In these financial highlights and in the Chairman's letter to our shareholders that follows, we present certain non-GAAP measures, including revenues, net income and total assets, all as adjusted for comparability, EBITDA before noncontrolling interests and gains on sale of real estate, EBITDA Adjusted for Comparability, Funds from Operations ("FFO") and Funds from Operations Adjusted for Comparability. We have provided reconciliations of these non-GAAP measures to the applicable GAAP measures in the appendix section of this Chairman's letter and in the Company's Annual Report on Form 10-K under "Item 7 Management's Discussion and Analysis of Financial Condition and Results of Operations," which accompanies this letter or can be viewed at www.vno.com.

To Our Shareholders

Funds from Operations, as Adjusted for Comparability (an apples-to-apples comparison of our continuing business, eliminating certain one-timers) for the year ended December 31, 2015 was \$915.3 million, \$4.83 per diluted share, compared to \$825.3 million, \$4.37 per diluted share, for the previous year, a 10.5% increase per share – a very good year.

Funds from Operations, as Reported (apples-to-apples plus one-timers) for the year ended December 31, 2015 was \$1,039.0 million, \$5.48 per diluted share, compared to \$911.1 million, \$4.83 per diluted share, for the previous year. (See page 4 for a reconciliation of Funds from Operations, as Reported to Funds from Operations, as Adjusted for Comparability.)

Net Income attributable to common shares for the year ended December 31, 2015 was \$679.9 million, \$3.59 per diluted share, versus \$783.4 million, \$4.15 per diluted share, for the previous year.

Our core business is concentrated in New York, the most important city in the world, and in Washington, DC, our nation’s capital, and is office and high street retail centric.

We have run Vornado for 36 years. In each year, cash flow from the core business has increased in both total dollars and on a same-store basis until 2012 when for the first time, there was a decrease caused by the Base Realignment and Closure Statute (“BRAC”) in Washington. 2013 began another run of increases.

Here are our financial results (presented in EBITDA format) by business segment:

Growth

As is our custom, we present the chart below that traces our ten-year record of growth, both in absolute dollars and per share amounts:

(\$ AND SHARES IN MILLIONS, EXCEPT PER SHARE DATA)	Adjusted for Comparability			
	EBITDA	FFO		Shares Outstanding
		Amount	Per Share	
2015	1,532.8	915.3	4.83	199.9
2014	1,446.8	825.3	4.37	198.5
2013	1,386.2	746.3	3.97	197.8
2012	1,249.6	607.7	3.26	197.3
2011	1,271.6	628.3	3.28	196.5
2010	1,222.6	609.2	3.21	195.7
2009	1,172.6	473.1	2.73	194.1
2008	1,195.9	555.5	3.39	168.9
2007	1,186.2	571.9	3.48	167.7
2006	886.1	427.0	2.74	166.5

FFO has grown this year by 10.9% (10.5% on a per share basis), 8.5% per year over five years (8.5% on a per share basis) and 8.6% per year over ten years (5.8% on a per share basis).

³ If Urban Edge Properties (UE), which was spun off in January 2015, was included, the results would have been (2.9)% for 2016 YTD and (2.6)% for one-year. The child (UE) fared better than its parent (VNO) in the stock market during these periods.

Acquisitions/Dispositions⁽⁴⁾

Our external growth has never been programmed, formulaic or linear, i.e. we do not budget acquisition activity. Each year, we mine our deal flow for opportunities and, as such, our acquisition volume is lumpy. Our acquisition activity since 2012 has ebbed in response to a rising market. Acquisitions have been limited to strategic New York retail properties and creative class, value-add office projects; if we were an industrial company, you might call them bolt-on acquisitions. We have pushed away from acquisitions which are off-the-fairway, non-strategic or over-priced.

Our disposition activity since 2012 has increased three-fold as we have implemented our strategic simplification. True to our word...we have sold much more than we have acquired. We exited business lines, the mall business,⁽⁵⁾ the showroom business, LNR, etc., disposed of mistakes and sold anything off-the-fairway. We have executed over \$4.7 billion of asset sales in 65 transactions, recognizing \$1.7 billion of gains. We separated the strip shopping center business⁽⁵⁾ through a pro-rata tax-free spin off to our shareholders, a \$3.7 billion transaction. Importantly, we have also significantly upgraded the mix and quality of our assets. For example, trading:

- the Green Acres B+ mall for the retail block at 666 Fifth Avenue;
- 866 UN Plaza for 655 Fifth Avenue (the Ferragamo store);
- 1740 Broadway, a B office building, for the St. Regis retail on Fifth Avenue; and
- 1750 Pennsylvania Avenue for Old Navy on 34th Street.

Here is a ten-year schedule of acquisitions and dispositions:

(\$ IN MILLIONS)	Acquisitions		Dispositions		
	Number of Transactions	Asset Cost	Number of Transactions	Proceeds	Net Gain
2016 to date	1	46.2	--	--	--
2015	13	955.8	11	975.6 ⁽⁶⁾	316.7
2014	6	648.1	11	1,061.4	523.4
2013	6	813.3	20	1,429.8	434.1
2012	10	1,365.2	23	1,222.3	454.0
2011	12	1,499.1	7	389.2	137.8
2010	15	542.4	5	137.8	56.8
2009	--	--	16	262.8	43.0
2008	3	31.5	6	493.2	171.1
2007	38	4,063.6	5	186.3	60.1
2006	32	2,177.0	3	105.2	31.7
	136	12,142.2	107	6,263.6 ⁽⁶⁾	2,228.7

⁴ Excludes marketable securities.

⁵ We sold the malls (into a very strong market) and spun off the strips in half measure to de-conglomerate i.e., there is no real benefit in having \$50 million shopping centers in New Jersey, no matter how great they may be, together with million square foot office towers in Manhattan and in half measure anticipating secular change (note the current softness in retail) and recognizing that with only a handful of malls, we were in no man's land. I believe the decision to exit the mall business will look better and better as each year goes by.

⁶ In addition, in 2015, we spun off Urban Edge in a \$3.7 billion transaction.

2015 and 2016 to date acquisitions are detailed below:

Capital Markets

At year-end we had \$4.1 billion of liquidity comprised of \$2.1 billion of cash, restricted cash and marketable securities and \$2.0 billion available on our \$2.5 billion revolving credit facilities. Today, we have \$4.4 billion of liquidity comprised of \$1.9 billion of cash, restricted cash and marketable securities and the full \$2.5 billion available on our \$2.5 billion revolving credit facilities.

Since January 1, 2015, we have executed the following capital markets transactions:

- In February 2016, we completed a \$700 million refinancing of 770 Broadway, a 1,158,000 square foot Manhattan office building. The five-year loan is interest-only at LIBOR + 1.75% (2.19% at March 31, 2016), which was swapped for four and a half years to a fixed rate of 2.56%. We realized net proceeds of approximately \$330 million. The property was previously encumbered by a 5.65%, \$353 million mortgage which was scheduled to mature in March 2016.
- In December, we completed a \$450 million financing of the retail condominium of the St. Regis Hotel and the adjacent retail town house located on Fifth Avenue at 55th Street. The loan matures in December 2020, with two one-year extension options. The loan is interest only at LIBOR plus 1.80% (2.24% at March 31, 2016) for the first three years, LIBOR plus 1.90% for years four and five, and LIBOR plus 2.00% during the extension periods. We own a 74.3% controlling interest in the joint venture which owns the property; we received all proceeds from this financing.
- In December, we completed a \$375 million refinancing of 888 Seventh Avenue, a 882,000 square foot Manhattan office building. The five-year loan is interest only at LIBOR plus 1.60% (2.04% at March 31, 2016) which was swapped for the term of the loan to a fixed rate of 3.15% and matures in December 2020. We realized net proceeds of approximately \$49 million.
- In October, we entered into a \$750 million unsecured delayed-draw term loan facility, which matures in October 2018 with two one-year extension options. The interest rate is LIBOR plus 1.15% (1.58% at March 31, 2016) with a fee of 0.20% per annum on the unused portion. At closing, we drew \$187.5 million and drew an additional \$187.5 million in February 2016. All draws must be made by October 2017. This facility, together with the \$950 million development loan described below, provides the funding for our 220 Central Park South development.
- In September, we upsized the loan on our 220 Central Park South development by \$350 million to \$950 million. The interest rate on the loan is LIBOR plus 2.00% (2.43% at March 31, 2016) and the final maturity date is 2020. In connection with the upsizing, the standby commitment for a \$500 million mezzanine loan for this development was terminated by payment of a \$15 million fee.
- In July, we completed a \$580 million refinancing of 100 West 33rd Street, a 1,111,000 square foot property comprised of 855,000 square feet of office space and the 256,000 square foot Manhattan Mall. The loan is interest only at LIBOR plus 1.65% (2.09% at March 31, 2016) and matures in July 2020. We realized net proceeds of approximately \$242 million.
- In June, we completed a \$205 million financing in connection with the acquisition of 150 West 34th Street. The loan bears interest at LIBOR plus 2.25% (2.69% at March 31, 2016) and matures in 2018 with two one-year extension options.
- In April, we completed a \$308 million refinancing of RiverHouse Apartments, a three building, 1,670 unit rental complex located in Arlington, VA. The loan is interest only at LIBOR plus 1.28% (1.72% at March 31, 2016) and matures in 2025. We realized net proceeds of approximately \$43 million. The property was previously encumbered by a 5.43%, \$195 million mortgage maturing in April 2015 and a \$64 million mortgage at LIBOR plus 1.53% maturing in 2018.
- In January, we redeemed the \$500 million principal amount of our outstanding 4.25% senior unsecured notes, which were scheduled to mature on April 1, 2015, at par plus accrued interest.

Our Triple A capital markets team was responsible for over \$4.4 billion of transactions in this very active year. Thank you to EVP Mark Hudspeth and SVPs Richard Reczka and Jan LaChapelle.

Excluding financing related to the 220 Central Park South project,⁽⁷⁾ our consolidated debt is currently 31% of our enterprise value. Since stock prices fluctuate, we believe an even better measure of leverage may be debt to EBITDA – ours is currently 7.2x. If we were to exclude the Skyline properties and use, say, \$1 billion of excess cash to reduce debt, pro forma debt to EBITDA would be 6.0x, low leverage indeed. By the way, the same pro forma metric using total debt (consolidated debt plus our share of unconsolidated real estate joint ventures debt, excluding Toys “R” Us debt) is also a low 6.7x.

Fixed rate debt accounted for 77% of debt with a weighted average rate of 4.0% and a weighted average term of 5.1 years, and floating rate debt accounted for 23% of debt with a weighted average interest rate of 2.0% and a weighted average term of 5.8 years.

Last year, in my annual letter to shareholders (on page 10), I laid out our debt philosophy. Relevant paragraphs are reprinted below; the numbers have been updated.

One of the hallmarks of a blue chip REIT is access to the four corners of the capital markets. Vornado is an investment-grade blue chip that enjoys such access. But, let’s think about it. For purposes of this discussion, let’s call the four corners of the capital markets common stock, preferred stock, unsecured debt and secured or project-level debt.

Unsecured debt is an attractive vehicle and trades in a very efficient marketplace. An investment grade company, using its pre-filed shelf registration, need merely call its friendly investment banker to get \$500 million, or even \$1 billion, in a matter of days - no fuss, no muss, no roadshow...easy. But, like cigarettes, there should be two warnings on the label of unsecured debt. First, that it bears the full faith and credit of the issuer, in effect a personal guarantee and, second, that markets are volatile and unpredictable and even a market as big, deep and strong as the unsecured debt market shuts down cold in every cycle, at the very worst time. To safely partake in this market, one should have modest maturities and have back-up liquidity. We partake, but we partake in this market in a very measured way.

Secured or project-level debt is different. It is a much more cumbersome and time-consuming process to execute...but it has no covenants and is recourse solely to the asset that is pledged.

Here is Vornado’s current debt structure:

(\$ IN THOUSANDS)

Nonrecourse Secured Debt	9,373,739
Unsecured Debt	850,000
Term Loan	<u>375,000</u>
	10,598,739
Nonrecourse Joint Venture Debt	<u>2,605,672</u>
Total	<u>13,204,411</u>

We calculate that Vornado has about \$22 billion of assets at fair value pledged to its secured creditors — very low leverage. The remainder of our assets are unencumbered. Interestingly, if, say, 60% is an appropriate loan-to-value ratio for secured debt (as opposed to our current 42%), the math says we should then be able to unencumber up to an additional \$7 billion of assets, a worthy goal.

We have \$11 billion of unencumbered Class A assets in New York.

Vornado remains committed to maintaining our investment grade rating.

⁷ We appropriately exclude 220 Central Park South debt since it is for-sale property and the debt will self liquidate from the proceeds of already executed sales contracts.

Operating Platforms...Lease, Lease, Lease

The mission of our business is to create value for shareholders by growing our asset base through the addition of carefully selected properties and by adding value through intensive and efficient management. Our operating platforms are where the rubber meets the road. And...in our business, leasing is the main event. In New York, we leased 2.4 million square feet; and in Washington we leased 2.0 million square feet.

As in past years, we present below leasing and occupancy statistics for our businesses:

Year in and year out, our New York Office occupancy rate is in the high 90s. That's some performance. Thanks to EVP Glen Weiss and his New York leasing machine: Josh Glick, Craig Panziner, Jared Solomon, Andy Ackerman, Jared Silverman and Edward Riguardi. Kudos as well to the Washington leasing team, who year-after-year are in the 2 million square foot club.

⁸ Excludes 161 square feet in 2015 and 247 square feet in 2014 of retail leases.

Business Review

In our marathon fourth quarter conference call just six weeks ago, David Greenbaum, President of the New York Division, and Mitchell Schear, President of the Washington, DC Division, extensively reviewed their businesses. Please visit our website to read their comments at www.vno.com.

Manhattan High Street Retail

We own the best-in-class 65-property, 2.6 million square foot street retail business in Manhattan, concentrated on the best high streets – Fifth Avenue, Times Square, Madison Avenue, Penn Plaza and Soho. While the street retail portfolio accounts for 9% of our total Manhattan square footage, it generates 33% of the New York division EBITDA. As David mentioned on our fourth quarter earnings call, the Victoria's Secret and Swatch leases we did in 2015 on upper Fifth Avenue are equivalent in value to a 1 million square foot office tower. This is a growing business. Here are the statistics:

(\$ IN MILLIONS)	Number of Properties	EBITDA	Acquisitions	
			Number	Asset Cost
2015	65	358.4	7	486.2
2014	57	279.7	3	604.4
2013	54	245.9	4	343.3
2012	47	189.0	2	947.0

High street retail is the most unique, scarce, lowest cap rate real estate asset class. It exists in Manhattan and a handful of other gateway cities. In last year's letter, pages 14-15, I discussed the extraordinary rental growth and value creation that this asset class has had over the last 10 years.

Penn Plaza

Please visit our website at www.vno.com to view work-in-process images of our plans to transform Two Penn Plaza. This design is by BIG, Bjarke Ingel's architectural firm. Google his work...it's amazing. Our intent here is to transform a good 48 year old building⁽¹⁰⁾ with its punched windows into a modern age building for today's office users with a new floor-to-ceiling glass curtain wall. The main event here is the massive, undulating canopy (in spots it's 85 feet high and extends out 65 feet) inspired by the iconic photograph of Marilyn Monroe standing over a subway grate holding down her skirt in *The Seven Year Itch* (hence, Bjarke has named this design *SKIRT*), which will provide grand entrances for Penn Station, Madison Square Garden and our Two Penn Plaza office building. The entrances to Penn Station and Madison Square Garden surely deserve a place-making gesture as grand as our *SKIRT* design.

We intend to cluster the 1.6 million square foot Two Penn Plaza and the 2.6 million square foot One Penn Plaza (currently connected underground via Penn Station) into a 4.2 million square foot complex. Think about it, 4.2 million square feet of modernized space located in the heart of Manhattan's new West Side, directly on top of Penn Station (the busiest transit hub in North America), adjacent to the sports and entertainment mecca, Madison Square Garden, and across the street from Macy's, the world's largest department store. And our scale here will permit us to provide our tenants with the best and largest food and amenities complex this side of Silicon Valley.

This is an ambitious and long-term project and the first of many to transform our vast Penn Plaza holdings. Penn Plaza is Vornado's big kahuna.

David and I and all senior management work on Penn Plaza...together with the project team, lead by Barry Langer, including Marc Ricks and Judy Kessler with David Bellman on the construction side. Craig Dykers, a founding partner of Snøhetta, is the master plan architect.

220 Central Park South

Our business is owning income-producing property for the long term. We seek both recurring income and capital appreciation. Every once in a while we do a for-sale condo project. The last one was a dozen years ago when we sold apartments at the top of the Bloomberg tower; in that case it was really a binary decision, since the zoning dictated that we either build apartments or forego that square footage. We got into the 220 Central Park South condo project initially by providing financing and, after the twists and turns of the Great Recession, ended up the full owner and developer. And, boy are we happy about that.

- It is the best site in town with 140 feet of frontage on Central Park;
- Our aim here is to create the best apartment project in town, highest quality, highly-amenitized, and designed by Robert A.M. Stern Architects and the Office of Thierry Despont;
- We began sales in February 2015 in a two-room salon adjacent to my office. Since then, we have signed contracts with deposits for \$1.7 billion of apartments, more than half of the projected sell out, at record setting prices;
- 45% of the buyers are New Yorkers and an additional 30% are Americans from other parts of the country; and
- The building is now 350 feet vertical (up to the 25th floor) and will rise at the rate of one floor per week to its full height of 950 feet.

Please visit our website at www.vno.com to view images of 220 Central Park South and for a recent picture of the building as it begins to claim its position on the skyline.

Vornado is a full service, vertically integrated real estate business. We have a robust development and construction operation, building 220 Central Park South and all of our many other projects from the largest down to 5,000 square foot pre-builds and tenant build-outs. Thank you to EVP, Development Barry Langer; Mel Blum, a senior leader on the 220 Central Park South project; Eli Zamek, who heads up construction on this project; and the rest of our gold medal development team.

¹⁰ We are the market leader in these types of transformations, having recently completed the very successful repositioning of seven buildings totaling 6.4 million square feet.

Washington

We continue to explore separating Washington into its own freestanding business unit. There can be no assurance that any transaction will be completed. And, we have begun a process to dispose of the Skyline properties.⁽¹¹⁾

Our objective in pursuing a separation of Washington would be much the same as it was in our separation of Urban Edge Properties, namely to create a smaller, laser-focused business unit with its own dedicated management and its own report card (i.e. stock price). In the case of UE, de-conglomerating was in order, i.e. \$50 million New Jersey shopping centers, no matter how great they may be, are not a natural fit with million square foot Manhattan office towers. While it is true that Washington and New York are both office-centric, each is its own market and there really is little overlap or synergy between them. Furthermore, New York and Washington are in totally different lifecycle situations (growth vs recovery).

Our Washington business is bouncing along the bottom.⁽¹²⁾ Excluding Skyline and buildings coming out of service, we expect the core business' EBITDA to be flat to positive \$4 million in 2016 versus 2015.

Mitchell Shear and team have done a wonderful job of innovating and dealmaking in a difficult market.

Washington has a very sizable future development pipeline, outlined below, which will take place over an extended period of time as market conditions permit. This is quite a warrant on the future of the nation's capital.

	(SQUARE FEET IN THOUSANDS)		Residential Units
	Office	Retail	
Crystal City	600	300	2,300
Pentagon City	1,700	100	2,600
District of Columbia	600	--	--
Rosslyn	425	--	200
Reston	<u>380</u>	<u>10</u>	<u>500</u>
Total	<u>3,705</u>	<u>410</u>	<u>5,600</u>

The 3.7 million square foot future office development pipeline is the net result of 5.7 million square feet of new-builds less 2.0 million square feet which will be razed to create the sites and increased density.

¹¹ Skyline is subject to a non-recourse mortgage loan of \$678 million. We have requested the loan be transferred to special servicing with the intent to substantially restructure the loan and/or dispose of all or a substantial interest in the properties.

¹² Washington has been a victim of the U.S. Government's Department of Defense Base Realignment and Closure Statute move-outs, limited government growth in the Capital District, and a generally all around soft real estate market. Confoundingly, Washington has the lowest unemployment rate in the nation, the most educated work force in the nation, coupled with the highest vacancy rate in the nation; something doesn't add up.

Corporate Governance

Over the last nine years, we have received our share of non-binding, precatory, shareholder proposals, all of which related to corporate governance.⁽¹³⁾ Over that period, the standard for shareholder participation in the governance process has changed quite substantially. Year in and year out, we are in constant communication with our shareholders...at industry events (at least four a year), numerous property tours and one-on-ones, not to mention our frequent issuance of press releases, financial reports and updates to our website. Over the last two years, we initiated a robust process of outreach to our shareholders, specifically focused on governance, led by Trustee Candace Beinecke, Chair of the Corporate Governance and Nominating Committee, together with Stephen Theriot, Chief Financial Officer; Joseph Macnow, Chief Administrative Officer; Catherine Creswell, SVP, Director of Investor Relations; and Alan Rice, SVP, Corporation Counsel and Secretary.

Responsive to our shareholders and acknowledging that it is no longer appropriate for us to be an outlier, our Board has taken the following important governance steps:

- We will de-stagger our Board, i.e., all trustees will be elected annually. At our upcoming annual meeting in May, the Board is proposing a charter amendment which provides that beginning in 2017, nominees would be elected annually and, therefore, in 2019, all trustees would be elected annually;⁽¹⁴⁾
- We have adopted a trustee resignation policy in the event a trustee does not receive majority support from our investors;
- We have elected Candace Beinecke as Lead Trustee;
- We have amended our Governance Guidelines to provide for increased clarity and emphasis on diversity as a criteria for the selection of new trustees; and
- We will add one or two new independent trustees.⁽¹⁵⁾

For a complete summary, including all the improvements to our governance status, please refer to our proxy statement which can be viewed at www.vno.com-proxy and governance section on our website at www.vno.com-governance.

Thank you to Candace, Joe, Steve, Alan and Cathy for your efforts in this regard, and thank you to Russ Wight, who has served as our Lead Trustee for the past five years.

¹³ This year we have received none.

¹⁴ This phase out process is frequently used by others when declassifying their boards.

¹⁵ Our Board is great, just getting a little old.

Public Real Estate Is Cheap

Over the last five years, public real estate has been selling cheap compared to private real estate values. This seems to be a chronic phenomenon. With respect to Vornado, not only does each asset in a sum-of-the-parts sell cheap, but the public valuation of our Company gives no credit whatsoever for our franchise value, our management team or our balance sheet, which taken together, year in and year out, have a track record of creating increasing shareholder value. We are not alone here. Below is a table comparing five office REITS with significant New York holdings:

	Vornado	A	B	C	D
NAV- stock price (discount)/premium to Green Street estimate	-21.2%	-10.6%	-29.9%	-26.1%	-15.6%

For better or for worse, I am a public real estate CEO lifer. I am a disciple of the stock market. I believe in its predictive value and I respect it as a weighing machine. Nonetheless, we do have a chronic NAV discount...what have we done about it, so far?

- We have simplified, pruned and focused, selling \$4.7 billion of assets. Today we are 69% Manhattan-centric, 21% Washington-centric and 10% theMART and 555 California Street;
- We own and continue to build the largest and highest quality Manhattan high street retail business; it is unique and one of a kind;
- Ditto our Manhattan office business;
- We spun off Urban Edge Properties, a \$3.7 billion transaction;
- We have further strengthened our already fortress, low-levered balance sheet;
- We have modernized our corporate governance; and
- We continue to explore separating Washington.⁽¹⁶⁾

¹⁶ The table below sets forth a comparison of the ten year history of comparable EBITDA of our growing New York business and our Washington business. And, just for kicks (and completeness), we also show the performance of Urban Edge assets during the period we owned them:

(\$ IN MILLIONS)	New York	Washington		Urban Edge
		Historical	Excluding Skyline	
2015	1,079.3	322.9	298.7

Ten year	9.9%	2.6%	4.0%	5.0%

Some Thoughts, 2015 Version

- I love our business - Vornado is a big business, \$32.1 billion of total enterprise value. We operate in New York, the most important city in the world and in Washington, DC, our nation's capital. In New York, we own office towers and the largest portfolio of retail on the high streets of Manhattan.
- Vornado and its management team are one of only a very small handful of firms who have the capital base, track record, talent, relationships, and trust in the marketplace to lease, acquire, develop, finance and manage million square foot towers and Fifth Avenue retail. It's a complicated business, rookies need not apply.
- In my last year's letter to shareholders, and in each of our earnings calls since then, I stated that:
 - The easy money has been made for this cycle;
 - Asset prices are high, well past the 2007 peak;
 - It's a better time to sell than to invest; and
 - Now is the time in the cycle when the smart guys build cash for opportunities that will undoubtedly present themselves in the future.

To be honest, I didn't expect to be so right...so quickly.

- Quality is everything. We recently published a 342-page coffee table book of Vornado's Manhattan, highlighting our 105 properties. This book shows clearly the quality of our portfolio. It has been very well received by our shareholders, analysts, lenders, tenants and other stakeholders. The book has now been posted on our website at www.vno.com. Please take a look. Thank you Lisa Vogel, SVP - Marketing and her team who created this book.
- We have reached our target of \$2 billion of cash and over \$4 billion of immediate liquidity. We understand this is not without cost and that, say, each \$500 million of cash in the treasury, which today earns nil, has a cost of \$12 - 15 million of annual earnings.
- Well chosen Manhattan real estate has a history of doubling in value every ten years. In fact, we have a handful of properties (770 Broadway, 640 Fifth Avenue, etc.) that have appreciated ten times in the past 15 years. This kind of appreciation is never linear or predictable and therefore, assets of this quality are in the never-sell category. By the way, theMART has appreciated six times since we have owned it, mostly in the last three years.
- Thinking about the future and planning for it is a big part of our job description. Some years ago, I coined the phrase *Manhattan is tilting to the West and to the South*. We are moving South and we were the early mover in Penn Plaza. Anticipating secular change in retail, we decided to exit the mall business. We spend a fair amount of time in our council rooms debating such issues as trends, demographics and neighborhoods. Also, what is the office of the future? How will people want to live; what is the apartment of the future? What will shopping be like in 10 years? And so on.
- To my mind, credit markets are a very sensitive barometer of economic health (even more sensitive than the stock market), sort of like an early warning signal (the proverbial canary in a coal mine). Today, the credit markets are clogged and choppy...and selective. When you think about it, this creates a competitive advantage for a blue-chip, low-levered, well-capitalized, established sponsor such as Vornado.
- It's too early to tell what effect the recent volatility in the financial markets will have on leasing or on asset valuations. My guess is not all that much. We have been long overdue for a correction and after all...a swoon in economic activity and volatility in the debt and equity markets seem a sure recipe for continued easy money and low interest rates. I see no hiccups in the New York Class A office market. Vornado's office business continues to perform at very high levels. 2015 GAAP mark-to-market was a very strong 22.8%, and is continuing at a similar pace in the first quarter of 2016.
- Urban Edge Properties celebrated its first anniversary in January and we couldn't be more delighted with its performance. We gave birth to UE ... seeding it with our unique, high-barrier, Northeastern shopping center assets, and with our management and staff. We recruited Jeff Olson, a best-in-class CEO, and launched it with a strong balance sheet (low leverage and \$225 million of cash) supported by an experienced and engaged Board. UE is producing the exact result we had expected... focus, focus, focus. And, investors, the final report card, are rewarding UE with an appropriate stock price. UE's total shareholder return for the 15 months since it was spun off is 11.3%. UE's stock has held rock solid in the recent months of volatility. And think about it, if the UE assets were still bundled inside of Vornado, they probably would be valued at a discount, just like Vornado. Given the success of UE, the concept of laser-focused, smaller entities may well be a template for the future.

Sustainability

Vornado continues to lead the industry in sustainability – it's important to our tenants and investors, and it is important to us. From energy conservation, to healthy indoor environments, to sustainable new construction, we continuously improve our programs each year.

We recognize that a portfolio of our size carries a big responsibility to manage energy, and we work hard to monitor, control, and reduce our consumption. Our energy efficiency capital projects continue to save energy and modernize our existing buildings. We are an active participant in demand response and contribute significantly to reducing electricity grid constraints in each of our markets.

Our tenants spend the majority of their week working in our buildings, and we recognize our responsibility to provide a healthy indoor environment for them. We are focused on maintaining healthy air and water supplies, and our cleaning company leads the industry in least-toxic cleaning policies.

We have also incorporated sustainable design into our new buildings, both in New York and in Washington. Our pipeline of new office buildings will be among the greenest in the industry.

Our programs deliver results: in 2015, we reduced our energy consumption by 34,000 megawatt hours and recycled and composted over 17,000 tons of waste. We were named ENERGY STAR Partner of the Year (3rd year in a row), we won NAREIT's Leader in the Light Award (6th year in a row) and we again earned the Global Real Estate Sustainability Benchmark (GRESB) Green Star ranking (3rd year in a row).

For more details on our 2015 sustainability efforts, including our Global Reporting Initiative (GRI) Index, please see our sustainability report at www.vno.com.

We continually broaden our leadership team through promotions from within our Company. Please join me in congratulating this year's class; they deserve it.

FORWARD-LOOKING STATEMENTS

Certain statements contained herein constitute forward-looking statements as such term is defined in Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities Exchange Act of 1934, as amended. Forward-looking statements are not guarantees of future performance. They represent our intentions, plans, expectations and beliefs and are subject to numerous assumptions, risks and uncertainties. Our future results, financial condition and business may differ materially from those expressed in these forward-looking statements. You can find many of these statements by looking for words such as “approximates,” “believes,” “expects,” “anticipates,” “estimates,” “intends,” “plans,” “would,” “may” or other similar expressions in this Annual Report on Form 10-K. We also note the following forward-looking statements: in the case of our development and redevelopment projects, the estimated completion date, estimated project cost and cost to complete; and estimates of future capital expenditures, dividends to common and preferred shareholders and operating partnership distributions. Many of the factors that will determine the outcome of these and our other forward-looking statements are beyond our ability to control or predict. For further discussion of factors that could materially affect the outcome of our forward-looking statements, see “Item 1A. Risk Factors” in this Annual Report on Form 10-K.

For these statements, we claim the protection of the safe harbor for forward-looking statements contained in the Private Securities Litigation Reform Act of 1995. You are cautioned not to place undue reliance on our forward-looking statements, which speak only as of the date of this Annual Report on Form 10-K or the date of any document incorporated by reference. All subsequent written and oral forward-looking statements attributable to us or any person acting on our behalf are expressly qualified in their entirety by the cautionary statements contained or referred to in this section. We do not undertake any obligation to release publicly any revisions to our forward-looking statements to reflect events or circumstances occurring after the date of this Annual Report on Form 10-K.

PART I

ITEM 1. BUSINESS

Vornado Realty Trust (“Vornado”) is a fully-integrated real estate investment trust (“REIT”) and conducts its business through, and substantially all of its interests in properties are held by, Vornado Realty L.P., a Delaware limited partnership (the “Operating Partnership”). Accordingly, Vornado’s cash flow and ability to pay dividends to its shareholders is dependent upon the cash flow of the Operating Partnership and the ability of its direct and indirect subsidiaries to first satisfy their obligations to creditors. Vornado is the sole general partner of, and owned approximately 93.7% of the common limited partnership interest in the Operating Partnership at December 31, 2015. All references to “we,” “us,” “our,” the “Company” and “Vornado” refer to Vornado Realty Trust and its consolidated subsidiaries, including the Operating Partnership.

On January 15, 2015, we completed the spin-off of substantially all of our retail segment comprised of 79 strip shopping centers, three malls, a warehouse park and \$225 million of cash to Urban Edge Properties (“UE”) (NYSE: UE). As part of this transaction, we received 5,717,184 UE operating partnership units (5.4% ownership interest).

We currently own all or portions of:

New York:

- 21.3 million square feet of Manhattan office space in 35 properties;
- 2.6 million square feet of Manhattan street retail space in 65 properties;
- 1,711 units in eleven residential properties;
- The 1,700 room Hotel Pennsylvania located on Seventh Avenue at 33rd Street in the heart of the Penn Plaza district;
- A 32.4% interest in Alexander’s, Inc. (NYSE: ALX), which owns seven properties in the greater New York metropolitan area, including 731 Lexington Avenue, the 1.3 million square foot Bloomberg, L.P. headquarters building;

Washington, DC:

- 15.8 million square feet of office space in 57 properties;
- 2,414 units in seven residential properties;

Other Real Estate and Related Investments:

- The 3.6 million square foot Mart (“theMart”) in Chicago;
- A 70% controlling interest in 555 California Street, a three-building office complex in San Francisco’s financial district aggregating 1.8 million square feet, known as the Bank of America Center;
- A 25.0% interest in Vornado Capital Partners, our real estate fund. We are the general partner and investment manager of the fund;
- A 32.5% interest in Toys “R” Us, Inc.; and
- Other real estate and other investments.

OBJECTIVES AND STRATEGY

Our business objective is to maximize shareholder value. We intend to achieve this objective by continuing to pursue our investment philosophy and execute our operating strategies through:

- Maintaining a superior team of operating and investment professionals and an entrepreneurial spirit
- Investing in properties in select markets, such as New York City and Washington, DC, where we believe there is a high likelihood of capital appreciation
- Acquiring quality properties at a discount to replacement cost and where there is a significant potential for higher rents
- Investing in retail properties in select under-stored locations such as the New York City metropolitan area
- Developing and redeveloping our existing properties to increase returns and maximize value
- Investing in operating companies that have a significant real estate component

We expect to finance our growth, acquisitions and investments using internally generated funds, proceeds from asset sales and by accessing the public and private capital markets. We may also offer Vornado common or preferred shares or Operating Partnership units in exchange for property and may repurchase or otherwise reacquire these securities in the future.

ACQUISITIONS

Since January 1, 2015, we acquired assets aggregating \$845.8 million. Below is the summary of the significant acquisitions.

- 150 West 34th Street for approximately \$355 million
- The Center Building, located at 33-00 Northern Boulevard in Long Island City, NY for \$142 million
- 260 Eleventh Avenue for 813,900 newly issued Vornado Operating Partnership units valued at approximately \$80 million
- 265 West 34th Street for approximately \$28.5 million
- We increased our ownership in Crowne Plaza Times Square Hotel to 33% from 11% by co-investing with our 25% owned real estate fund and one of the fund's limited partners to buy out the fund's joint venture partner's 57% interest
- We entered into a joint venture in which we have a 55% ownership interest to develop a Class-A office building at 512 West 22nd Street

Additional details about our acquisitions are provided in the "Overview" of Management's Discussion and Analysis of Financial Condition and Results of Operations.

DISPOSITIONS

Since January 1, 2015, we sold eleven assets for an aggregate of \$1.044 billion, with net proceeds of approximately \$980 million. Below is a summary of these sales.

- We completed the spin-off of substantially all of our retail segment to Urban Edge Properties
- 20 Broad Street for an aggregate consideration of \$200 million resulting in net proceeds of \$193.2 million
- 1750 Pennsylvania Avenue, NW in Washington, DC for \$182 million resulting in net proceeds of \$177.6 million
- Our 50% interest in the Monmouth Mall in Eatontown, NJ for \$38 million
- Our Geary Street, CA lease for \$35.3 million resulting in net proceeds of \$34.2 million
- We transferred the redeveloped Springfield Town Center, located in Springfield, VA to PREIT Associates, L.P. for \$485.3 million resulting in net proceeds of \$463.5 million.
- Five residual retail assets for an aggregate of \$11.4 million resulting in net proceeds of \$10.7 million
- 520 Broadway for \$91.7 million resulting in net proceeds of \$62.9 million

Additional details about our dispositions are provided in the "Overview" of Management's Discussion and Analysis of Financial Condition and Results of Operations.

FINANCINGS

Since January 1, 2015, we completed the following financing transactions:

- Entered into an unsecured delayed-draw term loan facility in the maximum amount of \$750 million (\$187.5 million outstanding at December 31, 2015)
- Completed \$700 million refinancing of 770 Broadway for net proceeds of approximately \$330 million.
- Completed \$580 million refinancing of 100 West 33rd Street for net proceeds of approximately \$242 million
- Redeemed \$500 million 4.25% senior unsecured notes due April 2015
- Completed \$450 million financing of the retail condominium of the St. Regis Hotel and the adjacent retail town house
- Completed \$375 million refinancing of 888 Seventh Avenue for net proceeds of approximately \$49 million
- Upsized loan on 220 Central Park South development by \$350 million to \$950 million
- Completed \$308 million refinancing of RiverHouse Apartments for net proceeds of approximately \$43 million
- \$205 million of financing in connection with acquisition of 150 West 34th Street

Additional details about our financings are provided in the “Overview” of Management’s Discussion and Analysis of Financial Condition and Results of Operations.

DEVELOPMENT AND REDEVELOPMENT EXPENDITURES

We are constructing a residential condominium tower containing 392,000 salable square feet on our 220 Central Park South development site. The incremental development cost of this project is approximately \$1.3 billion, of which \$293 million has been expended as of December 31, 2015.

We are developing The Bartlett, a 699-unit residential project in Pentagon City, which is expected to be completed in 2016. The project includes a 40,000 square foot Whole Foods Market at the base of the building. The incremental development cost of this project is approximately \$250 million, of which \$166 million has been expended as of December 31, 2015.

On June 24, 2015, we entered into a joint venture, in which we own a 55% interest, to develop a 173,000 square foot Class-A office building, located along the western edge of the High Line at 512 West 22nd Street in the West Chelsea submarket of Manhattan. The development cost of this project is approximately \$235 million. On November 24, 2015, the joint venture obtained a \$126 million construction loan. The loan matures in November 2019 with two six-month extension options. The interest rate is LIBOR plus 2.65% (3.07% at December 31, 2015). As of December 31, 2015, the outstanding balance of the loan was \$44.1 million, of which \$24.2 million is our share.

On July 23, 2014, a joint venture in which we are a 50.1% partner entered into a 99-year ground lease for 61 Ninth Avenue located on the Southwest corner of Ninth Avenue and 15th Street in the West Chelsea submarket of Manhattan. The venture’s current plans are to construct an office building, with retail at the base, of approximately 167,000 square feet. Total development costs are currently estimated to be approximately \$150 million.

We plan to demolish two adjacent Washington, DC office properties, 1726 M Street and 1150 17th Street in the first half of 2016 and replace them in the future with a new 335,000 square foot Class A office building, to be addressed 1700 M Street. The incremental development cost of the project is approximately \$170 million.

We are also evaluating other development and redevelopment opportunities at certain of our properties in Manhattan, including the Penn Plaza District, and in Washington, including Crystal City, Rosslyn and Pentagon City.

There can be no assurance that any of our development or redevelopment projects will commence, or if commenced, be completed, or completed on schedule or within budget.

SEGMENT DATA

We operate in the following business segments: New York and Washington, DC. Financial information related to these business segments for the years ended December 31, 2015, 2014 and 2013 is set forth in Note 24 – Segment Information to our consolidated financial statements in this Annual Report on Form 10-K.

SEASONALITY

Our revenues and expenses are subject to seasonality during the year which impacts quarterly net earnings, cash flows and funds from operations, and therefore impacts comparisons of the current quarter to the previous quarter. The New York and Washington, DC segments have historically experienced higher utility costs in the first and third quarters of the year.

TENANTS ACCOUNTING FOR OVER 10% OF REVENUES

None of our tenants accounted for more than 10% of total revenues in any of the years ended December 31, 2015, 2014 and 2013.

CERTAIN ACTIVITIES

We do not base our acquisitions and investments on specific allocations by type of property. We have historically held our properties for long-term investment; however, it is possible that properties in our portfolio may be sold when circumstances warrant. Further, we have not adopted a policy that limits the amount or percentage of assets which could be invested in a specific property or property type. While we may seek the vote of our shareholders in connection with any particular material transaction, generally our activities are reviewed and may be modified from time to time by our Board of Trustees without the vote of shareholders.

EMPLOYEES

As of December 31, 2015, we have approximately 4,089 employees, of which 298 are corporate staff. The New York segment has 3,242 employees, including 2,566 employees of Building Maintenance Services LLC, a wholly owned subsidiary, which provides cleaning, security and engineering services primarily to our New York and Washington, DC properties and 487 employees at the Hotel Pennsylvania. The Washington, DC segment and theMart properties have 462 and 87 employees, respectively. The foregoing does not include employees of partially owned entities.

PRINCIPAL EXECUTIVE OFFICES

Our principal executive offices are located at 888 Seventh Avenue, New York, New York 10019; telephone (212) 894-7000.

MATERIALS AVAILABLE ON OUR WEBSITE

ITEM 1A. RISK FACTORS

Material factors that may adversely affect our business, operations and financial condition are summarized below. The risks and uncertainties described herein may not be the only ones we face. Additional risks and uncertainties not presently known to us or that we currently believe to be immaterial may also adversely affect our business. See “Forward-Looking Statements” contained herein on page 4.

REAL ESTATE INVESTMENTS’ VALUE AND INCOME FLUCTUATE DUE TO VARIOUS FACTORS.

The value of real estate fluctuates depending on conditions in the general economy and the real estate business. These conditions may also adversely impact our revenues and cash flows.

The factors that affect the value of our real estate investments include, among other things:

- global, national, regional and local economic conditions;
- competition from other available space;
- local conditions such as an oversupply of space or a reduction in demand for real estate in the area;
- how well we manage our properties;
- the development and/or redevelopment of our properties;
- changes in market rental rates;
- the timing and costs associated with property improvements and rentals;
- whether we are able to pass all or portions of any increases in operating costs through to tenants;
- changes in real estate taxes and other expenses;
- whether tenants and users such as customers and shoppers consider a property attractive;
- changes in space utilization by our tenants due to technology, economic conditions and business environment;
- the financial condition of our tenants, including the extent of tenant bankruptcies or defaults;
- availability of financing on acceptable terms or at all;
- inflation or deflation;
- fluctuations in interest rates;
- our ability to obtain adequate insurance;
- changes in zoning laws and taxation;
- government regulation;
- consequences of any armed conflict involving, or terrorist attacks against, the United States or individual acts of violence in public spaces including retail centers;
- potential liability under environmental or other laws or regulations;
- natural disasters;
- general competitive factors; and
- climate changes.

The rents or sales proceeds we receive and the occupancy levels at our properties may decline as a result of adverse changes in any of these factors. If rental revenues, sales proceeds and/or occupancy levels decline, we generally would expect to have less cash available to pay indebtedness and for distribution to shareholders. In addition, some of our major expenses, including mortgage payments, real estate taxes and maintenance costs generally do not decline when the related rents decline.

Capital markets and economic conditions can materially affect our liquidity, financial condition and results of operations as well as the value of our debt and equity securities.

There are many factors that can affect the value of our debt and equity securities, including the state of the capital markets and the economy. Demand for office and retail space may decline nationwide, as it did in 2008 and 2009 due to the economic downturn, bankruptcies, downsizing, layoffs and cost cutting. Government action or inaction may adversely affect the state of the capital markets. The cost and availability of credit may be adversely affected by illiquid credit markets and wider credit spreads, which may adversely affect our liquidity and financial condition, including our results of operations, and the liquidity and financial condition of our tenants. Our inability or the inability of our tenants to timely refinance maturing liabilities and access the capital markets to meet liquidity needs may materially affect our financial condition and results of operations and the value of our debt and equity securities.

Real estate is a competitive business.

We compete with a large number of real estate property owners and developers, some of which may be willing to accept lower returns on their investments. Principal factors of competition are rents charged, sales prices, attractiveness of location, the quality of the property and the breadth and the quality of services provided. Our success depends upon, among other factors, trends of the global, national, regional and local economies, the financial condition and operating results of current and prospective tenants and customers, availability and cost of capital, construction and renovation costs, taxes, governmental regulations, legislation, population and employment trends.

We depend on leasing space to tenants on economically favorable terms and collecting rent from tenants who may not be able to pay.

Our financial results depend significantly on leasing space in our properties to tenants on economically favorable terms. In addition, because a majority of our income comes from renting of real property, our income, funds available to pay indebtedness and funds available for distribution to shareholders will decrease if a significant number of our tenants cannot pay their rent or if we are not able to maintain occupancy levels on favorable terms. If a tenant does not pay its rent, we may not be able to enforce our rights as landlord without delays and may incur substantial legal costs. During periods of economic adversity, there may be an increase in the number of tenants that cannot pay their rent and an increase in vacancy rates.

We may be unable to renew leases or relet space as leases expire.

When our tenants decide not to renew their leases upon their expiration, we may not be able to relet the space. Even if tenants do renew or we can relet the space, the terms of renewal or reletting, taking into account among other things, the cost of improvements to the property and leasing commissions, may be less favorable than the terms in the expired leases. In addition, changes in space utilization by our tenants may impact our ability to renew or relet space without the need to incur substantial costs in renovating or redesigning the internal configuration of the relevant property. If we are unable to promptly renew the leases or relet the space at similar rates or if we incur substantial costs in renewing or reletting the space, our cash flow and ability to service debt obligations and pay dividends and distributions to security holders could be adversely affected.

Bankruptcy or insolvency of tenants may decrease our revenue, net income and available cash.

From time to time, some of our tenants have declared bankruptcy, and other tenants may declare bankruptcy or become insolvent in the future. The bankruptcy or insolvency of a major tenant could cause us to suffer lower revenues and operational difficulties, including leasing the remainder of the property. As a result, the bankruptcy or insolvency of a major tenant could result in decreased revenue, net income and funds available to pay our indebtedness or make distributions to shareholders.

We may incur significant costs to comply with environmental laws and environmental contamination may impair our ability to lease and/or sell real estate.

Our operations and properties are subject to various federal, state and local laws and regulations concerning the protection of the environment, including air and water quality, hazardous or toxic substances and health and safety. Under some environmental laws, a current or previous owner or operator of real estate may be required to investigate and clean up hazardous or toxic substances released at a property. The owner or operator may also be held liable to a governmental entity or to third parties for property damage or personal injuries and for investigation and clean-up costs incurred by those parties because of the contamination. These laws often impose liability without regard to whether the owner or operator knew of the release of the substances or caused the release. The presence of contamination or the failure to remediate contamination may impair our ability to sell or lease real estate or to borrow using the real estate as collateral. Other laws and regulations govern indoor and outdoor air quality including those that can require the abatement or removal of asbestos-containing materials in the event of damage, demolition, renovation or remodeling and also govern emissions of and exposure to asbestos fibers in the air. The maintenance and removal of lead paint and certain electrical equipment containing polychlorinated biphenyls (PCBs) are also regulated by federal and state laws. We are also subject to risks associated with human exposure to chemical or biological contaminants such as molds, pollens, viruses and bacteria which, above certain levels, can be alleged to be connected to allergic or other health effects and symptoms in susceptible individuals. Our predecessor companies may be subject to similar liabilities for activities of those companies in the past. We could incur fines for environmental compliance and be held liable for the costs of remedial action with respect to the foregoing regulated substances or related claims arising out of environmental contamination or human exposure to contamination at or from our properties.

Each of our properties has been subject to varying degrees of environmental assessment. To date, these environmental assessments have not revealed any environmental condition material to our business. However, identification of new compliance concerns or undiscovered areas of contamination, changes in the extent or known scope of contamination, human exposure to contamination or changes in clean-up or compliance requirements could result in significant costs to us.

In addition, we may become subject to costs or taxes, or increases therein, associated with natural resource or energy usage (such as a “carbon tax”). These costs or taxes could increase our operating costs and decrease the cash available to pay our obligations or distribute to equity holders.

We face risks associated with our tenants being designated “Prohibited Persons” by the Office of Foreign Assets Control and similar requirements.

Pursuant to Executive Order 13224 and other laws, the Office of Foreign Assets Control of the United States Department of the Treasury (“OFAC”) maintains a list of persons designated as terrorists or who are otherwise blocked or banned (“Prohibited Persons”) from conducting business or engaging in transactions in the United States and thereby restricts our doing business with such persons. We are required to comply with OFAC and related requirements and may be required to terminate or otherwise amend our leases, loans and other agreements. If a tenant or other party with whom we conduct business is placed on the OFAC list or is otherwise a party with which we are prohibited from doing business, we may be required to terminate the lease or other agreement. Any such termination could result in a loss of revenue or otherwise negatively affect our financial results and cash flows.

Our business and operations would suffer in the event of system failures.

Despite system redundancy, the implementation of security measures and the existence of a disaster recovery plan for our internal information technology systems, our systems are vulnerable to damages from any number of sources, including computer viruses, unauthorized access, energy blackouts, natural disasters, terrorism, war and telecommunication failures. Any system failure or accident that causes interruptions in our operations could result in a material disruption to our business. We may also incur additional costs to remedy damages caused by such disruptions.

The occurrence of cyber incidents, or a deficiency in our cyber security, could negatively impact our business by causing a disruption to our operations, a compromise or corruption of our confidential information, and/or damage to our business relationships or reputation, all of which could negatively impact our financial results.

We face risks associated with security breaches, whether through cyber attacks or cyber intrusions over the Internet, malware, computer viruses, attachments to e-mails, persons who access our systems from inside or outside our organization, and other significant disruptions of our IT networks and related systems. The risk of a security breach or disruption, particularly through cyber attack or cyber intrusion, including by computer hackers, foreign governments and cyber terrorists, has generally increased as the number, intensity and sophistication of attempted attacks and intrusions from around the world have increased. Our IT networks and related systems are essential to the operation of our business and our ability to perform day-to-day operations (including managing our building systems) and, in some cases, may be critical to the operations of certain of our tenants. Although we make efforts to maintain the security and integrity of these types of IT networks and related systems, and we have implemented various measures to manage the risk of a security breach or disruption, there can be no assurance that our security efforts and measures will be effective or that attempted security breaches or disruptions would not be successful or damaging. Even the most well protected information, networks, systems and facilities remain potentially vulnerable because the techniques used in such attempted security breaches evolve and generally are not recognized until launched against a target, and in some cases are designed to not be detected and, in fact, may not be detected. Accordingly, we may be unable to anticipate these techniques or to implement adequate security barriers or other preventative measures, and thus it is impossible for us to entirely mitigate this risk.

A security breach or other significant disruption involving our IT networks and related systems could disrupt the proper functioning of our networks and systems and therefore our operations and/or those of certain of our tenants; result in the unauthorized access to, and destruction, loss, theft, misappropriation or release of, proprietary, confidential, sensitive or otherwise valuable information of ours or others, which others could use to compete against us or which could expose us to damage claims by third-parties for disruptive, destructive or otherwise harmful purposes and outcomes; result in our inability to maintain the building systems relied upon by our tenants for the efficient use of their leased space; require significant management attention and resources to remedy any damages that result; subject us to claims for breach of contract, damages, credits, penalties or termination of leases or other agreements; or damage our reputation among our tenants and investors generally. Any or all of the foregoing could have a material adverse effect on our results of operations, financial condition and cash flows.

Some of our potential losses may not be covered by insurance.

We maintain general liability insurance with limits of \$300,000,000 per occurrence and per property, and all risk property and rental value insurance with limits of \$2.0 billion per occurrence, with sub-limits for certain perils such as flood and earthquake. Our California properties have earthquake insurance with coverage of \$180,000,000 per occurrence and in the annual aggregate, subject to a deductible in the amount of 5% of the value of the affected property. We maintain coverage for terrorism acts with limits of \$4.0 billion per occurrence and in the aggregate, and \$2.0 billion per occurrence and in the aggregate for terrorism involving nuclear, biological, chemical and radiological (“NBCR”) terrorism events, as defined by Terrorism Risk Insurance Program Reauthorization Act of 2015, which expires in December 2020.

Penn Plaza Insurance Company, LLC (“PPIC”), our wholly owned consolidated subsidiary, acts as a re-insurer with respect to a portion of all risk property and rental value insurance and a portion of our earthquake insurance coverage, and as a direct insurer for coverage for acts of terrorism including NBCR acts. Coverage for acts of terrorism (excluding NBCR acts) is fully reinsured by third party insurance companies and the Federal government with no exposure to PPIC. For NBCR acts, PPIC is responsible for a deductible of \$3,200,000 (\$2,400,000 effective January 1, 2016) per occurrence and 15% of the balance of a covered loss (16% effective January 1, 2016) and the Federal government is responsible for the remaining 85% of a covered loss (84% effective January 1, 2016). We are ultimately responsible for any loss incurred by PPIC.

We continue to monitor the state of the insurance market and the scope and costs of coverage for acts of terrorism. However, we cannot anticipate what coverage will be available on commercially reasonable terms in the future.

Our debt instruments, consisting of mortgage loans secured by our properties which are non-recourse to us, senior unsecured notes and revolving credit agreements contain customary covenants requiring us to maintain insurance. Although we believe that we have adequate insurance coverage for purposes of these agreements, we may not be able to obtain an equivalent amount of coverage at reasonable costs in the future. Further, if lenders insist on greater coverage than we are able to obtain it could adversely affect our ability to finance our properties and expand our portfolio.

Compliance or failure to comply with the Americans with Disabilities Act or other safety regulations and requirements could result in substantial costs.

The Americans with Disabilities Act (“ADA”) generally requires that public buildings, including our properties, meet certain federal requirements related to access and use by disabled persons. Noncompliance could result in the imposition of fines by the federal government or the award of damages to private litigants and/or legal fees to their counsel. From time to time persons have asserted claims against us with respect to some of our properties under the ADA, but to date such claims have not resulted in any material expense or liability. If, under the ADA, we are required to make substantial alterations and capital expenditures in one or more of our properties, including the removal of access barriers, it could adversely affect our financial condition and results of operations, as well as the amount of cash available for distribution to shareholders.

Our properties are subject to various federal, state and local regulatory requirements, such as state and local fire and life safety requirements. If we fail to comply with these requirements, we could incur fines or private damage awards. We do not know whether existing requirements will change or whether compliance with future requirements will require significant unanticipated expenditures that will affect our cash flow and results of operations.

OUR INVESTMENTS ARE CONCENTRATED IN THE NEW YORK CITY METROPOLITAN AREA AND WASHINGTON, DC / NORTHERN VIRGINIA AREA. CIRCUMSTANCES AFFECTING THESE AREAS GENERALLY COULD ADVERSELY AFFECT OUR BUSINESS.

A significant portion of our properties are located in the New York City / New Jersey metropolitan area and Washington, DC / Northern Virginia area and are affected by the economic cycles and risks inherent to those areas.

In 2015, approximately 92% of our EBITDA, excluding items that affect comparability, came from properties located in the New York City metropolitan area and the Washington, DC / Northern Virginia area. We may continue to concentrate a significant portion of our future acquisitions in these areas or in other geographic real estate markets in the United States or abroad. Real estate markets are subject to economic downturns and we cannot predict how economic conditions will impact these markets in either the short or long term. Declines in the economy or declines in real estate markets in these areas could hurt our financial performance and the value of our properties. In addition to the factors affecting the national economic condition generally, the factors affecting economic conditions in these regions include:

- financial performance and productivity of the media, advertising, financial, technology, retail, insurance and real estate industries;
- space needs of, and budgetary constraints affecting, the United States Government, including the effect of a deficit reduction plan and/or base closures and repositioning under the Defense Base Closure and Realignment Act of 2005, as amended;
- business layoffs or downsizing;
- industry slowdowns;
- relocations of businesses;
- changing demographics;
- increased telecommuting and use of alternative work places;
- infrastructure quality; and
- any oversupply of, or reduced demand for, real estate.

It is impossible for us to assess the future effects of trends in the economic and investment climates of the geographic areas in which we concentrate, and more generally of the United States, or the real estate markets in these areas. Local, national or global economic downturns, would negatively affect our businesses and profitability.

Terrorist attacks, such as those of September 11, 2001 in New York City and the Washington, DC area, may adversely affect the value of our properties and our ability to generate cash flow.

We have significant investments in large metropolitan areas, including the New York, Washington, DC, Chicago and San Francisco metropolitan areas. In response to a terrorist attack or the perceived threat of terrorism, tenants in these areas may choose to relocate their businesses to less populated, lower-profile areas of the United States that may be perceived to be less likely targets of future terrorist activity and fewer customers may choose to patronize businesses in these areas. This, in turn, would trigger a decrease in the demand for space in these areas, which could increase vacancies in our properties and force us to lease space on less favorable terms. As a result, the value of our properties and the level of our revenues and cash flows could decline materially.

Natural disasters and the effects of climate change could have a concentrated impact on the areas where we operate and could adversely impact our results.

Our investments are concentrated in the New York, Washington, DC, Chicago and San Francisco metropolitan areas. Natural disasters, including earthquakes, storms and hurricanes, could impact our properties in these and other areas in which we operate. Potentially adverse consequences of “global warming” could similarly have an impact on our properties. As a result, we could become subject to significant losses and/or repair costs that may or may not be fully covered by insurance and to the risk of business interruption. The incurrence of these losses, costs or business interruptions may adversely affect our operating and financial results.

WE MAY ACQUIRE OR SELL ASSETS OR ENTITIES OR DEVELOP PROPERTIES. OUR FAILURE OR INABILITY TO CONSUMMATE THESE TRANSACTIONS OR MANAGE THE RESULTS OF THESE TRANSACTIONS COULD ADVERSELY AFFECT OUR OPERATIONS AND FINANCIAL RESULTS.

We may acquire, develop or redevelop real estate and acquire related companies and this may create risks.

We may acquire, develop or redevelop properties or acquire real estate related companies when we believe doing so is consistent with our business strategy. We may not succeed in (i) developing, redeveloping or acquiring real estate and real estate related companies; (ii) completing these activities on time or within budget; and (iii) leasing or selling developed, redeveloped or acquired properties at amounts sufficient to cover our costs. Competition in these activities could also significantly increase our costs. Difficulties in integrating acquisitions may prove costly or time-consuming and could divert management's attention. Acquisitions or developments in new markets or industries where we do not have the same level of market knowledge may result in weaker than anticipated performance. We may also abandon acquisition or development opportunities that we have begun pursuing and consequently fail to recover expenses already incurred. Furthermore, we may be exposed to the liabilities of properties or companies acquired, some of which we may not be aware of at the time of acquisition.

From time to time we have made, and in the future we may seek to make, one or more material acquisitions. The announcement of such a material acquisition may result in a rapid and significant decline in the price of our common shares.

We are continuously looking at material transactions that we believe will maximize shareholder value. However, an announcement by us of one or more significant acquisitions could result in a quick and significant decline in the price of our common shares.

It may be difficult to buy and sell real estate quickly, which may limit our flexibility.

Real estate investments are relatively difficult to buy and sell quickly. Consequently, we may have limited ability to vary our portfolio promptly in response to changes in economic or other conditions.

We may not be permitted to dispose of certain properties or pay down the debt associated with those properties when we might otherwise desire to do so without incurring additional costs. In addition, when we dispose of or sell assets, we may not be able to reinvest the sales proceeds and earn similar returns.

As part of an acquisition of a property, or a portfolio of properties, we may agree, and in the past have agreed, not to dispose of the acquired properties or reduce the mortgage indebtedness for a long-term period, unless we pay certain of the resulting tax costs of the seller. These agreements could result in us holding on to properties that we would otherwise sell and not pay down or refinance. In addition, when we dispose of or sell assets, we may not be able to reinvest the sales proceeds and earn returns similar to those generated by the assets that were sold.

From time to time we have made, and in the future we may seek to make, investments in companies over which we do not have sole control. Some of these companies operate in industries with different risks than investing and operating real estate.

From time to time we have made, and in the future we may seek to make, investments in companies that we may not control, including, but not limited to, Alexander's, Inc. ("Alexander's"), Toys "R" Us, Inc. ("Toys"), Lexington Realty Trust ("Lexington"), Urban Edge Properties ("UE"), Pennsylvania Real Estate Investment Trust ("PREIT"), and other equity and loan investments. Although these businesses generally have a significant real estate component, some of them operate in businesses that are different from investing and operating real estate, including operating or managing toy stores. Consequently, we are subject to operating and financial risks of those industries and to the risks associated with lack of control, such as having differing objectives than our partners or the entities in which we invest, or becoming involved in disputes, or competing directly or indirectly with these partners or entities. In addition, we rely on the internal controls and financial reporting controls of these entities and their failure to maintain effectiveness or comply with applicable standards may adversely affect us.

We are subject to risks that affect the general and New York City retail environments.

Certain of our properties are Manhattan street retail properties. As such, these properties are affected by the general and New York City retail environments, including the level of consumer spending and consumer confidence, the threat of terrorism and increasing competition from retailers, outlet malls, retail websites and catalog companies. These factors could adversely affect the financial condition of our retail tenants and the willingness of retailers to lease space in our retail locations, and in turn, adversely affect us.

Our investment in Toys has in the past and may in the future result in increased seasonality and volatility in our reported earnings.

We carry our Toys investment at zero. As a result, we no longer record our equity in Toys' income or loss. Because Toys is a retailer, its operations subject us to the risks of a retail company that are different than those presented by our other lines of business. The business of Toys is highly seasonal and substantially all of Toys net income is generated in its fourth quarter. It is possible that the value of Toys may increase and we could again resume recording our equity in Toys' income or loss, which would increase the seasonality and volatility of our reported earnings.

Our decision to dispose of real estate assets would change the holding period assumption in our valuation analyses, which could result in material impairment losses and adversely affect our financial results.

We evaluate real estate assets for impairment based on the projected cash flow of the asset over our anticipated holding period. If we change our intended holding period, due to our intention to sell or otherwise dispose of an asset, then under accounting principles generally accepted in the United States of America, we must reevaluate whether that asset is impaired. Depending on the carrying value of the property at the time we change our intention and the amount that we estimate we would receive on disposal, we may record an impairment loss that would adversely affect our financial results. This loss could be material to our results of operations in the period that it is recognized.

We invest in marketable equity securities. The value of these investments may decline as a result of operating performance or economic or market conditions.

We invest in marketable equity securities of publicly-traded companies, such as Lexington Realty Trust. As of December 31, 2015, our marketable securities have an aggregate carrying amount of \$150,997,000, at market. Significant declines in the value of these investments due to, among other reasons, operating performance or economic or market conditions, may result in the recognition of impairment losses which could be material.

OUR ORGANIZATIONAL AND FINANCIAL STRUCTURE GIVES RISE TO OPERATIONAL AND FINANCIAL RISKS.

We may not be able to obtain capital to make investments.

We depend primarily on external financing to fund the growth of our business. This is because one of the requirements of the Internal Revenue Code of 1986, as amended, for a REIT is that it distributes 90% of its taxable income, excluding net capital gains, to its shareholders. There is a separate requirement to distribute net capital gains or pay a corporate level tax in lieu thereof. Our access to debt or equity financing depends on the willingness of third parties to lend or make equity investments and on conditions in the capital markets generally. Although we believe that we will be able to finance any investments we may wish to make in the foreseeable future, there can be no assurance that new financing will be available or available on acceptable terms. For information about our available sources of funds, see “*Management’s Discussion and Analysis of Financial Condition and Results of Operations — Liquidity and Capital Resources*” and the notes to the consolidated financial statements in this Annual Report on Form 10-K.

Vornado Realty Trust (“Vornado”) depends on dividends and distributions from its direct and indirect subsidiaries. The creditors and preferred security holders of these subsidiaries are entitled to amounts payable to them by the subsidiaries before the subsidiaries may pay any dividends or distributions to Vornado.

Substantially all of Vornado’s assets are held through its Operating Partnership that holds substantially all of its properties and assets through subsidiaries. The Operating Partnership’s cash flow is dependent on cash distributions to it by its subsidiaries, and in turn, substantially all of Vornado’s cash flow is dependent on cash distributions to it by the Operating Partnership. The creditors of each of Vornado’s direct and indirect subsidiaries are entitled to payment of that subsidiary’s obligations to them, when due and payable, before distributions may be made by that subsidiary to its equity holders. Thus, the Operating Partnership’s ability to make distributions to holders of its units depends on its subsidiaries’ ability first to satisfy their obligations to their creditors and then to make distributions to the Operating Partnership. Likewise, Vornado’s ability to pay dividends to holders of common and preferred shares depends on the Operating Partnership’s ability first to satisfy its obligations to its creditors and make distributions payable to holders of preferred units and then to make distributions to Vornado.

Furthermore, the holders of preferred units of the Operating Partnership are entitled to receive preferred distributions before payment of distributions to holders of Class A units of the Operating Partnership, including Vornado. Thus, Vornado’s ability to pay cash dividends to its shareholders and satisfy its debt obligations depends on the Operating Partnership’s ability first to satisfy its obligations to its creditors and make distributions to holders of its preferred units and then to holders of its Class A units, including Vornado. As of December 31, 2015, there were four series of preferred units of the Operating Partnership not held by Vornado with a total liquidation value of \$56,007,000.

In addition, Vornado's participation in any distribution of the assets of any of its direct or indirect subsidiaries upon the liquidation, reorganization or insolvency, is only after the claims of the creditors, including trade creditors and preferred security holders, are satisfied.

We have a substantial amount of indebtedness that could affect our future operations.

As of December 31, 2015, our consolidated mortgages and unsecured indebtedness, excluding related premium, discount and deferred financing costs, net, totaled \$11.2 billion. We are subject to the risks normally associated with debt financing, including the risk that our cash flow from operations will be insufficient to meet required debt service. Our debt service costs generally will not be reduced if developments at the property, such as the entry of new competitors or the loss of major tenants, cause a reduction in the income from the property. Should such events occur, our operations may be adversely affected. If a property is mortgaged to secure payment of indebtedness and income from such property is insufficient to pay that indebtedness, the property could be foreclosed upon by the mortgagee resulting in a loss of income and a decline in our total asset value.

We have outstanding debt, and the amount of debt and its cost may increase and refinancing may not be available on acceptable terms.

We rely on both secured and unsecured, variable rate and non-variable rate debt to finance acquisitions and development activities and for working capital. If we are unable to obtain debt financing or refinance existing indebtedness upon maturity, our financial condition and results of operations would likely be adversely affected. In addition, the cost of our existing debt may increase, especially in the case of a rising interest rate environment, and we may not be able to refinance our existing debt in sufficient amounts or on acceptable terms. If the cost or amount of our indebtedness increases or we cannot refinance our debt in sufficient amounts or on acceptable terms, we are at risk of credit ratings downgrades and default on our obligations that could adversely affect our financial condition and results of operations.

Covenants in our debt instruments could adversely affect our financial condition and our acquisitions and development activities.

The mortgages on our properties contain customary covenants such as those that limit our ability, without the prior consent of the lender, to further mortgage the applicable property or to discontinue insurance coverage. Our unsecured indebtedness and debt that we may obtain in the future may contain customary restrictions, requirements and other limitations on our ability to incur indebtedness, including covenants that limit our ability to incur debt based upon the level of our ratio of total debt to total assets, our ratio of secured debt to total assets, our ratio of EBITDA to interest expense, and fixed charges, and that require us to maintain a certain level of unencumbered assets to unsecured debt. Our ability to borrow is subject to compliance with these and other covenants. In addition, failure to comply with our covenants could cause a default under the applicable debt instrument, and we may then be required to repay such debt with capital from other sources or give possession of a secured property to the lender. Under those circumstances, other sources of capital may not be available to us, or may be available only on unattractive terms.

A downgrade in our credit ratings could materially adversely affect our business and financial condition.

Our credit rating and the credit ratings assigned to our debt securities and our preferred shares could change based upon, among other things, our results of operations and financial condition. These ratings are subject to ongoing evaluation by credit rating agencies, and any rating could be changed or withdrawn by a rating agency in the future if, in its judgment, circumstances warrant such action. Moreover, these credit ratings are not recommendations to buy, sell or hold our common shares or any other securities. If any of the credit rating agencies that have rated our securities downgrades or lowers its credit rating, or if any credit rating agency indicates that it has placed any such rating on a "watch list" for a possible downgrading or lowering, or otherwise indicates that its outlook for that rating is negative, such action could have a material adverse effect on our costs and availability of funding, which could in turn have a material adverse effect on our financial condition, results of operations, cash flows, the trading price of our securities and our ability to satisfy our debt service obligations and to pay dividends and distributions to our security holders.

Vornado may fail to qualify or remain qualified as a REIT and may be required to pay income taxes at corporate rates.

Although we believe that we will remain organized and will continue to operate so as to qualify as a REIT for federal income tax purposes, we may fail to remain so qualified. Qualifications are governed by highly technical and complex provisions of the Internal Revenue Code for which there are only limited judicial or administrative interpretations and depend on various facts and circumstances that are not entirely within our control. In addition, legislation, new regulations, administrative interpretations or court decisions may significantly change the relevant tax laws and/or the federal income tax consequences of qualifying as a REIT. If, with respect to any taxable year, we fail to maintain our qualification as a REIT and do not qualify under statutory relief provisions, we could not deduct distributions to shareholders in computing our taxable income and would have to pay federal income tax on our taxable income at regular corporate rates. The federal income tax payable would include any applicable alternative minimum tax. If we had to pay federal income tax, the amount of money available to distribute to shareholders and pay our indebtedness would be reduced for the year or years involved, and we would not be required to make distributions to shareholders in that taxable year and in future years until we were able to qualify as a REIT. In addition, we would also be disqualified from treatment as a REIT for the four taxable years following the year during which qualification was lost, unless we were entitled to relief under the relevant statutory provisions.

We face possible adverse changes in tax laws, which may result in an increase in our tax liability.

From time to time changes in state and local tax laws or regulations are enacted, which may result in an increase in our tax liability. The shortfall in tax revenues for states and municipalities in recent years may lead to an increase in the frequency and size of such changes. If such changes occur, we may be required to pay additional taxes on our assets or income. These increased tax costs could adversely affect our financial condition and results of operations and the amount of cash available for payment of dividends.

Loss of our key personnel could harm our operations and adversely affect the value of our common shares.

We are dependent on the efforts of Steven Roth, the Chairman of the Board of Trustees and Chief Executive Officer of Vornado. While we believe that we could find a replacement for him and other key personnel, the loss of their services could harm our operations and adversely affect the value of our common shares.

VORNADO'S CHARTER DOCUMENTS AND APPLICABLE LAW MAY HINDER ANY ATTEMPT TO ACQUIRE US.

Our Amended and Restated Declaration of Trust (the "declaration of trust") sets limits on the ownership of our shares.

Generally, for Vornado to maintain its qualification as a REIT under the Internal Revenue Code, not more than 50% in value of the outstanding shares of beneficial interest of Vornado may be owned, directly or indirectly, by five or fewer individuals at any time during the last half of Vornado's taxable year. The Internal Revenue Code defines "individuals" for purposes of the requirement described in the preceding sentence to include some types of entities. Under Vornado's declaration of trust, as amended, no person may own more than 6.7% of the outstanding common shares of any class, or 9.9% of the outstanding preferred shares of any class, with some exceptions for persons who held common shares in excess of the 6.7% limit before Vornado adopted the limit and other persons approved by Vornado's Board of Trustees. These restrictions on transferability and ownership may delay, deter or prevent a change in control of Vornado or other transaction that might involve a premium price or otherwise be in the best interest of the shareholders.

The Maryland General Corporation Law (the "MGCL") contains provisions that may reduce the likelihood of certain takeover transactions.

The MGCL imposes conditions and restrictions on certain "business combinations" (including, among other transactions, a merger, consolidation, share exchange, or, in certain circumstances, an asset transfer or issuance of equity securities) between a Maryland REIT and certain persons who beneficially own at least 10% of the corporation's stock (an "interested shareholder"). Unless approved in advance by the board of trustees of the trust, or otherwise exempted by the statute, such a business combination is prohibited for a period of five years after the most recent date on which the interested shareholder became an interested shareholder. After such five-year period, a business combination with an interested shareholder must be: (a) recommended by the board of trustees of the trust, and (b) approved by the affirmative vote of at least (i) 80% of the trust's outstanding shares entitled to vote and (ii) two-thirds of the trust's outstanding shares entitled to vote which are not held by the interested shareholder with whom the business combination is to be effected, unless, among other things, the trust's common shareholders receive a "fair price" (as defined by the statute) for their shares and the consideration is received in cash or in the same form as previously paid by the interested shareholder for his or her shares.

In approving a transaction, the Board may provide that its approval is subject to compliance, at or after the time of approval, with any terms and conditions determined by the Board. Vornado's Board has adopted a resolution exempting any business combination between Vornado and any trustee or officer of Vornado or its affiliates. As a result, any trustee or officer of Vornado or its affiliates may be able to enter into business combinations with Vornado that may not be in the best interest of Vornado's shareholders. With respect to business combinations with other persons, the business combination provisions of the MGCL may have the effect of delaying, deferring or preventing a change in control of Vornado or other transaction that might involve a premium price or otherwise be in the best interest of the shareholders. The business combination statute may discourage others from trying to acquire control of Vornado and increase the difficulty of consummating any offer.

Vornado has a classified Board of Trustees and that may reduce the likelihood of certain takeover transactions.

Vornado's Board of Trustees is divided into three classes of trustees. Trustees of each class are chosen for three-year staggered terms. Staggered terms of trustees may reduce the possibility of a tender offer or an attempt to change control of Vornado, even though a tender offer or change in control might be in the best interest of Vornado's shareholders.

We may issue additional shares in a manner that could adversely affect the likelihood of certain takeover transactions.

Vornado's declaration of trust authorizes the Board of Trustees to:

- cause Vornado to issue additional authorized but unissued common shares or preferred shares;
- classify or reclassify, in one or more series, any unissued preferred shares;
- set the preferences, rights and other terms of any classified or reclassified shares that Vornado issues; and
- increase, without shareholder approval, the number of shares of beneficial interest that Vornado may issue.

The Board of Trustees could establish a series of preferred shares whose terms could delay, deter or prevent a change in control of Vornado or other transaction that might involve a premium price or otherwise be in the best interest of Vornado's shareholders, although the Board of Trustees does not now intend to establish a series of preferred shares of this kind. Vornado's declaration of trust and bylaws contain other provisions that may delay, deter or prevent a change in control of Vornado or other transaction that might involve a premium price or otherwise be in the best interest of our shareholders.

We may change our policies without obtaining the approval of our shareholders.

Our operating and financial policies, including our policies with respect to acquisitions of real estate or other companies, growth, operations, indebtedness, capitalization and dividends, are exclusively determined by our Board of Trustees. Accordingly, our shareholders do not control these policies.

OUR OWNERSHIP STRUCTURE AND RELATED-PARTY TRANSACTIONS MAY GIVE RISE TO CONFLICTS OF INTEREST.

Steven Roth and Interstate Properties may exercise substantial influence over us. They and some of our other trustees and officers have interests or positions in other entities that may compete with us.

As of December 31, 2015, Interstate Properties, a New Jersey general partnership, and its partners owned an aggregate of approximately 7.1% of the common shares of Vornado and 26.3% of the common stock of Alexander's, Inc. (NYSE: ALX) ("Alexander's"), which is described below. Steven Roth, David Mandelbaum and Russell B. Wight, Jr. are the three partners of Interstate Properties. Mr. Roth is the Chairman of the Board and Chief Executive Officer of Vornado, the managing general partner of Interstate Properties, and the Chairman of the Board and Chief Executive Officer of Alexander's. Messrs. Wight and Mandelbaum are Trustees of Vornado and also Directors of Alexander's.

Because of these overlapping interests, Mr. Roth and Interstate Properties and its partners may have substantial influence over Vornado and on the outcome of any matters submitted to Vornado's shareholders for approval. In addition, certain decisions concerning our operations or financial structure may present conflicts of interest among Messrs. Roth, Mandelbaum and Wight and Interstate Properties and our other equity or debt holders. In addition, Mr. Roth, Interstate Properties and its partners, and Alexander's currently and may in the future engage in a wide variety of activities in the real estate business which may result in conflicts of interest with respect to matters affecting us, such as which of these entities or persons, if any, may take advantage of potential business opportunities, the business focus of these entities, the types of properties and geographic locations in which these entities make investments, potential competition between business activities conducted, or sought to be conducted, competition for properties and tenants, possible corporate transactions such as acquisitions and other strategic decisions affecting the future of these entities.

We manage and lease the real estate assets of Interstate Properties under a management agreement for which we receive an annual fee equal to 4% of annual base rent and percentage rent. See the related party disclosures in the notes to the consolidated financial statements in this Annual Report on Form 10-K for additional information.

There may be conflicts of interest between Alexander's and us.

As of December 31, 2015, we owned 32.4% of the outstanding common stock of Alexander's. Alexander's is a REIT that has seven properties, which are located in the greater New York metropolitan area. In addition to the 2.3% that they indirectly own through Vornado, Interstate Properties, which is described above, and its partners owned 26.3% of the outstanding common stock of Alexander's as of December 31, 2015. Mr. Roth is the Chairman of the Board and Chief Executive Officer of Vornado, the managing general partner of Interstate Properties, and the Chairman of the Board and Chief Executive Officer of Alexander's. Messrs. Wight and Mandelbaum are Trustees of Vornado and also Directors of Alexander's and general partners of Interstate Properties. Dr. Richard West is a Trustee of Vornado and a Director of Alexander's. In addition, Joseph Macnow, our Executive Vice President – Finance and Chief Administrative Officer, is the Executive Vice President and Chief Financial Officer of Alexander's, and Stephen W. Theriot, our Chief Financial Officer, is the Assistant Treasurer of Alexander's.

We manage, develop and lease Alexander's properties under management and development agreements and leasing agreements under which we receive annual fees from Alexander's. See the related party disclosures in the notes to the consolidated financial statements in this Annual Report on Form 10-K for additional information.

THE NUMBER OF SHARES OF VORNADO REALTY TRUST AND THE MARKET FOR THOSE SHARES GIVE RISE TO VARIOUS RISKS.

The trading price of our common shares has been volatile and may fluctuate.

The trading price of our common shares has been volatile and may continue to fluctuate widely as a result of a number of factors, many of which are outside our control. In addition, the stock market is subject to fluctuations in the share prices and trading volumes that affect the market prices of the shares of many companies. These broad market fluctuations have in the past and may in the future adversely affect the market price of our common shares. Among the factors that could affect the price of our common shares are:

- our financial condition and performance;
- the financial condition of our tenants, including the extent of tenant bankruptcies or defaults;
- actual or anticipated quarterly fluctuations in our operating results and financial condition;
- our dividend policy;
- the reputation of REITs and real estate investments generally and the attractiveness of REIT equity securities in comparison to other equity securities, including securities issued by other real estate companies, and fixed income securities;
- uncertainty and volatility in the equity and credit markets;
- fluctuations in interest rates;
- changes in revenue or earnings estimates or publication of research reports and recommendations by financial analysts or actions taken by rating agencies with respect to our securities or those of other REITs;
- failure to meet analysts' revenue or earnings estimates;
- speculation in the press or investment community;
- strategic actions by us or our competitors, such as acquisitions or restructurings;
- the extent of institutional investor interest in us;
- the extent of short-selling of our common shares and the shares of our competitors;
- fluctuations in the stock price and operating results of our competitors;
- general financial and economic market conditions and, in particular, developments related to market conditions for REITs and other real estate related companies;
- domestic and international economic factors unrelated to our performance; and
- all other risk factors addressed elsewhere in this Annual Report on the Form 10-K.

A significant decline in our stock price could result in substantial losses for shareholders.

Vornado has many shares available for future sale, which could hurt the market price of its shares.

The interests of our current shareholders could be diluted if we issue additional equity securities. As of December 31, 2015, we had authorized but unissued, 61,423,147 common shares of beneficial interest, \$.04 par value and 57,266,023 preferred shares of beneficial interest, no par value; of which 19,923,393 common shares are reserved for issuance upon redemption of Class A Operating Partnership units, convertible securities and employee stock options and 11,200,000 preferred shares are reserved for issuance upon redemption of preferred Operating Partnership units. Any shares not reserved may be issued from time to time in public or private offerings or in connection with acquisitions. In addition, common and preferred shares reserved may be sold upon issuance in the public market after registration under the Securities Act or under Rule 144 under the Securities Act or other available exemptions from registration. We cannot predict the effect that future sales of our common and preferred shares or Operating Partnership Class A and preferred units will have on the market prices of our outstanding shares.

In addition, under Maryland law, the Board has the authority to increase the number of authorized shares without shareholder approval.

(1) Denotes property not consolidated in the accompanying consolidated financial statements and related financial data included in the Annual Report on Form 10-K.

(2) Excludes residential occupancy statistics, which are shown on page 25.

(3) As of December 31, 2015, we own junior and senior mezzanine loans of 85 Tenth Avenue with an accreted balance of \$164.6 million. The junior and senior mezzanine loans bear paid-in-kind interest of 12% and 9%, respectively and mature in May 2017. We account for our investment in 85 Tenth Avenue using the equity method of accounting because we will receive a 49.9% equity interest in the property after repayment of the junior mezzanine loan. As a result of recording our share of the GAAP losses of the property, the net carrying amount of these loans is \$24.8 million on our consolidated balance sheets.

(4) We own a 25% interest in the Fund. The ownership percentage in this section represents the Fund's ownership in the underlying asset.

NEW YORK

As of December 31, 2015, our New York segment consisted of 29.3 million square feet in 84 properties. The 29.3 million square feet is comprised of 21.3 million square feet of office space in 35 properties, 2.6 million square feet of retail space in 65 properties, 1,711 units in eleven residential properties, the 1.4 million square foot Hotel Pennsylvania, and our 32.4% interest in Alexander's, Inc. ("Alexander's"), which owns seven properties in the greater New York metropolitan area. The New York segment also includes 11 garages totaling 1.7 million square feet (4,980 spaces) which are managed by, or leased to, third parties.

New York lease terms generally range from five to seven years for smaller tenants to as long as 20 years for major tenants, and may provide for extension options at market rates. Leases typically provide for periodic step-ups in rent over the term of the lease and pass through to tenants their share of increases in real estate taxes and operating expenses over a base year. Electricity is provided to tenants on a sub-metered basis or included in rent based on surveys and adjusted for subsequent utility rate increases. Leases also typically provide for free rent and tenant improvement allowances for all or a portion of the tenant's initial construction costs of its premises.

As of December 31, 2015, the occupancy rate for our New York segment was 96.4%.

WASHINGTON, DC

As of December 31, 2015, our Washington, DC segment consisted of 71 properties aggregating 19.0 million square feet comprised of 15.8 million square feet of office space in 57 properties, seven residential properties containing 2,414 units and a hotel property. In addition, we are developing a 699-unit residential project with a 40,000 square foot Whole Foods Market at the base of the building and own 18.2 acres of undeveloped land. The Washington, DC segment also includes 55 garages totaling approximately 8.8 million square feet (29,322 spaces) which are managed by, or leased to, third parties.

Washington, DC office lease terms generally range from five to seven years for smaller tenants to as long as 15 years for major tenants, and may provide for extension options at either pre-negotiated or market rates. Leases typically provide for periodic step-ups in rent over the term of the lease and pass through to tenants, the tenants' share of increases in real estate taxes and certain property operating expenses over a base year. Periodic step-ups in rent are usually based upon fixed percentage increases. Leases also typically provide for free rent and tenant improvement allowances for all or a portion of the tenant's initial construction costs of its premises.

As of December 31, 2015, the occupancy rate for our Washington DC segment was 84.8%, and 25.0% of the occupied space was leased to various agencies of the U.S. Government.

(1) FFO is computed in accordance with the definition adopted by the Board of Governors of the National Association of Real Estate Investment Trusts ("NAREIT"). NAREIT defines FFO as GAAP net income or loss adjusted to exclude net gain from sales of depreciated real estate assets, real estate impairment losses, depreciation and amortization expense from real estate assets and other specified non-cash items, including the pro rata share of such adjustments of unconsolidated subsidiaries. FFO and FFO per diluted share are non-GAAP financial measures used by management, investors and analysts to facilitate meaningful comparisons of operating performance between periods and among our peers because it excludes the effect of real estate depreciation and amortization and net gains on sales, which are based on historical costs and implicitly assume that the value of real estate diminishes predictably over time, rather than fluctuating based on existing market conditions. FFO does not represent cash generated from operating activities and is not necessarily indicative of cash available to fund cash requirements and should not be considered as an alternative to net income as a performance measure or cash flows as a liquidity measure. FFO may not be comparable to similarly titled measures employed by other companies.

Overview

Vornado Realty Trust (“Vornado”) is a fully-integrated real estate investment trust (“REIT”) and conducts its business through, and substantially all of its interests in properties are held by, Vornado Realty L.P., a Delaware limited partnership (the “Operating Partnership”). Accordingly, Vornado’s cash flow and ability to pay dividends to its shareholders is dependent upon the cash flow of the Operating Partnership and the ability of its direct and indirect subsidiaries to first satisfy their obligations to creditors. Vornado is the sole general partner of, and owned approximately 93.7% of the common limited partnership interest in the Operating Partnership at December 31, 2015. All references to “we,” “us,” “our,” the “Company” and “Vornado” refer to Vornado Realty Trust and its consolidated subsidiaries, including the Operating Partnership.

On January 15, 2015, we completed the spin-off of substantially all of our retail segment comprised of 79 strip shopping centers, three malls, a warehouse park and \$225,000,000 of cash to Urban Edge Properties (“UE”) (NYSE: UE). As part of this transaction, we retained 5,717,184 UE operating partnership units (5.4% ownership interest). We are providing transition services to UE for an initial period of up to two years, primarily for information technology support. UE is providing us with leasing and property management services for (i) certain small retail properties that we plan to sell, and (ii) our affiliate, Alexander’s, Inc. (NYSE: ALX) Rego Park retail assets. Steven Roth, our Chairman and Chief Executive Officer, is a member of the Board of Trustees of UE. The spin-off distribution was effected by Vornado distributing one UE common share for every two Vornado common shares. The historical financial results of UE are reflected in our consolidated financial statements as discontinued operations for all periods presented.

We own and operate office and retail properties (our “core” operations) with large concentrations in the New York City metropolitan area and in the Washington, DC / Northern Virginia area. In addition, we have a 32.4% interest in Alexander’s, Inc. (NYSE: ALX) (“Alexander’s”), which owns seven properties in the greater New York metropolitan area, a 32.5% interest in Toys “R” Us, Inc. (“Toys”) as well as interests in other real estate and related investments.

Our business objective is to maximize shareholder value, which we measure by the total return provided to our shareholders. Below is a table comparing our performance to the FTSE NAREIT Office Index (“Office REIT”) and the MSCI US REIT Index (“MSCI”) for the following periods ended December 31, 2015:

	Total Return ⁽¹⁾		
	Vornado	Office REIT	MSCI ⁽²⁾
Three-months	11.3%	7.2%	7.1%
One-year	(3.9%)	0.3%	2.5%
Three-year	50.3%	33.3%	37.0%
Five-year	56.5%	51.0%	75.3%
Ten-year	92.9%	68.0%	103.2%

(1) Past performance is not necessarily indicative of future performance.

(2) Formerly known as the Morgan Stanley REIT Index.

We intend to achieve our business objective by continuing to pursue our investment philosophy and execute our operating strategies through:

- Maintaining a superior team of operating and investment professionals and an entrepreneurial spirit
- Investing in properties in select markets, such as New York City and Washington, DC, where we believe there is a high likelihood of capital appreciation
- Acquiring quality properties at a discount to replacement cost and where there is a significant potential for higher rents
- Investing in retail properties in select under-stored locations such as the New York City metropolitan area
- Developing and redeveloping existing properties to increase returns and maximize value
- Investing in operating companies that have a significant real estate component

We expect to finance our growth, acquisitions and investments using internally generated funds, proceeds from asset sales and by accessing the public and private capital markets. We may also offer Vornado common or preferred shares or Operating Partnership units in exchange for property and may repurchase or otherwise reacquire these securities in the future.

We compete with a large number of real estate property owners and developers, some of which may be willing to accept lower returns on their investments. Principal factors of competition are rents charged, sales prices, attractiveness of location, the quality of the property and the breadth and the quality of services provided. Our success depends upon, among other factors, trends of the global, national, regional and local economies, the financial condition and operating results of current and prospective tenants and customers, availability and cost of capital, construction and renovation costs, taxes, governmental regulations, legislation, population and employment trends. See “Risk Factors” in Item 1A for additional information regarding these factors.

Acquisitions

On January 20, 2015, we and one of our real estate fund's limited partners co-invested with the Fund to buy out the Fund's joint venture partner's 57% interest in the Crowne Plaza Times Square Hotel. The purchase price for the 57% interest was approximately \$95,000,000 (our share \$39,000,000) which valued the property at approximately \$480,000,000. The property is encumbered by a \$310,000,000 mortgage loan bearing interest at LIBOR plus 2.80% which matures in December 2018 with a one-year extension option. Our aggregate ownership interest in the property increased to 33% from 11%.

On March 18, 2015, we acquired the Center Building, a 437,000 square foot office building, located at 33-00 Northern Boulevard in Long Island City, New York, for \$142,000,000, including the assumption of an existing \$62,000,000, 4.43% mortgage maturing in October 2018.

On June 2, 2015, we completed the acquisition of 150 West 34th Street, a 78,000 square foot retail property leased to Old Navy through May 2019, and 226,000 square feet of additional zoning air rights, for approximately \$355,000,000. At closing we completed a \$205,000,000 financing of the property.

On June 24, 2015, we entered into a joint venture, in which we own a 55% interest, to develop a 173,000 square foot Class-A office building, located along the western edge of the High Line at 512 West 22nd Street. The development cost of this project is approximately \$235,000,000. The development commenced during the fourth quarter of 2015 and is expected to be completed in 2018. We account for our investment in the joint venture under the equity method.

On July 31, 2015, we acquired 260 Eleventh Avenue, a 235,000 square foot office property leased to the City of New York through 2021 with two five-year renewal options, a 10,000 square foot parking lot and additional air rights. The transaction is structured as a 99-year ground lease with an option to purchase the land for \$110,000,000. The \$3,900,000 annual ground rent and the purchase option price escalate annually at the lesser of 1.5% or CPI. The buildings were purchased for 813,900 newly issued Vornado Operating Partnership units valued at approximately \$80,000,000.

On September 25, 2015, we acquired 265 West 34th Street, a 1,700 square foot retail property and 15,200 square feet of additional zoning air rights, for approximately \$28,500,000.

Dispositions

On January 15, 2015, we completed the spin-off of substantially all of our retail segment comprised of 79 strip shopping centers, three malls, a warehouse park and \$225,000,000 of cash to Urban Edge Properties ("UE") (NYSE: UE). As part of this transaction, we retained 5,717,184 UE operating partnership units (5.4% ownership interest). We are providing transition services to UE for an initial period of up to two years, primarily for information technology support. UE is providing us with leasing and property management services for (i) certain small retail properties that we plan to sell, and (ii) our affiliate, Alexander's, Inc. (NYSE: ALX) Rego Park retail assets. Steven Roth, our Chairman and Chief Executive Officer, is a member of the Board of Trustees of UE. The spin-off distribution was effected by Vornado distributing one UE common share for every two Vornado common shares.

On March 13, 2015, we sold our Geary Street, CA lease for \$34,189,000, which resulted in a net gain of \$21,376,000.

On March 25, 2015, the Fund completed the sale of 520 Broadway in Santa Monica, CA for \$91,650,000. The Fund realized a \$23,768,000 net gain over the holding period.

On March 31, 2015, we transferred the redeveloped Springfield Town Center, a 1,350,000 square foot mall located in Springfield, Fairfax County, Virginia, to PREIT Associates, L.P., which is the operating partnership of Pennsylvania Real Estate Investment Trust (NYSE: PEI) (collectively, "PREIT"). The financial statement gain was \$7,823,000, of which \$7,192,000 was recognized in the first quarter of 2015 and the remaining \$631,000 was deferred based on our ownership interest in PREIT. In the first quarter of 2014, we recorded a non-cash impairment loss of \$20,000,000 on Springfield Town Center which is included in "income from discontinued operations" on our consolidated statements of income.

On August 6, 2015, we sold our 50% interest in the Monmouth Mall in Eatontown, NJ to our joint venture partner for \$38,000,000, valuing the property at approximately \$229,000,000, which resulted in a net gain of \$33,153,000.

On September 9, 2015, we completed the sale of 1750 Pennsylvania Avenue, NW, a 278,000 square foot office building in Washington, DC for \$182,000,000, resulting in a net gain of approximately \$102,000,000 which is included in "net gain on disposition of wholly owned and partially owned assets" on our consolidated statement of income. The tax gain of approximately \$137,000,000 was deferred as part of a like-kind exchange. We are managing the property on behalf of the new owner.

Dispositions – continued

On December 22, 2015, we completed the sale of 20 Broad Street, a 473,000 square foot office building in Manhattan for an aggregate consideration of \$200,000,000. The total income from this transaction was approximately \$157,000,000 comprised of approximately \$142,000,000 from the gain on sale and \$15,000,000 of lease termination income.

We also sold five residual retail properties, in separate transactions, for an aggregate of \$10,731,000, which resulted in net gains of \$3,675,000.

Financings

Secured Debt

On April 1, 2015, we completed a \$308,000,000 refinancing of RiverHouse Apartments, a three building, 1,670 unit rental complex located in Arlington, VA. The loan is interest only at LIBOR plus 1.28% (1.52% at December 31, 2015) and matures in 2025. We realized net proceeds of approximately \$43,000,000. The property was previously encumbered by a 5.43%, \$195,000,000 mortgage maturing in April 2015 and a \$64,000,000 mortgage at LIBOR plus 1.53% maturing in 2018.

On June 2, 2015, we completed a \$205,000,000 financing in connection with the acquisition of 150 West 34th Street. The loan bears interest at LIBOR plus 2.25% (2.52% at December 31, 2015) and matures in 2018 with two one-year extension options.

On July 28, 2015, we completed a \$580,000,000 refinancing of 100 West 33rd Street, a 1.1 million square foot property comprised of 855,000 square feet of office space and the 256,000 square foot Manhattan Mall. The loan is interest only at LIBOR plus 1.65% (1.92% at December 31, 2015) and matures in July 2020. We realized net proceeds of approximately \$242,000,000.

On September 22, 2015, we upsized the loan on our 220 Central Park South development by \$350,000,000 to \$950,000,000. The interest rate on the loan is LIBOR plus 2.00% (2.42% at December 31, 2015) and the final maturity date is 2020. In connection with the upsizing, the standby commitment for a \$500,000,000 mezzanine loan for this development has been terminated by payment of a \$15,000,000 contractual termination fee, which was capitalized as a component of “development costs and construction in progress” on our consolidated balance sheet as of December 31, 2015.

On December 11, 2015, we completed a \$375,000,000 refinancing of 888 Seventh Avenue, a 882,000 square foot Manhattan office building. The five-year loan is interest only at LIBOR plus 1.60% (1.92% at December 31, 2015) which was swapped for the term of the loan to a fixed rate of 3.15% and matures in December 2020. We realized net proceeds of approximately \$49,000,000.

On December 21, 2015, we completed a \$450,000,000 financing of the retail condominium of the St. Regis Hotel and the adjacent retail town house located on Fifth Avenue at 55th Street. The loan matures in December 2020, with two one-year extension options. The loan is interest only at LIBOR plus 1.80% (2.19% at December 31, 2015) for the first three years, LIBOR plus 1.90% for years four and five, and LIBOR plus 2.00% during the extension periods. We own a 74.3% controlling interest in the joint venture which owns the property.

Senior Unsecured Notes

On January 1, 2015, we redeemed all of the \$500,000,000 principal amount of our outstanding 4.25% senior unsecured notes, which were scheduled to mature on April 1, 2015, at a redemption price of 100% of the principal amount plus accrued interest through December 31, 2014.

Unsecured Term Loan

On October 30, 2015, we entered into an unsecured delayed-draw term loan facility in the maximum amount of \$750,000,000. The facility matures in October 2018 with two one-year extension options. The interest rate is LIBOR plus 1.15% (1.40% at December 31, 2015) with a fee of 0.20% per annum on the unused portion. At closing, we drew \$187,500,000. The facility provides that the maximum amount available is twice the amount outstanding on April 29, 2016, limited to \$750,000,000, and all draws must be made by October 2017. This facility, together with the \$950,000,000 development loan mentioned above, provides the funding for our 220 Central Park South development.

Leasing Activity

The leasing activity presented below is based on leases signed during the period and is not intended to coincide with the commencement of rental revenue in accordance with accounting principles generally accepted in the United States of America (“GAAP”). Tenant improvements and leasing commissions presented below are based on square feet leased during the period. Second generation relet space represents square footage that has not been vacant for more than nine months. The leasing activity for the New York segment excludes Alexander’s, the Hotel Pennsylvania and residential.

Washington, DC Segment

Comparable EBITDA for the year ended December 31, 2015, was \$3,467,000 behind last year.

We expect that Washington's 2016 comparable EBITDA will be approximately \$7,000,000 to \$11,000,000 lower than 2015, comprised of:

- (i) core business being flat to \$4,000,000 higher, offset by,
- (ii) occupancy of Skyline properties declining further, decreasing EBITDA by approximately \$6,500,000, and
- (iii) 1726 M Street and 1150 17th Street being taken out of service (to prepare for the development in the future of a new Class A trophy office building) decreasing EBITDA by approximately \$4,500,000.

Of the 2,395,000 square feet subject to the effects of the Base Realignment and Closure ("BRAC") statute, 393,000 square feet has been taken out of service for redevelopment and 1,372,000 square feet has been leased or is pending. The table below summarizes the status of the BRAC space as of December 31, 2015.

Critical Accounting Policies

In preparing the consolidated financial statements we have made estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting periods. Actual results could differ from those estimates. Set forth below is a summary of the accounting policies that we believe are critical to the preparation of our consolidated financial statements. The summary should be read in conjunction with the more complete discussion of our accounting policies included in Note 2 to the consolidated financial statements in this Annual Report on Form 10-K.

Real Estate

Real estate is carried at cost, net of accumulated depreciation and amortization. Betterments, major renewals and certain costs directly related to the improvement and leasing of real estate are capitalized. Maintenance and repairs are expensed as incurred. For redevelopment of existing operating properties, the net book value of the existing property under redevelopment plus the cost for the construction and improvements incurred in connection with the redevelopment are capitalized to the extent the capitalized costs of the property do not exceed the estimated fair value of the redeveloped property when complete. If the cost of the redeveloped property, including the net book value of the existing property, exceeds the estimated fair value of redeveloped property, the excess is charged to expense. Depreciation is recognized on a straight-line basis over estimated useful lives which range from 7 to 40 years. Tenant allowances are amortized on a straight-line basis over the lives of the related leases, which approximate the useful lives of the assets.

Upon the acquisition of real estate, we assess the fair value of acquired assets (including land, buildings and improvements, identified intangibles, such as acquired above and below-market leases, acquired in-place leases and tenant relationships) and acquired liabilities and we allocate the purchase price based on these assessments. We assess fair value based on estimated cash flow projections that utilize appropriate discount and capitalization rates and available market information. Estimates of future cash flows are based on a number of factors including historical operating results, known trends, and market/economic conditions. We record acquired intangible assets (including acquired above-market leases, acquired in-place leases and tenant relationships) and acquired intangible liabilities (including below-market leases) at their estimated fair value separate and apart from goodwill. We amortize identified intangibles that have finite lives over the period they are expected to contribute directly or indirectly to the future cash flows of the property or business acquired.

As of December 31, 2015 and 2014, the carrying amounts of real estate, net of accumulated depreciation, were \$14.7 billion and \$13.7 billion, respectively. As of December 31, 2015 and 2014, the carrying amounts of identified intangible assets (including acquired above-market leases, tenant relationships and acquired in-place leases) were \$227,901,000 and \$225,155,000, respectively, and the carrying amounts of identified intangible liabilities, a component of “deferred revenue” on our consolidated balance sheets, were \$318,148,000 and \$328,201,000, respectively.

Our properties, including any related intangible assets, are individually reviewed for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. An impairment exists when the carrying amount of an asset exceeds the aggregate projected future cash flows over the anticipated holding period on an undiscounted basis. An impairment loss is measured based on the excess of the property’s carrying amount over its estimated fair value. Impairment analyses are based on our current plans, intended holding periods and available market information at the time the analyses are prepared. If our estimates of the projected future cash flows, anticipated holding periods, or market conditions change, our evaluation of impairment losses may be different and such differences could be material to our consolidated financial statements. The evaluation of anticipated cash flows is subjective and is based, in part, on assumptions regarding future occupancy, rental rates and capital requirements that could differ materially from actual results. Plans to hold properties over longer periods decrease the likelihood of recording impairment losses.

Critical Accounting Policies – continued

Partially Owned Entities

We consolidate entities in which we have a controlling financial interest. In determining whether we have a controlling financial interest in a partially owned entity and the requirement to consolidate the accounts of that entity, we consider factors such as ownership interest, board representation, management representation, authority to make decisions, and contractual and substantive participating rights of the partners/members as well as whether the entity is a variable interest entity (“VIE”) and we are the primary beneficiary. We are deemed to be the primary beneficiary of a VIE when we have (i) the power to direct the activities of the VIE that most significantly impact the VIE’s economic performance and (ii) the obligation to absorb losses or receive benefits that could potentially be significant to the VIE. We generally do not control a partially owned entity if the entity is not considered a VIE and the approval of all of the partners/members is contractually required with respect to major decisions, such as operating and capital budgets, the sale, exchange or other disposition of real property, the hiring of a chief executive officer, the commencement, compromise or settlement of any lawsuit, legal proceeding or arbitration or the placement of new or additional financing secured by assets of the venture. We account for investments under the equity method when the requirements for consolidation are not met, and we have significant influence over the operations of the investee. Equity method investments are initially recorded at cost and subsequently adjusted for our share of net income or loss and cash contributions and distributions each period. Investments that do not qualify for consolidation or equity method accounting are accounted for on the cost method.

Investments in partially owned entities are reviewed for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. An impairment loss is measured based on the excess of the carrying amount of an investment over its estimated fair value. Impairment analyses are based on current plans, intended holding periods and available information at the time the analyses are prepared. The ultimate realization of our investments in partially owned entities is dependent on a number of factors, including the performance of each investment and market conditions. If our estimates of the projected future cash flows, the nature of development activities for properties for which such activities are planned and the estimated fair value of the investment change based on market conditions or otherwise, our evaluation of impairment losses may be different and such differences could be material to our consolidated financial statements. The evaluation of anticipated cash flows is subjective and is based, in part, on assumptions regarding future occupancy, rental rates and capital requirements that could differ materially from actual results.

As of December 31, 2015 and 2014, the carrying amounts of investments in partially owned entities were \$1.6 billion and \$1.2 billion, respectively.

Critical Accounting Policies – continued

Allowance for Doubtful Accounts

We periodically evaluate the collectability of amounts due from tenants and maintain an allowance for doubtful accounts (\$11,908,000 and \$12,210,000 as of December 31, 2015 and 2014, respectively) for estimated losses resulting from the inability of tenants to make required payments under the lease agreements. We also maintain an allowance for receivables arising from the straight-lining of rents (\$2,751,000 and \$3,188,000 as of December 31, 2015 and 2014, respectively). This receivable arises from earnings recognized in excess of amounts currently due under the lease agreements. Management exercises judgment in establishing these allowances and considers payment history and current credit status in developing these estimates. These estimates may differ from actual results, which could be material to our consolidated financial statements.

Revenue Recognition

We have the following revenue sources and revenue recognition policies:

- **Base Rent** — income arising from tenant leases. These rents are recognized over the non-cancelable term of the related leases on a straight-line basis which includes the effects of rent steps and rent abatements under the leases. We commence rental revenue recognition when the tenant takes possession of the leased space and the leased space is substantially ready for its intended use. In addition, in circumstances where we provide a tenant improvement allowance for improvements that are owned by the tenant, we recognize the allowance as a reduction of rental revenue on a straight-line basis over the term of the lease.
- **Percentage Rent** — income arising from retail tenant leases that is contingent upon tenant sales exceeding defined thresholds. These rents are recognized only after the contingency has been removed (i.e., when tenant sales thresholds have been achieved).
- **Hotel Revenue** — income arising from the operation of the Hotel Pennsylvania which consists of rooms revenue, food and beverage revenue, and banquet revenue. Income is recognized when rooms are occupied. Food and beverage and banquet revenue are recognized when the services have been rendered.
- **Trade Shows Revenue** — income arising from the operation of trade shows, including rentals of booths. This revenue is recognized when the trade shows have occurred.
- **Expense Reimbursements** — revenue arising from tenant leases which provide for the recovery of all or a portion of the operating expenses and real estate taxes of the respective property. This revenue is accrued in the same periods as the expenses are incurred.
- **Management, Leasing and Other Fees** — income arising from contractual agreements with third parties or with partially owned entities. This revenue is recognized as the related services are performed under the respective agreements.

Before we recognize revenue, we assess, among other things, its collectibility. If our assessment of the collectibility of revenue changes, the impact on our consolidated financial statements could be material.

Income Taxes

We operate in a manner intended to enable us to continue to qualify as a Real Estate Investment Trust (“REIT”) under Sections 856-860 of the Internal Revenue Code of 1986, as amended. Under those sections, a REIT which distributes at least 90% of its REIT taxable income as a dividend to its shareholders each year and which meets certain other conditions will not be taxed on that portion of its taxable income which is distributed to its shareholders. We distribute to our shareholders 100% of our taxable income and therefore, no provision for Federal income taxes is required. If we fail to distribute the required amount of income to our shareholders, or fail to meet other REIT requirements, we may fail to qualify as a REIT which may result in substantial adverse tax consequences.

Notes to preceding tabular information:

- (1) EBITDA represents "Earnings Before Interest, Taxes, Depreciation and Amortization." We consider EBITDA a non-GAAP financial measure for making decisions and assessing the unlevered performance of our segments as it relates to the total return on assets as opposed to the levered return on equity. As properties are bought and sold based on a multiple of EBITDA, we utilize this measure to make investment decisions as well as to compare the performance of our assets to that of our peers. EBITDA should not be considered a substitute for net income. EBITDA may not be comparable to similarly titled measures employed by other companies.
- (2) Interest and debt expense, depreciation and amortization and income tax expense in the reconciliation of net income to EBITDA includes our share of these items from partially owned entities.
- (3) The elements of "New York" EBITDA are summarized below.

(a) As a result of our investment being reduced to zero, we suspended equity method accounting in the third quarter of 2014. The years ended December 31, 2014 and 2013 include an impairment loss of \$75,196 and \$240,757, respectively.

(b) The amounts in these captions (for this table only) exclude income/expense from the mark-to-market of our deferred compensation plan of \$111, \$11,557 and \$10,636 for the years ended December 31, 2015, 2014 and 2013, respectively.

(c) The year ended December 31, 2015 includes \$6,217 from the acceleration of the recognition of compensation expense related to 2013-2015 Out-Performance Plans due to the modification of the vesting criteria of awards such that they will fully vest at age 65. The accelerated expense will result in lower general and administrative expense for 2016 of \$2,940 and \$3,277 thereafter.

(2) Primarily 330 West 34th Street, 7 West 34th Street and 1535 Broadway (Marriott Marquis - retail and signage).

(3) This decrease in expense is entirely offset by a corresponding decrease in income from the mark-to-market of the deferred compensation plan assets, a component of "interest and other investment income (loss), net" on our consolidated statements of income.

(4) Results primarily from (i) the acceleration of the recognition of compensation expense of \$1,555 related to 2013-2015 Out-Performance Plans due to the modification of the vesting criteria of awards such that they fully vest at age 65. The accelerated expense will result in lower general and administrative expense for 2016 of \$706 and \$849 thereafter; and (ii) higher payroll and related costs.

(5) Results primarily from (i) the acceleration of the recognition of compensation expense of \$6,217 related to 2013-2015 Out-Performance Plans due to the modification of the vesting criteria of awards such that they fully vest at age 65. The accelerated expense will result in lower general and administrative expense for 2016 of \$2,940 and \$3,277 thereafter; (ii) higher payroll and related costs of \$2,900; and (iii) higher professional fees and other of \$2,400.

- (1) Includes interests in 280 Park Avenue, 650 Madison Avenue, One Park Avenue, 666 Fifth Avenue (Office), 330 Madison Avenue, 512 West 22nd Street and others. In 2015, we recognized net losses of \$39,600 from our 666 Fifth Avenue (Office) joint venture as a result of our share of depreciation expense. Also in 2015, we recognized our \$12,800 share of a write-off of a below market lease liability related to a tenant vacating at 650 Madison Avenue. In 2014, we recognized our \$14,500 share of accelerated depreciation from our West 57th Street joint ventures in connection with the change in estimated useful life of those properties.
- (2) Includes a \$14,806 and \$5,771 non-cash impairment loss in 2015 and 2014, respectively.
- (3) For the year ended December 31, 2015, we recognized net income of \$2,500 from our investment in Toys, representing management fees earned and received, compared to a net loss of \$73,556 for the year ended December 31, 2014, which was primarily due to a \$75,196 non-cash impairment loss.
- (4) Includes interests in Independence Plaza, 85 Tenth Avenue, Fashion Center Mall, 50-70 West 93rd Street and others. In 2014, we recognized a \$10,263 non-cash charge, comprised of a \$5,959 impairment loss and a \$4,304 loan loss reserve, on our equity and debt investments in Suffolk Downs.

Income from Real Estate Fund Investments

Below are the components of the income from our real estate fund investments for the years ended December 31, 2015 and 2014.

(Amounts in thousands)	For the Year Ended December 31,	
	2015	2014
Net investment income	\$ 16,329	\$ 12,895
Net realized gains on exited investments	2,757	76,337
Net unrealized gains on held investments	54,995	73,802

Less income attributable to noncontrolling interests	(40,117)	(92,728)
Income from real estate fund investments attributable to Vornado ⁽¹⁾	\$ 33,964	\$ 70,306

(1) Excludes management and leasing fees of \$2,939 and \$2,562 in the years ended December 31, 2015 and 2014, respectively, which are included as a component of "fee and other income" on our consolidated statements of income.

Interest and Other Investment Income, net

Interest and other investment income, net was \$26,978,000 in the year ended December 31, 2015, compared to \$38,752,000 in the prior year, a decrease in income of \$11,774,000. This decrease resulted primarily from a decrease in the value of investments in our deferred compensation plan (offset by a corresponding decrease in the liability for plan assets in "general and administrative" expenses on our consolidated statements of income).

Interest and Debt Expense

Interest and debt expense was \$378,025,000 in the year ended December 31, 2015, compared to \$412,755,000 in the prior year, a decrease of \$34,730,000. This decrease was primarily due to (i) \$26,652,000 of interest savings from the redemption of the \$445,000,000 principal amount of the outstanding 7.875% senior unsecured notes during the fourth quarter of 2014, (ii) \$21,375,000 of interest savings from the redemption of the \$500,000,000 principal amount of the outstanding 4.25% senior unsecured notes on January 1, 2015, partially offset by (iii) \$5,297,000 of interest expense from the issuance of \$450,000,000 of 2.50% senior unsecured notes in June 2014, (iv) \$5,182,000 of interest expense from the current year's financings of 150 West 34th Street and the Center Building, and (v) \$3,481,000 of lower capitalized interest.

Net Gain on Disposition of Wholly Owned and Partially Owned Assets

Net gain on disposition of wholly owned and partially owned assets was \$251,821,000 in the year ended December 31, 2015, \$142,693,000 from the net gain on sale of 20 Broad Street, \$102,404,000 from the net gain on sale of 1750 Pennsylvania Avenue and \$6,724,000 from the sale of residential condominiums, compared to \$13,568,000 in the year ended December 31, 2014, from the sale of residential condominiums and a land parcel.

Income Tax Benefit (Expense)

In the year ended December 31, 2015, we had an income tax benefit of \$84,695,000, compared to an expense of \$9,281,000 in the prior year, a decrease in expense of \$93,976,000. This decrease in expense resulted primarily from the reversal of the valuation allowances against certain of our deferred tax assets, as we have concluded that it is more-likely than not that we will generate sufficient taxable income from the sale of 220 Central Park South residential condominium units to realize the deferred tax assets.

Results of Operations – Year Ended December 31, 2015 Compared to December 31, 2014 - continued

Income from Discontinued Operations

We have reclassified the revenues and expenses of the properties that were sold or are currently held for sale to “income from discontinued operations” and the related assets and liabilities to “assets related to discontinued operations” and “liabilities related to discontinued operations” for all the periods presented in the accompanying financial statements. The table below sets forth the combined results of assets related to discontinued operations for the years ended December 31, 2015 and 2014.

Net Income Attributable to Noncontrolling Interests in Consolidated Subsidiaries

Net income attributable to noncontrolling interests in consolidated subsidiaries was \$55,765,000 in the year ended December 31, 2015, compared to \$96,561,000 in the prior year, a decrease of \$40,796,000. This decrease resulted primarily from lower net income allocated to the noncontrolling interests, including noncontrolling interests of our real estate fund investments.

Net Income Attributable to Noncontrolling Interests in the Operating Partnership

Net income attributable to noncontrolling interests in the Operating Partnership was \$43,231,000 in the year ended December 31, 2015, compared to \$47,613,000 in the prior year, a decrease of \$4,382,000. This decrease resulted primarily from lower net income subject to allocation to unitholders.

Preferred Share Dividends

Preferred share dividends were \$80,578,000 in the year ended December 31, 2015, compared to \$81,464,000 in the prior year, a decrease of \$886,000.

Same Store EBITDA

Same store EBITDA represents EBITDA from property level operations which are owned by us in both the current and prior year reporting periods. Same store EBITDA excludes segment-level overhead expenses, which are expenses that we do not consider to be property-level expenses, as well as other non-operating items. We also present same store EBITDA on a cash basis (which excludes income from the straight-lining of rents, amortization of below-market leases, net of above-market leases and other non-cash adjustments). We present these non-GAAP financial measures to (i) facilitate meaningful comparisons of the operational performance of our properties and segments, (ii) make decisions on whether to buy, sell or refinance properties, and (iii) compare the performance of our properties and segments to those of our peers. Same store EBITDA should not be considered as an alternative to net income or cash flow from operations and may not be comparable to similarly titled measures employed by other companies.

Below is the reconciliation of EBITDA to same store EBITDA for each of our segments for the year ended December 31, 2015, compared to the year ended December 31, 2014.

Notes to preceding tabular information:

New York:

- (1) The \$14,302,000 increase in New York same store EBITDA resulted primarily from increases in Office and Retail EBITDA of \$13,688,000 and \$6,519,000, respectively, partially offset by a decrease in Hotel Pennsylvania EBITDA of \$7,709,000. The Office and Retail EBITDA increases resulted primarily from higher rents, including signage, partially offset by lower management and leasing fees and higher operating expenses, net of reimbursements.
- (2) Excluding Hotel Pennsylvania, same store EBITDA increased by 2.4%.

Washington, DC:

- (3) The \$3,773,000 decrease in Washington, DC same store EBITDA resulted primarily from higher net operating expenses of \$2,088,000, lower fee and other income of \$942,000, and lower management and leasing fees of \$480,000.

Results of Operations – Year Ended December 31, 2014 Compared to December 31, 2013

Revenues

Our revenues, which consist primarily of property rentals, tenant expense reimbursements, and fee and other income, were \$2,312,512,000 in the year ended December 31, 2014, compared to \$2,299,176,000 in the year ended December 31, 2013, an increase of \$13,336,000. Excluding decreases of \$36,369,000 related to the Cleveland Medical Mart development project in 2013 and \$23,992,000 from the deconsolidation of Independence Plaza, revenues increased by \$73,697,000. - (1) On June 7, 2013, we sold an 8.65% economic interest in our investment of Independence Plaza, which reduced our economic interest to 50.1%. As a result, we determined that we were no longer the primary beneficiary of the VIE and accordingly, we deconsolidated the operations of the property on June 7, 2013 and began accounting for our investment under the equity method.
- (2) Due to the completion of the project. This decrease in revenue is substantially offset by a decrease in development costs expensed in the period. See note (4) on page 61.
- (3) Represents the change in the elimination of intercompany fees from operating segments upon consolidation. See note (3) on page 61.
- (4) Primarily due to a \$19,500 termination fee from a tenant at 1290 Avenue of the Americas recognized during 2013.

Other investments ⁽⁶⁾	Various	(8,098)	(12,914)
		<u>\$ (59,861)</u>	<u>\$ (340,882)</u>

- (1) For the year ended December 31, 2014, we recognized a net loss of \$73,556, which was primarily due to a \$75,196 non-cash impairment loss, compared to a net loss of \$362,377 for the year ended December 31, 2013, which includes our \$128,919 share of Toys' net loss and \$240,757 of non-cash impairment losses.
- (2) Includes a \$5,771 non-cash impairment loss in 2014.
- (3) Includes interests in 280 Park Avenue, 650 Madison Avenue, One Park Avenue, 666 Fifth Avenue (Office), 330 Madison Avenue and others. In 2014, we recognized our \$14,500 share of accelerated depreciation from our West 57th Street joint ventures in connection with the change in estimated useful life of those properties.
- (4) In 2013, we recognized net income of \$18,731, comprised of (i) \$42,186 for our share of LNR's net income and (ii) a \$27,231 non-cash impairment loss and (iii) a \$3,776 net gain on sale.
- (5) In the first quarter of 2013, we began accounting for our investment in Lexington as a marketable security - available for sale.
- (6) Includes interests in Independence Plaza, 85 Tenth Avenue, Fashion Center Mall, 50-70 West 93rd Street and others. In 2014, we recognized a \$10,263 non-cash charge, comprised of a \$5,959 impairment loss and a \$4,304 loan loss reserve, on our equity and debt investments in Suffolk Downs.

Income from Real Estate Fund Investments

Below are the components of the income from our real estate fund investments for the years ended December 31, 2014 and 2013.

(Amounts in thousands)	For the Year Ended December 31,	
	2014	2013
Net investment income	\$ 12,895	\$ 8,943
Net realized gains on exited investments	76,337	8,184
Net unrealized gains on held investments	73,802	85,771
Income from real estate fund investments	163,034	102,898
Less income attributable to noncontrolling interests	(92,728)	(53,427)
Income from real estate fund investments attributable to Vornado ⁽¹⁾	\$ 70,306	\$ 49,471

(1) Excludes management and leasing fees of \$2,562 and \$2,721 in the years ended December 31, 2014 and 2013, respectively, which are included as a component of "fee and other income" on our consolidated statements of income.

Interest and Other Investment Income (Loss), net

Interest and other investment income (loss), net, was income of \$38,752,000 in the year ended December 31, 2014, compared to a loss of \$24,887,000 in the prior year, an increase in income of \$63,639,000. This increase resulted from:

(Amounts in thousands)	
Losses from the disposition of investment in J.C. Penney in 2013	\$ 72,974
Lower average loans receivable balances in 2014	(14,576)
Higher dividends on marketable securities	1,261
Increase in the value of investments in our deferred compensation plan (offset by a corresponding increase in the liability for plan assets in general and administrative expenses)	921
Other, net	3,059
	\$ 63,639

Interest and Debt Expense

Interest and debt expense was \$412,755,000 in the year ended December 31, 2014, compared to \$425,782,000 in the year ended December 31, 2013, a decrease of \$13,027,000. This decrease was primarily due to (i) \$20,483,000 of higher capitalized interest and (ii) \$18,568,000 of interest savings from the restructuring of the Skyline properties mortgage loan in the fourth quarter of 2013, partially offset by (iii) \$13,287,000 of interest expense from the \$600,000,000 financing of our 220 Central Park South development site in January 2014, (iv) \$6,265,000 of interest expense from the issuance of the \$450,000,000 2.50% senior unsecured notes in June 2014, and (v) \$5,589,000 of defeasance cost in connection with the refinancing of 909 Third Avenue.

Net Gain on Disposition of Wholly Owned and Partially Owned Assets

Net gain on disposition of wholly owned and partially owned assets was \$13,568,000 in year ended December 31, 2014, primarily from the sale of residential condominiums and a land parcel, compared to \$2,030,000 in the year ended December 31, 2013, primarily from net gains from the sale of marketable securities, land parcels (including Harlem Park), and residential condominiums aggregating \$56,868,000, partially offset by a \$54,914,000 net loss on sale of J.C. Penney common shares.

Income Tax Benefit (Expense)

In the year ended December 31, 2014, we had an income tax expense of \$9,281,000, compared to a benefit of \$8,717,000 in the year ended December 31, 2013, an increase in expense of \$17,998,000. This increase resulted primarily from a reversal of previously accrued deferred tax liabilities in the prior year due to a change in the effective tax rate resulting from an amendment of the Washington, DC Unincorporated Business Tax Statute.

Income from Discontinued Operations

The table below sets forth the combined results of operations of assets related to discontinued operations for the years ended December 31, 2014 and 2013.

(Amounts in thousands)

	<u>For the Year Ended December 31,</u>

Net Income Attributable to Noncontrolling Interests in Consolidated Subsidiaries

Net income attributable to noncontrolling interests in consolidated subsidiaries was \$96,561,000 in the year ended December 31, 2014, compared to \$63,952,000 in the year ended December 31, 2013, an increase of \$32,609,000. This increase resulted primarily from higher net income allocated to the noncontrolling interests, including noncontrolling interests of our real estate fund investments.

Net Income Attributable to Noncontrolling Interests in the Operating Partnership

Net income attributable to noncontrolling interests in the Operating Partnership was \$47,613,000 in the year ended December 31, 2014, compared to \$24,817,000 in the year ended December 31, 2013, an increase of \$22,796,000. This increase resulted primarily from higher net income subject to allocation to unitholders.

Preferred Share Dividends

Preferred share dividends were \$81,464,000 in the year ended December 31, 2014, compared to \$82,807,000 in the year ended December 31, 2013, a decrease of \$1,343,000. This decrease resulted primarily from the redemption of \$262,500,000 of 6.75% Series F and Series H cumulative redeemable preferred shares in February 2013.

Preferred Unit and Share Redemptions

In the year ended December 31, 2013, we recognized \$1,130,000 of expense in connection with preferred unit and share redemptions, comprised of \$9,230,000 of expense from the redemption of the 6.75% Series F and Series H cumulative redeemable preferred shares in February 2013, partially offset by an \$8,100,000 discount from the redemption of all of the 6.875% Series D-15 cumulative redeemable preferred units in May 2013.

Notes to preceding tabular information:

New York:

- (1) The \$42,539,000 increase in New York same store EBITDA resulted primarily from increases in Office and Retail EBITDA of \$29,324,000 and \$13,159,000. The Office and Retail EBITDA increases resulted primarily from higher rents, including signage, partially offset by higher operating expenses, net of reimbursements.
- (2) Excluding Hotel Pennsylvania, same store EBITDA increased by 5.0%.

Washington, DC:

- (3) The \$8,961,000 decrease in Washington, DC same store EBITDA resulted primarily from lower rental revenue of \$2,913,000, lower management and leasing fee income of \$2,769,000 and higher operating expenses of \$4,534,000, partially offset by an increase in other income of \$1,541,000.

Supplemental Information – continued

Net Income and EBITDA by Segment for the Three Months Ended December 31, 2015 and 2014 - continued

Notes to preceding tabular information:

- (1) EBITDA represents "Earnings Before Interest, Taxes, Depreciation and Amortization." We consider EBITDA a non-GAAP financial measure for making decisions and assessing the unlevered performance of our segments as it relates to the total return on assets as opposed to the levered return on equity. As properties are bought and sold based on a multiple of EBITDA, we utilize this measure to make investment decisions as well as to compare the performance of our assets to that of our peers. EBITDA should not be considered a substitute for net income. EBITDA may not be comparable to similarly titled measures employed by other companies.

Same Store EBITDA

Same store EBITDA represents EBITDA from property level operations which are owned by us in both the current and prior year reporting periods. Same store EBITDA excludes segment-level overhead expenses, which are expenses that we do not consider to be property-level expenses, as well as other non-operating items. We also present same store EBITDA on a cash basis (which excludes income from the straight-lining of rents, amortization of below-market leases, net of above-market leases and other non-cash adjustments). We present these non-GAAP financial measures to (i) facilitate meaningful comparisons of the operational performance of our properties and segments, (ii) make decisions on whether to buy, sell or refinance properties, and (iii) compare the performance of our properties and segments to those of our peers. Same store EBITDA should not be considered as an alternative to net income or cash flow from operations and may not be comparable to similarly titled measures employed by other companies.

Related Party Transactions

Alexander's

We own 32.4% of Alexander's. Steven Roth, the Chairman of our Board and Chief Executive Officer is also the Chairman of the Board and Chief Executive Officer of Alexander's. We provide various services to Alexander's in accordance with management, development and leasing agreements. These agreements are described in Note 6 - *Investments in Partially Owned Entities* to our consolidated financial statements in this Annual Report on Form 10-K.

On January 15, 2015, we completed the spin-off of 79 strip shopping centers, three malls, a warehouse park and \$225,000,000 of cash to UE and the transfer of all of the employees responsible for the management and leasing of those assets. In addition, we entered into agreements with UE to provide management and leasing services, on our behalf, for Alexander's Rego Park retail assets. Fees for these services are similar to the fees we are receiving from Alexander's as described in Note 6 - *Investments in Partially Owned Entities* to our consolidated financial statements in this Annual Report on Form 10-K.

Interstate Properties ("Interstate")

Interstate is a general partnership in which Mr. Roth is the managing general partner. David Mandelbaum and Russell B. Wight, Jr., Trustees of Vornado and Directors of Alexander's, are Interstate's two other general partners. As of December 31, 2015, Interstate and its partners beneficially owned an aggregate of approximately 7.1% of the common shares of beneficial interest of Vornado and 26.3% of Alexander's common stock.

We manage and lease the real estate assets of Interstate pursuant to a management agreement for which we receive an annual fee equal to 4% of annual base rent and percentage rent. The management agreement has a term of one year and is automatically renewable unless terminated by either of the parties on 60 days' notice at the end of the term. We believe, based upon comparable fees charged by other real estate companies, that the management agreement terms are fair to us. We earned \$541,000, \$535,000, and \$606,000 of management fees under the agreement for the years ended December 31, 2015, 2014 and 2013.

Liquidity and Capital Resources

Property rental income is our primary source of cash flow and is dependent upon the occupancy and rental rates of our properties. Our cash requirements include property operating expenses, capital improvements, tenant improvements, debt service, leasing commissions, dividends to shareholders and distributions to unitholders of the Operating Partnership, as well as acquisition and development costs. Other sources of liquidity to fund cash requirements include proceeds from debt financings, including mortgage loans, senior unsecured borrowings, unsecured term loan and our unsecured revolving credit facilities; proceeds from the issuance of common and preferred equity; and asset sales.

We anticipate that cash flow from continuing operations over the next twelve months will be adequate to fund our business operations, cash distributions to unitholders of the Operating Partnership, cash dividends to shareholders, debt amortization and recurring capital expenditures. Capital requirements for development expenditures and acquisitions may require funding from borrowings and/or equity offerings.

We may from time to time purchase or retire outstanding debt securities. Such purchases, if any, will depend on prevailing market conditions, liquidity requirements and other factors. The amounts involved in connection with these transactions could be material to our consolidated financial statements.

Dividends

On January 20, 2016, we declared a quarterly common dividend of \$0.63 per share (an indicated annual rate of \$2.52 per common share). This dividend, if continued for all of 2016, would require us to pay out approximately \$476,000,000 of cash for common share dividends. In addition, during 2016, we expect to pay approximately \$82,000,000 of cash dividends on outstanding preferred shares and approximately \$32,000,000 of cash distributions to unitholders of the Operating Partnership.

Financing Activities and Contractual Obligations

We have an effective shelf registration for the offering of our equity and debt securities that is not limited in amount due to our status as a “well-known seasoned issuer.” We have issued senior unsecured notes from a shelf registration statement that contain financial covenants that restrict our ability to incur debt, and that require us to maintain a level of unencumbered assets based on the level of our secured debt. Our unsecured revolving credit facilities contain financial covenants that require us to maintain minimum interest coverage and maximum debt to market capitalization ratios, and provide for higher interest rates in the event of a decline in our ratings below Baa3/BBB. Our unsecured revolving credit facilities also contain customary conditions precedent to borrowing, including representations and warranties, and contain customary events of default that could give rise to accelerated repayment, including such items as failure to pay interest or principal. As of December 31, 2015, we are in compliance with all of the financial covenants required by our senior unsecured notes and our unsecured revolving credit facilities.

As of December 31, 2015, we had \$1,835,707,000 of cash and cash equivalents and \$1,911,904,000 of borrowing capacity under our unsecured revolving credit facilities, net of outstanding borrowings and letters of credit of \$550,000,000 and \$38,096,000, respectively. A summary of our consolidated debt as of December 31, 2015 and 2014 is presented below.

During 2016 and 2017, \$1,061,603,000 and \$365,507,000, respectively, of our outstanding debt matures; we may refinance this maturing debt as it comes due or choose to repay it using cash and cash equivalents or our unsecured revolving credit facilities. We may also refinance or prepay other outstanding debt depending on prevailing market conditions, liquidity requirements and other factors. The amounts involved in connection with these transactions could be material to our consolidated financial statements.

Details of 2015 financing activities are provided in the “Overview” of Management’s Discussion and Analysis of Financial Conditions and Results of Operations. Details of 2014 financing activities are discussed below.

Secured Debt

On January 31, 2014, we completed a \$600,000,000 loan secured by our 220 Central Park South development site. The loan bears interest at LIBOR plus 2.75% and matures in January 2016, with three one-year extension options.

On April 16, 2014, we completed a \$350,000,000 refinancing of 909 Third Avenue, a 1.3 million square foot Manhattan office building. The seven-year interest only loan bears interest at 3.91% and matures in May 2021. We realized net proceeds of approximately \$145,000,000 after defeasing the existing 5.64%, \$193,000,000 mortgage, defeasance cost and other closing costs.

On August 12, 2014, we completed a \$185,000,000 financing of the Universal buildings, a 690,000 square foot, two-building office complex located in Washington, DC. The loan bears interest at LIBOR plus 1.90% and matures in August 2019 with two one-year extension options. The loan amortizes based on a 30-year schedule beginning in the fourth year.

On August 26, 2014, we obtained a standby commitment for up to \$500,000,000 of five-year mezzanine loan financing to fund a portion of the development expenditures at 220 Central Park South.

On October 27, 2014, we completed a \$140,000,000 financing of 655 Fifth Avenue, a 57,500 square foot retail and office property. The loan is interest only at LIBOR plus 1.40% and matures in October 2019 with two one-year extension options.

On December 8, 2014, we completed a \$575,000,000 refinancing of Two Penn Plaza, a 1.6 million square foot Manhattan office building. The loan is interest only at LIBOR plus 1.65% and matures in 2019 with two one-year extension options. We realized net proceeds of approximately \$143,000,000. Pursuant to an existing swap agreement, the \$422,000,000 previous loan on the property was swapped to a fixed rate of 4.78% through March 2018. Therefore, \$422,000,000 of the new loan bears interest at a fixed rate of 4.78% through March 2018 and the balance of \$153,000,000 floats through March 2018. The entire \$575,000,000 will float thereafter for the duration of the new loan.

Senior Unsecured Notes

On June 16, 2014, we completed a green bond public offering of \$450,000,000 2.50% senior unsecured notes due June 30, 2019. The notes were sold at 99.619% of their face amount to yield 2.581%.

On October 1, 2014, we redeemed all of the \$445,000,000 principal amount of our outstanding 7.875% senior unsecured notes, which were scheduled to mature on October 1, 2039, at a redemption price of 100% of the principal amount plus accrued interest through the redemption date. In the fourth quarter of 2014, we wrote off \$12,532,000 of unamortized deferred financing costs, which are included as a component of “interest and debt expense” on our consolidated statements of income.

Unsecured Revolving Credit Facilities

On September 30, 2014, we extended one of our two \$1.25 billion unsecured revolving credit facilities from November 2015 to November 2018 with two six-month extension options. The interest rate on the extended facility was lowered to LIBOR plus 105 basis points from LIBOR plus 125 basis points and the facility fee was reduced to 20 basis points from 25 basis points.

Acquisitions and Investments

Details of 2015 acquisitions and investments are provided in the “Overview” of Management’s Discussion and Analysis of Financial Conditions and Results of Operations. Details of 2014 acquisitions and investments are discussed below.

On June 26, 2014, we invested an additional \$22,700,000 to increase our ownership in One Park Avenue to 55.0% from 46.5% through a joint venture with an institutional investor, who increased its ownership interest to 45.0%. The transaction was based on a property value of \$560,000,000. The property is encumbered by a \$250,000,000 interest only mortgage loan that bears interest at 4.995% and matures in March 2016.

On August 1, 2014, we acquired the land under our 715 Lexington Avenue retail property located on the Southeast corner of 58th Street and Lexington Avenue in Manhattan, for \$63,000,000.

On October 28, 2014, we completed the purchase of the retail condominium of the St. Regis Hotel for \$700,000,000. We own a 74.3% controlling interest of the joint venture which owns the property. The acquisition was used in a like-kind exchange for income tax purposes for the sale of 1740 Broadway.

On November 21, 2014, we entered into an agreement to acquire the Center Building, an eight story 437,000 square foot office building, located at 33-00 Northern Boulevard in Long Island City, New York. The building is 98% leased. The purchase price is approximately \$142,000,000, including the assumption of an existing \$62,000,000 4.43% mortgage maturing in October 2018.

Development and Redevelopment Expenditures

We are constructing a residential condominium tower containing 392,000 salable square feet on our 220 Central Park South development site. The incremental development cost of this project is approximately \$1.3 billion, of which \$293,000,000 has been expended as of December 31, 2015.

We are developing The Bartlett, a 699-unit residential project in Pentagon City, which is expected to be completed in 2016. The project includes a 40,000 square foot Whole Foods Market at the base of the building. The incremental development cost of this project is approximately \$250,000,000, of which \$166,000,000 has been expended as of December 31, 2015.

On June 24, 2015, we entered into a joint venture, in which we own a 55% interest, to develop a 173,000 square foot Class-A office building, located along the western edge of the High Line at 512 West 22nd Street in the West Chelsea submarket of Manhattan. The development cost of this project is approximately \$235,000,000. On November 24, 2015, the joint venture obtained a \$126,000,000 construction loan. The loan matures in November 2019 with two six-month extension options. The interest rate is LIBOR plus 2.65% (3.07% at December 31, 2015). As of December 31, 2015, the outstanding balance of the loan was \$44,072,000, of which \$24,240,000 is our share.

On July 23, 2014, a joint venture in which we are a 50.1% partner entered into a 99-year ground lease for 61 Ninth Avenue located on the Southwest corner of Ninth Avenue and 15th Street in the West Chelsea submarket of Manhattan. The venture's current plans are to construct an office building, with retail at the base, of approximately 167,000 square feet. Total development costs are currently estimated to be approximately \$150,000,000.

We plan to demolish two adjacent Washington, DC office properties, 1726 M Street and 1150 17th Street in the first half of 2016 and replace them in the future with a new 335,000 square foot Class A office building, to be addressed 1700 M Street. The incremental development cost of the project is approximately \$170,000,000.

We are also evaluating other development and redevelopment opportunities at certain of our properties in Manhattan, including the Penn Plaza District, and in Washington, including Crystal City, Rosslyn and Pentagon City.

There can be no assurance that any of our development or redevelopment projects will commence, or if commenced, be completed, or completed on schedule or within budget.

Insurance

We maintain general liability insurance with limits of \$300,000,000 per occurrence and per property, and all risk property and rental value insurance with limits of \$2.0 billion per occurrence, with sub-limits for certain perils such as flood and earthquake. Our California properties have earthquake insurance with coverage of \$180,000,000 per occurrence and in the annual aggregate, subject to a deductible in the amount of 5% of the value of the affected property. We maintain coverage for terrorism acts with limits of \$4.0 billion per occurrence and in the aggregate, and \$2.0 billion per occurrence and in the aggregate for terrorism involving nuclear, biological, chemical and radiological (“NBCR”) terrorism events, as defined by Terrorism Risk Insurance Program Reauthorization Act of 2015, which expires in December 2020.

Penn Plaza Insurance Company, LLC (“PPIC”), our wholly owned consolidated subsidiary, acts as a re-insurer with respect to a portion of all risk property and rental value insurance and a portion of our earthquake insurance coverage, and as a direct insurer for coverage for acts of terrorism including NBCR acts. Coverage for acts of terrorism (excluding NBCR acts) is fully reinsured by third party insurance companies and the Federal government with no exposure to PPIC. For NBCR acts, PPIC is responsible for a deductible of \$3,200,000 (\$2,400,000 effective January 1, 2016) per occurrence and 15% of the balance of a covered loss (16% effective January 1, 2016) and the Federal government is responsible for the remaining 85% of a covered loss (84% effective January 1, 2016). We are ultimately responsible for any loss incurred by PPIC.

We continue to monitor the state of the insurance market and the scope and costs of coverage for acts of terrorism. However, we cannot anticipate what coverage will be available on commercially reasonable terms in the future.

Our debt instruments, consisting of mortgage loans secured by our properties which are non-recourse to us, senior unsecured notes and revolving credit agreements contain customary covenants requiring us to maintain insurance. Although we believe that we have adequate insurance coverage for purposes of these agreements, we may not be able to obtain an equivalent amount of coverage at reasonable costs in the future. Further, if lenders insist on greater coverage than we are able to obtain it could adversely affect our ability to finance our properties and expand our portfolio.

Other Commitments and Contingencies

We are from time to time involved in legal actions arising in the ordinary course of business. In our opinion, after consultation with legal counsel, the outcome of such matters is not expected to have a material adverse effect on our financial position, results of operations or cash flows.

Each of our properties has been subjected to varying degrees of environmental assessment at various times. The environmental assessments did not reveal any material environmental contamination. However, there can be no assurance that the identification of new areas of contamination, changes in the extent or known scope of contamination, the discovery of additional sites, or changes in cleanup requirements would not result in significant costs to us.

Our mortgage loans are non-recourse to us. However, in certain cases we have provided guarantees or master leased tenant space. These guarantees and master leases terminate either upon the satisfaction of specified circumstances or repayment of the underlying loans. As of December 31, 2015, the aggregate dollar amount of these guarantees and master leases is approximately \$427,000,000.

At December 31, 2015, \$38,096,000 of letters of credit were outstanding under one of our unsecured revolving credit facilities. Our unsecured revolving credit facilities contain financial covenants that require us to maintain minimum interest coverage and maximum debt to market capitalization ratios, and provide for higher interest rates in the event of a decline in our ratings below Baa3/BBB. Our unsecured revolving credit facilities also contain customary conditions precedent to borrowing, including representations and warranties, and also contain customary events of default that could give rise to accelerated repayment, including such items as failure to pay interest or principal.

As of December 31, 2015, we expect to fund additional capital to certain of our partially owned entities aggregating approximately \$70,000,000.

As of December 31, 2015, we have construction commitments aggregating \$873,800,000.

Funds From Operations (“FFO”)

FFO is computed in accordance with the definition adopted by the Board of Governors of the National Association of Real Estate Investment Trusts (“NAREIT”). NAREIT defines FFO as GAAP net income or loss adjusted to exclude net gains from sales of depreciated real estate assets, real estate impairment losses, depreciation and amortization expense from real estate assets and other specified non-cash items, including the pro rata share of such adjustments of unconsolidated subsidiaries. FFO and FFO per diluted share are non-GAAP financial measures used by management, investors and analysts to facilitate meaningful comparisons of operating performance between periods and among our peers because it excludes the effect of real estate depreciation and amortization and net gains on sales, which are based on historical costs and implicitly assume that the value of real estate diminishes predictably over time, rather than fluctuating based on existing market conditions. FFO does not represent cash generated from operating activities and is not necessarily indicative of cash available to fund cash requirements and should not be considered as an alternative to net income as a performance measure or cash flows as a liquidity measure. FFO may not be comparable to similarly titled measures employed by other companies.

FFO attributable to common shareholders plus assumed conversions was \$1,039,035,000, or \$5.48 per diluted share for the year ended December 31, 2015, compared to \$911,130,000, or \$4.83 per diluted share for the year ended December 31, 2014. FFO attributable to common shareholders plus assumed conversions was \$259,528,000, or \$1.37 per diluted share for the three months ended December 31, 2015, compared to \$230,143,000, or \$1.22 per diluted share for the three months ended December 31, 2014. Details of certain items that affect comparability are discussed in the financial results summary of our “Overview.”

ITEM 7A. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK

We have exposure to fluctuations in market interest rates. Market interest rates are sensitive to many factors that are beyond our control. Our exposure to a change in interest rates on our consolidated and non-consolidated debt (all of which arises out of non-trading activity) is as follows:

(Amounts in thousands, except per share amounts)	2015			2014	
	December 31, Balance	Weighted Average Interest Rate	Effect of 1% Change In Base Rates	December 31, Balance	Weighted Average Interest Rate
Consolidated debt:					
Variable rate	\$ 3,995,704	2.00%	\$ 39,957	\$ 1,763,769	2.20%
Fixed rate	7,206,634	4.21%	-	7,847,286	4.36%
	<u>\$ 11,202,338</u>	3.42%	<u>39,957</u>	<u>\$ 9,611,055</u>	3.97%
Pro rata share of debt of non-consolidated entities (non-recourse):					
Variable rate – excluding Toys	\$ 485,160	1.97%	4,852	\$ 313,652	1.69%
Variable rate – Toys	1,164,893	6.61%	11,649	1,199,835	6.47%
Fixed rate (including \$661,513 and \$674,443 of Toys debt in 2015 and 2014)	2,782,025	6.37%	-	2,676,941	6.48%
	<u>\$ 4,432,078</u>	5.95%	<u>16,501</u>	<u>\$ 4,190,428</u>	6.12%
Redeemable noncontrolling interests' share of above			(3,387)		
Total change in annual net income			\$ 53,071		
Per share-diluted			\$ 0.28		

We may utilize various financial instruments to mitigate the impact of interest rate fluctuations on our cash flows and earnings, including hedging strategies, depending on our analysis of the interest rate environment and the costs and risks of such strategies. As of December 31, 2015, we have an interest rate swap on a \$417,000,000 mortgage loan that swapped the rate from LIBOR plus 1.65% (1.89% at December 31, 2015) to a fixed rate of 4.78% through March 2018.

In connection with the \$375,000,000 refinancing of 888 Seventh Avenue, we entered into an interest rate swap from LIBOR plus 1.60% (1.92% at December 31, 2015) to a fixed rate of 3.15% through December 2020.

Fair Value of Debt

The estimated fair value of our consolidated debt is calculated based on current market prices and discounted cash flows at the current rate at which similar loans would be made to borrowers with similar credit ratings for the remaining term of such debt. As of December 31, 2015, the estimated fair value of our consolidated debt was \$10,911,500,000.

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

Shareholders and Board of Trustees
Vornado Realty Trust
New York, New York

We have audited the accompanying consolidated balance sheets of Vornado Realty Trust (the “Company”) as of December 31, 2015 and 2014, and the related consolidated statements of income, comprehensive income, changes in equity, and cash flows for each of the three years in the period ended December 31, 2015. Our audits also included the financial statement schedules listed in the Index at Item 15. These financial statements and financial statement schedules are the responsibility of the Company’s management. Our responsibility is to express an opinion on the financial statements and financial statement schedules based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, such consolidated financial statements present fairly, in all material respects, the financial position of Vornado Realty Trust at December 31, 2015 and 2014, and the results of its operations and its cash flows for each of the three years in the period ended December 31, 2015, in conformity with accounting principles generally accepted in the United States of America. Also, in our opinion, such financial statement schedules, when considered in relation to the basic consolidated financial statements taken as a whole, present fairly, in all material respects, the information set forth therein.

As discussed in Note 2 to the consolidated financial statements, the Company has changed its method of accounting for and disclosure of discontinued operations for the year ended December 31, 2015 due to the adoption of Accounting Standards Update 2014-08, “Reporting Discontinued Operations and Disclosures of Disposals of Components of an Entity.”

We have also audited, in accordance with the standards of the Public Company Accounting Oversight Board (United States), the Company’s internal control over financial reporting as of December 31, 2015, based on the criteria established in *Internal Control—Integrated Framework (2013)* issued by the Committee of Sponsoring Organizations of the Treadway Commission and our report dated February 16, 2016 expressed an unqualified opinion on the Company’s internal control over financial reporting.

VORNADO REALTY TRUST
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

1. Organization and Business

Vornado Realty Trust (“Vornado”) is a fully-integrated real estate investment trust (“REIT”) and conducts its business through, and substantially all of its interests in properties are held by, Vornado Realty L.P., a Delaware limited partnership (the “Operating Partnership”). Accordingly, Vornado’s cash flow and ability to pay dividends to its shareholders is dependent upon the cash flow of the Operating Partnership and the ability of its direct and indirect subsidiaries to first satisfy their obligations to creditors. Vornado is the sole general partner of, and owned approximately 93.7% of the common limited partnership interest in the Operating Partnership at December 31, 2015. All references to “we,” “us,” “our,” the “Company” and “Vornado” refer to Vornado Realty Trust and its consolidated subsidiaries, including the Operating Partnership.

On January 15, 2015, we completed the spin-off of substantially all of our retail segment comprised of 79 strip shopping centers, three malls, a warehouse park and \$225,000,000 of cash to Urban Edge Properties (“UE”) (NYSE: UE). As part of this transaction, we retained 5,717,184 UE operating partnership units (5.4% ownership interest). We are providing transition services to UE for an initial period of up to two years, primarily for information technology support. UE is providing us with leasing and property management services for (i) certain small retail properties that we plan to sell, and (ii) our affiliate, Alexander’s, Inc. (NYSE: ALX) Rego Park retail assets. Steven Roth, our Chairman and Chief Executive Officer, is a member of the Board of Trustees of UE. The spin-off distribution was effected by Vornado distributing one UE common share for every two Vornado common shares. The historical financial results of UE are reflected in our consolidated financial statements as discontinued operations for all periods presented.

We currently own all or portions of:

New York:

- 21.3 million square feet of Manhattan office space in 35 properties;
- 2.6 million square feet of Manhattan street retail space in 65 properties;
- 1,711 units in eleven residential properties;
- The 1,700 room Hotel Pennsylvania located on Seventh Avenue at 33rd Street in the heart of the Penn Plaza district;
- A 32.4% interest in Alexander’s, Inc. (NYSE: ALX), which owns seven properties in the greater New York metropolitan area, including 731 Lexington Avenue, the 1.3 million square foot Bloomberg, L.P. headquarters building;

Washington, DC:

- 15.8 million square feet of office space in 57 properties;
- 2,414 units in seven residential properties;

Other Real Estate and Related Investments:

- The 3.6 million square foot Mart (“theMart”) in Chicago;
- A 70% controlling interest in 555 California Street, a three-building office complex in San Francisco’s financial district aggregating 1.8 million square feet, known as the Bank of America Center;
- A 25.0% interest in Vornado Capital Partners, our real estate fund. We are the general partner and investment manager of the fund;
- A 32.5% interest in Toys “R” Us, Inc. (“Toys”); and
- Other real estate and other investments.

2. Basis of Presentation and Significant Accounting Policies

Basis of Presentation

The accompanying consolidated financial statements include the accounts of Vornado and its consolidated subsidiaries, including the Operating Partnership. All inter-company amounts have been eliminated. Our consolidated financial statements are prepared in accordance with accounting principles generally accepted in the United States of America, which require us to make estimates and assumptions that affect the reported amounts of assets and liabilities, disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting periods. Actual results could differ from those estimates.

Certain prior year balances have been reclassified in order to conform to the current period presentation. Beginning in the year ended December 31, 2015, we classified signage revenue within “property rentals”. For the years ended December 31, 2014 and 2013, \$37,929,000 and \$32,866,000, respectively, related to signage revenue has been reclassified from “fee and other income” to “property rentals” to conform to the current period presentation.

On January 15, 2015, we completed the spin-off of substantially all of our retail segment comprised of 79 strip shopping centers, three malls, a warehouse park and \$225,000,000 of cash to UE. As part of this transaction, we received 5,717,184 UE operating partnership units (5.4% ownership interest).

Recently Issued Accounting Literature

In April 2014, the Financial Accounting Standards Board (“FASB”) issued an update (“ASU 2014-08”) *Reporting Discontinued Operations and Disclosures of Disposals of Components of an Entity* to ASC Topic 205, *Presentation of Financial Statements* and ASC Topic 360, *Property Plant and Equipment*. Under ASU 2014-08, only disposals that represent a strategic shift that has (or will have) a major effect on the entity’s results and operations would qualify as discontinued operations. In addition, ASU 2014-08 expands the disclosure requirements for disposals that meet the definition of a discontinued operation and requires entities to disclose information about disposals of individually significant components that do not meet the definition of discontinued operations. ASU 2014-08 is effective for interim and annual reporting periods in fiscal years that began after December 15, 2014. Upon adoption of this standard on January 1, 2015, individual properties sold in the ordinary course of business are not expected to qualify as discontinued operations. Under ASU 2014-08, operating results of disposals are included in income from continuing operations, and any associated gains are now included in “net gain on disposition of wholly owned and partially owned assets” on our consolidated statements of income. Gain on sales of properties classified as discontinued operations prior to January 1, 2015 are classified in “income from discontinued operations” on our consolidated statements of income. The financial results of UE and certain other retail assets are reflected in our consolidated financial statements as discontinued operations for all periods presented (see Note 7 – *Dispositions* for further details).

In May 2014, the FASB issued an update (“ASU 2014-09”) establishing ASC Topic 606, *Revenue from Contracts with Customers*. ASU 2014-09 establishes a single comprehensive model for entities to use in accounting for revenue arising from contracts with customers and supersedes most of the existing revenue recognition guidance. ASU 2014-09 requires an entity to recognize revenue when it transfers promised goods or services to customers in an amount that reflects the consideration to which the entity expects to be entitled in exchange for those goods or services and also requires certain additional disclosures. ASU 2014-09 is effective for interim and annual reporting periods in fiscal years that begin after December 15, 2017. We are currently evaluating the impact of the adoption of ASU 2014-09 on our consolidated financial statements.

Recently Issued Accounting Literature - continued

In June 2014, the FASB issued an update (“ASU 2014-12”) to ASC Topic 718, *Compensation – Stock Compensation*. ASU 2014-12 requires an entity to treat performance targets that can be met after the requisite service period of a share based award has ended, as a performance condition that affects vesting. ASU 2014-12 is effective for interim and annual reporting periods in fiscal years that begin after December 15, 2015. We are currently evaluating the impact of the adoption of ASU 2014-12 on our consolidated financial statements.

In February 2015, the FASB issued an update (“ASU 2015-02”) *Amendments to the Consolidation Analysis* to ASC Topic 810, *Consolidation*. ASU 2015-02 affects reporting entities that are required to evaluate whether they should consolidate certain legal entities. Specifically, the amendments: (i) modify the evaluation of whether limited partnerships and similar legal entities are variable interest entities (“VIEs”) or voting interest entities, (ii) eliminate the presumption that a general partner should consolidate a limited partnership, (iii) affect the consolidation analysis of reporting entities that are involved with VIEs, and (iv) provide a scope exception for certain entities. ASU 2015-02 is effective for interim and annual reporting periods beginning after December 15, 2015. We are currently evaluating the impact of the adoption of ASU 2015-02 on our consolidated financial statements.

In April 2015, the FASB issued an update (“ASU 2015-03”) *Simplifying the Presentation of Debt Issuance Costs* to ASC Topic 835, *Interest* (“ASC 835”). ASU 2015-03 requires that debt issuance costs be presented in the balance sheet as a direct deduction from the carrying amount of the debt liability to which they relate, consistent with debt discounts, as opposed to being presented as assets. ASU 2015-03 is effective for interim and annual reporting periods in fiscal years beginning after December 15, 2015. We elected to early adopt ASU 2015-03 effective as of December 31, 2015 with retrospective application to our December 31, 2014 consolidating balance sheet. The effect of the adoption of ASU 2015-03 was to reclassify debt issuance costs of approximately \$79,987,000 as of December 31, 2014 from “deferred leasing and financing costs, net” to a contra account as a deduction from the related debt liabilities. There was no effect on our consolidated statements of income.

In August 2015, the FASB issued an update (“ASU 2015-15”) *Interest – Imputation of Interest* to ASC 835. For debt issuance costs related to line-of-credit arrangements, ASU 2015-15 allows entities to present debt issuance costs as an asset and subsequently amortize the deferred debt issuance costs ratably over the term of the line-of-credit arrangement, regardless of whether there are any outstanding borrowings on the line-of-credit arrangement. We elected to early adopt ASU 2015-15 effective as of December 31, 2015 with retrospective application to our December 31, 2014 balance sheet. These debt issuance costs were \$7,720,000 and \$11,549,000 as of December 31, 2015 and 2014, respectively, and are included as a component of “other assets”.

In January 2016, the FASB issued an update (“ASU 2016-01”) *Recognition and Measurement of Financial Assets and Financial Liabilities* to ASC Topic 825, *Financial Instruments* (“ASC 825”). ASU 2016-01 amends certain aspects of recognition, measurement, presentation and disclosure of financial instruments, including the requirement to measure certain equity investments at fair value with changes in fair value recognized in net income. ASU 2016-01 is effective for interim and annual reporting periods in fiscal years beginning after December 15, 2017. We are currently evaluating the impact of the adoption of ASU 2016-01 on our consolidated financial statements.

VORNADO REALTY TRUST
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (CONTINUED)

2. Basis of Presentation and Significant Accounting Policies - continued

Significant Accounting Policies

Real Estate: Real estate is carried at cost, net of accumulated depreciation and amortization. Betterments, major renewals and certain costs directly related to the improvement and leasing of real estate are capitalized. Maintenance and repairs are expensed as incurred. For redevelopment of existing operating properties, the net book value of the existing property under redevelopment plus the cost for the construction and improvements incurred in connection with the redevelopment are capitalized to the extent the capitalized costs of the property do not exceed the estimated fair value of the redeveloped property when complete. If the cost of the redeveloped property, including the net book value of the existing property, exceeds the estimated fair value of redeveloped property, the excess is charged to expense. Depreciation is recognized on a straight-line basis over estimated useful lives which range from 7 to 40 years. Tenant allowances are amortized on a straight-line basis over the lives of the related leases, which approximate the useful lives of the assets. Additions to real estate include interest and debt expense capitalized during construction of \$59,305,000 and \$62,786,000 for the years ended December 31, 2015 and 2014, respectively.

Upon the acquisition of real estate, we assess the fair value of acquired assets (including land, buildings and improvements, identified intangibles, such as acquired above and below-market leases, acquired in-place leases and tenant relationships) and acquired liabilities and we allocate the purchase price based on these assessments. We assess fair value based on estimated cash flow projections that utilize appropriate discount and capitalization rates and available market information. Estimates of future cash flows are based on a number of factors including historical operating results, known trends, and market/economic conditions. We record acquired intangible assets (including acquired above-market leases, acquired in-place leases and tenant relationships) and acquired intangible liabilities (including below-market leases) at their estimated fair value separate and apart from goodwill. We amortize identified intangibles that have finite lives over the period they are expected to contribute directly or indirectly to the future cash flows of the property or business acquired.

Our properties, including any related intangible assets, are individually reviewed for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. An impairment exists when the carrying amount of an asset exceeds the aggregate projected future cash flows over the anticipated holding period on an undiscounted basis. An impairment loss is measured based on the excess of the property's carrying amount over its estimated fair value. Impairment analyses are based on our current plans, intended holding periods and available market information at the time the analyses are prepared. If our estimates of the projected future cash flows, anticipated holding periods, or market conditions change, our evaluation of impairment losses may be different and such differences could be material to our consolidated financial statements. The evaluation of anticipated cash flows is subjective and is based, in part, on assumptions regarding future occupancy, rental rates and capital requirements that could differ materially from actual results. Plans to hold properties over longer periods decrease the likelihood of recording impairment losses.

2. Basis of Presentation and Significant Accounting Policies – continued

Significant Accounting Policies -continued

Partially Owned Entities: We consolidate entities in which we have a controlling financial interest. In determining whether we have a controlling financial interest in a partially owned entity and the requirement to consolidate the accounts of that entity, we consider factors such as ownership interest, board representation, management representation, authority to make decisions, and contractual and substantive participating rights of the partners/members as well as whether the entity is a variable interest entity (“VIE”) and we are the primary beneficiary. We are deemed to be the primary beneficiary of a VIE when we have (i) the power to direct the activities of the VIE that most significantly impact the VIE’s economic performance and (ii) the obligation to absorb losses or receive benefits that could potentially be significant to the VIE. We generally do not control a partially owned entity if the entity is not considered a VIE and the approval of all of the partners/members is contractually required with respect to major decisions, such as operating and capital budgets, the sale, exchange or other disposition of real property, the hiring of a chief executive officer, the commencement, compromise or settlement of any lawsuit, legal proceeding or arbitration or the placement of new or additional financing secured by assets of the venture. We account for investments under the equity method when the requirements for consolidation are not met, and we have significant influence over the operations of the investee. Equity method investments are initially recorded at cost and subsequently adjusted for our share of net income or loss and cash contributions and distributions each period. Investments that do not qualify for consolidation or equity method accounting are accounted for on the cost method.

Investments in partially owned entities are reviewed for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. An impairment loss is measured based on the excess of the carrying amount of an investment over its estimated fair value. Impairment analyses are based on current plans, intended holding periods and available information at the time the analyses are prepared. In the years ended December 31, 2014 and 2013, we recognized non-cash impairment losses on investments in partially owned entities aggregating \$85,459,000 and \$281,098,000, respectively. Included in these amounts are \$75,196,000 and \$240,757,000 of impairment losses related to our investment in Toys in 2014 and 2013, respectively.

Cash and Cash Equivalents: Cash and cash equivalents consist of highly liquid investments with original maturities of three months or less and are carried at cost, which approximates fair value due to their short-term maturities. The majority of our cash and cash equivalents consists of (i) deposits at major commercial banks, which may at times exceed the Federal Deposit Insurance Corporation limit, (ii) United States Treasury Bills, and (iii) Certificate of Deposits placed through an Account Registry Service (“CDARS”). To date, we have not experienced any losses on our invested cash.

Restricted Cash: Restricted cash consists of security deposits, cash restricted for the purposes of facilitating a Section 1031 Like-Kind exchange, cash restricted in connection with our deferred compensation plan and cash escrowed under loan agreements for debt service, real estate taxes, property insurance and capital improvements.

Allowance for Doubtful Accounts: We periodically evaluate the collectibility of amounts due from tenants and maintain an allowance for doubtful accounts for estimated losses resulting from the inability of tenants to make required payments under the lease agreements. We also maintain an allowance for receivables arising from the straight-lining of rents. This receivable arises from earnings recognized in excess of amounts currently due under the lease agreements. Management exercises judgment in establishing these allowances and considers payment history and current credit status in developing these estimates. As of December 31, 2015 and 2014, we had \$11,908,000 and \$12,210,000, respectively, in allowances for doubtful accounts. In addition, as of December 31, 2015 and 2014, we had \$2,751,000 and \$3,188,000, respectively, in allowances for receivables arising from the straight-lining of rents.

Deferred Charges: Direct financing costs are deferred and amortized over the terms of the related agreements as a component of interest expense. Direct costs related to successful leasing activities are capitalized and amortized on a straight line basis over the lives of the related leases. All other deferred charges are amortized on a straight line basis, which approximates the effective interest rate method, in accordance with the terms of the agreements to which they relate.

Revenue Recognition: We have the following revenue sources and revenue recognition policies:

- **Base Rent** — income arising from tenant leases. These rents are recognized over the non-cancelable term of the related leases on a straight-line basis which includes the effects of rent steps and rent abatements under the leases. We commence rental revenue recognition when the tenant takes possession of the leased space and the leased space is substantially ready for its intended use. In addition, in circumstances where we provide a tenant improvement allowance for improvements that are owned by the tenant, we recognize the allowance as a reduction of rental revenue on a straight-line basis over the term of the lease.
- **Percentage Rent** — income arising from retail tenant leases that is contingent upon tenant sales exceeding defined thresholds. These rents are recognized only after the contingency has been removed (i.e., when tenant sales thresholds have been achieved).
- **Hotel Revenue** — income arising from the operation of the Hotel Pennsylvania which consists of rooms revenue, food and beverage revenue, and banquet revenue. Income is recognized when rooms are occupied. Food and beverage and banquet revenue is recognized when the services have been rendered.
- **Trade Shows Revenue** — income arising from the operation of trade shows, including rentals of booths. This revenue is recognized when the trade shows have occurred.
- **Expense Reimbursements** — revenue arising from tenant leases which provide for the recovery of all or a portion of the operating expenses and real estate taxes of the respective property. This revenue is accrued in the same periods as the expenses are incurred.
- **Management, Leasing and Other Fees** — income arising from contractual agreements with third parties or with partially owned entities. This revenue is recognized as the related services are performed under the respective agreements.

Derivative Instruments and Hedging Activities: ASC 815, *Derivatives and Hedging*, as amended, establishes accounting and reporting standards for derivative instruments, including certain derivative instruments embedded in other contracts, and for hedging activities. As of December 31, 2015 and 2014, our derivative instruments consisted of two and one interest rate swaps, respectively. We record all derivatives on the balance sheet at fair value. The accounting for changes in the fair value of derivatives depends on the intended use of the derivative and the resulting designation. Derivatives used to hedge the exposure to changes in the fair value of an asset, liability, or firm commitment attributable to a particular risk, such as interest rate risk, are considered fair value hedges. Derivatives used to hedge the exposure to variability in expected future cash flows, or other types of forecasted transactions, are considered cash flow hedges.

For derivatives designated as fair value hedges, changes in the fair value of the derivative and the hedged item related to the hedged risk are recognized in earnings. For derivatives designated as cash flow hedges, the effective portion of changes in the fair value of the derivative is initially reported in other comprehensive income (loss) (outside of earnings) and subsequently reclassified to earnings when the hedged transaction affects earnings, and the ineffective portion of changes in the fair value of the derivative is recognized directly in earnings. We assess the effectiveness of each hedging relationship by comparing the changes in fair value or cash flows of the derivative hedging instrument with the changes in fair value or cash flows of the designated hedged item or transaction. For derivatives not designated as hedges, changes in fair value are recognized in earnings.

Income Taxes: We operate in a manner intended to enable us to continue to qualify as a REIT under Sections 856-860 of the Internal Revenue Code of 1986, as amended. Under those sections, a REIT which distributes at least 90% of its REIT taxable income as a dividend to its shareholders each year and which meets certain other conditions will not be taxed on that portion of its taxable income which is distributed to its shareholders. We distribute to our shareholders 100% of our taxable income and therefore, no provision for Federal income taxes is required. Dividends distributed for the year ended December 31, 2015, were characterized, for federal income tax purposes, as long-term capital gain income. Dividends distributed for the years ended December 31, 2014 and 2013, were characterized, for federal income tax purposes, as ordinary income.

We have elected to treat certain consolidated subsidiaries, and may in the future elect to treat newly formed subsidiaries, as taxable REIT subsidiaries pursuant to an amendment to the Internal Revenue Code that became effective January 1, 2001. Taxable REIT subsidiaries may participate in non-real estate related activities and/or perform non-customary services for tenants and are subject to Federal and State income tax at regular corporate tax rates. Our taxable REIT subsidiaries had a combined current income tax expense of approximately \$8,322,000, \$10,777,000 and \$9,608,000 for the years ended December 31, 2015, 2014 and 2013, respectively, and have immaterial differences between the financial reporting and tax basis of assets and liabilities.

At December 31, 2015 and 2014, our taxable REIT subsidiaries had deferred tax assets related to net operating loss carryforwards of \$97,104,000 and \$94,100,000, respectively, which are included in “other assets” on our consolidated balance sheets. Prior to the quarter ended June 30, 2015, there was a full valuation allowance against these deferred tax assets because we had not determined that it is more-likely-than-not that we would use the net operating loss carryforwards to offset future taxable income. In our quarter ended June 30, 2015, based upon residential condominium unit sales, among other factors, we concluded that it was more-likely-than-not that we will generate sufficient taxable income to realize these deferred tax assets. Accordingly, we reversed \$90,030,000 of the allowance for deferred tax assets and recognized an income tax benefit in our consolidated statements of income.

The following table reconciles net income attributable to common shareholders to estimated taxable income for the years ended December 31, 2015, 2014 and 2013.

3. Real Estate Fund Investments

We are the general partner and investment manager of Vornado Capital Partners Real Estate Fund (the “Fund”), which has an eight-year term and a three-year investment period that ended in July 2013. During the investment period, the Fund was our exclusive investment vehicle for all investments that fit within its investment parameters, as defined. The Fund is accounted for under ASC 946, *Financial Services – Investment Companies* (“ASC 946”) and its investments are reported on its balance sheet at fair value, with changes in value each period recognized in earnings. We consolidate the accounts of the Fund into our consolidated financial statements, retaining the fair value basis of accounting.

On June 26, 2014, the Fund sold its 64.7% interest in One Park Avenue to a newly formed joint venture that we and an institutional investor own 55% and 45%, respectively. This transaction was based on a property value of \$560,000,000. From the inception of this investment through its disposition, the Fund realized a \$75,529,000 net gain.

On August 21, 2014, the Fund and its 50% joint venture partner completed the sale of The Shops at Georgetown Park, a 305,000 square foot retail property, for \$272,500,000. From the inception of this investment through its disposition, the Fund realized a \$51,124,000 net gain.

On January 20, 2015, we co-invested with the Fund and one of the Fund’s limited partners to buy out the Fund’s joint venture partner’s 57% interest in the Crowne Plaza Times Square Hotel (the “Co-Investment”). The purchase price for the 57% interest was approximately \$95,000,000 (our share \$39,000,000) which valued the property at approximately \$480,000,000. The property is encumbered by a \$310,000,000 mortgage loan bearing interest at LIBOR plus 2.80% and maturing in December 2018 with a one-year extension option. Our aggregate ownership interest in the property increased to 33% from 11%. The Co-Investment is also accounted for under ASC 946 and is included as a component of “real estate fund investments” on our consolidated balance sheet.

On March 25, 2015, the Fund completed the sale of 520 Broadway in Santa Monica, CA for \$91,650,000. The Fund realized a \$23,768,000 net gain over the holding period.

At December 31, 2015, we had six real estate fund investments with an aggregate fair value of \$574,761,000, or \$208,614,000 in excess of cost, and had remaining unfunded commitments of \$102,212,000, of which our share was \$25,553,000. At December 31, 2014, we had seven real estate fund investments with an aggregate fair value of \$513,973,000.

Below is a summary of income from the Fund and the Co-Investment for the years ended December 31, 2015, 2014 and 2013.

(Amounts in thousands)

	For the Year Ended December 31,		
	2015	2014	2013

4. Acquisitions

On January 20, 2015, we and one of our real estate fund's limited partners co-invested with the Fund to buy out the Fund's joint venture partner's 57% interest in the Crowne Plaza Times Square Hotel (see Note 3 – *Real Estate Fund Investments*).

On March 18, 2015, we acquired the Center Building, a 437,000 square foot office building, located at 33-00 Northern Boulevard in Long Island City, New York, for \$142,000,000, including the assumption of an existing \$62,000,000, 4.43% mortgage maturing in October 2018.

On June 2, 2015, we completed the acquisition of 150 West 34th Street, a 78,000 square foot retail property leased to Old Navy through May 2019, and 226,000 square feet of additional zoning air rights, for approximately \$355,000,000. At closing we completed a \$205,000,000 financing of the property (see Note 9 – *Debt*).

On July 31, 2015, we acquired 260 Eleventh Avenue, a 235,000 square foot office property leased to the City of New York through 2021 with two five-year renewal options, a 10,000 square foot parking lot and additional air rights. The transaction is structured as a 99-year ground lease with an option to purchase the land for \$110,000,000. The \$3,900,000 annual ground rent and the purchase option price escalate annually at the lesser of 1.5% or CPI. The buildings were purchased for 813,900 newly issued Vornado Operating Partnership units valued at approximately \$80,000,000.

On September 25, 2015, we acquired 265 West 34th Street, a 1,700 square foot retail property and 15,200 square feet of additional zoning air rights, for approximately \$28,500,000.

5. Marketable Securities and Derivative Instruments

Our portfolio of marketable securities is comprised of equity securities that are classified as available-for-sale. Available-for-sale securities are presented on our consolidated balance sheets at fair value. Unrealized gains and losses resulting from the mark-to-market of these securities are included in "other comprehensive income (loss)." Realized gains and losses are recognized in earnings only upon the sale of the securities and are recorded based on the weighted average cost of such securities.

We evaluate our portfolio of marketable securities for impairment each reporting period. For each of the securities in our portfolio with unrealized losses, we review the underlying cause of the decline in value and the estimated recovery period, as well as the severity and duration of the decline. In our evaluation, we consider our ability and intent to hold these investments for a reasonable period of time sufficient for us to recover our cost basis. We also evaluate the near-term prospects for each of these investments in relation to the severity and duration of the decline.

Below is a summary of our marketable securities portfolio as of December 31, 2015 and 2014.

	As of December 31, 2015			As of December 31, 2014		
	Fair Value	GAAP Cost	Unrealized Gain	Fair Value	GAAP Cost	Unrealized Gain
Equity securities:						
Lexington Realty Trust	\$ 147,752	\$ 72,549	\$ 75,203	\$ 202,789	\$ 72,549	\$ 130,240

During 2013, we sold other marketable securities for aggregate proceeds of \$44,209,000, resulting in net gains of \$31,741,000, which are included as a component of "net gain on disposition of wholly owned and partially owned assets" on our consolidated statements of income.

6. Investments in Partially Owned Entities

Toys “R” Us (“Toys”)

As of December 31, 2015, we own 32.5% of Toys. We account for our investment in Toys under the equity method and record our share of Toys’ net income or loss on a one-quarter lag basis because Toys’ fiscal year ends on the Saturday nearest January 31, and our fiscal year ends on December 31. The business of Toys is highly seasonal and substantially all of Toys’ net income is generated in its fourth quarter.

We have not guaranteed any of Toys’ obligations and are not committed to provide any support to Toys. Pursuant to ASC 323-10-35-20, we discontinued applying the equity method for our Toys’ investment when the carrying amount was reduced to zero in the third quarter of 2014. We will resume application of the equity method if, during the period the equity method was suspended, our share of unrecognized net income exceeds our share of unrecognized net losses.

In the first quarter of 2014, we recognized our share of Toys’ fourth quarter net income of \$75,196,000 and a corresponding non-cash impairment loss of the same amount. In 2013, we recognized \$240,757,000 of non-cash impairment losses based on an “other-than-temporary” decline in the fair value of our investment.

Alexander’s, Inc. (“Alexander’s”) (NYSE: ALX)

As of December 31, 2015, we own 1,654,068 Alexander’s common shares, or approximately 32.4% of Alexander’s common equity. We manage, lease and develop Alexander’s properties pursuant to agreements which expire in March of each year and are automatically renewable.

As of December 31, 2015 the market value (“fair value” pursuant to ASC 820) of our investment in Alexander’s, based on Alexander’s December 31, 2015 closing share price of \$384.11, was \$635,345,000, or \$501,777,000 in excess of the carrying amount on our consolidated balance sheet. As of December 31, 2015, the carrying amount of our investment in Alexander’s, excluding amounts owed to us, exceeds our share of the equity in the net assets of Alexander’s by approximately \$40,340,000. The majority of this basis difference resulted from the excess of our purchase price for the Alexander’s common stock acquired over the book value of Alexander’s net assets. Substantially all of this basis difference was allocated, based on our estimates of the fair values of Alexander’s assets and liabilities, to real estate (land and buildings). We are amortizing the basis difference related to the buildings into earnings as additional depreciation expense over their estimated useful lives. This depreciation is not material to our share of equity in Alexander’s net income. The basis difference related to the land will be recognized upon disposition of our investment.

Management, Leasing and Development Agreements

We receive an annual fee for managing Alexander’s and all of its properties equal to the sum of (i) \$2,800,000, (ii) 2% of the gross revenue from the Rego Park II Shopping Center, (iii) \$0.50 per square foot of the tenant-occupied office and retail space at 731 Lexington Avenue, and (iv) \$289,000, escalating at 3% per annum, for managing the common area of 731 Lexington Avenue. In addition, we are entitled to a development fee of 6% of development costs, as defined.

We provide Alexander’s with leasing services for a fee of 3% of rent for the first ten years of a lease term, 2% of rent for the eleventh through twentieth year of a lease term and 1% of rent for the twenty-first through thirtieth year of a lease term, subject to the payment of rents by Alexander’s tenants. In the event third-party real estate brokers are used, our fee increases by 1% and we are responsible for the fees to the third-parties. We are also entitled to a commission upon the sale of any of Alexander’s assets equal to 3% of gross proceeds, as defined, for asset sales less than \$50,000,000, and 1% of gross proceeds, as defined, for asset sales of \$50,000,000 or more.

On December 22, 2014, the leasing agreements with Alexander’s were amended to eliminate the annual installment cap of \$4,000,000. In addition, Alexander’s repaid to us the outstanding balance of \$40,353,000.

On January 15, 2015, we completed the spin-off of 79 strip shopping centers, three malls, a warehouse park and \$225,000,000 of cash to UE and the transfer of all of the employees responsible for the management and leasing of those assets. In addition, we entered into agreements with UE to provide management and leasing services, on our behalf, for Alexander’s Rego Park retail assets. Fees for these services are similar to the fees we are receiving from Alexander’s described above.

Other Agreements

Building Maintenance Services ("BMS"), our wholly-owned subsidiary, supervises (i) cleaning, engineering and security services at Alexander's 731 Lexington Avenue property and (ii) security services at Alexander's Rego Park I and Rego Park II properties. During the years ended December 31, 2015, 2014 and 2013, we recognized \$2,221,000, \$2,318,000 and \$2,036,000 of income, respectively, for these services.

Urban Edge Properties ("UE") (NYSE: UE)

As part of our spin-off of substantially all of our retail segment to UE on January 15, 2015 (see Note 1 – *Organization and Business*), we retained 5,717,184 UE operating partnership units, representing a 5.4% ownership interest in UE. We account for our investment in UE under the equity method and record our share of UE's net income or loss on a one-quarter lag basis. We are providing transition services to UE for an initial period of up to two years, primarily for information technology support. UE is providing us with leasing and property management services for (i) certain small retail properties that we plan to sell, and (ii) our affiliate, Alexander's, Rego Park retail assets. As of December 31, 2015, the fair value of our investment in UE, based on UE's December 31, 2015 closing share price of \$23.45, was \$134,068,000, or \$108,717,000 in excess of the carrying amount on our consolidated balance sheet.

Pennsylvania Real Estate Investment Trust ("PREIT") (NYSE: PEI)

On March 31, 2015, we transferred the redeveloped Springfield Town Center, a 1,350,000 square foot mall located in Springfield, Fairfax County, Virginia, to PREIT Associates, L.P., which is the operating partnership of PREIT, in exchange for \$485,313,000; comprised of \$340,000,000 of cash and 6,250,000 PREIT operating partnership units (valued at \$145,313,000 or \$23.25 per PREIT unit) (See Note 7 – *Dispositions*). \$19,000,000 of tenant improvements and allowances was credited to PREIT as a closing adjustment. As a result of this transaction, we own an 8.1% interest in PREIT. We account for our investment in PREIT under the equity method and record our share of PREIT's net income or loss on a one-quarter lag basis. As of December 31, 2015, the fair value of our investment in PREIT, based on PREIT's December 31, 2015 closing share price of \$21.87, was \$136,688,000, or \$3,313,000 in excess of the carrying amount on our consolidated balance sheet. As of December 31, 2015, the carrying amount of our investment in PREIT exceeds our share of the equity in the net assets of PREIT by approximately \$65,404,000. The majority of this basis difference resulted from the excess of the fair value of the PREIT operating units received over our share of the book value of PREIT's net assets. Substantially all of this basis difference was allocated, based on our estimates of the fair values of PREIT's assets and liabilities, to real estate (land and buildings). We are amortizing the basis difference related to the buildings into earnings as additional depreciation expense over their estimated useful lives. This depreciation is not material to our share of equity in PREIT's net loss. The basis difference related to the land will be recognized upon disposition of our investment.

512 West 22nd Street

On June 24, 2015, we entered into a joint venture, in which we own a 55% interest, to develop a 173,000 square foot Class-A office building, located along the western edge of the High Line at 512 West 22nd Street. The development cost of this project is approximately \$235,000,000. The development commenced during the fourth quarter of 2015 and is expected to be completed in 2018. On November 24, 2015, the joint venture obtained a \$126,000,000 construction loan. The loan matures in November 2019 with two six-month extension options. The interest rate is LIBOR plus 2.65% (3.07% at December 31, 2015). As of December 31, 2015, the outstanding balance of the loan was \$44,072,000, of which \$24,240,000 is our share. We account for our investment in the joint venture under the equity method.

7. Dispositions

2015 Activity:

New York

On December 22, 2015, we completed the sale of 20 Broad Street, a 473,000 square foot office building in Manhattan for an aggregate consideration of \$200,000,000. The total income from this transaction was approximately \$157,000,000 comprised of approximately \$142,000,000 from the gain on sale and \$15,000,000 of lease termination income set forth in Note 15 – *Fee and Other Income*.

Washington, DC

On September 9, 2015, we completed the sale of 1750 Pennsylvania Avenue, NW, a 278,000 square foot office building in Washington, DC for \$182,000,000, resulting in a net gain of approximately \$102,000,000 which is included in “net gain on disposition of wholly owned and partially owned assets” on our consolidated statement of income. The tax gain of approximately \$137,000,000 was deferred as part of a like-kind exchange. We are managing the property on behalf of the new owner.

Discontinued Operations

On January 15, 2015, we completed the spin-off of substantially all of our retail segment comprised of 79 strip shopping centers, three malls, a warehouse park and \$225,000,000 of cash to UE (NYSE: UE) (see Note 1 – *Organization and Business*). In addition, we completed the following retail property sales, substantially completing the exit of the retail strips and malls business.

On March 13, 2015, we sold our Geary Street, CA lease for \$34,189,000, which resulted in a net gain of \$21,376,000.

On March 31, 2015, we transferred the redeveloped Springfield Town Center, a 1,350,000 square foot mall located in Springfield, Fairfax County, Virginia, to PREIT (see Note 6 – *Investments in Partially Owned Entities*). The financial statement gain was \$7,823,000, of which \$7,192,000 was recognized in the first quarter of 2015 and the remaining \$631,000 was deferred based on our ownership interest in PREIT. On March 31, 2018, we will be entitled to additional consideration of 50% of the increase in the value of Springfield Town Center, if any, over \$465,000,000, calculated utilizing a 5.5% capitalization rate. In the first quarter of 2014, we recorded a non-cash impairment loss of \$20,000,000 on Springfield Town Center which is included in “income from discontinued operations” on our consolidated statements of income.

On August 6, 2015, we sold our 50% interest in the Monmouth Mall in Eatontown, NJ to our joint venture partner for \$38,000,000, valuing the property at approximately \$229,000,000, which resulted in a net gain of \$33,153,000.

We also sold five residual retail properties, in separate transactions, for an aggregate of \$10,731,000, which resulted in net gains of \$3,675,000.

2014 Activity:

New York

On December 18, 2014, we completed the sale of 1740 Broadway, a 601,000 square foot office building in Manhattan for \$605,000,000. The sale resulted in net proceeds of approximately \$580,000,000, after closing costs, and resulted in a financial statement gain of approximately \$441,000,000. The tax gain of approximately \$484,000,000, was deferred in like-kind exchanges, primarily for the acquisition of the St. Regis Fifth Avenue retail.

Discontinued Operations

On February 24, 2014, we completed the sale of Broadway Mall in Hicksville, Long Island, New York, for \$94,000,000. The sale resulted in net proceeds of \$92,174,000 after closing costs.

On March 2, 2014, we entered into an agreement to transfer upon completion, the redeveloped Springfield Town Center, a 1,350,000 square foot mall located in Springfield, Fairfax County, Virginia, to PREIT in exchange for \$485,313,000; comprised of \$340,000,000 of cash and 6,250,000 of PREIT operating partnership units (valued at \$145,313,000 or \$23.25 per PREIT unit). In connection therewith, we recorded a non-cash impairment loss of \$20,000,000, which is included in “income from discontinued operations” on our consolidated statements of income.

Discontinued Operations – continued

On July 8, 2014, we completed the sale of Beverly Connection, a 335,000 square foot power shopping center in Los Angeles, California, for \$260,000,000, of which \$239,000,000 was cash and \$21,000,000 was 10-year mezzanine seller financing. The sale resulted in a net gain of \$44,155,000.

We also sold six of the 22 strip shopping centers which did not fit UE's strategy (see Note 1 – *Organization and Business*), in separate transactions, for an aggregate of \$66,410,000 in cash, which resulted in a net gain aggregating \$22,500,000.

2013 Activity:

New York

On December 17, 2013, we sold 866 United Nations Plaza, a 360,000 square foot office building in Manhattan for \$200,000,000. The sale resulted in net proceeds of \$146,439,000 after repaying the existing loan and closing costs, and a net gain of \$127,512,000.

Discontinued Operations

On January 24, 2013, we sold the Green Acres Mall located in Valley Stream, New York, for \$500,000,000. The sale resulted in net proceeds of \$185,000,000 after repaying the existing loan and closing costs, and a net gain of \$202,275,000.

On April 15, 2013, we sold The Plant, a power strip shopping center in San Jose, California, for \$203,000,000. The sale resulted in net proceeds of \$98,000,000 after repaying the existing loan and closing costs, and a net gain of \$32,169,000.

On April 15, 2013, we sold a retail property in Philadelphia, which is a part of the Gallery at Market Street, for \$60,000,000. The sale resulted in net proceeds of \$58,000,000, and a net gain of \$33,058,000.

On September 23, 2013, we sold a retail property in Tampa, Florida for \$45,000,000, of which our 75% share was \$33,750,000. Our share of the net proceeds after repaying the existing loan and closing costs were \$20,810,000, and our share of the net gain was \$8,728,000.

We also sold 12 other properties, in separate transactions, for an aggregate of \$82,300,000, in cash, which resulted in a net gain aggregating \$7,851,000.

9. Debt

Secured Debt

On April 1, 2015, we completed a \$308,000,000 refinancing of RiverHouse Apartments, a three building, 1,670 unit rental complex located in Arlington, VA. The loan is interest only at LIBOR plus 1.28% (1.52% at December 31, 2015) and matures in 2025. We realized net proceeds of approximately \$43,000,000. The property was previously encumbered by a 5.43%, \$195,000,000 mortgage maturing in April 2015 and a \$64,000,000 mortgage at LIBOR plus 1.53% maturing in 2018.

On June 2, 2015, we completed a \$205,000,000 financing in connection with the acquisition of 150 West 34th Street (see Note 4 – *Acquisitions*). The loan bears interest at LIBOR plus 2.25% (2.52% at December 31, 2015) and matures in 2018 with two one-year extension options.

On July 28, 2015, we completed a \$580,000,000 refinancing of 100 West 33rd Street, a 1.1 million square foot property comprised of 855,000 square feet of office space and the 256,000 square foot Manhattan Mall. The loan is interest only at LIBOR plus 1.65% (1.92% at December 31, 2015) and matures in July 2020. We realized net proceeds of approximately \$242,000,000.

On September 22, 2015, we upsized the loan on our 220 Central Park South development by \$350,000,000 to \$950,000,000. The interest rate on the loan is LIBOR plus 2.00% (2.42% at December 31, 2015) and the final maturity date is 2020. In connection with the upsizing, the standby commitment for a \$500,000,000 mezzanine loan for this development has been terminated by payment of a \$15,000,000 contractual termination fee, which was capitalized as a component of “development costs and construction in progress” on our consolidated balance sheet as of December 31, 2015.

On December 11, 2015, we completed a \$375,000,000 refinancing of 888 Seventh Avenue, a 882,000 square foot Manhattan office building. The five-year loan is interest only at LIBOR plus 1.60% (1.92% at December 31, 2015) which was swapped for the term of the loan to a fixed rate of 3.15% and matures in December 2020. We realized net proceeds of approximately \$49,000,000.

On December 21, 2015, we completed a \$450,000,000 financing of the retail condominium of the St. Regis Hotel and the adjacent retail town house located on Fifth Avenue at 55th Street. The loan matures in December 2020, with two one-year extension options. The loan is interest only at LIBOR plus 1.80% (2.19% at December 31, 2015) for the first three years, LIBOR plus 1.90% for years four and five, and LIBOR plus 2.00% during the extension periods. We own a 74.3% controlling interest in the joint venture which owns the property.

Senior Unsecured Notes

On January 1, 2015, we redeemed all of the \$500,000,000 principal amount of our outstanding 4.25% senior unsecured notes, which were scheduled to mature on April 1, 2015, at a redemption price of 100% of the principal amount plus accrued interest through December 31, 2014.

Unsecured Term Loan

On October 30, 2015, we entered into an unsecured delayed-draw term loan facility in the maximum amount of \$750,000,000. The facility matures in October 2018 with two one-year extension options. The interest rate is LIBOR plus 1.15% (1.40% at December 31, 2015) with a fee of 0.20% per annum on the unused portion. At closing, we drew \$187,500,000. The facility provides that the maximum amount available is twice the amount outstanding on April 29, 2016, limited to \$750,000,000, and all draws must be made by October 2017. This facility, together with the \$950,000,000 development loan mentioned above, provides the funding for our 220 Central Park South development.

10. Redeemable Noncontrolling Interests

Redeemable noncontrolling interests on our consolidated balance sheets are primarily comprised of Class A Operating Partnership units held by third parties and are recorded at the greater of their carrying amount or redemption value at the end of each reporting period. Changes in the value from period to period are charged to “additional capital” in our consolidated statements of changes in equity. Class A units may be tendered for redemption to the Operating Partnership for cash; we, at our option, may assume that obligation and pay the holder either cash or Vornado common shares on a one-for-one basis. Because the number of Vornado common shares outstanding at all times equals the number of Class A units owned by Vornado, the redemption value of each Class A unit is equivalent to the market value of one Vornado common share, and the quarterly distribution to a Class A unitholder is equal to the quarterly dividend paid to a Vornado common shareholder.

Below are the details of redeemable noncontrolling interests as of December 31, 2015 and 2014.

Unit Series	Balance as of December 31,		Units Outstanding at December 31,		Per Unit Liquidation Preference	Preferred or Annual Distribution Rate
	2015	2014	2015	2014

3.25% D-17 Cumulative Redeemable	\$ 4,428	\$ -	177,100	-	\$ 25.00	\$ 0.8125

(1) Holders may tender units for redemption to the Operating Partnership for cash at their stated redemption amount; we, at our option, may assume that obligation and pay the holders either cash or Vornado preferred shares on a one-for-one basis. These units are redeemable at our option at any time.

Below is a table summarizing the activity of redeemable noncontrolling interests.

Redeemable noncontrolling interests exclude our Series G-1 through G-4 convertible preferred units and Series D-13 cumulative redeemable preferred units, as they are accounted for as liabilities in accordance with ASC 480, *Distinguishing Liabilities and Equity*, because of their possible settlement by issuing a variable number of Vornado common shares. Accordingly, the fair value of these units is included as a component of “other liabilities” on our consolidated balance sheets and aggregated \$50,561,000 and \$55,097,000 as of December 31, 2015 and 2014, respectively. Changes in the value from period to period, if any, are charged to “interest and debt expense” on our consolidated statements of income.

12. Variable Interest Entities ("VIEs")

Unconsolidated VIEs

As of December 31, 2015 and 2014, we have six and three unconsolidated VIEs, respectively. We do not consolidate these entities because we are not the primary beneficiary and the nature of our involvement in the activities of these entities does not give us power over decisions that significantly affect these entities' economic performance. We account for our investment in these entities under the equity method (see Note 6 – *Investments in Partially Owned Entities*). As of December 31, 2015 and 2014, the net carrying amount of our investments in these entities was \$379,939,000 and \$286,783,000, respectively, and our maximum exposure to loss in these entities, is limited to our investments. We did not have any consolidated VIEs as of December 31, 2015 and 2014.

13. Fair Value Measurements

ASC 820 defines fair value and establishes a framework for measuring fair value. The objective of fair value is to determine the price that would be received upon the sale of an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (the exit price). ASC 820 establishes a fair value hierarchy that prioritizes observable and unobservable inputs used to measure fair value into three levels: Level 1 – quoted prices (unadjusted) in active markets that are accessible at the measurement date for assets or liabilities; Level 2 – observable prices that are based on inputs not quoted in active markets, but corroborated by market data; and Level 3 – unobservable inputs that are used when little or no market data is available. The fair value hierarchy gives the highest priority to Level 1 inputs and the lowest priority to Level 3 inputs. In determining fair value, we utilize valuation techniques that maximize the use of observable inputs and minimize the use of unobservable inputs to the extent possible, as well as consider counterparty credit risk in our assessment of fair value. Considerable judgment is necessary to interpret Level 2 and 3 inputs in determining the fair value of our financial and non-financial assets and liabilities. Accordingly, our fair value estimates, which are made at the end of each reporting period, may be different than the amounts that may ultimately be realized upon sale or disposition of these assets.

Financial Assets and Liabilities Measured at Fair Value on a Recurring Basis

Financial assets and liabilities that are measured at fair value on our consolidated balance sheets consist of (i) marketable securities, (ii) real estate fund investments, (iii) the assets in our deferred compensation plan (for which there is a corresponding liability on our consolidated balance sheet), (iv) mandatorily redeemable instruments (Series G-1 through G-4 convertible preferred units and Series D-13 cumulative redeemable preferred units), and (v) interest rate swaps. The tables below aggregate the fair values of these financial assets and liabilities by their levels in the fair value hierarchy at December 31, 2015 and 2014, respectively.

Real Estate Fund Investments

At December 31, 2015, we had six real estate fund investments with an aggregate fair value of \$574,761,000, or \$208,614,000 in excess of cost. These investments are classified as Level 3. We use a discounted cash flow valuation technique to estimate the fair value of each of these investments, which is updated quarterly by personnel responsible for the management of each investment and reviewed by senior management at each reporting period. The discounted cash flow valuation technique requires us to estimate cash flows for each investment over the anticipated holding period, which currently ranges from 1.0 to 5.0 years. Cash flows are derived from property rental revenue (base rents plus reimbursements) less operating expenses, real estate taxes and capital and other costs, plus projected sales proceeds in the year of exit. Property rental revenue is based on leases currently in place and our estimates for future leasing activity, which are based on current market rents for similar space plus a projected growth factor. Similarly, estimated operating expenses and real estate taxes are based on amounts incurred in the current period plus a projected growth factor for future periods. Anticipated sales proceeds at the end of an investment's expected holding period are determined based on the net cash flow of the investment in the year of exit, divided by a terminal capitalization rate, less estimated selling costs.

The fair value of each property is calculated by discounting the future cash flows (including the projected sales proceeds), using an appropriate discount rate and then reduced by the property's outstanding debt, if any, to determine the fair value of the equity in each investment. Significant unobservable quantitative inputs used in determining the fair value of each investment include capitalization rates and discount rates. These rates are based on the location, type and nature of each property, and current and anticipated market conditions, industry publications and from the experience of our Acquisitions and Capital Markets departments. Significant unobservable quantitative inputs in the table below were utilized in determining the fair value of these real estate fund investments at December 31, 2015.

Unobservable Quantitative Input	Range	Weighted Average (based on fair value of investments)
Discount rates	12.0% to 14.9%	13.6%
Terminal capitalization rates	4.8% to 6.1%	5.5%

The above inputs are subject to change based on changes in economic and market conditions and/or changes in use or timing of exit. Changes in discount rates and terminal capitalization rates result in increases or decreases in the fair values of these investments. The discount rates encompass, among other things, uncertainties in the valuation models with respect to terminal capitalization rates and the amount and timing of cash flows. Therefore, a change in the fair value of these investments resulting from a change in the terminal capitalization rate, may be partially offset by a change in the discount rate. It is not possible for us to predict the effect of future economic or market conditions on our estimated fair values.

The table below summarizes the changes in the fair value of real estate fund investments that are classified as Level 3, for the years ended December 31, 2015 and 2014.

Deferred Compensation Plan Assets

Deferred compensation plan assets that are classified as Level 3 consist of investments in limited partnerships and investment funds, which are managed by third parties. We receive quarterly financial reports from a third-party administrator, which are compiled from the quarterly reports provided to them from each limited partnership and investment fund. The quarterly reports provide net asset values on a fair value basis which are audited by independent public accounting firms on an annual basis. The third-party administrator does not adjust these values in determining our share of the net assets and we do not adjust these values when reported in our consolidated financial statements.

The table below summarizes the changes in the fair value of deferred compensation plan assets that are classified as Level 3, for the years ended December 31, 2015 and 2014.

Fair Value Measurements on a Nonrecurring Basis

Assets measured at fair value on a nonrecurring basis on our consolidated balance sheets consist primarily of real estate assets required to be measured for impairment at December 31, 2014. There are no assets measured at fair value on a nonrecurring basis at December 31, 2015. The fair values of real estate assets required to be measured for impairment were determined using widely accepted valuation techniques, including (i) discounted cash flow analysis, which considers, among other things, leasing assumptions, growth rates, discount rates and terminal capitalization rates, (ii) income capitalization approach, which considers prevailing market capitalization rates, and (iii) comparable sales activity.

Financial Assets and Liabilities not Measured at Fair Value

Financial assets and liabilities that are not measured at fair value on our consolidated balance sheets include cash equivalents (primarily money market funds, which invest in obligations of the United States government), mezzanine loan receivable and our secured and unsecured debt. Estimates of the fair value of these instruments are determined by the standard practice of modeling the contractual cash flows required under the instrument and discounting them back to their present value at the appropriate current risk adjusted interest rate, which is provided by a third-party specialist. For floating rate debt, we use forward rates derived from observable market yield curves to project the expected cash flows we would be required to make under the instrument. The fair value of cash equivalents and borrowings under our unsecured revolving credit facilities and unsecured term loan are classified as Level 1, and the fair value of our mezzanine loan receivable as of December 31, 2014 is classified as Level 3. There are no mezzanine loans outstanding as of December 31, 2015. The fair value of our secured and unsecured debt is classified as Level 2. The table below summarizes the carrying amounts and fair value of these financial instruments as of December 31, 2015 and 2014.

14. Stock-based Compensation

Our Omnibus Share Plan (the “Plan”), which was approved in May 2010, provides the Compensation Committee of the Board (the “Committee”) the ability to grant incentive and non-qualified stock options, restricted stock, restricted Operating Partnership units and out-performance plan awards to certain of our employees and officers. Under the Plan, awards may be granted up to a maximum of 6,000,000 shares, if all awards granted are Full Value Awards, as defined, and up to 12,000,000 shares, if all of the awards granted are Not Full Value Awards, as defined, plus shares in respect of awards forfeited after May 2010 that were issued pursuant to our 2002 Omnibus Share Plan. Full Value Awards are awards of securities, such as restricted shares, that, if all vesting requirements are met, do not require the payment of an exercise price or strike price to acquire the securities. Not Full Value Awards are awards of securities, such as options, that do require the payment of an exercise price or strike price. This means, for example, if the Committee were to award only restricted shares, it could award up to 6,000,000 restricted shares. On the other hand, if the Committee were to award only stock options, it could award options to purchase up to 12,000,000 shares (at the applicable exercise price). The Committee may also issue any combination of awards under the Plan, with reductions in availability of future awards made in accordance with the above limitations. As of December 31, 2015, we have approximately 3,570,000 shares available for future grants under the Plan, if all awards granted are Full Value Awards, as defined.

In the years ended December 31, 2015, 2014 and 2013, we recognized an aggregate of \$39,846,000, \$36,641,000 and \$34,914,000, respectively, of stock-based compensation expense, which is included as a component of “general and administrative” expenses on our consolidated statements of income. The year ended December 31, 2015 includes \$7,834,000 from the acceleration of the recognition of compensation expense related to 2013-2015 Out-Performance Plans due to the modification of the vesting criteria of awards such that they will fully vest at age 65. The accelerated expense will result in lower general and administrative expense for 2016 of \$3,679,000 and \$4,155,000 thereafter. The details of the various components of our stock-based compensation are discussed below.

Out-Performance Plans (“the OPPs”)

OPPs are multi-year, performance-based equity compensation plans under which participants, including our Chairman and Chief Executive Officer, have the opportunity to earn a class of units (“OPP units”) of the Operating Partnership if, and only if, we outperform a predetermined total shareholder return (“TSR”) and/or outperform the market with respect to a relative TSR in any year during the requisite performance periods as described below. OPP units, if earned, become convertible into Class A common units of the Operating Partnership (and ultimately into shares) following vesting.

Awards under the 2012 and 2013 OPP have been earned. Awards under the 2014 and 2015 OPP may be earned if we (i) achieve a TSR level greater than 7% per annum, or 21% over the three-year performance measurement periods (the “Absolute Component”), and/or (ii) achieve a TSR above that of the Index over the three-year performance measurement periods (the “Relative Component”). To the extent awards would be earned under the Absolute Component of each of the OPPs, but we underperform the Index, such awards would be reduced (and potentially fully negated) based on the degree to which we underperform the Index. In certain circumstances, in the event we outperform the Index but awards would not otherwise be fully earned under the Absolute Component, awards may still be earned or increased under the Relative Component. To the extent awards would otherwise be earned under the Relative Component but we fail to achieve at least a 6% per annum absolute TSR, such awards earned under the Relative Component would be reduced based on our absolute TSR, with no awards being earned in the event our TSR during the applicable measurement period is 0% or negative, irrespective of the degree to which we may outperform the Index. Dividends on awards issued accrue during the performance period.

If the designated performance objectives are achieved, OPP units are subject to time-based vesting requirements. Awards earned under the OPPs vest 33% in year three, 33% in year four and 34% in year five. Our executive officers (for the purposes of Section 16 of the Exchange Act) are required to hold earned 2013, 2014 and 2015 OPP awards for one year following vesting.

Below is the summary of the OPP units earned through December 31, 2015 and the aggregate grant date notional and fair values.

<u>Plan Year</u>	<u>Notional Amount</u>	<u>Grant-Date Fair Value⁽¹⁾</u>	<u>OPP Units Earned</u>
2015	\$ 40,000,000	\$ 9,120,000	To be determined in 2017
2014	50,000,000	8,202,000	To be determined in 2016
2013	40,000,000	6,814,000	85,420
2012	40,000,000	12,250,000	303,202

(1) Such amounts are being amortized into expense over a five-year period from the date of grant, using a graded vesting attribution model. In the years ended December 31, 2015, 2014 and 2013, we recognized \$15,531,000, \$6,185,000 and \$3,226,000, respectively, of compensation expense related to OPPs. As of December 31, 2015, there was \$5,087,000 of total unrecognized compensation cost related to the OPPs, which will be recognized over a weighted-average period of 1.7 years.

Stock Options

Stock options are granted at an exercise price equal to the average of the high and low market price of our common shares on the NYSE on the date of grant, generally vest over four years and expire 10 years from the date of grant. Compensation expense related to stock option awards is recognized on a straight-line basis over the vesting period. In the years ended December 31, 2015, 2014 and 2013, we recognized \$1,298,000, \$4,550,000 and \$8,234,000, respectively, of compensation expense related to stock options that vested during each year. As of December 31, 2015, there was \$1,325,000 of total unrecognized compensation cost related to unvested stock options, which is expected to be recognized over a weighted-average period of 1.7 years.

Restricted Stock

Restricted stock awards are granted at the average of the high and low market price of our common shares on the NYSE on the date of grant and generally vest over four years. Compensation expense related to restricted stock awards is recognized on a straight-line basis over the vesting period. In the years ended December 31, 2015, 2014 and 2013, we recognized \$837,000, \$1,303,000 and \$1,344,000, respectively, of compensation expense related to restricted stock awards that vested during each year. As of December 31, 2015, there was \$1,315,000 of total unrecognized compensation cost related to unvested restricted stock, which is expected to be recognized over a weighted-average period of 1.7 years. Dividends paid on unvested restricted stock are charged directly to retained earnings and amounted to \$58,000, \$88,000 and \$110,000 for the years ended December 31, 2015, 2014 and 2013, respectively.

Restricted stock awards granted in 2015, 2014 and 2013 had a fair value of \$906,000, \$1,048,000 and \$857,000, respectively. The fair value of restricted stock that vested during the years ended December 31, 2015, 2014 and 2013 was \$882,000, \$1,174,000 and \$1,194,000, respectively.

Restricted Operating Partnership Units ("OP Units")

OP Units are granted at the average of the high and low market price of our common shares on the NYSE on the date of grant, vest ratably over four years and are subject to a taxable book-up event, as defined. Compensation expense related to OP Units is recognized ratably over the vesting period using a graded vesting attribution model. In the years ended December 31, 2015, 2014 and 2013, we recognized \$22,180,000, \$24,603,000 and \$22,110,000, respectively, of compensation expense related to OP Units that vested during each year. As of December 31, 2015, there was \$18,625,000 of total unrecognized compensation cost related to unvested OP Units, which is expected to be recognized over a weighted-average period of 1.6 years. Distributions paid on unvested OP Units are charged to "net income attributable to noncontrolling interests in the Operating Partnership" on our consolidated statements of income and amounted to \$2,414,000, \$2,866,000 and \$2,598,000 in the years ended December 31, 2015, 2014 and 2013, respectively.

Below is a summary of restricted OP unit activity under the Plan for the year ended December 31, 2015.

Unvested Units	Units	Weighted-Average Grant-Date Fair Value

19. Leases

As lessor:

We lease space to tenants under operating leases. Most of the leases provide for the payment of fixed base rentals payable monthly in advance. Office building leases generally require the tenants to reimburse us for operating costs and real estate taxes above their base year costs. Shopping center leases provide for pass-through to tenants the tenant's share of real estate taxes, insurance and maintenance. Shopping center leases also provide for the payment by the lessee of additional rent based on a percentage of the tenants' sales. As of December 31, 2015, future base rental revenue under non-cancelable operating leases, excluding rents for leases with an original term of less than one year and rents resulting from the exercise of renewal options, are as follows:

(Amounts in thousands)	
Year Ending December 31:	
2016	\$ 1,633,615
2017	1,686,056
2018	1,644,440
2019	1,496,805
2020	1,349,724
Thereafter	8,103,382

These amounts do not include percentage rentals based on tenants' sales. These percentage rents approximated \$5,760,000, \$6,343,000 and \$7,344,000, for the years ended December 31, 2015, 2014 and 2013, respectively.

None of our tenants accounted for more than 10% of total revenues in any of the years ended December 31, 2015, 2014 and 2013.

As lessee:

We are a tenant under operating leases for certain properties. These leases have terms that expire during the next thirty years. Future minimum lease payments under operating leases at December 31, 2015 are as follows:

(Amounts in thousands)	
Year Ending December 31:	
2016	\$ 33,265
2017	34,831
2018	35,317
2019	35,826
2020	36,353
Thereafter	1,557,541

Rent expense was \$38,887,000, \$36,315,000 and \$35,913,000 for the years ended December 31, 2015, 2014 and 2013, respectively.

19. Leases - continued

We are also a lessee under a capital lease under which we will redevelop the retail and signage components of the Marriott Marquis Times Square Hotel. The lease has put/call options, which if exercised would lead to our ownership. Capitalized leases are recorded at the present value of future minimum lease payments or the fair market value of the property. Capitalized leases are depreciated on a straight-line basis over the estimated life of the asset or life of the related lease. Depreciation expense on capital leases is included in “depreciation and amortization” on our consolidated statements of income. As of December 31, 2015, future minimum lease payments under this capital lease are as follows:

(Amounts in thousands)	
Year Ending December 31:	
2016	\$ 12,500
2017	12,500
2018	12,500
2019	12,500
2020	12,500
Thereafter	322,292
Total minimum obligations	384,792
Interest portion	(144,792)
Present value of net minimum payments	\$ 240,000

At December 31, 2015, the gross carrying amount of the property leased under the capital lease was \$424,369,000, which is a component of “buildings and improvements” on our consolidated balance sheet.

20. Multiemployer Benefit Plans

Our subsidiaries make contributions to certain multiemployer defined benefit plans (“Multiemployer Pension Plans”) and health plans (“Multiemployer Health Plans”) for our union represented employees, pursuant to the respective collective bargaining agreements.

Multiemployer Pension Plans

Multiemployer Pension Plans differ from single-employer pension plans in that (i) contributions to multiemployer plans may be used to provide benefits to employees of other participating employers and (ii) if other participating employers fail to make their contributions, each of our participating subsidiaries may be required to bear its then pro rata share of unfunded obligations. If a participating subsidiary withdraws from a plan in which it participates, it may be subject to a withdrawal liability. As of December 31, 2015, our subsidiaries’ participation in these plans was not significant to our consolidated financial statements.

In the years ended December 31, 2015, 2014 and 2013, our subsidiaries contributed \$10,878,000, \$11,431,000 and \$10,223,000, respectively, towards Multiemployer Pension Plans, which is included as a component of “operating” expenses on our consolidated statements of income. Our subsidiaries’ contributions did not represent more than 5% of total employer contributions in any of these plans for the years ended December 31, 2015, 2014 and 2013.

Multiemployer Health Plans

Multiemployer Health Plans in which our subsidiaries participate provide health benefits to eligible active and retired employees. In the years ended December 31, 2015, 2014 and 2013, our subsidiaries contributed \$29,269,000, \$29,073,000 and \$26,262,000, respectively, towards these plans, which is included as a component of “operating” expenses on our consolidated statements of income.

21. Commitments and Contingencies

Insurance

We maintain general liability insurance with limits of \$300,000,000 per occurrence and per property, and all risk property and rental value insurance with limits of \$2.0 billion per occurrence, with sub-limits for certain perils such as flood and earthquake. Our California properties have earthquake insurance with coverage of \$180,000,000 per occurrence and in the annual aggregate, subject to a deductible in the amount of 5% of the value of the affected property. We maintain coverage for terrorism acts with limits of \$4.0 billion per occurrence and in the aggregate, and \$2.0 billion per occurrence and in the aggregate for terrorism involving nuclear, biological, chemical and radiological (“NBCR”) terrorism events, as defined by Terrorism Risk Insurance Program Reauthorization Act of 2015, which expires in December 2020.

Penn Plaza Insurance Company, LLC (“PPIC”), our wholly owned consolidated subsidiary, acts as a re-insurer with respect to a portion of all risk property and rental value insurance and a portion of our earthquake insurance coverage, and as a direct insurer for coverage for acts of terrorism including NBCR acts. Coverage for acts of terrorism (excluding NBCR acts) is fully reinsured by third party insurance companies and the Federal government with no exposure to PPIC. For NBCR acts, PPIC is responsible for a deductible of \$3,200,000 (\$2,400,000 effective January 1, 2016) per occurrence and 15% of the balance of a covered loss (16% effective January 1, 2016) and the Federal government is responsible for the remaining 85% of a covered loss (84% effective January 1, 2016). We are ultimately responsible for any loss incurred by PPIC.

We continue to monitor the state of the insurance market and the scope and costs of coverage for acts of terrorism. However, we cannot anticipate what coverage will be available on commercially reasonable terms in the future.

Our debt instruments, consisting of mortgage loans secured by our properties which are non-recourse to us, senior unsecured notes and revolving credit agreements contain customary covenants requiring us to maintain insurance. Although we believe that we have adequate insurance coverage for purposes of these agreements, we may not be able to obtain an equivalent amount of coverage at reasonable costs in the future. Further, if lenders insist on greater coverage than we are able to obtain it could adversely affect our ability to finance our properties and expand our portfolio.

Other Commitments and Contingencies

We are from time to time involved in legal actions arising in the ordinary course of business. In our opinion, after consultation with legal counsel, the outcome of such matters is not expected to have a material adverse effect on our financial position, results of operations or cash flows.

Each of our properties has been subjected to varying degrees of environmental assessment at various times. The environmental assessments did not reveal any material environmental contamination. However, there can be no assurance that the identification of new areas of contamination, changes in the extent or known scope of contamination, the discovery of additional sites, or changes in cleanup requirements would not result in significant costs to us.

Our mortgage loans are non-recourse to us. However, in certain cases we have provided guarantees or master leased tenant space. These guarantees and master leases terminate either upon the satisfaction of specified circumstances or repayment of the underlying loans. As of December 31, 2015, the aggregate dollar amount of these guarantees and master leases is approximately \$427,000,000.

At December 31, 2015, \$38,096,000 of letters of credit were outstanding under one of our unsecured revolving credit facilities. Our unsecured revolving credit facilities contain financial covenants that require us to maintain minimum interest coverage and maximum debt to market capitalization ratios, and provide for higher interest rates in the event of a decline in our ratings below Baa3/BBB. Our unsecured revolving credit facilities also contain customary conditions precedent to borrowing, including representations and warranties, and also contain customary events of default that could give rise to accelerated repayment, including such items as failure to pay interest or principal.

As of December 31, 2015, we expect to fund additional capital to certain of our partially owned entities aggregating approximately \$70,000,000.

As of December 31, 2015, we have construction commitments aggregating \$873,800,000.

22. Related Party Transactions

Alexander's

We own 32.4% of Alexander's. Steven Roth, the Chairman of our Board and Chief Executive Officer is also the Chairman of the Board and Chief Executive Officer of Alexander's. We provide various services to Alexander's in accordance with management, development and leasing agreements. These agreements are described in Note 6 - *Investments in Partially Owned Entities*.

On January 15, 2015, we completed the spin-off of 79 strip shopping centers, three malls, a warehouse park and \$225,000,000 of cash to UE and the transfer of all of the employees responsible for the management and leasing of those assets. In addition, we entered into agreements with UE to provide management and leasing services, on our behalf, for Alexander's Rego Park retail assets. Fees for these services are similar to the fees we are receiving from Alexander's as described in Note 6 - *Investments in Partially Owned Entities*.

Interstate Properties ("Interstate")

Interstate is a general partnership in which Mr. Roth is the managing general partner. David Mandelbaum and Russell B. Wight, Jr., Trustees of Vornado and Directors of Alexander's, are Interstate's two other general partners. As of December 31, 2015, Interstate and its partners beneficially owned an aggregate of approximately 7.1% of the common shares of beneficial interest of Vornado and 26.3% of Alexander's common stock.

We manage and lease the real estate assets of Interstate pursuant to a management agreement for which we receive an annual fee equal to 4% of annual base rent and percentage rent. The management agreement has a term of one year and is automatically renewable unless terminated by either of the parties on 60 days' notice at the end of the term. We believe, based upon comparable fees charged by other real estate companies, that the management agreement terms are fair to us. We earned \$541,000, \$535,000, and \$606,000 of management fees under the agreement for the years ended December 31, 2015, 2014 and 2013.

June 30	574,411	76,642	0.41	0.41
March 31	562,381	62,349	0.33	0.33

- (1) Fluctuations among quarters resulted primarily from non-cash impairment losses, mark-to-market of derivative instruments, net gains on sale of real estate and from seasonality of business operations.
- (2) The total for the year may differ from the sum of the quarters as a result of weighting.

24. Segment Information

As a result of the spin-off of substantially all of our Retail Properties segment (see Note 7 – *Dispositions*), the remaining retail properties no longer meet the criteria to be a separate reportable segment. In addition, as a result of our investment in Toys being reduced to zero, we suspended equity method accounting for our investment in Toys (see Note 6 – *Investments in Partially Owned Entities*) and the Toys segment no longer meets the criteria to be a separate reportable segment. Accordingly, effective January 1, 2015, the Retail Properties segment and Toys have been reclassified to the Other segment. 24. Segment Information – continued

Notes to preceding tabular information:

- (1) EBITDA represents "Earnings Before Interest, Taxes, Depreciation and Amortization." We consider EBITDA a non-GAAP financial measure for making decisions and assessing the unlevered performance of our segments as it relates to the total return on assets as opposed to the levered return on equity. As properties are bought and sold based on a multiple of EBITDA, we utilize this measure to make investment decisions as well as to compare the performance of our assets to that of our peers. EBITDA should not be considered a substitute for net income. EBITDA may not be comparable to similarly titled measures employed by other companies.
- (2) Interest and debt expense, depreciation and amortization and income tax expense in the reconciliation of net income to EBITDA includes our share of these items from partially owned entities.

25. Subsequent Events

2016 Out-Performance Plan

On January 14, 2016, the Compensation Committee approved the 2016 Outperformance Plan, a multi-year, performance-based equity compensation plan and related form of award agreement (the “2016 OPP”). Awards under the 2016 OPP constitute awards under Vornado’s shareholder approved 2010 Omnibus Share Plan. Under the 2016 OPP, participants, including our Chairman and Chief Executive Officer, have the opportunity to earn compensation payable in the form of operating partnership units if, and only if, we outperform a predetermined total shareholder return (“TSR”) and/or outperform the market with respect to relative total TSR during a three-year performance period. Specifically, awards under our 2016 OPP may potentially be earned if we (i) achieve a TSR above that of the SNL US REIT Index (the “Index”) over a three-year performance period (the “Relative Component”) and/or (ii) achieve a TSR level greater than 7% per annum, or 21% over the three-year performance period (the “Absolute Component”). To the extent awards would be earned under the Absolute Component but we underperform the Index, such awards earned under the Absolute Component would be reduced (and potentially fully negated) based on the degree to which we underperform the Index. In certain circumstances, in the event we outperform the Index but awards would not otherwise be earned under the Absolute Component, awards may still be earned under the Relative Component. Moreover, to the extent awards would otherwise be earned under the Relative Component but we fail to achieve at least a 3% per annum absolute TSR, such awards earned under the Relative Component would be reduced based on our absolute TSR performance, with no awards being earned in the event our TSR during the applicable measurement period is 0% or negative, irrespective of the degree to which it may outperform the Index. If the designated performance objectives are achieved, OPP Units are also subject to time-based vesting requirements. Dividend payments on awards issued accrue during the performance period and are paid to participants if, and only if, awards are ultimately earned based on the achievement of the designated performance objectives. In addition, all of our executive officers (for the purposes of Section 16 of the Exchange Act) are required to hold any earned OPP Units for one year following vesting.

770 Broadway Refinancing

On February 8, 2016, we completed a \$700,000,000 refinancing of 770 Broadway, a 1,158,000 square foot Manhattan office building. The five-year loan is interest-only at LIBOR plus 1.75% (2.18% at February 11, 2016) which was swapped for four and a half years to a fixed rate of 2.56%. We realized net proceeds of approximately \$330,000,000. The property was previously encumbered by a 5.65%, \$353,000,000 mortgage maturing in March 2016.

ITEM 9. CHANGES IN AND DISAGREEMENTS WITH ACCOUNTANTS ON ACCOUNTING AND FINANCIAL DISCLOSURE

ITEM 9A. CONTROLS AND PROCEDURES

Disclosure Controls and Procedures: Our management, with the participation of our Chief Executive Officer and Chief Financial Officer, has evaluated the effectiveness of our disclosure controls and procedures (as such term is defined in Rule 13a-15 (e) under the Securities Exchange Act of 1934, as amended) as of the end of the period covered by this annual report on Form 10-K. Based on such evaluation, our Chief Executive Officer and Chief Financial Officer have concluded that, as of the end of such period, our disclosure controls and procedures are effective.

Internal Control Over Financial Reporting: There have not been any changes in our internal control over financial reporting (as defined in Rule 13a-15(f) under the Securities and Exchange Act of 1934, as amended) during the fourth quarter of the fiscal year to which this report relates that have materially affected, or are reasonably likely to materially affect, our internal control over financial reporting.

MANAGEMENT'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING

Management of Vornado Realty Trust, together with its consolidated subsidiaries (the "Company"), is responsible for establishing and maintaining adequate internal control over financial reporting. Our internal control over financial reporting is a process designed under the supervision of our principal executive and principal financial officers to provide reasonable assurance regarding the reliability of financial reporting and the preparation of our financial statements for external reporting purposes in accordance with accounting principles generally accepted in the United States of America.

As of December 31, 2015, management conducted an assessment of the effectiveness of our internal control over financial reporting based on the framework established in *Internal Control – Integrated Framework (2013)* issued by the Committee of Sponsoring Organizations of the Treadway Commission. Based on this assessment, management has determined that our internal control over financial reporting as of December 31, 2015 was effective.

Our internal control over financial reporting includes policies and procedures that pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect transactions and dispositions of assets; provide reasonable assurances that transactions are recorded as necessary to permit preparation of financial statements in accordance with accounting principles generally accepted in the United States, and that receipts and expenditures are being made only in accordance with authorizations of management and our trustees; and provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of our assets that could have a material effect on our financial statements.

The effectiveness of our internal control over financial reporting as of December 31, 2015 has been audited by Deloitte & Touche LLP, an independent registered public accounting firm, as stated in their report appearing on page 140, which expresses an unqualified opinion on the effectiveness of our internal control over financial reporting as of December 31, 2015.

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

Shareholders and Board of Trustees
Vornado Realty Trust
New York, New York

We have audited the internal control over financial reporting of Vornado Realty Trust, together with its consolidated subsidiaries (the “Company”) as of December 31, 2015, based on criteria established in *Internal Control—Integrated Framework (2013)* issued by the Committee of Sponsoring Organizations of the Treadway Commission. The Company’s management is responsible for maintaining effective internal control over financial reporting and for its assessment of the effectiveness of internal control over financial reporting, included in the accompanying *Management’s Report on Internal Control Over Financial Reporting*. Our responsibility is to express an opinion on the Company’s internal control over financial reporting based on our audit.

We conducted our audit in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether effective internal control over financial reporting was maintained in all material respects. Our audit included obtaining an understanding of internal control over financial reporting, assessing the risk that a material weakness exists, testing and evaluating the design and operating effectiveness of internal control based on the assessed risk, and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion.

A company’s internal control over financial reporting is a process designed by, or under the supervision of, the company’s principal executive and principal financial officers, or persons performing similar functions, and effected by the company’s board of trustees, management, and other personnel to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company’s internal control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and trustees of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company’s assets that could have a material effect on the financial statements.

Because of the inherent limitations of internal control over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may not be prevented or detected on a timely basis. Also, projections of any evaluation of the effectiveness of the internal control over financial reporting to future periods are subject to the risk that the controls may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

In our opinion, the Company maintained, in all material respects, effective internal control over financial reporting as of December 31, 2015, based on the criteria established in *Internal Control—Integrated Framework (2013)* issued by the Committee of Sponsoring Organizations of the Treadway Commission.

We have also audited, in accordance with the standards of the Public Company Accounting Oversight Board (United States), the consolidated financial statements and financial statement schedules as of and for the year ended December 31, 2015 of the Company and our report dated February 16, 2016 expressed an unqualified opinion on those financial statements and financial statement schedules and included an explanatory paragraph regarding the Company’s adoption of a new accounting standard.

(1) Initial cost is cost as of January 30, 1982 (the date on which we commenced real estate operations) unless acquired subsequent to that date see Column H.

(2) Represents the contractual debt obligations.

(3) The net basis of our assets and liabilities for tax reporting purposes is approximately \$3.4 billion lower than the amount reported for financial statement purposes.

(4) Date of original construction — many properties have had substantial renovation or additional construction — see Column D.

(5) Depreciation of the buildings and improvements are calculated over lives ranging from the life of the lease to forty years.
