Item 1. Business

Company Overview

The 2012 year showed continued growth in our company with an 85% increase in revenues of \$2,048,699 in 2012, as compared with our prior year. Our net loss also improved from \$1,453,977 in 2011 to \$364,345 in 2012.

For the fourth quarter of 2012, we more than doubled growth in revenues - from \$325,910 in 2011 to \$750,719 in 2012. Our bottom line significantly improved with net income of \$118,993 in the fourth quarter of 2012, as compared with a net loss of \$93,143 in the fourth quarter of 2011.

Our recent success is largely attributable to leveraging our market position to further acquire more brands and electronic health platforms to integrate eCoupon support within participating physician's electronic prescribing workflow.

We stuck out this year with a solid message to the pharmaceutical industry that was threefold:

- 1) SampleMD can deliver promotional scale to physicians at point of prescription through interoperability with multiple disparate electronic health platforms;
- 2) Electronic health platforms (EMRs, eRx, Patient Portals) are the new digital frontier to reaching physicians and patients as opposed to external web sites that have been traditionally the focus of their non-rep marketing; and
- 3) The ability of our SampleMD solution to integrate within multiple application platforms while adhering to compliance and regulatory requirements by defining and utilizing industry standards was a powerful message to the industry.

Throughout 2012, we promoted brand support programs, including eVouchers, eCopay Coupons and Patient Education, from 20 major pharmaceutical and medical manufacturers. We have also seen our client base increase with new programs initiated with Eli Lilly, Roche Diagnostics, Pfizer, Daiichi Sankyo, Roche Pharmaceutical, Alcon Laboratories and many others. The industry acknowledged SampleMD leadership in the marketplace as we established new partnerships with DrFirst, and new working relationships with Adheris and Krames Staywell.

Additionally, we launched SampleMD's unique "dashboard reporting" portal to our clients which enables our clients and platform partners to monitor their programs in real time and evaluate performance of individual channels and overall program effectiveness.

Our SampleMD solution also went live in the Allscripts PRO EMR solution. However, automated access to the additional 25,000 Allscripts PRO based clinicians has been limited due to doctors having to actively turn the eCoupon feature on. However, we are working with Allscripts senior management to internally remedy this obstacle because of the clear benefits to the healthcare provider, its patients and the payors looking to improve overall healthcare outcomes. We anticipate Allscripts PRO moving to an "opt-out" feature to turn the eCoupon tool off as opposed to turning it on, thus automating access to these providers in the second quarter of 2013.

We have begun the integration for SampleMD into HealthTronics, the largest Urology EMR in the country, which serves over 2,200 doctors. This specialty network is very significant to some of our current coupons for brands like Cialis and Vesicare, as well as positioning us to acquire other new brands and manufacturers who seek to reach these types of specialists. SampleMD is also in direct discussion with some of the largest remaining EMRs and ePrescribing platforms, along with the largest hospital and health systems.

[Table of Contents](#)

To further escalate our value and growth, we have formalized a partnership agreement with one of the premier and most respected brands in the industry: PDR, also known as Physicians Desk Reference. This allows both companies to leverage synergistic strengths to offer more solutions and reach to the pharmaceutical industry, as well as more value to the electronic health records (EMR/EHR) platforms. SampleMD will be PDR's eCoupon and Rep invite platform, and PDR will enable expansion of SampleMD's reach to additional EMRs and directly to physicians' offices via a PDR branded downloadable desktop application of the SampleMD solution.

Additionally, SampleMD has entered into a partnership and licensing agreement with LDM Group, a leading provider of patient support. In addition to settling the legal issues between our companies and giving us full licensing of their patents, LDM allows us to enter into a major new promotional channel: promotion at point of pharmacy. We will be LDM's exclusive eCoupon partner to offer both savings and educational support right when a patient receives their prescription fill.

In the fourth quarter of 2012, we were awarded a patent for our innovative SampleMD solution (US Patent No. 8,341,015). This award highlighted our continued research and development efforts. The awarded claims cover our ability to electronically process, display and distribute eligible prescription savings on the medications and therapies healthcare providers wish to prescribe for their patients. We have also recently submitted and will be preparing additional filings to protect our intellectual property on forthcoming solutions that will further assist and support physicians, pharmacists and patients.

In addition, we have hired Harness, Dickey & Pierce, a nationally ranked IP firm, to further expand and protect our intellectual property. Through them, we have filed two additional patents on our technology. We also used the firm to file a patent infringement lawsuit against Physicians Interactive. Management believes the current and expanding IP will allow us to continue being the leader in this rapidly growing space.

Adding strength to our organization, we have re-aligned our management team and added Mr. Shad Stastney as the new Chairman and Chief Executive Officer. Mr. Stastney, 43, has served as an active member of our board since 2009 and has provided us with keen insights and guidance. Mr. Stastney is a founding partner of Vicis Capital LLC, which managed assets that peaked at \$5 billion dollars. He graduated from the University of North Dakota in 1990 with a B.A. in Political Theory and History, and from Yale Law School in 1994 with a J.D. focusing on corporate and tax law.

From 1994 to 1997, he worked as an associate at Cravath, Swaine and Moore in New York, where he worked in the tax and corporate group, focusing on derivatives. In 1997, he joined CSFB's then-combined convertible/equity derivative origination desk. From 1998 through 2001, he worked in CSFB's corporate equity derivatives origination group, eventually becoming a Director and Head of the Hedging and Monetization Group, a joint venture between derivatives and equity capital markets. In 2001, he jointly founded Vicis Capital Management, LP, and in 2004, he jointly founded Vicis Capital LLC.

Mr. Harrell became Vice-Chairman and will be responsible for developing corporate strategy and product innovation. David Lester, will continue to manage company operations as Chief Operating Officer.

In summary, we remain committed to working with top organizations to provide better affordability and access to healthcare for the patients we serve. To achieve this, we will continue to work with leading providers in partnering to provide simple to use solutions. As compliance and regulatory requirements (i.e. meaningful use) continue to surround healthcare providers, OptimizeRx continues through its partnerships and internal R&D to become the "HUB" for providing access to these ease of use solutions.

With these continued efforts, we believe that SampleMD continues to be regarded as the innovative industry leader and setting the standards within this new frontier of digital EMR solution marketing for patient care.

Principal Products and Applications

Our principal products and applications can be summarized as follows:

- SampleMD - Today, almost 60% of doctors' offices ban or limit drug representatives and the samples they offer. Although samples are still valuable, many healthcare systems and doctors are looking for an easier, more effective way to increase affordable access and adherence to their prescribed branded medications which led us during the past year to develop our direct to physician solution called SampleMD.

SampleMD is a revolutionary virtual "Patient Support Center" that allows doctors and staff to access a universe of sample vouchers, co-pay coupons and the fulfillment and adjudication of claims directly from their or their EMR and/or e-Prescribe systems to search, print or electronically dispense drug samples, co-pay coupons and patient educational support through a national network of pharmacies. SampleMD eliminates the need for physicians to manage and store physical drug samples by offering a more convenient and efficient way to allocate, administer and track samples and co-pay savings provided to their patients.

- OPTIMIZERx.com – Our Direct to Consumer WebSite is a portal to healthcare savings for patients to centrally review and participate in prescription and healthcare savings and support programs. To date, we have over 2.4 million members who have registered. We strive to provide all the information and guidance that patients undergoing long-term pharmaceutical treatments may require. Patients can search by their medication or their condition in order to access educational information regarding their condition, information regarding their medication, coupons for instant savings when they purchase their medications, information on free drug trials, and guidance to any other savings programs available to them.

Marketing and Sales

We continue to extend our marketing efforts to build both brand and capabilities awareness to the market. As mentioned above, we actively participated in industry and partner events such as exlPharma and the ACE – Allscripts Users Conference. During the course of the year, we also initiated and delivered successful email marketing campaigns as well as successful public relations and press release communications initiatives. We have enlisted a successful advertising campaign through Pharma Exec magazine that netted several responses and qualified leads.

We plan to continue these efforts and with our marketing partners, we intend to continue to promote OPTIMIZERx and SampleMD primarily through the following:

- Industry and Partner event
- Email Campaigns
- Internet Marketing
- Public Relations Campaigns
- Physician Offices
- Direct to Consumer Marketing
- Trade Media Advertising
- Pharmacy Partners
- Physician Organizations and Associations
- Strategic Relationships

We also work through our existing and new partners, including Dr First, Allscripts and PDR, to promote our services.

Research and Development

We are keen on the opinions and input that we gain from all stake holders by which our products and solutions cross. From the prescribing clinicians that utilize our solutions to add value to the patients they serve, to the partners we use to leverage their channels for distribution and promotion of the services, we are able to greatly assist the pharmaceutical manufacturing clients that depend on our solutions to increase their brand awareness and assist patients in need of their offerings. This “Voice of the Stake Holder” is a mantra that we leverage in analyzing industry trends and market shifts and identifying enhancements and new offerings through our SampleMD™ solution. This effort involves all of our officers and directors as part of our continual research development team while monitoring new technologies, trends, services, and partnerships that can help us provide additional services and increased value to the healthcare and pharmaceutical industries and to the patients they serve.

We have developed two new key functions involved with allowing a live chat or conversation between the health provider and product manufacturer or service, as well as a one click way to request a representative visit. This addresses major access barriers that limit doctors interaction with the manufacturer and allows the health system or provider to access needed information when they want it.

Last year we added a Director of Technology and Director of Software Development to strengthen our core technical team while further developing our core portfolio products and solutions, and begin development of new solutions offerings to expand our solutions offerings footprint. We also continue to work with the Engineering and Information Technology department of Oakland University in Rochester Michigan. As the University has opened the doors of its new medical school, it also brings highly skilled technology and application developers whom possess a solid knowledge of medical industry IT requirements.

We continue our commitment to educate both our direct and our extended teams through an understanding of all market dynamics that have the potential to affect our business in both the short and long term. Our primary goal is to help patients better afford and access the medicines their doctors prescribe, as well as other healthcare products and services they need. Based on this goal, we continually seek better ways to meet this mission through the use of improved technology, user feedback, and working closely with the pharmaceutical industry. We are continually seeking new ways we can engage the pharmaceutical industry to provide new support programs to patients in need of their products.

Competition

SampleMD has faced some competition based on the growth in the space primarily by Physicians Interactive. As noted, we have filed a patent infringement suit against the company.

The OptimizeRx.com website continues to compete in the highly competitive pharmaceutical and healthcare advertising industry that is dominated by large well-known companies with established names, solid market niches, wide arrays of product offerings and marketing networks. Our largest competitors include a variety of healthcare website publishers and networks that provide online advertising competition to OPTIMIZERx.com, including Quality Health, WebMD, McKesson, and Drugs.com.

- Quality Health – Quality Health hosts an interactive website that allows users to research information regarding medical conditions, medications, and treatments. Visitors to their website can also search for doctors or health centers in their area, both generally and specific to their condition.
- WebMD – WebMD provides in-depth reference material regarding medical conditions and medicines to users. Individuals can search for a diagnosis via symptoms or research details regarding their previously diagnosed medical conditions. Online support forums are also hosted for patients with particularly challenging conditions.
- McKesson – McKesson Corporation has been providing health care services in the United States for over 175 years. They act as a distributor for pharmaceutical companies to a network of pharmacies, and have developed online solutions for customers, third-party payors, and manufacturers. McKesson has significantly greater financial resources and brand recognition than we do.

Intellectual Property

In the fourth quarter of 2012, we were awarded a patent for our innovative SampleMD solution (US Patent No. 8,341,015). This award highlighted our continued research and development efforts. The awarded claims cover our ability to electronically process, display and distribute eligible prescription savings on the medications and therapies healthcare providers wish to prescribe for their patients. We have also recently submitted and will be preparing additional filings to protect our intellectual property on forthcoming solutions that will further assist and support physicians, pharmacists and patients. In addition, we have hired Harness, Dickey & Pierce, a nationally ranked IP firm, to further expand and protect our intellectual property. Through them, we have filed two additional patents on our technology. We also used the firm to file a patent infringement lawsuit against Physicians Interactive. Management believes the current and expanding IP will allow us to continue being the leader in this rapidly growing space. OPTIMIZERx is a licensed trademark. SampleMD is a licensed trademark.

Our intellectual property is developed significantly each month. Since inception, we have developed and launched OFFERx and ADHERxE, and we are further integrating these platforms to provide more robust offerings. OPTIMIZERx.com and OFFERx are patent pending.

Government Regulation

Fraud and Abuse Laws

Anti-Kickback Statutes

The federal healthcare program Anti-Kickback Statute prohibits persons from knowingly and willfully soliciting, offering, receiving or providing remuneration, directly or indirectly, in exchange for or to induce either the referral of an individual for, or the furnishing, arranging for or recommending a good or service for which payment may be made in whole or part under a federal healthcare program such as Medicare or Medicaid. The definition of remuneration has been broadly interpreted to include anything of value, including for example gifts, discounts, the furnishing of supplies or equipment, credit arrangements, payments of cash and waivers of payments. Several courts have interpreted the statute's intent requirement to mean that if any one purpose of an arrangement involving remuneration is to induce referrals or otherwise generate business involving goods or services reimbursed in whole or in part under federal healthcare programs, the statute has been violated. The law contains a few statutory exceptions, including payments to bona fide employees, certain discounts and certain payments to group purchasing organizations. Violations can result in significant penalties, imprisonment and exclusion from Medicare, Medicaid and other federal healthcare programs. Exclusion of a manufacturer would preclude any federal healthcare program from paying for its products. In addition, kickback arrangements can provide the basis for an action under the Federal False Claims Act, which is discussed in more detail below. The Anti-Kickback Statute is broad and potentially prohibits many arrangements and practices that are lawful in businesses outside of the healthcare industry. Recognizing that the Anti-Kickback Statute is broad and may technically prohibit many innocuous or beneficial arrangements, the Office of Inspector General of Health and Human Services, or OIG, issued a series of regulations, known as the safe harbors, beginning in July 1991. These safe harbors set forth provisions that, if all the applicable requirements are met, will assure healthcare providers and other parties that they will not be prosecuted under the Anti-Kickback Statute. The failure of a transaction or arrangement to fit precisely within one or more safe harbors does not necessarily mean that it is illegal or that prosecution will be pursued. However, conduct and business arrangements that do not fully satisfy each applicable safe harbor may result in increased scrutiny by government enforcement authorities such as the OIG. Arrangements that implicate the Anti-Kickback Law, and that do not fall within a safe harbor, are analyzed by the OIG on a case-by-case basis. Government officials have focused recent enforcement efforts on, among other things, the sales and marketing activities of healthcare companies, and recently have brought cases against individuals or entities with personnel who allegedly offered unlawful inducements to potential or existing customers in an attempt to procure their business. Settlements of these cases by healthcare companies have involved significant fines and/or penalties and in some instances criminal pleas. In addition to the Federal Anti-Kickback Statute, many states have their own kickback laws. Often, these laws closely follow the language of the federal law, although they do not always have the same exceptions or safe harbors. In some states, these anti-kickback laws apply with respect to all payors, including commercial health insurance companies.

False Claims Laws

Federal false claims laws prohibit any person from knowingly presenting, or causing to be presented, a false claim for payment to the federal government or knowingly making, or causing to be made, a false statement to get a false claim paid. Manufacturers can be held liable under false claims laws, even if they do not submit claims to the government, if they are found to have caused submission of false claims. The Federal Civil False Claims Act also includes whistle blower provisions that allow private citizens to bring suit against an entity or individual on behalf of the United States and to recover a portion of any monetary recovery. Many of the recent highly publicized settlements in the healthcare industry related to sales and marketing practices have been cases brought under the False Claims Act. The majority of states also have statutes or regulations similar to the federal false claims laws, which apply to items and services reimbursed under Medicaid and other state programs, or, in several states, apply regardless of the payor. Sanctions under these federal and state laws may include civil monetary penalties, exclusion of a manufacturer's products from reimbursement under government programs, criminal fines and imprisonment.

Privacy and Security

The Health Insurance Portability and Accountability Act of 1996, or HIPAA, and the rules promulgated there under require certain entities, referred to as covered entities, to comply with established standards, including standards regarding the privacy and security of protected health information, or PHI. HIPAA further requires that covered entities enter into agreements meeting certain regulatory requirements with their business associates, as such term is defined by HIPAA, which, among other things, obligate the business associates to safeguard the covered entity's PHI against improper use and disclosure. While not directly regulated by HIPAA, our customers or distributors might face significant contractual liability pursuant to such an agreement if the business associate breaches the agreement or causes the covered entity to fail to comply with HIPAA. It is possible that HIPAA compliance could become a substantial regulatory burden and expense to our operations, although we do not believe that this will occur as a general website publisher.

Corporate History

Optimizer Systems, LLC was formed in the State of Michigan on January 31, 2006. It then became a corporation in the state of Michigan on October 22, 2007 and changed its name to OptimizeRx Corporation on October 22, 2007. On April 14, 2008, our company, known at the time as RFID Ltd., entered into a share exchange agreement with the stockholders of OptimizeRx Corporation, pursuant to which the stockholders of OptimizeRx Corporation exchanged all of the issued and outstanding capital stock of OptimizeRx Corporation for 10,664,000 shares of common stock of RFID Ltd.. As of April 30, 2008, RFID's officers and directors resigned their positions and RFID changed its business to OptimizeRx's business. As a result, the historical discussion and financial statements included in this annual report are those of OptimizeRx Corporation. On April 15, 2008, RFID Ltd's corporate name was changed to OptimizeRx Corporation. On September 4, 2008, we then completed a migratory merger, thereby changing our state of incorporation from Colorado to Nevada, resulting in the current corporate structure in which we, OptimizeRx Corporation, a Nevada corporation is the parent corporation, and OptimizeRx Corporation, a Michigan Corporation is our wholly-owned subsidiary.

Employees

As of December 31, 2012, we had 11 full-time employees and 2 part time / co-op employees in addition to 3 contracted programmers through our established a relationship with Oakland University for technical and programming resources.

Subsidiaries

We conduct our operations through our wholly-owned subsidiary, OptimizeRx Michigan.

Item 2. Properties

Currently, we do not own any real estate. Our principal executive offices are located at 400 Water Street, Suite 200, Rochester, Michigan, 48307. We have entered into a 3 year lease for this 2,886 square foot facility, with a cost of approximately \$5,049.25 per month. We believe that our properties are adequate for our current needs, but growth potential may require larger facilities due to anticipated addition of personnel. We do not have any policies regarding investments in real estate, securities or other forms of property.

[Table of Contents](#)

Item 3. Legal Proceedings

Aside from the following, we are not a party to any pending legal proceeding. We are not aware of any pending legal proceeding to which any of our officers, directors, or any beneficial holders of 5% or more of our voting securities are adverse to us or have a material interest adverse to us.

On November 5, 2012, LDM Group, LLC commenced an action against us in the United States District Court for the Eastern District of Missouri, Eastern Division. The complaint alleges that we infringed on a patent issued on February 21, 2012 in favor of LDM. LDM alleges that its patent is an invention of a method for making available targeted content to a prescription medication patient while the patient is still in the physician's office. According to LDM, our Integrated SampleMD uses systems and methods that perform the elements of the LDM patent and, therefore, infringes on its patent.

We intend to vigorously defend the action brought by LDM.

On February 6, 2013, we filed a Complaint for Patent Infringement against Physicians Interactive Inc., Physicians Interactive Holdings, Inc. and Skyscape.com, in which we allege that one or more of those entities has infringed on United States Patent No. 8,341,015. As of March 11, 2013, no further action has occurred in that case.

Item 4. Mine Safety Disclosures

Not applicable.

PART II

Item 5. Market for Registrant's Common Equity and Related Stockholder Matters and Issuer Purchases of Equity Securities

Market Information

Our common stock is quoted under the symbol "OPRX" on the OTCBB operated by the Financial Industry Regulatory Authority, Inc. ("FINRA") and the OTCQB operated by OTC Markets Group, Inc. Few market makers continue to participate in the OTCBB system because of high fees charged by FINRA. Consequently, market makers that once quoted our shares on the OTCBB system may no longer be posting a quotation for our shares. As of the date of this report, however, our shares are quoted by several market makers on the OTCQB. The criteria for listing on either the OTCBB or OTCQB are similar and include that we remain current in our SEC reporting. Our reporting is presently current and, since inception, we have filed our SEC reports on time.

Only a limited market exists for our securities. There is no assurance that a regular trading market will develop, or if developed, that it will be sustained. Therefore, a shareholder may be unable to resell his securities in our company.

Penny Stock

The SEC has adopted rules that regulate broker-dealer practices in connection with transactions in penny stocks. Penny stocks are generally equity securities with a market price of less than \$5.00, other than securities registered on certain national securities exchanges or quoted on the NASDAQ system, provided that current price and volume information with respect to transactions in such securities is provided by the exchange or system. The penny stock rules require a broker-dealer, prior to a transaction in a penny stock, to deliver a standardized risk disclosure document prepared by the SEC, that: (a) contains a description of the nature and level of risk in the market for penny stocks in both public offerings and secondary trading; (b) contains a description of the broker's or dealer's duties to the customer and of the rights and remedies available to the customer with respect to a violation of such duties or other requirements of the securities laws; (c) contains a brief, clear, narrative description of a dealer market, including bid and ask prices for penny stocks and the significance of the spread between the bid and ask price; (d) contains a toll-free telephone number for inquiries on disciplinary actions; (e) defines significant terms in the disclosure document or in the conduct of trading in penny stocks; and (f) contains such other information and is in such form, including language, type size and format, as the SEC shall require by rule or regulation.

The broker-dealer also must provide, prior to effecting any transaction in a penny stock, the customer with (a) bid and offer quotations for the penny stock; (b) the compensation of the broker-dealer and its salesperson in the transaction; (c) the number of shares to which such bid and ask prices apply, or other comparable information relating to the depth and liquidity of the market for such stock; and (d) a monthly account statement showing the market value of each penny stock held in the customer's account.

In addition, the penny stock rules require that prior to a transaction in a penny stock not otherwise exempt from those rules, the broker-dealer must make a special written determination that the penny stock is a suitable investment for the purchaser and receive the purchaser's written acknowledgment of the receipt of a risk disclosure statement, a written agreement as to transactions involving penny stocks, and a signed and dated copy of a written suitability statement.

These disclosure requirements may have the effect of reducing the trading activity for our common stock. Therefore, stockholders may have difficulty selling our securities.

Holders of Our Common Stock

As of March 12, 2013, we had 14,232,496 shares of our common stock issued and outstanding, held by 310 shareholders of record, not including those held in street name.

Dividends

We currently intend to retain future earnings for the operation of our business. We have never declared or paid cash dividends on our common stock, and we do not anticipate paying any cash dividends in the foreseeable future.

In the event that a dividend is declared, common stockholders on the record date are entitled to share ratably in any dividends that may be declared from time to time on the common stock by our board of directors from funds legally available.

There are no restrictions in our articles of incorporation or bylaws that restrict us from declaring dividends. The Nevada Revised Statutes, however, do prohibit us from declaring dividends where, after giving effect to the distribution of the dividend:

1. We would not be able to pay our debts as they become due in the usual course of business; or
2. Our total assets would be less than the sum of our total liabilities, plus the amount that would be needed to satisfy the rights of shareholders who have preferential rights superior to those receiving the distribution.

Securities Authorized for Issuance under Equity Compensation Plans

We are currently in the process of establishing a new stock incentive plan for employees, directors and consultants that provide valuable services to our company. We expect to have the plan adopted by our board of directors in the coming months.

Recent Sales of Unregistered Securities

The information set forth below describes our issuance of securities without registration under the Securities Act of 1933, as amended, during the year ended December 31, 2012, that were not previously disclosed in a Quarterly Report on Form 10-Q or in a Current Report on Form 8-K:

On October 12, 2012, we issued a five year option to a consultant to purchase 25,000 shares of our common stock at an exercise price of \$1.58 per share.

These issuances were deemed to be exempt under rule 506 of Regulation D and Section 4(2) of the Securities Act of 1933, as amended, since, among other things, the transactions did not involve a public offering, the investors were accredited investors and / or qualified institutional buyers, the investors had access to information about the Company and their investment, the investors took the securities for investment and not resale, and the Company took appropriate measures to restrict the transfer of the securities.

Item 6. Selected Financial Data

A smaller reporting company is not required to provide the information required by this Item.

Item 7. Management's Discussion and Analysis of Financial Condition and Results of Operations

Forward-Looking Statements

Certain statements, other than purely historical information, including estimates, projections, statements relating to our business plans, objectives, and expected operating results, and the assumptions upon which those statements are based, are "forward-looking statements." These forward-looking statements generally are identified by the words "believes," "project," "expects," "anticipates," "estimates," "intends," "strategy," "plan," "may," "will," "would," "will be," "will continue," "will likely result," and similar expressions. Forward-looking statements are based on current expectations and assumptions that are subject to risks and uncertainties which may cause actual results to differ materially from the forward-looking statements. Our ability to predict results or the actual effect of future plans or strategies is inherently uncertain. Factors which could have a material adverse affect on our operations and future prospects on a consolidated basis include, but are not limited to: changes in economic conditions, legislative/regulatory changes, availability of capital, interest rates, competition, and generally accepted accounting principles. These risks and uncertainties should also be considered in evaluating forward-looking statements and undue reliance should not be placed on such statements.

Results of Operations for the Years Ended December 31, 2012 and 2011

Revenues

Our total revenue reported for year ended December 31, 2012 was \$2,048,699, an increase from \$1,111,520 from the prior year.

Our increased revenue for the year ended December 31, 2012 as compared with the prior year is a result of the continued viability of our SampleMD solution and the setup and integration fees for pharmaceutical manufacturers whom are participating within this offering.

Operating Expenses

Operating expenses increased to \$2,413,044 for the year ended December 31, 2012 from \$2,565,497 for the year ended December 31, 2011. Our major expenses for the year ended December 31, 2012 were advertising expenses of \$57,218, professional fees of \$263,396, consulting expenses of \$19,148, salaries, wages, and benefits of \$1,184,367, rent of \$62,362, depreciation and amortization of \$187,104, stock based compensation of \$285,605 and general and administrative expenses of \$353,844. In comparison, our operating expenses for the year ended December 31, 2011 were advertising expenses of \$544,071, professional fees of \$342,503, consulting expenses of \$185,174, salaries, wages, and benefits of \$864,655, rent of \$37,868, depreciation and amortization of \$145,315 and general and administrative expenses of \$445,911.

Our expenses decreased in 2012 as compared with 2011 largely as a result of decreased advertising costs, professional fees, consulting expenses and general and administrative costs. .

Other Income/Expenses

Other income was \$369 for year ended December 31, 2012 an increase from other expenses of \$666,785 for same period ended 2011. We had \$958,641 in interest expenses in 2011 over only \$100 in 2012, which mostly accounted for the difference.

Net Loss

Net loss for the year ended December 31, 2012 was \$363,976, compared to net loss of \$ 2,120,762 for the year ended December 31, 2011.

Notwithstanding the net loss for the year, we believe that our company is starting to show real signs of improvement. In our fourth quarter 2012, we had revenues of \$750,719, as compared to revenues of \$325,910 for our fourth quarter 2011.

Liquidity and Capital Resources

As of December 31, 2012, we had total current assets of \$969,219 and total assets in the amount of \$2,175,404. Our total current liabilities as of December 31, 2012 were \$679,945. We had working capital of \$289,274 as of December 31, 2012.

Operating activities used \$624,033 in cash for the year ended December 31, 2012. Our net loss of \$363,976 along with \$282,019 in accounts payable, \$60,000 in accrued expenses, \$151,851 in accounts receivable, and \$281,353 in deferred revenue were the primary components of our negative operating cash flow, offset mainly by \$180,640 in stock-based compensation, \$187,104 in depreciation and amortization and \$50,874 in prepaid expenses.

Investing activities used \$50,870 during the year ended December 31, 2012 largely as a result of website development costs.

On September 16, 2011, we entered into a Securities Purchase Agreement with Vicis Capital Master Fund for sale of up to 50 shares of our Series B Preferred Stock and warrants to purchase up to 3,333,334 shares of our common stock with an exercise price of \$3.00 per share.

We have sold 15 shares of Series B Preferred Stock and a warrant to purchase 1,000,000 shares of our common stock at the above exercise price for \$1,500,000. This money was used to pay off a promissory note we had with Physicians Interactive and the balance is for working capital.

Our financing deal with Vicis has lapsed according to the terms of the Securities Purchase Agreement. However, we are in discussions with Vicis, who we feel is a committed financial partner, to address our capital needs as we continue to generate revenues and our business expands. There is no written agreement in place for such financing, but we will update our disclosures if and when such financing becomes available.

On January 10, 2013, we entered into a Securities Redemption Option Agreement with Vicis that provides us with an option to purchase all of the outstanding shares and derivative securities held by Vicis for total payment of nine million dollars (\$9,000,000). The shares and derivative securities include the Series A Convertible Preferred Stock, Series B Convertible Preferred Stock, Common Stock, and warrants to purchase shares of Series A Convertible Preferred Stock and Series B Convertible Preferred Stock held by Vicis. Our option expires on December 31, 2013 and may be extinguished if Vicis sells its securities before we exercise our option.

As of December 31, 2012 with the current level of financing and cash on hand, we have sufficient cash to operate our business at the current level for the next twelve months but insufficient cash to achieve our business goals unless we: a) realize cash revenues on sales generated; and/or b) receive financing from Vicis. We are uncertain what type of financing we will need as we continue to ramp up our revenue stream. As mentioned, we are continually in contact with Vicis about our financing needs and hope to have something in place if we need more cash.

Off Balance Sheet Arrangements

As of December 31, 2012, there were no off balance sheet arrangements.

Critical Accounting Policies

In December 2001, the SEC requested that all registrants list their most “critical accounting policies” in the Management Discussion and Analysis. The SEC indicated that a “critical accounting policy” is one which is both important to the portrayal of a company’s financial condition and results, and requires management’s most difficult, subjective or complex judgments, often as a result of the need to make estimates about the effect of matters that are inherently uncertain.

Our critical accounting policies are set forth in Note 2 to the financial statements.

Recently Issued Accounting Pronouncements

The Company does not expect the adoption of recently issued accounting pronouncements to have a significant impact on the Company’s results of operation, financial position or cash flow.

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Board of Directors
OptimizeRx Corporation
Rochester, Michigan

We have audited the accompanying consolidated balance sheets of OptimizeRx Corporation as of December 31, 2012 and 2011, and the related consolidated statements of operations, stockholders' equity, and cash flows for the years then ended. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free of material misstatement. The Company has determined that it is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. Our audits included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control over financial reporting. Accordingly, we express no such opinion. An audit includes examining on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the financial position of OptimizeRx Corporation, as of December 31, 2012 and 2011 and the results of their operations and cash flows for the years then ended, in conformity with accounting principles generally accepted in the United States.

OPTIMIZER_x CORPORATION
NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS
DECEMBER 31, 2012

NOTE 1 – NATURE OF BUSINESS

Optimizer Systems, LLC was formed in the State of Michigan on January 31, 2006. It then became a corporation in the State of Michigan on October 22, 2007 and changed its name to OptimizeRx Corporation. On April 14, 2008, RFID, Ltd., a Colorado corporation, consummated a reverse merger by entering into a share exchange agreement with the stockholders of OptimizeRx Corporation, pursuant to which the stockholders of OptimizeRx Corporation exchanged all of the issued and outstanding capital stock of OptimizeRx Corporation for 1,256,958 shares of common stock of RFID, Ltd., representing 100% of the outstanding capital stock of RFID, Ltd. As of April 30, 2008, RFID's officers and directors resigned their positions and RFID changed its business to OptimizeRx's business. On April 15, 2008, RFID, Ltd.'s corporate name was changed to OptimizeRx Corporation. On September 4, 2008, a migratory merger was completed, thereby changing the state of incorporation from Colorado to Nevada, resulting in the current corporate structure, in which OptimizeRx Corporation, a Nevada corporation, is the parent corporation, and OptimizeRx Corporation, a Michigan corporation, is a wholly-owned subsidiary (together, "OptimizeRx" and "the Company").

The wholly-owned subsidiary, OptimizeRx Corporation, is a technology solutions company targeting the health care industry. Their objective is to bring better access to better care through connecting patients, physicians and pharmaceutical manufacturers through technology. Once defined as a marketing and advertising company through its consumer website, OptimizeRx is maturing as a technology solutions provider as it launched its direct to physician solution, SampleMD. SampleMD allows physicians to search, print and send available sample trial vouchers and/or co-pay coupons on behalf of their patients. The SampleMD solution can either sit on the doctor's desktop or can be integrated into the ePrescribing or Electronic Medical Records applications. OptimizeRx solutions provide pharmaceutical manufacturers either a direct to consumer and/or direct to physician channels for communicating and promoting their products. It provides health care providers a means to provide sampling and coupons without having to physically store samples on site, and it provides better access and affordability to the patients.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The financial statements of the Company have been prepared in accordance with generally accepted accounting principles in the United States of America and are presented in US dollars.

Accounting Basis

The Company uses the accrual basis of accounting and accounting principles generally accepted in the United States of America ("GAAP" accounting). The Company has adopted a December 31 fiscal year end.

Principles of Consolidation

The financial statements reflect the consolidated results of OptimizeRx Corporation (a Nevada corporation) and its wholly owned subsidiary OptimizeRx Corporation (a Michigan corporation). All material inter-company transactions have been eliminated in the consolidation.

Reclassifications

Certain accounts and financial statement captions in the prior periods have been reclassified to conform to the current period financial statements.

OPTIMIZERx CORPORATION
NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS
DECEMBER 31, 2012

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Cash and Cash Equivalents

For purposes of the accompanying financial statements, the Company considers all highly liquid instruments with an initial maturity of three months or less to be cash equivalents.

Fair Value of Financial Instruments

The fair value of cash, accounts receivable, prepaid expenses, patent rights, web development costs, accounts payable, accounts payable – related party, accrued expenses and deferred revenue approximates the carrying amount of these financial instruments due to their short-term nature. The fair value of long-term debt, which approximates its carrying value, is based on current rates at which the Company could borrow funds with similar remaining maturities.

Accounts Receivable and Allowance for Doubtful Accounts

Accounts receivable are reported at realizable value, net of allowances for doubtful accounts, which is estimated and recorded in the period the related revenue is recorded. The Company has a standardized approach to estimate and review the collectability of its receivables based on a number of factors, including the period they have been outstanding. Historical collection and payer reimbursement experience is an integral part of the estimation process related to allowances for doubtful accounts. In addition, the Company regularly assesses the state of its billing operations in order to identify issues, which may impact the collectability of these receivables or reserve estimates. Bad debt expense was \$6,923 and \$0 for the years ended December 31, 2012 and 2011, respectively. The allowance for doubtful accounts was \$0 as of December 31, 2012 and 2011.

Property and Equipment

The capital assets are being depreciated over their estimated useful lives, three to seven years using the straight-line method of depreciation for book purposes.

Revenue Recognition

All revenue is recognized when it is earned. Revenues are generated either through the Company's website activities, in which we earn revenue from advertising and lead generation activities, or from our SampleMD activities, which include offering setup within the systems and our offers, coupons, and vouchers that enable our customers to save money on medical products and services. The Company's processes are monitored by third parties who collect revenues from clients on a per activity basis and report and forward the revenue to the Company's account.

Research and Development

The Company's key members are part of a continual research development team and monitor new technologies, trends, services and partnerships that can provide the Company with additional services, value to healthcare and pharmaceutical industries and to the patients it serves.

The Company seeks to educate team members through understanding of all market dynamics that have the potential to affect the business both short term and longer term. The primary goal is to help patients better afford and access the medicines their doctor prescribes, as well as other healthcare products and services they need. Based on this, the Company continually seeks better ways to meet this mission through technology, better user experiences and new ways to engage industries to provide new support for patients needing their products. The Company is always seeking new services and solutions to offer. At this time, the three current platforms provide robust opportunities and growth during the next five years.

OPTIMIZERx CORPORATION
NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS
DECEMBER 31, 2012

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Income Taxes

Income taxes are computed using the asset and liability method. Under the asset and liability method, deferred income tax assets and liabilities are determined based on the differences between the financial reporting and tax bases of assets and liabilities and are measured using the currently enacted tax rates and laws. A valuation allowance is provided for the amount of deferred tax assets that, based on available evidence, are not expected to be realized.

Concentration of Credit Risks

The Company maintains its cash and cash equivalents in bank deposit accounts, which, at times, may exceed federally insured limits. The Company has not experienced any losses in such accounts; however, amounts in excess of the federally insured limit may be at risk if the bank experiences financial difficulties.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Estimates and assumptions have been made in determining the depreciable lives of such assets and the allowance for doubtful accounts receivable. Actual results could differ from these estimates.

Earnings Per Common and Common Equivalent Share

The computation of basic earnings per common share is computed using the weighted average number of common shares outstanding during the year. The computation of diluted earnings per common share is based on the weighted average number of shares outstanding during the year plus common stock equivalents which would arise from the exercise of warrants outstanding using the treasury stock method and the average market price per share during the year. Options, warrants and convertible preferred stock which are common stock equivalents are not included in the diluted earnings per share calculation for December 31, 2012 and 2011, respectively, since their effect is anti-dilutive.

Impairment of Long-Lived Assets

The Company continually monitors events and changes in circumstances that could indicate carrying amounts of long-lived assets may not be recoverable. When such events or changes in circumstances are present, the Company assesses the recoverability of long-lived assets by determining whether the carrying value of such assets will be recovered through undiscounted expected future cash flows. If the total of the future cash flows is less than the carrying amount of those assets, the Company recognizes an impairment loss based on the excess of the carrying amount over the fair value of the assets. Assets to be disposed of are reported at the lower of the carrying amount or the fair value less costs to sell.

Recently Issued Accounting Guidance

The Company does not expect the adoption of recently issued accounting pronouncements to have a significant impact on the Company's results of operations, financial position or cash flow.

There were 14,232,496 and 14,192,496 common shares issued and outstanding at December 31, 2012 and 2011, respectively.

On June 30, 2011, the Company entered into a settlement agreement with Midtown Partners. Under the settlement agreement, the Company will pay Midtown Partners \$57,500 and grant 100,000 shares of its common stock. The cost of the settlement has been recorded as equity issuance costs. As a result of the settlement, the litigation in the Eastern District of Michigan was dismissed.

During the year ended December 31, 2011, the Company issued 475,820 shares of common stock to satisfy \$500,000 of preferred dividends. The Company has not declared any dividends in 2012.

On June 1, 2012, the Company entered into a consulting agreement with North Coast Advisors, Inc. for various services. The Company agreed to issue 40,000 shares of common stock as of the date of the contract. However, these shares were not issued until July 12, 2012. The Company also agreed to issue an additional 40,000 shares every six months in alignment with the agreement renewal up to the two years of the agreement. The first 40,000 shares were valued at the Company's common stock price as of the date of the contract, which was \$1.12/share and has been expensed. No additional shares were issued as of December 31, 2012.

NOTE 11 – PREFERRED STOCK

Series A Preferred

During the year ended December 31, 2008, 35 preferred shares were issued for \$3,500,000. Issuance costs totaled \$515,000 resulting in net proceeds of \$2,985,000. The 35 shares are convertible to 3,500,000 shares of common stock and bear a 10% cumulative dividend. In addition, there was a warrant issued to purchase 6,000,000 shares of common stock at an exercise price of \$2 for a period of seven years.

The holders of the preferred stock are entitled to semi-annual dividends payable on the stated value of the Series A preferred stock at a rate of 10% per annum, which shall be cumulative, and accrue daily from the issuance date. The dividends may be paid in cash or shares of the Company's common stock at management's discretion. If after the conversion eligibility date, the market price for the common stock for any ten consecutive trading days in which the stock trades for over \$2 per share and trading exceeds 100,000 shares per day, the preferred shareholders can be required to convert their shares to common stock. Each share of Series A preferred stock shall also be convertible at the option of the holder into that number of shares of common stock of the Company at the stated value of such share at a \$1 conversion price.

The holder may cause this conversion at the time the shares are eligible for resale by the holder. The conversion price is subject to adjustment as hereinafter provided, at any time, or from time to time upon the terms and in the manner hereinafter set forth in the shareholder agreement. There is no conversion expiration date, however, the holder must provide 30 days notice for the registration of the conversion.

NOTE 12 – STOCK OPTIONS AND WARRANTS

The Company accounts for employee stock-based compensation in accordance with the guidance of ASC Topic 718: Compensation - Stock Compensation, which requires all share-based payments to employees, including grants of employee stock options, to be recognized in the financial statements based on their fair values.

The Company follows ASC Topic 505-50, formerly EITF 96-18, “Accounting for Equity Instruments that are Issued to Other than Employees for Acquiring, or in Conjunction with Selling Goods and Services,” for stock options and warrants issued to consultants and other non-employees. In accordance with ASC Topic 505-50, these stock options and warrants issued as compensation for services provided to the Company are accounted for based upon the fair value of the services provided or the estimated fair market value of the option or warrant, whichever can be more clearly determined. The fair value of the equity instrument is charged directly to compensation expense and additional paid-in capital over the period during which services are rendered.

On October 1, 2010, the Company issued 25,000 stock options to an employee with a vesting period of one year and an exercise price of \$1.21. The options were valued on the grant date using the Black-Scholes option-pricing model with the following assumptions: dividend yield of 0%, expected volatility of 241%, risk-free interest rate of 1.26% and expected life of 60 months. The options were fully expensed as of December 31, 2011.

On April 27, 2011, the Company issued 100,000 stock options to an individual at an exercise price of \$0.73. The options were valued on the grant date using the Black-Scholes option-pricing model with the following assumptions: dividend yield of 0%, expected volatility of 221%, risk-free interest rate of 2.06% and expected life of 60 months. The agreement is for a period of six months. The Company recognized expenses of \$83,992 during the year ended December 31, 2011.

On May 31, 2011, the Company issued 285,000 stock options to 3 employees at an exercise price of \$1.00. The options were valued on the grant date using the Black-Scholes option-pricing model with the following assumptions: dividend yield of 0%, expected volatility of 218%, risk-free interest rate of 1.68% and expected life of 60 months. The total value of the options was \$320,585. The options vest over one year. The Company recognized share-based compensation expense of \$187,005 during the year ended December 31, 2011. The remaining balance of \$133,580 was recognized over the first five months of 2012.

During the quarter ended September 30, 2011, there was a warrant issued to purchase 1,000,000 shares of common stock at an exercise price of \$3 for a period of seven years. In addition, 15 preferred shares were issued to an investor for \$1,500,000. The 15 shares are convertible to 1,500,000 shares of common stock and bear a 10% cumulative dividend. Based on the fair values of the preferred stock and common stock warrants on the issue date, \$855,460 was allocated to preferred stock and \$644,540 was allocated to the common stock warrants. See Note 11.

During the quarter ended December 31, 2011, the Company issued 20,000 stock options to 2 employees at an exercise price of \$1.00. The options were valued on the grant date using the Black-Scholes option-pricing model with the following assumptions: dividend yield of 0%, expected volatility of 204-205%, risk-free interest rate of 0.88-0.93% and expected life of 60 months. The total value of the options was \$19,270. The options vest over one year. NOTE 13 – OPERATING LEASES

The Company signed a lease for new office space on December 1, 2011 at an approximate rent of \$5,000 per month. The new offices are in Rochester, Michigan. The lease is for three years with an option to renew for an additional two years at approximately \$5,200 per month with six months advance notice to exercise the option.

Minimum annual rent is as follows for the initial term of the lease:

Year ended December 31, 2013	\$	60,591
2014		55,542
2015		0
Total lease commitment	\$	116,133

NOTE 14 – MAJOR CUSTOMERS

The Company had two major customers that accounted for 52% and two major customers that accounted for 50% of the Company's revenues for the years ended December 31, 2012 and 2011, respectively. The Company expects to continue to maintain these relationships with the customers.

NOTE 15 – INCOME TAXES

For the year ended December 31, 2012, the Company incurred a net loss of approximately \$364,000 and therefore has no tax liability. The Company began operations in 2007 and has previous net operating loss carry-forwards of \$13,479,000 through December 31, 2011. The cumulative loss of \$13,843,000 will be carried forward and can be used through the year 2032 to offset future taxable income. In the future, the cumulative net operating loss carry-forward for income tax purposes may differ from the cumulative financial statement loss due to timing differences between book and tax reporting.

The provision for Federal income tax consists of the following for the years ended December 31, 2012 and 2011:

	2012	2011
Federal income tax benefit attributable to:		
Current operations	\$ 123,000	\$ 721,000
Valuation allowance	(123,000)	(721,000)
Net provision for federal income tax	\$ 0	\$ 0

The cumulative tax effect at the expected rate of 34% of significant items comprising our net deferred tax amount is as follows as of December 31, 2012 and December 31, 2011:

	2012	2011
Deferred tax asset attributable to:		
Net operating loss carryover	\$ 4,706,000	\$ 4,583,000
Valuation allowance	(4,706,000)	(4,583,000)
Net deferred tax asset	\$ 0	\$ 0

Due to the change in ownership provisions of the Tax Reform Act of 1986, net operating loss carry forwards of approximately \$13,843,000 for Federal income tax reporting purposes are subject to annual limitations. Should a change in ownership occur, net operating loss carry forwards may be limited as to use in future years.

NOTE 17 – SUBSEQUENT EVENTS

On January 14, 2013, the Company hired a new CEO. The employment agreement requires annual compensation of \$175,000 that will be accrued and deferred until at least January 1, 2014. Additionally, the agreement requires the issuance of 2,000,000 options with an exercise price of \$1.00 for a term of five years. The options are not exercisable until at least January 1, 2014.

In accordance with ASC 855-10, the Company has analyzed its operations subsequent to December 31, 2012 through the date these financial statements were issued and has determined that it does not have any material subsequent events to disclose in these financial statements other than the events described above.

Item 9. Changes In and Disagreements with Accountants on Accounting and Financial Disclosure

No events occurred requiring disclosure under Item 304 of Regulation S-K during the fiscal year ending December 31, 2012.

Item 9A. Controls and Procedures

Evaluation of Disclosure Controls and Procedures

Disclosure controls and procedures are controls and other procedures that are designed to ensure that information required to be disclosed in company reports filed or submitted under the Securities Exchange Act of 1934 (the “Exchange Act”) is recorded, processed, summarized and reported, within the time periods specified in the Securities and Exchange Commission’s rules and forms. Disclosure controls and procedures include without limitation, controls and procedures designed to ensure that information required to be disclosed in company reports filed or submitted under the Exchange Act is accumulated and communicated to management, including our chief executive officer and treasurer, as appropriate to allow timely decisions regarding required disclosure.

As required by Rules 13a-15 and 15d-15 under the Exchange Act, our chief executive officer and chief financial officer carried out an evaluation of the effectiveness of the design and operation of our disclosure controls and procedures as of December 31, 2012. Based on their evaluation, they concluded that our disclosure controls and procedures were effective.

Management is responsible for establishing and maintaining adequate internal control over our financial reporting (as defined in Rules 13a-15(f) and 15d-15(f) of the Exchange Act). Our internal control over financial reporting is a process designed by, or under the supervision of, our chief executive officer and chief financial officer and effected by our board of directors, management and other personnel, to provide reasonable assurance regarding the reliability of our financial reporting and the preparation of our financial statements for external purposes in accordance with generally accepted accounting principles. Internal control over financial reporting includes policies and procedures that pertain to the maintenance of records that in reasonable detail accurately and fairly reflect the transactions and dispositions of our assets; provide reasonable assurance that transactions are recorded as necessary to permit preparation of our financial statements in accordance with generally accepted accounting principles, and that our receipts and expenditures are being made only in accordance with the authorization of our board of directors and management; and provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use or disposition of our assets that could have a material effect on our financial statements.

Under the supervision and with the participation of our management, including our chief executive officer, we conducted an evaluation of the effectiveness of our internal control over financial reporting based on the criteria established in Internal Control – Integrated Framework issued by the Committee of Sponsoring Organizations of the Treadway Commission (“COSO”). Based on this evaluation under the criteria established in Internal Control – Integrated Framework, our management concluded that our internal control over financial reporting was effective as of December 31, 2012.

This annual report does not include an attestation report of our registered public accounting firm regarding internal control over financial reporting. Management’s report was not subject to attestation by our registered public accounting firm pursuant to an exemption for non-accelerated filers set forth in Section 989G of the Dodd-Frank Wall Street Reform and Consumer Protection Act.

During the most recently completed fiscal quarter, there has been no change in our internal control over financial reporting that has materially affected or is reasonably likely to materially affect, our internal control over financial reporting.

David A. Harrell

Mr. Harrell founded the Company in January of 2006 and has served as our President and Chief Executive Officer. He became a director when the Company changed from a limited liability to a corporation in 2007. Mr. Harrell was the Vice President of Development for Meridian Incorporated from 2003-2005 and, prior to that, had been Vice President of Sales and Marketing since 1999 at Advance Graphic Systems. Mr. Harrell has spent two decades leading sales, marketing and business development units within the pharmaceutical and national retail industries. Prior to his work at Advance Graphic Systems, Mr. Harrell served for ten years at SmithKline Beecham, specializing in the managed markets healthcare segment. As part of the Integrated Health Division, Mr. Harrell was responsible for contracting and achieving regional revenue growth for SmithKline Beecham's four business units: Pharmaceuticals, Consumer Health, Clinical Labs and Diversified Pharmaceutical Services (PBM). During his tenure with SmithKline Beecham, he was a recipient of numerous national awards and served as a member of the Division's Strategic Planning Committee. Mr. Harrell graduated from Oakland University with a Bachelor of Science in Business Administration.

Terence J. Hamilton

Mr. Hamilton joined the Company as a Director and VP of Sales in February 2008. Prior to that, Mr. Hamilton was Manager at MedImmune since 2005 and was Senior National Account Manager for Glaxo SmithKline pharmaceuticals for 13 years prior to that. Mr. Hamilton has spent the last 19 years working in the pharmaceutical and biotech arenas within various sales, marketing and managed markets management positions. He also has held many positions within the pharmaceutical and biotech industries, including District Manager, Brand Manager, Managed Market Specialist, Contract Manager, Government Account Manager.

Directors

Our bylaws authorize two (2) directors unless changed by the Board of Directors. The board has since changed the number of directors authorized, and we currently have four (4) Directors.

Term of Office

Our Directors are appointed for a one-year term to hold office until the next annual general meeting of our shareholders or until removed from office in accordance with our bylaws. Our officers are appointed by our board of directors and hold office until removed by the board.

Significant Employees

We have no significant employees other than our officers and directors.

Family Relationships

There are no family relationships between or among the directors, executive officers or persons nominated or chosen by us to become directors or executive officers.

Involvement in Certain Legal Proceedings

To the best of our knowledge, during the past ten years, none of the following occurred with respect to a present or former director, executive officer, or employee: (1) any bankruptcy petition filed by or against any business of which such person was a general partner or executive officer either at the time of the bankruptcy or within two years prior to that time; (2) any conviction in a criminal proceeding or being subject to a pending criminal proceeding (excluding traffic violations and other minor offenses); (3) being subject to any order, judgment or decree, not subsequently reversed, suspended or vacated, of any court of competent jurisdiction, permanently or temporarily enjoining, barring, suspending or otherwise limiting his or her involvement in any type of business, securities or banking activities; and (4) being found by a court of competent jurisdiction (in a civil action), the SEC or the Commodities Futures Trading Commission to have violated a federal or state securities or commodities law, and the judgment has not been reversed, suspended or vacated.

Audit Committee

We do not have a separately-designated standing audit committee. The entire board of directors performs the functions of an audit committee, but no written charter governs the actions of the board of directors when performing the functions of that would generally be performed by an audit committee. The board of directors approves the selection of our independent accountants and meets and interacts with the independent accountants to discuss issues related to financial reporting. In addition, the board of directors reviews the scope and results of the audit with the independent accountants, reviews with management and the independent accountants our annual operating results, considers the adequacy of our internal accounting procedures and considers other auditing and accounting matters including fees to be paid to the independent auditor and the performance of the independent auditor.

We do not have an audit committee financial expert because of the size of our company and our board of directors at this time. We believe that we do not require an audit committee financial expert at this time because we retain outside consultants who possess these attributes as needed.

For the fiscal year ending December 31, 2012, the board of directors:

1. Reviewed and discussed the audited financial statements with management, and
2. Reviewed and discussed the written disclosures and the letter from our independent auditors on the matters relating to the auditor's independence.

Based upon the board of directors' review and discussion of the matters above, the board of directors authorized inclusion of the audited financial statements for the year ended December 31, 2012 to be included in this Annual Report on Form 10-K and filed with the Securities and Exchange Commission.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Exchange Act requires our directors and executive officers and persons who beneficially own more than ten percent of a registered class of the Company's equity securities to file with the SEC initial reports of ownership and reports of changes in ownership of common stock and other equity securities of the Company. Officers, directors and greater than ten percent beneficial shareholders are required by SEC regulations to furnish us with copies of all Section 16(a) forms they file. To the best of our knowledge based solely on a review of Forms 3, 4, and 5 (and any amendments thereof) received by us, the following persons have failed to file, on a timely basis, the identified reports required by Section 16(a) of the Exchange Act during fiscal year ended December 31, 2011:

Name and principal position	Number of late reports	Transactions not timely reported	Known failures to file a required form
Shad Stastney Chairman, President, CEO and Director	0	0	0
David Lester COO, Secretary, Treasurer and Director	0	0	0
David A. Harrell Vice Chairman, Chief Strategic Officer and Director	0	0	0
Terence J. Hamilton VP of Sales and Director	0	0	0
Richard Kraniak 10% Holder	0	0	0

Code of Ethics

As of December 31, 2012, we had not adopted a Code of Ethics for Financial Executives, which would include our principal executive officer, principal financial officer, principal accounting officer or controller, or persons performing similar functions.

Narrative Disclosure to the Summary Compensation Table

On January 14, 2013, we entered into a written Employment Agreement with Shad Stastney. Pursuant to the terms and conditions of the Employment Agreement:

- Mr. Stastney will serve as Chairman and Chief Executive Officer of our company for a period of twelve (12) months;
- Mr. Stastney will earn a base salary of \$175,000;
- We will issue to Mr. Stastney an option to acquire two million (2,000,000) shares of our common stock at an exercise price per share of \$1.00 with a term of 5 years; and
- Mr. Stastney will be entitled to participate in any employee benefit plans, as established by our board of directors.

Mr. Stastney also agreed to keep certain information confidential and not compete with or solicit from our company for a period of time.

[Table of Contents](#)

On April 6, 2009, we entered into an employment agreement with Mr. Lester to serve as our Chief Executive Officer. The agreement was amended on January 14, 2013 to account for his new positions as COO, Secretary and Treasurer. Under the agreement, we agreed to compensate Mr. Lester \$150,000 annually and we granted him options to purchase 500,000 shares of our common stock, with 25% vesting immediately and 25% vesting after the completion of each quarter of hire. Mr. Lester is also eligible for additional quarterly and annual bonus compensation, stock options, and stock grants based on performance metrics outlined by our board of directors. He is entitled to vacation and sick days, and other benefits included in the agreement.

On August 1, 2008, we entered into an employment agreement with Mr. Hamilton to serve as our VP of Sales. Under the agreement, we agreed to compensate Mr. Hamilton \$120,000 annually and we granted him options to purchase 150,000 shares of our common stock in 2009. Mr. Hamilton is also eligible for additional quarterly and annual bonus compensation, stock options, and stock grants based on performance metrics outlined by our board of directors. He is entitled to vacation and sick days, and other benefits included in the agreement. On March 18, 2010, we entered into an addendum to the employment agreement to increase his compensation to \$150,000 annually.

On June 1, 2008, we entered into an employment agreement with Mr. Harrell to serve as our CEO. The agreement was amended on January 14, 2013 to account for his new positions as CSO and Vice Chairman. The terms of his compensation, which is still in effect, are an annual salary of \$144,000 with a 5% cost of living increase on each 12 month anniversary. Mr. Harrell is also eligible for additional quarterly and annual bonus compensation, stock options, and stock grants based on performance metrics outlined by our board of directors. He is entitled to vacation and sick days, and other benefits included in the agreement. On March 18, 2010, we entered into an addendum to the employment agreement to increase his compensation to \$152,004 annually.

Item 12. Security Ownership of Certain Beneficial Owners and Management and Related

The following table sets forth certain information known to us with respect to the beneficial ownership of our Common Stock as of March 12, 2013, by (1) all persons who are beneficial owners of 5% or more of our voting securities, (2) each director, (3) each executive officer, and (4) all directors and executive officers as a group. The information regarding beneficial ownership of our common stock has been presented in accordance with the rules of the Securities and Exchange Commission. Under these rules, a person may be deemed to beneficially own any shares of capital stock as to which such person, directly or indirectly, has or shares voting power or investment power, and to beneficially own any shares of our capital stock as to which such person has the right to acquire voting or investment power within 60 days through the exercise of any stock option or other right. The percentage of beneficial ownership as to any person as of a particular date is calculated by dividing (a) (i) the number of shares beneficially owned by such person plus (ii) the number of shares as to which such person has the right to acquire voting or investment power within 60 days by (b) the total number of shares outstanding as of such date, plus any shares that such person has the right to acquire from us within 60 days. Including those shares in the tables does not, however, constitute an admission that the named stockholder is a direct or indirect beneficial owner of those shares. Unless otherwise indicated, each person or entity named in the table has sole voting power and investment power (or shares that power with that person's spouse) with respect to all shares of capital stock listed as owned by that person or entity.

Except as otherwise indicated, all shares are owned directly and the percentage shown is based on 14,192,496 shares of common stock issued and outstanding on March 13, 2013. Except as otherwise indicated, the address of each person named in this table is c/o OptimizeRx Corporation, 400 Water Street, Ste. 200, Rochester, MI 48307.

<u>Title of class</u>	<u>Name and address of beneficial owner</u>	<u>Amount of beneficial ownership</u>	<u>Percent of class</u>

- (1) Includes 18,000 shares held in his name and warrants to purchase 555,000 shares of common stock at a price of \$0.35 per share.
- (2) Includes 3,136,250 shares held in his name, options to purchase 202,500 shares of common stock at a price of \$1.00 per share, and options to purchase 200,000 shares of common stock at \$1.81 per share.
- (3) Includes 469,500 shares held in his name and options to purchase 277,500 shares of common stock at a price of \$1.00 per share.
- (4) Linwood C. Meehan III has voting and dispositive control over the shares held by Cypress Trust, which is located at 13750 W. Colonial Dr., Ste. 250-317, Winter Garden, Florida 34787.
- (5) As reported on the Schedule 13D filed by the reporting person.

Item 13. Certain Relationships and Related Transactions, and Director Independence

Except as follows, none of our directors or executive officers, nor any proposed nominee for election as a director, nor any person who beneficially owns, directly or indirectly, shares carrying more than 5% of the voting rights attached to all of our outstanding shares, nor any members of the immediate family (including spouse, parents, children, siblings, and in-laws) of any of the foregoing persons has any material interest, direct or indirect, in any transaction since the beginning of our last fiscal year on January 1, 2012 or in any presently proposed transaction which, in either case, has or will materially affect us.

Please refer to the section titled Executive Compensation.

Our Chief Executive Officer and Director, Shad Stastney, is a partner of Vicis Capital, LLC, which is the investment manager of Vicis Capital Master Fund, our financial partner for some years. Mr. Stastney also owns a minority position in Vicis Capital Master Fund.

Item 14. Principal Accounting Fees and Services
