TO OUR SHAREHOLDERS

Making Connections and Corporate Culture

As we reflect on 2021, I'm happy to share with you that we held true to our financial objectives of increasing revenue from core operating functions while increasing productivity. I am pleased to report the financial progress we made in 2021.

Financial Highlights:

For the fiscal year ended December 31, 2021, First Keystone Corporation reported earnings of \$14,688,000, as compared to \$11,837,000 for 2020, an increase of \$2,851,000 or 24.1%. Net income per share increased to \$2.49 in 2021 as compared to \$2.03 in 2020. Annual dividends per share increased to \$1.12 in 2021 as compared to \$1.08 in 2020. The increase in net income in 2021 was primarily due to increases in net interest income, mainly due to an increase in interest and fees on loans, increased income on securities and a decline in interest paid on deposits.

Interest income for 2021 was \$42,048,000, an increase of \$2,481,000 or 6.3% as compared to \$39,567,000 in 2020. Interest income was higher in 2021 due to a \$1,577,000 increase in interest earned on Commercial Real Estate loans and a \$934,000 increase in Small Business Administration fees. At December 31, 2021 total loans were \$752,841,000, an increase of \$32,231,000 or 4.5%. Loan growth was centered in commercial real estate loans. The securities portfolio increased in 2021 to \$437,916,000 due to increases in asset-backed securities, taxable and tax-exempt municipals, and corporate securities including purchased subordinated debt. We will continue our emphasis on organic market loan growth in 2022 as a primary driver of net interest income.

Decreased interest rates in the latter part of 2020 and into 2021 resulted in lower interest expense for the Corporation in 2021. Total deposits increased by \$140,481,000 or 15.0% in 2021 as compared to 2020. Interest bearing deposits increased by \$89,940,000 or 12.2%. During 2020, the Federal Reserve decreased the federal-funds rate by 1.5%, resulting in a target range of 0.00% - 0.25% at year-end. The federal-funds rate remained throughout 2021 at the target range of 0.00%-0.25%. The Corporation is actively monitoring and restructuring its portfolios for various scenarios such as a rates-up environment and strategies for continued core deposit growth.

Non-interest income, excluding net securities gains, increased by \$930,000 or 15.3% for the year ended December 31, 2021, as compared to the same period in 2020. Trust Department income increased \$13,000 to a record \$1,008,000 due to new account openings and higher fees earned on certain types of accounts due to increased market values. ATM and debit card income increased by \$334,000, mainly due to increased transaction volumes. Gains on sales of mortgage loans provided income of \$980,000 in 2021 as compared to \$604,000 in 2020, an increase of \$376,000. Non-interest expense amounted to \$26,354,000, an increase of \$1,749,000, or 7.1% in 2021. Expenses associated with employees (salaries and employee benefits) continue to be the largest non-interest expenditure. The increase in 2021 was mainly due to increases in employee profit sharing, training and salaries expenses offset by a decrease in healthcare overhead.

Income tax expense was \$2,321,000 for 2021 as compared to \$1,577,000 for 2020, making the effective tax rate 13.6% in 2021 as compared to 11.8% in 2020. The increase in the effective tax rate for 2021 was due to higher overall operating income. To manage our effective tax rate in 2022, the Corporation holds portfolios of tax-exempt bonds and tax-free loans and receives tax credits from investments in low-income housing partnerships.

Total assets increased to \$1,320,350,000 in 2021 from \$1,179,047,000 in 2020. As noted above, total loans increased 4.5% with much of the growth in commercial real estate loans. Stockholders' Equity at year-end 2021 grew to \$148,555,000. Our financial condition remains strong as

evidenced by a total risk-based capital ratio of 16.57% and a tier 1 leverage capital ratio of 10.14% at year-end 2021. These key ratios are well above that which federal regulators require for a financial institution to be "well capitalized". Additional details and related financial information may be found in the Management's Discussion and Analysis and Financial Statements and notes sections of the 2021 Form 10-K.

In addition to our financial progress, we remain committed to connecting with each other and building a culture that benefits our employees, customers, communities, and shareholders. Toward that goal, I am happy to announce that during 2021, our employees donated \$13,947 of their own funds toward our Denim Days projects. Employees donated money every Friday and in turn they wore denim to work that day. The Denim Days funds were donated to non-profit agencies including food banks and Salvation Armies throughout our markets. In addition to Denim Days, we provided support for school children in each of our market areas through our "CONNECT for Wellness" initiative. Our employees collected, donated, and distributed hygiene products to ten non-profit agencies in our markets focused on supporting children of all ages. Our donations were certainly welcomed and appreciated by the agencies and the kids.

We are proud to announce several of our employees were recognized by PA Bankers Association and awarded the Future Under 40 Award for being future leaders in our industry. Please see our back cover for an introduction to these very talented individuals!

As we look forward in 2022, it is with mixed emotions that on February 15, 2022, we announced the retirement of Mr. Robert E. Bull as a Director of First Keystone Community Bank and First Keystone Corporation, effective April 1, 2022. Mr. Bull has served on the Bank's Board of Directors for 66 years and as Chairman of the Board for 36 years. He is and will always be immensely respected by not only his fellow Board members, but anyone affiliated with FKCB in any capacity as employee, customer, or shareholder. While we are saddened to see him leave the Board, we are happy for him and send our wishes for the best of health and happiness in his retirement. Mr. Bull has been elected Director Emeritus.

In connection with the vacancies on both Boards created by Mr. Bull's retirement, the Directors have voted to elect Whitney B. Holloway as a Director of the Corporation and the Bank, filling Mr. Bull's unexpired term. She will serve as a director until the 2022 annual meeting of the shareholders, at which time her name will be on the ballot for re-election. For more information, please see the 8-K filed February 15, 2022, which can be found in the Investor Relations section of our website.

As always, we thank and recognize all our employees, officers, and board members for their continued outstanding efforts. We also sincerely thank you for your unwavering support and confidence.

Elaine A. Woodland

President and Chief Executive Officer

PERSONAL RETIREMENT STATEMENT BY ROBERT E. BULL, CHAIRMAN EMERITUS AND DIRECTOR EMERITUS

"Time goes quickly when life is going good." I am sure all of you have heard that saying. I am a witness to its truth. Life has been good to me.

One day in 1956, as a young lawyer, I was in the Bank known at that time as the First National Bank of Berwick, PA. George Garrison, known to all in and out of the Bank as "Uncle George", was in his office on the first floor. He always stated that he wanted to personally see the action on the floor and all of the people. He saw me, came out, and asked me to stop in his office. And so I did. He was very friendly, asked me a few questions, and then said bluntly to me, "Do you want to be a Director of the Bank?" It was an offer I could not refuse. I was honored and overjoyed to say "Yes" immediately. He went on to explain a few things about the work of a Bank Director and said that I needed to own 100 shares of stock in the Bank to qualify. I had 25 shares but lacked the other 75. I think I probably whistled to myself every merry tune I knew on my way back to my office.

I took an early lunch and went home to talk to my father about the offer. I told him I needed 100 shares of stock to become a Director of the First National Bank, but I only had 25 shares. He didn't hesitate for even a second before he said, "Son, you have them." He owned some stock in the Bank and was willing to transfer to me the 75 shares I needed. That afternoon he immediately went to the Bank and transferred 75 shares of his to me. I called George on the telephone and told him that I had the 100 shares. He told me that he would take care of the matter at the next board meeting. And so that young man in 1956 became a Director of your Bank.

From October 16, 1956 to April 1, 2022, I served on the Board of Directors of your Bank. It's hard for me to believe that sixty-six years have passed since that conversation with George Garrison. For thirty-six of those years, from February 17, 1981 to May 5, 2017, I served as Chairman of the Board of the Bank and from July 5, 1983 to May 5, 2017, as Chairman of the Board of the Corporation.

Since my involvement, the Bank has grown from several million dollars in assets to a business with assets over a billion dollars. My wife Sara and I watched the change from all records being hand-written in large ledgers to the use of typewriters for recordkeeping to the current electronic age of technology. We saw the beginning of growth as the first branch was added in Nescopeck to the current eighteen full-service branches and one Loan Production Office. Today First Keystone is the largest local community bank in Columbia, Montour, and lower Luzerne Counties, yet still maintains its high standard of person-to-person service.

In the early days the Bank served as a place to deposit or withdraw money and occasionally to acquire a loan for a home or business. All of it was conducted inside the building on West Front Street. Today you can do a majority of your financial business without ever entering the Bank. You can do almost anything electronically, by telephone or computer and do it from anywhere in the world. We pride ourselves in that: you can do your banking through technology from anywhere in the world or you can do your banking with a live person in one of the branches.

Sometimes when I sit down and think of these past sixty-six years, it makes my head spin. Things are moving so fast - some for the good and some for the not-so-good. This is the job for your Board of Directors - to get in the right boat. So far, it has been good for all of us as stockholders and customers. Your Board looks forward to the challenge of these changes

and working together to get the right mix of new and old.

I personally want to thank all of the members of the Board serving now and all of those Directors who have served so nobly in the past. I thank all of you as stockholders and friends for your faith and support. Your investment in the Bank and its endeavors have helped to improve the life in our community and nearby area.

Your Bank began on September 21, 1864, and has made a profound impression on the community and surrounding area for 158 years. Your Bank has always been ready to serve as a proud leader in all community undertakings. Your Bank building at 111 West Front Street in Berwick stands as a beacon of light in this community and has grown over the years to occupy a large portion of the block. It shines at night displaying its name for all to see. At Christmas it proudly displays "Merry Christmas" for everyone in Berwick to see or who visit Berwick to enjoy the Christmas Boulevard.

I am bowing out after these 66 years and believe the future will continue to be as great as the past has been with all of your help. I hope you will continue to cooperate with the Board and its employees so that its service will continue to be a highlight of banking and financial services in the future. I believe this will happen and continue for generations to come.

As I do so, I think of the great General Douglas MacArthur who was a strong leader in the re-taking of the islands in the Pacific from the Japanese during World War II. I personally was part of the landing forces of amphibious boats which carried men and equipment to the shores of these islands. Among the islands General MacArthur considered his home-away-from-home was one of the principal targets to re-take. You may recall his statement when he was forced to leave Corregidor: "I shall return." He did indeed return with his corncob pipe in his mouth. He was a truly great American and master builder of the surrender of the Japanese and subsequent securing of the peace. Unfortunately, in my opinion, he was thought to be a threat to the Washington politicians, and they forced him to return to the United States. He then made his decision to retire and at a Joint Session of Congress disclosed to the world his decision to retire. His words can never be forgotten: "Old soldiers never die. They just fade away."

AND SO I SAY TO YOU:

"OLD BANKERS NEVER DIE. THEY
JUST FADE AWAY WITH THEIR
MEMORIES." GOD BLESS ALL OF
YOU AND THE BANK.
