## Strategic Report

### Chairman's Statement

I am pleased to present the results of Drumz plc ("Drumz" or "Company" or "Group") for the year ended 31 December 2021.

#### Results and performance

The Group's results for the year ended 31 December 2021 showed revenues of £44,000 (2020: £12,000) and an operating loss of £239,000 (2020: loss £149,000).

At the year end, the principal asset of the Group is its investment in Acuity Risk Management Limited ("Acuity"), valued at cost of £625,000. The Group's original investment was made in September 2020 and Drumz exercised its option to acquire another 5% of Acuity's equity for £125,000 in September 2021.

Acuity is an award winning business, specialising in risk management for cybersecurity. Acuity's proprietary software platform STREAM™ provides its blue chip customer base, on a Software as a Service ("SaaS") basis, with a comprehensive view of critical business risk and compliance on an enterprise wide basis. During the year, Acuity has widened its distribution channels including completing a new partnership agreement with an established developer, distributor and implementor of automated risk management software in the USA. Further details on the progress achieved by Acuity are included in the Chief Executive's report.

In addition, the Group continues to own its legacy holding in KCR Residential REIT plc ('KCR'), which owns property in the private rented residential sector, in particular blocks of studio, one and two bedroom apartments which are rented to private tenants in the UK.

The share price of KCR stands at a significant discount to the stated net assets per share. Notwithstanding, the share price performance of KCR has again been disappointing over the year and as a result, the value of the KCR holding has declined further from £573,000 to £390,000, equating to an unrealised loss of £183,000. I am also disappointed to report that the KCR share price has fallen a little further since the year end. Your Board is looking to dispose of this investment, which is no longer core to the Group's current investment policy, as soon as a buyer can be found. However, in common with many smaller companies, there is limited liquidity in the shares of KCR and therefore the Board is not able to give a view on when a disposal of this investment might be effected.

Therefore, the overall results of the Group for the year ended 31 December 2021, show a loss before taxation of £422,000 (2020: loss of £757,000), of which £183,000 (2019: loss of £608,000) was due to the fall in value of the Group's investment in KCR. No dividend is being declared for the year (2020: £nil).

Notwithstanding, shareholders' funds have increased to £1,547,000 (2020: £1,518,000), principally as a result of the fund raising undertaken by the Company in November 2021. The Group raised £450,000 (before expenses of the issue), by the issue of 75,000,000 ordinary shares at a price of 0.6 pence per ordinary share, together with a related warrants issue. I am pleased to be able to report that all the Drumz directors subscribed for new ordinary shares in this placing.

As a result, at the year end the Group had cash balances of £561,000 (2020: £491,000).

#### Investment Policy

The Company's investing policy is to invest principally, but not exclusively, in the technology sector within Europe. Drumz's strategy is to invest in and acquire technology businesses, where the Board believes they can be improved by a combination of our own management expertise and the provision of investment to improve the businesses growth prospects.

Although the Company intends the main focus of the investing policy to be on technology businesses, this will not preclude the Company from considering investment in suitable projects in other sectors or geographies, where the Directors believe that there are high-growth opportunities.

#### Macroeconomic impacts

During the current period there have been two major macroeconomic factors which have impacted the economy, namely:

# Strategic Report

Drumz plc

---

- COVID-19 – this global pandemic has had a major impact on the world economy and the ways in which people work. On the positive side, the software industry lends itself well to employees working effectively from remote locations, but the broader impact of the pandemic on global demand remains uncertain; and
- further uncertainty to demand caused by rising global inflation and interest rates and disruption to global supply chains.

## Outlook

The Board considers that the benefits of the actions already taken at Acuity will be seen over the coming months. We are now considering several new investment opportunities. I would like to thank all shareholders for their continuing support and to thank my colleagues and our advisors for their respective contributions. I look forward to further progress in the current financial year.

Simon Bennett

Chairman

20 April 2022

## Chief Executive's Report

### Our strategy

Drumz' strategy is to invest and acquire, predominantly but not exclusively in the technology sector, in order to achieve capital growth in the medium term. We target operating companies whose activities include the sale of enterprise software or the use of software in B2B markets. The Board seeks opportunities where the value can be grown to achieve appropriate returns and risks are managed given the expertise available.

Over the past 12 months, whilst the focus has been on developing Acuity Risk Management Ltd, many other investment opportunities were reviewed to find a second investment for the Group. Proposals were made to acquire some interesting businesses, but on the final analysis none satisfied both our due diligence examination and value expectations.

### Our business model

Our business model is to take established software companies with an excellent offering and potential to grow significantly in their market. We work with companies contributing skills, expertise and knowledge to the business to transform the value. The value will be realised either by way of trade sale or Initial Public Offer ('IPO') so Drumz and/or its shareholders can realise all or part of their holdings.

Established businesses not only reduce the risks for Drumz and its shareholders but with the track record and statistical evidence on which to base decisions there is a stronger and faster platform for growth and therefore value creation. It is important that all parties are incentivised and interests aligned to benefit from growth in value. Drumz' Board believes a combination of scale, growth rate, profitability and cash generation are the most important creators of value.

### Investments and Portfolio update

#### Acuity Risk Management Limited

Acuity Risk Management's, STREAM™ software platform was voted by users in Gartner's 2021 Peer Insights review as a top three risk management software. Acuity was shortlisted for Cyber security solution of the year at the National Technology Awards 2021.

It recently became part of the UK's space team, Athena. Athena is the UK's national consortium for the space industry bringing Acuity alongside many leading UK and US defence and space companies and therefore may provide Acuity with commercial opportunities.

Over the past 12 months several appointments were made including a new full time Commercial Director, who has reorganised all marketing, sales and other distribution activities. All marketing activities have been taken in house following which the number and quality of leads has increased and improved significantly. The sales team has been reorganised with further recruitment planned and the distribution channel using VARs strengthened with appointments made during the year, some of which were announced on the Stock Market's Regulatory News Service.

In September Drumz exercised its existing option to invest a further £125,000 for a further 5% of the equity taking its ownership to 25%.

# Strategic Report

Drumz plc

---

KCR Residential REIT plc

Whilst the company's largest shareholder increased its holding in November and took a majority holding the share price of KCR again disappointed and is at a significant discount to Net Asset Value, as disclosed in its accounts. There is a new Chief Executive for KCR. Drumz continues to monitor the company, its share performance and considers KCR to be a passive asset for realisation in due course.

## Summary and Outlook

There are opportunities for significant growth in value over the next 12 months within the existing portfolio and potentially with new acquisitions and investments.

**Angus Forrest**

Chief Executive

20 April 2022

# Strategic Report

Drumz plc

---

## Investment Strategy

Drumz makes selective technology investments then provides proven skills and expertise to enhance the commercial performance and value.

### Rationale

Many software companies are founded by experts whose skills are in programming and product. Typically, they have developed great solutions but lack the skills and expertise to properly exploit the market opportunity. Drumz is looking to acquire such companies in whole or part then to assist the management to drive growth. Value is based on a combination of scale, growth rates, renewal statistics and profitability; as they grow both the underlying figures and the value multiplier increase effectively giving a transformation in their value. Then Drumz will assist with an exit whether by trade sale or IPO to give the optimum outcome for shareholders.

### Criteria:

- A standard product is supplied which contains proprietary intellectual property, whether know-how, patents, or other sustainable barriers to entry
- It is enterprise software sold in a B2B market with a significant market opportunity
- It offers high margins
- Business model is SaaS and/or can be made highly scalable
- Established customer base
- Talented management team with ambition

### Rationale for opportunity:

- The market opportunity is significant
- The management's skills can be augmented by Drumz expertise to improve growth rates, scale and renewals through strategic, commercial, sales and marketing inputs
- Additional finance may be required and supplied by Drumz

### Risk Management:

- Product is proven
- Market demand is demonstrable
- Targeted exit routes identified prior to investment

### Investing policy

The Company's investing policy is to invest principally, but not exclusively, in the technology sector within Europe. Although the Company intends the main focus of the investing policy to be on technology businesses, this will not preclude the Company from considering investment in suitable projects in other sectors or geographies, where the Directors believe that there are high-growth opportunities.

The Directors believe that the Company can invest in and acquire technology businesses, improve them by a combination of new management expertise and investment then retain these businesses for further growth or realise the value created.

# Strategic Report

Drumz plc

---

The Company is seeking investment opportunities, which can be developed through the introduction of its expertise and the investment of funds to facilitate the requisite changes. These opportunities would generally have some or all of the following characteristics, namely:

- a majority of their revenue derived from technology or the use of technology which the Directors believe is strongly positioned to benefit from market growth;
- a trading history which reflects past profitability and potential for significant capital growth; and
- that a main driver of success for the Company will be the expertise that can be provided by the Directors to the management of the investee companies and the value that can be created and realised.

The Company's investments may take the form of equity, debt or convertible instruments. Investments may be made in all types of assets falling within the remit of the Investing Policy and there will be no investment restrictions. Proposed investments may be made in either quoted or unquoted companies and structured as a direct acquisition, joint venture or as an interest in a project. The Directors may consider it appropriate to take an equity interest in any proposed investment, which may range from a minority position to 100 per cent ownership.

# Strategic Report

Drumz plc

## Investment Report

### Acuity Risk Management Limited (“Acuity”)

Acuity	Software for risk management	Date of investment
Equity ownership 25%		September 2020 and 2021
Fair value:	Valuation: £625,000	Cost: £625,000
Valuation is based on cost supported by several other factors including trading forecasts.		

Acuity’s proprietary software platform STREAM™, provides its users with a comprehensive overview of risk and compliance on an enterprise wide basis. Most customers use their STREAM™ software to manage their cybersecurity and IT risks, but it can be configured to manage a wide range of other risks. Risk management, especially in the area of cybersecurity, is increasingly important for all organisations with data, which for any enterprise is an increasingly important asset. The security of and the management and control of that asset is important for financial, reputational and regulatory reasons. The major competitive advantages of STREAM™ are the speed of its deployment, the comprehensiveness of the solution and the speed of analysis. Acuity was founded by a team who had previously built and sold a consultancy business specialising in cyber security to a major European multinational. The founders have developed the technology, repeatedly winning awards for the quality of their products as the company’s blue chip customer base continues to grow in the UK, Europe and the US. Customers include multinational companies, government departments and other international organisations.

Since Drumz’s involvement, there has been a greater focus on commercialising Acuity’s product. This has resulted in an increase in average sales order values and revenues, higher recurring revenues, closer engagement with customers and a growing sales pipeline. Drumz’s investment in the company has been channelled into exploitation of the market.

In 2021, Acuity launched enhanced versions of STREAM™ and in February 2022 in response to customer requests an improved Graphical User Interface (GUI) for better customer experience. The effect of this development is to enable Acuity to compete with all major competitors on similar terms, whilst retaining the advantages of relatively faster and easier deployment for the end user. STREAM™ is integrated with Microsoft’s Azure product, allowing STREAM™ to store data anywhere in the world, which is increasingly important to meet international legislation and regulations.

Acuity Risk Management Ltd’s year end is 31 March, so the financial KPI’s are not available for this set of Drumz accounts. Selected KPIs will be announced on the Regulatory News Service as soon as practical following the end of Acuity’s financial year on 31 March 2022. In the year-to-date Acuity has continued to develop its sales and marketing including the appointment of a new Value Added Reseller (VAR) in the United States and its revenues have continued to grow.

# Strategic Report

Drumz plc

---

## KCR REIT plc (“KCR”)

KCR	Residential property fund	Date of investment 2018
Equity ownership 5.8%		
Fair value:	Valuation: £390,000	Cost: £1,705,000
Valuation is based on market value (AIM)		

---

KCR is an AIM listed real estate investment trust focused on the residential property market. The management’s objective is to acquire and manage a substantial rented residential property portfolio in the UK that generates both income and capital appreciation for shareholders. In 2021 KCR underwent management changes and additional investment from its largest shareholder. Drumz views KCR as a passive investment.

For more information: [www.kcrreit.com](http://www.kcrreit.com)

## Key performance indicators (“KPIs”)

The Group’s KPIs are the returns on investment and the net assets position of the Group, including net assets per share. The decline in net assets per share reflect the additional fall in the value of the Company’s investment in KCR and the additional funds raised in November 2021. These indicators are monitored by the Board and the details of performance against these are given below.

	2021	2020
Net assets	£1,547,000	£1,518,000
Net assets per ordinary share	0.37p	0.44p

---

# Strategic Report

Drumz plc

## Principal Risks and Uncertainties

The management of the business and the nature of the Group's strategy are subject to risks. The Directors set out below the principal risks the business encounters. Where possible, processes are in place to identify and manage such risks.

The Group operates systems of internal control and reporting to provide assurance that the Board is managing risk whilst achieving its business objectives. No system can fully eliminate risk and, therefore, the understanding of operational risk is central to the management process.

To enable shareholders to appreciate what the business considers are the main operational risks, they are briefly outlined below:

	<b>Risk</b>	<b>Potential impact</b>	<b>Mitigation</b>
Investment risk	An investment fails to perform. Progress of development is slower than expected. Cost of change may be higher than budget. Investee management may not perform. Portfolio valuation is focused on one or two investments.	Investment may need additional funding. Value creation may be delayed and there may be difficulty in realising the investment. The value of the investment may fall. If an investment fails it will have a material impact on the net assets of the Company.	The Company carries out due diligence before making investments. A Company Director monitors performance and where Drumz owns more than 10% it appoints a director. Drumz focuses investment in sectors where it has expertise and investee companies' plans are developed in conjunction with Drumz. The portfolio is closely managed to reduce the risk of any investment failing and the Company intends to build a portfolio to reduce the impact of any one failure.
Reliance on people	The Company is not able to retain key individuals with critical skills	The performance of the investee companies may deviate from plan.	The key executives have invested in the Company and will be rewarded through a combination of salary and incentive plans.
Liquidity	The Company cannot raise new funds.	The Company may not be able to make follow-on finance available to existing investments which could affect realisation values. May impact the Company's ability to fund its operational costs.	The Company engages the services of two brokers to assist with fund raising when appropriate. The Company intends to maintain material cash balances. The Company may take actions to reduce its cost base.
Legal, regulatory and political risk		Regulation may alter the Company's ability to raise new funds.	The investee companies seek regular updates on matters which may impact the legal framework. The Company liaises regularly with its relevant advisers.
Natural and other widespread disasters	The effect of the uncertainties caused by COVID-19 and how long the crisis will continue.	The impact of COVID-19 on the carrying value of the Group's investments. The impact of widespread technical failure.	The Group is developing its portfolio so spreading the impact of this risk. Liaising with the management of the Company's investee companies to assess key underlying risks and makes plans / decisions to minimise the impact on trading and / or assets. Software as an industry allows employees to work flexibly to an extent that is not available in most other business sectors. Product development, marketing, sales and general management can all be carried out remotely.
Interest rates	Significant upward changes in interest rates.	May affect the ability to raise new funds.	At present, the Company has minimal borrowings and intends to maintain a significant cash balance

## Governance

### Chairman's Introduction to Governance

As Chairman of Drumz plc, I have overall responsibility for ensuring that corporate governance is embedded within the business. Corporate governance is at the heart of this organisation in order to maintain integrity and ensure we govern effectively such that we can deliver long-term value for our shareholders.

The Company has chosen to adopt the Quoted Companies Alliance's Corporate Governance Code 2018 (the "QCA Code"), and has updated its website to include additional disclosures required by the QCA Code and the AIM Rules 2021

The Board recognises the importance of sound corporate governance and applies the ten principles of the QCA Code insofar as reasonably practicable given the Company's nature and size. Further details on compliance with the principles are provided below. The Company's priority is to generate value for shareholders through making and managing investments in accordance with its investment strategy as detailed on page 5 of this report. The Board believes that the QCA Code provides Drumz PLC with a practical and rigorous corporate governance framework to support this strategy and the Company's success. The QCA Code sets out 10 principles which are listed below together with a short explanation of how the Company applies each of the principles:

#### *Principle One*

##### *Business Model and Strategy*

The Board has decided with regards to the investments to split the portfolio into those investments that are passive and those where our involvement is more active. These active investments are labelled as our strategic investments and are those companies where we continue to hold a significant percentage of the shares in the company, where we remain actively involved with the development of the company with, the Company usually being represented on the board of the investee company, and where we believe that the returns that are possible are material. The key challenge to the successful development of this part of the strategy is the mis-match between the on-going short term costs to the Company of working with these strategic investments and the financial reward to the Company for this effort being of a longer term nature.

#### *Principle Two*

##### *Understanding Shareholder Needs and Expectations*

The Board is committed to maintaining good communication and having constructive dialogue with its shareholders. The Company has close ongoing relationships with its shareholders. Institutional shareholders and analysts have the opportunity to discuss issues and provide feedback at meetings with the Company. In addition, all shareholders are encouraged to attend the Company's Annual General Meeting.

Investors also have access to current information on the Company through its website, [www.drumzplc.com](http://www.drumzplc.com), and via Angus Forrest, who is available to answer investor relations enquiries.

#### *Principle Three*

##### *Stakeholder Responsibilities*

The Board recognises that the long term success of the Company is reliant upon the efforts of the employees of the Company and its contractors, suppliers and regulators. The Board reviews performance of the company, its investments and other KPIs at every Board meeting and from time to time with direct meetings with key executives of the investee companies.

#### *Principle Four*

# Governance

Drumz plc

---

## *Risk Management*

The Board regularly reviews the risks facing the Company and seeks to exploit, avoid or mitigate those risks as appropriate. The Board is responsible for the monitoring of financial performance against budget and forecast and the formulation of the Company's risk appetite including the identification, assessment and monitoring of Drumz' principal risks.

In addition to its other roles and responsibilities the Audit and Compliance Committee is responsible to the Board for ensuring that procedures are in place, and are being effectively implemented to identify, evaluate and manage the significant risks faced by the Company.

The directors have established procedures for the purpose of providing a system of internal control. In addition, there are a range of Company policies that are reviewed at least annually by the Board. These Company policies cover matters such as share dealing and insider legislation, conflicts of interest, social media, expenses, treasury, remuneration, risk and compliance. These areas are also included as permanent agenda items for report and review at each regular board meeting. The Board currently takes the view that an internal audit function is not considered necessary or practical due to the size of the Company and the close day to day control exercised by the directors.

## *Principle Five*

### *A Well-Functioning Board of Directors*

As at 31 December 2021 the Board comprised, Angus Forrest, and three non-executive directors, Simon Bennett, chairman, Nish Malde and John Wakefield. The Quoted Company Alliance Corporate Governance Code recommends that there should be at least two independent directors. All Directors are encouraged to use their judgement and to challenge matters, whether strategic or operational, enabling the Board to discharge its duties and responsibilities effectively.

The time commitment formally required by the Company is an overriding principal that each director will devote as much time as is required to carry out the roles and responsibilities that the director has agreed to take on. This means that Angus Forrest is full time and that the other directors are part time. Biographical details of the current directors are set out below. Executive and non-executive directors are subject to re-election at intervals of no more than three years. The letters of appointment of all directors are available for inspection at the Company's registered office during normal business hours.

The Board meets regularly and is responsible for formulating, reviewing and approving the Company's strategy, budgets, performance, major capital expenditure and corporate actions. The Board meets at least six times per annum. It has established an Audit Committee and a Remuneration Committee, particulars of which appear hereafter. Meetings are open and constructive, with every Director participating fully. The Board agreed that appointments to the Board are made by the Board as a whole and so has not created a Nominations Committee.

### *Attendance at Board and Committee Meetings*

The table on page 13 summarises the number of board and committee meetings held during the year and the attendance record of individual directors:

# Governance

Drumz plc

---

## Board of Directors

### **Simon Bennett**

Non-executive Chairman

Simon is a chartered accountant with over 30 years of investment banking experience and providing corporate finance and broking advice to growing companies. He previously worked for a number of the world's largest investment banks and has wide-ranging experience of both international debt and equity models. He was Head of Corporate Finance and Head of Mid and Small Caps team at Credit Lyonnais Securities (now Credit Agricole) as well as Head of Corporate Broking at Fairfax IS plc and Sanlam Securities.

Simon established Incremental Capital LLP in 2004 to provide corporate finance advice to mid and small cap companies. He is also a partner at Glenmill Partners which provides impartial advice to entrepreneurs and growing companies.

Further, Simon is non-executive Chairman of Inland Homes plc, the AIM listed brownfield site developer and housebuilder and is a non-executive director of Kwalee Limited, the publisher and developer of games principally for mobile phones. Simon is Chair of the Audit Committee and a member of the Remuneration Committee at Drumz, Inland Homes and Kwalee. Simon was a non-executive director and chairman of Billam plc / Energiser Investments plc (now Drumz plc) from 2005 to 2013.

### **Angus Forrest**

Chief Executive

Angus has been an investor in the technology sector for more than 25 years, specialising in business-to-business sales driven companies. Angus was the chief executive of investment company, Billam plc which he co-founded, 2000–2006. Billam was the lead investor in Cybit plc, which grew from pre-revenue status to become the leading vehicle telematics business in Europe, through both organic growth and by making selective acquisitions. Billam was an early stage investor in Sareum plc which is on AIM. Billam changed its name to Energiser Investments in 2008, the forerunner to Drumz plc.

Angus founded another AIM quoted investment company, Tern plc in 2013 and was Chief Executive until 2016. In 2018, he became Chief Executive of Imaginatik plc where he was responsible for its turn round and subsequent trade sale.

Angus is founder of Drumz plc (formerly Billam plc).

### **Nishith Malde**

Non-executive Director

Nish qualified as a Chartered Accountant in 1985 with KPMG and specialised in advising owner-managed businesses. He left KPMG in 1989 to set up a consultancy firm which later merged with an audit practice where he was the partner responsible for Country & Metropolitan plc. Nish joined Country & Metropolitan plc as finance director and company secretary in November 1998. He was actively involved in the preparation for the flotation of Country & Metropolitan plc in December 1999 and its further development (which included acquisitions and disposals) until it was acquired by Gladedale Holdings plc in April 2005. He is a founding shareholder and group finance director of Inland Homes plc which floated on AIM in April 2007 and is also a non-executive director of Troy Homes Ltd, a premium housebuilder.

Nish is a member of the Audit and Remuneration Committees.

### **John Wakefield**

Non-Executive Director

John qualified as a solicitor with McKenna & Co (now CMS) before moving into corporate finance, first with Williams de Broe Limited and then at Rowan Dartington & Co Limited, where he was a founder director and shareholder and head of corporate finance. He was a corporate finance director of WH Ireland Limited until 2016.

He has been a member of the AIM Advisory Group, chairman of the London Stock Exchange Regional Advisory Group for the South West and chairman of South West Angel and Investor Network Limited (SWAIN). John is Chairman of Baron Oil PLC and a non-executive director of a number of private companies.

John is chair of the Remuneration Committee and a member the Audit Committee.

# Governance

Drumz plc

## Corporate Governance Statement

### Board composition and independence

The Board is collectively responsible for the long-term success of the Company and for its leadership, strategy, values, control, and management. Board meetings are held at such times as are required for the effective operation of the Company's investment strategy and monitoring of investments. All Directors commit the time necessary to fulfil their roles, and this position is kept under review. Given the size of the Board and the scale and nature of the Company's business, the Company does not yet have a separate Nominations Committee.

The Board has considerable experience and expertise in the technology sector and the running of publicly traded companies. Simon Bennett and John Wakefield are considered to be independent directors.

Full biographical details of all directors can be found on page 12 and on our website [www.drumzplc.com](http://www.drumzplc.com)

### Board and Committee attendance

During the year, the Board held five scheduled and three unscheduled meetings. The following table shows the attendance of directors at Board and Committee meetings held during the year:

	Board Meetings	Committees	
		Audit	Remuneration
Simon Bennett <sup>1</sup>	8	2	1
Angus Forrest <sup>1</sup>	8		
Nish Malde	8	2	1
John Wakefield <sup>1</sup>	7	2	1

<sup>1</sup> Additional Board meetings in the six months to 31 December 2021, there were two meetings one to approve accounts, one to approve a placing

### Appointment of Directors

The Board deals with all matters relating to the appointment of Directors, including determining the specification, identifying suitable candidates and selection of the appointee. No separate Nomination Committee has yet been formed.

Throughout the year, the Articles of Association have required each Director to seek re-election after no more than three years in office. The QCA Code recommends that non-executive directors are appointed for a fixed term. The Board consider that shareholders should have the opportunity to vote on the re-appointment of non-executive directors and accordingly each of the present non-executive directors will retire by rotation at least once over the next three years.

#### *Company Secretary*

Kathryn Worth resigned as Company Secretary on 1 February 2021 and Marie-Claire Haines was appointed Company Secretary on the same day.

### Board activities in the year to 31 December 2021

The table on pages 17 and 18 identifies the matters considered by the Board and notes the consideration given to the key stakeholder groups. One of the focuses for the Board is the impact any decision or action may have on key stakeholder groups represented within the Board's common duty under s172 of the Companies Act 2006. The Board notes the importance of the amount of engagement it has with key shareholder groups and how their respective views may be incorporated into decision making. Whilst considering the necessity of promoting the Company's success for the benefit of its members as a whole, the Board considers the impact its decisions and policies on key stakeholder groups.

# Governance

Drumz plc

---

## *Principle Six*

### *Appropriate Skills and Experience of the Directors*

The Company believes that the current balance of skills in the Board as a whole reflects a broad range of personal, commercial and professional skills and a range of financial and managerial skills. The Executive Director maintains ongoing communications with the Non-Executives between formal Board meetings.

In addition to their general Board responsibilities, non-executive Directors are encouraged to be involved in having inputs, in line with their individual areas of expertise. The Board is kept abreast of developments of governance and AIM regulations. The Company's NOMAD provides initial training including the AIM Rules as part of a new Director's on boarding, thereafter when there are relevant updates. All Directors develop their skills and capabilities through their continuing experiences.

The Directors have access to the Company's NOMAD, company secretary, lawyers and auditors as and when required and are able to obtain advice from other external bodies when necessary. If required, the Directors are entitled to take independent legal advice and if the Board is informed in advance, the cost of the advice will be reimbursed by the Company.

The Board currently consists of four directors and, in addition, the Company has outsourced the provision of book keeping and accounting services and company secretarial services.

## *Principle Seven*

### *Evaluation of Board Performance*

The Directors consider that the Company and Board are not yet of a sufficient size for a full Board evaluation to make commercial and practical sense. In the Board meetings/calls, the Directors can discuss any areas where they feel a change would benefit the Company, and the Company Secretary remains on hand to provide impartial advice. As the Company grows, it expects to expand the Board and with the Board expansion, re-consider the need for Board evaluation.

## *Principle Eight*

### *Corporate Culture*

The Board recognises that their decisions regarding strategy and risk will impact the corporate culture of the Company as a whole and that this will impact the performance of the Company. The Board is very aware that the tone and culture set by the Board will greatly impact all aspects of the Company as a whole and the way that employees behave. A large part of the Company's activities is centred upon what needs to be an open and respectful dialogue with investee companies. Therefore, sound ethical values and behaviours are important for the Company to successfully achieve its corporate objectives. The Board places great importance on this aspect of corporate life and seeks to ensure that this flows through all that the Company does. The Board assessment of the culture within the Company at the present time is one where there is respect for all individuals, there is open dialogue within the Company and there is a commitment to provide the best service possible to all the Company's customers, clients and investee companies. Whilst the Company has a small number of employees, the Board maintains that, as the Company grows, it intends to maintain and develop strong processes which promote ethical values and behaviours across all hierarchies.

The Board places great importance on the responsibility of accurate financial statements and auditing standards complying with Auditing Practice Board's (APB's) and Ethical Standards for Auditors. The Board places great importance on accuracy and honesty and seeks to ensure that this aspect of corporate life flows through all that the Company does.

The Board has adopted an anti-corruption and bribery policy which are outlined on the Company's website. The policy applies to all Directors and employees of the Company, and sets out their responsibilities in observing and upholding a zero tolerance position on bribery and corruption, as well as providing guidance to those working for the Company on how to recognise and deal with bribery and corruption issues and the potential consequences.

# Governance

Drumz plc

---

The Company has adopted a code for directors' and employees' dealings in securities which is appropriate for a company whose securities are traded on AIM and is in accordance with rule 21 of the AIM rules.

## *Principle Nine*

### *Maintenance of Governance Structures and Processes*

The Board is committed to, and ultimately responsible for, high standards of corporate governance. The Board reviews the Company's corporate governance arrangements regularly and expects these to evolve over time, in line with the Company's growth. The Board delegates responsibilities to Committees and individuals as it sees fit.

Ultimate authority for all aspects of the Company's activities rests with the Board, with the respective responsibilities of the Independent Directors and Chief Executive arising as a consequence of delegation by the Board. The Board has adopted two statements; the first sets out matters which are reserved to the Board and the second establishes the division of responsibilities between the Independent Director (unless a Chairman is formally appointed in which case it would be the Chairman) and the Chief Executive. The independent Chairman is responsible for the effectiveness of the Board, while management of the Company's business, the general day-to-day running of the business and developing corporate strategy, and primary contact with shareholders has been delegated by the Board to the Chief Executive.

### Audit and Compliance Committee

For the period under review the Audit and Compliance Committee comprised Simon Bennett (Chairman) Nish Malde and John Wakefield. A detailed description of the Committee's activities is shown on pages 19 and 20.

### Remuneration Committee

For the period under review the Remuneration Committee comprised John Wakefield (Chairman) Nish Malde and Simon Bennett. A detailed description of the Committee's activities is shown on pages 21 and 22.

### Non-executive Directors

The Board has adopted guidelines for the appointment of non-executive directors which have been in place and which have been observed throughout the year. These provide for the orderly and constructive succession and rotation of the Chairman (if one is in place) and non-executive directors insofar as both the Chairman and non-executive directors will be appointed for an initial term of three years and may, at the Board's discretion believing it to be in the best interests of the Company, be appointed for subsequent terms. The Chairman may serve as a non-executive director before commencing a first term as Chairman.

In accordance with the Companies Act 2006, the Board complies with: a duty to act within their powers; a duty to promote the success of the Company; a duty to exercise independent judgement; a duty to exercise reasonable care, skill and diligence; a duty to avoid conflicts of interest; a duty not to accept benefits from third parties and a duty to declare any interest in a proposed transaction or arrangement.

# Governance

Drumz plc

---

## *Principle Ten*

### *Shareholder Communication*

The Board is committed to maintaining good communication and having constructive dialogue with its shareholders. The Company has close ongoing relationships with its shareholders. Institutional shareholders and analysts have the opportunity to discuss issues and provide feedback at meetings with the Company. In addition, all shareholders are encouraged to attend the Company's Annual General Meeting.

Information is available on the Investor Relations section of the Company's website [www.drumzplc.com](http://www.drumzplc.com), and is kept updated with details of relevant developments, regulatory announcements, financial reports and shareholder circulars.

Shareholders with a specific enquiry can contact the board through the website and via Angus Forrest, who is available to answer investor relations enquiries. The Company uses electronic communications with shareholders in order to maximise efficiency.

### **Organisation review**

The Board of Directors provide extensive experience in advisory and the technology sector, including the operation of public companies.

#### *The Board of Directors*

The Board is responsible for providing strategic direction for the Company, setting objectives and management policies and agreement on performance criteria. The Board monitors compliance with objectives and policies of the Company through monthly performance reporting, budget updates and monthly reviews. The current composition of the Board is one Executive Director and three Non-Executive Directors. The Board believes the composition of the Board provides an appropriate mix to conduct the Company's affairs at the present time.

### **Audit Committee**

During the period under review the Audit Committee was chaired by Simon Bennett. It met to review the Interim Report, the Annual Report, to consider the suitability and monitor the internal control processes and to review the valuations for the portfolio of directly held investments. There were two Audit Committee meetings during the year. The Audit Committee reviews the findings of the external auditors and reviews accounting policies and material accounting judgements.

The independence and effectiveness of the external auditor is reviewed annually and the Audit Committee meets at least once per financial year with the auditors to discuss their independence and objectivity, the Annual Report, any audit issues arising, internal control processes, auditor appointment and fee levels and other appropriate matters.

### **Remuneration Committee**

The Remuneration Committee provides a formal and transparent review of the remuneration of the Executive Directors and senior employees and makes recommendations to the Board on individual remuneration packages. This includes the award of non-contractual performance related bonuses and share options. Remuneration packages are designed to reward, motivate, retain and recruit individuals. Bonuses are only paid in recognition of performance. The committee comprised John Wakefield (Chairman), Simon Bennett and Nish Malde. No Director took part in discussions concerning the determination of their own remuneration.

### **Risk management**

The Board has overall responsibility for risk management and has established a framework which ensures that principal risks are discussed, understood, mitigated, and where possible prevented. Risk assessment is an integral part of any investment decision and the Company's risk framework ensures that decisions are made on an informed basis to reflect agreed business strategy and agreed risk tolerance.

# Governance

Drumz plc

The Board considers that the key risks faced by the Company are:

- Underperformance of investments to which the Company has exposure
- Reliance on key people
- A lack of liquidity
- Longer-term economic or political environments, which cannot be predicted currently, but which may affect the sphere of activity for the Company.
- The short and longer-term impact of natural and other disasters.

The Board's strategies to mitigate these risks are as follows:

- Investments
  - To maintain a high level of awareness of investment opportunities through their own knowledge and through a network of experts.
  - To seek to ensure that investments are made in technology operating companies which operate in sectors and geographies that are likely to be least affected by a fall in values.
  - To keep the Company's investments under regular review for performance against budget and in light of the economic and political climate and, where possible, to structure investments to mitigate these risks from the onset.
- Incentivise key people
- To maintain cash balances and raise new funding well in advance of it being required

## s.172 Companies Act 2006 and key stakeholders

The Company is dependent on a number of stakeholders to enable it to progress towards its objectives of growing and creating value for shareholders. Our key stakeholders are our shareholders, people, portfolio companies, those we transact business with and the Community.

L – Long Term                      C - Colleagues                      S – Shareholder                      B – Business conduct

Approval of all trading announcements

## Shareholder impact Stakeholder and s172 Companies Act

L, C, S, I

### Internal controls and risk management

Review of internal controls and financial and other performance of the portfolio companies.

L, C, S, I

Whilst the Company is small, there is a separation of activities to ensure checks and balances.

### Governance

Regular reports to and feedback from the Company's advisers

L, C, S, I

Feedback for the various stakeholder groups influences and is taken into account when the Board is making its decisions.

Review of Company against Company values

L, C, S, I, B and C

The Board remains aware of the importance of evaluating its performance and that of the Company and its operations to promote the long term success of the Company thereby generating value for shareholders and other stakeholders, including contributing to the wider society.

## Engagement with Shareholders

The Board is keen to ensure that the Company's shareholders and any potential investors have a good understanding of the business and its performance. During the year, enquiries are received and answered on a wide spectrum of topics relevant to the business directly or through periodic updates on the Company's website.

## Corporate website

Our corporate website has a dedicated investor section at <https://www.drumzplc.com/investors> which includes annual and interim financial reports, RNS releases and full Rule 26 disclosures.

Email [info@drumzplc.com](mailto:info@drumzplc.com)

## AGM

The AGM allows the Board to update the shareholders on the Company's progress and provides an opportunity for shareholders to pose questions to Directors. In particular, the AGM provides an opportunity for shareholders, particularly private investors, to engage in wider discussion with the Board on issues of concern or interest to them, and to share their thoughts on the Company's strategy and business model.

This year's AGM will be held on 19 May 2022.

## Audit Committee Report

for the year ended 31 December 2021

### Chairman's introduction

It gives me great pleasure to introduce the Audit Committee report on behalf of the Audit Committee (the "Committee"). Drumz plc is an AIM listed company and as such, we are guided by the QCA's Audit Committee Guide. Below we set out the Committee's responsibilities and report on the activities of the Committee during the year ended 31 December 2021.

The Board is pleased to propose the re-appointment of PKF Littlejohn LLP as the Company's Auditor at this year's AGM.

### The role and duties of the Committee

The role of the Audit Committee assists the Board with monitoring, reviewing and challenging the integrity of the Company's financial results. The framework of duties is set out in its Terms of Reference which are available on the Company's website.

#### Duties of the Committee

The Audit Committee is responsible for ensuring the financial performance of the Company is properly recorded and reported on, including adopting suitable accounting policies and judgements which affect the financial statements. Also, appointing and liaising with the external auditors without the Executives present.

### Committee membership and attendance

Appointments to the Committee, which currently comprises Simon Bennett, Nish Malde and John Wakefield are made by the Board, having been deemed to have the appropriate skills and experience, Simon Bennett and Nish Malde have recent and relevant financial experience. Only members of the Committee have the right to attend meetings, although others may be invited to attend meetings as appropriate.

The external auditors also attend the meetings to discuss the planning and conclusions of their work and meet with the members of the Audit Committee without any members of the executive team present after each meeting. The Audit Committee can call for information from management and consults with the external auditors directly if required.

#### Attendance

During the year, the Committee held two scheduled meeting and reported on its activities to the Board. The members of the Audit Committee, and their attendance at meetings are detailed on page 13.

### Activities of the Committee

Areas of focus	Activities during the year ended 31 December 2021
Financial Statements and narrative reporting	<ul style="list-style-type: none"><li>• Reviewing the financial statements and narrative reporting in the Annual Report and Accounts for 2021</li><li>• Consideration of reports from the external auditor in respect of the Annual Report and Accounts for 2021</li></ul>
Going Concern	A review of the Group as a going concern including methodology, assessment in support of the going concern assumption, concluding the expectation that the Group has adequate resources to continue in operational existence for the foreseeable future
Accounting policies and standards	A review of the Group's accounting policies and ensuring they are in accordance with International Accounting Standards Consideration of effects of changes in accounting standards to the Group's financial statements
Review of external auditor	The Audit Committee reviews the performance of the External Auditor regularly

# Governance

Drumz plc

---

## External Auditor

### Audit process

The Audit Committee liaises with the external auditor prior to the start of the audit, during the audit process and in a review at the end of the audit, including Auditor's management representation letter.

### Effectiveness and independence of the external auditor

The Audit Committee reviews and monitors the independence and the objectivity of the external auditor.

### Appointment of the external auditor

The Audit Committee advises the Board on the appointment, reappointment and removal of the external auditor.

### Internal Audit Function

Given the size of the Company, internal controls and segregation of tasks it has been decided that it would be impractical to set up an internal audit. This decision will be reviewed from time to time.

### Whistleblowing

Every executive's contract of employment contains a section on whistleblowing and there is a Company procedure in the event that a whistleblower wants to bring a matter to the attention of the Board.

## Simon Bennett

Audit Committee Chairman

20 April 2022

## Remuneration Report

for the year ended 31 December 2021

The policy of the Board is to provide executive remuneration packages designed to attract, motivate, and retain Directors and employees of a sufficiently high calibre such that shareholder value will be enhanced and to reward them accordingly. It aims to provide sufficient levels of remuneration to do this, but also to avoid paying more than is necessary.

Angus Forrest has a service contract with a notice period of six months.

### Main elements of remuneration

The three main elements of the Executive Directors' remuneration package which is a mix of fixed and variable pay: base salary, performance-related bonus and share option incentives.

### Base salary

Base salaries payable to Executive Directors are reviewed annually by the Board. In determining the appropriate levels of remuneration, the Board believes that the Company should offer average levels of base pay reflecting individual responsibilities compared to similar roles in comparable companies.

Summary of Directors' remuneration including employers NI:

	Salary/ fees 2021 £'000	Total 2021 £'000	Total 2020 £'000
<b>Executive</b>			
A Forrest	53	53	25
<b>Non-executive</b>			
S Bennett	26	26	12
N Malde	16	16	8
J Wakefield	16	16	8
J Depasquale	–	–	6
S Wicks	–	–	–
	111	111	59

Stephen Wicks and John Depasquale resigned as directors on 30 June 2020.

The Directors waived £26,000 of remuneration in the year to 31 December 2020.

There were no contributions to money purchase or other pension schemes in the year (2020 £nil).

### Non-executive Directors

Remuneration for non-executive Directors is determined by the Board. The non-executive Directors have a Letter of Appointment which can be terminated by either party giving the other three months prior written notice.

### Company Share Option Plans

No share options were granted during the year. All share options are part of a Company Unapproved scheme.

## Governance

Drumz plc

---

Directors hold the following options over shares in the Company:

	31 December 2021	31 December 2020
S Bennett	4,000,000	4,000,000
A Forrest	8,000,000	8,000,000
N Malde	2,000,000	2,000,000
J Wakefield	1,000,000	1,000,000

On 15 July 2020 11,000,000 share options were issued exercisable at 0.65p and on 25 November 2020 4,000,000 exercisable at 0.55p, in both cases at any time in the 10 years from the date of grant. Details of the fair value of these options can be found in note 9.

The directors' interests in the shares of the Company are shown in the table on page 23 as at 31 December 2021.

ON BEHALF OF THE BOARD

## Director's Report

for the year ended 31 December 2021

The Directors have pleasure in submitting their report, together with the financial statements of the Group and Company, for the year ended 31 December 2021.

### Principal activity

Drumz is building a software group, investing in and acquiring technology companies, which offer value creation opportunities over the medium term.

### Review of business and dividends

A review of the current and future development of the Group's business is given in the Strategic Report on pages 1 to 9 which forms part of, and by reference is incorporated in, this Directors' Report.

The principal risks and uncertainties faced by the Group are set out on page 9.

### Results and Dividends

The results of the Group for the year ended 31 December 2021 are set out in the Group Statement of Comprehensive Income. The Directors do not recommend the payment of a dividend for the year.

### Directors and Directors' interests

The Company supports the concept of effective Board leadership and control of the Company. The Board is responsible for approving Company policy and strategy. All Directors have access to advice from the Company Secretary and if necessary, from independent professionals at the Company's expense. The biographical details for the Board members serving as at the date of this report are shown on page 12.

Those Directors who held office during the year and their interests in the shares of the Company, which include beneficial and family interests, are shown below:

	As at 31 December 2021 ordinary shares of 0.1p	As at 31 December 2020 ordinary shares of 0.1p
Simon Bennett	2,000,000	—
Angus Forrest <sup>1</sup>	30,289,930	29,893,921
John Wakefield	1,666,667	—
Nishith Malde <sup>2</sup>	14,356,631	12,689,964

<sup>1</sup> Angus Forest's interest in shares includes those held by his pension fund.

<sup>2</sup> The beneficial holding of Nishith Malde comprises his direct shareholding of 12,897,131 shares and an interest of 1,459,500 shares in the Company held by way of his shareholding in Highlands Village Limited, of which he owns 8.4%.

### Relations with shareholders

The Company values the views of its shareholders and recognises their interest in the Company's strategy and performance, Board membership and quality of management. It therefore encourages shareholders to offer their views.

There is a link on the Company's website to enable shareholders to communicate with the Company. The AGM provides an opportunity for shareholders, particularly private investors, to question the Board on any issues arising.

The notice convening the AGM is sent to shareholders with this report. A separate motion will be put to the meeting on each substantial issue.

# Governance

Drumz plc

---

## Accountability and audit

The Board endeavours to present a balanced and understandable assessment of the Group's position and prospects in all reports as well as in the information required to be presented by statutory requirements.

## Supplier payment policy

It is the policy and normal practice of the Group to make payments due to suppliers in accordance with agreed terms and conditions, generally 30 days. Where suppliers offer early settlement discounts, these may be accepted.

## Going concern

The financial statements have been prepared on the going concern basis, the Directors having considered the cash forecasts for the next 18 months from the date of the approval of these financial statements. In doing so they have given due regard to the risks and uncertainties affecting the business as set out in the Strategic Report on page 9 and the liquidity of investments and the liquidity risk disclosed in Note 11. On this basis, the Directors have a reasonable expectation that the funds available to the Group are sufficient to meet the requirements indicated by those forecasts.

## Corporate Governance

The Group has set out its full Corporate Governance Statement on pages 10 to 26. The Corporate Governance Statement forms part of this Directors' report and is incorporated into it by cross reference.

## Internal control

The Board is responsible for maintaining a sound system of internal control to safeguard shareholders' investments and the Company's assets and for reviewing its effectiveness. Such a system is designed to manage, but not eliminate, the risk of failure to achieve business objectives. There are inherent limitations in any control system and, accordingly, even the most effective systems can provide only reasonable, but not absolute, assurance against material misstatement or loss.

## Assessment of business risk

The Board regularly reviews operating and strategic risks. The Group's operating procedures include a system for reporting financial and non-financial information to the Board as and when appropriate, including:

- reports from management with a review of the business at each Board meeting, focusing on any new decisions/risks arising;
- reports on the performance of the Company's investments;
- reports on the selection criteria of new investments; and
- consideration of reports prepared by third parties.

## Control procedures

Operational procedures have been developed for each of the Group's operating businesses that embody key controls over relevant areas. The implications of changes in law and regulations are taken into account by the Group.

The Board has considered the need for an internal audit function but has decided that this is not justified at present given the size of the Group. However, it will keep this decision under review.

# Governance

Drumz plc

---

## Significant shareholdings

According to the Company's register of substantial shareholdings as at 19 April 2022 the following had notified the Company of their interest in 3% or more of the Company's issued ordinary share capital. The Directors' holdings are shown on page 23.

	Number of shares	%
BrightGrow SSAS	43,000,000	10.2
Nick Clark	43,000,000	10.2
Stephen Wicks <sup>1</sup>	30,289,930	7.1
Javed Abrahams	17,776,336	4.2
Highlands Village Limited	17,375,000	4.0
Aidan O'Hara	15,500,000	3.7
Neil Scott	14,000,000	3.3
William Barbour	13,850,000	3.3
Roger Bown	12,000,000	3.0

<sup>1</sup> The beneficial holding of Stephen Wicks comprises his direct shareholding of 23,558,855 shares and an interest in 6,731,075 shares in the Company held by way of his shareholding in Highlands Village Limited, of which he owns 38.74%.

## Financial risk management objectives and policies

The Group's financial instruments comprise its investments, cash balances, receivables and payables that arise directly from its operations and derivative instruments. The Group is exposed to market risk through the use of financial instruments and specifically to liquidity risk, market price risk and credit risk, which result from the Group's operating activities.

The Board's policy for managing these risks is summarised below.

**Liquidity risk** The Group makes investments for the long term. Accordingly, the Group rarely trades investments in the short term, however, it may do so in order to meet its funding requirements. It should be noted that, the market in small capitalised companies can be illiquid. Accordingly, the Directors monitor the market and make disposals as and when it would be appropriate to do so.

**Credit risk** The Group's exposure to credit risk is limited to the carrying amount of financial assets recognised at the balance sheet date.

**Capital risk management** The Group's objectives when managing capital are to safeguard the Group's ability to continue as a going concern in order to provide returns for shareholders, benefits for other stakeholders and to maintain an optimal capital structure to reduce the cost of capital.

The Group monitors capital on the basis of carrying an amount of cash and cash equivalents as presented on the face of the Statement of Financial Position and compared to the short and medium term liabilities and expected liabilities.

## Post balance sheet event

As referred to in the going concern section of the principal accounting policies, we continue to monitor the situation concerning COVID-19 pandemic and any impact it may have on the Group and Company.

# Governance

Drumz plc

---

## Disclosure of information to Auditors

The Directors confirm that:

- So far as each Director is aware, there is no relevant audit information of which the Company's auditor is unaware; and
- The Directors have taken all steps that they ought to have taken as Directors in order to make themselves aware of any relevant audit information and to establish that the auditors are aware of that information.

## Auditor

PKF Littlejohn have been appointed as auditor for the ensuing year in accordance with section 487 of the Companies Act 2006 subject to re-election at the next AGM.

## Directors' responsibilities statement

The Directors are responsible for preparing the annual report and the financial statements in accordance with applicable law and regulations.

Company law requires the Directors to prepare financial statements for each financial year. Under that law, the Directors have prepared financial statements in accordance with UK-adopted international accounting standards. Under company law, the Directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs and of the profit or loss of the company and group for that year.

In preparing these financial statements, the Directors are required to:

- select suitable accounting policies and then apply them consistently;
- make judgements and accounting estimates that are reasonable and prudent;
- state whether, for the group and company, UK-adopted international accounting standards have been followed, subject to any material departures disclosed and explained in the financial statements; and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the Company will continue in business.

The Directors are responsible for keeping adequate accounting records that are sufficient to show and explain the group's and company's transactions and disclose with reasonable accuracy at any time the financial position of the group and company and enable them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the Company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

The directors are responsible for the maintenance and integrity of the corporate and financial information included on the company's website. Legislation in the United Kingdom governing the preparation and dissemination of the financial statements may differ from legislation in other jurisdictions. The company is compliant with AIM Rule 26 regarding the company's website.

The directors confirm that they have complied with the above requirements in preparing the financial statements.

ON BEHALF OF THE BOARD

**Simon Bennett**

Non-executive Chairman

20 April 2022

## Financial Statements

for the year ended 31 December 2021

### Independent Auditors Report

to the members of Drumz plc

#### Opinion

We have audited the financial statements of Drumz Plc (the 'Parent company') and its subsidiaries (the 'Group') for the year ended 31 December 2021 which comprises: the Consolidated Statement of Comprehensive Income, the Consolidated and Parent Company Statement of Financial Position, the Consolidated and Parent Company Statements of Changes in Equity, the Consolidated and Parent Company Statements of Cash Flows and notes to the financial statements, including significant accounting policies. The financial reporting framework that has been applied in their preparation is applicable law and UK-adopted international accounting standards and as regards the Parent company financial statements, as applied in accordance with the provisions of the Companies Act 2006.

In our opinion:

- the financial statements give a true and fair view of the state of the Group's and of the Parent company's affairs as at 31 December 2021 and of the Group's loss for the year then ended;
- the Group financial statements have been properly prepared in accordance with UK-adopted international accounting standards;
- the Parent company financial statements have been properly prepared in accordance with UK-adopted international accounting standards and as applied in accordance with the provisions of the Companies Act 2006; and
- the financial statements have been prepared in accordance with the requirements of the Companies Act 2006.

#### Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (UK) (ISAs (UK)) and applicable law. Our responsibilities under those standards are further described in the Auditor's responsibilities for the audit of the financial statements section of our report. We are independent of the Group and Parent company in accordance with the ethical requirements that are relevant to our audit of the financial statements in the UK, including the FRC's Ethical Standard as applied to listed entities, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

#### Conclusions relating to going concern

In auditing the financial statements, we have concluded that the directors' use of the going concern basis of accounting in the preparation of the financial statements is appropriate. Our evaluation of the directors' assessment of the group's and parent company's ability to continue to adopt the going concern basis of accounting included a review of budgets for 12 months from the sign off date including checking the mathematical accuracy of the budgets and discussion of significant assumptions used by the management and comparing these with current year and post year end performance. We have also reviewed the latest available post year end management accounts, bank statements, regulatory announcements, board minutes and assessed any external industry wide factors which might affect the group and the company.

Based on the work we have performed, we have not identified any material uncertainties relating to events or conditions that, individually or collectively, may cast significant doubt on the Group's or Parent company's ability to continue as a going concern for a period of at least twelve months from when the financial statements are authorised for issue.

Our responsibilities and the responsibilities of the directors with respect to going concern are described in the relevant sections of this report.

#### Our application of materiality

# Financial Statements

Drumz plc

The scope of our audit was influenced by our application of materiality. The quantitative and qualitative thresholds for materiality determine the scope of our audit and the nature, timing and extent of our audit procedures. The materiality applied to the group financial statements was set at £46,100 (2020: £60,780), with performance materiality set at £32,270 (2020: £42,540).

Materiality has been calculated as 4% of the benchmark of net assets, which we have determined, in our professional judgement, to be one of the principal benchmarks within the financial statements relevant to members of the group in assessing financial performance.

The materiality applied to the company financial statements was £46,000 (2020: £38,840). The performance materiality was £32,000 (2020: £27,180). For each component in the scope of our group audit, we allocated a materiality that was less than our overall group materiality. We agreed with the Audit Committee that we would report to them misstatements identified during our audit above £2,305 (2020: £3,039) at group level and £2,300 (2020: £3,035) at company level.

We applied the concept of materiality both in planning and performing the audit, and in evaluating the effect of misstatement.

## Our approach to the audit

In designing our audit, we determined materiality, as above, and assessed the risk of material misstatement in the financial statements. We addressed the risk of management override of internal controls, including evaluating whether there was evidence of bias by the directors that represents a risk of material misstatement due to fraud. In particular we looked at areas involving significant accounting estimates and judgements by the directors and considered future events that are inherently uncertain, such as the fair value of unquoted investments and the value of the share options scheme.

In addition, we focused our audit on the significant risk areas including the Key Audit Matter as outlined below.

A full scope audit was performed on the complete financial information of the Group.

## Key audit matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period and include the most significant assessed risks of material misstatement (whether or not due to fraud) we identified, including those which had the greatest effect on: the overall audit strategy, the allocation of resources in the audit; and directing the efforts of the engagement team. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Key Audit Matter	How our scope addressed this matter
<b>Valuation of investments – See note 6 in the financial statements</b>	
<b>The company holds listed and unlisted investments. There is a risk that the investments are not valued correctly.</b> <b>The investments carrying value is £1,015,000 as at 31 December 2021, which comprises 63% of the Group's total assets.</b> <b>The Parent company holds two investments:</b>	Our work in this area included: <ul style="list-style-type: none"><li>Confirmation of ownership and safe custody of the ownership instruments;</li><li>For listed investments, ensure these do meet the criteria for a level 1 investment, verification of the year end share price used in the valuation to third party source. Checking movements reflected through fair value in profit or loss;</li></ul>

# Financial Statements

Drumz plc

- **An equity investment in a company listed on the London AIM measured at fair value through profit and loss; and**
- **An unlisted investment measured at fair value through profit and loss. The fair value being assessed to equal the cost.**

**The directors are required to use their judgement in respect of the unlisted investment to assess the fair value.**

**We have assessed this area to be a key audit matter because of the financial significance of the investments and the need for judgement in assessing the fair value.**

- Obtaining and critically reviewing management's assessment of impairment for level 3 investment;
- A review of the mathematical accuracy of the calculations used in the impairment review and corroboration to supporting documentation; and
- A review of the disclosure in the financial statements for compliance with IFRS.

*The fair value of KCR Residential REIT Plc was recalculated using the share price and the number of shares held in the investment.*

*The unlisted investment is held at cost because the directors do not consider that there are relevant observable inputs available and therefore cost is the best indicator for fair value as at 31 December 2021. We consider the basis for valuation to be appropriate.*

*No material misstatements have been noted in respect of valuation of investments.*

## Other information

The other information comprises the information included in the annual report, other than the financial statements and our auditor's report thereon. The directors are responsible for the other information contained within the annual report. Our opinion on the Group and Parent company financial statements does not cover the other information and, except to the extent otherwise explicitly stated in our report, we do not express any form of assurance conclusion thereon. Our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the course of the audit, or otherwise appears to be materially misstated. If we identify such material inconsistencies or apparent material misstatements, we are required to determine whether this gives rise to a material misstatement in the financial statements themselves. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact.

We have nothing to report in this regard.

## Opinions on other matters prescribed by the Companies Act 2006

In our opinion, based on the work undertaken in the course of the audit:

- the information given in the strategic report and the directors' report for the financial year for which the financial statements are prepared is consistent with the financial statements; and
- the strategic report and the directors' report have been prepared in accordance with applicable legal requirements.

## Matters on which we are required to report by exception

In the light of the knowledge and understanding of the Group and the Parent company and their environment obtained in the course of the audit, we have not identified material misstatements in the strategic report or the directors' report.

We have nothing to report in respect of the following matters in relation to which the Companies Act 2006 requires us to report to you if, in our opinion:

# Financial Statements

Drumz plc

---

- adequate accounting records have not been kept by the Parent company, or returns adequate for our audit have not been received from branches not visited by us; or
- the Parent company financial statements are not in agreement with the accounting records and returns; or
- certain disclosures of directors' remuneration specified by law are not made; or
- we have not received all the information and explanations we require for our audit.

## Responsibilities of directors

As explained more fully in the directors' responsibilities statement, the directors are responsible for the preparation of the Group and Parent company financial statements and for being satisfied that they give a true and fair view, and for such internal control as the directors determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the Group and Parent company financial statements, the directors are responsible for assessing the Group and the Parent company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the Group or the Parent company or to cease operations, or have no realistic alternative but to do so.

## Auditor's responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

Irregularities, including fraud, are instances of non-compliance with laws and regulations. We design procedures in line with our responsibilities, outlined above, to detect material misstatements in respect of irregularities, including fraud. The extent to which our procedures are capable of detecting irregularities, including fraud is detailed below:

- We obtained an understanding of the group and parent company and the sector in which they operate to identify laws and regulations that could reasonably be expected to have a direct effect on the financial statements. We obtained our understanding in this regard through discussions with management and application of cumulative audit knowledge and experience of the sector.
- We determined the principal laws and regulations relevant to the group and parent company in this regard to be those arising from Companies Act 2006, the London Stock Exchange AIM listing rules, International Financial Reporting Standards (in compliance with the Companies Act 2006) and tax legislation within the United Kingdom.
- We designed our audit procedures to ensure the audit team considered whether there were any indications of non-compliance by the Group and Parent company with those laws and regulations. These procedures included, but were not limited to:
  - Review of minutes
  - Review of legal and professional expenditure
- We also identified the risks of material misstatement of the financial statements due to fraud. We considered, in addition to the non-rebuttable presumption of a risk of fraud arising from management override of controls, that the potential for management bias was in the valuation of investments. We addressed the risk by challenging the assumptions and judgements made by management when auditing that significant accounting estimate.
- We addressed the risk of fraud arising from management override of controls by performing audit procedures which included, but were not limited to: the testing of journals; reviewing accounting estimates for evidence of bias; and evaluating the business rationale of any significant transactions that are unusual or outside the normal course of business.

Because of the inherent limitations of an audit, there is a risk that we will not detect all irregularities, including those leading to a material misstatement in the financial statements or non-compliance with regulation. This risk increases the more that compliance with a law or regulation is removed from the events and transactions reflected in the financial statements, as

# Financial Statements

Drumz plc

---

we will be less likely to become aware of instances of non-compliance. The risk is also greater regarding irregularities occurring due to fraud rather than error, as fraud involves intentional concealment, forgery, collusion, omission or misrepresentation.

A further description of our responsibilities for the audit of the financial statements is located on the Financial Reporting Council's website at: [www.frc.org.uk/auditorsresponsibilities](http://www.frc.org.uk/auditorsresponsibilities). This description forms part of our auditor's report.

## Use of our report

This report is made solely to the company's members, as a body, in accordance with Chapter 3 of Part 16 of the Companies Act 2006. Our audit work has been undertaken so that we might state to the company's members those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone, other than the company and the company's members as a body, for our audit work, for this report, or for the opinions we have formed.

## Principal accounting policies

for the year ended 31 December 2021

### **General information**

Drumz plc is a company incorporated and domiciled in the United Kingdom. The Company is a public limited company, which is listed on AIM of the London Stock Exchange, incorporated in the UK and domiciled in England and Wales. The address of the registered office is Burnham Yard, London End, Beaconsfield, HP9 2JH.

The principal accounting policies adopted in the preparation of the Group and Company financial statements are set out below.

### **Basis of accounting**

#### **Basis of preparation**

The Group and Company financial statements have been prepared under the historical cost convention, except as modified for financial assets at fair value through profit or loss. The financial statements are presented in pounds sterling (£'000), which is also the functional currency of the Company and Group.

The Group and Company financial statements have been prepared in accordance with the accounting policies set out below and international accounting standards in conformity with the Companies Act 2006.

The accounting policies have been applied consistently throughout the Group and the Company for the purposes of the preparation of these financial statements and the same accounting policies, presentations and methods of computation are followed in this set of financial statements as were applied in the previous set of audited financial statements.

#### **Going concern**

The financial statements have been prepared on the going concern basis.

The Directors have reviewed the Company's budgets and considered plans. This combined with a review of the Company's cash balances, saleable securities and discussions with the advisers have led them to conclude there is a reasonable expectation that the Company and Group has adequate resources to continue operating for the foreseeable future. For this reason, they continue to adopt the going concern basis in preparing the Company's and Group's financial statements. This has been assessed using detailed cash flow analysis so that the Board can conclude that the Company and Group has sufficient capital resources for at least 12 months from the approval of these financial statements.

### **Changes in accounting policies**

#### **New standards adopted during the year**

There were no new standards or interpretations effective and adopted for the first time for the year beginning on or after 1 January 2021 that had a significant effect on the Group's or Company's financial statements. These include:

- Amendments to IFRS 17 and IFRS 4 - Extension of the Temporary Exemption from Applying IFRS 9 (Amendments to IFRS 4)

#### **Standards in issue but not yet effective**

The following accounting standards, amendments to existing standards and interpretations are not yet effective and have not been adopted early by the Group or Company:

- Amendments to IAS 1: Classification of Liabilities as Current or Non-current (effective 1 January 2022)
- [Amendments to IFRS 3 References to the Conceptual Framework in IFRS Standards](#) (effective 1 January 2022)
- Amendments to IAS 37: Onerous Contracts - Cost of Fulfilling a Contract (effective 1 January 2022)
- Amendments to IFRS 1, IFRS 9, IFRS 16, and IAS 41 as part of Annual Improvements to IFRS Standards 2018–2020 (effective 1 January 2022)
- Amendments to Initial Application of IFRS 17 and IFRS 9 – Comparative Information (effective 1 January 2020)
- Amendments to IFRS 1 and IAS 12 - Deferred Tax related to Assets and Liabilities from a Single Transaction (effective 1 January 2023)

# Financial Statements

Drumz plc

---

- Amendments to Practice Statement 2, IAS 1, IFRS 8, IAS 34, IAS 26 and IFRS 7 – Disclosure of Accounting Policies (Amendments to IAS 1 and IFRS Practice Statement 2) (effective 1 January 2023)
- Amendments to IAS 8 – Definition of Accounting Estimates (Amendments to IAS 8) (effective 1 January 2023)

## ***Summary of significant accounting policies***

### **Basis of consolidation**

The Group financial statements consolidate those of the Company and all of its subsidiary undertakings drawn up to 31 December 2021. Subsidiaries are entities over which the Group is exposed to, or has rights to, the variable returns from its involvement with the subsidiary and has the ability to affect those returns through its power over the subsidiary. The Group obtains and exercises control through voting rights.

Intercompany transactions, balances, and unrealised gains on transactions between the Parent Company and its subsidiaries are eliminated. Unrealised losses are also eliminated unless the transaction provides evidence of an impairment of the asset transferred. Amounts reported in the financial statements of subsidiaries have been adjusted where necessary to ensure consistency with the accounting policies adopted by the Group.

Acquisitions of subsidiaries are dealt with by the acquisition method. The acquisition method involves the recognition at fair value of all identifiable assets and liabilities, including contingent liabilities of the subsidiary, at the acquisition date, regardless of whether or not they were recorded in the financial statements of the subsidiary prior to acquisition. On initial recognition, the assets and liabilities of the subsidiary are included in the Group Statement of financial position at their fair values, which are also used as the basis for subsequent measurement in accordance with the Group accounting policies. Goodwill is stated after separating out identifiable intangible assets. Goodwill represents the excess of fair value of consideration transferred over the fair value of the Group's share of the identifiable net assets of the acquired subsidiary at the date of acquisition.

### **Revenue and other income**

Fees and other income from investee companies is recognised as revenues as it falls due.

Interest is recognised as it becomes due.

Dividends are recognised when the shareholders' right to receive payment is established.

### **Taxation**

Current tax is the tax currently payable based on taxable profit/(loss) for the period.

Deferred income taxes are calculated using the liability method on temporary differences. Deferred tax is generally provided on the difference between the carrying amounts of assets and liabilities and their tax bases. However, deferred tax is not provided on the initial recognition of goodwill, nor on the initial recognition of an asset or liability unless the related transaction is a business combination or affects tax or accounting profit. Deferred tax on temporary differences associated with shares in subsidiaries is not provided if reversal of these temporary differences can be controlled by the Group or Company and it is probable that reversal will not occur in the foreseeable future. In addition, tax losses available to be carried forward as well as other income tax credits to the Group or Company are assessed for recognition as deferred tax assets.

Deferred tax liabilities are provided in full, with no discounting. Deferred tax assets are recognised to the extent that it is probable that the underlying deductible temporary differences will be able to be offset against future taxable income. Current and deferred tax assets and liabilities are calculated at tax rates that are expected to apply to their respective period of realisation, provided they are enacted or substantively enacted at the balance sheet date.

Changes in deferred tax assets or liabilities are recognised as a component of tax expense in the Statement of comprehensive income, except where they relate to items that are charged or credited directly to other comprehensive income or equity, in which case the related deferred tax is also charged or credited directly to other comprehensive income or equity.

### **Financial assets**

Financial assets are divided into the following categories: loans and receivables (including trade and other receivables) and fair value to profit and loss. Financial assets are assigned to the different categories by management on initial recognition,

# Financial Statements

Drumz plc

---

depending on the purpose for which they were acquired. The designation of financial assets is re-evaluated at every reporting date, at which point a choice of classification or accounting treatment is available.

All financial assets are recognised when the Group or Company becomes a party to the contractual provisions of the instrument. Financial assets other than those categorised as at fair value through profit or loss are recognised at fair value plus transaction costs.

Fair value through profit and loss assets are initially recognised at cost in accordance with IFRS 9 and are subsequently re-measured at the reporting date. The movement in fair value is recognised in the Statement of profit and loss and other comprehensive income in accordance with IFRS 13.

## Investments

All investments are determined upon initial recognition as held at fair value through profit and loss. Investment transactions are accounted for on a trade date basis. Asset sales are recognised at the trade date of the disposal. The Fair value of the financial instruments in the Statement of Financial Position is based on the last transaction price at the Statement of Financial Position date, with no deduction for any estimated future selling cost. Unquoted investments are valued by the directors using primary valuation techniques such as recent transactions and last price. Changes in the fair value of investments held at fair value through profit or loss and gains and losses on disposal are recognised in the Statement of Comprehensive Income as “movement in fair value of investments”. Investments are measured at fair value in accordance with IFRS 9. Details of the valuation technique for each investment is set out in the Investment Report on pages 7 and 8.

## Financial liabilities

Financial liabilities are obligations to pay cash or other financial assets and are recognised when the Group or Company becomes a party to the contractual provisions of the instrument. Financial liabilities are recorded initially at fair value, net of direct issue costs.

They are subsequently measured at amortised cost using the effective interest method, with interest related charges recognised as an expense in finance cost in the Statement of comprehensive income. Finance charges, including premiums payable on settlement or redemption and direct issue costs, are charged to the Statement of comprehensive income on an accruals basis using the effective interest method and are added to the carrying amount of the instrument to the extent that they are not settled in the period in which they arise.

A financial liability is derecognised only when the obligation is extinguished, that is, when the obligation is discharged or cancelled or expires. When the obligation is extinguished by conversion to equity, a gain or loss is recognised in respect of the difference between the carrying value of the debt compared to the fair value of the shares issued.

## Cash and cash equivalents

Cash and cash equivalents comprise cash on hand and demand deposits, together with other short-term, highly liquid investments that are readily convertible into known amounts of cash and which are subject to an insignificant risk of changes in value.

## Equity

Equity comprises the following:

- **Share capital** represents the nominal value of equity shares.
- **Share premium** represents the excess over nominal value of the fair value of consideration received for equity shares, net of expenses of the share issue.
- **Retained earnings** represents retained profits/(losses).
- **Merger reserve** represents the excess of the nominal value of shares issued in the acquisition of a subsidiary undertaking and the nominal value of the subsidiary undertaking's shares; and

## Segment reporting

In accordance with IFRS 8, information is disclosed to enable users of financial statements to evaluate the nature and financial effects of the business activities in which the Group engages. In identifying its operating segments, management differentiates between each investment. These segments are based on the information reported to the chief executive. The Group's result to date is substantially derived from investment activities.

## Share-based employee remuneration

The Group operates equity-settled share-based remuneration plans for its employees. Where material, the fair value of the employee services received in exchange for the grant of the options is recognised as an expense. The total amount to be

# Financial Statements

Drumz plc

---

expensed is determined by reference to the fair value of the options granted, excluding the impact of any non-market service and performance vesting conditions. Non-market vesting conditions are included in assumptions about the number of options that are expected to vest. The total amount expensed is recognised over the vesting period, which is the period over which all of the specified vesting conditions are to be satisfied. At each reporting date, the entity revises its estimates of the number of options that are expected to vest based on the non-market vesting conditions. It recognises the impact of the revision to original estimates, if any, in profit and loss, with a corresponding adjustment to equity. The preparation of financial information in conformity with international accounting standards in conformity with the Companies Act 2006 requires management to make estimates and judgements that affect the reported amounts of assets and liabilities as well as the disclosure of contingent assets and liabilities at the balance sheet date and the reported amounts of income and expenses during the reporting period.

## **Critical accounting estimates and judgement**

In the process of applying the Group's accounting policies, which are described above, management has made the following assumptions that have the most significant effect on the amounts recognised in the financial information:

### Valuation of unlisted investments and option

The Company holds one unlisted investment valued at cost in the financial statements, which is concluded to be its fair value because of a lack of observable information. When considering the valuation, in the absence of any market liquidity or transaction with other investors the directors reviewed the trading and future prospects such as the budget, sales pipeline and forward contracted revenues.

### Share based payments

The Group has made awards of options on its unissued share capital to directors as part of their remuneration package. The valuation of these options involved making a number of critical estimates relating to price volatility, future dividend yields, expected life of the options and interest rates. The Group has used the Black-Scholes formula to calculate the fair value of outstanding share options. The assumptions applied to the Black-Scholes formula for share options issued and the fair value per option are described in more detail in note 9.

The expense charged to the Statement of Comprehensive Income during the year in relation to share based payments was £30,000 (2020 - £nil).

Drumz plc

## Notes to the Financial Statements

for the year ended 31 December 2021

### 1. Income and segmental analysis

The Group generates income by charging investee companies fees and for profits or losses on investments. These operating segments are monitored by the Executive Directors and strategic decisions are made on the basis of segment operating results. The segmental analysis of operations is as follows:

Segmental analysis by activity

	2021	2020
	£'000	£'000
Segment result		
Operating income	44	12
Investment activities:		
Administrative expenses	(283)	(161)
Operating loss/profit	(239)	(149)
Loss in value of quoted investment	(183)	(608)
Loss before tax	(422)	(757)
	2021	2020
	£'000	£'000
Segment assets		
Investment activities:		
Non-current assets – investment	1,015	1,073
Other	584	505
Total assets	1,599	1,578
Segment liabilities		
Investment activities:		
Current liabilities	52	60
Total liabilities	52	60
Total assets less total liabilities	1,547	1,518

The activity of investments arose wholly in the United Kingdom.

# Financial Statements

Drumz plc

## 2. Operating profit / (loss)

Operating profit / (loss) is stated after charging:

	2021	2020
	£'000	£'000
Auditor's remuneration for:		
Audit services		
– audit of the Group's and Company's annual accounts	16	12
– audit of subsidiaries pursuant to legislation	3	3

## 3. Directors and employees

Staff costs during the year were as follows:

	2021	2020
	£'000	£'000
Wages and salaries	105	59

The average number of employees (including Directors) of the Group was:

	2021	2020
	Number	Number
Management of investments	4	4

Further details of individual Directors' remuneration, pension fund and interests in the Company are shown in the table on page 21.

## 4. Income tax

There is no tax charge or credit for the current year. The tax assessed for the prior year is higher than the standard rate of corporation tax in the UK of 19% (2020: 19%). The differences are explained as follows:

	2021	2020
	£'000	£'000
Loss on ordinary activities before taxation	(422)	(757)
Loss on ordinary activities multiplied by standard rate of UK corporation tax of 19% (2020: 19%)	(80)	(144)
Effect of:		
Disallowable items	35	116
Addition / (utilisation) of tax losses arising	45	28
Total tax charge/(credit)	—	—

The Group has unrecognised deferred tax assets of £1,459,000 (2020: £1,477,000) as a result of losses in the current year and prior periods carried forward of £7,677,000 (2020: £7,777,000).

# Financial Statements

Drumz plc

---

## 5. Earnings per ordinary share

The earnings per ordinary share is based on the weighted average number of ordinary shares in issue during the year of 351,072,048 ordinary shares of 0.1p (2020: 210,083,568 ordinary shares of 0.1p) and the following figures:

	2021	2020
Loss attributable to equity shareholders (£'000)	(422)	(757)
Loss per ordinary share	(0.12)p	(0.36)p

Diluted earnings per share is taken as equal to basic earnings per share as the Group's average share price during the period is lower than the exercise price of the share options and therefore the effect of including share options is anti-dilutive.

Drumz plc

## 6. Investments

	Investment £'000
Cost	
At 1 January 2021	2,205
Additions	125
At 31 December 2021	2,330
Fair value movements	
At 1 January 2021	(1,132)
Fair value adjustment	(183)
At 31 December 2021	(1,315)
Fair value	
At 31 December 2021	1,015
At 31 December 2020	1,073

Drumz plc acquired shares in KCR Residential REIT plc at a price of £0.70 per share in 2018. The investment was classed as fair value through profit and loss in accordance with IFRS 9. The investment was valued downwards at the year-end in accordance with IFRS 13. The closing value at 31 December 2021 was £389,713.

Drumz plc acquired shares in Acuity Risk Management Limited in September 2020 and additional shares in September 2021. The value of this investment is shown at cost, £625,000. Although Drumz holds 25% of Acuity's shares the directors believe that Drumz does not exercise significant influence over Acuity as such it does not need to be accounted for as an associate.

### Fair value hierarchy

In accordance with IFRS 13, financial instruments are measured by level of the following fair value measurement hierarchy:

- Level 1: quoted prices in an active market for identical assets or liabilities. The fair value of financial instruments traded in active markets is based on quoted market prices at the balance sheet date. A market is regarded as active if quoted prices are readily and regularly available and those prices represent actual and regularly occurring market transactions on an arm's-length basis. The quoted market price used for financial assets held by the Group is the closing price on the last day of the financial year of the Group. These instruments are included in level 1 and comprise FTSE and AIM-listed investments classified as held at fair value through profit or loss.
- Level 2: the fair value of financial instruments that are not traded in an active market is determined by using valuation techniques. These valuation techniques maximise the use of observable market data where it is available and rely as little as possible on entity-specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in level 2.
- Level 3: the fair value of financial instruments that are not traded in an active market (for example, investments in unquoted companies) is determined by using valuation techniques such as earnings multiples. If one or more of the significant inputs is not based on observable market data, the instrument is included in level 3.

There have been no transfers between these classifications in the period (2020: none). The change in fair value for the current and previous years is recognised through profit or loss.

All assets held at fair value through profit or loss were designated as such upon initial recognition.

# Financial Statements

Drumz plc

Movements in investments held at fair value through profit or loss are summarised as follows:

	Level 3 Equity investments £'000	Level 1 Equity investments £'000	Total investments £'000
<b>Cost</b>			
At 1 January 2021	500	1,705	2,205
Additions	125		125
At 31 December 2021	625	1,705	2,330
<b>Fair value losses</b>			
At 1 January 2021	—	(1,132)	(1,132)
Fair value adjustment	—	(183)	(183)
At 31 December 2021	—	(1,315)	(1,315)
<b>Fair value</b>			
At 31 December 2021	625	390	1,015
At 31 December 2020	500	573	1,073

Level 3 investments are held at fair value at the date of the Consolidated Financial Position with changes in value from cost being accounted for in the Consolidated Statement of Comprehensive Income.

Investments in the subsidiaries in the parent company are carried at £nil (2020: £nil). See notes 12 and 15 for details of subsidiary undertakings.

## 7. Trade and other receivables

	Group		Company	
	2021	2020	2021	2020
	£'000	£'000	£'000	£'000
Other debtors	23	14	23	13

In the opinion of the Directors, fair value is equal to carrying value.

## 8. Trade and other payables

	Group		Company	
	2021	2020	2021	2020
	£'000	£'000	£'000	£'000
<b>Current</b>				
Trade creditors	9	12	9	12
Other creditors and accruals	43	48	43	47
Total trade and other payables	52	60	52	59

In the opinion of the Directors, fair value is equal to carrying value.

## 9. Share capital

	2021	2020
	£'000	£'000
Allotted, called up and fully paid		
419,822,048 (2020: 344,822,048) ordinary shares of 0.1p each	420	345
2,268,113,165 (2020: 2,268,113,165) deferred shares of 0.1p each	2,268	2,268
	2,688	2,613

	2021	2021	2020	2020
	Number	£'000	Number	£'000
Ordinary shares				
At 1 January 2021	344,822,048	345	123,912,957	124
Additions	75,000,000	75	220,909,091	221
At 31 December 2021	419,822,048	420	344,822,048	345

On 30 November the Company issued 75,000,000 new Ordinary shares of 0.1p at 0.6p per share to raise approximately £450,000 before expenses.

## Deferred shares

The deferred shares have:

- no right to any dividend;
- the right to receive notice of any general meeting and to attend such meeting but no right to vote thereat; and
- the right on a winding up or other return of capital (after payment of the debts and liabilities of the Company and an amount equal to the amounts paid up, or credited as paid up, including any premium on the ordinary shares of the Company, together with any unpaid arrears of dividend declared on such shares) to an amount equal to the amounts paid up or credited as paid up on such deferred shares.

## Share options and warrants

The Group operates an unapproved share option scheme. Awards under each scheme are made periodically to employees. The share options in this scheme vest three years after the date of grant and have an exercise period of seven years. The options may only be exercised by option holders while they are still employees of the Group. If death in service occurs the options can be exercised (to the extent that they have vested) by the option holder's personal representatives within 12 months from the date of death. If an option holder ceases to be employed and the Directors deem the option holder to be a 'Good Leaver' the options can be exercised (to the extent that they have vested) within six months from the date of cessation of employment.

# Financial Statements

Drumz plc

A reconciliation of option movements over the year ended 31 December 2021 is shown below:

	Number
Outstanding at 31 December 2020 and 31 December 2021	15,000,000

At 31 December 2021 outstanding options granted over ordinary shares were as follows:

Share option scheme	Exercise price	Number	Dates exercisable
Company unapproved	0.65p	11,000,000	15 July 2020 to 14 July 2030
Company unapproved	0.55p	4,000,000	25 Nov 2020 to 24 Nov 2030

Further details on the share options can be found in the Remuneration Report on page 21.

The weighted average exercise price for the Group's options are as follows:

Options outstanding at 31 December 2021: 0.62p

Options exercisable at 31 December 2021: nil

The weighted average remaining contractual life of the share options outstanding at the end of the year is 8 years (2020: 9 years).

The Group has used the Black-Scholes formula to calculate the fair value of outstanding share options. The assumptions applied to the Black-Scholes formula for share options issued and the fair value per option are detailed in the table below for options issued. The charge calculated up to 31 December 2021 is £30,000 (2020: £nil). Volatility was calculated using historical share price information for the six months prior to the date of grant.

	Unapproved share options 2020 grant
Date of grant	15 July 2020
Expected life of options based on options exercised to date	3 years
Volatility of share price	87%
Dividend yield	0%
Risk free interest rate	0.01%
Share price at date of grant	0.65p
Exercise price	0.65p
Fair value per option	0.46p

Date of grant	25 Nov 2020
Expected life of options based on options exercised to date	3 years
Volatility of share price	96%
Dividend yield	0%
Risk free interest rate	0.01%
Share price at date of grant	0.48p
Exercise price	0.55p

## Warrants

Warrants over 75,000,000 ordinary shares of the Company with an exercise price of 1.0 pence per share were issued during the year ended 31 December 2021, in conjunction with the share issues set out in this note. Warrants over 75,000,000 ordinary shares are outstanding as at 31 December 2021. No expense was recorded in the year in respect of these warrants.

## 10. Transactions with related parties

Group and Company

Highlands Village Limited, a company in which S D Wicks and N Malde are both Directors and shareholders, holds 17,375,000 ordinary shares.

The Company owed £26,054 to Highlands Village Ltd at the year end in respect of interest accrued in previous years.

The key management personnel of the Company are considered to be the Directors.

Acuity Risk Management Limited, a company in which Drumz owns 25% of the equity owed £6,000 for unpaid management fees at the year end.

## 11. Financial instruments and risk profile

The Group's and Company's financial instruments comprise of its investment portfolio, cash balances, debtors and creditors that arise directly from its operations and derivative instruments. The Group and Company are exposed to risk through the use of financial instruments and specifically to liquidity risk, market price risk and credit risk, which result from the Group's operating activities.

The Board's policy for managing these risks is summarised below.

### Liquidity risk

The Group and Company make investments for the long term. Accordingly, the Group and Company rarely trade investments in the short term. The Group currently has an investment in KCR Residential REIT plc. As this is a traded investment it is deemed liquid.

### Market price risk

The Group and Company are exposed to market price risk as shown by movements in the value of its equity investments. Any such risk would be regularly monitored by the Directors.

### Capital risk management

The Group's objectives when managing capital are to safeguard the Group's ability to continue as a going concern in order to provide returns for shareholders, benefits for other stakeholders and to maintain an optimal capital structure to reduce the cost of capital. The Group monitors capital on the basis of the carrying amount of equity, less cash and cash equivalents as presented on the face of the Statement of financial position. The movement in the capital to overall financing ratio is shown below:

	Group		Company	
	2021	2020	2021	2020
	£'000	£'000	£'000	£'000
Equity	1,547	1,518	1,547	1,518
Less: cash and cash equivalents	(561)	(491)	(561)	(491)
Capital	986	1,027	986	1,027
Equity	1,547	1,518	1,547	1,518

# Financial Statements

Drumz plc

Borrowings	—	—	—	—
Overall financing	1,547	1,518	1,547	1,518
Capital to overall financing	63.7%	67.7%	63.7%	67.7%

In order to maintain or adjust the capital structure, the Group may adjust the amount of dividends paid to shareholders, return capital to shareholders, issue new shares or sell assets to reduce debt.

## Credit risk

The Group's exposure to credit risk is limited to the carrying amount of financial assets recognised at the balance sheet date.

	Group		Company	
	2021	2020	2021	2020
	£'000	£'000	£'000	£'000
Trade and other receivables	23	14	23	13
Cash and cash equivalents	561	491	561	491
	584	505	584	504

The Directors consider that all the above financial assets are of reasonable quality. No amounts shown above are considered to be past their due date.

## Summary of financial assets and liabilities by category

The carrying amount of financial assets and liabilities as recognised at the balance sheet date of the reporting periods under review may also be categorised as below:

	Group		Company	
	2021	2020	2021	2020
	£'000	£'000	£'000	£'000
<b>Current assets</b>				
Trade and other receivables	23	14	23	13
Cash and cash equivalents	561	491	561	491
Financial assets at amortised cost	584	505	584	504
Fair value through profit and loss assets	1,015	1,073	1,015	1,073
<b>Current liabilities</b>				
Financial liabilities carried at amortised cost	52	60	52	59
<b>Non-current liabilities</b>				
Financial liabilities carried at amortised cost	—	—	—	—

The financial instruments held at fair value through profit or loss have been valued in accordance with the International Private Equity and Venture Capital Valuation guidelines. In the current year, these are determined by reference to quoted prices where there is an active market for identical assets or liabilities. Otherwise, the fair value is determined by using valuation techniques such as earnings multiples. There is no material difference between the carrying value and fair value of the Group's aggregate financial assets and liabilities.

# Financial Statements

Drumz plc

## Interest rate risk profile of financial liabilities

	Group		Company	
	2021	2020	2021	2020
	£'000	£'000	£'000	£'000
Floating rate financial liabilities	—	—	—	—
Fixed rate financial liabilities	—	—	—	—
Financial liabilities on which no interest is paid	52	60	52	59
	52	78	52	59

## Sensitivity analysis

The following table illustrates the sensitivity of loss and equity to a reasonably possible change in interest rates of +/- 1%. These changes are considered to be reasonably possible, based on observation of current market conditions. The calculations are based on a change in the average market interest rate for each period, and the financial instruments held at each reporting date that are sensitive to changes in interest rates. All other variables are held constant.

Group	Loss for the year		Equity	
	£000	£000	£000	£000
	+ 1%	- 1%	+ 1%	- 1%
31 December 2021	(426)	(418)	1,562	1,532
31 December 2020	(766)	(750)	1,533	1,503

Company	Loss for the year		Equity	
	£000	£000	£000	£000
	+ 1%	- 1%	+ 1%	- 1%
31 December 2021	(426)	(418)	1,562	1,532
31 December 2020	(766)	(750)	1,533	1,503

## 12. Subsidiary undertakings

At 31 December 2021 Drumz plc held 50% or more of the equity of the following:

Company name	Country of registration*	Principal activity	Holding	Class of shares
World Life Sciences Limited	England	Dormant	100%	Ordinary
Urco Limited	England	Dormant	100%	Ordinary
Development Funding Limited	England	Dormant	100%	Ordinary
Energiser (Nominee) Limited	England	Dormant	100%	Ordinary
Cedar Green Homes Limited	England	Dormant	100%	Ordinary

The registered address of the subsidiaries is the same as that of the parent company.

# Financial Statements

Drumz plc

---

## 13. Company information

The Company is a Public Limited Company registered in England and Wales. The registered office is Burnham Yard, London End, Beaconsfield, Buckinghamshire, HP9 2JH.

## 14. Ultimate controlling party

The Directors believe that there is no overall controlling party of the Company.

## 15. Events after the balance sheet date

As referred to in the going concern section of the principal accounting policies, we continue to monitor the situation concerning COVID-19 pandemic and any impact it may have on the Group and Company.

In December 2021 the Company started the process to strike off the subsidiaries save, World Life Sciences Limited, as they formed no part of the future plans of the Company and each had no or immaterial assets. The strike-off process was completed in March 2022.
