For purposes of the Indenture:

“Attributable Debt” in respect of a sale and leaseback transaction means, at the time of determination, the present value (discounted at the imputed rate of interest of such transaction as determined in good faith by us) of the obligation of the lessee for net rental payments during the remaining term of the lease included in such sale and leaseback transaction (including any period for which such lease has been extended or may, at the option of the lessor, be extended). The term “net rental payments” under any lease for any period means the sum of the rental and other payments required to be paid in such period by the lessee thereunder, not including any amounts required to be paid by such lessee (whether or not designated as rental or additional rent) on account of maintenance and repairs, insurance, taxes, assessments, water rates or similar charges required to be paid by such lessee thereunder or any amount required to be paid by lessee thereunder contingent upon the amount of maintenance and repairs, insurance, taxes, assessments, water rates or similar charges. In the case of any lease that is terminable by the lessee upon the payment of a penalty, such net amount shall be the lesser of (x) the net amount determined assuming termination upon the first date such lease may be terminated (in which case the net amount shall also include the amount of the penalty, but shall not include any rent that would be required to be paid under such lease subsequent to the first date upon which it may

be so terminated) or (y) the net amount determined assuming no such termination.

“Consolidated Net Tangible Assets” means the total amounts of assets (less depreciation and valuation reserves and other reserves and items deductible from gross book value of specific asset accounts under generally accepted accounting principles) that under generally accepted accounting principles would be included on a consolidated balance sheet of us and our consolidated Restricted Subsidiaries after deducting (1) all current liabilities, excluding current liabilities that could be classified as long-term debt under generally accepted accounting principles and current liabilities that are by their terms extendable or renewable at the obligor’s option to a time more than 12 months after the time as of which the amount of current liabilities is being computed; (2) investments in Unrestricted Subsidiaries; and (3) all trade names, trademarks, licenses, patents, copyrights and goodwill, organizational and development costs, deferred charges, other than prepaid items such as insurance, taxes, interest, commissions, rents and similar items and tangible assets being amortized, and amortized debt discount and expense, less unamortized premium.

“Exempted Debt” means the sum of the following items outstanding as of the date Exempted Debt is being determined (1) Indebtedness of us and our Restricted Subsidiaries secured by a Mortgage and not permitted to exist under the Indenture and (2) Attributable Debt of us and our Restricted Subsidiaries in respect of all sale and leaseback transactions not permitted under the Indenture.

“Funded Debt” means Indebtedness that matures more than one year from the date of creation, or that is extendable or renewable at the sole option of the obligor so that it may become payable more than one year from such date. Funded Debt does not include (1) obligations created pursuant to leases, (2) any Indebtedness or portion thereof maturing by its terms within one year from the time of any computation of the amount of outstanding Funded Debt unless such Indebtedness shall be extendable or renewable at the sole option of the obligor in such manner that it may become payable more than one year from such time, or (3) any Indebtedness for the payment or redemption of which money in the necessary amount shall have been deposited in trust either at or before the maturity date thereof.

“Indebtedness” means any and all of the obligations of a person for money borrowed that in accordance with generally accepted accounting principles would be reflected on the balance sheet of such person as a liability as of the date of which the Indebtedness is to be determined. For the avoidance of doubt, a change in generally accepted accounting principles subsequent to the issue date of the notes shall not be deemed an incurrence of Indebtedness.

“Investment” means any investment in stock, evidences of Indebtedness, loans or advances, however made or acquired, but does not include our account receivable or the accounts receivable of any Restricted Subsidiary arising from transactions in the ordinary course of business, or any evidences of Indebtedness, loans or advance made in connection with the sale to any Subsidiary of our accounts receivable or the accounts receivable of any Restricted Subsidiary arising from transactions in the ordinary course of business.

“Mortgage” means any mortgage, security interest, pledge, lien or other encumbrance.

“Principal Property” means all real property and improvements thereon owned by us or a Restricted Subsidiary, including, without limitation, any manufacturing, warehouse, distribution or research facility, and improvements therein, having a net book value in excess of 2% of Consolidated Net Tangible Assets that is located within the United States, excluding its territories and possessions and Puerto Rico. This term does not include any real property and improvements thereon that our Board of Directors declares by resolution not to be of material importance to the total business conducted by us and our Restricted Subsidiaries taken as a whole.

“Restricted Subsidiary” means a Subsidiary that owns a Principal Property.

“Senior Funded Debt” means all Funded Debt (except Funded Debt, the payment of which is subordinated to the payment of the notes).

“Subsidiary” means a corporation, partnership or other legal entity of which, in the case of a corporation, more than 50% of the outstanding voting stock is owned, directly or indirectly, by us or by one or more other Subsidiaries, or by us and one or more other Subsidiaries or, in the case of any partnership or other legal entity, more than 50% of the ordinary capital interests is, at the time, directly or indirectly owned or controlled by us or by one or more other Subsidiaries. For the purposes of this definition, “voting stock” means the equity interest that ordinarily has voting power for the election of directors, managers or trustees of an entity, or persons performing similar functions, whether at all times or only so long as no senior class of equity interest has such voting power by reason of any contingency.

“Unrestricted Subsidiary” means any Subsidiary other than a Restricted Subsidiary.

Consolidation, Merger and Sale of Assets

We may consolidate or merge with or into any other corporation, and we may sell or transfer all or substantially all of our assets to another corporation, provided, among other things, that (a) we are the surviving corporation or the corporation formed by or resulting from any such consolidation or merger or the transferee of such assets shall be a corporation organized and existing under the laws of the United States, any state thereof or the District of Columbia and shall expressly assume by supplemental indenture payment of the principal of, and premium, if any, and interest, if any, on the notes issued under the Indenture and the performance and observance of the Indenture and (b) we or such successor corporation shall not immediately thereafter be in default under the Indenture.

Events of Default

The following events are defined in the Indenture as “Events of Default”:

- default in the payment of any installment of interest on any series of notes for 30 days after becoming due;
-

- default in the payment of principal or premium, if any, of any series of notes when due;
- default in the deposit of any sinking fund payment, when due;
- default in the performance of any other covenant for 90 days after notice, which must be sent by either the trustee or holders of 25% of the principal amount of the notes of the affected series; and
- certain events of bankruptcy, insolvency or reorganization.

If an Event of Default occurs and continues with respect to a series of notes, either the trustee or the holders of at least 25% in principal amount of the outstanding notes of such series may declare the entire principal amount of all of such series to be due and payable; provided that, in the case of an Event of Default involving certain events of bankruptcy, insolvency or reorganization, such acceleration is automatic; and, provided further, that after such acceleration, but before a judgment or decree based on acceleration, the holders of a majority in aggregate principal amount of the outstanding notes of that series may, subject to certain conditions, rescind and annul such acceleration if all Events of Default, other than the nonpayment of accelerated principal, have been cured or waived.

Description of Debt Securities:**0.250% Notes due 2024****0.750% Notes due 2029****1.000 % Notes due 2031**

The Company has an effective a registration statement on Form S-3 (File No. 333-229539), which was filed with the Securities and Exchange Commission on February 7, 2019 and covers the issuance of the Company's 0.250% Notes due 2024 (the "2024 notes"), the 0.750% Notes due 2029 (the "2029 notes") and the 1.000% Notes due 2031 (the "2031 notes" and together with the 2024 notes, the 2029 notes and the 2031 notes, the "notes"). The notes are governed by a base indenture dated January 15, 2010 between the Company and U.S. Bank National Association, as trustee, as supplemented by the applicable supplemental indenture governing a particular series of notes (as so supplemented, the "Indenture"). This summary is subject to and qualified in its entirety by reference to all of the provisions of the Indenture and the notes, including definitions of certain terms used in the Indenture and the notes.

General

The notes were issued as separate series of debt securities under the Indenture. The notes are senior unsecured obligations of ours and rank equally in right of payment with our other existing and future senior unsecured indebtedness. The notes are not secured by any of our assets. Any future claims of our secured lenders with respect to assets securing their loans will be prior to any claim of the holders of the notes with respect to those assets. Holders of secured debt that we have now or may issue in the future may foreclose on the assets securing such debt, reducing the cash flow from the foreclosed property available for payment of unsecured debt, including the notes. Holders of our secured debt also would have priority over unsecured creditors in the event of our bankruptcy, liquidation or similar proceeding to the extent of the value of the collateral securing such debt. The notes are structurally subordinated to all liabilities of our subsidiaries, including trade payables. Because we conduct many of our operations through our subsidiaries, our right to participate in any distribution of the assets of a subsidiary when it winds up its business is subject to the prior claims of the creditors of that subsidiary. This means that your right to payment as a holder of our notes is also subject to the prior claims of these creditors if a subsidiary liquidates or reorganizes or otherwise winds up its business. If we are a creditor of any of our subsidiaries, our right as a creditor would be subordinated to any security interest in the assets of those subsidiaries and any indebtedness of our subsidiaries senior in right of payment to that held by us.

The Indenture does not limit the amount of notes, unsecured debentures or other evidences of indebtedness that we may issue under the Indenture and provides that notes, unsecured debentures or other evidences of indebtedness may be issued from time to time in one or more series. We may from time to time, without notice to or the consent of the holders of the notes, create and issue additional notes of any series having the same ranking and terms and conditions as the notes of the same series, except for the issue date, the public offering price and, in some cases, the first interest payment date. Any additional notes having such similar terms, together with the notes offered of the same series, will constitute a single series of securities under the Indenture. If the additional notes of a series, if any, are not fungible with the notes of that series offered for U.S. federal income tax purposes, the additional notes have a separate CUSIP number.

We issued the notes in fully registered book-entry form without coupons and in denominations of €100,000 and integral multiples of €1,000 thereafter.

Principal of and interest on the notes are payable, and the notes are transferable or exchangeable, at the office or offices or agency maintained by us for these purposes. Payment of interest on the notes may be made at our option by check mailed to the registered holders thereof.

The 2024 notes, the 2029 notes and the 2031 notes are listed on the New York Stock Exchange under the symbols “SYK24A,” “SYK29” and “SYK31,” respectively. We have no obligation to maintain such listings, and we may delist any series of the notes at any time.

Elavon Financial Services DAC is paying agent for the notes. U.S. Bank National Association will be registrar and transfer agent for the notes. Upon notice to the trustee, we may change the paying agent, registrar or transfer agent.

Interest

The 2024 notes and 2031 notes bear interest from the date of issuance, payable annually on December 3 of each year, beginning December 3, 2020, and the 2029 notes bear interest from the date of issuance, payable annually on March 1 of each year, beginning March 1, 2021, to the persons in whose names such notes are registered at the close of business on the business day (for this purpose, a day on which Clearstream and Euroclear are open for business) immediately preceding the relevant interest payment. Interest on the notes is computed on the basis of the actual number of days in the period for which interest is being calculated and the actual number of days from and including the last date on which interest was paid on the notes (or December 3, 2019, if no interest has been paid on the applicable series of notes), to, but excluding, the next scheduled interest payment date. This payment convention is referred to as Actual/Actual (ICMA) as defined in the rulebook of the International Capital Market Association.

If any interest payment date would otherwise be a day that is not a business day, such interest payment date will be postponed to the next date that is a business day and no interest will accrue on the amounts payable from and after such interest payment date to the next business day. If the maturity date of any series of notes falls on a day that is not a business day, the related payment of principal, premium, if any, and interest will be made on the next business day as if it were made on the date such payment was due, and no interest will accrue on the amounts so payable for the period from and after such date to the next business day.

Business Day

For purposes of the notes, a “business day” is any day that is not a Saturday, Sunday or other day on which banking institutions in New York City, London or another place of payment on the notes are authorized or required by law to close and on which the Trans-European Automated Real-Time Gross Settlement Express Transfer system (the TARGET2 system), or any successor thereto, is open.

Issuance in euro

All payments of interest, premium, if any, and principal, including payments made upon any redemption or repurchase of the notes, will be made in euro; provided that if the euro is unavailable to us due to the imposition of exchange controls or other circumstances beyond our control or if the euro is no longer being used by the then member states of the European Monetary Union that have adopted the euro as their currency or for the settlement of transactions by public institutions of or within the international banking community, then all payments in respect of the notes will be made in U.S. dollars until the euro is again available to us or so used. In such circumstances, the amount payable on any date in euro will be converted into U.S. dollars at the rate mandated by the Board of Governors of the Federal Reserve System as of the close of business on the second business day prior to the relevant payment date or, if the Board of Governors of the Federal Reserve System has not announced a rate of conversion, on the basis of the most recent U.S. dollar/euro exchange rate published in The Wall Street Journal on or prior to the second business day prior to the relevant payment date or, in the event The Wall Street Journal has not published such exchange rate, the rate will be determined in our sole discretion on the basis of the most recently available market exchange rate for the euro. Any payment in respect of the notes so made in U.S. dollars will not constitute an Event of Default (as defined in the Indenture). Neither the trustee nor the paying agent shall have any responsibility for any calculation or conversion in connection with the foregoing.

Investors are subject to foreign exchange risks as to payments of principal, premium, if any, and interest that may have important economic and tax consequences to them.

Optional Redemption

We may redeem the notes prior to November 3, 2024 in the case of the 2024 notes, December 1, 2028 in the case of the 2029 notes and September 3, 2031 in the case of the 2031 notes, in whole, at any time, or in part, from time to time, at our option, for cash, at a redemption price equal to the greater of:

- 1) 100% of the principal amount of the applicable series of notes to be redeemed; or
- 2) an amount determined by the Quotation Agent (as defined below) equal to the sum of the present values of the remaining scheduled payments of principal, premium, if any, and interest thereon (not including any portion of such payments of interest accrued to the date of redemption) to November 3, 2024 with respect to the 2024 notes, December 1, 2028 with respect to the 2029 notes and September 3, 2031 with respect to the 2031 notes, discounted to the date of redemption on an annual basis (Actual/Actual (ICMA) at the Comparable Government Bond Rate (as defined below)), plus 15 basis points with respect to the 2024 notes, 20 basis points with respect to the 2029 notes and 25 basis points with respect to the 2031 notes,

plus accrued and unpaid interest thereon to, but not including, the date of redemption.

On or after November 3, 2024 in the case of the 2024 notes, December 1, 2028 in the case of the 2029 notes and September 3, 2031 in the case of the 2031 notes, we may redeem the applicable series of notes, in whole, at any time, or in part, from time to time, at our option, for cash, at a redemption price equal to 100% of the principal amount of such series of notes, plus accrued and unpaid interest to, but not including, the redemption date.

The principal amount of any note remaining outstanding after a redemption in part shall be €100,000 or a higher integral multiple of €1,000. Notwithstanding the foregoing, installments of interest on any series of notes that are due and payable on interest payment dates falling on or prior to a redemption date will be payable on the interest payment date to the registered holders as of the close of business on the relevant record date.

“*Comparable Government Bond*” means, in relation to any Comparable Government Bond Rate calculation, at the discretion of an independent investment bank selected by us (the “Quotation Agent”), a German government bund whose maturity is closest to the par call date, or if such Quotation Agent in its discretion determines that such similar bond is not in issue, such other German government bund as such Quotation Agent may, with the advice of three brokers of, and/or market makers in, German government bunds selected by us, determine to be appropriate for determining the Comparable Government Bond Rate.

“*Comparable Government Bond Rate*” means the price, expressed as a percentage (rounded to three decimal places, with 0.0005 being rounded upwards), at which the gross redemption yield on the notes to be redeemed, if they were to be purchased at such price on the third business day prior to the date fixed for redemption, would be equal to the gross redemption yield on such business day of the Comparable Government Bond on the basis of the middle market price of the Comparable Government Bond prevailing at 11:00 A.M. (London time) on such business day as determined by the Quotation Agent selected by us.

Notice of any redemption will be sent (or, in the case of notes held in book-entry form, be transmitted electronically) at least 10 days but not more than 60 days before the redemption date to each registered holder of the applicable series of notes to be redeemed. Unless we default in payment of the redemption price, on and after the redemption date, interest will cease to accrue on the applicable series of notes or portions thereof called for redemption. If less than all of the applicable series of notes are to be redeemed, the notes to be redeemed will be selected by the trustee in accordance with the standard procedures of the depository. If the notes to be redeemed are not global notes then held by Euroclear or Clearstream, the trustee will select the notes to be redeemed on a pro rata basis. If the notes are listed on the NYSE or any other national securities exchange, the trustee will select notes in compliance with the requirements of the NYSE or other principal national securities exchange on which the notes are listed.

Notwithstanding the foregoing, if less than all of a series of notes is to be redeemed, no notes of such series of a principal amount of €100,000 or less shall be redeemed in part. If money sufficient to pay the redemption price on the series of notes (or portions thereof) to be redeemed on the redemption date is deposited with the paying agent on or before the redemption date and certain other conditions are satisfied, then on and after such redemption date, interest will cease to accrue on such series of notes (or such portion thereof) called for redemption.

Special Mandatory Redemption

If we do not satisfy the minimum tender and other conditions in the Purchase Agreement and consummate the Wright Tender Offer on or prior to February 4, 2021, or if, prior to such date, we notify the trustee in writing that the Purchase Agreement has been terminated (each, a “Special Mandatory Redemption Event”), the provisions set forth below will be applicable (other than with respect to the 2029 notes). The 2029 notes will not be subject to the special mandatory redemption and will remain outstanding (unless otherwise redeemed) even if the Wright Tender Offer is not consummated on or prior to February 4, 2021. If a Special Mandatory Redemption Event occurs, we will be required to redeem each series of notes (other than the 2029 notes) in the manner set forth below in whole and not in part at a special mandatory redemption price (the “Special Mandatory Redemption Price”) equal to 101% of the aggregate principal amount of such series, plus accrued and unpaid interest, if any, to, but excluding, the Special Mandatory

Redemption Date (as defined below) (subject to the right of holders of record on the relevant record date to receive interest due on any interest payment date that is on or prior to the Special Mandatory Redemption Date).

Upon the occurrence of a Special Mandatory Redemption Event, we will promptly (but in no event later than ten business days following such Special Mandatory Redemption Event) notify the trustee in writing of such event (such notice to include the officers' certificate required by the Indenture), and the trustee shall, no later than five business days following receipt of such notice from us, notify the holders of each series of notes (such date of notification to such holders, the "Redemption Notice Date") that all of the outstanding notes will be redeemed at the Special Mandatory Redemption Price on the third business day following the Redemption Notice Date (such date, the "Special Mandatory Redemption Date") automatically and without any further action by the holders of the notes, in each case in accordance with the applicable provisions of the Indenture. At or prior to 12:00 p.m. (New York City time) on the business day immediately preceding the Special Mandatory Redemption Date, we will deposit with the trustee funds sufficient to pay the Special Mandatory Redemption Price for the notes. If such deposit is made as provided above, the notes will cease to bear interest on and after the Special Mandatory Redemption Date.

If we fail to pay the Special Mandatory Redemption Price, it will be an event of default with respect to each series of notes (other than the 2029 notes) under the Indenture.

Optional Redemption for Tax Reasons

The notes of any series may be redeemed at our option in whole, but not in part, on not less than 10 nor more than 60 days' prior notice, at 100% of the principal amount of such series together with accrued and unpaid interest, if any, to, but excluding, the redemption date if, as a result of any change in, or amendment to, the laws, regulations or rulings of the United States (or any political subdivision or taxing authority thereof or therein having power to tax), or any change in official position regarding application or interpretation of those laws, regulations or rulings (including a holding by a court of competent jurisdiction), which change, amendment, application or interpretation is announced or becomes effective on or after the original issue date with respect to the notes, we become or, based upon a written opinion of independent counsel selected by us, will become obligated to pay additional amounts as described below in "— Payment of Additional Amounts."

Payment of Additional Amounts

All payments of principal, interest, and premium, if any, in respect of the notes are will be made free and clear of, and without withholding or deduction for, any present or future taxes, assessments, duties or governmental charges of whatever nature imposed, levied or collected by

the United States (or any political subdivision or taxing authority thereof or therein having power to tax), unless such withholding or deduction is required by law or the official interpretation or administration thereof.

We will, subject to the exceptions and limitations set forth below, pay as additional interest in respect of the notes such additional amounts as are necessary in order that the net payment by us of the principal of, premium, if any, and interest in respect of the notes to a holder who is not a United States person (as defined below), after withholding or deduction for any present or future tax, assessment, duties or other governmental charge imposed by the United States (or any political subdivision or taxing authority thereof or therein having power to tax), will not be less than the amount provided in the notes to be then due and payable; provided, however, that the foregoing obligation to pay additional amounts shall not apply:

- 1) to the extent any tax, assessment or other governmental charge would not have been imposed but for the holder (or the beneficial owner for whose benefit such holder holds such note), or a fiduciary, settlor, beneficiary, member or shareholder of the holder if the holder is an estate, trust, partnership or corporation, or a person holding a power over an estate or trust administered by a fiduciary holder, being considered as:
 - a) being or having been engaged in a trade or business in the United States or having or having had a permanent establishment in the United States;
 - b) having a current or former connection with the United States (other than a connection arising solely as a result of the ownership of the notes, the receipt of any payment in respect of the notes or the enforcement of any rights hereunder), including being or having been a citizen or resident of the United States;
 - c) being or having been a personal holding company, a passive foreign investment company or a controlled foreign corporation for U.S. federal income tax purposes, a foreign tax-exempt organization, or a corporation that has accumulated earnings to avoid U.S. federal income tax;

 - e) being a bank receiving payments on an extension of credit made pursuant to a loan agreement entered into in the ordinary course of its trade or business, as described in section 881(c)(3)(A) of the Code or any successor provision;
 - 2) to any holder that is not the sole beneficial owner of the notes, or a portion of the notes, or that is a fiduciary, partnership, limited liability company or other fiscally transparent entity, but only to the extent that a beneficial owner with respect to the holder, a beneficiary or settlor with respect to the fiduciary, or a beneficial owner or member of the partnership, limited liability company or other fiscally transparent entity would not have
-

- been entitled to the payment of an additional amount had the beneficiary, settlor, beneficial owner or member received directly its beneficial or distributive share of the payment;
- 3) to the extent any tax, assessment or other governmental charge that would not have been imposed but for the failure of the holder or any other person to comply with certification, identification or information reporting requirements concerning the nationality, residence, identity or connection with the United States of the holder or beneficial owner of the notes, if compliance is required by statute, by regulation of the United States or any taxing authority therein or by an applicable income tax treaty to which the United States is a party as a precondition to exemption from such tax, assessment or other governmental charge;
 - 4) to any tax, assessment or other governmental charge that is imposed otherwise than by withholding by us or a paying agent from the payment;
 - 5) to any tax, assessment or other governmental charge required to be withheld by any paying agent from any payment of principal of or interest on any notes, if such payment can be made without such withholding by any other paying agent;
 - 6) to any estate, inheritance, gift, sales, transfer, wealth, capital gains or personal property tax or similar tax, assessment or other governmental charge, or excise tax imposed on the transfer of notes;
 - 7) to the extent any tax, assessment or other governmental charge would not have been imposed but for the presentation by the holder of any note, where presentation is required, for payment on a date more than 30 days after the date on which payment became due and payable or the date on which payment thereof is duly provided for, whichever occurs later except to the extent that the beneficiary or holder thereof would have been entitled to the payment of additional amounts had such note been presented for payment on any day during such 30-day period;
 - 8) to any tax, assessment or other governmental charge imposed under sections 1471 through 1474 of the Code (or any amended or successor provisions), any current or future regulations or official interpretations thereof, any agreement entered into pursuant to section 1471(b) of the Code or any fiscal or regulatory legislation, rules or practices adopted pursuant to any intergovernmental agreement entered into in connection with the implementation of such sections of the Code, whether currently in effect or as published and amended from time to time;
 - 9) to any tax, assessment or other governmental charge that is imposed or withheld solely by reason of a change in law, regulation, or administrative or judicial interpretation that becomes effective more than 15 days after the payment becomes due or is duly provided for, whichever occurs later; or
 - 10) in the case of any combination of the above numbered items.
-

The notes are subject in all cases to any tax, fiscal or other law or regulation or administrative or judicial interpretation applicable to the notes. Except as specifically provided under this heading “—Payment of Additional Amounts,” we are not required to make any payment for any tax, assessment or other governmental charge imposed by any government or a political subdivision or taxing authority of or in any government or political subdivision.

As used under this heading “—Payment of Additional Amounts” and under the heading “—Optional Redemption for Tax Reasons,” the term “United States” means the United States of America, its territories and possessions, the states of the United States and the District of Columbia, and the term “United States person” means (i) any individual who is a citizen or resident of the United States for U.S. federal income tax purposes, (ii) a corporation, partnership or other entity created or organized in or under the laws of the United States, any state of the United States or the District of Columbia (other than a partnership that is not treated as a United States person for United States federal income tax purposes), (iii) any estate the income of which is subject to U.S. federal income taxation regardless of its source, or (iv) any trust if a United States court can exercise primary supervision over the administration of the trust and one or more United States persons can control all substantial trust decisions, or if a valid election is in place to treat the trust as a United States person.

Repurchase at the Option of Holders Upon Change of Control Repurchase Event

If a Change of Control Repurchase Event (as defined below) occurs in respect of a series of notes, unless we have exercised our right to redeem the notes of such series as described above under “—Optional Redemption” or “Optional Redemption for Tax Reasons” or have been required to redeem the notes as described under “—Special Mandatory Redemption” we will be required to make an offer (a “Change of Control Offer”) to each holder of such series of notes to repurchase all or any part (in minimum denominations of €100,000 and integral multiples of €1,000 original principal amount above that amount) of that holder’s notes at a repurchase price in cash equal to 101% of the aggregate principal amount of notes repurchased plus any accrued and unpaid interest on the notes repurchased to, but not including, the date of such repurchase. Within 30 days following any Change of Control Repurchase Event or, at our option, prior to any Change of Control (as defined below), but after the public announcement of an impending Change of Control, we will mail a notice to each holder, with a copy to the trustee, describing the transaction or transactions that constitute or may constitute the Change of Control Repurchase Event and offering to repurchase notes on the payment date specified in the notice, which date will be no earlier than 30 days and no later than 60 days from the date such notice is mailed. The notice will, if mailed prior to the date of consummation of the Change of Control, state that the offer to purchase is conditioned on the Change of Control Repurchase Event occurring on or prior to the payment date specified in the notice.

We will comply with the requirements of Rule 14e-1 under the Securities Exchange Act of 1934, as amended, or the Exchange Act, and any other securities laws and regulations thereunder, to the extent those laws and regulations are applicable in connection with the repurchase of the notes as a result of a Change of Control Repurchase Event. To the extent that the provisions of any securities laws or regulations conflict with the Change of Control Repurchase Event provisions of the notes, we will comply with the applicable securities laws and regulations and will not be deemed to have breached our obligations under the Change of Control Repurchase Event provisions of the notes by virtue of such conflict.

On the Change of Control Repurchase Event payment date, we will, to the extent lawful:

- accept for payment all notes or portions of notes (in minimum denominations of €100,000 and integral multiples of €1,000 original principal amount above that amount) properly tendered pursuant to our offer;
- deposit with the paying agent an amount equal to the aggregate purchase price in respect of all notes or portions of notes properly tendered; and
- deliver or cause to be delivered to the trustee for cancellation the notes properly accepted, together with an officers' certificate stating the aggregate principal amount of notes being repurchased by us.

The paying agent will promptly mail to each holder of notes properly tendered the purchase price for the notes, and the trustee will promptly authenticate and mail (or cause to be transferred by book-entry) to each holder a new note equal in principal amount to any unpurchased portion of any notes surrendered; provided, that each new note will be in minimum denominations of €100,000 and integral multiples of €1,000 original principal amount above that amount.

We will not be required to make a Change of Control Offer upon a Change of Control Repurchase Event if (i) a third party makes such an offer in the manner, at the times and otherwise in compliance with the requirements for a Change of Control Offer made by us and such third party purchases all notes properly tendered and not withdrawn under its offer or (ii) we have previously or concurrently mailed a redemption notice with respect to all of the outstanding notes as described under "Optional Redemption" above.

If holders of not less than 90% in aggregate principal amount of the outstanding notes of any series validly tender and do not withdraw such notes in a Change of Control Offer and we, or any third party making such an offer in lieu of us as described above, purchases all of the notes of such series validly tendered and not withdrawn by such holders, we or such third party will have the right, upon not less than 10 days nor more than 60 days' prior notice, provided that such notice is given not more than 30 days following such repurchase pursuant to the Change of

Control Offer described above, to redeem all notes of such series that remain outstanding following such purchase on a date specified in such notice (the “Second Change of Control Payment Date”) and at a price in cash equal to 101% of the aggregate principal amount of notes of such series repurchased plus any accrued and unpaid interest on the notes repurchased to, but not including, the Second Change of Control Payment Date.

We have no present intention to engage in a transaction involving a Change of Control, although it is possible that we would decide to do so in the future. We could, in the future, enter into certain transactions, including acquisitions, refinancings or other recapitalizations, that would not constitute a Change of Control but that could increase the amount of debt outstanding at such time or otherwise affect our capital structure or credit ratings.

Definitions

“Below Investment Grade Rating Event” means the notes of such series are rated below Investment Grade by each of the Rating Agencies on any date during the period commencing upon the first public notice of the occurrence of a Change of Control or our intention to effect a Change of Control and ending 60 days following public notice of the occurrence of the related Change of Control (which period shall be extended so long as the rating of the notes of such series is under publicly announced consideration for possible downgrade by any of the Rating Agencies, provided that no such extension shall occur if on such 60th day the notes of such series are rated Investment Grade by at least one of such Rating Agency and are not subject to review for possible downgrade by such Rating Agency); provided further that a Below Investment Grade Rating Event otherwise arising by virtue of a particular reduction in rating shall not be deemed to have occurred in respect of a particular Change of Control (and thus shall not be deemed a Below Investment Grade Rating Event for purposes of the definition of Change of Control Repurchase Event hereunder) if the Rating Agencies making the reduction in rating to which this definition would otherwise apply do not announce or publicly confirm or inform the trustee in writing at its request that the reduction was the result, in whole or in part, of any event or circumstance comprised of or arising as a result of, or in respect of, the applicable Change of Control (whether or not the applicable Change of Control shall have occurred at the time of the Below Investment Grade Rating Event).

“Change of Control” means the occurrence of any of the following:

- 1) the direct or indirect sale, transfer, conveyance or other disposition (other than by way of merger or consolidation), in one or a series of related transactions, of all or substantially all of our assets and those of our subsidiaries taken as a whole to any “person” (as that term is used in Section 13(d)(3) of the Exchange Act), other than us or one of our subsidiaries;
 - 2) the adoption of a plan relating to our liquidation or dissolution;
-

- 3) the first day on which a majority of the members of our Board of Directors are not Continuing Directors; or
- 4) the consummation of any transaction (including, without limitation, any merger or consolidation) the result of which is that any “person” (as that term is used in Section 13(d)(3) of the Exchange Act), other than us or one or more of our subsidiaries, becomes the beneficial owner (as defined in Rule 13d-3 of the Exchange Act), directly or indirectly, of more than 50% of the then outstanding number of shares of our Voting Stock.

Notwithstanding the foregoing, a transaction will not be considered to be a Change of Control if (a) we become a direct or indirect wholly-owned subsidiary of a holding company and (b)(i) immediately following that transaction, the direct or indirect holders of the Voting Stock of the holding company are substantially the same as the holders of our Voting Stock immediately prior to that transaction or (ii) immediately following that transaction, no person is the beneficial owner, directly or indirectly, of more than 50% of the Voting Stock of such holding company.

“Change of Control Repurchase Event” means the occurrence of both a Change of Control and a Below Investment Grade Rating Event.

“Continuing Directors” means, as of any date of determination, any member of our Board of Directors who (1) was a member of such Board of Directors on the date of the issuance of the notes; or (2) was nominated for election, elected or appointed to such Board of Directors with the approval of a majority of the Continuing Directors who were members of such Board of Directors at the time of such nomination, election or appointment (either by a specific vote or by approval of our proxy statement in which such member was named as a nominee for election as a director).

“Investment Grade” means a rating of Baa3 or better by Moody’s (or its equivalent under any successor rating categories of Moody’s) and a rating of BBB- or better by S&P (or its equivalent under any successor rating categories of S&P) or the equivalent investment grade credit rating from any additional Rating Agency or Rating Agencies selected by us.

“Moody’s” means Moody’s Investors Service Inc., a subsidiary of Moody’s Corporation, and its successors.

“Rating Agency” means (1) each of Moody’s and S&P; and (2) if any of Moody’s or S&P ceases to rate the notes or fails to make a rating of the notes publicly available for reasons outside of our control, a “nationally recognized statistical rating organization” within the

meaning of Section 3(a) (62) under the Exchange Act, selected by us as a replacement agency for Moody's or S&P, or both of them, as the case may be.

“S&P” means S&P Global Ratings Inc., a division of S&P Global Inc. and its successors.

“Voting Stock” of any specified person as of any date means the capital stock of such person that is at the time entitled to vote generally in the election of the board of directors of such person.

The definition of “Change of Control” includes a phrase relating to the direct or indirect sale, transfer, conveyance or other disposition of “all or substantially all” of our assets and those of our subsidiaries, taken as a whole. Although there is a limited body of case law interpreting the phrase “substantially all,” there is no precise established definition of the phrase under applicable law. Accordingly, the ability of a holder of notes to require us to repurchase the notes as a result of a sale, transfer, conveyance or other disposition of less than all of our assets and the assets of our subsidiaries, taken as a whole, to another person or group may be uncertain.

Certain Covenants

Limitation on Liens

The Indenture contains a covenant that we will not, and we will not permit any of our Restricted Subsidiaries to, issue, assume or guarantee any Indebtedness secured by any Mortgage upon any of our Principal Properties or those of any of our Restricted Subsidiaries without equally and ratably securing the notes (and, if we so determine, any other Indebtedness ranking equally with the notes) with such Indebtedness.

This covenant will not prevent us or any of our Restricted Subsidiaries from issuing, assuming or guaranteeing:

- any purchase money mortgage on such Principal Property prior to, simultaneously with or within 180 days after the later of (1) the acquisition or completion of construction or completion of substantial reconstruction, renovation, remodeling, expansion or improvement (each, a “substantial improvement”) of such Principal Property or (2) the placing in operation of such property after the acquisition or completion of any such construction or substantial improvement;
 - Mortgages on a Principal Property existing at the time of acquisition, including acquisition through merger or consolidation;
 - Mortgages existing on the date of the initial issuance of the notes, Mortgages on assets of a corporation or other business entity existing on the date it becomes a Restricted Subsidiary or is merged or consolidated with us or a Restricted Subsidiary or at the time
-

the corporation or other business entity sells, leases or otherwise disposes of its property as an entirety or substantially as an entirety to us or a Restricted Subsidiary or Mortgages on the assets of a Subsidiary that is newly designated as a Restricted Subsidiary if the Mortgage would have been permitted under the provisions of this paragraph if such Mortgage was created while the Subsidiary was a Restricted Subsidiary;

- Mortgages in favor of us or a Restricted Subsidiary;
- Mortgages for taxes, assessments or governmental charges or levies that are not delinquent or that are being contested in good faith;
- Carriers', warehousemen's, materialmen's, repairmen's, mechanic's, landlords' and other similar Mortgages arising in ordinary course of business that are not delinquent or remain payable without penalty or that are being contested in good faith;
- Mortgages (other than any Mortgage imposed by ERISA) consisting of pledges or deposits required in the ordinary course of business in connection with workers' compensation, unemployment insurance and other social security legislation;
- Easements, rights-of-way, restrictions, encroachments, imperfections and other similar encumbrances affecting real property that, in the aggregate, are not substantial in amount and do not in any case materially detract from the value of the Principal Property subject thereto or materially interfere with the ordinary conduct of our and our Subsidiaries' business, taken as a whole;
- Mortgages arising by reason of deposits with, or the giving of any form of security to, any governmental agency or anybody created or approved by law or governmental regulation, including any zoning or similar law or right reserved to or vested in any governmental office or agency to control or regulate the use of any real property;
- Mortgages arising from filing Uniform Commercial Code financing statements relating solely to leases; and
- Mortgages to secure Indebtedness incurred to extend, renew, refinance or replace Indebtedness secured by any Mortgages referred to above, provided that the principal amount of the extended, renewed, refinanced or replaced Indebtedness does not exceed the principal amount of Indebtedness so extended, renewed, refinanced or replaced, plus transaction costs and fees, and that any such Mortgage applies only to the same property or assets subject to the prior permitted Mortgage (and, in the case of real property, improvements).

Limitations on Sale and Leaseback Transactions

The Indenture contains a covenant that we will not, and will not permit our Restricted Subsidiaries to, enter into any arrangement with any person providing for the leasing by us or any Restricted Subsidiary of any Principal Property owned or acquired thereafter that has been or is to be sold or transferred by us or such Restricted Subsidiary to such person with the intention of taking back a lease of such Principal Property, a "sale and leaseback transaction," without

equally and ratably securing the notes (and, if we shall so determine, any other Indebtedness ranking equally with the notes), unless:

- within 180 days after the receipt of the proceeds of the sale or transfer, we or any Restricted Subsidiary apply an amount equal to the greater of the net proceeds of the sale or transfer or the fair value of such Principal Property at the time of such sale or transfer to any (or a combination) of (1) the prepayment or retirement (other than any mandatory prepayment or retirement) of our Senior Funded Debt or (2) the purchase, construction, development, expansion or improvement of other comparable property, subject in each case to credits for voluntary retirements of Senior Funded Debt; or
- we or such Restricted Subsidiary would be entitled, at the effective date of the sale or transfer, to incur Indebtedness secured by a Mortgage on such Principal Property, in an amount at least equal to the Attributable Debt in respect of the sale and leaseback transaction, without equally and ratably securing the notes pursuant to “—Limitation on Liens” described above.

The foregoing restriction will not apply to:

- any sale and leaseback transaction for a term of not more than three years including renewals;
- any sale and leaseback transaction with respect to a Principal Property if a binding commitment with respect thereto is entered into within three years after the later of (1) the date of the issuance of the notes under the Supplemental Indenture, or (2) the date such Principal Property was acquired;
- any sale and leaseback transaction with respect to a Principal Property if a binding commitment with respect thereto is entered into within 180 days after the later of the date such property was acquired and, if applicable, the date such property was first placed in operation; or
- any sale and leaseback transaction between us and a Restricted Subsidiary or between Restricted Subsidiaries.

Exception to Limitations for Exempted Debt

Notwithstanding the limitations in the Indenture on liens and sale and leaseback transactions, we or our Restricted Subsidiaries may, in addition to amounts permitted under such restrictions and without equally and ratably securing the notes, create or assume and renew, extend or replace Mortgages, or enter into sale and leaseback transactions without any obligation to retire any Senior Funded Debt of us or any Restricted Subsidiary, provided that at the time of such creation, assumption, renewal, extension or replacement of a Mortgage or at the time of entering into such sale and leaseback transactions, and after giving effect thereto, Exempted Debt does not exceed 15% of our Consolidated Net Tangible Assets.

Definitions

For purposes of the Indenture:

“Attributable Debt” in respect of a sale and leaseback transaction means, at the time of determination, the present value (discounted at the imputed rate of interest of such transaction as determined in good faith by us) of the obligation of the lessee for net rental payments during the remaining term of the lease included in such sale and leaseback transaction (including any period for which such lease has been extended or may, at the option of the lessor, be extended). The term “net rental payments” under any lease for any period means the sum of the rental and other payments required to be paid in such period by the lessee thereunder, not including any amounts required to be paid by such lessee (whether or not designated as rental or additional rent) on account of maintenance and repairs, insurance, taxes, assessments, water rates or similar charges required to be paid by such lessee thereunder or any amount required to be paid by lessee thereunder contingent upon the amount of maintenance and repairs, insurance, taxes, assessments, water rates or similar charges. In the case of any lease that is terminable by the lessee upon the payment of a penalty, such net amount shall be the lesser of (x) the net amount determined assuming termination upon the first date such lease may be terminated (in which case the net amount shall also include the amount of the penalty, but shall not include any rent that would be required to be paid under such lease subsequent to the first date upon which it may be so terminated) or (y) the net amount determined assuming no such termination.

“Consolidated Net Tangible Assets” means the total amounts of assets (less depreciation and valuation reserves and other reserves and items deductible from gross book value of specific asset accounts under generally accepted accounting principles) that under generally accepted accounting principles would be included on a consolidated balance sheet of us and our consolidated Restricted Subsidiaries after deducting (1) all current liabilities, excluding current liabilities that could be classified as long-term debt under generally accepted accounting principles and current liabilities that are by their terms extendable or renewable at the obligor’s option to a time more than 12 months after the time as of which the amount of current liabilities is being computed; (2) investments in Unrestricted Subsidiaries; and (3) all trade names, trademarks, licenses, patents, copyrights and goodwill, organizational and development costs, deferred charges, other than prepaid items such as insurance, taxes, interest, commissions, rents and similar items and tangible assets being amortized, and amortized debt discount and expense, less unamortized premium.

“Exempted Debt” means the sum of the following items outstanding as of the date Exempted Debt is being determined (1) Indebtedness of us and our Restricted Subsidiaries secured by a Mortgage and not permitted to exist under the Indenture and (2) Attributable Debt

of us and our Restricted Subsidiaries in respect of all sale and leaseback transactions not permitted under the Indenture.

“Funded Debt” means Indebtedness that matures more than one year from the date of creation, or that is extendable or renewable at the sole option of the obligor so that it may become payable more than one year from such date. Funded Debt does not include (1) obligations created pursuant to leases, (2) any Indebtedness or portion thereof maturing by its terms within one year from the time of any computation of the amount of outstanding Funded Debt unless such Indebtedness shall be extendable or renewable at the sole option of the obligor in such manner that it may become payable more than one year from such time, or (3) any Indebtedness for the payment or redemption of which money in the necessary amount shall have been deposited in trust either at or before the maturity date thereof.

“Indebtedness” means any and all of the obligations of a person for money borrowed that in accordance with generally accepted accounting principles would be reflected on the balance sheet of such person as a liability as of the date of which the Indebtedness is to be determined. Notwithstanding the foregoing, a change in generally accepted accounting principles subsequent to November 30, 2018 shall not be deemed an incurrence of Indebtedness.

“Investment” means any investment in stock, evidences of Indebtedness, loans or advances, however made or acquired, but does not include our account receivable or the accounts receivable of any Restricted Subsidiary arising from transactions in the ordinary course of business, or any evidences of Indebtedness, loans or advance made in connection with the sale to any Subsidiary of our accounts receivable or the accounts receivable of any Restricted Subsidiary arising from transactions in the ordinary course of business.

“Mortgage” means any mortgage, security interest, pledge, lien or other encumbrance.

“Principal Property” means all real property and improvements thereon owned by us or a Restricted Subsidiary, including, without limitation, any manufacturing, warehouse, distribution or research facility, and improvements therein, having a net book value in excess of 2% of Consolidated Net Tangible Assets that is located within the United States, excluding its territories and possessions and Puerto Rico. This term does not include any real property and improvements thereon that our Board of Directors declares by resolution not to be of material importance to the total business conducted by us and our Restricted Subsidiaries taken as a whole.

“Restricted Subsidiary” means a Subsidiary that owns a Principal Property.

“Senior Funded Debt” means all Funded Debt (except Funded Debt, the payment of which is subordinated to the payment of the notes).

“Subsidiary” means a corporation, partnership or other legal entity of which, in the case of a corporation, more than 50% of the outstanding voting stock is owned, directly or indirectly, by us or by one or more other Subsidiaries, or by us and one or more other Subsidiaries or, in the case of any partnership or other legal entity, more than 50% of the ordinary capital interests is, at the time, directly or indirectly owned or controlled by us or by one or more other Subsidiaries. For the purposes of this definition, “voting stock” means the equity interest that ordinarily has voting power for the election of directors, managers or trustees of an entity, or persons performing similar functions, whether at all times or only so long as no senior class of equity interest has such voting power by reason of any contingency.

“Unrestricted Subsidiary” means any Subsidiary other than a Restricted Subsidiary.

Consolidation, Merger and Sale of Assets

We may consolidate or merge with or into any other corporation, and we may sell or transfer all or substantially all of our assets to another corporation, provided, among other things, that (a) we are the surviving corporation or the corporation formed by or resulting from any such consolidation or merger or the transferee of such assets shall be a corporation organized and existing under the laws of the United States, any state thereof or the District of Columbia and shall expressly assume by supplemental indenture payment of the principal of, and premium, if any, and interest, if any, on the notes issued under the Indenture and the performance and observance of the Indenture and (b) we or such successor corporation shall not immediately thereafter be in default under the Indenture.

Events of Default

The following events are defined in the Indenture as “Events of Default”:

- default in the payment of any installment of interest on any series of notes for 30 days after becoming due;
- default in the payment of principal or premium, if any, of any series of notes when due;
- default in the deposit of any sinking fund payment, when due;
- default in the performance of any other covenant for 90 days after notice, which must be sent by either the trustee or holders of 25% of the principal amount of the notes of the affected series; and
- certain events of bankruptcy, insolvency or reorganization.

If an Event of Default occurs and continues with respect to a series of notes, either the trustee or the holders of at least 25% in principal amount of the outstanding notes of such series may declare the entire principal amount of all the notes of such series to be due and payable; provided that, in the case of an Event of Default involving certain events of bankruptcy,

insolvency or reorganization, such acceleration is automatic; and, provided further, that after such acceleration, but before a judgment or decree based on acceleration, the holders of a majority in aggregate principal amount of the outstanding notes of that series may, subject to certain conditions, rescind and annul such acceleration if all Events of Default, other than the nonpayment of accelerated principal, have been cured or waived.

You (or your estate in the event of your death after your termination by Retirement) shall have the right, at any time on or prior to the 10th anniversary of the grant date, to exercise the vested portion of the Options.

(c) If you cease to be an Employee for any reason other than those provided in (a) or (b) above, you or your estate (in the event of your death after such termination) may, within the 30-day period following such termination, exercise the Options with respect to only such number of Shares as to which the right of exercise had vested on or before the Termination Date. If you are a resident of or employed in the United States, "Termination Date" shall mean the effective date of termination of your employment with your Employer. If you are resident or employed outside of the United States, "Termination Date" shall mean the earliest of (i) the date on which notice of termination is provided to you, (ii) the last day of your active service with your Employer, or (iii) the last day on which you are an Employee of your Employer, as determined in each case without including any required advance notice period and irrespective of the status of the termination under local labor or employment laws.

(d) Notwithstanding the foregoing, the Options shall not be exercisable in whole or in part (i) after the 10th anniversary of the grant date or (ii) except as provided in Section 3(c) hereof or in the event of termination of employment because of Disability, Retirement or death, unless you shall have continued in the employ of the Company or one of its Subsidiaries for one (1) year following the date of grant of the Options.

(e) Notwithstanding the foregoing, if you are eligible for Retirement but cease to be an Employee for any other reason before you retire, the right to exercise the Options shall be determined as if your employment ceased by reason of Retirement.

(f) If you are both an Employee and a Director, the provisions of this Section 2 shall not apply until such time as you are neither an Employee nor a Director.

3. The number of Shares subject to the Options and the price to be paid therefor shall be subject to adjustment and the term and exercise dates hereof may be accelerated as follows:

(a) In the event that the Shares, as presently constituted, shall be changed into or exchanged for a different number or kind of shares of stock or other securities of the Company or of another corporation (whether by reason of merger, consolidation, recapitalization, reclassification, split-up, combination of shares, or otherwise) or if the number of such Shares shall be increased through the payment of a stock dividend or a dividend on the Shares of rights or warrants to purchase securities of the Company shall be made, then there shall be substituted for or added to each Share theretofore subject to the Options the number and kind of shares of stock or other securities into which each outstanding Share shall be so changed, or for which each such Share shall be exchanged, or to which each such Share shall be entitled. The Options shall also be appropriately amended as to price and other terms as may be necessary to reflect the foregoing events. In the event there shall be any other change in the number or kind of the outstanding Shares, or of any stock or other securities into which such Common Stock shall have been exchanged, then if the Committee shall, in its sole discretion, determine that such change equitably requires an adjustment in the Options, such adjustment shall be made in accordance with such determination.

(b) Fractional Shares resulting from any adjustment in the Options may be settled in cash or otherwise as the Committee shall determine, in its sole discretion. Notice of any adjustment will be given to you and such adjustment (whether or not such notice is given) shall be effective and binding for all purposes hereof.

(c) The Committee shall have the power to amend the Options to permit the exercise of the Options (and to terminate any unexercised Options) prior to the effectiveness of (i) any disposition of substantially all of the assets of the Company or your Employer, (ii) the shutdown, discontinuance of operations or dissolution of the Company or your Employer, or (iii) the merger or consolidation of the Company or your Employer with or into any other unrelated corporation.

4. To exercise the Options, you must complete the on-line exercise procedures as established through the Stock Plan Administrator at www.ubs.com/onesource/SYK or by telephone at +1 860 727 1515 (or such other direct dial-in number that may be established from time to time). As part of such procedures, you shall be required to specify the number of Shares that you elect to purchase and the date on which such purchase is to be made, and you shall be required to make full payment of the Exercise Price. An Option shall not be deemed to have been exercised (i.e., the exercise date shall not be deemed to have occurred) until the notice of such exercise and payment in full of the Exercise Price are provided. The exercise date will be defined by the New York Stock Exchange ("NYSE") trading hours. If an exercise is completed after the market close or on a weekend, the exercise will be dated the next following trading day.

The Exercise Price may be paid in such manner as the Committee may specify from time to time in its sole discretion and as established through Stock Plan Administrator, including (but not limited to) the following methods: (i) by a net exercise arrangement pursuant to which the Company will reduce the number of Shares issued upon exercise by the largest whole number of Shares with an aggregate Fair Market Value

on the date of purchase sufficient to cover the aggregate Exercise Price; (ii) by a broker-assisted cashless exercise transaction pursuant to which the Stock Plan Administrator loans funds to you to enable you to pay the aggregate Exercise Price and purchase Shares, and then sells a sufficient [whole] number of the purchased Shares on your behalf to enable you to repay the aggregate Exercise Price (with the remaining Shares and/or cash then delivered by Stock Plan Administrator to you) or (iii) cash payment. In cases where you utilize the net exercise arrangement and the Fair Market Value of the number of whole Shares withheld or sold, as applicable, is greater than the aggregate Exercise Price, the Company shall make a cash payment to you equal to the difference as soon as administratively practicable.

5. If you are resident and/or employed outside of the United States, you agree, as a condition of the grant of the Options, to repatriate all payments attributable to the Shares and/or cash acquired under the 2011 Plan (including, but not limited to, dividends and any proceeds derived from the sale of the Shares acquired pursuant to the Options) if required by and in accordance with local foreign exchange rules and regulations in your country of residence (and country of employment, if different). In addition, you also agree to take any and all actions, and consent to any and all actions taken by the Company and its Subsidiaries, as may be required to allow the Company and its Subsidiaries to comply with local laws, rules and regulations in your country of residence (and country of employment, if different). Finally, you agree to take any and all actions as may be required to comply with your personal legal and tax obligations under local laws, rules and regulations in your country of residence (and country of employment, if different).

6. If you are resident or employed in a country that is a member of the European Union, the grant of the Options and these Terms and Conditions are intended to comply with the age discrimination provisions of the EU Equal Treatment Framework Directive, as implemented into local law (the "Age Discrimination Rules"). To the extent that a court or tribunal of competent jurisdiction determines that any provision of these Terms and Conditions is invalid or unenforceable, in whole or in part, under the Age Discrimination Rules, the Company, in its sole discretion, shall have the power and authority to revise or strike such provision to the minimum extent necessary to make it valid and enforceable to the full extent permitted under local law.

7. Regardless of any action the Company and/or your Employer take with respect to any or all income tax (including U.S. federal, state and local taxes and/or non-U.S. taxes), social insurance, payroll tax, payment on account or other tax-related withholding ("Tax-Related Items"), you acknowledge that the ultimate liability for all Tax-Related Items legally due by you is and remains your responsibility and that the Company and your Employer (i) make no representations or undertakings regarding the treatment of any Tax-Related Items in connection with any aspect of the Options, including the grant of the Options, the vesting of the Options, the exercise of the Options, the subsequent sale of any Shares acquired pursuant to the Options and the receipt of any dividends and (ii) do not commit to structure the terms of the grant or any aspect of the Options to reduce or eliminate your liability for Tax-Related Items. Further, if you become subject to taxation in more than one country between the grant date and the date of any relevant taxable or tax withholding event, as applicable, you acknowledge that the Employer (or former employer, as applicable) may be required to withhold or account for Tax-Related Items in more than one country.

Prior to the delivery of Shares upon exercise of your Options, if your country of residence (and/or your country of employment, if different) requires withholding of Tax-Related Items, the Company may withhold a number of whole Shares otherwise issuable upon exercise of the Options that have an aggregate Fair Market Value that the Company, taking into account local requirements and administrative issues, determines in its sole discretion is appropriate to cover withholding for Tax-Related Items with respect to the Shares. The cash equivalent of the Shares withheld will be used to settle the obligation to withhold the Tax-Related Items. In cases where the Fair Market Value of the number of whole Shares withheld at the time of exercise is greater than the amount required to be paid to the relevant government authorities with respect to

withholding for Tax-Related Items, the Company shall make a cash payment to you equal to the difference as soon as administratively practicable. In the event that withholding in Shares is prohibited or problematic under applicable law or causes adverse consequences to the Company or your Employer, your Employer may withhold the Tax-Related Items required to be withheld with respect to the Shares (i) from the proceeds of the sale of Shares acquired upon exercise of the Options either through a voluntary sale or through a mandatory sale arranged by the Company (on your behalf pursuant to this authorization without further consent), or (ii) in cash from your regular salary and/or wages or other amounts payable to you. In the event the withholding requirements are not satisfied through the withholding of Shares or through your regular salary and/or wages or any other amounts payable to you by your Employer, no Shares will be issued to you (or your estate) upon exercise of the Options unless and until satisfactory arrangements (as determined by the Board of Directors) have been made by you with respect to the payment of any Tax-Related Items that the Company or your Employer determines, in its sole discretion, should be withheld or collected with respect to such Options. By accepting these Options, you expressly consent to the withholding of Shares and/or withholding from your regular salary and/or wages or other amounts payable to you as provided for hereunder. All other Tax-Related Items related to the Options and any Shares delivered in payment thereof are your sole responsibility.

8. The Options are intended to be exempt from the requirements of Code Section 409A. The 2011 Plan and these Terms and Conditions shall be administered and interpreted in a manner consistent with this intent. If the Company determines that these Terms and Conditions are subject to Code Section 409A and that it has failed to comply with the requirements of that Section, the Company may, at the Company's sole discretion and without your consent, amend these Terms and Conditions to cause them to comply with Code Section 409A or be exempt from Code Section 409A.

9. If you were required to sign the "Stryker Confidentiality, Intellectual Property, Non-Competition and Non-Solicitation Agreement" or a similar agreement in order to receive the Options or have previously signed such an agreement and you breach any non-competition, non-solicitation or non-disclosure provision or provision as to ownership of inventions contained therein at any time while employed by the Company or a Subsidiary or during the one-year period following termination of employment, any unexercised portion of the Options shall be rescinded and you shall return to the Company all Shares that were acquired upon exercise of the Options that you have not disposed of and the Company shall repay you an amount for each such Share equal to the lesser of the Exercise Price or the Fair Market Value of a Share at such time. Further, you shall pay to the Company an amount equal to the profit realized by you (if any) on all Shares that were acquired upon exercise of the Options that you have disposed of. For purposes of the preceding sentence, the profit shall be the positive difference between the Fair Market Value of the Shares at the time of disposition and the Exercise Price.

10. The Options shall be transferable only by will or the laws of descent and distribution and shall be exercisable during your lifetime only by you. If you purport to make any transfer of the Options, except as aforesaid, the Options and all rights thereunder shall terminate immediately.

11. The Options shall not be exercisable in whole or in part, and the Company shall not be obligated to issue any Shares subject to the Options, if such exercise and sale would, in the opinion of counsel for the Company, violate the Securities Act of 1933 or any other U.S. federal, state or non-U.S. statute having similar requirements as it may be in effect at the time. The Options are subject to the further requirement that, if at any time the Board of Directors shall determine in its discretion that the listing or qualification of the Shares subject to the Options under any securities exchange requirements or under any applicable law, or the consent or approval of any governmental regulatory body, is necessary or desirable as a condition of or in connection with the issuance of Shares pursuant to the Options, the Options may not be exercised in whole or in part unless such listing, qualification, consent or approval shall have been effected or obtained free of any conditions not acceptable to the Board of Directors.

12. The grant of the Options shall not confer upon you any right to continue in the employ of your Employer nor limit in any way the right of your Employer to terminate your employment at any time. You shall have no rights as a shareholder of the Company with respect to any Shares issuable upon the exercise of the Options until the date of issuance of such Shares.

13. You acknowledge and agree that the 2011 Plan is discretionary in nature and may be amended, cancelled, or terminated by the Company, in its sole discretion, at any time. The grant of the Options under the 2011 Plan is a one-time benefit and does not create any contractual or other right to receive a grant of Options or any other award under the 2011 Plan or other benefits in lieu thereof in the future. Future grants, if any, will be at the sole discretion of the Company, including, but not limited to, the form and timing of any grant, the number of Shares subject to the grant, the vesting provisions and the exercise price. Any amendment, modification or termination of the 2011 Plan shall not constitute a change or impairment of the terms and conditions of your employment with your Employer.

14. Your participation in the 2011 Plan is voluntary. The value of the Options and any other awards granted under the 2011 Plan is an extraordinary item of compensation outside the scope of your employment (and your employment contract, if any). Any grant under the 2011 Plan, including the grant of the Options, is not part of normal or expected compensation for purposes of calculating any severance, resignation, redundancy, end of service payments, bonuses, long-service awards, pension, or retirement benefits or similar payments.

15. These Terms and Conditions shall bind and inure to the benefit of the Company, its successors and assigns and you and your estate in the event of your death.

16. The Options are Nonstatutory Stock Options and shall not be treated as Incentive Stock Options.

17. The Company is located at 2825 Airview Boulevard Kalamazoo, Michigan 49002, U.S.A. and grants Options under the 2011 Plan to employees of the Company and Subsidiaries in its sole discretion. In conjunction with the Company's grant of the Options under the 2011 Plan and its ongoing administration of such awards, the Company is providing the following information about its data collection, processing and transfer practices ("Personal Data Activities"). In accepting the grant of the Options, you expressly and explicitly consent to the Personal Data Activities as described herein.

The Company collects, processes and uses your personal data, including your name, home address, email address, and telephone number, date of birth, social insurance number or other identification number, salary, citizenship, job title, any Shares or directorships held in the Company, and details of all Options or any other equity compensation awards granted, canceled, exercised, vested, or outstanding in your favor, which the Company receives from you or your Employer. In granting the Options under the Plan, the Company will collect your personal data for purposes of allocating Shares and implementing, administering and managing the 2011 Plan. The Company's legal basis for the collection, processing and usage of your personal data is your consent.

(a) The Company transfers your personal data to the Stock Plan Administrator. In the future, the Company may select a different Stock Plan Administrator and share your personal data with another company that serves in a similar manner. The Stock Plan Administrator will open an account for you, if an account is not already in place, to receive and trade Shares acquired under the 2011 Plan. You will be asked to agree on separate terms and data processing practices with the Stock Plan Administrator, which is a condition to your ability to participate in the 2011 Plan.

(b) The Company and the Stock Plan Administrator are based in the United States. You should note that your country of residence may have enacted data privacy laws that are different from the United States. The Company's legal basis for the transfer of your personal data to the United States is your consent.

(c) Your participation in the 2011 Plan and your grant of consent is purely voluntary. You may deny or withdraw your consent at any time. If you do not consent, or if you withdraw your consent, you may be unable to participate in the 2011 Plan. This would not affect your existing employment or salary; instead, you merely may forfeit the opportunities associated with the 2011 Plan.

You may have a number of rights under the data privacy laws in your country of residence. For example, your rights may include the right to (i) request access or copies of personal data the Company processes, (ii) request rectification of incorrect data, (iii) request deletion of data, (iv) place restrictions on processing, (v) lodge complaints with competent authorities in your country or residence, and/or (vi) request a list with the names and addresses of any potential recipients of your personal data. To receive clarification regarding your rights or to exercise your rights, you should contact your local HR manager or the Company's Human Resources Department.

18. The grant of the Options is not intended to be a public offering of securities in your country of residence (and country of employment, if different). The Company has not submitted any registration statement, prospectus or other filing(s) with the local securities authorities (unless otherwise required under local law). **No employee of the Company is permitted to advise you on whether you should purchase Shares under the 2011 Plan or provide you with any legal, tax or financial advice with respect to the grant of your Options. Investment in Shares involves a degree of risk. Before deciding to purchase Shares pursuant to the Options, you should carefully consider all risk factors and tax considerations relevant to the acquisition of Shares under the 2011 Plan or the disposition of them. Further, you should carefully review all of the materials related to the Options and the 2011 Plan, and you should consult with your personal legal, tax and financial advisors for professional advice in relation to your personal circumstances.**

19. All questions concerning the construction, validity and interpretation of the Options and the 2011 Plan shall be governed and construed according to the laws of the state of Michigan, without regard to the application of the conflicts of laws provisions thereof. Any disputes regarding the Options or the 2011 Plan shall be brought only in the state or federal courts of the state of Michigan.

20. The Company may, in its sole discretion, decide to deliver any documents related to the Options or other awards granted to you under the 2011 Plan by electronic means. You hereby consent to receive such documents by electronic delivery and agree to participate in the 2011 Plan through an on-line or electronic system established and maintained by the Company or a third party designated by the Company.

21. The invalidity or unenforceability of any provision of the 2011 Plan or these Terms and Conditions shall not affect the validity or enforceability of any other provision of the 2011 Plan or these Terms and Conditions.

22. If you are resident outside of the United States, you acknowledge and agree that it is your express intent that these Terms and Conditions, the 2011 Plan and all other documents, notices and legal proceedings entered into, given or instituted pursuant to the Options be drawn up in English. If you have received these Terms and Conditions, the 2011 Plan or any other documents related to the Options translated

into a language other than English and the meaning of the translated version is different than the English version, the English version will control.

23. You acknowledge that, depending on your or your broker's country of residence or where the Shares are listed, you may be subject to insider trading restrictions and/or market abuse laws which may affect your ability to accept, acquire, sell or otherwise dispose of Shares, rights to Shares (e.g., Options) or rights linked to the value of Shares during such times you are considered to have "inside information" regarding the Company as defined in the laws or regulations in your country of employment (and country of residence, if different). Local insider trading laws and regulations may prohibit the cancellation or amendment of orders you placed before you possessed inside information. Furthermore, you could be prohibited from (i) disclosing the inside information to any third party (other than on a "need to know" basis) and (ii) "tipping" third parties or causing them otherwise to buy or sell securities. Third parties include fellow employees. Any restrictions under these laws or regulations are separate from and in addition to any restrictions that may be imposed under any applicable Company insider trading policy. You acknowledge that it is your responsibility to comply with any restrictions and are advised to speak to your personal advisor on this matter.

24. Notwithstanding any provisions of these Terms and Conditions to the contrary, the Options shall be subject to any special terms and conditions for your country of residence (and country of employment, if different) set forth in an addendum to these Terms and Conditions (an "Addendum"). Further, if you transfer your residence and/or employment to another country reflected in an Addendum to these Terms and Conditions at the time of transfer, the special terms and conditions for such country will apply to you to the extent the Company determines, in its sole discretion, that the application of such special terms and conditions is necessary or advisable in order to comply with local law, rules and regulations, or to facilitate the operation and administration of the award and the 2011 Plan (or the Company may establish alternative terms and conditions as may be necessary or advisable to accommodate your transfer). In all circumstances, any applicable Addendum shall constitute part of these Terms and Conditions.

25. The Company reserves the right to impose other requirements on the Options, any Shares acquired pursuant to the Options and your participation in the 2011 Plan to the extent the Company determines, in its sole discretion, that such other requirements are necessary or advisable in order to comply with local law, rules and regulations, or to facilitate the operation and administration of the award and the 2011 Plan. Such requirements may include (but are not limited to) requiring you to sign any agreements or undertakings that may be necessary to accomplish the foregoing.

26. **This Section 26 applies only to those persons whom the Company's Recoupment Policy applies (the corporate officers elected by the Company's Board of Directors other than Assistant Controllers, Assistant Secretaries and Assistant Treasurers).** Notwithstanding any other provision of these Terms and Conditions to the contrary, you acknowledge and agree that your Options, any Shares acquired pursuant thereto and/or any amount received with respect to any sale of such Shares are subject to potential cancellation, recoupment, rescission, payback or other action in accordance with the terms of the Company's Recoupment Policy as in effect on the date of grant (a copy of which has been furnished to you) and as the Recoupment Policy may be amended from time to time in order to comply with changes in laws, rules or regulations that are applicable to such Options and Shares. You agree and consent to the Company's application, implementation and enforcement of (a) the Recoupment Policy and (b) any provision of applicable law relating to cancellation, recoupment, rescission or payback of compensation and expressly agree that the Company may take such actions as are necessary to effectuate the Recoupment Policy (as applicable to you) or applicable law without further consent or action being required by you. For purposes of the foregoing, you expressly and explicitly authorize the Company to issue instructions, on your behalf, to any brokerage firm and/or third party administrator engaged by the Company to hold your Shares and other

amounts acquired under the Plan to re-convey, transfer or otherwise return such Shares and/or other amounts to the Company. In the case of a conflict between these Terms and Conditions and the Recoupment Policy, the terms of the Recoupment Policy shall prevail.

27. By accepting the grant of Options, you acknowledge that you have read these Terms and Conditions, the Addendum to these Terms and Conditions (as applicable) and the 2011 Plan and specifically accept and agree to the provisions therein.

In addition to the terms of the 2011 Plan and the Terms and Conditions, the Options are subject to the following additional terms and conditions (the “Addendum”). All capitalized terms as contained in this Addendum shall have the same meaning as set forth in the 2011 Plan and the Terms and Conditions. Pursuant to Section 24 of the Terms and Conditions, if you transfer your residence and/or employment to another country reflected in an Addendum at the time of transfer, the special terms and conditions for such country will apply to you to the extent the Company determines, in its sole discretion, that the application of such terms and conditions is necessary or advisable in order to comply with local law, rules and regulations, or to facilitate the operation and administration of the award and the 2011 Plan (or the Company may establish alternative terms and conditions as may be necessary or advisable to accommodate your transfer).

Data Privacy Information: European Union (“EU”) / European Economic Area (“EEA”) / Switzerland and the United Kingdom*

**The below information is for data privacy purposes only and you should determine whether any other special terms and conditions apply to your awards in these jurisdictions.*

1. Data Privacy. If you reside and/or you are employed in the EU / EEA, Switzerland or the United Kingdom the following provision replaces Section 17 of the Terms and Conditions:

The Company is located at 2825 Airview Boulevard Kalamazoo, Michigan 49002, U.S.A. and grants Options under the 2011 Plan to employees of the Company and its Subsidiaries in its sole discretion. You should review the following information about the Company’s data processing practices.

(a) Data Collection, Processing and Usage. Pursuant to applicable data protection laws, you are hereby notified that the Company collects, processes and uses certain personally-identifiable information about you for the legitimate interest of implementing, administering and managing the 2011 Plan and generally administering equity awards; specifically, including your name, home address, email address and telephone number, date of birth, social insurance number or other identification number, salary, citizenship, job title, any Shares or directorships held in the Company, and details of all options or any other awards granted, canceled, exercised, vested, or outstanding in your favor, which the Company receives from you or your Employer. In granting the Options under the 2011 Plan, the Company will collect your personal data for purposes of allocating Shares and implementing, administering and managing the 2011 Plan. The Company’s collection, processing, use and transfer of your personal data is necessary for the performance of the Company’s contractual obligations under the Plan and pursuant to the Company’s legitimate interest of managing and generally administering employee equity awards. Your refusal to provide personal data would make it impossible for the Company to perform its contractual obligations and may affect your ability to participate in the 2011 Plan. As such, by participating in the 2011 Plan, you voluntarily acknowledge the collection, processing and use of your personal data as described herein.

(b) Stock Plan Administration Service Provider. The Company transfers participant data to the Stock Plan Administrator. In the future, the Company may select a different Stock Plan Administrator and share your data with another company that serves in a similar manner. The Stock Plan Administrator will open an account for you, if an account is not already in place, to receive and trade Shares acquired under the

2011 Plan. You will be asked to agree on separate terms and data processing practices with the Stock Plan Administrator, which is a condition to your ability to participate in the 2011 Plan.

(c) **International Data Transfers.** The Company and the Stock Plan Administrator are based in the United States. The Company can only meet its contractual obligations to you if your personal data is transferred to the United States. The Company's legal basis for the transfer of your personal data to the United States is to satisfy its contractual obligations to you and/or its use of the standard data protection clauses adopted by the EU Commission.

(d) **Data Retention.** The Company will use your personal data only as long as is necessary to implement, administer and manage your participation in the 2011 Plan or as required to comply with legal or regulatory obligations, including under tax and security laws. When the Company no longer needs your personal data, the Company will remove it from its systems. If the Company keeps your data longer, it would be to satisfy legal or regulatory obligations and the Company's legal basis would be for compliance with relevant laws or regulations.

(e) **Data Subject Rights.** You may have a number of rights under data privacy laws in your country of residence. For example, your rights may include the right to (i) request access or copies of personal data the Company processes, (ii) request rectification of incorrect data, (iii) request deletion of data, (iv) place restrictions on processing, (v) lodge complaints with competent authorities in your country of residence, and/or (vi) request a list with the names and addresses of any potential recipients of the Participant's personal data. To receive clarification regarding your rights or to exercise your rights, you should contact your local HR manager or the Company's Human Resources Department.

2. Termination of Employment. The following supplements Section 2(c) of the Terms and Conditions as well as any other section required to give effect to the same:

In the event of your termination of employment for any reason (other than by reason of death, Disability or Retirement), either by you or by the Employer, with or without cause, your rights to vest or to continue to vest in the Options and receive Shares upon exercise under the 2011 Plan, if any, will terminate as of the actual Termination Date. For this purpose, the "Termination Date" shall mean the last day on which you are actively employed by the Employer, and shall not include or be extended by any period following such day during which you are in receipt of or eligible to receive any notice of termination, pay in lieu of notice of termination, severance pay or any other payments or damages, whether arising under statute, contract or at common law.

Notwithstanding the foregoing, if applicable employment standards legislation explicitly requires continued entitlement to vesting during a statutory notice period, your right to vest in the Options under the 2011 Plan, if any, will terminate effective as of the last day of your minimum statutory notice period, but you will not earn or be entitled to pro-rated vesting if the vesting date falls after the end of your statutory notice period, nor will you be entitled to any compensation for lost vesting.

1. Commercial Relationship. You expressly recognize that your participation in the 2011 Plan and the Company's grant of the Options does not constitute an employment relationship between you and the Company. You have been granted the Options as a consequence of the commercial relationship between the Company and the Subsidiary in Mexico that employs you, and the Company's Subsidiary in Mexico is your sole employer. Based on the foregoing, (a) you expressly recognize the 2011 Plan and the benefits you may derive from your participation in the 2011 Plan do not establish any rights between you and the Company's Subsidiary in Mexico that employs you, (b) the 2011 Plan and the benefits you may derive from your participation in the 2011 Plan are not part of the employment conditions and/or benefits provided by the Company's Subsidiary in Mexico that employs you, and (c) any modification or amendment of the 2011 Plan by the Company, or a termination of the 2011 Plan by the Company, shall not constitute a change or impairment of the terms and conditions of your employment with the Company's Subsidiary in Mexico that employs you.

NEW ZEALAND

1. **WARNING.** You are being offered Options in Stryker Corporation. If the Company runs into financial difficulties and is wound up, you may lose some or all your investment. New Zealand law normally requires people who offer financial products to give information to investors before they invest. This requires those offering financial products to have disclosed information that is important for investors to make an informed decision. The usual rules do not apply to this offer because it is an offer made under the Employee Share Scheme exemption. As a result, you may not be given all the information usually required. You will also have fewer other legal protections for this investment. You should ask questions, read all documents carefully, and seek independent financial advice before accepting the offer. The Company's Shares are currently traded on the New York Stock Exchange under the ticker symbol "SYK" and Shares acquired under the 2011 Plan may be sold through this exchange. You may end up selling the Shares at a price that is lower than the value of the Shares when you acquired them. The price will depend on the demand for the Company's Shares. *The Company's most recent annual report (which includes the Company's financial statements) is available at <http://phx.corporate-ir.net/phoenix.zhtml?c=118965&p=irol-irhome>. 1. **Qualifying Person Exemption.** The following provision shall replace Section 18 of the Terms and Conditions:

The grant of the Options under the 2011 Plan is being made pursuant to the "Qualifying Person" exemption" under section 273(1)(f) of the Securities and Futures Act (Chapter 289, 2011 Ed.) ("SFA"). The 2011 Plan has not been lodged or registered as a prospectus with the Monetary Authority of Singapore. You should note that, as a result, the Options are subject to section 257 of the SFA and you will not be able to make (a) any subsequent sale of the Shares in Singapore or (ii) any offer of such subsequent sale of the Shares subject to the Options in Singapore, unless such sale or offer is made pursuant to the exemptions under Part XIII Division (1) Subdivision (4) (other than section 280) of the SFA (Chapter 289, 2011 Ed.).

2. **Director Reporting Notification.** If you are a director, associate director or shadow director of a Singapore company, you are subject to certain notification requirements under the Singapore Companies Act. Among these requirements is an obligation to notify the Singapore company in writing when you receive an interest (e.g., Options or Shares) in the Company or any related company. In addition, you must

notify the Singapore company when you sell Shares (including when you sell Shares acquired upon exercise of the Options). These notifications must be made within two business days of acquiring or disposing of any interest in the Company or any related company. In addition, a notification must be made of Participant's interests in the Company or any related company within two business days of becoming a director.

SOUTH AFRICA

1. Withholding Taxes. In addition to the provisions of Section 7 of the Terms and Conditions, you agree to notify your Employer in South Africa of the amount of any gain realized upon exercise of the Options. If you fail to advise the Company of the gain realized upon exercise, you may be liable for a fine. You will be responsible for paying any difference between the actual tax liability and the amount withheld.

2. Exchange Control Obligations. You are solely responsible for complying with applicable exchange control regulations and rulings (the "Exchange Control Regulations") in South Africa. As the Exchange Control Regulations change frequently and without notice, you should consult your legal advisor prior to the acquisition or sale of Shares under the 2011 Plan to ensure compliance with current Exchange Control Regulations. Neither the Company nor any of its Subsidiaries will be liable for any fines or penalties resulting from your failure to comply with applicable laws.

3. Securities Law Information and Deemed Acceptance of Options. Neither the Options nor the underlying Shares shall be publicly offered or listed on any stock exchange in South Africa. The offer is intended to be private pursuant to Section 96 of the Companies Act and is not subject to the supervision of any South African governmental authority. Pursuant to Section 96 of the Companies Act, the Options offer must be finalized on or before the 60th day following the grant date. If you do not want to accept the Options, you are required to decline the Options no later than the 60th day following the grant date. If you do not reject the Options on or before the 60th day following the grant date, you will be deemed to accept the Options.

SPAIN

1. Acknowledgement of Discretionary Nature of the 2011 Plan; No Vested Rights. In accepting the Options, you acknowledge that you consent to participation in the 2011 Plan and have received a copy of the 2011 Plan. You understand that the Company has unilaterally, gratuitously and in its sole discretion granted Options under the 2011 Plan to individuals who may be employees of the Company or its Subsidiaries throughout the world. The decision is a limited decision that is entered into upon the express assumption and condition that any grant will not economically or otherwise bind the Company or any of its Subsidiaries on an ongoing basis. Consequently, you understand that the Options are granted on the assumption and condition that the Options and the Shares acquired upon exercise of the Options shall not become a part of any employment contract (either with the Company or any of its Subsidiaries) and shall not be considered a mandatory benefit, salary for any purposes (including severance compensation) or any other right whatsoever. In addition, you understand that this grant would not be made to you but for the assumptions and conditions referenced above. Thus, you acknowledge and freely accept that should any or all of the assumptions be mistaken or should any of the conditions not be met for any reason, the Options shall be null and void.

You understand and agree that, as a condition of the grant of the Options, any unvested Options as of the date you cease active employment and any vested portion of the Options not exercised within the post-termination exercise period set out in the Terms and Conditions will be forfeited without entitlement to the underlying Shares or to any amount of indemnification in the event of the termination of employment by reason of, but not limited to, (i) material modification of the terms of employment under Article 41 of the Workers' Statute or (ii) relocation under Article 40 of the Workers' Statute. You acknowledge that you have read and specifically accept the conditions referred to in the Terms and Conditions regarding the impact of a termination of employment on your Options.

STRYKER CORPORATION
TERMS AND CONDITIONS
RELATING TO RESTRICTED STOCK UNITS GRANTED
PURSUANT TO THE 2011 LONG-TERM INCENTIVE PLAN, AS AMENDED AND RESTATED

1. The Restricted Stock Units (“RSUs”) with respect to Common Stock of Stryker Corporation (the “Company”) granted to you during 2021 are subject to these Terms and Conditions Relating to Restricted Stock Units Granted Pursuant to the 2011 Long-Term Incentive Plan, as Amended and Restated (the “Terms and Conditions”) and all of the terms and conditions of the Stryker Corporation 2011 Long-Term Incentive Plan, as Amended and Restated (the “2011 Plan”), which is incorporated herein by reference. In the case of a conflict between these Terms and Conditions and the terms of the 2011 Plan, the provisions of the 2011 Plan will govern. Capitalized terms used but not defined herein have the meaning provided therefor in the 2011 Plan. For purposes of these Terms and Conditions, “Employer” means the Company or any Subsidiary that employs you on the applicable date, and “Stock Plan Administrator” means UBS Financial Services Inc. (or any other independent service provider engaged by the Company to assist with the implementation, operation and administration of the 2011 Plan).

2. Your right to receive the Shares issuable pursuant to the RSUs shall be only as follows:

(a) If you continue to be an Employee, you will receive the Shares underlying the RSUs that have become vested as soon as administratively possible following the vesting date as set forth in the award letter.

(b) If you cease to be an Employee by reason of Disability (as such term is defined in the 2011 Plan or determined under local law) or death prior to the date that your RSUs become fully vested, you or your estate will become fully vested in your RSUs, and you, your legal representative or your estate will receive all of the underlying Shares as soon as administratively practicable following your termination by Disability or death.

(c) If you cease to be an Employee by reason of Retirement (as such term is defined in the 2011 Plan or determined under local law) prior to the date that your RSUs become fully vested, you (or your estate in the event of your death after your termination by Retirement) will continue to vest in your RSUs in accordance with the vesting schedule as set forth in the award letter as if you had continued your employment with your Employer.

(d) If you cease to be an Employee prior to the date that your RSUs become fully vested for any reason other than those provided in (b) or (c) above, you shall cease vesting in your RSUs effective as of your Termination Date. If you are a resident of or employed in the United States, “Termination Date” shall mean the effective date of termination of your employment with your Employer. If you are resident or employed outside of the United States, “Termination Date” shall mean the earliest of (i) the date on which notice of termination is provided to you, (ii) the last day of your active service with your Employer, or (iii) the last day on which you are an Employee of your Employer, as determined in each case without including any required advance notice period and irrespective of the status of the termination under local labor or employment laws.

(e) Notwithstanding the foregoing, the Company may, in its sole discretion, settle your RSUs in the form of: (i) a cash payment to the extent settlement in Shares (1) is prohibited under local law, (2) would require you, the Company and/or your Employer to obtain the approval of any governmental and/or regulatory body in your country of residence (and country of employment, if different), or (3) is

administratively burdensome; or (ii) Shares, but require you to immediately sell such Shares (in which case, the Company shall have the authority to issue sales instructions in relation to such Shares on your behalf).

3. The number of Shares subject to the RSUs shall be subject to adjustment and the vesting dates hereof may be accelerated as follows:

(a) In the event that the Shares, as presently constituted, shall be changed into or exchanged for a different number or kind of shares of stock or other securities of the Company or of another corporation (whether by reason of merger, consolidation, recapitalization, reclassification, split-up, combination of shares, or otherwise) or if the number of such Shares shall be increased through the payment of a stock dividend or a dividend on the Shares of rights or warrants to purchase securities of the Company shall be made, then there shall be substituted for or added to each Share theretofore subject to the RSUs the number and kind of shares of stock or other securities into which each outstanding Share shall be so changed, or for which each such Share shall be exchanged, or to which each such Share shall be entitled. The other terms of the RSUs shall also be appropriately amended as may be necessary to reflect the foregoing events. In the event there shall be any other change in the number or kind of the outstanding Shares, or of any stock or other securities into which such Shares shall have been exchanged, then if the Committee shall, in its sole discretion, determine that such change equitably requires an adjustment in the RSUs, such adjustment shall be made in accordance with such determination.

(b) Fractional Shares resulting from any adjustment in the RSUs may be settled in cash or otherwise as the Committee shall determine, in its sole discretion. Notice of any adjustment will be given to you and such adjustment (whether or not such notice is given) shall be effective and binding for all purposes hereof.

(c) The Committee shall have the power to amend the RSUs to permit the immediate vesting of the RSUs (and to terminate any unvested RSUs) and the distribution of the underlying Shares prior to the effectiveness of (i) any disposition of substantially all of the assets of the Company or your Employer, (ii) the shutdown, discontinuance of operations or dissolution of the Company or your Employer, or (iii) the merger or consolidation of the Company or your Employer with or into any other unrelated corporation.

4. If you are resident and/or employed outside of the United States, you agree, as a condition of the grant of the RSUs, to repatriate all payments attributable to the Shares and/or cash acquired under the 2011 Plan (including, but not limited to, dividends, dividend equivalents and any proceeds derived from the sale of the Shares acquired pursuant to the RSUs) if required by and in accordance with local foreign exchange rules and regulations in your country of residence (and country of employment, if different). In addition, you also agree to take any and all actions, and consent to any and all actions taken by the Company and its Subsidiaries, as may be required to allow the Company and its Subsidiaries to comply with local laws, rules and regulations in your country of residence (and country of employment, if different). Finally, you agree to take any and all actions as may be required to comply with your personal legal and tax obligations under local laws, rules and regulations in your country of residence (and country of employment, if different).

5. If you are resident and/or employed in a country that is a member of the European Union, the grant of the RSUs and these Terms and Conditions are intended to comply with the age discrimination provisions of the EU Equal Treatment Framework Directive, as implemented into local law (the "Age Discrimination Rules"). To the extent that a court or tribunal of competent jurisdiction determines that any provision of these Terms and Conditions is invalid or unenforceable, in whole or in part, under the Age Discrimination Rules, the Company, in its sole discretion, shall have the power and authority to revise or strike such provision to the minimum extent necessary to make it valid and enforceable to the full extent permitted under local law.

6. Regardless of any action the Company and/or your Employer take with respect to any or all income tax (including U.S. federal, state and local taxes and/or non-U.S. taxes), social insurance, payroll tax, payment on account or other tax-related withholding (“Tax-Related Items”), you acknowledge that the ultimate liability for all Tax-Related Items legally due by you is and remains your responsibility and that the Company and your Employer (i) make no representations or undertakings regarding the treatment of any Tax-Related Items in connection with any aspect of the RSUs, including the grant of the RSUs, the vesting of the RSUs, the subsequent sale of any Shares acquired pursuant to the RSUs and the receipt of any dividends or dividend equivalents and (ii) do not commit to structure the terms of the grant or any aspect of the RSUs to reduce or eliminate your liability for Tax-Related Items. Further, if you become subject to taxation in more than one country between the grant date and the date of any relevant taxable or tax withholding event, as applicable, you acknowledge that your Employer (or former employer, as applicable) may be required to withhold or account for Tax-Related Items in more than one country.

Prior to any taxable event, if your country of residence (and/or your country of employment, if different) requires withholding of Tax-Related Items, the Company shall withhold a number of whole Shares that have an aggregate Fair Market Value that the Company, taking into account local requirements and administrative issues, determines in its sole discretion is appropriate to cover withholding for Tax-Related Items with respect to the Shares. The cash equivalent of the Shares withheld will be used to settle the obligation to withhold the Tax-Related Items. In cases where the Fair Market Value of the number of whole Shares withheld is greater than the amount required to be paid to the relevant government authorities with respect to withholding for Tax-Related Items, the Company shall make a cash payment to you equal to the difference as soon as administratively practicable. In the event that withholding in Shares is prohibited or problematic under applicable law or otherwise may trigger adverse consequences to the Company or your Employer, your Employer shall withhold the Tax-Related Items required to be withheld with respect to the Shares in cash from your regular salary and/or wages or other amounts payable to you. In the event the withholding requirements are not satisfied through the withholding of Shares or through your regular salary and/or wages or any other amounts payable to you by your Employer, no Shares will be issued to you (or your estate) unless and until satisfactory arrangements (as determined by the Board of Directors) have been made by you with respect to the payment of any Tax-Related Items that the Company or your Employer determines, in its sole discretion, should be withheld or collected with respect to such RSUs. By accepting these RSUs, you expressly consent to the withholding of Shares and/or withholding from your regular salary and/or wages or other amounts payable to you as provided for hereunder. All other Tax-Related Items related to the RSUs and any Shares delivered in payment thereof are your sole responsibility.

7. The RSUs are intended to be exempt from the requirements of Code Section 409A. The 2011 Plan and these Terms and Conditions shall be administered and interpreted in a manner consistent with this intent. If the Company determines that these Terms and Conditions are subject to Code Section 409A and that it has failed to comply with the requirements of that Section, the Company may, at the Company’s sole discretion and without your consent, amend these Terms and Conditions to cause them to comply with Code Section 409A or be exempt from Code Section 409A.

8. If you were required to sign the “Stryker Confidentiality, Intellectual Property, Non-Competition and Non-Solicitation Agreement” or a similar agreement in order to receive the RSUs or have previously signed such an agreement and you breach any non-competition, non-solicitation or non-disclosure provision or provision as to ownership of inventions contained therein at any time while employed by the Company or a Subsidiary, or during the one-year period following termination of employment, any unvested RSUs shall be rescinded and you shall return to the Company all Shares that were acquired upon vesting of the RSUs that you have not disposed of. Further, you shall pay to the Company an amount equal to the profit realized by you (if any) on all Shares that were acquired upon vesting of the RSUs that you have disposed of.

For purposes of the preceding sentence, the profit shall be the Fair Market Value of the Shares at the time of disposition.

9. The RSUs shall be transferable only by will or the laws of descent and distribution. If you purport to make any transfer of the RSUs, except as aforesaid, the RSUs and all rights thereunder shall terminate immediately.

10. The RSUs shall not be vested in whole or in part, and the Company shall not be obligated to issue any Shares subject to the RSUs, if such issuance would, in the opinion of counsel for the Company, violate the Securities Act of 1933 or any other U.S. federal, state or non-U.S. statute having similar requirements as it may be in effect at the time. The RSUs are subject to the further requirement that, if at any time the Board of Directors shall determine in its discretion that the listing or qualification of the Shares subject to the RSUs under any securities exchange requirements or under any applicable law, or the consent or approval of any governmental regulatory body, is necessary or desirable as a condition of or in connection with the issuance of Shares pursuant to the RSUs, the RSUs may not be vested in whole or in part unless such listing, qualification, consent or approval shall have been effected or obtained free of any conditions not acceptable to the Board of Directors.

11. The grant of the RSUs shall not confer upon you any right to continue in the employ of your Employer nor limit in any way the right of your Employer to terminate your employment at any time. You shall have no rights as a shareholder of the Company with respect to any Shares issuable upon the vesting of the RSUs until the date of issuance of such Shares.

12. You acknowledge and agree that the 2011 Plan is discretionary in nature and may be amended, cancelled, or terminated by the Company, in its sole discretion, at any time. The grant of the RSUs under the 2011 Plan is a one-time benefit and does not create any contractual or other right to receive a grant of RSUs or any other award under the 2011 Plan or other benefits in lieu thereof in the future. Future grants, if any, will be at the sole discretion of the Company, including, but not limited to, the form and timing of any grant, the number of Shares subject to the grant, and the vesting provisions. Any amendment, modification or termination of the 2011 Plan shall not constitute a change or impairment of the terms and conditions of your employment with your Employer.

13. Your participation in the 2011 Plan is voluntary. The value of the RSUs and any other awards granted under the 2011 Plan is an extraordinary item of compensation outside the scope of your employment (and your employment contract, if any). Any grant under the 2011 Plan, including the grant of the RSUs, is not part of normal or expected compensation for purposes of calculating any severance, resignation, redundancy, end of service payments, bonuses, long-service awards, pension, or retirement benefits or similar payments.

14. These Terms and Conditions shall bind and inure to the benefit of the Company, its successors and assigns and you and your estate in the event of your death.

15. The Company is located at 2825 Airview Boulevard Kalamazoo, Michigan 49002, U.S.A. and grants RSUs under the 2011 Plan to employees of the Company and Subsidiaries in its sole discretion. In conjunction with the Company's grant of the RSUs under the 2011 Plan and its ongoing administration of such awards, the Company is providing the following information about its data collection, processing and transfer practices ("Personal Data Activities"). In accepting the grant of the RSUs, you expressly and explicitly consent to the Personal Data Activities as described herein.

(a) The Company collects, processes and uses your personal data, including your name, home address, email address, and telephone number, date of birth, social insurance number or other identification number, salary, citizenship, job title, any Shares or directorships held in the Company, and details of all RSUs or any other equity compensation awards granted, canceled, exercised, vested, or outstanding in your favor, which the Company receives from you or your Employer. In granting the RSUs under the Plan, the Company will collect your personal data for purposes of allocating Shares and implementing, administering and managing the 2011 Plan. The Company's legal basis for the collection, processing and usage of your personal data is your consent.

(b) The Company transfers your personal data to the Stock Plan Administrator. In the future, the Company may select a different Stock Plan Administrator and share your personal data with another company that serves in a similar manner. The Stock Plan Administrator will open an account for you, if an account is not already in place, to receive and trade Shares acquired under the 2011 Plan. You will be asked to agree on separate terms and data processing practices with the Stock Plan Administrator, which is a condition to your ability to participate in the 2011 Plan.

(c) The Company and the Stock Plan Administrator are based in the United States. You should note that your country of residence may have enacted data privacy laws that are different from the United States. The Company's legal basis for the transfer of your personal data to the United States is your consent.

(d) Your participation in the 2011 Plan and your grant of consent is purely voluntary. You may deny or withdraw your consent at any time. If you do not consent, or if you withdraw your consent, you may be unable to participate in the 2011 Plan. This would not affect your existing employment or salary; instead, you merely may forfeit the opportunities associated with the 2011 Plan.

(e) You may have a number of rights under the data privacy laws in your country of residence. For example, your rights may include the right to (i) request access or copies of personal data the Company processes, (ii) request rectification of incorrect data, (iii) request deletion of data, (iv) place restrictions on processing, (v) lodge complaints with competent authorities in your country or residence, and/or (vi) request a list with the names and addresses of any potential recipients of your personal data. To receive clarification regarding your rights or to exercise your rights, you should contact your local HR manager or the Company's Human Resources Department.

16. The grant of the RSUs is not intended to be a public offering of securities in your country of residence (and country of employment, if different). The Company has not submitted any registration statement, prospectus or other filing(s) with the local securities authorities (unless otherwise required under local law). **No employee of the Company is permitted to advise you on whether you should acquire Shares under the 2011 Plan or provide you with any legal, tax or financial advice with respect to the grant of the RSUs. The acquisition of Shares involves certain risks, and you should carefully consider all risk factors and tax considerations relevant to the acquisition of Shares under the 2011 Plan or the disposition of them. Further, you should carefully review all of the materials related to the RSUs and the 2011 Plan, and you should consult with your personal legal, tax and financial advisors for professional advice in relation to your personal circumstances.**

17. All questions concerning the construction, validity and interpretation of the RSUs and the 2011 Plan shall be governed and construed according to the laws of the state of Michigan, without regard to the application of the conflicts of laws provisions thereof. Any disputes regarding the RSUs or the 2011 Plan shall be brought only in the state or federal courts of the state of Michigan.

18. The Company may, in its sole discretion, decide to deliver any documents related to the RSUs or other awards granted to you under the 2011 Plan by electronic means. You hereby consent to receive such documents by electronic delivery and agree to participate in the 2011 Plan through an on-line or electronic system established and maintained by the Company or a third party designated by the Company.

19. The invalidity or unenforceability of any provision of the 2011 Plan or these Terms and Conditions shall not affect the validity or enforceability of any other provision of the 2011 Plan or these Terms and Conditions.

20. If you are resident outside of the United States, you acknowledge and agree that it is your express intent that these Terms and Conditions, the 2011 Plan and all other documents, notices and legal proceedings entered into, given or instituted pursuant to the RSUs be drawn up in English. If you have received these Terms and Conditions, the 2011 Plan or any other documents related to the RSUs translated into a language other than English and the meaning of the translated version is different than the English version, the English version will control.

21. You acknowledge that, depending on your or your broker's country of residence or where the Shares are listed, you may be subject to insider trading restrictions and/or market abuse laws which may affect your ability to accept, acquire, sell or otherwise dispose of Shares, rights to Shares (e.g., RSUs) or rights linked to the value of Shares during such times you are considered to have "inside information" regarding the Company as defined in the laws or regulations in your country of employment (and country of residence, if different). Local insider trading laws and regulations may prohibit the cancellation or amendment of orders you placed before you possessed inside information. Furthermore, you could be prohibited from (i) disclosing the inside information to any third party (other than on a "need to know" basis) and (ii) "tipping" third parties or causing them otherwise to buy or sell securities. Third parties include fellow employees. Any restrictions under these laws or regulations are separate from and in addition to any restrictions that may be imposed under any applicable Company insider trading policy. You acknowledge that it is your responsibility to comply with any restrictions and are advised to speak to your personal advisor on this matter.

22. Notwithstanding any provisions of these Terms and Conditions to the contrary, the RSUs shall be subject to any special terms and conditions for your country of residence (and country of employment, if different) set forth in an addendum to these Terms and Conditions (an "Addendum"). Further, if you transfer your residence and/or employment to another country reflected in an Addendum to these Terms and Conditions at the time of transfer, the special terms and conditions for such country will apply to you to the extent the Company determines, in its sole discretion, that the application of such special terms and conditions is necessary or advisable in order to comply with local law, rules and regulations, or to facilitate the operation and administration of the award and the 2011 Plan (or the Company may establish alternative terms and conditions as may be necessary or advisable to accommodate your transfer). In all circumstances, any applicable Addendum shall constitute part of these Terms and Conditions.

23. The Company reserves the right to impose other requirements on the RSUs, any Shares acquired pursuant to the RSUs and your participation in the 2011 Plan to the extent the Company determines, in its sole discretion, that such other requirements are necessary or advisable in order to comply with local law, rules and regulations, or to facilitate the operation and administration of the award and the 2011 Plan. Such requirements may include (but are not limited to) requiring you to sign any agreements or undertakings that may be necessary to accomplish the foregoing.

24. **This Section 24 applies only to those persons whom the Company's Recoupment Policy applies (the corporate officers elected by the Company's Board of Directors other than Assistant**

Controllers, Assistant Secretaries and Assistant Treasurers). Notwithstanding any other provision of these Terms and Conditions to the contrary, you acknowledge and agree that your RSUs, any Shares acquired pursuant thereto and/or any amount received with respect to any sale of such Shares are subject to potential cancellation, recoupment, rescission, payback or other action in accordance with the terms of the Company's Recoupment Policy as in effect on the date of grant (a copy of which has been furnished to you) and as the Recoupment Policy may be amended from time to time in order to comply with changes in laws, rules or regulations that are applicable to such RSUs and Shares. You agree and consent to the Company's application, implementation and enforcement of (a) the Recoupment Policy and (b) any provision of applicable law relating to cancellation, recoupment, rescission or payback of compensation and expressly agree that the Company may take such actions as are necessary to effectuate the Recoupment Policy (as applicable to you) or applicable law without further consent or action being required by you. For purposes of the foregoing, you expressly and explicitly authorize the Company to issue instructions, on your behalf, to any brokerage firm and/or third party administrator engaged by the Company to hold your Shares and other amounts acquired under the 2011 Plan to re-convey, transfer or otherwise return such Shares and/or other amounts to the Company. In the case of a conflict between these Terms and Conditions and the Recoupment Policy, the terms of the Recoupment Policy shall prevail.

25. **By accepting the grant of the RSUs, you acknowledge that you have read these Terms and Conditions, the Addendum to these Terms and Conditions (as applicable) and the 2011 Plan and specifically accept and agree to the provisions therein.**

RELATING TO RESTRICTED STOCK UNITS GRANTED

PURSUANT TO THE 2011 PLAN, AS AMENDED AND RESTATED

In addition to the terms of the 2011 Plan and the Terms and Conditions, the RSUs are subject to the following additional terms and conditions (the “Addendum”). All capitalized terms as contained in this Addendum shall have the same meaning as set forth in the 2011 Plan and the Terms and Conditions. Pursuant to Section 22 of the Terms and Conditions, if you transfer your residence and/or employment to another country reflected in an Addendum at the time of transfer, the special terms and conditions for such country will apply to you to the extent the Company determines, in its sole discretion, that the application of such terms and conditions is necessary or advisable in order to comply with local law, rules and regulations, or to facilitate the operation and administration of the award and the 2011 Plan (or the Company may establish alternative terms and conditions as may be necessary or advisable to accommodate your transfer).

Data Privacy Information: European Union (“EU”) / European Economic Area (“EEA”) / Switzerland and the United Kingdom*

**The below information is for data privacy purposes only and you should determine whether any other special terms and conditions apply to your awards in these jurisdictions.*

1. Data Privacy. If you reside and/or you are employed in the EU / EEA, Switzerland or the United Kingdom the following provision replaces Section 15 of the Terms and Conditions:

The Company is located at 2825 Airview Boulevard Kalamazoo, Michigan 49002, U.S.A. and grants RSUs under the 2011 Plan to employees of the Company and its Subsidiaries in its sole discretion. You should review the following information about the Company’s data processing practices.

(a) Data Collection, Processing and Usage. Pursuant to applicable data protection laws, you are hereby notified that the Company collects, processes and uses certain personally-identifiable information about you for the legitimate interest of implementing, administering and managing the 2011 Plan and generally administering equity awards; specifically, including your name, home address, email address and telephone number, date of birth, social insurance number or other identification number, salary, citizenship, job title, any Shares or directorships held in the Company, and details of all options or any other awards granted, canceled, exercised, vested, or outstanding in your favor, which the Company receives from you or your Employer. In granting the RSUs under the 2011 Plan, the Company will collect your personal data for purposes of allocating Shares and implementing, administering and managing the 2011 Plan. The Company’s collection, processing, use and transfer of your personal data is necessary for the performance of the Company’s contractual obligations under the Plan and pursuant to the Company’s legitimate interest of managing and generally administering employee equity awards. Your refusal to provide personal data would make it impossible for the Company to perform its contractual obligations and may affect your ability to participate in the 2011 Plan. As such, by participating in the 2011 Plan, you voluntarily acknowledge the collection, processing and use of your personal data as described herein.

(b) Stock Plan Administration Service Provider. The Company transfers participant data to the Stock Plan Administrator. In the future, the Company may select a different Stock Plan Administrator

and share your data with another company that serves in a similar manner. The Stock Plan Administrator will open an account for you, if an account is not already in place, to receive and trade Shares acquired under the 2011 Plan. You will be asked to agree on separate terms and data processing practices with the Stock Plan Administrator, which is a condition to your ability to participate in the 2011 Plan.

(c) International Data Transfers. The Company and the Stock Plan Administrator are based in the United States. The Company can only meet its contractual obligations to you if your personal data is transferred to the United States. The Company's legal basis for the transfer of your personal data to the United States is to satisfy its contractual obligations to you and/or its use of the standard data protection clauses adopted by the EU Commission.

(d) Data Retention. The Company will use your personal data only as long as is necessary to implement, administer and manage your participation in the 2011 Plan or as required to comply with legal or regulatory obligations, including under tax and security laws. When the Company no longer needs your personal data, the Company will remove it from its systems. If the Company keeps your data longer, it would be to satisfy legal or regulatory obligations and the Company's legal basis would be for compliance with relevant laws or regulations.

(e) Data Subject Rights. You may have a number of rights under data privacy laws in your country of residence. For example, your rights may include the right to (i) request access or copies of personal data the Company processes, (ii) request rectification of incorrect data, (iii) request deletion of data, (iv) place restrictions on processing, (v) lodge complaints with competent authorities in your country of residence, and/or (vi) request a list with the names and addresses of any potential recipients of the Participant's personal data. To receive clarification regarding your rights or to exercise your rights, you should contact your local HR manager or the Company's Human Resources Department.

NEW ZEALAND

1. **WARNING.** You are being offered RSUs to be settled in the form of shares of Stryker Corporation common stock. If the Company runs into financial difficulties and is wound up, you may lose some or all your investment. New Zealand law normally requires people who offer financial products to give information to investors before they invest. This requires those offering financial products to have disclosed information that is important for investors to make an informed decision. The usual rules do not apply to this offer because it is an offer made under the Employee Share Scheme exemption. As a result, you may not be given all the information usually required. You will also have fewer other legal protections for this investment. You should ask questions, read all documents carefully, and seek independent financial advice before accepting the offer. The Company's Shares are currently traded on the New York Stock Exchange under the ticker symbol "SYK" and Shares acquired under the 2011 Plan may be sold through this exchange. You may end up selling the Shares at a price that is lower than the value of the Shares when you acquired them. The price will depend on the demand for the Company's Shares. *The Company's most recent annual report (which includes the Company's financial statements) is available at <http://phx.corporate-ir.net/phoenix.zhtml?c=118965&p=irol-irhome>.* You are entitled to receive a copy of this report, free of charge, upon written request to the Company at STOCKPLANADMINISTRATION@STRYKER.COM.

1. **IMPORTANT EMPLOYEE NOTIFICATION.** If you are a citizen of the Russian Federation, any cash proceeds derived from the 2011 Plan (including any dividend equivalents payable in cash but excluding cash dividends) must be remitted directly to a personal bank account opened with an authorized bank in the Russian Federation (an “Authorized Russian Account”). Thereafter, you may, in your sole discretion, personally transfer such amounts from your Authorized Russian Account to a bank account legally established outside of the Russian Federation with a non-Russian bank located in the Organization for Economic Co-operation and Development or the Financial Action Task Force countries (an “Authorized Foreign Account”). Cash dividends (but not dividend equivalents payable in cash) can be remitted directly to an Authorized Foreign Account. However, you are required to notify the Russian tax authorities within one month of opening or closing an Authorized Foreign Account or changing the account details. You also are required to file quarterly reports of any transactions involving any Authorized Foreign Account you hold with the Russian tax authorities.

2. **SECURITIES LAW NOTIFICATION.** The grant of RSUs and the issuance of Shares upon vesting are not intended to be an offering of securities with the Russian Federation, and the Terms and Conditions, the 2011 Plan, this Addendum and all other materials that you receive in connection with the grant of RSUs and your participation in the 2011 Plan (collectively, “Grant Materials”) do not constitute advertising or a solicitation within the Russian Federation. In connection with your grant of RSUs, the Company has not submitted any registration statement, prospectus or other filing with the Russian Federal Bank or any other governmental or regulatory body within the Russian Federation, and the Grant Materials expressly may not be used, directly or indirectly, for the purpose of making a securities offering or public circulation of Shares within the Russian Federation.

3. **EXCHANGE CONTROL NOTIFICATION.** You are solely responsible for complying with applicable Russian exchange control regulations. Since the exchange control regulations change frequently and without notice, you should consult your legal advisor prior to the acquisition or sale of Shares under the 2011 Plan to ensure compliance with current regulations. As noted, it is your personal responsibility to comply with Russian exchange control laws, and neither the Company nor any Subsidiary will be liable for any fines or penalties resulting from failure to comply with applicable laws.

4. **ANTI-CORRUPTION NOTIFICATION.** Anti-corruption laws prohibit certain public servants, their spouses and their dependent children from owning any foreign source financial instruments (e.g., shares of foreign companies such as the Company). Accordingly, you should inform the Company if you are covered by these laws as this relates to your acquisition of Shares under the 2011 Plan.

SINGAPORE

1. **Qualifying Person Exemption.** The following provision shall replace Section 16 of the Terms and Conditions:

The grant of the RSUs under the 2011 Plan is being made pursuant to the “Qualifying Person” exemption” under section 273(1)(f) of the Securities and Futures Act (Chapter 289, 2011 Ed.) (“SFA”). The 2011 Plan has not been lodged or registered as a prospectus with the Monetary Authority of Singapore. You should note that, as a result, the RSUs are subject to section 257 of the SFA and you will not be able to make (a) any subsequent sale of the Shares in Singapore or (ii) any offer of such subsequent sale of the Shares subject to the RSUs in Singapore, unless such sale or offer is made pursuant to the exemptions under Part XIII Division (1) Subdivision (4) (other than section 280) of the SFA (Chapter 289, 2011 Ed.).

2. **Director Reporting Notification.** If you are a director, associate director or shadow director of a Singapore company, you are subject to certain notification requirements under the Singapore Companies Act. Among these requirements is an obligation to notify the Singapore company in writing when you receive an interest (e.g., RSUs or Shares) in the Company or any related company. In addition, you must notify the Singapore company when you sell Shares (including when you sell Shares acquired at vesting of the Restricted Stock Units). These notifications must be made within two business days of acquiring or disposing of any interest in the Company or any related company. In addition, a notification must be made of Participant’s interests in the Company or any related company within two business days of becoming a director.

SOUTH AFRICA

1. **Withholding Taxes.** In addition to the provisions of Section 6 of the Terms and Conditions, you agree to notify your Employer in South Africa of the amount of any gain realized upon vesting of the RSUs. If you fail to advise your Employer of the gain realized upon vesting of the RSUs, you may be liable for a fine. You will be responsible for paying any difference between the actual tax liability and the amount withheld.

2. **Exchange Control Obligations.** You are solely responsible for complying with applicable exchange control regulations and rulings (the “Exchange Control Regulations”) in South Africa. As the Exchange Control Regulations change frequently and without notice, you should consult your legal advisor prior to the acquisition or sale of Shares under the 2011 Plan to ensure compliance with current Exchange Control Regulations. Neither the Company nor any of its Subsidiaries will be liable for any fines or penalties resulting from your failure to comply with applicable laws.

3. **Securities Law Information and Deemed Acceptance of RSUs.** Neither the RSUs nor the underlying Shares shall be publicly offered or listed on any stock exchange in South Africa. The offer is intended to be private pursuant to Section 96 of the Companies Act and is not subject to the supervision of any South African governmental authority. Pursuant to Section 96 of the Companies Act, the RSU offer must be finalized on or before the 60th day following the grant date. If you do not want to accept the RSUs, you are required to decline the RSUs no later than the 60th day following the grant date. If you do not reject the RSUs on or before the 60th day following the grant date, you will be deemed to accept the RSUs.

SPAIN

1. Acknowledgement of Discretionary Nature of the 2011 Plan; No Vested Rights. In accepting the RSUs, you acknowledge that you consent to participation in the 2011 Plan and have received a copy of the 2011 Plan. You understand that the Company has unilaterally, gratuitously and in its sole discretion granted RSUs under the 2011 Plan to individuals who may be employees of the Company or its Subsidiaries throughout the world. The decision is a limited decision that is entered into upon the express assumption and condition that any grant will not economically or otherwise bind the Company or any of its Subsidiaries on an ongoing basis. Consequently, you understand that the RSUs are granted on the assumption and condition that the RSUs and the Shares acquired upon vesting of the RSUs shall not become a part of any employment contract (either with the Company or any of its Subsidiaries) and shall not be considered a mandatory benefit, salary for any purposes (including severance compensation) or any other right whatsoever. In addition, you understand that this grant would not be made to you but for the assumptions and conditions referenced above. Thus, you acknowledge and freely accept that should any or all of the assumptions be mistaken or should any of the conditions not be met for any reason, the RSUs shall be null and void.

You understand and agree that, as a condition of the grant of the RSUs, any unvested RSUs as of the date you cease active employment will be forfeited without entitlement to the underlying Shares or to any amount of indemnification in the event of the termination of employment by reason of, but not limited to, (i) material modification of the terms of employment under Article 41 of the Workers' Statute or (ii) relocation under Article 40 of the Workers' Statute. You acknowledge that you have read and specifically accept the conditions referred to in the Terms and Conditions regarding the impact of a termination of employment on your RSUs.

BY SIGNING BELOW, YOU ACKNOWLEDGE, UNDERSTAND AND AGREE TO THE PROVISIONS OF THE 2011 PLAN, THE TERMS AND CONDITIONS AND THIS ADDENDUM.

PLEASE SIGN AND RETURN THIS ADDENDUM VIA EMAIL NO LATER THAN APRIL 30, 2021 TO STOCKPLANADMINISTRATION@STRYKER.COM.

Dear First Name:

I am pleased to inform you that as an SLT member, you are receiving a performance stock units (PSUs) award in 2021. We use these awards to reward performers who we believe will be key contributors to our growth well into the future. The total Award Date Value (ADV) of your awards is approximately USD \$xx,xxx.

You are receiving x,xxx PSUs. The number of PSUs actually earned will be dependent upon Stryker's financial performance during the three-year period ending December 31, 2023. Refer to the Terms and Conditions accompanying the 2021 PSUs award for specific criteria associated with vesting in such award. In order to earn any of the PSUs, you must be continuously employed with Stryker through the vesting date of March 21, 2024 except as otherwise provided in the Terms and Conditions.

You must "Accept" the award online via the UBS One Source web site located at www.ubs.com/onesource/SYK between March 2 and March 31, 2021. The detailed terms of the PSUs are in the Terms and Conditions, any applicable country addendum and the provisions of the Company's 2011 Long-Term Incentive Plan. Those documents, together with the related Prospectus, are available on the UBS One Source web site, and you should read them before accepting the award. In addition, you may be asked to sign the most recent version of Stryker's Confidentiality, Intellectual Property, Non-Competition and Non-Solicitation Agreement ("Non-Compete Agreement") in connection with this award. If you are asked to sign the Non-Compete Agreement, it will be emailed to you and you will be asked to sign the document electronically via Adobe Sign by March 31, 2021. The vesting of the PSUs is conditioned on you having signed the Non-Compete Agreement by March 31, 2021, where permitted by applicable law.

Thank you for your efforts in helping us deliver market leading results. With your help, I look forward to our continued business growth and success.

Sincerely,

A handwritten signature in black ink, appearing to read "Kevin A. Lobo".

STRYKER CORPORATION
TERMS AND CONDITIONS
RELATING TO PERFORMANCE STOCK UNITS GRANTED
PURSUANT TO THE 2011 LONG-TERM INCENTIVE PLAN, AS AMENDED AND RESTATED

1. The Performance Stock Units with respect to Common Stock of Stryker Corporation (the “Company”) granted to you during 2021 (the “PSUs”) are subject to these Terms and Conditions Relating to Performance Stock Units Granted Pursuant to the 2011 Long-Term Incentive Plan, as Amended and Restated (the “Terms and Conditions”) and all of the terms and conditions of the Stryker Corporation 2011 Long-Term Incentive Plan, as Amended and Restated (the “2011 Plan”), which is incorporated herein by reference. In the case of a conflict between these Terms and Conditions and the terms of the 2011 Plan, the provisions of the 2011 Plan will govern. Capitalized terms used but not defined herein have the meaning provided therefor in the 2011 Plan. For purposes of these Terms and Conditions, “Employer” means the Company or any Subsidiary that employs you on the applicable date, and “Stock Plan Administrator” means UBS Financial Services Inc. (or any other independent service provider engaged by the Company to assist with the implementation, operation and administration of the 2011 Plan).

2. Vesting. Except as provided in Section 8(a), the vesting of your PSUs is dependent upon your remaining continuously employed with your Employer through March 21, 2024 (the “Vesting Date”) as well as upon the Company’s financial performance during the three-year period ending December 31, 2023 (the “Performance Period”). Specifically, the vesting of any of the PSUs is dependent upon attainment of the Threshold Performance Target as set forth in Section 3. If the Threshold Performance Target is attained, then the vesting of 50% of the PSUs (the “EPS PSUs”) is dependent on Adjusted EPS Growth as set forth in Section 4, and vesting of the remaining 50% of the PSUs (the “Sales Growth PSUs”) is dependent on the Sales Growth Percentile Ranking as set forth in Section 5. The actual number of your PSUs that become vested, if any, shall be determined based on exercise of negative discretion by the Committee in accordance with Sections 4, 5 and 6 below.

3. Threshold Performance Target. If the Company’s Adjusted EPS Growth as of the last day of the Performance Period is less than 3.0%, none of your PSUs shall become vested and all of your PSUs shall be forfeited as of the last day of the Performance Period. If the Company’s Adjusted EPS Growth as of the last day of the Performance Period is 3.0% or greater (the “Threshold Performance Target”) and, except as provided in Section 8(a), you remain in the continuous employment of Stryker through the Vesting Date, you shall become eligible to vest in up to 200% of your PSUs, although the actual number of your PSUs that become vested shall be determined based on exercise of negative discretion by the Committee in accordance with Sections 4, 5 and 6 below.

4. Adjusted EPS Growth.

(a) If the Threshold Performance Target is attained and, except as provided in Section 8(a), you have remained in the continuous employment of Stryker through the Vesting Date, then subject to Section 6 you shall become vested in the percentage of the EPS PSUs determined based on the Company’s Adjusted EPS Growth using the table below, applying straight line interpolation rounded down to the nearest whole number of EPS PSUs for Adjusted EPS Growth resulting in vested EPS PSUs between 50% and 100% or between 100% and 200%.

	< Minimum	Minimum	Target	Maximum
Adjusted EPS Growth	Less than 6.0%	6.0%	9.0%	12% or more
Vested Percent of EPS PSUs	0%	50%	100%	200%

Any EPS PSUs that do not become vested in accordance with the foregoing shall be forfeited.

(b) As soon as administratively practicable following the Vesting Date (but in no event later than December 31, 2024), the Company shall issue you the Shares underlying the vested EPS PSUs.

(c) For purposes of these Terms and Conditions:

(i) “Adjusted EPS” for a calendar year shall mean the Company’s diluted net earnings per share for such year as determined under U.S. generally accepted accounting principles (“GAAP”) but subject to such adjustments, if any, for non-GAAP financial measures that are reflected in a reconciliation to the GAAP financial statements included in the Company’s Annual Report on Form 10-K filed with the Securities and Exchange Commission.

(ii) “Adjusted EPS Growth” shall mean the sum of the Annual Percentage Change in Adjusted EPS for the three (3) calendar years in the Performance Period divided by three (3).

(iii) “Annual Percentage Change in Adjusted EPS” for calendar year 2021 shall mean the amount by which the Adjusted EPS for such calendar year has increased or decreased relative to calendar year 2019 expressed as a positive or negative percentage (depending on whether Adjusted EPS increased or decreased) of the Adjusted EPS for the 2019 calendar year. For calendar years 2022 and 2023 shall mean the amount by which the Adjusted EPS for such calendar year has increased or decreased relative to the immediately preceding calendar year, expressed as a positive or negative percentage (depending on whether Adjusted EPS increased or decreased) of the Adjusted EPS for such preceding calendar year.

(d) Notwithstanding anything to the contrary herein, the Committee shall have discretion to make such adjustments to the foregoing metrics as it deems appropriate to reflect the impact of corporate transactions, accounting or tax law changes or extraordinary, unusual, nonrecurring or infrequent items; provided, however, that for purposes of calculating the Threshold Performance Target in Section 3, in no case shall such adjustments have the net aggregate effect of increasing Adjusted EPS Growth.

5. Sales Growth Percentile Ranking.

(a) If the Threshold Performance Target is attained and, except as provided in Section 8(a), you have remained in the continuous employment of Stryker through the Vesting Date, then subject to Section 6 you shall become vested in the percentage of the Sales Growth PSUs based upon the Company’s Sales Growth Percentile Ranking, as determined using the table below, applying straight line interpolation rounded down to the nearest whole number of Sales Growth PSUs for Sales Growth Percentile Ranking resulting in vested Sales Growth PSUs between 50% and 100% or between 100% and 200%.

Sales Growth Percentile Ranking	75 th and Above	50 th	33 rd	Below 33 rd
Vested Percent of Sales Growth PSUs	200%	100%	50%	0%

Any Sales Growth PSUs that do not become vested in accordance with the foregoing shall be forfeited, and if the Company's Average Sales Growth in the Performance Period is equal to or less than zero, all of the Sales Growth PSUs shall be forfeited (irrespective of the Sales Growth Percentile Ranking).

(b) As soon as administratively practicable following the Vesting Date (but in no event later than December 31, 2024), the Company shall issue you the Shares underlying the vested Sales Growth PSUs.

(c) For purposes of these Terms and Conditions and subject to Section 5(d) below:

(i) "Average Sales Growth" shall mean, for the Company and each company in the Comparison Group, the sum of the Sales Growth for each Reporting Period ending within the Performance Period divided by three;

(ii) "Comparison Group" shall mean:

- ⑩ Abbott Laboratories
- ⑩ Agilent Technologies, Inc.
- ⑩ Baxter International Inc.
- ⑩ Becton, Dickinson and Company
- ⑩ Boston Scientific Corporation
- ⑩ Cerner Corporation
- ⑩ Danaher Corporation
- ⑩ Fresenius Medical Care AG & Co. KGaA
- ⑩ General Electric Company (Healthcare)
- ⑩ Johnson & Johnson (Medical Devices)
- ⑩ Laboratory Corporation of America Holdings
- ⑩ Medtronic plc
- ⑩ Quest Diagnostics Incorporated
- ⑩ Royal Philips (combined segments of Diagnosis & Treatment and Connected Care)
- ⑩ Siemens Healthineers AG
- ⑩ Smith & Nephew plc
- ⑩ Thermo Fisher Scientific Inc.
- ⑩ 3M Company (Healthcare)
- ⑩ Varian Medical Systems, Inc.
- ⑩ Zimmer Biomet Holdings, Inc.

For purposes of the foregoing, any company for which Sales Growth cannot be calculated for three full annual Reporting Periods ending within the Performance Period shall be excluded.

(iii) "Net Sales" shall mean, for the Company and each company in the Comparison Group, net sales as publicly reported for the applicable Reporting Period.

(iv) "Reporting Period" shall mean a calendar year in the case of the Company and each company in the Comparison Group that reports on a calendar year basis, and in the

case of any other company in the Comparison Group, the four fiscal quarters that include the last fiscal quarter ending prior to December 31 for which such company has publicly reported prior to the following February 28.

(v) "Sales Growth" for a Reporting Period shall mean the amount by which Net Sales has increased or decreased relative to the immediately preceding Reporting Period, expressed as a positive or negative percentage (depending on whether Net Sales increased or decreased) of the Net Sales for such preceding Reporting Period.

(vi) "Sales Growth Percentile Ranking" shall mean the percentile ranking of the Company's Average Sales Growth relative to the Average Sales Growth for each company in the Comparison Group, rounded to the whole nearest percentile. For this purpose, the percentile ranking shall be calculated as $1 - (\text{Rank}-1)/(\text{Total of the Comparison Group plus the Company}-1)$. For example, if the Company ranked 5th out of 21 companies including itself, the percentile rank would be calculated as $1 - (5-1)/(21-1)$ or $1 - (4/20)$ or 1-0.2 or the 80th percentile.

(d) The Committee may make such revisions and adjustments to each of the items set forth in Sections 5(c)(i)-(vi) as it may determine necessary and appropriate in its discretion.

6. Discretion of the Committee. Notwithstanding anything in these Terms or Conditions or the 2011 Plan to the contrary, provided that the Threshold Performance Target has been attained, the Committee shall have the power and authority, in its sole and absolute exercise of negative discretion, to reduce or increase the vested PSUs such that the actual earned PSUs will be greater than or less than the vested PSUs, which increase or reduction may be made by taking into account any criteria the Committee deems appropriate; provided further that notwithstanding anything in these Terms or Conditions to the contrary you shall not become vested in more than 200% of your PSUs.

7. Dividend Equivalents. In connection with your PSUs, you shall be entitled to receive all of the cash dividends for which the record date occurs during the period between the commencement of the Performance Period and the Vesting Date with respect to each Share underlying your vested PSUs ("Dividend Equivalents"). Dividend Equivalents shall be converted into their equivalent number of additional PSUs rounded down to the nearest whole number of PSUs based on the Fair Market Value of a Share on the Vesting Date, provided, that the maximum number of additional PSUs you may receive upon such conversion shall be equal to 200% of your originally granted PSUs. Such additional PSUs shall be subject to the terms and conditions applicable to the PSUs to which the Dividend Equivalents relate, including, without limitation, the vesting, forfeiture, and payment form and timing provisions contained herein.

8. In the event you cease to remain in the continuous employment of the Company or a Subsidiary for the entire period commencing on the grant date and ending on the applicable Vesting Date, your right to receive the Shares issuable pursuant to the PSUs shall be only as follows:

(a) If you cease to be an Employee prior to the Vesting Date by reason of Disability (as such term is defined in the 2011 Plan), death or Retirement (as such term is defined in the 2011 Plan), you or your estate will become vested on the Vesting Date in a pro-rata portion (determined by dividing (a) the number of days during the Performance Period in which you were an Employee by (b) the total number of days during the Performance Period) of your PSUs based upon the Company's Adjusted EPS Growth and Sales Growth Percentile Ranking for the Performance Period as determined pursuant to Sections 3, 4 and 5 of these Terms and Conditions. Any pro rata portion shall be rounded down to the nearest whole number of PSUs. You, your legal representative or your estate will receive

all of the underlying Shares attributable to the vested PSUs as soon as administratively practicable following (and in no event more than ninety (90) days after) the Vesting Date.

(b) If you cease to be an Employee for any reason other than those provided in (a) above and your Termination Date is prior to the Vesting Date, you shall immediately forfeit all PSUs granted hereunder effective as of your Termination Date. If you are a resident of or employed in the United States, "Termination Date" shall mean the effective date of termination of your employment with your Employer. If you are resident or employed outside of the United States, "Termination Date" shall mean the earliest of (i) the date on which notice of termination is provided to you, (ii) the last day of your active service with your Employer, or (iii) the last day on which you are an Employee of your Employer, as determined in each case without including any required advance notice period and irrespective of the status of the termination under local labor or employment laws.

9. Notwithstanding the foregoing, the Company may, in its sole discretion, settle the PSUs (and any Dividend Equivalents) in the form of: (i) a cash payment to the extent settlement in Shares (1) is prohibited under local law, (2) would require you, the Company and/or your Employer to obtain the approval of any governmental and/or regulatory body in your country of residence (and country of employment, if different), or (3) is administratively burdensome; or (ii) Shares, but require you to immediately sell such Shares (in which case, the Company shall have the authority to issue sales instructions in relation to such Shares on your behalf).

10. The number of Shares subject to the PSUs shall be subject to adjustment and the vesting dates hereof may be accelerated as follows:

(a) In the event that the Shares, as presently constituted, shall be changed into or exchanged for a different number or kind of shares of stock or other securities of the Company or of another corporation (whether by reason of merger, consolidation, recapitalization, reclassification, split-up, combination of shares, or otherwise) or if the number of such Shares shall be increased through the payment of a stock dividend or a dividend on the Shares of rights or warrants to purchase securities of the Company shall be made, then there shall be substituted for or added to each Share theretofore subject to the PSUs the number and kind of shares of stock or other securities into which each outstanding Share shall be so changed, or for which each such Share shall be exchanged, or to which each such Share shall be entitled. The other terms of the PSUs shall also be appropriately amended as may be necessary to reflect the foregoing events. In the event there shall be any other change in the number or kind of the outstanding Shares, or of any stock or other securities into which such Shares shall have been exchanged, then if the Committee shall, in its sole discretion, determine that such change equitably requires an adjustment in the PSUs, such adjustment shall be made in accordance with such determination.

(b) Fractional Shares resulting from any adjustment in the PSUs may be settled in cash or otherwise as the Committee shall determine, in its sole discretion. Notice of any adjustment will be given to you and such adjustment (whether or not such notice is given) shall be effective and binding for all purposes hereof.

(c) The Committee shall have the power to amend the PSUs to permit the immediate vesting of the PSUs (and to terminate any unvested PSUs) and the distribution of the underlying Shares prior to the effectiveness of (i) any disposition of substantially all of the assets of the Company or your Employer, (ii) the shutdown, discontinuance of operations or dissolution of the Company or your Employer, or (iii) the merger or consolidation of the Company or your Employer with or into any other unrelated corporation.

11. If you are resident or employed outside of the United States, you agree, as a condition of the grant of the PSUs, to repatriate all payments attributable to the Shares and/or cash acquired under the 2011 Plan (including, but not limited to, dividends, dividend equivalents and any proceeds derived from the sale of the Shares acquired pursuant to the PSUs) if required by and in accordance with local foreign exchange rules and regulations in your country of residence (and country of employment, if different). In addition, you also agree to take any and all actions, and consent to any and all actions taken by the Company and its Subsidiaries, as may be required to allow the Company and its Subsidiaries to comply with local laws, rules and regulations in your country of residence (and country of employment, if different). Finally, you agree to take any and all actions as may be required to comply with your personal legal and tax obligations under local laws, rules and regulations in your country of residence (and country of employment, if different).

12. If you are resident and/or employed in a country that is a member of the European Union, the grant of the PSUs and these Terms and Conditions are intended to comply with the age discrimination provisions of the EU Equal Treatment Framework Directive, as implemented into local law (the "Age Discrimination Rules"). To the extent that a court or tribunal of competent jurisdiction determines that any provision of these Terms and Conditions are invalid or unenforceable, in whole or in part, under the Age Discrimination Rules, the Company, in its sole discretion, shall have the power and authority to revise or strike such provision to the minimum extent necessary to make it valid and enforceable to the full extent permitted under local law.

13. Regardless of any action the Company and/or your Employer take with respect to any or all income tax (including U.S. federal, state and local taxes or non-U.S. taxes), social insurance, payroll tax, payment on account or other tax-related withholding ("Tax-Related Items"), you acknowledge that the ultimate liability for all Tax-Related Items legally due by you is and remains your responsibility and that the Company and your Employer (i) make no representations or undertakings regarding the treatment of any Tax-Related Items in connection with any aspect of the PSUs, including the grant of the PSUs, the vesting of the PSUs, the subsequent sale of any Shares acquired pursuant to the PSUs and the receipt of any dividends or dividend equivalents and (ii) do not commit to structure the terms of the grant or any aspect of the PSUs to reduce or eliminate your liability for Tax-Related Items. Further, if you become subject to taxation in more than one country between the grant date and the date of any relevant taxable or tax withholding event, as applicable, you acknowledge that your Employer (or former employer, as applicable) may be required to withhold or account for Tax-Related Items in more than one country.

Prior to any taxable event, if your country of residence (and/or your country of employment, if different) requires withholding of Tax-Related Items, the Company shall withhold a number of whole Shares that have an aggregate Fair Market Value that the Company, taking into account local requirements and administrative issues, determines in its sole discretion is appropriate to cover withholding for Tax-Related Items with respect to the Shares. The cash equivalent of the Shares withheld will be used to settle the obligation to withhold the Tax-Related Items. In cases where the Fair Market Value of the number of whole Shares withheld is greater than the amount required to be paid to the relevant government authorities with respect to withholding for Tax-Related Items, the Company shall make a cash payment to you equal to the difference as soon as administratively practicable. In the event that withholding in Shares is prohibited or problematic under applicable law or otherwise may trigger adverse consequences to the Company or your Employer, your Employer shall withhold the Tax-Related Items required to be withheld with respect to the Shares in cash from your regular salary and/or wages or other amounts payable to you. In the event the withholding requirements are not satisfied through the withholding of Shares or through your regular salary and/or wages or any other amounts payable to you by your Employer, no Shares will be issued to you (or your estate) unless and until satisfactory arrangements (as determined by the Board of Directors) have

been made by you with respect to the payment of any Tax-Related Items that the Company or your Employer determines, in its sole discretion, should be withheld or collected with respect to such PSUs. By accepting these PSUs, you expressly consent to the withholding of Shares and/or withholding from your regular salary and/or wages or other amounts payable to you as provided for hereunder. All other Tax-Related Items related to the PSUs and any Shares delivered in payment thereof are your sole responsibility.

14. The PSUs are intended to be exempt from the requirements of Code Section 409A. The 2011 Plan and these Terms and Conditions shall be administered and interpreted in a manner consistent with this intent. If the Company determines that these Terms and Conditions are subject to Code Section 409A and that it has failed to comply with the requirements of that Section, the Company may, at the Company's sole discretion and without your consent, amend these Terms and Conditions to cause them to comply with Code Section 409A or be exempt from Code Section 409A.

15. If you were required to sign the "Stryker Confidentiality, Intellectual Property, Non-Competition and Non-Solicitation Agreement" or a similar agreement in order to receive the PSUs or have previously signed such an agreement and you breach any non-competition, non-solicitation or non-disclosure provision or provision as to ownership of inventions contained therein at any time while employed by the Company or a Subsidiary, or during the one-year period following termination of employment, any unvested PSUs shall be rescinded and you shall return to the Company all Shares that were acquired upon vesting of the PSUs that you have not disposed of. Further, you shall pay to the Company an amount equal to the profit realized by you (if any) on all Shares that were acquired upon vesting of the PSUs that you have disposed of. For purposes of the preceding sentence, the profit shall be the Fair Market Value of the Shares at the time of disposition.

16. The PSUs shall be transferable only by will or the laws of descent and distribution. If you shall purport to make any transfer of the PSUs, except as aforesaid, the PSUs and all rights thereunder shall terminate immediately.

17. The PSUs shall not be vested in whole or in part, and the Company shall not be obligated to issue any Shares subject to the PSUs, if such issuance would, in the opinion of counsel for the Company, violate the Securities Act of 1933 or any other U.S. federal, state or non-U.S. statute having similar requirements as it may be in effect at the time. The PSUs are subject to the further requirement that, if at any time the Board of Directors shall determine in its discretion that the listing or qualification of the Shares subject to the PSUs under any securities exchange requirements or under any applicable law, or the consent or approval of any governmental regulatory body, is necessary or desirable as a condition of or in connection with the issuance of Shares pursuant to the PSUs, the PSUs may not be vested in whole or in part unless such listing, qualification, consent or approval shall have been effected or obtained free of any conditions not acceptable to the Board of Directors.

18. The grant of the PSUs shall not confer upon you any right to continue in the employ of your Employer nor limit in any way the right of your Employer to terminate your employment at any time. You shall have no rights as a shareholder of the Company with respect to any Shares issuable upon the vesting of the PSUs until the date of issuance of such Shares.

19. You acknowledge and agree that the 2011 Plan is discretionary in nature and may be amended, cancelled, or terminated by the Company, in its sole discretion, at any time. The grant of the PSUs under the 2011 Plan is a one-time benefit and does not create any contractual or other right to receive a grant of PSUs or any other award under the 2011 Plan or other benefits in lieu thereof in the future. Future grants, if any, will be at the sole discretion of the Company, including, but not limited to, the form and timing of any grant, the number of Shares subject to the grant, and the vesting provisions.

Any amendment, modification or termination of the 2011 Plan shall not constitute a change or impairment of the terms and conditions of your employment with your Employer.

20. Your participation in the 2011 Plan is voluntary. The value of the PSUs and any other awards granted under the 2011 Plan is an extraordinary item of compensation outside the scope of your employment (and your employment contract, if any). Any grant under the 2011 Plan, including the grant of the PSUs, is not part of normal or expected compensation for purposes of calculating any severance, resignation, redundancy, end of service payments, bonuses, long-service awards, pension, or retirement benefits or similar payments.

21. These Terms and Conditions shall bind and inure to the benefit of the Company, its successors and assigns and you and your estate in the event of your death.

22. The Company is located at 2825 Airview Boulevard Kalamazoo, Michigan 49002, U.S.A. and grants PSUs under the 2011 Plan to employees of the Company and Subsidiaries in its sole discretion. In conjunction with the Company's grant of the PSUs under the 2011 Plan and its ongoing administration of such awards, the Company is providing the following information about its data collection, processing and transfer practices ("Personal Data Activities"). In accepting the grant of the PSUs, you expressly and explicitly consent to the Personal Data Activities as described herein.

(a) The Company collects, processes and uses your personal data, including your name, home address, email address, and telephone number, date of birth, social insurance number or other identification number, salary, citizenship, job title, any Shares or directorships held in the Company, and details of all PSUs or any other equity compensation awards granted, canceled, exercised, vested, or outstanding in your favor, which the Company receives from you or your Employer. In granting the PSUs under the Plan, the Company will collect your personal data for purposes of allocating Shares and implementing, administering and managing the 2011 Plan. The Company's legal basis for the collection, processing and usage of your personal data is your consent.

(b) The Company transfers your personal data to the Stock Plan Administrator. In the future, the Company may select a different Stock Plan Administrator and share your personal data with another company that serves in a similar manner. The Stock Plan Administrator will open an account for you, if an account is not already in place, to receive and trade Shares acquired under the 2011 Plan. You will be asked to agree on separate terms and data processing practices with the Stock Plan Administrator, which is a condition to your ability to participate in the 2011 Plan.

(c) The Company and the Stock Plan Administrator are based in the United States. You should note that your country of residence may have enacted data privacy laws that are different from the United States. The Company's legal basis for the transfer of your personal data to the United States is your consent.

(d) Your participation in the 2011 Plan and your grant of consent is purely voluntary. You may deny or withdraw your consent at any time. If you do not consent, or if you withdraw your consent, you may be unable to participate in the 2011 Plan. This would not affect your existing employment or salary; instead, you merely may forfeit the opportunities associated with the 2011 Plan.

You may have a number of rights under the data privacy laws in your country of residence. For example, your rights may include the right to (i) request access or copies of personal data the Company processes, (ii) request rectification of incorrect data, (iii) request deletion of data, (iv) place restrictions

on processing, (v) lodge complaints with competent authorities in your country or residence, and/or (vi) request a list with the names and addresses of any potential recipients of your personal data. To receive clarification regarding your rights or to exercise your rights, you should contact your local HR manager or the Company's Human Resources Department.

23. The grant of the PSUs is not intended to be a public offering of securities in your country of residence (and country of employment, if different). The Company has not submitted any registration statement, prospectus or other filing(s) with the local securities authorities (unless otherwise required under local law). **No employee of the Company is permitted to advise you on whether you should acquire Shares under the 2011 Plan or provide you with any legal, tax or financial advice with respect to the grant of the PSUs. The acquisition of Shares involves certain risks, and you should carefully consider all risk factors and tax considerations relevant to the acquisition of Shares under the 2011 Plan or the disposition of them. Further, you should carefully review all of the materials related to the PSUs and the 2011 Plan, and you should consult with your personal legal, tax and financial advisors for professional advice in relation to your personal circumstances.**

24. All questions concerning the construction, validity and interpretation of the PSUs and the 2011 Plan shall be governed and construed according to the laws of the state of Michigan, without regard to the application of the conflicts of laws provisions thereof. Any disputes regarding the PSUs or the 2011 Plan shall be brought only in the state or federal courts of the state of Michigan.

25. The Company may, in its sole discretion, decide to deliver any documents related to the PSUs or other awards granted to you under the 2011 Plan by electronic means. You hereby consent to receive such documents by electronic delivery and agree to participate in the 2011 Plan through an on-line or electronic system established and maintained by the Company or a third party designated by the Company.

26. The invalidity or unenforceability of any provision of the 2011 Plan or these Terms and Conditions shall not affect the validity or enforceability of any other provision of the 2011 Plan or these Terms and Conditions.

27. If you are resident outside of the United States, you acknowledge and agree that it is your express intent that these Terms and Conditions, the 2011 Plan and all other documents, notices and legal proceedings entered into, given or instituted pursuant to the PSUs be drawn up in English. If you have received these Terms and Conditions, the 2011 Plan or any other documents related to the PSUs translated into a language other than English and the meaning of the translated version is different than the English version, the English version will control.

28. You acknowledge that, depending on your or your broker's country of residence or where the Shares are listed, you may be subject to insider trading restrictions and/or market abuse laws which may affect your ability to accept, acquire, sell or otherwise dispose of Shares, rights to Shares (e.g., PSUs) or rights linked to the value of Shares during such times you are considered to have "inside information" regarding the Company as defined in the laws or regulations in your country of employment (and country of residence, if different). Local insider trading laws and regulations may prohibit the cancellation or amendment of orders you placed before you possessed inside information. Furthermore, you could be prohibited from (i) disclosing the inside information to any third party (other than on a "need to know" basis) and (ii) "tipping" third parties or causing them otherwise to buy or sell securities. Third parties include fellow employees. Any restrictions under these laws or regulations are separate from and in addition to any restrictions that may be imposed under any

applicable Company insider trading policy. You acknowledge that it is your responsibility to comply with any restrictions and are advised to speak to your personal advisor on this matter.

29. Notwithstanding any provisions of these Terms and Conditions to the contrary, the PSUs shall be subject to any special terms and conditions for your country of residence (and country of employment, if different) set forth in an addendum to these Terms and Conditions (an "Addendum"). Further, if you transfer your residence and/or employment to another country reflected in an Addendum to these Terms and Conditions at the time of transfer, the special terms and conditions for such country will apply to you to the extent the Company determines, in its sole discretion, that the application of such special terms and conditions is necessary or advisable in order to comply with local law, rules and regulations, or to facilitate the operation and administration of the award and the 2011 Plan (or the Company may establish alternative terms and conditions as may be necessary or advisable to accommodate your transfer). In all circumstances, any applicable Addendum shall constitute part of these Terms and Conditions.

30. The Company reserves the right to impose other requirements on the PSUs, any Shares acquired pursuant to the PSUs and your participation in the 2011 Plan to the extent the Company determines, in its sole discretion, that such other requirements are necessary or advisable in order to comply with local law, rules and regulations, or to facilitate the operation and administration of the award and the 2011 Plan. Such requirements may include (but are not limited to) requiring you to sign any agreements or undertakings that may be necessary to accomplish the foregoing.

31. **This Section 31 applies only to those persons whom the Company's Recoupment Policy applies (the corporate officers elected by the Company's Board of Directors other than Assistant Controllers, Assistant Secretaries and Assistant Treasurers).** Notwithstanding any other provision of these Terms and Conditions to the contrary, you acknowledge and agree that your PSUs, any Shares acquired pursuant thereto and/or any amount received with respect to any sale of such Shares are subject to potential cancellation, recoupment, rescission, payback or other action in accordance with the terms of the Company's Recoupment Policy as in effect on the date of grant (a copy of which has been furnished to you) and as the Recoupment Policy may be amended from time to time in order to comply with changes in laws, rules or regulations that are applicable to such PSUs and Shares. You agree and consent to the Company's application, implementation and enforcement of (a) the Recoupment Policy and (b) any provision of applicable law relating to cancellation, recoupment, rescission or payback of compensation and expressly agree that the Company may take such actions as are necessary to effectuate the Recoupment Policy (as applicable to you) or applicable law without further consent or action being required by you. For purposes of the foregoing, you expressly and explicitly authorize the Company to issue instructions, on your behalf, to any brokerage firm and/or third party administrator engaged by the Company to hold your Shares and other amounts acquired under the 2011 Plan to re-convey, transfer or otherwise return such Shares and/or other amounts to the Company. In the case of a conflict between these Terms and Conditions and the Recoupment Policy, the terms of the Recoupment Policy shall prevail.

32. **By accepting the grant of the PSUs, you acknowledge that you have read these Terms and Conditions, the Addendum to these Terms and Conditions (as applicable) and the 2011 Plan and specifically accept and agree to the provisions therein.**

PURSUANT TO THE 2011 PLAN, AS AMENDED AND RESTATED

In addition to the terms of the 2011 Plan and the Terms and Conditions, the PSUs are subject to the following additional terms and conditions (the "Addendum"). All capitalized terms as contained in this Addendum shall have the same meaning as set forth in the 2011 Plan and the Terms and Conditions. Pursuant to Section 29 of the Terms and Conditions, if you transfer your residence and/or employment to another country reflected in an Addendum at the time of transfer, the special terms and conditions for such country will apply to you to the extent the Company determines, in its sole discretion, that the application of such terms and conditions is necessary or advisable in order to comply with local law, rules and regulations, or to facilitate the operation and administration of the award and the 2011 Plan (or the Company may establish alternative terms and conditions as may be necessary or advisable to accommodate your transfer).

Data Privacy Information: European Union ("EU") / European Economic Area ("EEA") / Switzerland and the United Kingdom*

**The below information is for data privacy purposes only and you should determine whether any other special terms and conditions apply to your awards in these jurisdictions.*

1. Data Privacy. If you reside and/or you are employed in the EU / EEA, Switzerland or the United Kingdom the following provision replaces Section 22 of the Terms and Conditions:

The Company is located at 2825 Airview Boulevard Kalamazoo, Michigan 49002, U.S.A. and grants PSUs under the 2011 Plan to employees of the Company and its Subsidiaries in its sole discretion. You should review the following information about the Company's data processing practices.

(a) Data Collection, Processing and Usage. Pursuant to applicable data protection laws, you are hereby notified that the Company collects, processes and uses certain personally-identifiable information about you for the legitimate interest of implementing, administering and managing the 2011 Plan and generally administering equity awards; specifically, including your name, home address, email address and telephone number, date of birth, social insurance number or other identification number, salary, citizenship, job title, any Shares or directorships held in the Company, and details of all options or any other awards granted, canceled, exercised, vested, or outstanding in your favor, which the Company receives from you or your Employer. In granting the PSUs under the 2011 Plan, the Company will collect your personal data for purposes of allocating Shares and implementing, administering and managing the 2011 Plan. The Company's collection, processing, use and transfer of your personal data is necessary for the performance of the Company's contractual obligations under the Plan and pursuant to the Company's legitimate interest of managing and generally administering employee equity awards. Your refusal to provide personal data would make it impossible for the Company to perform its contractual obligations and may affect your ability to participate in the 2011 Plan. As such, by participating in the 2011 Plan, you voluntarily acknowledge the collection, processing and use of your personal data as described herein.

(b) Stock Plan Administration Service Provider. The Company transfers participant data to the Stock Plan Administrator. In the future, the Company may select a different Stock Plan Administrator and share your data with another company that serves in a similar manner. The Stock Plan Administrator will open an account for you, if an account is not already in place, to receive and trade Shares acquired under the 2011 Plan. You will be asked to agree on separate terms and data

processing practices with the Stock Plan Administrator, which is a condition to your ability to participate in the 2011 Plan.

(c) International Data Transfers. The Company and the Stock Plan Administrator are based in the United States. The Company can only meet its contractual obligations to you if your personal data is transferred to the United States. The Company's legal basis for the transfer of your personal data to the United States is to satisfy its contractual obligations to you and/or its use of the standard data protection clauses adopted by the EU Commission.

(d) Data Retention. The Company will use your personal data only as long as is necessary to implement, administer and manage your participation in the 2011 Plan or as required to comply with legal or regulatory obligations, including under tax and security laws. When the Company no longer needs your personal data, the Company will remove it from its systems. If the Company keeps your data longer, it would be to satisfy legal or regulatory obligations and the Company's legal basis would be for compliance with relevant laws or regulations.

(e) Data Subject Rights. You may have a number of rights under data privacy laws in your country of residence. For example, your rights may include the right to (i) request access or copies of personal data the Company processes, (ii) request rectification of incorrect data, (iii) request deletion of data, (iv) place restrictions on processing, (v) lodge complaints with competent authorities in your country of residence, and/or (vi) request a list with the names and addresses of any potential recipients of the Participant's personal data. To receive clarification regarding your rights or to exercise your rights, you should contact your local HR manager or the Company's Human Resources Department.

You expressly recognize that your participation in the 2011 Plan and the Company's grant of the PSUs does not constitute an employment relationship between you and the Company. You have been granted the PSUs as a consequence of the commercial relationship between the Company and the Subsidiary in Mexico that employs you, and the Company's Subsidiary in Mexico is your sole employer. Based on the foregoing, (a) you expressly recognize the 2011 Plan and the benefits you may derive from your participation in the 2011 Plan do not establish any rights between you and the Company's Subsidiary in Mexico that employs you, (b) the 2011 Plan and the benefits you may derive from your participation in the 2011 Plan are not part of the employment conditions and/or benefits provided by the Company's Subsidiary in Mexico that employs you, and (c) any modification or amendment of the 2011 Plan by the Company, or a termination of the 2011 Plan by the Company, shall not constitute a change or impairment of the terms and conditions of your employment with the Company's Subsidiary in Mexico that employs you.

2. Extraordinary Item of Compensation. You expressly recognize and acknowledge that your participation in the 2011 Plan is a result of the discretionary and unilateral decision of the Company, as well as your free and voluntary decision to participate in the 2011 Plan in accord with the terms and conditions of the 2011 Plan, the Terms and Conditions, and this Addendum. As such, you acknowledge and agree that the Company may, in its sole discretion, amend and/or discontinue your participation in the 2011 Plan at any time and without any liability. The value of the PSUs is an extraordinary item of compensation outside the scope of your employment contract, if any. The PSUs are not part of your regular or expected compensation for purposes of calculating any severance, resignation, redundancy, end of service payments, bonuses, long-service awards, pension or retirement benefits, or any similar payments, which are the exclusive obligations of the Company's Subsidiary in Mexico that employs you.

BY SIGNING BELOW, YOU ACKNOWLEDGE, UNDERSTAND AND AGREE TO THE PROVISIONS OF THE 2011 PLAN, THE TERMS AND CONDITIONS AND THIS ADDENDUM.

1. Waiver of Termination Rights. As a condition to the grant of the PSUs, you hereby waive any and all rights to compensation or damages as a result of the termination of your employment with the Company and your Employer for any reason whatsoever, insofar as those rights result or may result from (a) the loss or diminution in value of such rights or entitlements under the 2011 Plan, or (b) you ceasing to have rights under or ceasing to be entitled to any awards under the 2011 Plan as a result of such termination.

2. Tax Deferral Upon Retirement. Unless you otherwise elect by contacting Stryker no later than April 30, 2021, you hereby agree that upon Retirement eligibility, the PSUs shall not become taxable until the date of settlement when Shares are actually delivered or otherwise made available.

NEW ZEALAND

1. WARNING. You are being offered PSUs to be settled in the form of shares of Stryker Corporation common stock. If the Company runs into financial difficulties and is wound up, you may lose some or all your investment. New Zealand law normally requires people who offer financial products to give information to investors before they invest. This requires those offering financial products to have disclosed information that is important for investors to make an informed decision. The usual rules do not apply to this offer because it is an offer made under the Employee Share Scheme exemption. As a result, you may not be given all the information usually required. You will also have fewer other legal protections for this investment. You should ask questions, read all documents carefully, and seek independent financial advice before accepting the offer. The Company's Shares are currently traded on the New York Stock Exchange under the ticker symbol "SYK" and Shares acquired under the 2011 Plan may be sold through this exchange. You may end up selling the Shares at a price that is lower than the value of the Shares when you acquired them. The price will depend on the demand for the Company's Shares. *The Company's most recent annual report (which includes the Company's financial statements) is available at <http://phx.corporate-ir.net/phoenix.zhtml?c=118965&p=irol-irhome>. You are entitled to receive a copy of this report, free of charge, upon written request to the Company at STOCKPLANADMINISTRATION@STRYKER.COM.*

RUSSIA

1. IMPORTANT EMPLOYEE NOTIFICATION. If you are a citizen of the Russian Federation, any cash proceeds derived from the 2011 Plan (including any dividend equivalents payable in cash but excluding cash dividends) must be remitted directly to a personal bank account opened with an authorized bank in the Russian Federation (an "Authorized Russian Account"). Thereafter, you may, in your sole discretion, personally transfer such amounts from your Authorized Russian Account to a bank account legally established outside of the Russian Federation with a non-Russian bank located in the Organization for Economic Co-operation and Development or the Financial Action Task Force countries (an "Authorized Foreign Account"). Cash dividends (but not dividend equivalents payable in cash) can be remitted directly to an Authorized Foreign Account. However, you are required to notify the Russian tax authorities within one month of opening or closing an Authorized Foreign Account or changing the account details. You also are required to file quarterly reports of any transactions involving any Authorized Foreign Account you hold with the Russian tax authorities.

2. **SECURITIES LAW NOTIFICATION.** The grant of PSUs and the issuance of Shares upon vesting are not intended to be an offering of securities with the Russian Federation, and the Terms and Conditions, the 2011 Plan, this Addendum and all other materials that you receive in connection with the grant of PSUs and your participation in the 2011 Plan (collectively, “Grant Materials”) do not constitute advertising or a solicitation within the Russian Federation. In connection with your grant of PSUs, the Company has not submitted any registration statement, prospectus or other filing with the Russian Federal Bank or any other governmental or regulatory body within the Russian Federation, and the Grant Materials expressly may not be used, directly or indirectly, for the purpose of making a securities offering or public circulation of Shares within the Russian Federation.

3. **EXCHANGE CONTROL NOTIFICATION.** You are solely responsible for complying with applicable Russian exchange control regulations. Since the exchange control regulations change frequently and without notice, you should consult your legal advisor prior to the acquisition or sale of Shares under the 2011 Plan to ensure compliance with current regulations. As noted, it is your personal responsibility to comply with Russian exchange control laws, and neither the Company nor any Subsidiary will be liable for any fines or penalties resulting from failure to comply with applicable laws.

4. **ANTI-CORRUPTION NOTIFICATION.** Anti-corruption laws prohibit certain public servants, their spouses and their dependent children from owning any foreign source financial instruments (*e.g.*, shares of foreign companies such as the Company). Accordingly, you should inform the Company if you are covered by these laws as this relates to your acquisition of Shares under the 2011 Plan.

SINGAPORE

1. **Qualifying Person Exemption.** The following provision shall replace Section 23 of the Terms and Conditions:

The grant of the PSUs under the 2011 Plan is being made pursuant to the “Qualifying Person” exemption” under section 273(1)(f) of the Securities and Futures Act (Chapter 289, 2011 Ed.) (“SFA”). The 2011 Plan has not been lodged or registered as a prospectus with the Monetary Authority of Singapore. You should note that, as a result, the PSUs are subject to section 257 of the SFA and you will not be able to make (a) any subsequent sale of the Shares in Singapore or (ii) any offer of such subsequent sale of the Shares subject to the PSUs in Singapore, unless such sale or offer is made pursuant to the exemptions under Part XIII Division (1) Subdivision (4) (other than section 280) of the SFA (Chapter 289, 2011 Ed.).

2. **Director Reporting Notification.** If you are a director, associate director or shadow director of a Singapore company, you are subject to certain notification requirements under the Singapore Companies Act. Among these requirements is an obligation to notify the Singapore company in writing when you receive an interest (*e.g.*, PSUs or Shares) in the Company or any related company. In addition, you must notify the Singapore company when you sell Shares (including when you sell Shares acquired at vesting of the Performance Stock Units). These notifications must be made within two business days of acquiring or disposing of any interest in the Company or any related company. In addition, a notification must be made of Participant’s interests in the Company or any related company within two business days of becoming a director.

SOUTH AFRICA

1. Withholding Taxes. In addition to the provisions of Section 13 of the Terms and Conditions, you agree to notify your Employer in South Africa of the amount of any gain realized upon vesting of the PSUs. If you fail to advise your Employer of the gain realized upon vesting of the PSUs, you may be liable for a fine. You will be responsible for paying any difference between the actual tax liability and the amount withheld.

2. Exchange Control Obligations. You are solely responsible for complying with applicable exchange control regulations and rulings (the "Exchange Control Regulations") in South Africa. As the Exchange Control Regulations change frequently and without notice, you should consult your legal advisor prior to the acquisition or sale of Shares under the 2011 Plan to ensure compliance with current Exchange Control Regulations. Neither the Company nor any of its Subsidiaries will be liable for any fines or penalties resulting from your failure to comply with applicable laws.

3. Securities Law Information and Deemed Acceptance of PSUs. Neither the PSUs nor the underlying Shares shall be publicly offered or listed on any stock exchange in South Africa. The offer is intended to be private pursuant to Section 96 of the Companies Act and is not subject to the supervision of any South African governmental authority. Pursuant to Section 96 of the Companies Act, the PSU offer must be finalized on or before the 60th day following the grant date. If you do not want to accept the PSUs, you are required to decline the PSUs no later than the 60th day following the grant date. If you do not reject the PSUs on or before the 60th day following the grant date, you will be deemed to accept the PSUs.

SPAIN

1. Acknowledgement of Discretionary Nature of the 2011 Plan; No Vested Rights. In accepting the PSUs, you acknowledge that you consent to participation in the 2011 Plan and have received a copy of the 2011 Plan. You understand that the Company has unilaterally, gratuitously and in its sole discretion granted PSUs under the 2011 Plan to individuals who may be employees of the Company or its Subsidiaries throughout the world. The decision is a limited decision that is entered into upon the express assumption and condition that any grant will not economically or otherwise bind the Company or any of its Subsidiaries on an ongoing basis. Consequently, you understand that the PSUs are granted on the assumption and condition that the PSUs and the Shares acquired upon vesting of the PSUs shall not become a part of any employment contract (either with the Company or any of its Subsidiaries) and shall not be considered a mandatory benefit, salary for any purposes (including severance compensation) or any other right whatsoever. In addition, you understand that this grant would not be made to you but for the assumptions and conditions referenced above. Thus, you acknowledge and freely accept that should any or all of the assumptions be mistaken or should any of the conditions not be met for any reason, the PSUs shall be null and void.

You understand and agree that, as a condition of the grant of the PSUs, any unvested PSUs as of the date you cease active employment will be forfeited without entitlement to the underlying Shares or to any amount of indemnification in the event of the termination of employment by reason of, but not limited to, (i) material modification of the terms of employment under Article 41 of the Workers' Statute or (ii) relocation under Article 40 of the Workers' Statute. You acknowledge that you have read and specifically accept the conditions referred to in the Terms and Conditions regarding the impact of a termination of employment on your PSUs.

BY SIGNING BELOW, YOU ACKNOWLEDGE, UNDERSTAND AND AGREE TO THE PROVISIONS OF THE 2011 PLAN, THE TERMS AND CONDITIONS AND THIS ADDENDUM.

2. Exclusion of Claim. You acknowledge and agree that you will have no entitlement to compensation or damages in consequence of the termination of your employment with the Company and your Employer for any reason whatsoever and whether or not in breach of contract, insofar as any purported claim to such entitlement arises or may arise from your ceasing to have rights under or to be entitled to vest in the PSUs as a result of such termination of employment (whether the termination is in breach of contract or otherwise), or from the loss or diminution in value of the PSUs. Upon the grant of the PSUs, you shall be deemed irrevocably to have waived any such entitlement.
